

## Star of Space 2121

Chapter 2121 Suspicion arises

I don't know if he can afford to offend him.

...

After a while, when Prince Niu and Yinluqing had already ridden away, the people in the carriage got off and entered the palace through the side door. Aunt Guo then arranged for them to move into the small courtyard next to the princess's courtyard.

"They say birds of a feather flock together, and this is indeed true." Lin Caisang sneered and shook his head.

She just heard about Prince Niu from other people's mouths, so she didn't feel much about it, but when she saw it just now, she really laughed.

"Goudan, don't imitate him in the future, do you understand?"

She looked at Yin Baiqing and said half-jokingly.

Fortunately, Yin Baiqing was stolen away by Yin Lvqing when she was very young, and she never grew up by Prince Niu's side.

Otherwise, if I watched and listened to Prince Niu's words and deeds every day, I don't know what kind of virtues Yin Baiqing, as his son, would be developed into.

It's really terrible, isn't it?

"Drink."

Sui Zimo handed a glass of milk to his wife and motioned for her to drink it first.

"If Prince Niu was not such a person, how could he be used by Yinluqing?"

He has no feelings for Prince Niu at all. There are many such people in the world, and Prince Niu is not the only one.

Moreover, this Prince Niu has nothing to do with them.

If he said that he would affect Yin Baiqing's growth, he didn't think it would. Yin Baiqing had passed the age where she needed her parents' love and infinite pampering.

Now, what he needs to think about is how to regain his position and make Yinluqing no longer arrogant.

"Um."

Lin Caisang took the cup and nodded.

This is quite true. Prince Niu is one of those people with well-developed limbs and a very simple head and face.

There is nothing wrong with being used by others, let alone by your own brothers.

"Zimo, I look at that Yinluqing, and he seems to be suspicious of us today."

Hearing this, Sui Zimo nodded.

Yin Lüqing will definitely put someone to watch if he can't control the situation, especially in Prince Niu's Mansion, he will be even more concerned about it.

"Let's see how he wants to act," he said.

...

Soon, Sui Zimo and Lin Caisang knew how the Yinlu Qinghui acted.

Less than a day later, at night, Prince Niu came back from outside and brought back two servants, who were sent directly to the courtyard where they lived to watch.

He also said that Yin Lüqing, the eighth prince, was generous, knowing that his family of three came from a poor place and there would be no one to take care of them when they entered the palace.

So he called two people from his side to take care of them.

"Tsk."

After Yin Baiqing clicked her tongue, she gritted her teeth and looked at the two servants in the yard who were sweeping the floor with brooms, but their eyes were wandering around.

"Father, mother, you are not taking care of us. You are clearly here to keep an eye on us. Only my idiot father will believe what that thief leader Yin Yuqing says. It's really sad."

Lin Caisang: "..."

My child, he is still your biological father after all. Is it really okay for you to belittle your biological father like this?

We are outsiders, and it won't hurt anything if we say a few bad words about Prince Niu, but you can't, you are the son of man!

But to be fair, this Prince Niu really has no sense of being a father at all. No wonder Yin Baiqing said this, he was so weird.

## Chapter 2122: Can't sit still anymore?

"Let them stare at it. Go and use it on them." As she said that, she took out a porcelain bottle from her small bag and handed it to Yin Baiqing. Seeing the porcelain bottle, Yin Baiqing's eyes suddenly lit up. "Mother, what are you doing..." Are you planning to poison those two pairs of thieves? Seeing him like this, Lin Caisang raised his other empty hand and knocked it directly on his head. "What are you thinking? It's just to confuse them. If you really poison them to death, wouldn't it be a case of trying to cover up the truth?" If that were the case, Yin Lvqing would not be suspicious of them, but would be sure that they were the people he wanted to find. "Anything is fine, just let them stay in front of me." Yin Baiqing hurriedly took the porcelain bottle and said. He hated it most when someone was staring at him all the time. He couldn't do anything he wanted. It was too aggrieved. "Be careful, don't spill it on yourself." Seeing him excitedly running out with the porcelain bottle, Lin Caisang said beside him. "There is no antidote for this thing. "

"Uh."

