

Star of Space 2181

Chapter 2181 She is pregnant with the child

He Wu raised his head and looked at the mechanism that was facing them not far away. It seemed that if they moved, the deadly hidden weapons in those mechanisms would be shot directly at them.

But only they themselves knew that none of the agencies in this place had been touched.

"Stop talking nonsense!"

Sui Zimo just glanced sideways at Ban Wu.

"Yes, Master."

Exiled Jue was glared at by his master. He didn't dare to say anything. He quickly responded and reduced his presence.

However, before he could completely shrink himself, he felt a powerful spiritual force hitting his forehead, making him turn pale in fright.

At this moment, Lin Caisang also reacted, directly raised his hand, grabbed Ban Jue's collar, and then hid aside.

Sui Zimo also took Fei Wu with him, and the two of them rolled in the other direction.

"Kaka, kaka, kaka..."

A strange voice sounded in their ears.

When the two of them teamed up, they finally found a place that seemed relatively safe. When they looked back at the monster they thought they were, they found...

"Mother, then... what the hell is that?"

Ban Jue stuttered and looked at the thing that attacked them, almost choking on his own saliva.

How could that thing be a monster? It was clearly a human being, and a woman at that!

However, it doesn't look like she is a woman.

Because she clearly looks like a woman, but she can't speak, and the sound she makes is not a mute 'ahhh', but a 'kaka'!

When Lin Caisang saw that thing, his face turned green and his whole body felt bad.

On the other side, when Sui Zimo saw the woman, his expression was also very bad, and he directly took out his sword.

"Master, what is that? A human being?"

Ban Wu was also frightened by this woman. Is this a woman?

Maybe the mistress and the banished master couldn't see the woman's face, but from their position, they could see the woman's face clearly.

This woman's face was as white as a ghost, with no skin color of ordinary people at all.

Moreover, there was a circle of black around her eyes.

And that mouth... all the teeth inside are exposed, it's definitely a set of wolf teeth.

If it is really a woman, what kind of woman must she be? It's so terrifying. Is this a ghost created by the emperor?

"Sonny, she's pregnant."

Sui Zimo did not answer Wu's words, but said to Lin Caisang opposite.

Hearing this, the color on Lin Caisang's face became even worse.

"She must be killed!" she said.

"Don't move, I'll do it."

Sui Zimo naturally knew that he wanted to kill the monster woman in front of him, so he stood up.

As if she could feel the murderous aura in Sui Zimo, the monster woman turned towards him, opened her bloody mouth, and made a ferocious expression towards him.

The next moment, she rushed towards Sui Zimo.

Lin Caisang: "!!!"

Damn it, is this monster trying to cuckold her?

Banishing Jue and banishing Wu: "!!!"

What did they see, and what was this monster woman used for?

Why did this monster woman rush towards her master, pull at her own clothes, take off her coat, and then start taking it off again...

However, before the monster woman had time to take off her clothes, she was swept away by Sui Zimo.

Chapter 2182 Not a trace of knife mark

"Ka, ka ka.

The monster woman was thrown out, but stood up again as if nothing was wrong.

He obviously had a big belly, but after being thrown out like this, not only was the adult okay, but even the child in his belly didn't feel any strange.

"This...what's going on."

At this time, if Ban Jue and Ban Wu still can't see the weirdness, then they are not worthy of following their master, son and mistress.

This monster woman is obviously not a normal person, and she is a super abnormal one!

"If I'm not mistaken, this woman is the emperor's late former empress." Lin Caisang's deep voice reached the banished ears.

"What?!"

Ban Jue was almost frightened to death by this fact.

This monster woman who can only make a "kaka" sound from her mouth will be the late former empress of the Emperor Ziyang.

"Master...Mother, she...she is breathing." He said.

Just now, he clearly felt the breath of that monster woman, there was no way he could feel it wrong.

I believe that the master and mistress will also be able to feel it.

