

Star of Space 2111

Chapter 2111 He is already dead

"you shut up!"

The princess's father didn't look very good either. Seeing that his wife still wanted to speak, he shouted at her.

If she were to continue talking, she still didn't know what unreasonable words she would say. You must know that walls have ears. Who knows how many ears and eyes have been planted in their home by outsiders.

"Ignorant woman, she is so brave that she can hold up the sky. Do you know what it means to have trouble come from your mouth?"

When the princess's mother heard what he said, she weakly closed her mouth and did not dare to speak anymore.

But she still looked at Princess Niu with angry eyes, blaming her daughter in her heart.

If she hadn't said these nonsense, she was just telling the truth, how could she be scolded by her husband? Just say it in your own home, what's wrong?

"Ming'er, although your mother's words should not be mentioned at this time, she is telling the truth. As Princess Niu, you must be careful." After the princess's father scolded his wife, he looked at Niu princess.

He thought he was persuading her sincerely.

"As the princess of Prince Niu's palace, how can you not even have a legitimate son? What will you do in the future?"

"Legendary son?"

Princess Niu sneered.

"I have a legitimate son, doesn't my father know?"

"this....."

The princess's father looked even more ugly.

"Ming'er, why are you still thinking about Baiqing? He has been missing for several years. We spent so much manpower and material resources looking for him, but we haven't found anything yet.

I estimate that he should have been assassinated a long time ago. Even if you think about it again, he will never come back.

My good daughter, listen to your father's advice, stop thinking about Bai Qing, and apologize to Princess Niu properly. The couple can reconcile and have more sons. In this way, your position in Prince Niu's Mansion will be more stable. . "

Listening to his words, Princess Niu sneered in her heart.

Her position will be more stable, and then her natal family's position will also be more stable, right?

After all, they always think about themselves, and she is just a stepping stone for them to become successful, right?

"Father, you are overthinking. Baiqing will definitely come back. I will be in the palace, waiting for Baiqing to come back." She said calmly to her father.

Her Baiqing and her son were still alive and well, so why did she need to please that man anymore?

Ah.

All her life, she remembered that that man, the passionate father, really only pretended to look for his son for a few days when he disappeared, and never sent anyone to look for him again.

When it's time to go out to drink wine, I go out to drink. Sometimes I'm afraid that the emperor will blame me for Baiqing's disappearance.

He didn't dare to mess around outside, but in the palace, he was messing around a lot during that time. He got a lot of women from outside. While she was desperately looking for her son, he was fooling around with those women!

With such a man, what else was she pointing at?

"you--"

The princess's father was so angry that his heart ached when he heard her persistent words.

"Ming'er, why don't you understand? Baiqing is dead. He is dead and will not come back again."

He yelled at his daughter, then took a deep breath and exhaled heavily to calm himself down, calm down, and look at his daughter.

Chapter 2112 Fire pit?

"Ming'er, what you have to do now is to have a good relationship with Prince Niu, have a few sons of your own, give birth to a few sons of yours, and consolidate your position in Prince Niu's Mansion.

Only if your position in Prince Niu's palace is stable, and your father's position in the court can be stable, do you understand? "

"Understood, of course I understand."

Princess Niu had a sneer on her lips and nodded to her father.

She knew this very well. She understood it from the moment she heard that she was going to marry into Prince Niu's palace.

But so what if she understands it, it doesn't mean that she will definitely do what they want, right?

"But, father, don't you understand that if the matter of love is not handled well, even if I give birth to ten or twenty sons, what's the use? Do you think they can all grow up safely?"

She couldn't even protect one child, let alone how many?

What's more, who can guarantee that God will give her another child who will be loved by the emperor like Bai Qing?

"this....."

When the princess's father heard her words, his expression froze.

He seemed to be thinking about the possibility in her words, whether it was the women in the palace who did not want his daughter to have a transcendent status in Prince Niu's palace, so they attacked Baiqing.

If that were the case, I would really be a little scared.

But so what, you can't live without children just because you're afraid that your children will be harmed when they are born, right?

"Tsk, what's the point?"

The princess's mother clicked her tongue disapprovingly, looking at her daughter with eyes still angry.

"If you can't give birth to one, just give birth to two. If both of them die, then give birth to ten or eight of them. One of them will survive, right?"