Yin Baiqing stood up straight, and the hand that was holding the porcelain bottle casually was quickly straightened, and the porcelain bottle was carefully held in his hand.

Turning around, after looking at Lin Caisang with resentment, he turned around again and left.

"It seems that this Prince Niu really listens to Yin Lvqing." After Yin Baiqing left, Lin Caisang looked at Sui Zimo and said.

Look, when they said to get two servants, Prince Niu really brought the people in obediently, and sent them directly to their yard.

Didn't he think about it, this is Prince Niu's Mansion.

He is the master of Prince Niu's Mansion, how can he let outsiders insert people in?

Especially, those who were inserted were brought in by Prince Niu himself, which is really a big joke.

"Only obedient people can be manipulated by him. "Sui Zimo spoke quietly.

If Prince Niu was not easy to talk to, how could he ignore his own son's disappearance, and still spend his time drinking and partying with Yinlüqing outside, leaving all the mess in the mansion to Princess Niu alone.

How could such a man be worthy of being a human being?

"That's right."

Lin Caisang nodded in agreement.

If Prince Niu was disobedient, like her husband, wouldn't Yinlüqing have trouble making a living in Mengyan City?

However, Yin Baiqing had such a foolish father, and she really felt sorry for him.

"Next, should we meet Yinlüqing?" she asked.

"He will come to us by himself, so we don't have to worry." Sui Zimo said.

Hearing this, Lin Caisang just raised her eyebrows.

Why should she be anxious? The one who should be more anxious should be Yinlüqing, right?

Just imagine, Princess Niu has not moved for several years, and suddenly she brought a family of three into the Niu Palace, and everyone in the palace was saying that Princess Niu felt that Jin Goudan looked very much like Yin Baiqing.

How could Yinlüqing, who was already so suspicious, not be suspicious? He must be unable to sit still now, right?

...

Yinlüqing was indeed unable to sit still. After separating from Prince Niu, he went directly back to his Eighth Prince's Palace and came to the study.

"How did the investigation go?"

He asked his guards.

"My lord, I have already checked. Two months ago, there was indeed a family of three who came to the city to seek refuge with Princess Niu's mother."

Chapter 2123 News that they are alive

The guard looked up at his master and spoke.

"It's just that Princess Niu's mother felt that that family would bring shame to her, so she drove them away. Not only did they drive them away, she also sent people to kill them on the street.

It was Princess Niu's people who rescued them and arranged for them to live in a small village outside the city. They built a wooden house on the mountain near the small village. "

Hearing the guard's words, Yin Lüqing had no doubts in her heart. She simply didn't believe that such a coincidence could happen.

"Explain all the details of that family's arrival in Mengyan City to me," he said.

"Yes, Master."

The guard responded and began to tell how Jin Dashan's family came to Mengyan City, how they settled outside Mengyan City, and how Princess Niu took a fancy to their son and wanted to adopt her as her adopted son. Everything was explained clearly.

Listening to these events, Yin Lüqing's face became even more ugly.

"So, all this was just what others said, and you didn't find anything?"

"Master, forgive me, that family's hometown is far away. If you want to find out the situation, it will take at least several months to go back and forth. Therefore, my subordinates only found so much."

When the guard saw that his master was angry, he immediately knelt down.

"But, Master, these are all facts. My subordinates have also visited the outside of the city. So far, there are always people living there.

"waste!"

Yinluqing was extremely angry and scolded his subordinates.

If Princess Niu really had doubts about him, how could she not be at all defensive?

I'm afraid that wherever his people go to check, Princess Niu has already taken care of them, right? And now, what he fears most is...

"Are you so brave that you dare to enter Mengyan City directly?"

he whispered.

Sui Zimo and Lin Caisang are so courageous that they dare to compete with him.

