

## Star of Space 2081

Chapter 2081 Very similar to the prince

Now is really not the time to care, they have to find Princess Niu first.

"You and Baiqing go find Princess Niu, I'll stay here." Sui Zimo said.

Hearing this, Lin Caisang nodded.

At this moment she finally came to her senses.

Since Yinluqing can arrange people to come to Prince Niu's palace, presumably their affairs will soon reach Yinluqing's ears, right?

So none of these people who might spread their news can be kept.

"Okay, be careful. Baiqing and I will go first. Baiqing, let's go."

After she said something, she took Yin Baiqing out.

...

In the side yard.

A nun hurriedly walked in and leaned over the plainly dressed woman.

"What's the matter?"

The woman stopped writing and looked up at her grandmother.

"Princess, the guards guarding the gate came to report that it was Xiao Liu who brought three strange men and women to the concubine Yuan's courtyard, but the one they were looking for by name was Grandma Guo in our courtyard."

Mammy reported to Princess Niu.

"oh?"

Princess Niu slightly raised the corners of her lips and looked at Mammy.

"Where's Aunt Guo?" she asked.

"Replying to the princess, Grandma Guo was not on duty today. She heard that a shu orchid was blooming on Beilin Mountain, so she went to Beilin Mountain to pick that shu orchid. Pay a visit," Grandma replied.

"And no one in the entire Prince Niu's mansion knows about this, and the palace guards also know about it."

"You go and watch."

Princess Niu thought for a moment and then ordered.

Concubine Yuan had a guest, which was nothing to worry about. However, the guards sent Aunt Guo's guests into Concubine Yuan's yard, which made her curious.

"Yes, Princess."

Grandma took the order and was about to go out.

Suddenly, she came back and looked at her princess carefully.

"Princess, this slave has something to say, I don't know whether to say it or not."

"What's the matter? Tell me." Princess Niu said.

She has always been suspicious of people she doesn't care about, but she doesn't care about people she employs. In her case, there is nothing she can't say to the people around her.

"The slave just took a look secretly. The three people who came to see Grandma Guo were a man and a woman, with a child about seven or eight years old. But the strange thing is that the slave always felt that the child had something between his eyebrows. There are some similarities between Jian and Wangye.

Do you think it is the prince who is outside..."

"Shut up!"

Upon hearing this, Princess Niu gave a sharp shout.

"My slave made a mistake, please punish me, Princess." Seeing that Princess was furious, Mammy immediately knelt on the ground.

"Get up."

Princess Niu took a deep breath and signaled her to get up.

As a princess, she knew very well what the prince's temper was like.

As for men, they are a little more carefree. It is normal to have a woman to support them outside.

But the prince is still cautious. He knows what kind of woman can give birth to an heir for him. Which of the women outside can have a bulging belly?

To put it bluntly, even if a woman's belly can really be destroyed, she doesn't need to take action, the prince will take care of it himself.

"You are also an old man next to me. Why are you still so ignorant of propriety? Don't you know what to say and what not to say?"

"The princess's anger is the slave's fault."

Grandma was so frightened that she broke into a cold sweat and lowered her head to admit her mistake.

"But, princess, that child is really very similar to the prince. If not... then I think there must be something fishy if Concubine Yuan's people brought him into her yard."

Chapter 2082 The ability of photographic memory

She was wondering whether Concubine Yuan knew that the princess's son had disappeared many years ago, so she wanted to make a fake one to fool the princess.

Concubine Yuan is cunning and cunning, and this is what she will do.

"Just send someone to keep an eye on it."

The princess didn't think about that, but explained to her mother calmly.

No matter what Concubine Yuan wanted to do, it was no longer attractive to her. What she wanted to do most now was to get her Baiqing back.

As long as she can find Baiqing, she is willing to do whatever she is asked to do.

"Yes, slave, go right away." Mammy responded and retreated.

"Why."

When the princess was alone, she sighed softly.

