

Star of Space 2201

Chapter 2201 Why are you panicking?

"Your Majesty, Princess Niu seems to have noticed that our people are staring at them, so that's why she acted like this. The leading guard raised his head and said to his own prince.

Who can know the pain in his heart?

"Are you a pig? You can't even stare at anyone?"

When Yinluqing heard the guard's words, her curse became louder.

"How did we keep a close eye on him before? How come we are keeping a close eye on him now? How come we were not discovered before, huh?" he asked.

Guard: "..."

Weren't they discovered before? Otherwise, why would there be none of the hidden secrets they placed in Prince Niu's Mansion?

But he didn't dare to say this openly and openly in front of his own prince.

Otherwise, he is not looking for death.

"Your Highness, we used to watch from inside Prince Niu's Mansion, but now we can only watch from outside Prince Niu's Mansion. Outside Prince Niu's Mansion... you also know that there is no house across from Prince Niu's Mansion.

If our people want to keep an eye on us, there is no place to hide. "

"Aren't you going to bribe some of the servants of Prince Niu's palace? Ah?" Yinlu Qing said bitterly.

He really hated it, but at this critical moment, all the people he had placed in Prince Niu's mansion were eliminated by Princess Niu.

This Princess Niu is really his nemesis!

Guard: "..."

He wanted to bribe them, but it was hard to bribe anyone in Prince Niu's palace now.

"Your Majesty, it is difficult for our people to break into Prince Niu's Mansion now."

He had to speak honestly to his prince.

Hearing this, Yin Lüqing had a bad breath stuck in his throat and almost spit out a mouthful of blood.

What is it like now, being led by the people in Prince Niu's palace? This Princess Niu is really capable.

You know that he is not easy to bully, but you still want to bully him, right?

"Take my king's token and go find that person."

Taking a deep breath, he took out a token from his arms and handed it to the guard.

The guard stretched out his hands, received the order respectfully, said 'yes', and then withdrew.

"Princess Niu!"

Originally, the only people who needed to be dealt with were Sui Zimo and Yin Baiqing, but now, there was an extra Princess Niu inexplicably.

And this woman seems to be similar to Lin Caisang, just as difficult to deal with!

"call!"

He exhaled heavily.

Before I could sit down and take a rest, I heard footsteps approaching from far away, approaching in a hurry.

He frowned and looked out the door displeasedly, only to see a guard running in hastily.

"What's the matter?"

Yin Lüqing asked impatiently.

"Your Majesty, the chief steward of the palace has come in person, saying that the emperor has announced your entry into the palace." The guard's expression changed as he said.

What can happen if you enter the palace at this time? What is the biggest thing in Mengyan City in the past few days?

This is something that everyone knows. Isn't it the evil body in the imperial mausoleum?

But at this time, the emperor didn't look for anyone, but looked for their prince. What does that mean?

Could it be that their prince really spread the word about the evil body?

What should we do? The emperor will definitely blame the prince. When the time comes, I'm afraid it's not that the title will be lost, but that his life will be in danger.

"The Emperor announced that King Ben has entered the palace. Why are you so panicked?" Yinluqing scolded the guard.

At this moment, he didn't expect that an innocent disaster had already fallen on his shoulders, and he couldn't get rid of it no matter how hard he tried.

Chapter 2202 Recruit from the truth!

He waved his sleeves at the guards, then went back and changed into his prince's official uniform. Then he went to see the chief steward and entered the palace with him.

And who is the chief steward?

An old man who has been serving Emperor Ziyang for so many years is certainly a person who is used to looking at people.

Knowing why the emperor announced that Yin Lvqing had entered the palace, he would naturally not offend the emperor. He would first remind Yin Lvqing of what he wanted to do, so that he could be on his way and think of excuses.

Therefore, no matter how much Yin Lüqing tried to inquire about what was going on when the emperor announced that he had entered the palace, the chief steward did not say anything.