However, are they really brave enough to ignore that Mengyan City is his territory and come here directly to investigate his affairs?

Furthermore, he knew very well the subordinates he sent out.

Even if he is really caught, he will not betray him and expose his identity.

Therefore, Sui Zimo should not know his identity yet, let alone come directly to Mengyan City. He must be overthinking.

"Send someone to investigate immediately. No matter how long it takes, I want news about those three people!" He ordered the guard.

Even if he is overly concerned, so what?

As long as there is a slight possibility of making him suspicious, he will not let it go. Since Princess Niu dares to get them into Prince Niu's mansion, she must make plans to make them die inexplicably!

"In addition, send someone to deal with those three people. I don't want there to be news that they are alive tomorrow morning." He said.

"Yes, Master."

The guard responded, got up and walked out.

"Sui Zimo, could it be you?"

After the guards left, Yinluqing murmured to the air in the room and asked.

He sent people to guard wherever Sui Zimo and Lin Caisang might appear. As soon as they showed up, they would be captured immediately.

But those people were like air. After entering Qianhuan Continent, they disappeared without a trace, leaving his people who were following them without knowing how to follow them.

Regarding this, he really hated it with itch.

When he raised Sui Zimo, he just thought that with Sui Zimo's bloodline and talent, it would be difficult to tame him.

Chapter 2124 Surrounded

But he didn't expect that Sui Zimo would be so disobedient!

Now, the person has disappeared. It is obvious that he wants to hit him secretly in the dark.

But now Sui Zimo still had Yin Baiqing in his hand, which made him wonder whether Sui Zimo took Yin Baiqing directly to Prince Niu's Mansion.

"No, I still have to go to Prince Niu's Mansion tomorrow to see what's going on."

Just now he ordered the guards to kill the three members of that family, it was just a test.

He didn't hold out any hope of killing the family of three. After all, it was Prince Niu's palace, and there were many guards in the palace who were not vegetarians.

And since Princess Niu brought people into Prince Niu's Mansion, she must have sent someone to protect them. It was possible for the people he sent to get close to the family of three.

But as long as the three members of the family had some spiritual power, it would be impossible for his people to kill them in Prince Niu's Mansion.

He is still very clear about this.

Therefore, he must go and see who that family is tomorrow.

If that doesn't work, it would be better to let Prince Niu drive the person out of the palace than to be in fear in his own palace every day.

"hiss!"

Take a deep breath.

If he didn't still have a trace of reason left, he really wanted to go to Prince Niu's Mansion now to see who the three members of that family were.

...

That night.

The people sent by Yinluqing to assassinate Sui Zimo and the others in Princess Niu had already secretly arrived outside the courtyard where they lived.

A 'plop' sound.

When a killer in black jumped in from outside the wall, he just happened to jump directly into a large tank filled with water in the corner of the courtyard.

"who?!"

The servant guarding the yard heard the noise and immediately shouted.

"Oops."

The leading man in black turned green and secretly screamed that something was wrong.

"Retreat, retreat quickly!"

They would never have thought that in Prince Niu's Mansion, there would be someone who would put a vat in the corner.

And he glanced sideways at the corner, where there were several water tanks, all arranged in a mess, and it was obvious that they had just been placed.

Which ignorant servant put this in place? The furnishings in the palace are all fixed and cannot be placed randomly. Isn't this intentional to harm them?

He immediately ordered everyone to withdraw together.

Unfortunately, it was too late. After the servant guarding the courtyard shouted, the news immediately spread throughout Prince Niu's palace.

The palace guards and secret guards all rushed out and surrounded the few men in black who had just ran a few steps.

"Chief, what should we do? We can't get out."

A man in black looked at this situation and didn't know whether to move forward or retreat.

"Why are you panicking? Let's fight out!"

The leading man in black glanced at him coldly and said cruelly.

Of course, facing so many guards in Prince Niu's Mansion, it is impossible to rush out, but they are all dead soldiers. For them, if the mission fails, there is only death.

