

Star of Space 2091

Chapter 2091 Still so skilled

She is also a face-saving person. On weekdays in Prince Niu's Mansion, Concubine Yuan can do whatever she likes, and there are no outsiders anyway.

But in this case, she has guests here. How can she allow a little bitch to be so presumptuous and not take her as Princess Niu seriously? Wouldn't it make people laugh if she said it?

"You two sit down for now while I go out and take a look."

"etc."

Seeing Princess Niu standing up and going to the yard to drive people away, Lin Caisang stopped her.

"Mrs. Sui, is there anything else?" Princess Niu turned her head and looked at Lin Caisang.

"Princess Niu, you now roughly know that Yin Lvqing set her sights on Baiqing because of the purple gas stone on his body. Lin Caisang glanced at Yin Baiqing, and then looked at Princess Niu.

"Then, if Yinluqing knew that Baiqing was back, he would definitely take action. Baiqing is still young after all, and it is impossible to guard against those conspiracies.

In my opinion, it's best for the princess not to let anyone know that Baiqing has returned home. "

"Don't let anyone know?"

Princess Niu glanced at her son doubtfully.

"Mrs. Ting Sui, do you want to hide this from the prince?" she asked.

Why does this sound like what she means? It was originally a great joy for Bai Qing to come back, but now, people can't even know about it?

"That's pretty much what it means. Lin Caisang nodded.

"Actually, if there was no Yinluqing in the Ziyang Kingdom, Baiqing could do whatever he wanted, but now, Yinluqing is still there, and as a prince, his power cannot be underestimated.

Of course, Princess Niu can rest assured that Yinluqing will disappear in Qianhuan Continent sooner or later. You should believe this. "

"Okay, I understand."

Princess Niu took a deep breath and nodded.

This year, Zimo and his wife came to Ziyang Kingdom. Apart from sending her son back, their main purpose should be to deal with Yinluqing, right?

Then she just waits and waits for Yin Lüqing to get the fate he deserves!

"A few people died at Concubine Yuan's side," Sui Zimo said.

Princess Niu: "..."

No wonder Concubine Yuan ran to her like crazy and yelled at her. It turned out that someone was dead?

But what does this have to do with her?

They were just a few lackeys. If they died, they would die. Why bother? They were just a few lackeys who wanted to deal with her son, so they deserved to die even more.

Taking another deep breath, she lifted her feet and walked into the yard.

"Tsk!"

Lin Caisang let out a light 'tsk' and raised his hand to cover his ears.

When Concubine Yuan saw that the princess had not been seen for a long time, she started scolding her in the yard. She scolded her so harshly, of course, she was so skillful.

It can be seen that I have done this kind of thing before.

...

In the yard, seeing that Princess Niu hadn't come to greet her yet, Concubine Yuan became furious and scolded her in the yard.

Even the people around her tried to persuade her several times, but they couldn't persuade her.

In the courtyard, there were many maids standing all over the courtyard.

"Concubine Yuan, you haven't seen the prince for a few days, have you healed your throat?" Princess Niu came over and asked Concubine Yuan, who had a fierce look on her face.

Everyone in Prince Niu's Mansion knew that Concubine Yuan did not have a good life in her natal family before entering Prince Niu's Mansion. Moreover, in order to please her husband when she got married, she learned a good voice and could sing a few songs. melodious.

After entering Prince Niu's Mansion, he loved to sing songs to charm the prince.

Chapter 2092 The prince gave you the courage?

As for Prince Niu, he has no other hobbies except listening to music, and he can listen to it all day long.

Just imagine, even if it is a machine, it will get hot and break after working for a whole day, right?

What's more, what about Concubine Yuan's throat?

Therefore, Concubine Yuan's throat was often hoarse, especially after meeting the prince, her throat was so sore that she couldn't even eat.

"You...what did you say?!"

