

Star of Space 2101

Chapter 2101 Escaped

I'm just afraid that if it is thrown on him, he will be bitten in pain, right?

"I heard from the mistress that these captured Sky Domain Black Scorpions were fed a lot of poisonous weeds, right? Are they more poisonous?" Jiang Li looked at Ding Rong and asked in a calm tone.

Hearing this, Ding Rong stopped moving his hands, raised his head and glanced at Jiang Li angrily.

"Of course. Look here, there are so many poisonous weeds that can be used to feed these black scorpions. Is it not poisonous?"

"If it is too poisonous, will it kill people directly?" Jiang Li asked.

"We still have to ask something out of his mouth. Don't die all at once."

"Definitely not."

Ding Rong rolled his eyes and replied.

"No matter how much poisonous weeds the Sky Territory Black Scorpion is fed, it will not poison people to death at once. At most, it will only increase the pain of the poisoned people several times, which is nothing.

Anyway, it's not us who suffer, it's him! "

As she said that, she cast her malicious eyes on the palace guard.

Seeing this, Jiang Zuo directly picked up the guard by his collar and pulled him up, aiming the guard's back at Ding Rong.

"Then what are you waiting for? Release the black scorpion now." He said to Ding Rong.

"good!"

Ding Rong responded happily, pretending to open the box.

"ah!"

The palace guard finally came to his senses, his whole body tensed up and he screamed.

"No, no, I say, I will say anything."

If it had been anyone else, he might have been able to tolerate it for a while, thinking that this Sky Realm Black Scorpion was just mediocre, but he was different. He had seen being stung by the Sky Realm Black Scorpion before, and he couldn't die even if he wanted to die after being poisoned. Of people.

That look is really terrible.

He definitely doesn't want to be that kind of person, he still wants to live well.

"You could have just said no earlier, just ask."

Ding Rong took back the box in his hand and glanced at Jiang Zuo and Jiang Li.

"Who is your master? Concubine Yuan?" Jiang Zuo asked immediately.

"yes....."

"Um?"

The palace guard was about to respond, but Jiang Zuo glared sharply at him and immediately shook his head.

"No, no, it's not Concubine Yuan, it's... the Eighth Prince." The palace guard said with trembling lips and looking at them in fear.

"eight....."

"The Eighth Prince of Ziyang Kingdom, isn't that Yinluqing?" Ding Rong asked after hearing what the palace guard said.

After hearing her words, Jiang Zuo just raised his eyes and glanced at her. He did not answer, but continued to stare at the palace guard.

"What about Concubine Yuan? Why did you send people to Concubine Yuan's yard?" he asked.

This palace guard is a person with a good temperament, which is what they expected, and there is nothing surprising.

But why was the person Yin Lvqing wanted to deal with sent to Concubine Yuan's yard? Was it Concubine Yuan who was originally one of Yin Lvqing's people?

"I...although I am the master's servant, I am also...the person bought by Concubine Yuan with money. The master asked me to keep an eye on Princess Niu at all times. Anyone who is suspicious can be sent directly to Concubine Yuan. Let her help secretly deal with the person."

The palace guard said.

This is what he did in the past. Once he found that the person who came to see Princess Niu was suspicious, he would hand it over to Concubine Yuan, and then make up a random reason to have Concubine Yuan kill the person.

It saved him a lot of trouble.

However, what he didn't expect was that Concubine Yuan was so useless that she couldn't even deal with two people and a child, and even allowed them to escape.

Chapter 2102 Give me the box

As a result, he was also caught, and now he had to betray his master.

He was really unwilling and wanted to die.

But he also knew that these people in front of him would not let him die so easily. There must be something more painful waiting for him.

He is not afraid of death, but he is still afraid of pain and torture.

"Have you sent a message to your master?" Jiang Li asked.

"I....."

The palace guard gritted his teeth when he heard his question.

His biggest failure was his failure to spread the news.

But he also felt that Concubine Yuan would definitely deal with those three people. How could he know that there were only three people and they were so powerful?