Hearing this, Princess Niu's face darkened.

Are this couple really her biological parents? You can say such cruel things.

He thought she was a pig or something, and she still had ten or eight children. Fortunately, he could tell it. Sure enough, birds of a feather flock together, and she didn't want to take another look at the people in this family.

"Father, mother, even if you say so, let fifth sister marry into Prince Niu's palace. I am already old, but fifth sister, she is young and beautiful, and the prince will definitely like her. "

More than once, she saw the prince of her family looking at Xiao Wu with a lustful look.

"What? How can this be done!"

As soon as the princess's mother heard her words, she immediately jumped up from her chair, her face turned dark.

"How can your fifth sister marry into Prince Niu's Mansion? Don't you know what Prince Niu's virtue is? How many women are there out there, can you count them all? If Chun'er marries into Prince Niu's Mansion, she will be married in a few years. I have to stay a widow.

Ming'er, what are you thinking about? How could you push your fifth sister into the fire pit? "

"Fire pit?"

Princess Niu sneered and looked at her mother.

"Did mother forget that your daughter and I are sitting in the fire pit right now?"

she reminded.

When the fifth sister was mentioned, the mother was as anxious as if she was something. Don't they know that at this moment, she had only been married into the palace for a few years, and she had already fallen out of favor.

Moreover, since she married into the palace...

No, it was because I had never been attracted by Prince Niu since I married into the palace.

She said that she had a quarrel with the prince because of Baiqing's matter, but what was she quarreling about? She wanted to find her missing son, was she wrong?

Chapter 2113 Just Baiqing's mother-in-law!

But at the beginning, Prince Niu sent people to search for him for a few days and then stopped looking. She didn't say anything, right?

Could it be that he was angry just because she continued to send people to look for her and lost the dignity of Prince Niu as her father?

This was just an excuse, an excuse that allowed Prince Niu to ignore her openly. Why didn't they understand?

Or maybe they knew all along but just pretended not to know. They just wanted to use her to curry favor with Prince Niu and consolidate their position again, that's all.

However, they didn't want to think about it, could she be able to live with a man like Prince Niu?

"this....."

The princess's mother was stunned by her question.

After a long while, she came back to her senses, gritted her teeth, looked at her daughter, and replied.

"Can it be the same? You are the princess now, but if Chun'er marries into Prince Niu's palace, then...then she can only be an aunt, a concubine. Are you willing to let your sister become a concubine?"

she asked.

Princess Niu just curled her lips and did not reply.

Be a concubine?

Now that she is in Prince Niu's mansion, she might as well be a concubine. Those women can still see Prince Niu from time to time, but what about her?

Even when Prince Niu sees her now, he wishes she had a veil on her face. He doesn't want to see her face at all. Isn't her life worse than that of those women who are all dressed up?

"you shut up!"

When the princess's father saw that she had stopped speaking, he knew that she was angry. He turned around and shouted at his wife with a cold face.

"Shut up, just shut up."

The princess's mother snorted lightly and rolled her eyes at Princess Niu.

"Look what she said. Did she push her own sister into the fire pit? We have already taken good care of Chun'er's marriage. She is going to marry King Rui as his concubine. How can she do that? How about entering Prince Niu's Mansion?"

Although she would shut up when she said that, she couldn't help but mutter.

Hearing this, Princess Niu's sharp eyes glanced at her mother, Prince Rui? The son who was favored by the emperor after his grandson Baiqing?

They really thought well. Just because of Chun'er, they could marry the most favored King Rui?

In the end, I'm afraid she still wants to use her reputation as Princess Niu to make arrangements for them, right?

"hehe."

She sneered twice.

Maybe she would have done something for her mother's family before, but after today, she found that these people were not worthy of her doing anything for them!

From now on, she will only plan for her son, and she will just be Baiqing's mother-in-law!

"Father and mother have a good idea. Prince Rui, what, has my father already requested the emperor's decree? When can the fifth sister marry into Prince Rui's palace? Huh?"

She looked at her father and asked.

Although she has been in Prince Niu's Mansion these years, she knows everything about the outside world.

If she remembered correctly, King Rui already had a sweetheart, the second young lady of the prime minister's family, Chu Ge'er. How could he like the fifth sister?

"Then I would like to congratulate the fifth sister."

"Well."