When Concubine Yuan heard what Princess Niu said, she suddenly felt like a cat whose tail had been stepped on and had its fur blown, and all the hair on her body stood on end.

Isn't this an insinuation that she has fallen out of favor and is no longer noticed by the prince?

It is true that Prince Niu has not been in her courtyard for several days. Even when he went to the inner courtyard of the palace, he went to other women's courtyards. He could not even remember that she was a concubine.

However, if you lose, you don't lose. Even if she really falls out of favor, is she still better than Princess Niu?

Ever since her son was lost, how many times had the prince entered Princess Niu's courtyard, and how many times had he not come out after having a meal and never stayed overnight?

Compared to Princess Niu, she is many times better.

Thinking of this, she felt a little better and forced herself to put on a smile and look at Princess Niu.

"Princess, I am here today not to discuss the prince with you. Where is the man? Please hand him over," she said.

Those three people dared to blatantly kill people in her yard, so don't blame her for being rude. They killed people in the palace. Even if the matter was brought to the prince, she was not afraid of Princess Niu!

"who?"

Princess Niu looked at her calmly and asked.

"Concubine Yuan, even if the prince doesn't come to your court in a few days, you shouldn't be so anxious, right? Don't forget that you are the concubine of Prince Niu's palace, so you must always pay attention to your identity!"

"you....."

"Also, no matter what I say, I am also the princess of Prince Niu's palace. How can you allow a concubine like you to yell in front of me and dare to call yourself my concubine? Who gave you the courage?"

Princess Niu didn't give Concubine Yuan a chance to speak at all and continued.

"Could it be that the prince gave you the courage?"

"I....."

"Then I should go ask the prince and ask him if he agreed to give you a concubine so that you can be on an equal footing with me." Princess Niu continued.

Hearing this, Concubine Yuan took a deep breath and gritted her teeth secretly.

Even if she is favored by the prince, she is still just a concubine. If this matter really gets serious, she will definitely not get any benefits.

What's more, in the past few months, she could clearly feel that the prince's favor for her was no longer what it used to be.

"Princess, I'm just..."

She was about to admit her mistake in a low voice, but when she thought of the people who died in her yard, she paused.

Yes, what did she have to be afraid of? It was clear that those people were so bold that they killed them in her yard, and the princess was still here to protect them. Even if she was the princess, she had nothing to fear.

"Princess, don't talk about him here. Three people just killed someone in my yard..."

"What? Someone died in your yard? What happened?"

Before Concubine Yuan finished speaking, she heard Concubine Niu's surprised voice, which stung her so much that she almost spit out a mouthful of blood.

Why are you pretending to be surprised? She clearly hid the person. Are you pretending she doesn't know?

Chapter 2093 Bite her out too

"Stop pretending to be confused with me, the concubine. Those people clearly came to see Aunt Guo in your yard. You must have ordered them to deal with me. Don't you know that?"

She raised her hand, pointed at Princess Niu, and said angrily.

"The person who came to see Grandma Guo?"

Princess Niu blinked at Concubine Yuan, the corners of her slightly raised lips could not be suppressed, and she was about to laugh.

"What Concubine Yuan means is that someone came to see Aunt Guo in my courtyard, but Concubine Yuan's people took her to your courtyard?"

"Well."

Concubine Yuan choked at Concubine Niu's words, and her whole face turned red.

She lowered her head with some guilt, pursed her lips and remained silent, but soon she tried hard to suppress the guilt in her heart, and raised her head with a stern look on her face, looking at Princess Niu.

"It's the palace guards who brought her in by mistake. She has nothing to do with this concubine!"

she said.

"Ah."

Princess Niu chuckled when she heard that the understatement was wrong.

Was it really the wrong thing?

If Sui Zimo and his wife had not had any skills, they would have become the dead souls in Concubine Yuan's yard, right?

Now that they have escaped, they have not taken any advantage. Instead, they have brought their own people in. So, come and tell her that the guards brought the wrong people and want to take them back from her. ?