But it is precisely because of this that Yin Lüqing, a person who takes one step and looks at three or four steps, also feels wary in his heart.

However, no matter how much he thought, he could not imagine that Emperor Ziyang would blame him for destroying the imperial mausoleum and blowing up the Phoenix Vein.

After arriving at the Imperial Study Room, the pressure belonging to Emperor Zi Yan suddenly fell on Yin Lüqing.

"Kneel down!"

As Emperor Ziyang shouted sharply, he had to grit his teeth and kneel down.

"Father, you..."

What's going on? At this moment, Yin Lüqing is still an Erzhang monk, completely confused.

He had no idea that Emperor Ziyang's brain-replenishing ability was so strong. He had already thought about stealing the Holy Child Flower, stealing the treasures under the West Underground Palace, and exploding the Phoenix Vein.

Moreover, all the blame was placed on his scheming son.

"Yinlüqing, tell me, why did you do this?" Emperor Zi Yan asked.

Hearing his angry words, although Yin Luqing didn't know what happened, she did a lot of things secretly on weekdays.

His heart skipped a beat, and he secretly screamed that something was wrong.

He didn't know what he had done that was discovered by Emperor Ziyang. At this moment, he didn't know what to say.

"Father, I don't know where I have offended my father, please let me know." He gritted his teeth, looked up at Emperor Zi Yan, and asked.

When Emperor Zi Yan heard what he said, he was immediately delighted.

It seems that what this son has committed is not only blowing up the imperial mausoleum and destroying the evil body that he spent all his efforts to raise?

"Do you need me to tell you what you've done? Why don't you tell me the truth?" he said angrily.

"I don't know why my son has made my father unhappy, so what can I do?"

How dare Yin Lüqing admit what he had done? How could he explain everything clearly about what he had done?

What's more, he didn't know what he did that was discovered by Emperor Zi Yan.

Talking nonsense at this time will harm yourself even more.

"Father, have you listened to someone's nonsense? My son has always done his duty and has never done anything wrong."

"you--"

Emperor Zi Yan was almost angered by Yin Lüqing's expression of complaining.

He really doesn't think he knows that this son does a lot of dirty things on weekdays. Does he have to tell him one by one before he is willing to admit it?

Pay your dues?

If he is a responsible person, then there will be no one in this world who is not responsible.

"Yin Lüqing, do you really think that I don't know about the things you did? Even now, you still dare to be so stubborn in front of me!"

He roared and cursed at Yin Lüqing.

"Father, my son is really..."

Chapter 2203 I feel so miserable

Yinluqing really didn't know what to say.

It's unclear. What exactly do you want him to admit? Can't you make it clearer to him?

"Forget about the things you do on weekdays. Seeing that you are my son after all, I just turn a blind eye and let you do whatever you want."

Emperor Zi Yan glared at Yin Lüqing angrily, wishing he could twist his head off.

"But the more tolerant I am to you, the more you push your limits. Do you really dare to do such audacious things?"

Yinluqing: "..."

He really doesn't know what daring things he has done recently?

Could it be because he was on the Qianhuan Continent, waiting for Sui Zimo and Lin Caisang to jump into the net?

Or was it something he sent people to keep an eye on at the door of Prince Niu's Mansion?

But these things are simply trivial to Emperor Ziyan, right?

How could he be so angry?

"Father, I really didn't do anything.

Even if you do something, please make it clear, right?

He just yelled at him so randomly and he didn't know what was going on. How could he dare to answer?

But he didn't dare to say this in front of Emperor Ziyang, he could only think about it in his heart.

"You...you...do you want to piss me off to death?"

Emperor Ziyang was really angry when he saw that he didn't dare to admit it.

"Don't think that I don't know that the evil body I cultivated with so much pains was destroyed by you. You are really capable!"

He gritted his teeth and stared at Yin Lüqing with scarlet eyes.

Yinlüqing: "!!!"

Why did the matter of the evil body come to his head?

He really didn't do this.