Is this Phoenix Vein really that good? A dead person who has been buried here for more than ten or twenty years can breathe and become a normal... ugh!

This really can't be considered a normal person, at best he can be considered a breathing monster.

Hearing this, Lin Caisang glanced sideways and glanced at him coldly.

"Now is not the time to talk about this, hurry up and help."

She said to Ban Jue, and also gave a signal to Ban Wu on the other side who had been waiting for an attack.

"good."

Ban Jue immediately became energetic, drew his sword and attacked the monster woman, and Ban Wu did the same.

The three of them worked together to attack the monster woman, beating her like a ball, bouncing here and there.

However, no matter how they fight.

This monster woman didn't even frown, as if they didn't hit her.

"Master, something is wrong."

Ban Wu flew out a palm with one hand and knocked out the monster woman, just in the direction of Ban Wu.

Then, he said something to his master.

Even if this monster woman is made of iron, can they still leave a few marks with all their chopping and chopping?

What's more, they use spiritual power, and if they hit people, the damage will only be greater.

But the monster woman in front of her didn't look like she had been injured. Apart from her clothes being torn, there wasn't even a single knife mark on her skin.

Sui Zimo naturally discovered that he couldn't kill the monster woman in front of him with his spiritual power.

"Then, no need for spiritual power."

He gritted his teeth and said.

The next moment, when Ban Jue hit the monster woman towards him, he directly took back the spiritual power in his body.

Then, using only the long sword in his hand, he stabbed the monster woman in the chest.

Just as he expected, the spiritual power in his hand actually stabbed directly into her chest.

As the sword was pulled out, blood spurted out.

"Card!"

The monster woman let out a sharp cry, and the expression on her face became ferocious.

Raising his hand, he was about to slap Sui Zimo on the head.

But before his palm even touched Sui Zimo's hair, his wrist was caught by a whip.

"Card!"

She turned her head and looked with scarlet eyes at Lin Caisang who was controlling her hand, as if he was about to eat Lin Caisang.

Chapter 2183 This phoenix vein cannot be retained

Then the next moment, she gave up on Sui Zimo and flew towards Lin Caisang.

"Sonny."

Sui Zimo's face turned green, he ducked over, grabbed the monster woman's feet, and pulled her to the ground.

There was a 'bang' sound.

There was dust all over the ground.

But just the next moment, the monster woman sat up and stared at Sui Zimo with even scarlet eyes.

With his mouth wide open, he was about to bite his neck.

At this moment, Lin Caisang dodged over and inserted an extremely thin tube into the monster woman's neck.

"Card!"

The monster woman's eyes widened and she only had time to make a sound.

Then, after banishing their gazes, she stood up straight and fell down, but even when she fell, her eyes were open and not closed.

"Master, Mistress, what kind of monster is this?"

Ban Jue and Ban Wu came over quickly, glanced at the monster woman, and asked.

"Was she knocked unconscious?"

But why was he knocked unconscious but his eyes were still open?

"It's not a monster, it's just been placed on the Phoenix Vein for a long time." Lin Caisang explained.

"This Phoenix Vein is actually so effective." Sui Zimo stood up and sighed softly.

If I hadn't seen it with my own eyes today, I really wouldn't have believed that the emperor of Ziyan Kingdom could do such a thing.

"Zimo, you can't keep this person, let alone the child in her belly." Lin Caisang looked at Sui Zimo and said.

"I know."

How could Suizi Mo not know this?

"Drag it outside and set it on fire."

He gave instructions to Ban Jue and Ban Wu.

"Yes, Master."

The two of them responded at the same time and dragged the monster woman up to the thatched cottage.

"Zimo, what are you thinking about?"

After the two left, Lin Caisang looked at Sui Zimo, who was frowning, and asked.

"You can't keep this phoenix vein." Sui Zimo said bluntly.

Since there will be the first one, there will definitely be the second one, and no one can afford to take that risk.

"We thought about it together."

