Chapter 2131 You misunderstood

"Those people are all..."

He wanted to say that those people were given to him by his brothers, not some unknown servants.

But aren't those people really unknown people?

Even if not, they might have been sent by various princes to his palace to inquire about his situation, right? Perhaps, his son's disappearance has an indelible relationship with those people?

Not only his eighth brother, but also his other brothers saw that his eighth brother was stuffing people into his mansion, and they would also stuff people around them into his mansion.

In the past, he thought that these were nothing, just a few servants, and it was not like he couldn't afford the monthly salary.

I took it all as ordered.

But now that I think about it, maybe it's really not the case.

"They are just a few servants. The princess is in charge of all matters in the palace. Since she feels that those people should not be kept, then she should send them away. There is no need to inform the king about this matter."

After the eighth brother leaves later, he needs to have a good chat with the princess to see if there are any clues about Baiqing's disappearance. The princess has found out some clues.

Otherwise, why would the princess's attitude towards her eighth brother suddenly change?

But when he heard his fifth brother's words, Yin Lüqing's face really turned bad. He was pulled out of hell, and he couldn't hide the anger all over his body.

But even so, he had to put on a smile and look at Princess Niu.

"Fifth sister-in-law, I had good intentions. I hired a few servants to take care of fifth brother's daily life, but I never thought that it would make fifth sister-in-law unhappy. But eighth brother didn't think carefully."

he said.

And with these words, it was obvious that she was accusing Princess Niu of losing face to him, the prince.

But who is Princess Niu? How could she be afraid of someone who caused her to be separated from her son for many years? Even if the other party is a prince, so what?

"I am here to thank the Eighth Prince for his kindness."

She smiled faintly at Yin Lüqing, then glanced sideways at Prince Niu, and then looked at him.

"It's just that my prince, after all, is the serious Prince Niu, personally appointed by the emperor, and I am also his royal concubine. How can I let an outsider, Brother Lao, put the people around me at my prince's side?" ?

To put it nicely, this means that you and my prince have a deep brotherly relationship. To put it harshly, people outside may think that I, Princess Niu, cannot even take care of her own husband.

This means that the people of Ziyan City are not those who talk nonsense. If everyone likes to tell jokes after dinner, who knows how this matter will be spread. "

She said to Yinluqing one sentence at a time.

Yinluqing: "!"

Why had he never noticed before that his fifth sister-in-law actually had a eloquent mouth?

In the eyes of Fifth Brother, it seemed to be a very simple matter, but when it came to Princess Niu's mouth, she was forced to break it up and cause disharmony between the couple?

Moreover, was he the one who caused them to be rumored to be at odds with each other?

"Fifth sister-in-law, you have misunderstood. This is not what I meant."

He immediately explained for himself, then sighed and pretended to be helpless. He glanced at Prince Niu, the fifth brother, and completely pretended to be a person who had suffered great grievances.

"It doesn't matter, it's my king's lack of thinking that makes Fifth Sister unhappy. Fifth Sister can deal with those servants as she wants."

Chapter 2132 What does it mean?

Anyway, his people have been placed in Prince Niu's Mansion for so many years and have already developed their own power. Even if all his people are sold, so what?

Those people in Prince Niu's palace who were secretly watching, how should they watch, or how should they do things for him.

"Then it will follow the wishes of the Eighth Prince." Princess Niu said with a faint smile.

Hearing this, Yin Lüqing's face froze, and she gritted her teeth secretly.

I really wanted to reach out and slap this woman to death, but he actually said it as if he was begging her to get rid of his people.

He had never seen someone so quick to climb up the ladder. At this moment, his uncle was very suspicious that this woman wanted to make him angry to death.

Or maybe she really found something, and she found it directly on him?

Or was it that she wanted to use her relatives to find out his mistakes, so she took that family into Prince Niu's palace so openly?

He couldn't help but think about the situation when he saw the carriage yesterday, and he really felt that something was not right.

Even if he was a relative of Princess Niu, he was just a poor relative. How could he come to the main entrance of Prince Niu's Mansion, where he wanted to get off the carriage and enter Prince Niu's Mansion?

That is absolutely impossible. Even if Princess Niu wants to promote her relatives, the housekeeper of the palace will not let her do so.

So, did that carriage stop at Prince Niu's Mansion on purpose just to attract his attention?

Yes or no?