Is there anything so cheap in this world?

"Then I have to think about it. After Guo Yan returns, how can you explain to her.

She said quietly and said.

"An explanation? What explanation?"

Concubine Yuan was confused by Princess Niu for a moment.

What does she need to explain to a nanny? They clearly killed her people, but they still want her to give an explanation?

"Didn't Concubine Yuan just say that those people are here to see Grandma Guo." Princess Niu reminded her.

"However, they disappeared in Concubine Yuan's yard. Concubine Yuan couldn't find anyone, and she came to me in a panic to ask for someone. Shouldn't Concubine Yuan ask Mother Guo? Please tell me why the people in your yard disappeared? "

"I....."

After hearing this, Concubine Yuan almost bit her tongue off.

Where did Princess Niu learn this thief's ability to catch thieves? Apart from coming to Princess Niu, where else could those three people go?

Now, she has come to beg for help in person, but Princess Niu actually dares not to hand it over!

"Somebody come!"

Princess Niu ignored Concubine Yuan and called a nanny beside her.

"Princess, what are your orders?" Mammy responded.

"Go in person and bring over the palace guard who doesn't even know where I and Concubine Yuan live." Princess Niu ordered.

How could she forgive such a person who dared to bring her son into Concubine Yuan's yard?

Not to mention her Bai Qing, even if it was someone else, they shouldn't have gotten into Concubine Yuan's yard and planted someone in Prince Niu's Mansion so blatantly. If they didn't deal with it, would they really think that Prince Niu's Mansion was empty?

"Yes, Princess."

Grandma accepted the order and went to do things.

On the opposite side, Concubine Yuan's face turned green when she heard what Princess Niu's master and servant said.

If Princess Niu were to bring the palace guard here, wouldn't she be bitten out as well?

It was she who ordered people to guard the gate of the palace. Anyone who was suspicious could not be let in. Even if they really wanted to come in, they had to be brought to her courtyard first.

Chapter 2094 Nothing

If Princess Niu finds out now, she won't be able to eat and walk away.

"Princess, we are just three unimportant people, why make such a fuss about it?" She smiled stiffly and said to Princess Niu.

Hearing this, Princess Niu looked up at her and chuckled.

"How can it be said that it is a masterpiece? Concubine Lao Yuan personally came to my yard to ask for people. It shows that those few people are not unimportant people."

As she spoke, she looked at the maid in her yard.

"You also ask the people in the yard to look around, and be sure to help Concubine Yuan... Oh, no, help Grandma Guo to find her. If she can't find him..."

She rolled her eyes again and looked at Concubine Yuan maliciously.

"Then I can only make the decision for Grandma Guo, and I have to ask Concubine Yuan for someone. Concubine Yuan, don't you think so? Huh?"

"I....."

At this moment, Concubine Yuan was as if she had eaten a pound of yellow lotus and she wanted to die.

Why could she not think about it for a moment, so she came to Princess Niu's yard to ask for someone so openly?

Even if you wait until night, secretly send some people to find the person, and then capture the person, it would be good, but now...

It was a good thing. She was obviously responsible for it, but now that she came to the door, she had lost all control. What should I do?

"This... what does this have to do with my concubine? The palace guard brought her here. If you want to find the princess, just go to the palace guard." She supported herself and said to Princess Niu.

No, she had to go back quickly and send someone to kill that stupid palace guard, otherwise, she would have to be buried with him!

"Looking for the palace guard?"

Princess Niu looked at Concubine Yuan with a smile.

"Didn't Concubine Yuan come to see me just now? She asked me to hand over the person. It shows that Concubine Yuan attaches great importance to those people. They must be very important people in Grandma Guo's family.

Now they are missing in Concubine Yuan's yard, and people are dead in Concubine Yuan's yard.

This matter must be investigated clearly, otherwise, if the huge Niu Prince's Mansion hides a murderer without blinking an eye, wouldn't everyone be frightened? How can this be done?