From an early age, she knew that if a woman wanted to rely on a man, she would never be able to rely on him.

Because a woman from a noble family like her has always been a victim used by her family to consolidate her status, and she has successfully become the one in her family who has been sacrificed in order to cling to Prince Niu.

She already knew this and took her status lightly.

But her child was different. He was involved in this whirlpool of power at such a young age and was taken advantage of until he disappeared.

She really wished she could take the place of her child and suffer that pain.

"Baqing, where are you? Tell my concubine, okay? No matter where you are, my concubine will save you." She opened her mouth and said quietly to the air.

But after she finished speaking, she smiled self-deprecatingly and shook her head.

It would be great if she could get news about the child in this way, but unfortunately, that was just her wishful thinking.

"Sister Sangsang, this is it."

Suddenly, a child's voice came from the yard, pulling the princess back from her thoughts that had drifted away.

"You kid, you have a really good memory. You can still remember things you saw so well when you were so young." Lin Caisang was held by Yin Baiqing's hand and said with a smile while walking into the yard.

The two of them were really satisfied. They almost regarded Prince Niu's Mansion as their own home, and they actually entered Princess Niu's residence so directly.

"Of course, Sister Sangsang, didn't I tell you, I have a photographic memory." Yin Baiqing raised her chin proudly and said.

Even when he was very young, this was the place where he played for several years. Could he not remember what this yard looked like?

"Tsk, if I give you three points of color, you'd dare to open a dyeing room for me, wouldn't you?"

Lin Caisang raised his free hand and tapped Yin Baiqing's head, his face full of seriousness.

"Didn't I teach you that you should know how to hide your clumsiness? Otherwise, if you are like this, if I send it back to you this time, you will be tricked into selling it out again next time!"

Yin Baiqing: "..."

When he was deceived, he was still young, really young.

But now, he has grown up, has cultivated his spirit, and has the ability to think for himself.

If someone is so big and can be deceived into selling it, then he really has to find a piece of tofu and run into it and kill him. How can he have any dignity in the world?

After all, he is also the eldest son of Prince Niu, right?

"Am I as useless as you say? Sister Sangsang."

He frowned, and after finishing speaking, he pursed his lips and looked at Lin Caisang.

Didn't he realize that his eighth uncle Yin Luqing was actually a person with evil intentions? What could he do?

Chapter 2083 Rescued

"Actually, I'm still very useful, okay? Didn't you think that person was my eighth uncle at the beginning? There's nothing wrong with me following him out to play. Sister Sangsang, tell me, if Uncle Baiyi wants to take you to play in the town, , will you not go?"

Besides, as for his eighth uncle, even his parents didn't find anything. He thought he was a good person, so what could he find at that time.

"You can't stop talking about the past. We live in the present, not in the shadow of the past."

Lin Caisang: "!"

This little guy, what he said made her speechless!

"You also know that it is a shadow. You must remember it in the future. Not only Yin Yuqing, but also everyone else except yourself, must be on guard against it."

she said.

"Yeah, yeah, I remember." Yin Baiqing nodded repeatedly.

Looking up, he glanced at the yard, then looked in one direction, pulled Lin Caisang and ran over.

"Sister Sangsang, this is here. This is my mother-in-law's study. She will practice calligraphy in the study when she has nothing to do, although the calligraphy... is not very good."

Lin Caisang: "..."

Boy, you don't want your mother and concubine to recognize you, do you think you dislike your own mother that much?

Princess Niu: "!!!"

She just walked out of the study and was about to check what was going on in the yard outside when she heard these words.

Even if her handwriting is really not that good, so what?

She didn't point to anyone to compliment her, nor did she order her servants to frame her writing for everyone in the palace to see. Is she so disgusted?

Then, none of these inner activities were as shocking as the words "mother and concubine" she heard from Yin Baiqing just now.

"You are....."

She couldn't believe that her son, who had been missing for many years, would be found by himself.