Thinking of this possibility, Yin Lǔqīng's face turned really ugly. She hurriedly made an excuse to Prince Niu and left Prince Niu's mansion.

Prince Niu was behind him and couldn't even catch up with him. He was completely confused.

"This eighth brother is so anxious to go somewhere, and we have made an appointment to go... ugh!"

Naturally, the place where he and Yin Lǔqīng had agreed to go could not be mentioned directly to his princess. He choked hard at his own words.

"Princess, I advise you, no matter where you go, it is best not to go with the Eighth Prince." Princess Niu looked at Yinluqing's retreating back and reminded her prince quietly.

"this....."

Prince Niu turned his head and looked at Princess Niu.

"Princess, did you...find something?"

After a long while, he looked at her seriously and asked.

"What are you checking? What does the prince mean?" Princess Niu asked him pretending to be confused.

Even if she found something, she would not say it in front of her prince. Otherwise, she said it one moment, and the next moment, Yinluqing would know everything.

You know, there are many Yin Lüqing's spies in their palace, and it's not just one or two.

However, with the prince's words today, she could clean out all Yin Yuqing's informants in a fair and just manner.

Of course, it also includes those people arranged by other princes and princesses in Prince Niu's Mansion. She will not keep any of them anymore, and they must all be cleared out!

"Well."

Prince Niu choked at her words.

He knew that she had always blamed him. After Baiqing disappeared, she soon stopped looking for her son's whereabouts.

But what could he do? How could she know that this was not voluntary at all, but...

Hey, what's the use of talking so much? It's all his business after all, so it's better not to involve her. As for Yin Yuqing, after this incident, he should be more careful, right?

Chapter 2133 It's a fake

"Princess, since your guests are here, let's entertain them well. I have something else to do, so I'll leave first.

After saying this, he left.

Watching Prince Niu leave, Princess Niu could only sigh and shake her head.

Then, she returned to her yard.

...

After Sui Zimo returned to the courtyard where he lived, he told his wife what he saw when he saw Yin Lüqing.

Lin Caisang frowned slightly as he listened.

"Husband, listen to what you say, why do I feel that this Yinyinqing is a bit strange?" She held her chin in her hands, blinked and looked at her husband, and asked.

I don't know if she felt wrong, but she always felt that Yin Yuqing was not as strong as she imagined.

How come you can't even deal with Princess Niu as a woman and let her have the upper hand?

This really didn't sound like the Yinluqing she heard.

"I thought that, at least in his eyes, Princess Niu was not worth mentioning. Who would have thought... that she would be so vulnerable?"

Hearing this, Sui Zimo also fell silent for a moment.

"I feel the same way, but... I can't really explain it," he said.

"you mean....."

Lin Caisang looked at him hesitantly.

"substitute."

Sui Zimo put the hot milk in front of her and spoke frankly.

"substitute?"

On the side, Yin Baiqing, who could only smell the fragrance of milk, was stunned when she heard Sui Zimo's words.

"Dad, are you saying that Yinluqing is a fake?"

When he was in Huanglu, he always heard people say that the cunning rabbit has three caves. Only now did he realize that it was true. This Yinluqing was obviously such a person.

"Isn't this right?"

Suddenly, he shook his head, his eyes full of disbelief.

"My father and he are often together. If it is a fake, how could my father not notice it at all?"

he asks.

Hearing this, Sui Zimo and Lin Caisang looked at him at the same time.

Yin Baiqing: "..."

He was silent for a moment, remembering what kind of person his father was, and suddenly he didn't know what to say.

"Well, it would be strange for my father to be able to discover it."

Hearing his unceremonious derogatory words about his father, Sui Zimo raised his eyebrows.

"Today, in addition to discovering that Yinluqing is a fake, there is another unexpected gain." He said to his wife.

"oh?"

When Lin Caisang heard this, he became interested.

"What's the gain?" she asked.

"I discovered that Baiqing's father is not as simple as others seem." Sui Zimo glanced at Yin Baiqing and said.

"what? What?"

Hearing this, Yin Baiqing immediately became excited, grabbed Sui Zimo's arm with both hands, and asked.

"As for my father, it's not that simple. Dad, are you out of sight? Did you see it wrong?"

He had only returned to the palace for two days, and he had already learned everything about what his father had done in the past few years. He could only use two words to describe it.

Faint!

For such a person, my brother-in-law actually said that he was not as simple as others seemed.

The people the brother-in-law mentioned in his words should also include him, the biological son of his father, right?