According to my opinion, not only those people must be found, but also the person who killed the servants in Concubine Yuan's courtyard must be found.

I want to see how brave the murderer is to kill someone in Prince Niu's palace! "

"you....."

Concubine Yuan's mouth was trembling, and she couldn't say a word.

However, this is not over yet.

"Tsk, tsk."

Princess Niu made two soft 'tsk' sounds.

"I suddenly thought of something. Concubine Yuan, even if those people were brought to your courtyard by mistake, they wouldn't cause any deaths, right? Could it be that the servants in Concubine Yuan's courtyard turned out to be I want to put the people in Grandma Guo's family under house arrest.

Or do you want to kill the people directly and then use them to do something to Aunt Guo next to me? "

"No...nothing."

Concubine Yuan took a breath of air and immediately denied what Princess Niu said.

The meaning of Princess Niu's words was not that she wanted to pin the unfounded crime on her head.

Do you want to say that she wants to use Grandma Guo's family to control Grandma Guo and do something detrimental to the princess? Or just let Aunt Guo assassinate the princess?

Chapter 2095 She is the only one left

Even if she had such thoughts before, she could not admit it directly in front of Princess Niu now.

"What the princess said is serious. How dare I have such rebellious thoughts?"

"That's fine if you don't think so." Princess Niu looked at her coldly and said.

"Today, I have a lot of things to do with you, so I won't care about you anymore, but you must find Grandma Guo's family and deliver them safely to Grandma Guo.

Otherwise, I will definitely talk to the prince about what happened today. "

"Yes, Princess."

Concubine Yuan gritted her teeth and could only respond.

Ask her to send someone to find someone. Where can she find him?

Don't think that she really doesn't know. Those three people have probably been hidden by the princess for a long time. This woman is just waiting here on purpose, waiting for him to slip into her trap!

If she could really find someone, that would be weird!

As for the prince...

laugh.

It had been a long time since the princess had seen the prince. She was still thinking of going to the prince to file a complaint against her. She didn't even look at how old and yellow this woman had become!

Even if the prince knew about this, he would not say anything, let alone deal with the princess for her sake.

She has nothing to fear.

"Concubine Yuan, what are you thinking about?"

Princess Niu looked at her coldly and chuckled when she saw her standing there in a daze.

"Do you really think that I am not as good as you as a concubine in this Prince Niu's palace?" As if she could see through Concubine Yuan's heart, she spoke to Concubine Yuan.

"I don't dare."

Concubine Yuan lowered her head and said.

There was something she didn't dare to think about. The prince had always looked down on Princess Niu. He had named her the princess because she had given birth to a good son.

Now even her son has been missing for so many years. He might have died outside long ago. How could the prince pay attention to her?

"I don't care whether you dare or not." Princess Niu said calmly.

"However, I still want to remind you that no matter what, I am also the princess of this Prince Niu Palace. I am the only princess in the palace who can directly enter the palace to meet the Queen Mother or even the Emperor.

Do you think that the prince would really go against this concubine for the sake of you, a concubine? "

She reminded Concubine Yuan.

Not only in Prince Niu's Mansion, but also in the entire Ziyang Kingdom, she was the only female member of the royal family who could directly enter the palace to meet the emperor without being summoned.

This is still the result of her family's Baiqing.

In the past, she could endure it and do nothing, but now that her passion is back, she has nothing to be taboo about.

From now on, she can do whatever she wants. As long as it is for the good of her son, she is willing to do whatever is asked of her.

"concubine....."

Concubine Yuan opened her mouth, but was interrupted by Princess Niu.

"Okay, there's no need to say more, just step back."

Princess Niu had almost said what she needed to say, so she waved her hand towards Concubine Yuan.

"As for the death of someone in your yard, I will send someone to investigate in person, and I will not disappoint Concubine Yuan."

"concubine....."