I don't know whether those three people are so powerful, or whether Concubine Yuan is too useless.

"No."

He uttered two words with a look of regret.

Hearing this, Jiang Zuo and Jiang Li sighed secretly in their hearts.

It was good that Yin Lüqing was not informed that they had arrived at Prince Niu's Mansion. They could also deal with Yin Lüqing secretly.

Thinking about this, Jiang Zuo glanced at the palace guard, and then looked at Jiang Li.

"Jiang Li, you continue to interrogate this person. Although he is just a secret agent, he should know a lot of things, and he can still ask some questions."

Jiang Li rolled his eyes at Jiang Zuo after hearing his words.

What he said was not nonsense. If he couldn't squeeze something out of this palace guard, he wouldn't believe it.

"Ding Rong, give me the box."

He looked at Ding Rong and stretched out his hand to take the box containing the Black Scorpion from the Sky into his own hand.

He thought it would be better not to leave such a dangerous thing in Ding Rong's hands.

"what?"

When Ding Rong saw him reaching out towards her, he immediately protected the box in his hand.

"This thing is not suitable for you. Give it to me." Jiang Li said.

"Ding Rong, give us the box, I'll take care of the Sky Domain Black Scorpion." Jiang Zuoye said.

Even if Ding Rong has become a slave in the mistress's golden bead space, they will not believe that Ding Rong can change for the better in such a short period of time.

Therefore, such a dangerous thing cannot be placed in her hands and must be taken back.

"What's the Sky Realm Black Scorpion? I don't dare to touch that thing." Ding Rong rolled his eyes speechlessly when he saw that they really thought that the box in her hand contained the Sky Realm Black Scorpion.

Even if Lin Caisang was really so generous and gave her the Sky Territory Black Scorpion to raise, she wouldn't dare to raise it.

If she was stung by that thing, would she die or live?

Jiang Zuo and Jiang Li: "..."

Isn't that box containing the Sky Domain Black Scorpion?

"Wait, why is this box of yours so familiar to me?"

Jiang Zuoyi stared at the box in Ding Rong's hand. The more he looked at it, the more familiar it became, as if he had seen it somewhere.

After a while, he remembered where he had seen it.

"I didn't buy this box for Ziyou. Why is it here with you?"

When Ziyou was seriously injured and Yao Shi Zongxiao first entered the mistress's golden bead space as a slave, he bought many things for Ziyou.

And this box is one of them.

"What are you doing with Ziyou's box? Give it back to me!"

"Hey, are you mistaken?"

Ding Rong didn't care at all about Jiang Zuo's words, but he hugged the box tighter.

"What is Ziyou's box? This is obviously the box Ziyou gave me. Why, you want it too? It depends on whether I am willing to give it to you."

Chapter 2103 Isn't it bad to be mean?

With that said, she prepared to leave.

"If there's nothing else, I'll leave first. There's still a lot of work waiting for me to do."

"you--"

Jiang Zuo was almost mad at her.

If he remembered correctly, what was in that box was not the Heavenly Black Scorpion, nor any gold and silver jewelry, but... some dried fruit preserves!

Originally, he bought this box to put it in when giving some gold and silver jewelry to Ziyou.

But how could he know that before he bought the jewelry, the box had been reduced to nothing more than Ziyou's stuffing of dried fruit preserves, and there was nothing he could do about it.

"This woman is really..."

He actually held a box of dried fruit preserves, which scared the person out of his mind.

However, this Sky Territory Black Scorpion is indeed something that cannot be touched. It is estimated that even if it gets to Yin Yuqing, it will scare him half to death.

"Then...that's not...not the Sky Territory Black Scorpion?"

After listening to their words, the guards knew what was going on, and their faces were full of astonishment.

Isn't the thing in the box the Black Scorpion of the Sky Realm?

Then why did he say those words just now and confess his master? Even if he could bear it a little longer and wait for this woman to open the box, it would be good.