"Um?"

Sui Zimo narrowed his eyes coldly and glanced at Yin Baiqing.

"Well."

Yin Baiqing immediately shrank her neck and pursed her lips, not daring to say any more rebellious words.

"Dad, just say it, just say it and I will listen," he said.

Chapter 2134 No more movement is allowed

"Perhaps, even Princess Niu can't tell. Prince Niu seems to be a person without any scheming, but in fact, he has a deep scheming, but it is difficult for ordinary people to detect it.

Suizi Mo said.

He was standing outside the door before and could clearly see the expressions of Yin Lüqing and Prince Niu.

Yin Baiqing: "..."

Is he considered an ordinary person?

Anyway, he didn't see what else his father could have up his sleeves!

"Dad, is what you said a bit too exaggerated? Is it really my father you saw? Isn't it a lie?" He asked quietly.

They had suspected that Yin Lüqing was a fake before. Maybe they were wrong. In fact, his father was the fake, right?

Hearing this, Lin Caisang raised his hand, tapped Yin Baiqing's head, and rolled his eyes at him.

"If your father is really a fake, then can you still call him father?" she asked.

"That's not necessarily true. I just returned to Prince Niu's Mansion. It's normal for me not to recognize him." Yin Baiqing curled her lips and said.

"Father, mother, tell me, is this the case? In fact, Yinluqing had my father tied up long ago when he wasn't paying attention, and then found a fake one to replace him.

And the one who is now in Prince Niu's Mansion has long been fake.

That's why he never stayed overnight at my mother-in-law's house because he was afraid that if she recognized him, he would be doomed.

What do you think? "

Lin Caisang: "..."

Sui Zimo: "..."

Could this child's imagination be any richer?

No matter how bold Yinluqing is, she wouldn't dare to replace Prince Niu, right?

"Your father's cultivation level is very good, he should be higher than Yinluqing." Sui Zimo said to him.

He could see just now that although Prince Niu acted a little confused, his cultivation level was really much higher than that of Yinluqing's substitute.

And he thought that even if Yin Lüqing wanted to find a substitute, he would probably find a subordinate whose cultivation level was similar to his own. The cultivation level of the two people would definitely not be much different.

"Perhaps, this is also the reason why the Yinluqing Association chose you. Your father and mother's cultivation are both strong men of the first and second attributes in Mengyan City, and your talent is naturally inherited from you. It's natural for my parents to have better talents."

Having said this, he seemed to understand something and glanced at his wife.

"You are saying that Yinluqing came to murder me because of my talent?" Yin Baiqing asked.

"Then our previous guesses were wrong, right? The Purple Qi Stone on my body was probably given to me intentionally by Yin Lüqing, in order to use the cultivation I gave him as a stepping stone.

Yes or no? "

Hearing his words, Sui Zimo and Lin Caisang fell silent at the same time.

Although that's what it says and can be understood that way, but...

"Goudan, go and have a look in the kitchen. The chicken soup I've been stewing should be ready. You can take a bowl of it yourself and don't touch the other one." He said to Yin Baiqing.

"Chicken soup, okay."

As soon as Yin Baiqing heard that there was something to eat and drink, she immediately turned around and ran away happily.

Although, he also knew in his heart that his brother-in-law probably had something to say to Sister Sangsang but didn't want him to know.

But what does it matter? If they don't want him to listen, then he won't listen.

"Madam, have we always understood it wrong before?"

After Yin Baiqing left, Sui Zimo turned to look at Lin Caisang and asked.

Chapter 2135 The Imperial Mausoleum of Ziyang Kingdom

"Um.

Lin Caisang nodded seriously.

"It is very likely that the Purple Qi Stone was artificially sent to Baiqing, but this person doesn't have to be Yinluqing, it could also be someone else?"

she said.

They had always thought that Yin Lüqing had sent the purple air stone to Yin Baiqing and asked him to swallow it.

But why does it have to be Yinluqing? It could also be someone else. It's possible for people in Prince Niu's Mansion, and it's possible for many people in Mengyan City.

Including, it is also possible that they have always heard from Princess Niu that the emperor dotes on Yin Baiqing very much.

"Perhaps, we can check the origin of the purple gas stone." Sui Zimo suggested.

After finding out the origin of the purple gas stone first, the rest would be easier to find out, and they could also find the direction of their search.

"Then, let me check?"

Lin Caisang nodded and took the Golden Pearl Order into his hand.