Lin Caisang chuckled lightly and said.

Yes, this Phoenix Vein of Zi Yan Kingdom must be destroyed.

Otherwise, we don't know what the emperor of Ziyan Kingdom will do!

...

More than half an hour later, in the North Underground Palace.

Looking at the bare field of Holy Son Flowers in front of them, not only Emperor Ziyang, but also the steward of Beidi Palace who brought them in were confused.

Of course, the expression on the steward's face was not only confused, but also horrified.

There were so many Holy Flowers. He had seen them yesterday, and they were still growing well.

But today, at this time, why is it gone?

Looking at the holes one by one, it seems that someone has dug away the stems, roots, flowers and leaves.

Who is it? With such great ability, he can actually do it in one day...

No, within a few hours, all the Holy Son Flowers in the Holy Son Flower Field were dug up?

He was sure that a gardener had come to see it a few hours ago. Taking care of the Holy Child Flower was something they had to do every day.

"What...what's going on?"

Emperor Ziyang's entire body was filled with intense anger, and he almost toppled the entire North Underground Palace.

When the steward heard his words, he knelt down with a thud.

"Go back to the emperor, slave. I don't know. I came to see the Holy Flowers yesterday. They are all fine."

Chapter 2184 Dismemberment with knives!

How could he know what was going on? If he knew someone would come to steal it and beat him to death, he would not let the thief have the opportunity to steal the Holy Child Flower.

The thieves just stole it, and they even removed the roots. Shockingly, they didn't even have a single plant left.

How could he explain this to the emperor?

"Yesterday?"

Upon hearing the word yesterday, Zi Yanhuang became even more angry.

"I asked you to take care of it in the North Underground Palace. Do you want to see the Holy Child Flower once a day?"

How important the Holy Child Flower is to them, don't these lowly embryos know?

You actually have the nerve to tell him that you came to see him yesterday?

"ah?"

The steward was stunned by Zi Yan Huang's words. Although he was scared, he really didn't know how to reply to Zi Yan Huang's words.

Isn't it enough for him to come see the Holy Child Flower once a day?

Who doesn't know that the Holy Flower is poisonous?

The gardeners who tended the Saint-child flowers had to take turns every month. As a manager, he was always on tenterhooks and would take a quick look at them all day long.

Isn't this enough? What should he do?

Is it okay to sleep next to the Holy Child Flower every day and burp in a few days?

"Your Majesty, Your Majesty..."

After calling the emperor several times, he didn't know what to say.

At this moment, Zi Yanhuang didn't know that the Holy Child Flower was highly poisonous. He only knew that because of the unfavorable care of the guard in charge, all the Holy Child Flowers had to be pulled out by their roots!

"Come here, drag this bitch down and cut her into pieces!" He ordered the guards behind him.

"ah!"

When the person in charge heard this, he was so frightened that he sat down on the ground and couldn't even make a sound to beg for mercy.

Throughout his life, he had been loyal to the royal family and devoted himself wholeheartedly to the emperor. Even in the Beidi Palace, a place far away from the emperor, he worked conscientiously.

Why did he end up with his body and head missing because of these Holy Son Flowers?

The emperor really didn't show any mercy to him. He killed whenever he asked, and even cut the bodies into pieces randomly...

He knew that in the emperor's heart, he was not as good as those Holy Child Flowers, but at least the Emperor also asked why these Holy Child Flowers disappeared.

He really didn't do anything. He stared at these Holy Son Flowers every day, working harder than anyone else.

And for his so-called loyalty, he didn't even care whether he would be poisoned. He knew it clearly, and he knew that the emperor had never given him the antidote for Saint Son Lan.

But he still came to the Holy Child Flower Field every day to look at it.

How many subordinates can be as loyal as him? The emperor actually killed him when he wanted to?

hehe.

All the talk of loyalty is bullshit!

He is so loyal, but what's the use in the end? It's not like he ended up with his body and head in a different place.

"etc."