"Mother Concubine, Mother Concubine, I am Baiqing, have you forgotten me?" When Yin Baiqing saw Princess Niu, she immediately let go of Lin Caisang's hand, ran over, and grabbed her. Princess Niu's thighs were hugged.

Lin Caisang behind him: "..."

I couldn't help but close my eyes, and raised my hand to gently rub my brow.

He is so big and still hugging his thighs. Even if he is his own mother, this is something that only a three-year-old child can do, and how old he is.

"Hundred...Baiqing?"

Princess Niu pushed Yin Baiqing away, held his shoulders with trembling hands, and squatted down herself.

"Are you really Baiqing?"

"Yeah, uh-huh."

Yin Baiqing nodded repeatedly and responded.

"Concubine, it's me, I'm Baiqing, I'm back... uh, no, it was Sister Sang Sang and Brother Zimo who rescued me."

He couldn't forget that he didn't escape by himself. At that time, he didn't have the ability to escape, and he didn't know that his eighth uncle turned out to be a bad guy!

...

On this side, the scene of mother and son recognizing each other was staged in front of Lin Caisang.

On the other side, Sui Zimo directly killed several men in black who wanted to kill him with one blow.

"Ah."

Looking at the corpses on the ground, Sui Zimo sneered.

Wearing black clothes to appear in broad daylight didn't tell him directly that they were just here to kill him.

These people are really ridiculous. They don't even bother bringing tea and putting poison in it. How much do you underestimate them?

"stupid!"

After saying one word, he walked away.

Chapter 2084 A great favor must be repaid

...

After a long time, in Princess Niu's study.

Sui Zimo and Lin Caisang were both sitting, while Princess Niu directly held Yin Baiqing in her arms. Mother and son sat on the same stool.

"Two benefactors, I really want to thank you so much this time. If it weren't for you, my family Baiqing would have suffered a lot." She said with red eyes as she looked at Sui Zi and Mo.

She had already listened to Lin Caisang's explanation of how to find her son.

If she hadn't heard them talk about it, she would never have thought that the eighth prince Yin Luqing, who had a close relationship with her prince, was actually the one who abducted her son and hid Yin Baiqing in the wilderness.

Baiqing is his nephew, how could he do such a cruel thing?

Or is Yin Lüqing a vicious person to begin with?

I guess it's the latter.

So, Yinluqing's image of being indifferent to the world and uniting brothers is all fake?

This is simply a wolf in sheep's clothing, it's so scary.

"Princess Niu is too polite, actually..."

"Concubine, you don't have to be so polite to Sister Sangsang. She has saved many people, not just one or two." Before Lin Caisang could be modest, Yin Baiqing interrupted her. ɔm

"Besides, it was just a coincidence that Sister Sangsang and brother-in-law saved me. Let me tell you secretly, they also have a grudge against Ba...no, Yinluqing, and it's a big grudge, even bigger than mine."

He leaned into his mother-in-law's ear and said.

"oh?"

When Princess Niu heard her son's words, she looked up at Sui Zimo and Lin Caisang.

"Have you two been harmed by Yinluqing?" she asked.

Hearing this, Lin Caisang and Sui Zimo looked at each other, then continued to look at Princess Niu and nodded.

"Absolutely. This time I came to Ziyan Country for Yinluqing."

"Having said that, life-saving grace is a great kindness and must not be repaid." Seeing that Lin Caisang's words were vague, Princess Niu did not ask further, but smiled and brought the words back to her son.

"Concubine, there's nothing I like about Sister Sangsang. Besides, Sister Sangsang is a good person. How can I be so embarrassed to make Concubine spend money on her, right?" Yin Baiqing thought for a while and said.

"Of course, if the concubine is really feeling sorry for herself, it's easy to handle. Sister Sangsang likes to plant flowers and plants on weekdays. If you have any rare medicinal materials, just give her some. She likes to plant those kinds of flowers. Something that is not alive."