The princess's father choked hard at his daughter's words.

He also knew in his heart that with Chun'er, he would definitely not be able to marry into Prince Rui's house without Ming'er's help.

Let alone the main concubine, I'm afraid I won't even be able to get a side concubine.

"Ming'er, your fifth sister's matter is up to you..."

"Father, I came here today to discuss something with you." Before he could speak, Princess Niu interrupted him.

Chapter 2114 Killing in the Street

She said it was a discussion, but in her tone, there was no room for negotiation at all. She just came to talk to them.

"Well."

The princess's father was choked again.

"What...what's the matter?"

Although he looked bad and blamed his daughter for interrupting him, she was already Princess Niu. Even as a father, he sometimes had to act based on his daughter's expression.

"I heard that a relative of my mother came over?"

Princess Niu glanced at her mother coldly, then looked at her father and asked.

"Well.

Hearing this, the princess's father's face turned red from suppressing his emotions, and he neither responded nor answered.

"You...you..." How did you know?

"Nothing. Where did you hear these nonsense things? They are all false!" Before he could say anything, the princess's mother denied her words.

What kind of relatives are those poor relatives? Why would she not recognize such relatives?

They were all here to fight Qiu Feng. If she hadn't been able to find them after being kicked out, she would have sent someone to kill them, so as not to embarrass her.

Hearing this, Princess Niu frowned and looked at her mother displeased.

Even if they are not close relatives, they are still related by blood. Her mother can deny it so naturally.

If this matter hadn't passed through her hands, and hearing what her mother said, she would really have thought that no one in the family would have believed her words.

"Mom, are you sure there are no members of that family of three?" she asked again.

"this....."

When the princess's mother heard what she said, she even knew that the people coming were a family of three. She must have already found out about it.

At this time, she naturally couldn't deny it. She could only grit her teeth and look at her daughter with a dark face.

She really didn't want to see those poor and miserable relatives. Whenever she mentioned those people, she felt ashamed on her face and wished she could change all the blood on her body.

"You've already asked me about it, so why are you asking me?" She rolled her eyes at her daughter angrily and said.

"Ming'er, how...how did you know that family of three?" Seeing this, the princess's father asked.

Those three people have been driven away. They should not let Ming'er, who is Princess Niu, know about it. He doesn't want the people of Ziyang Kingdom to know that he has such a poor relative.

However, Ming'er actually knew about it and asked specifically about it today.

What is this for?

"How did I know this? Haha."

Princess Niu chuckled lightly and looked at her mother with colder eyes.

"If my mother didn't want this poor relative and wanted to kill her, she actually sent people to kill people on the street in broad daylight. Would I have known about it?"

"What?!"

The princess's father was shocked when he heard this.

Raising his hand, he slapped his wife who was standing next to him.

"Snapped!"

"Well."

The princess's mother was in pain. She covered her face but did not dare to cry out in pain. She gritted her teeth and stared at her daughter.

"You bitch, do you think I'm not embarrassed enough? You dare to kill people in the street? Do you want everyone to know that those three idiots are relatives of our family? I think you are stupider than those three people. !"

The princess's father cursed at her angrily.

Chapter 2115 Threaten with the word 'death'

If those three people were really killed in Mengyan City, it would definitely have a big impact, and their family would definitely be involved as well.

Doesn't she even know this?

"I have no choice but to do it for the sake of our family. If those three people don't die, they will definitely come to visit us again in the future." The princess's mother explained.

The first time, when those people came to the door, they had already been seen. She explained that they were people begging outside, and she was able to get over it.

But if he comes to the door for the second time and is seen again, everyone in Mengyan City will know that their family actually has such a poor relative.

In particular, those people are members of her natal family. Will she still need to move around Mengyan City in the future?

She didn't feel that she was doing something wrong.

"you--"

The princess's father was almost mad at her. He couldn't help raising his hand again, and almost greeted her face again.

The woman was so frightened that she shrank back. Seeing how scared she looked and her daughter watching from the side, he endured it and finally put his hand down.

"Even if you are trying to clean up people, you have to wait until they leave the city before killing them. Do you understand?"

He explained to her.

"I understand, I understand.

The princess's mother glanced at her husband fearfully and nodded.

Looking at such a pair of parents, Princess Niu really didn't know what to say.