He can also know that these people are just lying to him, and there is no such thing as the Sky Realm Black Scorpion!

"You...you are so...too despicable!"

How could you lie to him and make him betray his master? How could these people be so vicious?

Ding Rong raised his eyebrows and looked at him when he heard his expression of being unable to accept the blow and his voice of pain.

"mean?"

Although she used to live quite arrogantly.

But this was really the first time she heard such a person say that she was despicable!

What is this called? A thief calls for a thief, right? Is she despicable, or is the person in front of her who wants to kill Sui Zimo and Lin Caisang more despicable?

Anyone with a discerning eye can see it at a glance, okay?

How dare you call her despicable? !

"Isn't it good for me to be despicable? Are you still pointing out that we are like sheep and are being slaughtered by this wilted thing like you?"

With that said, she walked over and kicked the house guard hard.

You know, if something happens to Lin Caisang, she will have to stay in this golden bead space for the rest of her life, and it will be the sealed one!

She was so harmed that she was about to be sealed here. Does this man really want her to be so kind to him?

"I'm just scaring you. You think it's despicable. How about I catch a few Sky Territory Black Scorpions for you to play with? Or do you want something else? Do you want the Kunwu Poisonous Insect?"

You know, this place has more than just the Sky Territory Black Scorpion, there are a lot of other poisonous insects and poisons! "

It was just a scare. Instead of letting out a sigh of relief, he dared to scold her. It was really incredible. He really wanted her to catch a few poisonous ones.

Although, even if he wanted it, she might not be able to catch it.

The key is that those things are so poisonous that no one but Lin Caisang would dare to catch them!

"no, do not want."

When the palace guard heard her words, he immediately shook his head.

He just took a glance and saw several kinds of poisonous weeds growing nearby.

It can be seen that there must be a lot of poisons in this place. He doesn't want any sky black scorpions or Kunwu poisonous insects. He just wants them to release him quickly.

Then, he could quickly notify his master and ask him to avenge himself.

Chapter 2104 Take the initiative, what do you think?

"I...I've already said it, what else do you want? Just let me go. I promise that I will never listen to the Lord...the Eighth Prince again."

As soon as the word "master" came to his lips, he swallowed it back.

"laugh."

When Jiang Zuo and the others heard his words, they really laughed out loud.

How naive is this guy to actually think that they will let him go and let him tell Yin Lüqing that they are coming?

"Have you already said it? Why didn't I know?"

"I....."

The palace guard looked at Jiang Zuo in astonishment and opened his mouth, but he didn't know what to say.

Didn't he already say that?

He had summoned his master just now. Did they not believe it?

"Everything I say is true. I really belong to the Eighth Prince. If you don't believe it, there's nothing I can do about it.

"I didn't say that you are not a Qingyin, but have you finished telling us everything we want to know?" Jiang Li stared at the palace guard with his black eyes and asked word by word.

Who doesn't know that this person is a person with a good temperament?

If it was really just someone arranged by Concubine Yuan, given her some courage, she would not dare to directly send someone to kill someone.

"I....."

The palace guard looked at Jiang Li with a bitter mouth.

He is just a subordinate placed outside by his master, and he is just a small person at all.

What could he know?

Even his closest subordinates don't know about the master's affairs, let alone him?

"I don't know, I really don't know. How could I, a sent out craftsman, know about the Eighth Prince's affairs? You guys are too... too high-minded about me."

Yes, he is just a little person sent by the Eighth Prince. What can he know?

Even if they wanted to force him to say something, the most they could do was what he had done in Prince Niu's Mansion in the past few years.

He really doesn't know the rest.

"I don't know. Let's start with you following Yin Lǔqīng. Don't worry, we have plenty of time to listen to what you have to say!" Jiang Zuo said.

Just following their words, Ding Rong curled her red lips, hugged her box and left.

This person really can't do evil things. It seems that she has received retribution. It seems that in the future, she really has to learn a little better and can't always be thrown into the Infinity Prison.

Not to mention suffering, but also embarrassing.