He knew that brother-in-law Zimo was poisoned, and it was his hateful eighth uncle Yin Lvqing who poisoned him.

And it has not been detoxified yet, which shows that the poison is very weird. Therefore, Sister Sangsang must be in great need of medicinal materials, right?

Prince Niu didn't know if there were any good medicinal materials in the palace. If not, he would have to think of a way to go to the palace a few times. Anyway, according to his memory, Grandpa Huang loved him very much.

As long as it was something he wanted, even if it was the stars in the sky, Grandpa Huang would find a way to get it for him.

Princess Niu: "!"

This son has been outside for several years and has learned to turn his elbows outward.

Rare medicinal materials are hard to come by. If there is one in the palace, that is a blessing. How about giving some as a gift?

However, Lin Caisang and Sui Zimo rescued her son, and this kindness must be repaid. There are few rare medicinal materials in the palace, but it does not mean that her mother's family does not have them.

Chapter 2085 Nothing could be more stingy than this

Since they were able to marry her to Prince Niu for the sake of their own family, what if they sacrifice a little more today so that her son, the eldest son of Prince Niu's house, can have a more stable position in Prince Niu's house?

"Baiqing, tomorrow you and your mother-in-law will go to see your grandfather. When you get there, your grandfather will give you whatever you want.

She lowered her head and said to her son.

Hearing this, Yin Baiqing's eyes lit up.

"real?"

But the next moment, his eyes dimmed again.

"Concubine, I remember that my grandfather was the most stingy. Can he give something to Baiqing?"

He still remembered his grandfather. He used to come to Prince Niu's Mansion every once in a while to catch the autumn breeze with his mother and concubine, which made her mother and concubine have a hard time in front of the emperor's grandfather.

For such a person, what kind of treasure can you give him? Just don't take anything away from him later.

"Baiqing, watch your words."

Listening to Yin Baiqing's rude words, Lin Caisang couldn't help but shut up, raised his hand and rubbed his eyebrows, reminding him.

Sometimes she couldn't help but wonder, how many of Jiang Zuo's bad habits has this child learned? Why can he speak so straightly?

"ah?"

Yin Baiqing didn't seem to notice what she said. When she heard Lin Caisang's voice, she turned around and looked at her doubtfully.

After a while, he came to his senses. Then, he clapped his hands and turned to look at Princess Niu.

"Ah, by the way, concubine, we are coming all the way. Sister Sangsang hasn't eaten yet. Please ask someone to get us something to eat. Sister Sangsang should be hungry."

Princess Niu: "..."

This child is really no longer what he used to be, and I don't know whether he is good or bad.

But after all, it is her child, so she will naturally feel pain.

"Okay, Concubine Mother will order someone to make arrangements." She nodded in agreement.

With that said, he called grandma in and told her to prepare lunch.

"Princess Niu, you just said that you want to take Baiqing to his grandfather's place?"

After grandma left, Sui Zimo spoke.

"yes."

Princess Niu didn't think too much and nodded.

"It is a great joy for Bai Qing to come back. After entering the palace to meet his grandfather in the afternoon, it is natural to take him to meet his grandfather. The palace also has a banquet, which must be arranged. Go down."

Naturally, she couldn't be happier that her son could come back. She wanted to let everyone in the Zi Yan Kingdom know, so what?

But why did she feel something was wrong when she looked at Sui Zimo and Lin Caisang's faces?

"Is something wrong?" she asked.

"Princess Niu, can you think about why Yinluqing kidnapped Baiqing and took her to Huanglu to hide her?" Lin Caisang looked at Princess Niu and reminded her.

"this....."

Princess Niu was stunned by her question, but quickly answered her.

"It should be that Baiqing has been favored by his grandfather since he was born. Among the emperor's many sons, no one is as valued by the emperor as Baiqing, not even Baiqing's father.