"Father, I am wronged. My son and I don't even know what a demonic body is, so how can we destroy him?"

This time, he really defended himself.

If he had known that Emperor Ziyang had obtained some kind of evil body, he would have definitely tried his best to find out the method of controlling the evil body, and then used the evil body for his own use.

He is not stupid, how could he directly destroy the demon's body?

Unfortunately, how could Emperor Zi Yan listen to his explanation?

Hearing Yin Lüqing's sophistry just now, he didn't deny what he had done at all. However, after he mentioned the evil body, he began to deny it.

Emperor Ziyang directly attributed Yinluqing's behavior as a sign of guilty conscience.

"snort!"

He snorted coldly.

"You think I will believe your sophistry. I only brought you and your fifth brother with me to the imperial mausoleum this time.

What, are you trying to say that the bombing of the imperial mausoleum, the theft of the Holy Child Flower, and the destruction of the body of the demon were all done by your fifth brother who was inferior to you in everything and was induced by you to only focus on women? "

"My son..."

Yin Lüqing felt so miserable that she couldn't even say a word.

Yes, his fifth brother only had eyes for debauchery and beauties, all of which he had created before.

He did not deny this.

However, based on this alone, why did your father think that only he could do such an earth-shattering thing as blowing up the imperial mausoleum and destroying the evil body?

"Father, my son was really wronged. I don't know who it was, but he filed a complaint against me in front of my father. I am willing to confront him."

Chapter 2204 Naturally, it will be dragged into trouble

He kowtowed to Emperor Ziyang and said with a solemn expression.

He thought to himself that when he saw the person who complained to him, he would cut this person into pieces!

"Does anyone else need to tell me about this?" Emperor Ziyang frowned and asked sternly.

Yin Lüqing was stunned for a moment and almost didn't understand the meaning of his father's words.

What do you mean, that is to say, no one filed a lawsuit against him at all, and it was only Zi Yan Emperor's own idea that he was brought into the palace and put all this on his head?

If this is the case, then he is really hehe.

"Father, I am really unjust. I have never done anything.

"You haven't done anything?"

Emperor Ziyang stared at Yinluqing with cold eyes, obviously not believing his words.

"Yes, Father, I have never done those things." Yinluqing nodded quickly.

"When I was in the imperial mausoleum, I kept looking for traces of the thieves in the nearby mountains, and I didn't have time to do those things.

Maybe it was someone else, someone else did it. Just now, my father mentioned that Fifth Brother, maybe it was him who did it. It's unknown. Father, you can't just think that your son has done a few wrong things in the past. I have the guts to blow up the imperial mausoleum.

Father, why don't you introduce the fifth brother to the palace first and ask him if he has done this? "

Of course, he knew that even if Prince Niu did this, he, like himself, would never admit it.

But at least, it can delay the time so that he can think of a perfect way to remove himself from this matter.

It's so pitiful that he obviously didn't do anything at all!

"laugh."

Emperor Zi Yan sneered.

This 'good' son of his really thinks he's a fool.

"Do you really think that your fifth brother would have the guts to blow up the entire imperial tomb? Huh?"

Yinluqing choked at the light and airy voice of Emperor Ziyang.

yes.

Even he himself didn't believe that his fifth brother, who could say anything when coaxed, and who thought about finding women every day, would be able to blow up the emperor's tomb.

I'm afraid he doesn't even know what a demonic body is, right?

But what he thinks in his heart is one thing, and what he should say in front of Emperor Ziyang is another matter entirely.

At this moment, he, who was already wronged, could not save himself, so how could he exonerate Prince Niu?

At this moment, he wished he could drag a few more brothers into the water, so that Emperor Zi Yan would not hold him alone for this matter.

As for Prince Niu, he was obviously a piece of shit who couldn't stand up to the wall, but he was still able to gain the attention of Emperor Zi Yan. This showed that he was a person with status in Emperor Zi Yan's heart.

Such a person, at this critical moment, will naturally be dragged into trouble.