That was killing someone, and he was killing his own relatives. How could it be so natural, as simple as killing a chicken or duck?

"Ming'er, why did you suddenly ask about them?"

After a while, the princess's father calmed down and thought of asking his daughter.

How could he hear about a few insignificant people from his daughter's mouth? Could it be that she wanted to do something with those people?

"The children of that couple are very much like my concubine. I want to take them to live in Prince Niu's mansion." Princess Niu said to her father.

"What?!"

Upon hearing this, her mother screamed and almost lost control and wanted to slap her daughter in the face.

Finally, she thought that her daughter was now Princess Niu, and she, as a mother, was not the one who could beat and scold her at will. Then she stopped, but her face turned a bit red compared to the previous paleness.

I was angry.

"Ming'er, what do you think? You want to take these poor people to live in Prince Niu's Mansion?" The princess's father also frowned in displeasure and asked.

Wouldn't it be embarrassing for them to take that family of three to live in Prince Niu's Mansion? How could he agree to this?

"No, I don't agree, Ming'er, you want to take them to Prince Niu's Mansion, unless I die!" The princess's mother immediately threatened her daughter with her own life.

If someone is brought to live in Prince Niu's Mansion, how will they answer if someone asks how this family of three came to be?

Could it be that he was a poor relative of hers who came from nowhere?

Then her face must be completely humiliated, right?

"My mother has threatened me with the word 'death' over the years. She has threatened me enough, right?" Princess Niu looked at her mother coldly.

When she was unwilling to marry into Prince Niu's palace, her mother threatened her with death, crying that if she didn't marry, the family would not be able to survive, so it would be better to just die.

She had no choice but to get married.

Chapter 2116 How about you think about it again?

Now, do you want to threaten her with death again? She was very good at using the word "death".

"If my mother really wants to die, I won't stop her. Besides, I live in Prince Niu's Mansion, so I can't keep an eye on my mother all the time. Don't worry about it, so I won't stop her. "

she said.

"you--"

When the princess's mother heard this, a bad breath got stuck in her throat and she almost suffocated to death.

How come the tricks that worked so well in the past don't work now?

"Ming'er, do you want to make your mother angry to death? What's the use of those people? That child can't be compared with Baiqing. He's just a wild child who came out of the ravine.

If you want to have children, then make Prince Niu happy. There will be many children in the future! "

she said angrily.

"I think my mother still doesn't understand."

Princess Niu glanced at her mother and then at her father.

"Father, I am here today not really to discuss things with you, but to tell you that I will bring them into Prince Niu's Mansion soon. If you don't want to take care of them, then I will let you know. Just send someone to take care of it."

"Ming'er..."

The princess's father also wanted to persuade her not to take those outsiders too seriously.

But when the words came to his lips, when he saw his daughter's raised hand, he swallowed them back and turned into a sigh.

He knew that it was useless to say anything now.

"Have you thought about taking that family to Prince Niu's Mansion?" he asked.

"What does father think?" Princess Niu asked him.

The princess's father: "..."

Now if I ask him what he thinks, what's the use?

Will she listen?

"Then...will Prince Niu agree to you bringing that family to Prince Niu's Mansion? Ming'er, how about you think about it again?"

"No need."

Princess Niu turned around and no longer looked at her father and mother.

"I've made up my mind. I'm here today just to inform you. When others ask questions, you can answer them easily," she said.

Hearing this, the princess's mother gritted her teeth.

She really wanted to crack her daughter's head open and see what was inside.

The majestic Princess Niu, if she likes children, she can just have a few of her own. Why do she have to covet other people's children?

No matter how much that child looks like Baiqing, he is not the real Baiqing!

"Ming'er, do you really stop thinking about it?" she asked her daughter.

"Think about it, if Prince Niu saw you raising a child about the same age as Bai Qing, and you raised him as Bai Qing, how uncomfortable would Prince Niu feel?

If you really do this, Prince Niu will never come to your yard in the future. Isn't this just giving you an advantage over other women? Yes or no?

You know, you are Princess Niu. "

After listening to her many words of persuasion, Princess Niu just smiled faintly.

"If mother still remembers that I am Princess Niu, that's good."

"Well."

The princess's mother choked hard and immediately gritted her teeth.

Even if she is already Princess Niu, so what? Isn't she her daughter?