"At worst, it's just the word death."

Who among them was not born to die for the Master?

With that said, he picked up the sword in his hand and rushed towards the guards of Prince Niu's Mansion. Upon seeing this, the other men in black also rushed towards him.

...

"Tsk, tsk."

At the entrance of the courtyard, Lin Caisang was holding a few pastries in his hand and eating them slowly.

Looking at the bright fire not far away, and hearing the sound of cold weapons clashing with each other, she clicked her tongue twice.

Chapter 2125 You are stupid

"Mom, your method is really good. With just a few water tanks, this group of people were defeated. I learned another trick." Yin Baiqing also stood beside her, looking at What a great scene.

Sister Sangsang asked him to bring some water tanks, put them in that corner, and fill them with water. He didn't understand what they were used for.

Now that I look at it, I can see that it has indeed been put to great use.

"It's just, mother, how did you guess that they would come in from that corner?" he asked.

The yard they live in is not too big, but it is not too small. How could Sister Sangsang guess so accurately that the man in black would come in from this corner?

Hearing this, Lin Caisang just raised his head and glanced at him.

"Think for yourself.

"ah?"

Yin Baiqing opened her mouth, not knowing how to react.

He thought about it for himself, what should he think about this? He didn't know how Sister Sangsang guessed it. At least give him a hint, okay?

"Dad, can you tell me?"

Turning his eyes, he looked at Sui Zimo on the other side of Lin Caisang, who was caring about his wife and not paying attention to anyone else.

"You don't know things that even fools know?" Sui Zimo replied to him.

Yin Baiqing: "..."

Don't think that he doesn't know, the brother-in-law feels that he is pestering Sister Sangsang every day and is jealous.

He is not a fool. If a fool can be that smart, wouldn't he be worse than a fool? He's really good at scolding people.

"Father, mother, please tell me, there is nothing to do now anyway."

He raised his hand, gently tugged on Lin Caisang's sleeve, and said coquettishly.

"When it gets bright tomorrow, you can go out and compare the entire terrain and direction of Prince Niu's Mansion, and you will understand." Lin Caisang said.

"Oh, oh oh."

Yin Baiqing listened to her words and nodded.

Although he still didn't understand what was going on, there was still one night before dawn tomorrow, so he could afford to wait.

Soon several men in black were caught, but none of them survived. They all committed suicide by taking poison.

But even if they died, Sui Zimo and the others knew who sent them.

...

Early the next morning.

"Dog...ahem, Goudan, what are you doing?"

Princess Niu knew what was going on here last night, but after all, she was now Princess Niu, and her son did not come in as her biological son. It was not easy for her to come here last night.

So early in the morning, I came over to check on the situation.

However, before entering the yard, he saw his son standing in the corner, his head lowered, wondering what he was thinking about.

As for her, she really couldn't say her son's new name.

"Hey, Princess, you are here."

When Yin Baiqing saw her mother-in-law, she seemed more natural.

"I was thinking about how those men in black fell into the array of water tanks last night."

He told his mother-in-law that Lin Caisang asked him to put a water tank in the corner of the yard yesterday, and expressed his doubts.

After hearing her son's words, Princess Niu chuckled.

"You are stupid."

She raised her hand, touched her son's head lightly, and shook her head.

"Look where I came from just now?" she asked.

"Are you from..."

Yin Baiqing just thought about answering, but was stunned.

Suddenly, he understood and raised his hand to pat his head.

"I see."

Chapter 2126 So impatient

In order not to be discovered by the palace guards, those men in black came through the path that the mother and concubine took just now.

After arriving outside the yard, naturally he would not go around in a circle, but turn directly from the outside of the wall. And inside the wall here was exactly where Sister Sangsang asked him to put the water tank.

Therefore, if they don't fall into the water vat, who can fall into the water vat?

"Princess, how come you have time to come here so early in the morning?" After thinking about this clearly, Yin Baiqing looked at her mother and concubine and asked.