Just when the two guards, one on the left and one on the right, were about to drag the steward out and cut his body into pieces.

The chief steward next to Emperor Ziyang spoke up.

"You want to spare his life?"

Emperor Ziyang frowned and looked displeased at the chief steward who had been waiting for him.

This time all the Holy Son Flowers were lost. How big a sin it was. He just killed the person in front of him who was not in good hands. It was already a great favor.

In fact, people who have committed such heinous crimes should be executed without leaving any trace!

He still relented and didn't kill the whole family.

"No."

The chief steward glanced at the steward, then looked at the emperor.

How could he plead for someone like this who was incompetent in doing things?

Chapter 2185 The grace of not killing

He, the general manager, had been by Emperor Ziyang's side for so many years, and he was already very good at killing people.

"Your Majesty, I look at this soil. This Saint Child Flower Statue was stolen not long ago. The person in charge is very familiar with the Imperial Mausoleum. Maybe he can catch the thief with him."

Hearing this, Emperor Zi Yan frowned.

Although he thought his chief manager was right, looking at the manager, he felt really depressed.

With so many capable people under his command, does he have to let a person who is so incompetent go out to find the thief?

"Your Majesty, that thief not only picked away the Holy Son Flower, but also removed the entire piece of Holy Son Grass. It can be seen that he has a sacred weapon that can grow Holy Child Grass on his body. If we can get this sacred weapon, Shengzicao no longer needs to be planted in this northern underground palace.

Seeing that Emperor Ziyang still refused to let go, the chief manager lowered his voice and whispered a few words in his ear.

"This steward is the most familiar with this North Underground Palace, or even the entire Imperial Tomb, so he will lead a search. He will surely find the thief. If he cannot find the thief, he can also be punished for all the crimes."

Upon hearing the word "sacred weapon", a trace of greed flashed across Emperor Ziyang's eyes.

"Then let him go."

He said angrily to the chief steward.

Hearing this, the chief steward breathed a sigh of relief, then took a few steps forward and walked in front of the steward.

"Did you hear what the emperor said? He showed great mercy and decided to let you exchange your merits for the crime. If you can find the thief, then you will be left alone without reward or punishment.

But if you can't find it, not only you, but also your family will not be spared. Do you understand? "

"Yes, yes, thank you, Your Majesty, for not killing me."

The person in charge didn't dare to say anything. Naturally, he accepted the order with great gratitude and left.

But he knew even more clearly in his heart that the thief was able to reach this place through so many mechanisms and remove so many Holy Son Grasses without saying a word.

Where could he find such a person if he wanted to?

Emperor Ziyang has been here for so long. I'm afraid he has already left, right?

You're not a fool. After making such a big move, you still stay in the imperial mausoleum, waiting to be caught?

But now he has to answer the call. If he doesn't answer the call, what awaits him will be the disaster that will destroy the whole family. If he does, he can adapt to the situation.

Perhaps, like the general before, he could quickly take his family and escape.

Anyway, this Qianhuan Continent is not just a country of Ziyan Country, he can go and live in other countries.

Over the years, he has been in charge of this North Underground Palace. Every year, the mutated Holy Son flowers bloom more and more, and the emperor will reward him with something when he is happy.

He has also accumulated a lot. He can use these things to buy a new identity for himself and his family and fly away.

He doesn't want such a cruel master who doesn't care about the relationship between master and servant.

Isn't it okay for him to leave?

"What is it? Why don't you hurry up!"

Emperor Ziyan couldn't wait any longer and roared at the steward.

All he wants now is to get the sacred artifact, and then cut the audacious flower thief into pieces!

"Yes, little one, go right away."

The steward responded, turned around and ran away.

...

"Your Majesty, you can rest assured that we will be able to catch the thief. We..."

Chapter 2186 He's so capable, right?

Half an hour later, outside the North Underground Palace, the chief steward had come out along with Emperor Zi Yan.