The Eighth Prince must be afraid that in the future, the emperor will pass the throne to Bai Qing. "

In Qianhuan Continent, the throne is actually not very important, because this is a world where the strong is king.

But for the royal family, the throne is very important. Which prince doesn't want to get the position of the supreme king?

Chapter 2086 He has a secret

Yinluqing is naturally no exception.

However, in Qianhuan Continent, it was not uncommon for the throne to be passed on to the emperor's grandson. The emperor doted on her son so much that even she thought that her son would most likely become the next generation king of the Ziyang Kingdom.

In this case, it's not surprising that Yin Lüqing would harm her son for the throne, right?

"Even if that's the case, after Yinluqing deceived Baiqing, he just killed him, so why bother taking him to Huanglu to hide him?" Lin Caisang asked her back.

"this....."

At this time, Princess Niu was speechless.

Yes, if it was really what she thought, Yinluqing could just kill Baiqing, and no one would find out that it was him.

Why would he take people to the deserted land to hide them?

"So, he had another purpose for stealing Bai Qing?" She looked at Sui Zimo and his wife and gritted her teeth.

When she first heard that Sadness was taken away by Yinluqing, she was very angry. Their Niu Prince's Palace and the Eighth Prince's Palace had never had any conflicts.

Not counting her son being favored in front of the emperor, but so what, Baiqing is still young after all. Who knows if the emperor will still love him as much as he did when he was a child when he grows up?

But Yinluqing actually took her son away for such an illusory purpose. How could she not be angry?

But now, after hearing the words of Lin Caisang and Sui Zimo, the anger in her heart slowly turned into a trace of fear.

Why did Yin Lüqing insist on getting her Bai Qing away and hiding her in Huanglu? He couldn't have done this just because he didn't want to see Bai Qing gain the emperor's favor.

"But what other purpose could he have?"

Even though she knew that Yinluqing hid Yinbaiqing, it must have a purpose, but she still couldn't guess what purpose Yinluqing had.

"Apart from being favored by the emperor, there is nothing else." She shook her head and looked at the son in her arms.

"unless....."

Suddenly, as if she thought of something, her eyes lit up.

But soon, she rejected her idea, thinking it was impossible. Apart from the prince and her, not even the emperor knew that secret.

"Impossible, impossible." She shook her head.

"Princess Niu, what did you think of?"

Lin Caisang saw Princess Niu's expression, glanced sideways at Sui Zimo, and then asked her.

It seems that there really is some secret in Yin Baiqing, otherwise Princess Niu would not have such an expression.

"No....."

Hearing Lin Caisang's question, Princess Niu subconsciously wanted to shake her head.

But thinking that they had saved her son after all, and they were also familiar with her son, Baiqing also called her Lin Caisang like a sister. Without them, she would not be able to see her son.

"Yes, there is such a thing."

When the words came to her lips, she changed her words, glanced at her son, and then looked seriously at Sui Zimo and his wife.

"Concubine, I really have a secret in my body. Could it be that Yin Luqing came here just for this secret in me?" Yin Baiqing's eyes lit up when she heard what her concubine said, and she asked.

"You kid."

Seeing her son like this, Princess Niu sighed lightly.

"Do you think having secrets on your body is a good thing? In this Thousand Fantasy Continent, the most indispensable thing is people who carry secrets. But how many of their final endings are good?"

Chapter 2087 Unable to detect spiritual roots

If she had to choose, how could she let her son hide any secrets?

"This has to be said from the time when Bai Qing was born.

"Princess Niu, please speak." Lin Caisang looked at Princess Niu and said.

"I don't know what to say. In short, when I was giving birth to Bai Qing, the sky shone brightly and a purple rain fell. Bai Qing was born after the purple rain."

Princess Niu was filled with emotion as she recalled the past events.

The most ruthless emperor's family since ancient times. When she was pregnant with Baiqing, she was not the princess of Prince Niu's palace, but just a concubine.