"You... you..."

The guards trembled with their lips, as if they were frightened.

It started when he followed Yin Lǔqīng, then when did he have to talk about it?

"I have been in the secret guard camp of the Eighth Prince's Mansion for as long as I can remember. Are you sure... you want me to tell you everything again?" He asked uncertainly.

Hearing this, Jiang Zuo and Jiang Li looked at each other, and they saw affirmative agreement in each other's eyes.

"explain!"

The two of them looked back at the guards at the same time, and uttered one word at the same time.

...

"What do you want to do next?"

In the food garden space, Lin Caisang was lying on a lounge chair nearby, watching Sui Zimo making a pot of crucian carp soup that must be particularly delicious.

she asked suddenly.

Hearing this, Sui Zimo took the colander and started to stir the crucian carp soup in the pot.

"What do you think about taking the initiative?" he asked.

Yin Lüqing must be dealt with quickly so that he can feel at ease.

Although Son'er was not due to give birth for several months, Yin Yuqing was not as easy to deal with as they thought. They had to be very energetic to deal with this person.

Chapter 2105 Why do you want to hit yourself?

"How to attack, do you have an idea in mind?" Lin Caisang asked again.

She really has no clue now, so she can only ask her husband.

"Zimo, I found that our child will definitely be very smart in the future."

Sui Zimo: "..."

He turned his head silently and glanced at his wife lovingly.

"What do you mean by this?"

Aren't you asking him how to deal with Yin Lüqing? Why did he end up talking about their children while he was talking?

You can already tell how smart she is even before she is born?

"Definitely, you see, since I got pregnant with her, my IQ has plummeted. Lin Caisang said it is natural.

"She must be in my belly and sucked all my wisdom away. Otherwise, how could I even ask you how to deal with a Yinyinqing?"

Before the change, she must have figured out how to deal with Yin Yuqing, right?

Hearing this, Sui Zimo lowered his head and chuckled.

"With me here, your wisdom can rest for a while."

As he spoke, he took a bowl, filled it with a bowl of crucian carp soup, came to her side and squatted down.

"Don't worry about Yin Lüqing for now, just drink this bowl of soup."

"good."

Lin Caisang sat down from the recliner and wanted to take the bowl in his hand, but Sui Zimo refused.

"Tang, I'll feed you," Sui Zimo said.

Lin Caisang: "..."

Come on, naturally she was pregnant, and she felt like she was about to become a person with amputated arms and legs.

It's just a bowl of crucian carp soup. As a person with spiritual power, would she be afraid of this little bit of heat?

"Okay, you feed me."

Of course, her husband would naturally listen to her words.

"Then tell me how you want to deal with Yin Yuqing?" she asked.

"I just heard Princess Niu mention her mother's clan."

Sui Zimo saw that she wanted to know what to do next, so he reminded her.

"Um?"

Lin Caisang took a sip of crucian carp soup and raised his eyebrows.

"so what?"

Princess Niu's mother clan seems not to have a good impression on Princess Niu and her son. They are people who put profits first and can sacrifice everyone.

Can such a family be used?

"You mean to use Princess Niu's mother clan? Isn't this a bit risky?"

she asked.

"Won't."

Sui Zimo shook his head.

He didn't think it was risky at all to take advantage of Princess Niu's mother clan.

"It would be better if Baiqing's grandfather's family is really, as Princess Niu said, people who have no profit and can't afford to die early." He said.

After hearing what he said, Lin Caisang was a little confused at first, but soon she figured it out.

"Yeah, why did I forget this?"

She raised her hand and patted her forehead. When she was about to pat her a second time, Sui Zimo held her wrist.

"Say what you say, what are you doing to hit yourself?" he asked helplessly.

"Haha, I get so excited when I think about dealing with Yin Lüqing." Lin Caisang said with a chuckle.

For people who put profit first, what is more important than the sky falling? That means someone wants to take away the glory that should belong to them.

When Baiqing was still in Ziyang Kingdom, she had heard from Princess Niu how the emperor doted on his grandson.