At this moment, Emperor Zi Yan still looked very unhappy and was angry.

But the chief steward was comforting and coaxing him, so he didn't execute all the gardeners in the North Underground Palace.

"I hope so."

He replied coldly to the chief steward with five words.

"Your Majesty, please relax, the thief will definitely not be able to escape..."

'Boom, boom boom!'

Before the chief steward had finished speaking, he heard a loud bang.

Immediately afterwards, the ground where they were standing began to shake, making everyone lose their balance.

"what happened?"

As soon as Emperor Ziyan asked, he tried to take a step forward with his left foot, but tripped over his right foot and fell directly to the ground.

Seeing this, the chief manager hurriedly stabilized his body and helped Ziyang Emperor up.

"Your Majesty, are you okay?"

"It's okay!" That's weird!

Emperor Ziyang added in his heart, and directly shook off the chief steward's hand with his big hand.

"Send someone immediately to see what's going on?"

How could an earthquake occur in the land of the imperial mausoleum? This is the place where the Phoenix Vein is located. How could a place as stable as Mount Tai tremble like this?

"Yes, Your Majesty."

Although the chief manager felt something was wrong in his heart, he intuitively felt that this matter was really too big a fuss.

But he still responded and sent someone to check.

...

Outside the West Underground Palace, a group of people protected Prince Niu and ran out in a hurry.

"My lord, are you okay?"

After seeing the empty space outside, the guard looked at Prince Niu with concern and asked.

"No, it's okay."

Prince Niu raised his hand and wiped his face.

But at this moment, his face and hands were all covered with stone chips and dirt, and he couldn't wipe them clean.

"puff!"

Everything he spit out was filled with dust.

He scolded the daring Lin Caisang several times in his mind. In the end, because the girl was pregnant, he couldn't curse him too much, so he stopped scolding her.

What kind of earth-shattering, earth-shattering, and ghost-weeping deed was this that was able to shake the entire imperial mausoleum to the point of almost collapsing?

"Go and see what happened again."

Couldn't it be the North Underground Palace, which was blown up by Lin Caisang?

It shouldn't be the case. That place is only used for planting Holy Flowers. As long as the girl gets rid of all the Holy Flowers, it doesn't matter whether they are blown up or not.

However, the shock was so strong, where could it be?

Suddenly, he seemed to have thought of something, and secretly felt something bad in his heart. Wouldn't that girl blow up the bottom of the thatched house?

That's where the real Phoenix Vein is!

Moreover, buried there is the former empress whom Emperor Zi Yan loved most.

If it really explodes, then Emperor Zi Yan will go crazy!

That girl is so capable, she dares to do anything and get into any trouble!

...

Another hour passed, finally.

Emperor Ziyang, Prince Niu, Yinluqing and others all stood at the edge of the thatched house.

And in front of them, where are the thatched houses?

There was only a huge crater in front of him, and the dust from the explosion continued to float upward.

"Who, who is it?"

Emperor Ziyang's eyes were scarlet at the moment, and he cursed angrily into the air.

"you....."

Turning his head, he looked at his two sons who had arrived after him. Yin Luqing was okay, but Prince Niu could no longer even recognize his human appearance.

Chapter 2187 Exploded?

"Go and investigate immediately and find out that bitch. I will kill everyone in his family and leave no one behind!"

"Yes, Father.

Prince Niu and Yinluqing responded at the same time and went to find someone.

However, they all know very well that at this time, I am afraid that the person has already gone somewhere, right?

Where can they find it?

And Prince Niu, even if he knew who it was, it would be impossible to capture him.

However, he really wanted to know why Lin Caisang had to come back and blow up the thatched house?

Didn't she already go to the North Underground Palace? After getting the Holy Child Flower, shouldn't she go back directly?

He even folded it back!

As the two of them expected, they searched around the imperial mausoleum several times, but could not find a single figure.

But in the end, Emperor Zi Yan was so angry that he vomited a mouthful of blood and then fainted.