If Prince Niu didn't go into the water, he would be sorry for himself.

"How could my father think that Fifth Brother wouldn't do such a thing? Maybe his silly look is all just an act?" He said bravely.

Emperor Ziyang: "..."

He wished he could crack open the head of the son in front of him to see what was inside!

If his fifth son was really pretending, then why would Yin Lüqing spend so much thought on him?

Or could it be said that the Yinlu Qinghui teased a smart person like a fool for so long?

Such an obvious act of dragging others into the trap, and treating others as stupid, is it really impossible to tell at all?

Chapter 2205: Isn't there a lot of things?

"Yinluqing, you really disappoint me."

He shook his head at his son Yin Lüqing and sighed.

"I originally thought that if you knew how to repent, I could spare you, but I didn't know..."

He couldn't be more disappointed with Yinluqing. Not only did it ruin his life's hard work, but he refused to admit it in front of him.

However, Yinluqing was also speechless.

It's obvious that he didn't do anything, okay?

This is really an unforeseen disaster. If I had known he would have stopped following Emperor Zi Yan to the imperial mausoleum, he could have found any excuse.

But who could have predicted such a thing?

In fact, he already knew in his heart that such a thing must have been done by people like Sui Zimo.

Who else would find out the poison of Saint Zilan and then steal the antidote? Apart from people like Sui Zimo, he could not think of a second group of people.

And what he can be sure of is that Sui Zimo and the others must have done it along the way to blow up the imperial mausoleum and destroy the demon's body. Their main purpose was to obtain the Holy Child Flower!

But what made him want to vomit blood was that he knew it clearly in his heart, but he couldn't say it out loud!

We can't talk about the Saint Son's Blue Poison!

You can't talk about Yin Baiqing! !

And the life experience of Sui Zimo cannot be said! ! !

Once these three things are revealed, Emperor Zi Yan will not spare him.

It seemed that he had to admit that he was a mute. Why was he so unlucky?

no!

The villain in Yin Lüqing's heart shook his head vigorously, feeling that this matter must not be allowed to be brought to his head by Emperor Ziyan.

He didn't do it, so why should he point to the underworld and say it was him?

"Father, I am really unjust. I have never done anything like that." He kowtowed to Emperor Ziyan and prostrated on the ground.

"You mean, I have wronged you?" Emperor Ziyan narrowed his eyes and asked him.

It seemed that as long as Yin Lüqing dared to deny it, he would issue an order so that Yin Lüqing would no longer be able to do anything.

Yinlüqing raised his head in astonishment and looked at Emperor Ziyan.

Is this forcing him to admit it? Why should he admit to something he has never done?

"Father, I am really unjust. When you went to the imperial mausoleum that day, I and my fifth brother accompanied you. Why do you have to think that I was the one who did those things?

Even if my son has great courage, he would not dare to go against his father. "

"snort."

After hearing his words, Emperor Ziyang snorted coldly.

He thought: Have you done too many things against me?

Don't think that he doesn't know anything, he is like a mirror in his heart!

If it hadn't been for those things in the past, this son was really in his heart. Otherwise, would he have doubted him?

"I have already ordered people to interrogate the mausoleum guards in the imperial mausoleum. On that day, your fifth brother was in the West Underground Palace and never came up, but you never appeared in front of the mausoleum guards. If I remember correctly, you are responsible for searching the mountains near the imperial mausoleum, right?"

"My son..."

Yinluqing was really full of grievances, but she didn't know where to start.

He was responsible for investigating the mountains near the imperial mausoleum. That was also a task given to him by Emperor Ziyang himself. Why was he so unlucky that he ended up in this situation?

"Father, even if Fifth Brother is in the West Underground Palace, he can still order his people to do those things." He said.

Chapter 2206 Kneel down and reply

Anyway, regarding this matter, even if Emperor Ziyang wanted to take the crown over him, he would always have someone to back him up, and that person was Prince Niu.