"Go ahead and talk."

Princess Niu glanced at the courtyard door and said.

"Uh-huh."

Yin Baiqing responded and went into the courtyard with his mother and concubine.

...

In the yard, Lin Caisang was sitting on a stone bench, reading a book in his hand.

When Princess Niu and Yin Baiqing came in, she heard the footsteps, turned her head, smiled and spoke.

"How about it? After being outside for so long, I figured out why..." Are you here?

Before the question was finished, she stood up when she saw Princess Niu coming with her.

"Princess Niu, you are here."

"Mrs. Jin, I will come here early in the morning, won't you disturb me?"

Princess Niu looked at Lin Caisang with a smile, her eyes falling on her newly pregnant belly. She thought that pregnant people would sleep a little longer in the morning.

Unexpectedly, Lin Caisang also got up so early.

"Why bother? It just so happens that I also want to talk to someone. Princess, please sit down." Lin Caisang said.

This is Prince Niu's Mansion, she is just a guest, what can she say about disturbing her?

"Princess, come here, is there something wrong?"

She asked after watching Princess Niu sit down in front of her.

"It's not a big deal. I just came to see you. It was too late last night and I couldn't come over to take a look. This Yinyinqing really dares to do any evil things!"

Princess Niu sighed and shook her head.

She really didn't expect that Yinluqing had really lost her conscience to this extent.

It was just a few people who entered Prince Niu's Mansion, but he could actually send people to assassinate him. How afraid was he that one of these people would include her son?

"There is nothing in this world that Yin Lüqing dare not do." Lin Caisang said calmly.

Yes, there is nothing Yin Lüqing dares to do. I'm afraid this person will do more than just steal her husband and Yin Baiqing, right?

I don't know how many families have been harmed by Yinluqing.

"Too."

After hearing her words, Princess Niu could only respond.

Yes, he can take away even the emperor's most beloved grandson at his request. What other things does he dare not do?

"I have received news from the Eighth Prince's Mansion that Yinluqing will be here soon," she said.

"Ah."

Lin Caisang chuckled.

"Are you so impatient?"

They just arrived yesterday, okay?

Even if you do it for a show, you can't be so impatient. You can wait a few days before coming over, right?

Why is this Yinluqing different from what she imagined? It feels like there is no city at all? Could it be that she thought something wrong?

"perhaps....."

Just when she was about to say something, she looked up and saw her husband coming over with a bowl of noodles.

"Husband, just now the princess said that Yinluqing is coming here, what do you think?" she asked.

"He should come over too."

Sui Zimo put the bowl in his hand in front of his wife and put a pair of chopsticks on it.

Chapter 2127 No one left

"Eat the noodles first. Yin Lüqing will come sooner or later. Wouldn't it be better if we come early now?"

"Right."

After listening to his words, Lin Caisang nodded.

Yes, it's better to come early than late, so they don't have to guess when he will come all day long.

It can also be proved that Yin Lvqing is really on guard against Yin Baiqing and does not dare to let him appear again in Zi Yan Kingdom and Prince Niu's Mansion.

"Princess Niu, I'll have to trouble you later. I'll go meet Yin Lüqing for a while. Husband, you..."

"I'll change my appearance and go there with Princess Niu." Sui Zimo said.

Naturally, he also wanted to meet this yinqing, but Son'er's place...

"Can you do it alone?" he asked.

Lin Caisang: "..."

Does her husband treat her like a three-year-old child?

Why can't I do it alone? Even if she can't do it alone, her parents and eldest brother are still there in her Golden Pearl Dimension, as well as Ban Jue and the others, right?

As for being so worried about her?

Yin Baiqing: "..."

Brother-in-law doesn't treat him as a human being, right?

"Dad, Mom still has me here, I just need to stay with Mom."

He hurriedly spoke up, saying that even though he was young, at least he was still a human being.