Sui Zimo kept looking at her, fearing that something strange would happen when she communicated with Jin Zhuling. After a while, he saw her taking the Jin Zhuling back.

"How?" he asked.

"According to what Jin Zhuling said, the Purple Qi Stone has always been on Qianhuan Continent, but it is not available to ordinary people. It has always been kept by the royal family of Ziyang Kingdom, and because this thing is harmful to people, it was Sealed in the imperial mausoleum of Ziyang Kingdom."

Lin Caisang took a deep breath and said to her husband.

"Imperial Mausoleum?"

Sui Zimo frowned.

At this moment, he finally understood why Yinluqing secretly smuggled Yinbaiqing to Huanglu after more than a year.

Because he didn't know at all before that Yin Baiqing would have a purple gas stone specifically designed to absorb his spiritual power. When he later learned about this, he had the idea to combine the purple gas stone with Yin Baiqing's spiritual power. Solitary thoughts.

Only then did Yin Baiqing secretly get to Huanglu.

"If I remember correctly, Prince Rui should have sent people to guard the imperial mausoleum of Zi Yan Kingdom, right?" Lin Caisang said.

Because Princess Niu came back from her natal family and told them that her sister wanted to marry Prince Rui, they specially sent someone to check on Prince Rui.

Although Prince Rui was very favored by the emperor, he was a prince who had been guarding the imperial mausoleum and could not enter Mengyan City if nothing happened.

"Could it be him?"

"perhaps."

Sui Zimo just spit out two words.

Yes, it can only be maybe, and who says that only those guarding the imperial mausoleum can come into contact with the purple gas stone?

"You can find out if you ask Princess Niu about this."

"Um."

Lin Caisang nodded.

...

In the study room of Yinluqing in the Eighth Prince's Mansion.

‘Bang!’

With a loud noise, Yin Lüqing swept the inkstone on the table to the ground, and ink instantly stained the entire ground.

"master."

Seeing that he was angry, the guards all knelt down.

It's no wonder that the master is angry. Who would have thought that Princess Niu would act so resolutely.

As soon as they heard from Prince Niu, they immediately removed all the people who had been sent to Prince Niu's Mansion by their master before, as well as those who were later developed by their people in Prince Niu's Mansion.

Now, there are only a few of them in Prince Niu's Mansion.

Even if there are still a few people around, they are of low status and cannot pry out any information at all.

"Zui Yiming!"

Yin Lüqing gritted her teeth and grinded out a name.

Chapter 2136 Let's see!

He really didn't expect that his good fifth sister-in-law would understand so well that he would send out all his people in Prince Niu's palace.

Moreover, all the people that the other brothers had packed in were sent out.

The most important thing is that Zui Yiming put all the responsibility for this matter on him. It was because he had done something wrong before and he should not have asked about the family of three.

It was just a couple with a child, but they were able to make Zui Yiming perform to such an extent.

"Damn it, damn it!"

Everyone else was sent out of Prince Niu's Mansion by Zui Yiming, so it didn't matter.

The most important thing is that all the people the emperor secretly sent were sent away, and all of this must be blamed on him.

Wait, the emperor will get the news in a few hours, and he will definitely be summoned to the palace. He will be scolded, or worse, he will be secretly punished by his father.

"Master, now Prince Niu's Mansion is short of people, do we want more people to come in?" asked the subordinate who was kneeling on the ground.

Hearing this, Yinluqing glanced at him with cold eyes and squeezed out one word from between his teeth.

"roll!"

What's the use of sending people now?

Looking at what Princess Niu did today, I'm afraid that the people in Prince Niu's mansion have already been thoroughly understood, right?

She must have been prepared. No matter how they arranged people at this moment, it was impossible to place them into Prince Niu's palace.

"My subordinates resign."

When the subordinates saw the look in their master's eyes that wanted to tear them apart, they quickly lowered their heads and retreated.

"Zui Yiming, let's wait and see!"

As long as Yin Baiqing didn't return to Prince Niu's Mansion, Zui Yiming would come to beg him.

However, he had to first make sure that the people who were brought into Prince Niu's Mansion by Zui Yiming were not Sui Zimo and his party.

But thinking about it, I thought it was impossible. After all, there were more than three people in Sui Zimo's group, and Lin Caisang was not pregnant.

And according to the last news his people came from Prince Niu's Mansion, that woman was pregnant with Liujia, so she couldn't be Sui Zimo and his party.