Because the phoenix veins of their Zi Yan Kingdom were almost destroyed, and only a little bit of phoenix veins were left, which could still be felt.

Not to mention the four underground palaces in the east, south, west, and north, even the Phoenix Vein aura of one underground palace might not be able to support it. This would be a fatal blow to Zi Yan Kingdom.

Moreover, among the guards who were sent to look for the person, the stewards who guarded the various palaces in the imperial mausoleum all ran away, and not a single one was left.

After encountering such a terrible thing, how could Emperor Zi Yan not be angry?

If you don't get mad to death, it's already pretty good.

In the end, Prince Niu could only let Yin Lüqing send Emperor Zi Yan back to the palace alone.

As for himself, he continued to send people to search the imperial mausoleum. Of course, nothing was found. Finally, he returned to the palace in despair and returned to the Emperor Ziyan.

...

That night.

In a small courtyard of Prince Niu's Mansion.

Sui Zimo and Lin Caisang were sitting in the hall, while Yin Baiqing had been ordered to sleep by Lin Caisang.

After a while, a figure turned over from the wall and entered the only room with light on in the courtyard, which was the hall.

"You two..."

Looking at the two people sitting upright on the chairs, Prince Niu almost vomited a mouthful of blood out of anger.

"You actually blew up the Phoenix Vein. What on earth do you want to do?"

Even if Emperor Ziyang did something wrong in some places, Phoenix Vein is related to the future destiny of Ziyang Kingdom!

Now, are you so easily blown away by the two people in front of you?

It exploded!

"Don't you want to know what your father has done?" Lin Caisang raised his head and looked at Prince Niu with raised eyebrows.

"What did he do?"

Prince Niu naturally knew that his father must have done no good.

But this phoenix vein...

He is really speechless!

"Sit down first."

Lin Caisang reached out, poured a cup of tea for Prince Niu, and placed it on the seat opposite him.

Seeing this, Prince Niu could only take a deep breath and sat down on the chair.

As soon as it comes, make peace with it.

What's more, the Phoenix Vein will explode if it doesn't explode. It's useless for him to get angry again. It's better to listen to what they say first.

He reached out, took the tea cup over, and drank all the tea in the cup.

He just had time to take a bath for himself, and because of his water nature, he took a shower casually. But just now, he had just come back from the palace, and he came back bloody.

"what happened?"

After drinking a cup of tea, I finally took a breath and asked again.

Chapter 2188 There is still evil

"Do you know what is placed on the phoenix vein?" Lin Caisang asked him with a smile. perform

Hearing this, Prince Niu rolled his eyes at her angrily.

Isn't this nonsense? Could he not know what was on the Phoenix Vein? He was the one who told her!

"The former queen," he said.

"Then you must not know that the former queen of your Zi Yan Kingdom can still breathe, right?" Lin Caisang said.

"Out of breath?"

Prince Niu blinked, then blinked again, as if he didn't understand what Lin Caisang said.

The next moment, he looked at Sui Zimo as if he was asking for proof.

"It's alive."

Sui Zimo only uttered three words.

"And she's pregnant."

On the side, Lin Caisang added another sentence.

"hiss!"

Prince Niu immediately gasped.

Living, in everyone's eyes, the former queen has been dead for many years, but she is still alive.

And she's pregnant?

Doesn't that mean that the former queen became pregnant within the past year?

"Isn't this possible? The former queen has been dead for many years. How could she be...alive?"

If these words hadn't been spoken by the two people in front of him, even if he were beaten to death, he wouldn't believe it!

Because it wasn't just him, how many people in Mengyan City watched the former queen being beaten to death and then breathed her last?

Now he actually told him that the former queen was not dead at all, but could still breathe!

But unfortunately, these words were said by the two people in front of him. They had no need to lie to him. As far as he knew, their only enemy was Yin Lüqing.

"This is real?"

"Of course it's true."