Knowing that Sui Zimo was afraid that he would leave, what kind of moth could Yin Lüqing do in this gap to deal with them.

But this is Prince Niu's Mansion after all. Why bother? Sister Sangsang still has the all-powerful Golden Pearl Space. If you are really in danger, just hide in the Golden Pearl Space. That's it.

"Okay, you're here."

Lin Caisang reached out, pinched his cheek, and said with a smile.

"Actually, you are also very powerful. It's your father who underestimates you."

"that is."

Hearing Lin Caisang's compliments, Yin Bai couldn't help but raise his chin and glanced at Sui Zimo proudly.

Seeing him like this, not only Lin Caisang, but also Princess Niu looked at her son helplessly.

It's actually good for a son to have such a temperament.

If he had been kept in Prince Niu's Mansion, there was no telling what kind of temper he would develop. Yin Lüqing had done him a favor unintentionally by getting him away.

...

Early in the morning.

In fact, it was not early in the morning. It still took some time for Yinluqing to get from the Eighth Prince's Mansion to the Niu Prince's Mansion.

Moreover, he didn't want people to see how anxious he was to come to Prince Niu's Mansion, so he waited for some time in his study.

It's just that I'm worried because none of the people sent out last night came back, and not even a message came out from Prince Niu's Mansion.

It can be seen that all those people are dead and there is no one left.

Outside the gate of Prince Niu's Mansion, Prince Niu was about to leave the mansion to find his eighth brother when he saw Yinluqing had arrived and immediately smiled.

"Eighth brother, it's early for you today. Fifth brother is just trying to find you. Let me tell you, those little girls you found for fifth brother yesterday are really..."

"Fifth brother."

Before Prince Niu finished speaking, he was interrupted by Yin Lüqing, who asked Prince Niu.

"Eighth brother heard that fifth sister-in-law really left that family behind yesterday? Did the two servants that eighth brother gave you look after properly?"

"Well."

Prince Niu didn't expect him to ask this, and for a moment he didn't know how to answer.

They were just a few unattractive guests, so they were not worthy of his attention. He just threw the people Yin Lüqing gave him directly to the princess, and that was it.

Chapter 2128 Is it also related to the Eighth Prince?

"Lu Qing, what do you need to care about those individuals? I am telling you that yesterday..."

"Fifth Brother, that is the person who entered Prince Niu's Mansion, how could you not pay attention?"

Yinluqing interrupted Prince Niu again and changed the word "care" to "attention". This obviously attracted Prince Niu's attention to the fact that Sui Zimo and the other two people would have bad intentions towards Prince Niu's mansion.

"If they really have any evil intentions, wouldn't it be dangerous if they live in Prince Niu's mansion now?"

"this....."

Prince Niu really never thought about going up to that level.

After all, he is Prince Niu. Even if those three people have malicious intentions, what can they do?

Prince Niu's Mansion is heavily guarded. Even if the princess wants to see her husband, she has to go through a communication. Those few people don't even have a chance to see him.

So, he is not worried.

However, now that this matter was mentioned by Yin Lvqing, he felt a little uncomfortable.

"Eighth brother, you are worrying too much. Your fifth sister-in-law always knows people with a keen eye. There will be no mistakes in the people she invites into the house."

The person was brought into the palace by his concubine. Even if he really had any malicious intentions, he would not let Yin Lüqing know about it. At worst, he would deal with the person himself in the future.

At this time, he would never admit it.

"Fifth Brother, you are not afraid of ten thousand, just what if they have evil intentions and want to harm Fifth Sister-in-law?" Yinluqing continued.

According to what he knew about his brainless fifth brother, as long as he said a few more words, he would follow his own wishes and go back to the house to investigate that family.

And he could just meet those people and see if they were the ones he had in mind.

If it were really them, then Sui Zimo would be able to do it.

...

Not long after, in Prince Niu's study.

Prince Niu and Yinluqing were sitting there, and Princess Niu had just been invited by the palace guards.