"Ming'er, mother, this is for your own good, you..."

"enough."

Princess Niu interrupted her.

"If mother is really doing it for my own good, there is no need to say it anymore. You just need to remember that I am Princess Niu for a day, and my natal family has a status in Mengyan City for a day, and that's it."

Chapter 2117 I don't dare anymore

"this....."

"Father, mother, if there is nothing else to do, I will go back to Prince Niu's Mansion first. With that said, she flicked her sleeves, turned around and left with the others.

"Look, look, what's going on?"

After Princess Niu left, the princess's mother pointed at the air angrily and said through gritted teeth.

"Having been Princess Niu for several years, have you forgotten that we are her parents? Look at her attitude. It really pisses me off!"

She was panting heavily, looking like she was about to faint.

"Shut up!"

The princess's father gave her a cold shout.

"Xiao Wu's matter is still pointing at Ming'er. Now that you have offended her, let's see if she will connect Xiao Wu and Prince Rui!"

he reminded.

Do you think he doesn't want to scold this unfilial daughter?

But now they still have something to ask her for. What if she really makes her anxious and doesn't help them?

"this....."

The woman was reminded by him and then she remembered.

"Oh, I forgot to tell her about this. No, I have to get her back. I have to let her arrange an opportunity for Xun'er and Prince Rui to meet."

With that said, she wanted to chase him out the door and chase him back.

But before her feet moved, her wrist was grabbed by a hand, and then, a big ear-scratcher hit her directly in the face.

"ah!"

As before, she was hit in the same place, and she couldn't help but scream in pain.

When she raised her hand to touch the beaten area again, she felt that it was already swollen. She shrank her head and did not dare to say a word.

"Be at peace with me and don't cause her any trouble. If she finds out something, I won't let you go!" The princess's father warned his wife in a cold voice.

"I...I don't dare anymore."

The princess's mother lowered her head and responded tremblingly.

"Then, what should we do about Chun'er now?"

After a while, she carefully raised her head and asked her husband.

"What can we do? Let's wait until she feels better before we talk about this matter. Chun'er is still young and can afford to wait!" the princess's father said bitterly.

Regarding the matter of Prince Rui, he naturally hopes to get it done as quickly as possible, but now Ming'er, his daughter, is no longer under his control, and he can't do whatever he wants.

Moreover, this matter is not so easy to handle.

He brought it up to Ming'er, but it was unclear whether Ming'er would distract from the matter.

You know, they wanted to marry Chun'er into Prince Rui's mansion, but they saw that Ming'er was no longer of any use and wanted to find a better chess piece.

After being Princess Niu for so many years, Ming'er couldn't have imagined this, right?

"Why."

If he wanted to accomplish this, he still had to wait.

...

"Princess, are you okay?"

In the carriage, the nanny looked at the livid master and couldn't help but express concern.

Not to mention the princess, even she, a servant, felt so inhuman after hearing what the princess's parents said.

None of the servants in Prince Niu's palace knew what their prince's temper was like. Even if his biological son was missing, it didn't matter whether he could be found or not, and he just kept hiding in the arms of women.

What can they say?

"nothing."

Princess Niu closed her eyes and opened them quickly.

Chapter 2118 Please call me Mrs. Jin

"Aunt Guo, go and help me investigate this matter." She looked at Aunt Guo.

"Princess, please give me your instructions."

Aunt Guo immediately went over and listened to her princess's instructions.

"Go and help me find out what happened when my mother gave birth thirty years ago." Princess Niu said.

"this....."

Grandma Guo was almost frightened by her master's words.

From what the princess said, did she doubt her own life experience?

Also, with such a pair of father and mother, and a family of profit-seeking brothers and sisters, how could there be such a cold-tempered relative as the princess, who regards power and money as nothing?

Even she suspected it, but she didn't dare to say it in front of the princess.

Seeing that Aunt Guo didn't know what to say, Princess Niu didn't have any expression on her face, and she just gave orders more calmly.

"Remember, find someone reliable," she said.

"Yes, Princess."

Aunt Guo responded, she did not dare to show any slightness towards this matter.

What kind of reliable person should she look for? She had to go and check it herself. She felt that no one she could find was reliable for such a matter.

"What about the little... young master?" she asked.

"I will bring you to Prince Niu's Mansion tomorrow. If the prince asks you anything, let him ask me himself." Princess Niu thought for a while and said.