Hearing her words, Concubine Yuan almost chewed all her good teeth into pieces.

"Just back off."

She wanted to say something else, but Princess Niu no longer wanted to hear her voice and waved her back again.

Chapter 2096: Unable to compete with strength

"Yes, I'm resigning."

Consort Yuan gritted her teeth and left with her people.

When she walked outside the courtyard, she turned around and glanced at the gate of Princess Niu's courtyard with a gloomy look. Her hands hidden in her sleeves were also tightly squeezed.

"Concubine, are we just letting it go?"

Beside her, a maid whispered in her ear.

It was obvious that Princess Niu had rescued those people. Otherwise, could those few people have killed so many of them?

But now that Princess Niu doesn't admit it, what should they do? There is absolutely nothing we can do.

"Then what else can be done?"

Concubine Yuan turned her head and glared at the maid fiercely.

What else could she do? What happened this time was that she had done something wrong. She should not have come so openly to make trouble in Princess Niu's yard, forcing Princess Niu to hand her over.

Maybe those few people didn't come to Princess Niu at all, but saw someone trying to kill them, killed her people, and then ran away?

Or perhaps, Princess Niu really hid the person, and then bit her back.

But even if she was bitten back, what could she do? What else could she do?

You can't bring this matter to the prince again, right?

Although the prince usually dislikes the princess, the princess is the princess and the prince's official wife.

Prince Niu is an extremely face-saving man, how can he allow others to bully his wife? Even if the person bullying the princess is his most beloved woman, that is not allowed.

His first concubine is the person who best represents his face.

"Otherwise, why don't you go mention this matter to the prince?"

"I don't dare, slave."

When the maid heard her words, she immediately lowered her head and did not dare to say another word.

How dare she go in front of the prince? On weekdays, in the concubine's yard, any maid would dare to say a word to the prince, or show her face in front of the prince.

Just showing a face.

If the concubine sees it, she will be considered as seducing the prince.

In that case, the fate of that maid will definitely not be good, and she will not even be able to see the sunshine the next day!

"This slave is just unwilling to do anything for the concubine. How can you let the princess take advantage of all the good things, yet you are still being bullied by the princess like this, but you can't even fight back."

For the sake of her own safety, she could only direct Concubine Yuan's attention to Princess Niu, and transfer all her hatred to the princess, so that Concubine Yuan would not think of her.

After hearing the maid's words, Concubine Yuan also took a deep breath.

Of course she is angry, of course she is unwilling, but what can she do?

In this Prince Niu's palace, apart from the prince's favor, what else can she have that can compare to Princess Niu?

There are not as many available people around her as Princess Niu. In her status, she is a princess, but she is, at best, a concubine. At worst, she is a concubine!

And when it comes to the strength of my mother's family... it's not on the same level at all.

What kind of things can she come up with to compete with Princess Niu for this moment of anger?

"If you can't fight with strength, then..."

Suddenly, her gloomy eyes returned from the door of the courtyard.

Although she couldn't fight openly, she couldn't make things easier for that yellow-faced woman like Princess Niu. She did something wrong this time and she shouldn't have done it openly.

From then on, she would compete with Princess Niu for her secret methods!

Chapter 2097 Still to be verified

"Yellow-faced woman, let's wait and see!"

She shook her sleeves heavily and looked at her maid with scarlet eyes.

"Walk."

"Yes, concubine."

The maid responded, sighing secretly, and then left with Concubine Yuan.

...

It was getting dark, and the nun who was sent to check on the people who died in Concubine Yuan's yard had already returned.

"Ha, that's quite cruel."

After hearing Mammy's report, Lin Caisang, who was sitting aside, chuckled and said.

However, his face was obviously smiling, but there was no warmth at all in his eyes. The hand on the table was lightly tapping the table with his index finger.

"If she wasn't ruthless, how could she be where she is today."

Princess Niu also smiled, picked up the teacup on the table, and said something to Lin Caisang.