"Hey, Your Majesty, I thought you were the only one here, but I didn't expect the Eighth Prince to be here too. Is something important going on?" As soon as Princess Niu came, she smiled faintly at Yin Lüqing and asked.

Her maids and entourage were all guarding outside. Naturally, Sui Zimo was also outside, but from his angle, he could just see Yin Lüqing's face and the expression on his face.

"Eighth brother has met fifth sister-in-law."

Yinluqing stood up and said hello to Princess Niu.

"You're welcome, the Eighth Prince."

After Princess Niu said something, she moved her eyes back from him and looked at Prince Niu.

"Your Majesty, my servant just came to tell me that you have something important to discuss with me. I don't know what it means? Could it be that this matter has something to do with the Eighth Prince?"

"Well."

Prince Niu was choked by Princess Niu's words.

These words were obviously reminding him that they were Prince Niu's masters.

As for Yinluqing, even though he was his eighth brother, the brothers had already separated from each other and each had their own palace. Naturally, Yinluqing could not interfere in the affairs of his palace.

"this....."

His eyes drifted towards Yin Lüqing.

I already secretly regretted it in my heart. Why did I listen to my eighth brother and go back to the house to accuse the princess?

Yes, the princess was right in reminding her, this is Prince Niu's Mansion, how can you let the eighth brother just say what he says?

At this time, Yin Lüqing's face didn't look very good either.

In the past, when had Princess Niu been so unkind to him?

Chapter 2129 Adding fuel to the fire

Besides, he had been involved in the affairs of Prince Niu's Mansion before, so why did his fifth sister-in-law's attitude towards him change after that family came over?

"Fifth sister-in-law, you are wrongly blaming the fifth brother. It is actually because the eighth brother heard that the fifth sister-in-law found a family that he did not know the details of and entered Prince Niu's mansion. He was afraid that the fifth brother and the fifth sister-in-law would get into trouble with others, so he blamed the fifth brother. Brother mentioned a few words.

He calmed down in his heart, then looked at Princess Niu with a smile.

"oh?"

Hearing this, Princess Niu looked surprised and looked at Yinluqing.

"The eighth prince is really concerned about our Niu Prince's Mansion. I guess the eighth brother came here today to find out the details of that family, right?"

"Well!"

Yinlu Qingzhu was really choked by her words.

How did he respond to this? It's not good to say yes, it's even worse to say no.

"Fifth sister-in-law..."

"Since the Eighth Prince has found out all their details, he must know that they are my natal family, right?" Princess Niu did not give Yin Lūqing a chance to speak at all and continued to speak to him.

"It turns out that in the eyes of the Eighth Prince, my concubine's natal family are actually people who don't know the details?"

A sarcastic smile appeared on her lips, and she looked at her husband, the real head of Prince Niu's palace, Prince Niu.

"My lord, do you think so too?"

"This king..."

Prince Niu was almost frightened when he heard Princess Niu's question.

You know, when the princess married him, even though she was just a concubine, it was an imperial decree issued by the emperor.

If what Princess Niu is saying now is that he doubts her natal family, doesn't that mean that his father made the wrong marriage and issued the wrong imperial edict?

He didn't dare to say such words.

"Where are you? The princess's mother-in-law is naturally a distinguished guest of Prince Niu's Mansion. I invite the princess to come over. I just want to ask if the distinguished guest is accustomed to living here. Can I arrange for a servant to come and wait on you?"

He immediately changed the subject and stopped mentioning whether those people were evil people.

Moreover, at this moment, because of Princess Niu's words, he actually complained in his heart that his eighth brother, Yin Lüqing, was here.

If he hadn't mentioned those people so much and kept persuading in his ears, he wouldn't have just invited the princess here and wanted to launch an attack.

Now I'm fine, I was almost choked by the princess and couldn't even speak.

"But, if I remember correctly, that family is just a distant relative of the princess's mother's family, right?" Yinluqing, whose face was already very ugly, reminded Prince Niu.