Lin Caisang nodded, reached for a piece of pastry and started eating it, then looked at Prince Niu seriously.

"Prince Niu, you should know what this means, right?"

Hearing this, Prince Niu felt bad all over, and all the hairs on his body stood on end.

Although the Phoenix Vein is very good and is related to the national destiny of the Ziyang Kingdom, if the Phoenix Vein is applied to someone, it will...

He had never had much contact with Phoenix Pulse, so naturally he didn't know what would happen.

However, considering that his father was able to get the former empress who was still alive to have a phoenix pulse, and also had the ability to make her pregnant with a child, it was obvious that this would definitely not be a good thing.

"What's going on?" he asked.

"Logically speaking, the Phoenix Vein should be filled with spiritual energy, and if all these spiritual energy can be gathered into one person, there must be a very lucky person, but..."

Lin Caisang paused and looked at Prince Niu.

"but what?"

Prince Niu asked immediately.

"On the phoenix veins of your Zi Yan Kingdom, there is not only spiritual energy, but also evil energy."
Lin Caisang said.

"What?!"

Prince Niu was shocked and stood up from his chair.

Evil energy, that is evil energy.

Who doesn't know that if evil spirits enter the body, it will lead to obsession, and it is easy to become obsessed.

"The former queen, she...she..."

"She's not obsessed." Lin Caisang said.

"call."

Prince Niu exhaled heavily.

"It's not crazy, that's good, that's good."

It was lucky that he didn't go crazy. It really scared him to death.

"What good?"

Lin Caisang sneered.

"She didn't go crazy, but she was demonic from the beginning!"

Chapter 2189 The Evil Body

"Well."

Prince Niu felt as if his throat was being strangled, and he couldn't say a word.

He still knows a little about the evil body.

This evil body is originally human and can be cultivated.

But there is only one such person in the entire Qianhuan Continent, right?

Because it is impossible for people with evil bodies, especially women, to have children like ordinary women. She can only give birth to children by absorbing a large amount of spiritual energy and evil energy.

However, where in the Qianhuan Continent can there be so much spiritual power that a demonic body can absorb and give birth to a child?

However, they happen to have enough spiritual energy and evil energy on the phoenix veins of their Zi Yan Kingdom.

"Then...that child...child..."

He couldn't believe what kind of monster he would be if the child in the former queen's belly was really born.

With extremely fast training speed, extremely high talent, and knowing various auxiliary spells, he will be an absolute genius monster.

But such a person is unintentional, ruthless, cruel, bloodthirsty, and a person who does not recognize his relatives.

Even if that child is really the child of Emperor Zi Yan, if Emperor Zi Yan really offends him, he will kill him without fail, because this son of the evil devil has no emotions.

Did Emperor Ziyang want the former queen to give birth to such a monster, and then plunge Qianhuan Continent into an endless disaster?

It's terrible, it's really terrible!

Thinking about it, his face was pale and there was no blood at all.

"They were burned by our fire." Lin Caisang said.

"Burned?"

Prince Niu was stunned for a moment, but he breathed a sigh of relief.

But soon, he remembered it, and his eyes tightened again.

"Can the evil body be burned away?" he asked.

Didn't it mean that the body of the evil spirit was invulnerable to bullets, invulnerable to fire, and incorruptible to water? How could it actually be burned?

"Of course it can't be burned with ordinary fire, but if you test it with different fires, it can be burned." Lin Caisang said.

They also tried several different kinds of fire before they were able to burn the strange woman and the monster in her belly, thus avoiding a serious disaster.

However, when Prince Niu heard her words, his mouth twitched involuntarily.

How many different kinds of fire are used?

Not to mention how difficult it was to find several different types of fire, even the body of the devil, apart from seeing it in books, this was the first time he heard that it really existed.

Moreover, I haven't really seen this evil body yet.

"I finally know why my father is so angry."

He sighed quietly and said.

The child of the former queen must have been something Emperor Ziyang had been waiting for for many years.