At that time, both Prince Niu and the Emperor had promised her that as long as she gave birth to a boy, she would become the princess. Fortunately, she was able to live up to her expectations and actually gave birth to a boy.

Moreover, she was brilliant when she gave birth to this boy.

Purple is revered as the most noble color in the Zi Yan Kingdom, but when her son was giving birth, there was a purple rain.

Therefore, after Baiqing was born, the emperor loved his grandson especially, and even Prince Niu showed his face in the court.

"this one?"

Lin Caisang looked confused and couldn't accept it at all.

At this point, it is entirely possible for Yin Lüqing to directly kill Yin Baiqing after getting him out of the house, so why go to all the trouble and hide the person?

According to what she thought, he must be at least like her husband, with some special ability, right?

"Of course it's more than that.

Princess Niu shook her head and looked at her son again.

"Ever since Baiqing was born, he has been different from ordinary children. As long as you say anything in front of him once, he will be able to remember it and will never forget it.

And there is another point, even when sleeping, as long as someone is talking next to him, he can still remember it. "

"That means your memory is extraordinary." Lin Caisang concluded.

She knew what Princess Niu said, but she really didn't know that she could remember what others said while sleeping.

"what about others?"

she asked.

This alone is not an important factor in Yin Lvqing kidnapping Yin Baiqing. There must be other factors.

"Also... when Bai Qing just turned one year old, he accidentally picked up a bead and accidentally swallowed it. After that, his body was emitting purple light for three days. "

Princess Niu said.

"Also since then, Bai Qing, who had been tested to have spiritual power, found nothing when he tested his spiritual roots again."

This was what she was most worried about.

Originally, the emperor doted on her son, but if people knew that her son had become a useless person from then on and could not cultivate his spirit at all, would the emperor still dote on Baiqing?

"Can't you detect your spiritual roots?"

Lin Caisang glanced at Yin Baiqing in surprise.

"But he can obviously cultivate spiritual power."

Even if Yin Baiqing practices the secrets of cultivation that she obtained from the Jinzhu Pavilion, she still can't practice without her spiritual roots, okay?

But now Yin Baiqing can obviously be cultivated.

"So I am very grateful to you two. If it weren't for you, Bai Qing would not be able to practice at all."  
Princess Niu looked at Sui Zimo and Lin Caisang gratefully and said.

Lin Caisang: "..."

Is it her and Zimo's credit for co-authoring this?

Chapter 2088 Purple Qi Stone

"hehe.

She sneered and smiled lightly.

Anyway, Yin Baiqing was able to cultivate her spirit. It didn't matter who got the credit. She just wanted to know why Yin Lvqing hid Yin Baiqing.

"To be honest, after learning that Baiqing's spiritual root was dead, Baiqing's father really couldn't even eat." Princess Niu continued.

"He didn't want the emperor to know about this matter. Once he was favored, he would lose it only a year later. No one would be willing to put this matter on anyone. So, after thinking again and again, he decided to put this matter aside. Let's hide this thing first.

Those who knew that Baiqing swallowed a bead and could not practice were all silenced by him one after another. Now, only me and the prince are left. "

Hearing this, Lin Caisang glanced sideways at her husband.

It seems that this Prince Niu is not a kind person. He just learned a secret and he had to be killed?

Why don't you give them each a pill to make them forget all the things they should forget? This is also a way.

Probably, Prince Niu felt that giving medicine could not protect everyone.

But this heart is indeed cruel!

"etc."

Suddenly, she came back to her senses, and then she thought of the purple bead that Princess Niu was talking about.

"Princess Niu, you just said that when Baiqing was one year old, he swallowed a purple bead. This bead made his body emit purple light for three days?"

Why is this statement so familiar? She seems to have heard it somewhere.

"Yes what's the matter?"

Princess Niu nodded and looked at Lin Caisang.

Didn't she make it very clear just now? The purple beads are probably still in her son's body even now.