Hearing this, Prince Niu's face darkened.

He was already on the verge of appeasing the princess, so why didn't the eighth brother understand his good intentions?

We have to add fuel to the fire at this time, right?

"Eighth brother, you..."

"hehe."

Before Prince Niu could say anything, Princess Niu chuckled twice.

"Eighth Prince, I really can't tell that you really don't care about our Prince Niu's house in general. Yesterday, as soon as the concubine came to the house, you arranged for two servants to come and wait on you. Today, you are caring again. Their identities are here?"

"This king..."

Yinluqing opened his mouth, thinking that Princess Niu had misunderstood him.

But the meaning of his words can be understood by even the stupidest person, and there is no need for him to explain anything at all.

And Princess Niu was not prepared to give him a chance to explain. "

Chapter 2130 Unidentified Servant

"I would like to thank the Eighth Prince here for being so concerned with my natal family. After all, the prince is my natal family, so I don't want to disturb the people of Prince Niu's palace too much. I will send people to take care of them. .

Halfway through her words, she looked at Prince Niu and said.

"Otherwise, if outsiders find out about this, they will think that our Prince Niu's palace is empty, and we will have to trouble the Eighth Prince to send a few people to take care of my concubine's family.

I have nothing else but a loyal servant. I still have some. "

"What did the princess say? Your relatives are naturally my relatives as well." Prince Niu said immediately.

He doesn't want to lose face?

If outsiders know that he, Prince Niu, doesn't even care about his princess's natal family when it's in trouble, and lets the princess take care of it by herself, then when he goes out in the future, he won't be laughed at by outsiders, right?

Also, what the princess said just now is quite right. Why did he just feel it now that the eighth brother is so strange?

Since they are the princess's natal family, what does it have to do with the eighth brother?

Why was the eighth brother so enthusiastically whispering in his ears what bad things they would bring to Prince Niu's Mansion?

How did he know that that family would bring bad things to Prince Niu's Mansion?

"Princess, the eighth brother also said something extra. Don't be acquainted with him. The eighth brother, you have gone too far this time. What does it matter if your fifth sister-in-law's relative is taken into Prince Niu's Mansion to stay for a few days? ?

You are really too trivial to mention Dazuo, and the two servants you gave me yesterday, please take them back today. There are so many servants in this king's palace, so I won't bother my eighth brother to send them specially. Someone has come to take care of your fifth sister-in-law's relatives.

Thinking of what his princess said just now, he felt that his eighth brother's proposal yesterday to bring two people to Prince Niu's Mansion to take care of the family was really bad.

The majestic Niu Prince's Mansion, no matter what, can't be short of people to the point of borrowing servants from the Eighth Prince's Mansion, right?

"this....."

Listening to the words of the two couples in front of her, Yinluqing would have turned pale if she hadn't tried her best to endure it.

He would often send a few people to Prince Niu's Mansion to keep an eye on them, and those people were all brought back to the manor by his stupid fifth brother.

Therefore, Prince Niu's Mansion has always been closely watched by him.

Unexpectedly, Princess Niu just said a few words in such an understatement, and then Prince Niu pointed the finger at him directly.

Moreover, he actually asked him to take back all the servants he had arranged to come in.

But even so, he still breathed a sigh of relief. At least, everyone who had been brought in in the past did not need to leave.

"Since Your Majesty feels that there are too many servants in Prince Niu's Mansion, then let's expel all the unidentified servants you brought back from the mansion, Your Majesty, just like what the Eighth Prince said.

This is Prince Niu's Mansion, not just anyone can come in. "

Princess Niu continued.

Hearing this, Yin Lüqing's face really turned dark.

Only now could he be sure that Princess Niu really wanted to go against him.

Why was something that had never been mentioned before suddenly brought up by this woman?

"Unidentified servant?"

Prince Niu frowned when he heard her words.

It took a while before he came back to his senses and understood who the servants his princess was talking about were.