"You mean, the people under your command are all spies planted by your fifth brother?" Emperor Ziyang asked him.

Yinluqing: "..."

Where do you start talking about this? How can his fifth brother place people next to him?

If you say this, who would believe it?

"This...this shouldn't be the case." He replied weakly.

"That is the mountain you are responsible for searching for. Why did the people around your fifth brother turn over the imperial tomb, but the people under your command found no trace at all?"

Emperor Ziyang asked him again.

"My son..."

Yinluqing opened his mouth, but no words came out.

He could say that it was because those who bombed the imperial mausoleum were not under Prince Niu at all!

"You obviously did it yourself, but you insist on blaming it on your fifth brother, Yin Luqing, it's in vain that your fifth brother is so kind to you on weekdays. It seems that you have fed the dog!"

Emperor Zi Yan was extremely angry and said.

Yinluqing: "!!!"

If he can't pin this matter on Prince Niu, then how about Emperor Zi Yan pin this matter on him?

Also, if he is a dog, who is the Zi Yan Emperor in the body of his father?

He really wants to go back like this!

It's a pity that he didn't dare.

"Father, I am really wronged."

At this moment, he didn't know what to say except these words.

I also really feel that what it means to be unable to argue with anyone, this is so rational that I can't even explain it.

"Erchen knows that Fifth Brother is really good to him on weekdays, but he really has never done anything about the imperial mausoleum. What Erchen means is that maybe the father will announce Fifth Brother to the palace. , it would also be a good idea to ask him if he has any clues."

"You really don't look back until you hit the wall."

Emperor Ziyang took a deep breath, then turned around and ordered the chief steward to announce Prince Niu to the palace.

"That being the case, I will give you a chance to confront your fifth brother face to face!"

Yinluqing: "..."

He doesn't want to confront Prince Niu at all, okay?

Obviously he just didn't want this huge crime to be imputed to him for no reason.

Is such a simple wish so difficult to realize?

...

In the imperial study room, Yin Lvqing knelt until her legs were numb, and she cursed Prince Niu half to death in her heart for his procrastination.

Two hours later, Prince Niu arrived belatedly.

"My son has met my father."

Prince Niu knelt down towards Emperor Ziyang, saluted and said hello.

"Father, my son heard about the evil body, so he went to the imperial mausoleum to find out who it was. He was so bold and dared to betray his father, so he came late. I hope my father will forgive me."

"Nothing, just get up."

Emperor Ziyang glanced at Prince Niu lightly and ordered him to get up.

"Thank you father for not punishing me." Prince Niu stood up.

When Yinluqing saw Prince Niu getting up, he wanted to stand up too.

He had not experienced the feeling of kneeling on the ground for many years. How could he endure this pain?

It's a pity that Emperor Zi Yan didn't give his son a chance to stand up at all. When he saw that he was trying to stand up, he immediately gave a sharp shout.

"Which one made you get up? Kneel down and answer."

Chapter 2207 Are you here to complain?

Yinluqing's knees, which he had just wanted to loosen, suddenly stiffened. He gritted his teeth and could only kneel down again.

He secretly thought to himself, why could Prince Niu stand up, but he still had to kneel down? The same prince, if he was a prince, would he be divided into three, six or nine?

How hateful.

But what made him even more hateful was that Prince Niu, his fifth brother who he had always secretly scolded as a fool, turned his head and looked at him at this moment.

"Eighth brother is here too? Why did he come into the palace at this time? Could it be that he came to complain to the father about fifth brother?"

Listening to his calm and indifferent tone, Yinluqing almost spit out a mouthful of blood.

Didn't he see that his father was pushing him to the ground and not letting him get up?

What do you mean by laughing at him like this?

"oh?"

Emperor Ziyang became interested when he heard what Prince Niu said.

"Lao Wu, listening to what you said, it seems that you have offended Lao Ba somewhere. What have you done?"

he asks.

"It's nothing to report back to Father."