"That's it."

After a while, Lin Caisang finally thought of where he had heard of it.

"It's a purple gas stone." Sui Zimo said.

"Yes, it's the Purple Air Stone."

Hearing Sui Zimo's words, Lin Caisang nodded.

"No wonder Yinluqing wanted to hide Yinbaiqing. It turns out that she was attracted by the purple energy stone on his body."

"Purple gas stone, what is that?"

Princess Niu looked at Sui Zimo, then at Lin Caisang, and asked.

What is this purple gas stone? Is it the one her family Baiqing swallowed back then?

So, what Baiqing swallowed back then was not a bead, but just a stone? But what kind of stone is this?

"Mr. Sui, Mrs. Sui, you..."

"Princess Niu, the Purple Qi Stone is a gem that is specially designed to absorb the host's spiritual energy. It can continuously absorb the spiritual energy and preserve the spiritual energy in its own body. That's why Bai Qing cannot practice."

Lin Caisang explained to Princess Niu.

Just imagine, how can a person who has no spiritual energy and has been absorbed by the purple energy stone practice cultivation?

And Yin Baiqing swallowed the Purple Qi Stone, but she was lucky that she couldn't practice.

If it were a person with poor cultivation talent, he would have to stumble around every day and would not be able to live the life that a normal person could live. To describe it as being plagued by illness is not an exaggeration.

"Sister Sangsang, I can practice now." Yin Baiqing looked at Lin Caisang doubtfully and reminded.

He is obviously able to cultivate now, and he is practicing well. Is it because the Purple Qi Stone is no longer in his body?

"You can practice because you are by my side." Lin Caisang said to him in a deep voice.

Chapter 2089 Is that really possible?

There are golden beads on her body. Even if Yin Baiqing is still affected by the purple energy stone, it is impossible to absorb all the spiritual energy.

But now Yin Baiqing's cultivation speed has exceeded the speed of the purple gas stone absorbing spiritual energy. Of course he can practice.

"oh."

Yin Baiqing nodded, indicating that she understood.

He has been locked in the Golden Pearl Space before, and his cultivation comes with the Golden Pearl Space, so he can naturally cultivate.

"Sister Sangsang, does that mean that when I practice at home in the future, I will definitely be affected by the Purple Qi Stone and my practice will be very fast?" he asked.

"It's natural.

Lin Caisang curled her red lips and responded.

"If I'm not wrong, the Purple Qi Stone in your body was not obtained by chance, but someone deliberately placed the Purple Qi Stone next to you."

"Yinluqing?"

Yin Baiqing's eyes widened and she was extremely angry.

If there is such a person who desperately wants to plot against him, then there is no one except Yin Yuqing, right?

"How can a person be so bad? This Yin Yuqing really deserves to die. Killing him a thousand times is not enough to vent my anger!"

he said angrily.

Hearing this, Lin Caisang opened his mouth.

Naturally, she also wanted to say that she would never let Yin Lüqing go.

However, for Yin Baiqing, who is just a child, she still doesn't like saying murderous words.

She had just heard that Prince Niu had killed many people for one thing, and now that she heard Yin Baiqing's words, she was even more unhappy.

"Baiqing, fighting and killing are done by adults. You are still a child, so don't think about these things." She said.

"oh."

Yin Baiqing rolled her big eyes a few times and nodded.

Whatever Sister Sangsang says is what she says. Anyway, he knows what he should do and what he shouldn't do.

"Sister Sang Sang, so according to what you said, the purple gas stone in my body was given to me intentionally by Yin Lüqing, so that's why he took me away later and put me in the wilderness to raise?"

He got out of Princess Niu's arms, came to Lin Caisang's side, and asked.

"Um....."

Lin Caisang raised his voice and looked at him.

"This is a possibility, but it is also possible... your father leaked the information to Yinluqing and let him know about the purple gas stone, so he deceived you. It's also unknown."