This concubine Yuan didn't have a powerful natal family, but she was just such a woman. Relying on her charming spirit, she managed to get the prince to obtain the imperial decree for her and make her a concubine.

"Mr. Sui, Mrs. Sui, do you have any plans to deal with Concubine Yuan?"

"Princess Niu wants to deal with Concubine Yuan?" Lin Caisang raised an eyebrow and looked at Princess Niu.

"this....."

When asked by Lin Caisang, Princess Niu hesitated.

She wanted to deal with Concubine Yuan, but that was just a family matter in Prince Niu's palace. At this moment, what she wanted to see most was not how Concubine Yuan was doing, but Yinluqing!

She wants Yinluqing to get the fate he deserves. This is what she wants to see most at the moment!

"Mrs. Sui, do you think this concubine Yuan is related to Yinluqing?"

She felt that this could not be such a coincidence. Everyone in Prince Niu's palace felt that Baiqing had no chance of surviving. After all, he was too young when he was stolen.

However, Concubine Yuan arranged for the palace guards to bring Bai Qing and Sui Zimo to her courtyard.

In the past, family members of the servants in her yard had come to visit, but nothing like this had ever happened. Could it be that Concubine Yuan had the foresight to know that this time her Baiqing was back?

If Concubine Yuan and Yinluqing were said to have nothing to do with each other, she would never believe it.

"It's hard to say. It still needs to be verified." Lin Caisang said.

"By the way, where is the captured palace guard? Please bring him to me later. I want to personally examine it. Is there anyone else's handwriting in it?"

She looked at Mammy and ordered.

"this....."

Naturally, Mammy didn't dare to make up her own mind, so she turned to look at Princess Niu.

"Do whatever Mrs. Sui says. Take them to Mr. Sui and Mrs. Sui's residence. Remember, be careful." Princess Niu ordered her immediately when she saw grandma looking in her direction.

Of course, she also wanted to know how a palace guard could be so bold and dare to bring someone who was looking for Nanny Guo next to her into Concubine Yuan's courtyard.

But for the guards in this mansion, she really didn't have many ways to get them to speak.

If the punishment is light, they are not afraid. If the punishment is heavy, death is possible, and she is helpless.

At this moment, Lin Caisang was willing to bring this person to her for interrogation, and she naturally nodded in agreement.

"Mrs. Sui, there is a dark room in our courtyard. How about taking this person to the dark room for interrogation?" Suddenly, as if she had thought of something, she looked at Lin Caisang and suggested.

Chapter 2098: Past the age of playfulness

This time Concubine Yuan did not take advantage of her, and she would definitely send someone secretly at night.

If Lin Caisang is interrogating the guards at that time, and Concubine Yuan's people hear the news, then Concubine Yuan, that bitch, will be proud again, and may accuse her in front of the prince.

As a princess, sometimes she is helpless.

Hearing Princess Niu's words, Lin Caisang just curled her red lips and chuckled.

"No, just take it to where my husband and I live."

What kind of darkroom, secret passage, etc., is it safe in the space with her golden beads?

Thinking of the Golden Pearl Space, she unconsciously touched her belly with one hand. Thanks to her baby, just being pregnant could actually upgrade her Golden Pearl Space.

Now more people can enter the Jinzhu Space. Her parents, as well as the banished ones, are all in the Jinzhu Space.

The current setting of the Jinzhu Space for people who enter does not refer to just one person.

Instead, anyone can enter, as long as the number of people does not exceed the limit. In this case, it will be much more convenient. Anyone she wants can enter.

"this....."

Seeing Lin Caisang's refusal, Princess Niu hesitated.

"Concubine, please listen to Sister Sangsang. She always does things in a measured manner and will not embarrass the concubine." Seeing that her concubine hesitated, Yin Baiqing hurriedly interjected.

He also wanted to know as soon as possible who gave the palace guard the courage to send the family members of the people around the princess to the concubine's yard.