Prince Niu seemed to be chatting about everyday things, so he talked about the two people.

Of course, in fact, nothing happened at all.

"Yesterday, my eighth brother wanted to invite me to go to Baifen Courtyard today. However, my son recently heard people outside mentioning the imperial mausoleum, and he was thinking about whether people in the royal family should keep a low profile for a while, so he didn't agree to this. .

I never thought that my eighth brother was angry with me, but he came to my father to complain. "

Yinluqing: "!"

He asked Prince Niu out yesterday, but although this guy rejected him, he didn't explain the reason!

Besides, is he the kind of person who would go to the palace to complain over such a trivial matter?

Besides, would Ziyang Emperor, their father, take care of the matters between their brothers? What's more, he asked Prince Niu to go to those low-class places in Baifenyuan?

If he really came to the palace to complain, wouldn't he be here to be ripped off? !

"Lao Ba, you are really capable."

When Emperor Ziyang heard what Prince Niu said, his face immediately turned cold.

"Now that the incident in the imperial mausoleum has been widely spread outside, you don't think about countermeasures, but you still want to drag your fifth brother to a place where others will wait for you to die. You are simply hopeless!"

When Yinluqing heard this, he was so angry that he almost fainted on the spot.

Who did he provoke?

Don't you just want to find out some information about Sui Zimo and Lin Caisang from Prince Niu?

What's more, Prince Niu has already rejected it!

"Father, I know I was wrong."

At this time, he could only admit his mistake. What else should he do?

Who asked him to make an appointment with Prince Niu? That is a fact. Just ask the servants in Prince Niu's house and you will know that he cannot deny it even if he wants to.

"Eighth brother, are you really here to complain to my father?"

When Prince Niu heard what he said, he looked at him in surprise and asked.

Yinluqing: "!"

He was provoking someone. Is it necessary to think of him so dirty?

Although he is quite dirty, is it okay for him to file a complaint over such a trivial matter?

"Fifth brother, you misunderstood. Father announced that the eighth brother would enter the palace for other reasons." He said helplessly.

"Something else?"

Prince Niu raised his eyebrows and looked at Emperor Ziyang.

"Father, what do you mean by announcing that my eighth brother and my son are here? But is there anything that I need to do? As long as my father leaves it to me, I will do my best to complete it for my father."

Chapter 2208 Aren't we in the same group?

He said to Emperor Ziyang.

Yinluqing: "..."

When did his stupid fifth brother become so good at saying nice things?

How wonderful it would be if it was his turn to say this!

Sure enough, when it came to Prince Niu's words, Emperor Ziyang nodded with relief.

"It's nothing important. I just heard that the matter about the imperial mausoleum is related to Lu Qing. I brought him into the palace to ask about the situation." Emperor Ziyang said.

"How does what happened in the imperial mausoleum have anything to do with the eighth brother?" Prince Niu asked in surprise when he heard this.

After hearing what he said, Emperor Ziyang told Prince Niu all the things he suspected, so that Yinluqing could listen and see how good his eloquence could be in order to defend himself.

The person responsible for searching outside the imperial mausoleum was all under the command of Yin Lüqing. He was the only one who could let the person escape without anyone noticing, right?

Otherwise, why are there so many mausoleum guards in the imperial mausoleum, but they can't catch even a small person?

"This...Father, could this be a misunderstanding? I think, no matter how bold my eighth brother is, he would not dare to commit such a heinous crime, right?"

Prince Niu looked down at Yinluqing and said to Emperor Ziyang.

"By the way, I remembered it."

Suddenly, as if he thought of something, his eyes lit up.

"Father, I remember that when I was in the imperial mausoleum, my eighth brother wanted to change with my son. He wanted to go to the West Palace. If that was the case, how could those thieves do anything under my nose? Escape.

Thinking about it, the eighth brother should not be in the same group as those thieves, right? "

he said.

Yinluqing: "..."

If it weren't for being in the Imperial Study Room at this moment.