In everyone's eyes, Baiqing is very likely to become the leader of Ziyang Kingdom. Baiqing's grandfather will not be able to figure this out. Even if he can't figure it out, others will remind him and let him think about it. understandable.

Chapter 2106 That pot of crucian carp soup

That being the case, Yinluqing stole Baiqing away and almost made it impossible for him to come back.

For Baiqing's grandfather, this was something that made him even more angry than killing him. He would definitely want revenge, and he probably wanted to crush his music to ashes.

What they want to do now is to deal with Yinluqing, which coincides with Baiqing's grandfather.

only.....

"If we deal with Yinluqing directly, wouldn't the target be too obvious?"

If we directly use the power of Princess Niu's mother clan to deal with Yinluqing, is it equivalent to directly telling Yinluqing that they have arrived in Ziyang Kingdom and have joined forces with the people of Prince Niu's family?

By doing this, wouldn't it expose them? It wouldn't mean that the enemy is in the open and we are in the dark, right?

Sui Zimo just chuckled and continued to feed her crucian carp soup. ㄟㄎ

"There are some dishes over there. Do you want to eat? Or do you want to eat something else? Just tell me and I will cook it for you." He asked.

"Uh-huh."

Lin Caisang nodded immediately.

A bowl of crucian carp soup is not enough to fill her stomach. Now she can eat a cow.

"I want sweet and sour pork ribs, spicy prawns, and some vegetarian dishes. Well, I also want to eat dumplings." She ordered.

On the side, Sui Ziyu, who had just come in with a basket of vegetables, said: "..."

She opened her mouth, looked at the pot of crucian carp soup, and then turned to look at Lin Caisang.

"Sister-in-law, you... can you finish eating so much?"

Yes, there are so many dishes, how can we finish them all? How big can a person's belly be?

"You can finish eating. There are so many people, and your eldest brother also needs to eat, Zimo, don't you think so?" Lin Caisang said matter-of-factly.

"yes."

Sui Zimo responded, patted her cheek, then stood up and went to cook as his wife said.

Sui Zi glanced at the back of her eldest brother, then looked back at Lin Caisang, speechless.

...

Early the next morning.

Yin Baiqing grinned and came to the door excitedly.

"Sister Sangsang, brother-in-law, I have already done everything you asked me to do."

Lin Caisang, who had just woken up and had not finished running yet, said: "..."

She didn't understand. Did she tell Yin Baiqing anything? no?

"whats the matter?"

She raised her hand and wiped her face and asked.

"ah?"

Seeing her completely unaware look, Yin Baiqing also opened her mouth and blinked.

"Sister Sangsang, don't you... know?"

He thought that Sister Sangsang also knew about what his brother-in-law came to tell him. She didn't know anything about the co-authorship.

"What should I know?" Lin Caisang asked.

"That's our identity. It's been arranged." Yin Baiqing said.

"Our identity?"

Lin Caisang was even more puzzled.

She is Lin Caisang, her husband is called Sui Zimo, and isn't the person in front of him Ziyin Baiqing, the young prince of Prince Niu's palace?

Could it be that all this was just a long dream she had?

By the way, Yin Baiqing just said that the arrangements were made.

So, it was an arranged identity. In other words, Zimo asked Yin Baiqing to rearrange their identities?

"Where are the arrangements?" She finally understood and asked Yin Baiqing.

"oh."

Seeing the look of understanding on her face, Yin Baiqing thought she had forgotten before, so she nodded her head.

"It's my grandmother's natal family, a distant relative. Let's talk about it at that time. Because the son of that distant relative looked very similar to me when I was a child, my grandfather took a fancy to him.

Chapter 2107: Gnaw until no bones are left

So, they arranged for me to send their family to Prince Niu's Mansion to relieve my mother and concubine's pain of missing their son.

Lin Caisang: "..."

It turns out that things can still be done like this, but she didn't think of it before.

"Did your grandmother's family originally have such a family?" she asked.