And, to be honest, he really couldn't believe his mother's secret room.

How many secrets can there be in this Prince Niu's Mansion? I'm afraid only the concubine mother thinks it is a darkroom. Maybe many people have known about it for a long time.

Speaking of which, it is safest to keep people by Sister Sangsang's side.

"Oh well."

Seeing that her son had said this, Princess Niu naturally nodded.

"Go and bring this person over immediately." She ordered her mother.

"Yes, Princess." Mammy responded.

"Even so, Princess Niu, my wife and I have resigned."

Sui Zimo stood up, nodded to Princess Niu, then looked at his wife, and then stretched out his hand to pull her up from the chair.

"Sister Sangsang, brother-in-law, I'll see you off." Seeing that they were leaving, Yin Baiqing wanted to see them off.

However, under Sui Zi Mo Youran's gaze, his footsteps stopped.

"You should stay with your mother and concubine, and don't wander around outside these days. Do you understand?" Lin Caisang turned back to look at Yin Baiqing and warned her.

Yin Baiqing: "..."

It was so unfair. He really just wanted to send two people away.

Why do you think he is so playful? In fact, he is not a playful child. He has already passed the age of being playful!

"Sister Sangsang..."

"I will leave Xiao Hei and Da Bai here with you to accompany you."

Before Yin Baiqing could say anything, Lin Caisang spoke again.

Hearing this, Yin Baiqing opened her mouth, but in the end she could only nod, "Okay."

Then, Princess Niu saw a black panther appearing in front of her. There were two white foxes lying on the black panther's back.

...

In the golden bead space.

The familiar palace guard had been thrown directly into the newly opened Poison Garden space in the Golden Pearl Space by Lin Caisang.

Chapter 2099 No mercy for him

"You, what do you want to do?"

Looking at the several big men in front of him with ill intentions, approaching him, the palace guard who fell to the ground retreated backwards.

He was clearly brought to the couple just now, how come he was here in the blink of an eye, and there were so many people staring at him, as if they wanted to scrape a layer of skin off his body.

"What do we want to do?"

Jiang Zuo turned his head, glanced at Jiang Li beside him, and then looked at the palace guard again.

"You want to harm our master and mistress, and you even want to ask us what we want to do?"

"What...what master and mistress, I, I...I don't know them."

How could the palace guard know what a master and mistress are? In this palace, only the prince and the princess, as well as the two concubines and other women of the prince, are called masters.

Are they talking about the women of the prince?

Is it the princess?

"You don't even know who my master is, and you dare to harm him?" Jiang Li sneered.

"You are so bold. You want to kill people without knowing whether you can offend them or not? I think your life is over. Tell me, why did you bring my master and mistress to Concubine Yuan's yard? What are you thinking?" He shouted and asked the palace guards. "I..." The palace guards knew who the master and mistress they were talking about were. It turned out to be the young man and woman with the child? Thinking of the man and woman, his face turned ugly. He really didn't expect that two people who looked so ordinary could have such great ability to kill all the secret guards sent by Concubine Yuan to silence them. If he had known it would be like this, he would not have brought them there even if Concubine Yuan criticized him a few more times. Now, he has been involved. "I don't know anything. It was them. They said they came to see Madam Guo. I took them to Madam Guo. What did I do wrong? I did nothing wrong."

At this point, he could only lie with his eyes open and pretend that he knew nothing.

Jiang Zuo and Jiang Li: "..."

This bastard took them for fools, right?

Take their master to Madam Guo, but take him to Concubine Yuan's courtyard?

Jiang Li kicked the guard out with a flying kick, and fell on the ground with his back.

"Ah!"

The guard screamed, and just as he was about to twist his body and get up, he was stepped on the chest by Jiang Zuo.

"You mean, as a guard of Prince Niu's mansion, you don't even know who Madam Guo serves?"

"I...I..."