If it weren't for being under the nose of Emperor Zi Yan right now!

He really wanted to curse. What did this idiot Prince Niu say?

What does it mean that if he goes to the West Underground Palace to check the lost items, the thieves will not be able to escape? Doesn't this blatantly remind the father that he is the one who secretly let the thieves go?

Also, Emperor Ziyang might think that he deliberately wanted to change jobs with Prince Niu just to avoid suspicion.

Others have already been arranged in the imperial mausoleum.

Sure enough, after hearing Prince Niu's words, Emperor Ziyang's face turned green, and looking at Yin Lüqing's expression, he became even more unkind.

"Yinlüqing, look, at this point, your fifth brother is still trying to excuse you, but what did you do?"

Yinlüqing: "!"

Didn't he just insist on biting Prince Niu before? Wouldn't this become an unforgivable sin?

He was almost certain that Prince Niu did it on purpose!

In the past, he underestimated Prince Niu and treated him as a fool. But in fact, judging from today's events, he thought Prince Niu was not a good person!

Perhaps, what happened in the imperial mausoleum really has something to do with Prince Niu?

And the things that are currently spreading in Mengyan City may have been spread by Prince Niu!

Could it be that Prince Niu wants to force him into the palace?

Thinking of this possibility, Yin Lüqing's face became even worse.

"Fifth brother, you didn't send people to spread the news about the evil body, right?"

With his mind heating up, he suddenly said these words to Prince Niu.

Prince Niu: "..."

Yinluqing must have been driven to the point of panic by Emperor Ziyang. At this time, she could still ask such a question?

Chapter 2209 Immediately came up to make up for it

"Eighth brother, what do you mean by this?"

He looked puzzled, looked at Yin Lüqing, then raised his head and looked at Emperor Zi Yan.

"Father, my son would never dare to do such a rebellious thing. If my father is suspicious, he can send someone to investigate the situation. I have a clear conscience and will never admit the false accusations made by my eighth brother. "

He said it with a righteous look on his face.

"You don't have to say this, I believe you." Emperor Zi Yan said to Prince Niu.

Then, he glanced at Yin Lüqing who was kneeling on the ground with displeasure.

"Lüqing, I originally wanted to give you a chance to change your ways, but I didn't expect that you would... Oh, you really disappoint me." He shook his head at Yinluqing.

Yinluqing: "..."

So, what was the purpose of him kneeling here for so long, waiting for Prince Niu to come?

Is it just to let Emperor Zi Yan announce Prince Niu to the palace and see his jokes?

Isn't the difference between Emperor Zi Yan's treatment of these two brothers too great?

He was trying his best to defend himself here, but Emperor Zi Yan still wanted to pin the heinous crime on his head.

On the other hand, Prince Niu doesn't even have to defend himself, so he can gain Emperor Ziyang's trust?

Do you want to be so confident?

"Father, before I was in the imperial mausoleum, I sent my father back. The person who has been in the imperial mausoleum for the longest time is my fifth brother. Did my father forget?" He reminded Emperor Ziyang angrily.

When they were in the imperial mausoleum before, it was Prince Niu who said that his father's body was the most important, so he asked him to accompany Emperor Ziyang back first.

And he, with the mausoleum guards and bodyguards, continued to search the imperial mausoleum.

Maybe it was at that time that Prince Niu let those thieves go? Otherwise, how could those thieves have time to escape? It is simply impossible.

"You mean, this matter is still my fault?"

Emperor Zi Yan narrowed his eyes slightly and stared at Yin Lüqing, wishing he could punch a hole in his body.

Hearing this, Yinluqing opened his mouth, feeling really miserable that he couldn't express.

Just when he was about to explain something, there was a voice, but it was faster than him.

"How could my father be wrong? It's my son's fault."

Prince Niu looked like he had done something wrong, and secretly glanced at Yin Lüqing in front of Emperor Zi Yan.

"I really shouldn't have let so many guards leave at that extremely critical moment. Even if I am sending my father back, I should personally accompany him to ensure that there are no thieves among them."