"Sui Zimo, where on earth did you go?!"

he asked himself bitterly.

Are these people capable of flying into the sky and shielding the earth? He disappeared as soon as he entered Qianhuan Continent. Could it be that Lin Baizhong had been operating in Qianhuan Continent for so long and had other places to go?

But Qianhuan Continent is so big, where will he find these people?

"Don't let me catch you, otherwise, I will make your life worse than death!"

he said angrily.

...

"Your Majesty, the Princess has sold out most of the servants in the palace." The housekeeper came to Prince Niu's study and reported to him.

So many people were kicked out at once. Some of the young masters in Prince Niu's Mansion didn't even have anyone to serve them. They all came to him to make trouble, and they all wanted to see the prince and ask for an explanation.

However, this matter was done by the princess, and it was approved by the prince, so what can he do?

I can only try my best to comfort him.

"Have they all been sold?"

Prince Niu raised his head and glanced at the steward.

"Then why are you still here? Huh?"

"Well."

When the housekeeper heard what Prince Niu said, he was stunned for a moment, but he soon came to his senses.

I thought that Prince Niu was a confused person in Prince Niu's mansion and would not know his identity, but I didn't expect that he actually knew everything about it.

Chapter 2137 Not the Eighth Prince?

But his identity is not something he can admit, so he can only pretend to be confused.

"My lord, you...what did you say? I didn't understand." He raised his head and said with a naive smile.

"Don't you understand?"

Prince Niu put down the book in his hand and looked up at the housekeeper seriously.

"Lao Luo, I remember that you were rescued by me from a group of robbers many years ago, right?"

he asks.

"Yes Yes."

Butler Luo nodded in agreement.

"Tsk."

Prince Niu clicked his tongue, then raised his hand, pointed in his direction and continued to speak.

"That...that...if I remember correctly, my eighth brother was also with me at that time. It was he who knocked the knife away from the robber's hand with his sword and saved you, right? ?"

"Yes Yes."

Butler Luo could only nod. At this moment, his forehead was already covered with dense beads of sweat.

Prince Niu doesn't like to remember these little things. Why does he remember his whereabouts so clearly now?

"Your Majesty, you..."

"Then why did you follow me to Prince Niu's Mansion instead of following your real savior? This is really strange."

What he was about to say was interrupted by Prince Niu. When he looked up, he saw Prince Niu staring at him with doubtful eyes. He was so frightened that his whole body trembled and he almost fell to the ground with weak legs. .

"The Eighth Prince... Your Majesty, how can the Eighth Prince be as kind as the Prince? He..."

"I am kind, that's why people think I am easy to bully, isn't it?" Prince Niu interrupted Butler Luo again and said.

After hearing this, Butler Luo swallowed secretly and couldn't help but wonder in his heart, could it be that Prince Niu suspected that he was also someone sent by the Eighth Prince to keep an eye on Prince Niu's mansion?

So, when all the uneasy and well-intentioned servants in Prince Niu's palace have been eliminated, Prince Niu wants to remove him too?

If that was really the case, that would be fine, he breathed a sigh of relief in his heart.

"Your Majesty, forgive me."

The next moment, he knelt down towards Prince Niu.

"Old slave has nothing to do. It's the Eighth Prince. He arrested the old slave's family and forced the old slave to reveal your information to him. The old slave is guilty. Please let the prince see what he did for Prince Niu's house. For the sake of many things, let me spare this time."

"laugh."

Listening to his words, Prince Niu couldn't help but laugh.

"I really can't shed tears until I see the coffin."

At this point, he still wants to ask him to spare him. Is this because he is pretending to be a foreign prince?

"Lao Luo, in your eyes, do you really think highly of your eighth brother? Huh?"

he asks.

"this....."

Butler Luo was stunned for a moment, then raised his head and looked at Prince Niu.

He actually knew that his master was not the Eighth Prince? Then what else does he know? Does he already know that the person behind him is...

But if Prince Niu really knew, would he still dare to confront him so openly?

"My lord, what are you talking about, old slave..."

He rolled his eyes, and while he was speaking and Prince Niu was listening, he moved and rushed out of the study door.

"He is really a fierce person."

Prince Niu looked at his flying figure and chuckled. The next moment, a black shadow fell on the floor in front of him.

"ah!"

The old housekeeper was kicked so hard that he waited until he recovered from the pain in his chest.

Chapter 2138 Do I need to explain?