However, after all the talk, there is only one conclusion, and that is that Yin Lüqing is so vicious that he only has himself in his heart and no one else.

"My father's side..."

Yin Baiqing turned around and looked at Princess Niu.

"Your father, it's really possible."

When Prince Niu was mentioned, Princess Niu's expression was not very good.

That man still regards Yin Lüqing as his best brother and will never betray his brother.

"He often drinks with Yinluqing. Maybe one day he gets drunk and tells the story about you. There's no telling."

As for Yin Lvqing, it seems that he is always a person who seizes opportunities in his hands. If he knows about this matter, he will secretly send someone to investigate, and they found the purple gas stone.

This may also be the reason why Yinluqing did not kidnap Baiqing from the beginning.

"Mrs. Sui, I thought that Baiqing's father must have leaked this matter, and this attracted Yinluqing, who had already had ulterior motives." She said to Lin Caisang.

Chapter 2090 It must not work!

That must be the case.

After hearing Princess Niu's words, Lin Caisang raised his eyebrows.

"Since the princess has said so, it must be fine. However, the relationship between the affectionate father and Yinluqing is really good." She sighed with emotion.

This couldn't be sadr.

Prince Niu regarded him as a brother, but Yin Luqing attacked Prince Niu's son directly and mercilessly.

She could only laugh at such brotherly love.

On the other hand, the relationship between Prince Niu and Princess Niu must not be that good. Otherwise, how could Princess Niu doubt her husband?

It can be seen that Prince Niu's behavior is not much better. He must be an indifferent master to Princess Niu, his real wife, on weekdays, right?

"Brotherhood?"

If someone had asked her this before, she would have responded with a smile.

But now, she could only sneer.

She finally understood where the brotherhood and father-son love in this royal family came from. It was all calculation and use!

I'm afraid that the prince of her family also has a plot against Yinluqing, right?

It's a pity that with her prince's brain, his son was almost killed by Yin Lüqing before he had time to figure out Yin Lüqing's plot. Is this considered retribution?

"Mrs. Sui is kidding. Where can brotherhood come from among this royal family?" She shook her head and said helplessly to Lin Caisang.

"Then now..."

"Where is the princess? Where is the princess?"

Princess Niu wanted to say something else, but was interrupted by the sound in the yard.

She frowned when she heard the familiar voice.

Yin Baiqing, who was standing next to Lin Caisang, also frowned and looked at his mother and concubine.

"Mother, if I haven't heard, is she that woman?"

Hearing this, Princess Niu gritted her teeth and did not reply.

"That woman?" Lin Caisang raised his eyebrows and looked at Yin Baiqing.

What kind of woman is that woman? This Yin Baiqing's memory is really good enough. It's enough that his own father, queen, mother and concubine can remember it, but others can also remember it so well?

"That's the concubine Yuan." Yin Baiqing reminded.

Weren't they invited to Concubine Yuan's yard by the guard guarding the gate?

Presumably, Concubine Yuan heard about the three of them entering the mansion and took people to check, but they only saw a few corpses.

So now I wanted to use the topic as an excuse to target his mother and concubine.

"It's her."

Only then did Lin Caisang understand who was coming.

No wonder she feels so arrogant when she hears the voice. It seems that Concubine Yuan is still a tough one.

I don't know if Princess Niu can beat Concubine Yuan to death with a sap, otherwise, she and Zimo will have to take action...

That must not work!

It would be better if as few people as possible knew about their arrival at Prince Niu's Mansion.

According to her wishes, it would be best if even Prince Niu didn't know that they were in Prince Niu's mansion. That way, Yinluqing wouldn't get any news.

"Concubine Yuan is here. You must have something to do with the princess?" She looked at Princess Niu and asked quietly.

"Make Mr. Sui and Mrs. Sui laugh."

Princess Niu's face was not very good, because she had already heard Concubine Yuan's cursing voice in the yard, which was very unpleasant.