But the child he had been looking forward to for so long was burned by Lin Caisang before he had time to bring harm to this world. How could he not be angry?

But unfortunately, Emperor Ziyang had no choice but to deal with the two people in front of him.

Because he had been tracking them for a long time, he couldn't find any breath on these two people.

"Do we still care whether he is angry or not?" Lin Caisang asked funnyly.

This Ziyang Emperor really doesn't care about the people under his rule. He just said he wanted to cultivate a demonic body, so he cultivated it.

"Prince Niu, isn't Emperor Ziyang afraid of the Lord of Sky City?"

"this....."

Chapter 2190 A bunch of trash!

Prince Niu twitched the corners of his mouth.

In Qianhuan Continent, Sky City is the highest and supreme existence. Who would not be afraid of Sky City?

"I estimate that he thinks that as long as this son of the devil is born, he will be invincible." He took a deep breath and said.

But, hasn't he thought about it?

When the son of the evil spirit comes out, will his own life be ended before the people of Sky City are afraid of him?

Is it true that the son of the devil is easy to control? That is demonic and evil!

"He is really crazy!"

He shook his head, then shook his head again, feeling that his father, like Yin Lüqing, was hopeless.

"You should also be more careful. Although the affairs of the imperial mausoleum are done flawlessly, if the emperor really wants to investigate, he can still find some clues.

He reminded Suizi Mo and his wife.

Hearing this, Lin Caisang just raised his eyebrows and didn't take such words to heart at all.

Are they still afraid that Emperor Ziyang will find out any clues?

They even stole the Blue Poison of the Holy Son from the palace, okay?

Now Emperor Ziyang is still in shock. He hasn't had time to find out that the secret poison in his palace has also been stolen. If he knew, he would be so angry that he would lie in bed for ten and a half days, right?

...

In the palace.

Since he was sent back unconscious, he even scolded Prince Niu and Yin Lüqing later.

Emperor Ziyang is still upset.

That's right, all the poisonous corpses that were cultivated with great pains were destroyed!

The Son of Evil no longer exists!

The phoenix veins of Ziyang Kingdom were even blown to pieces!

The key is that such a big thing happened, and he couldn't even catch anyone.

"Trash, a bunch of trash!"

He kept cursing at the people waiting around him.

Although the imperial mausoleum is large, there are also many mausoleum guards, but not even one person can be caught!

No, this is not a question of whether we can catch it or not.

But how did those who destroyed the imperial mausoleum get in? It was an imperial mausoleum, but ordinary people would not even dare to go near it!

But those people just broke in.

Then they blew up the three underground palaces in the east, west and north of the imperial mausoleum, as well as the Phoenix Vein, causing countless losses to the Ziyang Kingdom!

He really wanted to eat the thief's flesh and drink the thief's blood.

But unfortunately, he just couldn't catch the person.

"Trash, traitor!"

In addition to the people under him who are too useless, there are also the subordinates he raises!

One by one, they ran away because of dereliction of duty!

When they are captured, he will definitely not let them die so easily. He will definitely make their lives worse than death!

In the royal study, many things were smashed by Ziyang Emperor in a rage.

The maids and guards knelt on the ground, all with their heads lowered, not daring to say a word.

Because they know that if they dare to say a word at this time, they will only end up in one end.

That's brain moving!

Maybe, just moving my head is still light.

With nothing to smash at hand, Emperor Ziyan picked up the jade seal and smashed it out.

Without the Son of Evil, there is no use in being an emperor no matter how stable he is. There will always be only a small place like Ziyan Kingdom.

What he wants is Sky City, what he wants is the entire Qianhuan Continent!

There was a 'boom' sound.

The jade seal hit the wall and fell to the ground.

Emperor Zi Yan looked at it and was suddenly startled.

Thinking that all the Holy Son Flowers in the North Underground Palace had been stolen, are those people here for the Holy Son Blue Poison?