When he wanted to get up and rush out the door again, he saw several tall figures walking towards him outside the study, and directly closed the study door.

"You... if you dare to attack me, my master will not let you go... ugh!"

Before he finished speaking, he saw that his throat had been pinched by a hand. He could no longer make a sound and could only stare at the man in black in front of him.

"Master, how should we deal with this person?" The man in black raised his eyes and looked at Prince Niu.

"Kill him and throw him to the Warcraft Mountains." Prince Niu ordered coldly.

Suddenly, Butler Luo's eyes widened in horror, and he shook his head hard at Prince Niu. His eyes revealed the fear of not wanting to die.

But even so, his fate has been determined.

The man in black tightened his grip, strangled him to death, and threw him out of the study with one hand.

"Master, Butler Luo is dead, over there..." He looked at his master and asked.

After all, Butler Luo must have been sent by people over there. It's always hard to explain why he died so mysteriously.

Even if that person won't come to question his master openly and openly, as long as he talks secretly, there will be many holes dug in front of him, and he will follow his master's footsteps.

"How should I reply? That person will always come to you to ask for an explanation, right?" he asked.

"If it's a big palace, only a few people are missing. Do I need to explain?"

Regarding this matter, Prince Niu didn't take it seriously at all and only sneered lightly.

Explain?

Originally, placing people next to him was not something that could be done openly. Now that the person is dead, he only needs to pretend that he doesn't know what to do.

What's the matter? An insignificant person died in his Prince Niu's palace. Does that person still want an explanation from him?

"That's true."

When the man in black heard his master's words, he lowered his eyes and thought for a moment, and then he responded.

If the Niu Prince's Mansion were bigger, they would have secretly dealt with many more people in the past, and it wouldn't be just a problem of one or two.

"Steward Luo has done many immoral things outside in the past. Even if someone kills him in order to retaliate against him, it is still possible."

Although Butler Luo was sent by that person, he always felt that his status was superior to others. Not to mention in Prince Niu's Mansion, even outside, he often acted recklessly and dared to do any bad things.

Now, even if he dies, it can be said that he was avenged by his enemies and his body was left intact.

"Dispose of the body cleanly," Prince Niu ordered.

"Yes, Master."

It was thrown into the Warcraft Forest, where else needs to be dealt with?

They only need to watch the monster eat the corpse clean, and that's it.

In response to the sound, he turned around and went to dispose of Butler Luo's body. Soon, another man in black came in.

"Master, my subordinates found a lot of impure crystal stones and a lot of magic weapons and equipment in Butler Luo's residence. They must have been looted from outside. What should I do with them?"

"Sell it."

Prince Niu said directly.

"By the way, the palace sent out so much at once, the princess must have made a lot of money, right?"

Man in black:"....."

Prince, Master, your majestic Master of Prince Niu's Mansion, do you still care about such a small amount of money?

He raised his head with black lines and looked at his master.

Chapter 2139 Want to disobey my order?

"It's like this, Master, Yishan County near Mengyan City was hit by a disaster. The princess ordered people to buy all the money she earned and send it there to distribute to the poor people. She didn't leave any grain. Son.

he said.

"Um."

Prince Niu nodded.

"Even so, all the money belonging to Butler Luo will be sold and sent to Yishan County. Remember, you must sell it quietly so that no one notices it."

he warned.

"Yes, Master."

The man in black took the order and turned around, getting ready to go do something.

"correct.

Suddenly, Prince Niu stopped him again.

"Master, what else are you saying?" The man in black turned around and asked.

"I remember that Butler Luo got a new wife after coming to Prince Niu's Mansion." Prince Niu thought for a while and said.

"Then I guess I have a lot of things at home. I left some money for those people to survive, and took the rest to Yishan County.

After living in my palace for so many years and raising such a fat sheep, I can't just pluck some of the sheep's skin and let the sheep swallow the rest. Otherwise, what will happen to my Prince Niu's palace?"

"Yes, Master, I will go and do it immediately." The man in black took the order and went to do the business.

After everyone left, Prince Niu took a deep breath and then exhaled heavily.

After so long, I finally found a sense of being in charge of my own affairs. This is true for Yinluqing, and it is naturally the same for other places.

...

In the study room of the Eighth Prince's Mansion.

Stuffing the written letter into a bamboo tube, Yin Lüqing raised his eyes and glanced at the guard standing opposite.

"Send this letter immediately without delay," he ordered.