If it was fabricated out of thin air, Yinluqing would be able to find it out.

"some."

Yin Baiqing nodded.

"That family lives in a very remote village. It's so remote that it would take two months to get there by flying monster.

At that time, I said that the family had lived a life of poverty and had finally managed to collect the money and came here half-begging along the way, just to come to Ziyan Country and beg for food at my grandmother's house. "

Of course, this is also true. Such a family did come to my grandmother's house, but my grandfather drove them away because they were not his relatives.

Later, my grandmother saw that the family was really pitiful, so she arranged a place for them to go.

Now, that's the right excuse to use.

"Where is the family?" Lin Caisang asked.

"I live on a mountain not far from a village outside the city." Yin Baiqing said.

Lin Caisang: "!"

This passionate grandfather's family is really good enough.

After all, they are relatives, and they were actually arranged to live in the mountains?

This place is not like Huanglu. There are not only wild beasts on the mountain, but also magical beasts, right? Aren't they afraid that a family of three would disappear overnight and be chewed up by monsters until all their bones were left?

"Baiqing, I finally got to meet your grandfather's family."

It's really not that she wants to say bad things about people, it's really the people in this family who did this, which is terrible.

There is always some strength in a family that can get married to Prince Niu's Mansion, right? Arrange for a relative to come to their village.

She thought that a family like this would lose a few taels of silver even if they sent beggars, right? Not to mention relatives.

When Yin Baiqing heard her words, she just curled her lips.

"I have said before that there is no good person in my grandfather's family, except of course my mother and concubine." He said.

Lin Caisang: "..."

Yes, judging from Princess Niu's temperament, it is completely impossible to tell how snobbish Yin Baiqing's grandfather's family is.

Before, she thought it was Princess Niu who was prejudiced against her mother's family.

Now it seems that it is really...

"Have your mother-in-law made an agreement with your grandfather's family?" she asked.

"You don't need to tell your grandfather and the others about this matter. Just ask your mother-in-law to come to ask for someone. She has always known about that family and has been secretly helping them."

Yin Baiqing said.

"So that's it." Lin Caisang nodded.

That way, things would be easier to handle. They could replace that family of three without anyone noticing, and then let Princess Niu go to her parents' house to ask for someone to bring over that family of three.

"That's good."

...

Outside Mengyan City in Ziyang Kingdom, there is a small village on the mountain not far away.

A small wooden house had appeared in front of Lin Caisang and the others. In the yard, the man was chopping firewood. The woman came out with a bowl of water and handed it to the man.

The man stopped what he was doing, took the bowl and drank it all in one gulp. After passing the bowl to the woman, he started chopping firewood again.

Next to it, a little boy about the same age as Yin Baiqing was busy picking up chopped firewood, placing it in the corner of the fenced yard, and piling it up bit by bit.

Chapter 2108 Beaten

"It's a happy and harmonious family.

Looking at this scene, Lin Caisang raised his eyebrows.

"Baiqing, this family should not be having a hard time. How could they think of traveling thousands of miles to come here to make a living?"

Most people are unwilling to leave their hometown and come out to make a living.

No one in this family seems lazy. How could they leave their hometown where they have lived for many years and come to live in this unfamiliar Ziyang country?

This is completely abnormal. Is there something else that they don't know, or that even Princess Niu hasn't found out?

"I heard from my mother and concubine that they can no longer live in their hometown." Yin Baiqing said.

"Um?"

Lin Caisang was puzzled and looked at Yin Baiqing.

"Sister Sangsang, have you seen that, although that aunt already has a son about my age, he looks very young and beautiful.

I heard from my mother and concubine that this aunt is one of the most beautiful women in her hometown. Of course, she is definitely not comparable to Sister Sangsang. "

As he said that, he couldn't help but flatter Lin Caisang again.

Hearing this, Sui Zimo glanced at Yin Baiqing with cold eyes.

"Seriously!"

This guy's mouth is very slippery when it comes to flattery.