The longer her son stayed outside, the more worried she became. Therefore, it was better to let him return to Prince Niu's Mansion as soon as possible, so as not to have Yin Lüqing find out any clues and have the intention of harming others.

"Yes, Princess." Aunt Guo responded.

...

The next day, Sui Zimo, Lin Caisang, and Yin Baiqing were taken directly back to Prince Niu's Mansion by the carriage sent by Aunt Guo.

Along the way, Grandma Guo almost looked at the three of them inside and out.

"Mrs. Sui..."

"Mother Guo, please call me Mrs. Jin."

Before Grandma Guo could say anything, Lin Caisang interrupted her and reminded her.

Her current identity is that she is a relative of Princess Niu's natal family, and her husband's family name is Jin. Naturally, she cannot let anyone reveal her identity.

"Uh, yes, yes."

Grandma Guo choked slightly, but the next moment, she nodded vigorously.

"Look at this old slave's brain. Mrs. Jin, you have to be called Mrs. Jin. Mrs. Jin, the look on your face..."

Yesterday, she sent the three people outside the wooden house on the mountain and let them in. If the other family hadn't been arranged by her to another place, she would really have thought that the three people in front of her were... , it's that family of three.

Look at those three faces, they are almost exactly the same as the family of three from before. This kind of disguise technique is something that many disguise masters on the Qianhuan Continent cannot do.

"What's wrong? Is there something wrong with my face?"

Hearing her hesitant words, Lin Caisang raised his hand and touched his face.

Then, she looked sideways at her husband.

"Master, is there something wrong with my face? What's wrong? Please help me look at it."

Hearing this, Sui Zimo turned his head and smiled softly at her.

"No, that's fine." He said.

"Mother, your disguise skills are so good, you can't even recognize your original appearance at all. Even if we sit in front of Yinluqing, he won't recognize us."

Yin Baiqing also echoed from the side.

Lin Caisang: "!"

Naturally, Yinluqing didn't recognize them, because he hadn't seen any of them for many years, okay?

Of course, no matter what, they still had to disguise themselves as the family of three.

Chapter 2119 The Prime Minister's Daughter

Otherwise, what if Yinluqing has seen their images? Isn't that the end of the game?

"I didn't think about Yinluqing, Goudan, you said what will you do if your father doesn't want to see us and kicks us out?"

she said.

With Yin Lüqing, even if he doesn't doubt it, they will find ways to make him doubt it.

Otherwise, they couldn't have worked so hard to pretend to be that family of three just to use someone else's identity to enjoy happiness in Prince Niu's Mansion, right?

She had to make Yin Lüqing suspicious before taking action against them, so that they could deal with it.

After hearing her words, the corners of Grandma Guo's mouth twitched involuntarily.

Abruptly, when she heard someone call her little master Goudan, she really had some bad reception. How could such a handsome child be given such a name that makes people unable to open their mouths? ?

"No, Mrs. Jin, the prince rarely cares about the affairs in the palace, and he will even less care about the affairs in the backyard. The princess takes care of them all."

She said to Lin Caisang.

Prince Niu is just a hands-off shopkeeper. Apart from eating and drinking outside, he doesn't care about other things.

Of course, he will naturally handle the matters assigned by the emperor.

Sometimes when things don't go well, the princess has to smooth things over for him. To be honest, in Prince Niu's palace, if there was no princess, Prince Niu would have been scolded by the emperor and would have to take off his clothes. The layer of skin is coming.

So, in Prince Niu's Mansion, the princess's status can be so stable.

If the princess didn't have any skills, and the young master disappeared again, with Prince Niu's temperament, he would probably destroy the princess early in the morning and let the women he likes become Princess Niu.

It's a pity that Prince Niu still has to rely on the princess, so he doesn't dare to touch her.

Hearing what Grandma Guo said, Lin Caisang just raised her eyebrows.

Of course she knew that Prince Niu would not drive them out of the house, otherwise, Princess Niu would not do this.

However, what she never expected was that she was originally planning to pass on the news of their entry into Prince Niu's Mansion to Yin Lüqing, but she didn't know that there was no need for them to bother at all.

As soon as they arrived at the gate of Prince Niu's Mansion, they saw two men in gorgeous clothes walking out together.