"Master, can this letter really be sent?"

Although the guard took the bamboo tube into his hand, he still looked at Yin Lüqing hesitantly and asked.

"What, you want to disobey this king's order?"

Hearing his words, Yinluqing's eyes sharpened and he asked the guard.

"This is not what I meant."

The guard felt his scalp numb and immediately shook his head.

How dare he disobey orders, but who knows if anyone is watching their Eighth Prince's Mansion?

Sending the letter out at this time would expose the person if something unexpected happened? By then it will be too late for them to regret it.

"He didn't say that we can send him a message. What should we do if he is exposed because of this letter?"

"As long as you are careful, how could you be exposed?" Yin Lüqing frowned and said unhappily.

Being exposed only shows that they are incompetent. As long as they act carefully, how could they be followed by others, and naturally that person's whereabouts will not be exposed.

"Don't be afraid of ten thousand, just be afraid of the worst." The guard reminded.

"It'll be fine if you stop opening that crow's mouth of yours." Yinluqing stared at the guard with cold eyes and gritted his teeth.

"Besides, is now the time to talk about this? The people we installed in Prince Niu's Mansion have been uprooted. If this continues, even if there is something going on in Prince Niu's Mansion, we won't know.

That person had ordered that no matter how critical the situation was, one must keep an eye on Prince Niu's Mansion. "

"this....."

The guards agreed with Yin Lüqing's words.

This is what the man told them before he left. Prince Niu's palace is the most important place, more important than the palace.

Chapter 2140 You all listen to me

But at this moment, all the people they had placed in Prince Niu's Mansion were in the hands of Princess Niu, and no one was left. At this moment, nothing about the news in Prince Niu's Mansion could reach their ears.

This was exactly what he was worried about.

"Then you have to think twice before doing anything. If the whereabouts of that person are exposed because of this letter, can you afford the consequences?" The man in black asked.

"You don't have to talk nonsense anymore. I have made up my mind and will send someone out immediately." Yinluqing ordered to him.

"If you are worried, how about you send this letter in person and explain the situation in Mengyan City to that person in more detail?"

"you--"

After hearing his words, the man in black almost choked himself to death with a breath stuck in his throat.

What's the use of having made up his mind?

If that person was really exposed because of this letter, even if they had a hundred heads, it wouldn't be enough for that person to chop off.

What's more, he has already made up his mind? Who is he?

He's just a substitute. Do you really think you can say this on behalf of your master?

"We'd better consult the master before deciding on this matter."

He looked at the bamboo tube in his hand, took a deep breath, and said to Yin Lüqing in front of him.

Hearing this, Yin Lüqing's face suddenly turned bad.

"Nighthawk, don't forget, before the master leaves, I asked you all to listen to me." He said coldly.

"The master is right to say so, but this matter is really too big and you cannot be the master of it alone. I believe that even the master will agree with his words in front of his subordinates."

Nighthawk said to Yinluqing.

For them now, even the whereabouts of their master cannot be exposed casually, let alone that person.

If outsiders had an opportunity to take advantage of him because of his recklessness, then they would never be able to redeem themselves.

You know, there are many people in Mengyan City who are staring at their Eighth Prince's Mansion.

"That's it. I'll inform the master first. If the master agrees, I will send the letter to that person."

"you--"

Yin Lǔqīng was so angry that her whole body was shaking, and she really wanted to twist the head off the man in front of her.

Why is it so difficult to ask him to do something?

Moreover, as a subordinate of the master, how could he be so timid? What does it look like?

"I'm too lazy to tell you, but I have to go to Prince Niu's Mansion. Without those people, I have to increase my contacts with Prince Niu."

He stood up, shook his sleeves heavily at Nighthawk, then raised his feet and left the study.

"Why."

Nighthawk looked at his retreating back and sighed softly.

I don't know what the master was thinking, why he let this person be his substitute. He was too reckless and didn't know how to advance or retreat at all.

But it is useless to regret these things now. Things decided by the master will not be changed so easily. I can only give him more advice and bring it up before he does something wrong.

Thinking about it, he turned around and left the study.

But what he didn't know was that after he left, a figure flashed out from the corner outside the study and glanced at that person's back.

...

In another courtyard, Sui Zimo had already prepared the meal and brought it to the dining room.

"Husband, did you ask someone to check Yinluqing, but nothing was found?" Lin Caisang asked, supporting his chin with one hand.