"Okay, I'm serious.

Yin Baiqing was glanced at by Sui Zimo's cold eyes, and she quickly pursed her lips before continuing to speak.

"Because there is a gangster in their family who has fallen in love with the woman and wants the man to divorce her so that he can take her in and become his concubine. There is no other way. The couple is unwilling, so they can only live in a few families in the village. With help, I got some money.

The whole family escaped from their hometown, begging and sleeping in the wild woods, stopping and walking for more than two years, and then they came to Ziyan Country and found my grandmother.

Originally, they didn't expect to rely on my grandmother to make a fortune, they just hoped to find a job and make a living.

It's a pity that my grandfather didn't believe it. He just thought that they were here to fight against the autumn wind and it would ruin their reputation, so he kicked them out and had them beaten up and lived on the streets.

Actually, I didn't tell the truth before. "

"Um?"

Lin Caisang and Sui Zimo looked at him at the same time.

"This...cough!"

When Yin Baiqing saw the two of them looking at her at the same time, she coughed slightly in embarrassment.

"My mother-in-law went to visit my grandfather's house. I heard the maid in the mansion mentioned this matter, so I sent someone to arrange for the three of them to come here. My grandfather wanted to do something serious to them. "

A heavy move?

Lin Caisang's red lips were slightly hooked.

That means killing people. Just because this family is poor and may bring shame to their family, can they just kill people?

Even if this world is dominated by the jungle, it is really inappropriate to attack a poor family like this, and they are a kind-hearted family, and they are their relatives. Isn't it really inappropriate?

"Baiqing, listen to my sister, even if you gain power in the future, you won't have too much interaction with your grandfather's family." She told Yin Baiqing.

"Understood, Sister Sangsang." Yin Baiqing nodded.

As for this matter, even if Sister Sangsang didn't say anything, he could still do it.

His maternal grandfather's family was treated as just ordinary relatives who walked around occasionally. For the rest, they were treated as if he had no relatives.

"Sister Sangsang, brother-in-law, let's go in, my mother-in-law has already sent someone over to say hello."

"good."

Chapter 2109 I'm scared when I see bugs

Lin Caisang responded, then let Sui Zimo hold her waist and walked into the yard.

The family in the yard were startled when they saw someone pushing the door open, but soon the man came to his senses, quickly put down the ax in his hand, and smiled at Sui Zimo and the others.

"You must be the nobles that Grandma Guo mentioned. Go and pour tea." He ordered his wife.

The woman responded and went to the kitchen.

"Daddy."

When the little boy saw a stranger coming, he was a little afraid of strangers. He ran behind the man and hid, with only half of his head exposed, staring at them with a pair of timid eyes.

"Baiqing, watch carefully."

Lin Caisang turned around and said something to Yin Baiqing beside him.

Yin Baiqing: "..."

Is this asking him to pretend to be a timid little boy?

Although he is also a child, he is really courageous. Can you stop pretending to be someone who is afraid of bugs?

"Looking at it." He muttered.

Just learn, no matter whether he is timid or bold, it is always good to learn one more skill.

"Sit over here."

Seeing them standing, the man led them to the wooden table in the yard and sat down.

At this time, the woman had already come over with a tray and three cups of tea, and placed the tea in front of them.

"Thanks.

Lin Caisang thanked her and then looked at the man.

"Mama Guo has already told you that from now on, you will live in the place that Aunt Guo has prepared for you, and you can no longer mention your own names."

"Yes, yes, we know." The man nodded.

Aunt Guo had come to give them instructions earlier. Although she didn't know why, she and the princess were their great benefactors and gave them a place to live.

They should repay the favor.

"Mama Guo has asked me to tell you all the family affairs."

...

Two hours later, only Sui Zimo, Lin Caisang and Yin Baiqing were left in the courtyard.

"Zimo, from now on, you will be my Dashan brother."

Lin Caisang raised her head and looked at Sui Zimo jokingly, and saw that her husband's face was very calm.