He wanted to deny it, and wanted to say that he was a newcomer and didn't know the courtyards of the princess and the concubine.

However, this kind of thing can be found out by just asking casually, and he can't deny it at all.

"What do you mean by you? Tell me the truth. Who told you to do this?!" Jiang Gong stepped on the chest of the guard with force and questioned.

"Ugh!"

The guard was so angry that his teeth were gnashing, and his whole face was twisted in pain.

These people stepped on him too much. They wanted to step on his internal organs and showed no mercy to him.

"I... I don't know, I really don't know."

He gritted his teeth and shook his head.

Even if he was about to be stepped to death by this kick, he couldn't admit that he did it on purpose.

Chapter 2100 Sky Territory Black Scorpion

Otherwise, he will definitely suffer a crime that is ten times and a hundred times worse than what he is doing now. He doesn't want to suffer that kind of crime again, so he might as well let the two people in front of him trample him to death.

"I thought...I thought that was the princess's courtyard. I really didn't know where...that was Concubine Yuan's courtyard. I really didn't know."

Jiang Zuo: "!"

Jiang Li: "!"

They were really not in the mood to talk to such a person, they just wanted to piss them off to death.

Could he not know? What about lying to children?

"Tsk, tsk."

Suddenly, a female voice sounded behind the two of them.

They turned around and happened to see Ding Rong, who had been imprisoned in the Infinite Prison countless times and had only recently calmed down.

"Why are you here?" Jiang Zuo asked.

Shouldn't she be taking care of those medicinal materials in the medicine garden space? How come she came to the poison garden space?

Could it be that, in the mistress's golden bead space, this person can still come and go freely?

impossible?

"Me, Lin Caisang asked me to come here to help her raise some things."

Ding Rong raised an eyebrow at them and spoke in an understatement. However, only she knew in her heart what those things Lin Caisang asked her to raise.

These were all the poisonous things that Lin Caisang had caught in Baibind Mountain and along the way. Lin Caisang didn't let Sui Ziyu touch those things, and then he threw them all to her.

Although it was really unfair, she felt that feeding these poisons was not bad.

"You guys really don't shed tears until you see the coffin. It just so happens that I have a few Sky Territory Black Scorpions here. How about I lend them to you for fun?"

She raised her feet and walked to the palace guard, looked down at him, and asked.

"You, you want to borrow it... No, no, I don't want it."

When the palace guard heard the words "Heaven Realm Black Scorpion", he almost couldn't even speak.

Who on the Qianhuan Continent doesn't know how poisonous the Sky Territory Black Scorpion is? He didn't want to see anything like that.

"don't want?"

Ding Rong raised an evil brow at him, took out a box from his body, and patted it a few times.

"When you get to this place, you can still tolerate it if you don't want it, so why don't you want it? It's really a joke."

As she said that, she moved the box in her hand closer to the palace guard's neck, and made a gesture to open the box and release the Sky Realm Black Scorpion inside.

Seeing this, not to mention the guards, even Jiang Zuo swallowed lightly.

Maybe Jiang Li can't feel it yet, but he is a medicine man, so he naturally knows what kind of poison this Heavenly Territory Black Scorpion is. It will not kill you immediately, but it will make life worse than death.

When the master and mistress passed through Tianyu before, they caught some black scorpions and said that if they were raised, they might be useful in the future.

But he didn't know that the mistress actually handed over Black Scorpion to Ding Rong.

Is the mistress of their house a little too ambitious? A person with evil intentions like Ding Rong could actually hold such a poisonous thing in her hands?

"Come on, let me throw one into your clothes first, but you don't have to worry too much. Maybe this Sky Territory Black Scorpion sees that you are very loyal to your master and is reluctant to bite you?"

The palace guard could only hear Ding Rong's eerie voice ringing in his ears.

At this moment, his face was completely white, with no trace of blood left, and he was almost frightened to death.

Wouldn't it be so funny, would this thing stop biting him because he is loyal?