"Fifth brother, you are really blessed to have married the fifth sister-in-law. She takes care of all the affairs in this house by herself, and you don't need to intervene. It's very leisurely and contented, right?"

The man on the left smiled and said to the man on the right.

There was a lot of provocation in that tone.

It's a pity that his good fifth brother, Prince Niu, didn't hear the sarcasm hidden in his words at all, and he still laughed happily.

"Eighth brother, look at what you said. If you are willing, let the emperor give you a decree and designate you a daughter of a wealthy family. I think the prime minister's daughter-in-law is not bad at all." He said.

Yinluqing: "..."

He really wanted to fight such a stupid brother.

In that case, he wouldn't have to fight for it, and the lofty throne would be his.

"What I'm saying is that even if I were willing, the prime minister's daughter wouldn't be happy with it. Forget it, forget it. Let's just pretend that this matter has never been mentioned. Let's not talk about it. Let's not talk about it."

He shook his head repeatedly.

"How could you not say it?"

When Prince Niu heard this, he was immediately unhappy.

What is there not to say about this? Men should be married when they are college students, and women should be married when they are college students.

Chapter 2120 Find out their identities

There is nothing wrong, not to mention that the prime minister's legitimate daughter is so old, she is almost an old woman. The fact that the eighth brother can fall in love with her is a blessing she has earned over many lifetimes!

"Eighth brother, if you don't think it's okay, fifth brother should go and tell father that this matter will be taken care of by fifth brother.

He patted his chest and assured Yin Lüqing.

Yin Lüqing lowered his head, a hint of calculation flashed in his dark eyes. The next moment, when he raised his head again, he had become calm.

"Fifth brother, please stop talking about this. People don't look down on me." He said again.

In the carriage, Lin Caisang secretly lifted a corner of the carriage curtain and looked at the two men at the gate.

"Is this person Yin Lüqing?" she asked.

"Yes, Mrs. Jin, he is the Eighth Prince."

Aunt Guo didn't even need to look, she could tell who the two drunken men outside were by just listening to their voices.

One is their prince, and the other is full of evil intentions, but he pretends to be a harmless animal. Both of them are equally hateful in her eyes!

"Ah."

Lin Caisang lowered the car curtain and sat upright.

"It really looks like a human and a dog, it's annoying to look at!"

"Then don't look at it."

Sui Zimo took her into his arms and continued to listen to the two people outside discussing how to plot against an innocent woman.

If Yinluqing is young, he shouldn't live in this world. Soon, he will kill this person.

Outside, the two of them were talking and talking, and finally saw the palace's carriage parked nearby, and it felt like someone was still inside the carriage.

"come here."

Prince Niu waved to the coachman and motioned him to come over.

"The young one has met the prince."

The coachman walked over, knelt down and saluted Prince Niu.

"Get up."

Prince Niu glanced at him, then looked at the carriage.

"Let me ask you, who is on that carriage? The princess?"

he asks.

"Replying to the prince, the person in the carriage is not the princess, but a guest invited by the princess. Because he was afraid of conflicting with the prince, he did not dare to get off the carriage." The coachman replied.

After hearing his words, Prince Niu nodded with satisfaction.

It's good to know that he is afraid of him. He is afraid that the palace of Prince Niu is full of people who act based on the princess's face.

But he didn't want to pay attention to the people in that palace, so he handed over all the financial power to the prince.

"It's true that the princess invites everyone to the mansion. Remember, find out their identities and don't let anyone into Prince Niu's mansion. This is not a place where just anyone can come in if they want. Do you understand?"

"Yes, yes, I know." The coachman nodded repeatedly.

"Fifth brother, let's go, Miss Chunlu is still waiting for us, don't delay for these irrelevant people." Yinluqing reminded Prince Niu.

He looked into the carriage just now, but he didn't see a single figure. It could be seen that the people in the carriage were also worried.

Otherwise, when he swept through the burst of spiritual power just now, the car curtain would have been opened early in the morning.

I don't know who Princess Niu invited, could it be...

While he was coaxing Prince Niu to leave, he turned his head and glanced at the carriage which was so calm as if there was no one inside.

He would come over to inquire when he found some time, but it seemed that he was going too far if he had to let the people in the carriage get off now. After all, he still didn't know who the people in the carriage were.