"Miao Niang, you are heavy. Rest here while I chop some more firewood." Sui Zimo said calmly to Lin Caisang.

Lin Caisang: "..."

Good guy, you got into the action so quickly.

The couple who left just now, the man's name is Jin Dashan, the woman's name is Liu Miaoniang, and their child's name is...

She turned her head and looked at Yin Baiqing, who had a dark face.

"Goudan, hurry up and move all this firewood over there and pile it up."

Yin Baiqing, who will always be called Goudan from now on: "..."

What an unlucky thing, how could a pretty and pretty child be called such a name?

This is a name, and it clearly sounds like an insult.

How could Qianhuan Continent have such a name? It was simply terrifying.

"Okay, I'll move the firewood."

What else can I do? Let's just make do with it. Anyway, I won't be called Goudan for the rest of my life.

"Sang...Mother, you sit down, I'll change my clothes first, and then I'll carry the firewood."

With the clothes he is wearing now, anyone with a discerning eye can tell at a glance that he is no longer the timid and timid child. He should change into clothes that look more normal.

"Go ahead."

Lin Caisang waved to him, then watched him go to the room.

Chapter 2110 It's also for your own good

"Brother Dashan, do you want me to change my clothes too?" She turned to look at Sui Zimo, blinked and asked.

"Let's rest for a while. Don't rush now." Sui Zimo said.

...

Sui Zimo and his friends have successfully moved into a family of three.

On the other side, Princess Niu also went to her natal home and met her father and mother.

"Hey, you are not young anymore. It's time for you to have another child with Prince Niu. This Prince Niu's house can't have no heirs in the future, right?"

As soon as they met, the chair was still wet, and Princess Niu heard what her father said to her, and she felt helpless.

This is her father. He never thinks about what will happen if his grandson has been missing for many years. Instead, he only thinks about how to consolidate his position in Prince Niu's palace.

Of course, how can a woman consolidate her status in her husband's family? She can only have a few sons.

But for her, it also depends on whether Prince Niu is willing to give her this opportunity. She has a man, a woman in the harem, and a lot of Yingying Yanyan outside.

In such a situation, how could she, a princess who was no longer a seventeen or eighteen-year-old girl, arouse his interest?

On the most important days of the month, if Prince Niu could come and have dinner with her, it would be enough to give her face.

She just raised her eyelids and glanced at her father lightly.

"Father, do you want to talk to the prince about this and see if he will give you this face?" she asked.

"Well."

When the princess's father heard what she said, his face darkened.

How could he have such great face? On weekdays, when he was in the court, as a father-in-law, he could have a few words with the prince's son-in-law, which already gave him great face.

If he were to go to Prince Niu and talk about women's affairs in Prince Niu's ears, wouldn't he be deliberately causing trouble for Prince Niu?

He wouldn't dare to do such a thing!

"Look, what are you saying? Ming'er, Prince Niu is your husband. You should think of more ways to let him go to your room. Your father said this to you because of you. OK."

Seeing that her husband was speechless by her daughter, the princess's mother quickly intervened and said a few words on her husband's behalf.

"Your husband is a prince and always has dignity. Of course, you have made trouble with him a lot because of Baiqing. Now if you want to reconcile with him, you have to take the initiative yourself.

Why, are you still pointing at him to coax you? You know, he is a prince and may inherit the throne in the future. "

Hearing this, Princess Niu's face turned dark and she looked at her mother with cold eyes.

"Mother, do you think my life in Prince Niu's Mansion was not difficult?" she asked coldly.

"You...mother said this for your own good."

When the princess's mother saw that she had a bad look on her face, she wanted to shut up, but considering that she was her daughter's biological mother, she couldn't be frightened by her daughter's few words and dare not speak, right?

"yes."

Princess Niu smiled coldly.

"You even dare to say such things as inheriting the throne in broad daylight. Is it for my concubine's sake?"

she asked.

"Well!"

Only then did the princess's mother realize that she had said something treacherous, and her face turned pale with fright.

"me....."