Yinluqing: "!!!"

He really wanted to strangle Prince Niu to death.

What does this mean?

Are you reminding Emperor Zi Yan that the reason why those thieves could not be found was because they secretly joined the team that was sending Emperor Zi Yan back to the palace?

What's more, when he was sending Emperor Ziyang back to the palace, Prince Niu forced him to accept the task.

If there was no other way, he would definitely stay in the imperial mausoleum. Even if he just wanted to see if there were any other treasures in the imperial mausoleum, it would be good to get a few more in his own hands!

Who is willing to send Emperor Ziyang back to the palace and listen to the curses for most of the day?

After hearing what Prince Niu said, the chief steward behind Emperor Ziyang immediately came up to make up for it.

"Your Majesty, I asked the head guard. There were really four missing among the guards who sent you back that day. I have never been able to find out where they went."

Chapter 2210 Where can I explain it clearly?

Yinluqing: "..."

This kick touched him hard and made his chest hurt. He really wanted to set the palace on fire.

"without you?"

Emperor Ziyang looked at the chief manager and asked with a frown.

"Why haven't I heard you mention it before?" he asked.

"this....."

The chief manager paused for a moment and glanced at Yin Lüqing.

"Back to the emperor, when the Eighth Prince accompanied you on a trip, it was normal for the guards to be lacking. I thought that those who were missing had all gone to the Eighth Prince's palace.

Therefore, when I heard what the head guard said, I didn't think much about it.

Who would have thought that this Eighth Prince... maybe he was unintentional and didn't know that those people were the thieves who destroyed the imperial mausoleum. "

Yinluqing felt anxious.

Everyone wants to pin that heinous crime on him. What does that mean?

Moreover, why does he feel like this hole is getting bigger and bigger? Everything in the past feels like it will be found out?

Does he really look like a bully?

"Father, I really don't know about the lack of guards. Father, you have to believe me, I really..."

"okay!"

Emperor Ziyang didn't want to hear Yinluqing's excuse at this moment.

No matter what he said, Emperor Ziyang had already blamed him for this matter, thinking that he was the one who did it.

"Yin Lüqing, please go to the prison and think about the past. When you realize your mistake, send someone to tell me, come and drag him down!"

"Father!"

Yinluqing couldn't believe her ears.

What did he hear? He obviously didn't do anything. Why did he do all this in the end?

"Father, father, I have never done this before, father..."

He wanted to defend himself, but the guards outside the imperial study room had already rushed in, lifted him up while he was kneeling on the ground, and carried him out without giving him a chance to explain.

Moreover, at this moment, there is no way to explain it clearly!

"Father, was it really the eighth brother who did those things?"

Prince Niu turned around and watched Yin Lüqing being dragged away by the guards, with mockery in his eyes.

Let these two scourges of the Ziyang Kingdom fight among themselves. The harder they fight, the less miserable the people will be.

After Yin Lüqing's figure disappeared in front of him, he turned around and looked at Emperor Ziyang.

"Eighth brother, I really can't believe that he would do such a ridiculous thing. As a minister, how can he go against my father? It's really inappropriate." He shook his head, with a look of helplessness on his face.

"Lao Wu, I heard that Lao Ba has been placing people at the door of your house recently? Is this possible?" the emperor asked.

This matter is no longer new. This son of Yin Lüqing really dares to do anything, so he blatantly planted people at the gate of Prince Niu's Mansion.

"Um?"

Prince Niu raised his eyebrows, looking confused.

"Did the eighth brother arrange those stalls at the entrance of Prince Erchen's palace? Erchen thought... that business in Mengyan City is so difficult now."

But no, it's not difficult to do business when you come to the gate of Prince Niu's Mansion where there are almost no ordinary people coming and going.

How many times of business can you do in one day?

Emperor Ziyang: "..."

If Yin Lüqing is too cunning, then his son is too stupid.
