

## Star of Space 2211

Chapter 2211 I understand!

Even when people were placed at the gate of the palace, they were still unaware.

But that's right, whoever has such a princess who can arrange everything, doesn't need to worry about anything anymore, right?

"It's time for you to cheer up and think about what to do next."

"Yes, I understand."

Prince Niu responded casually and left the palace after a while.

...

"Dongcheng, tell me, my father is weird, isn't he?"

On the walking carriage, Prince Niu frowned and asked the guard sitting next to him.

"My lord, what are you talking about, what's strange?" Dongcheng looked at his prince and asked.

He has not seen the emperor, nor can he, but is there anything strange about the emperor?

"I can't tell you this at the moment."

Prince Niu shook his head.

He would not be surprised if the Emperor Zi Yan should blame anyone for the destruction of the imperial mausoleum.

After all, for such a big matter, you have to find an outlet to vent all your dissatisfaction.

And he wouldn't be surprised if Yin Lüqing, who was wrongly accused, was imprisoned.

If this matter was really done by Yinluqing, then it is possible that Emperor Ziyang killed Yinluqing in a rage. After all, Emperor Ziyang had many sons and grandsons.

However, he always felt that something was wrong, and Ziyang Emperor was full of strange feelings.

"Your Majesty, such a big thing happened in the imperial mausoleum. It is understandable that the Emperor is angry. You don't have to worry about it so much." Dongcheng persuaded his prince, seeing his thoughtful look on his face.

"anger?"

Prince Niu raised his head and glanced at Dongcheng.

After a while, he finally understood.

"I understand!"

...

In the Golden Pearl Space, Lin Caisang was studying the poison and antidote of Saint Sonlan, but he couldn't figure out what Yinluqing had added to the poison.

"It seems that it has to fall on Yin Lüqing." She took a deep breath and said to the air.

Since she couldn't study it, she put down the Saint Son's Blue Poison first, and prepared to leave the Golden Pearl Space to see what was going on outside.

"Husband, what are you doing? In a daze?"

As soon as she came out of the Jinzhu Space, she saw her husband sitting in the yard. What was he thinking?

"Lady?"

When Sui Zimo heard her voice, he immediately stood up, came over and hugged her into his arms, and then the two of them went to sit down together.

"Come, sit down."

"What were you thinking just now?"

Lin Caisang sat down in the yard and asked.

"The news just came that Yinluqing has been imprisoned." Sui Zimo said to her.

"Um?"

Lin Caisang raised his eyebrows.

How could Yin Lüqing be put in prison if he was so capable?

What kind of trouble has he caused again? Can Emperor Ziyang be so angry that he puts his son in prison?

"What's the matter?" she asked.

"The bombing of the imperial mausoleum." Sui Zimo said.

"Emperor Ziyang believes that the bombing of the imperial mausoleum and the rumors in Mengyan City were all caused by people from the Yinluqing faction."

"Well."

Hearing this, Lin Caisang was really shocked.

Isn't this Ziyang Emperor too talented?

But Qian Yinqing had done many bad things, but he turned a blind eye and let him go.

But this time, Yinluqing did nothing, but Emperor Ziyang blamed him and put him in jail.

Chapter 2212 Came here openly

"Then what does Emperor Ziyang want to do? Kill Yin Lüqing, the 'culprit'?" she asked.

"It's just that he was imprisoned. There is no news about the rest." Sui Zimo said.

"Then what were you thinking about just now, and how to get Yin Lüqing out of prison?" Lin Caisang asked.

After all, she really couldn't find anything out from the Saint Child Lan's poison. The poison on her husband's body ended up on Yin Lüqing's body.

"no."

Sui Zimo shook his head.

"Madam, do you think this Mengyan City is too peaceful?"

He asked Lin Caisang.

"What do you mean by that?" Lin Caisang asked him, frowning.

Is Mengyan City still peaceful now? I'm afraid it's almost going to be a mess, right?

"Think about it, if the Son of Evil is really that important and has been destroyed by us, how can Emperor Ziyang still sit in the palace? I'm afraid he has already sent people to dig through the land of Ziyang Kingdom, right?"

But now, there is no movement. "

Sui Zimo reminded her.

After listening to his words, Lin Caisang thought about it and realized that was really the case.

This Ziyang Emperor is the emperor of a country after all, but the sons of evil spirits he cultivated with all his heart were burned by a fire.

"If Emperor Zi Yan really thought that Yin Lüqing was responsible for this matter, he wouldn't just be thrown into jail. Is it that simple?" she asked.

A person who can raise something like the son of an evil spirit has no family ties at all. A son should be nothing to him, right?

However, since Emperor Ziyang thought that Yinlüqing was responsible for this, he just lightly threw the person into prison?

"You can't be suspicious..."

She stared at Sui Zimo dimly, feeling a little unbelievable.

If it is really what she thinks, then their game is not over yet?

"Master, Mistress, Prince Niu is coming to our courtyard."

Before the two of them could finish their words, they heard Jiang Li, who had been staring outside in the dark, come over and say to them.

"Prince Niu?"

Lin Caisang glanced at Jiang Li, then looked at Sui Zimo.

The last time Prince Niu came to their yard, he climbed over the wall in the middle of the night. Why did he come here openly and openly in broad daylight?

"He must have noticed something." Sui Zimo said.

Prince Niu is not a fool. Since they can detect it, Sui Zimo, who just came out of the palace, must know better what the attitude of Emperor Zi Yan is now, right?

"Perhaps we can draw conclusions from him, but we don't know."

"Jiang Li, go make tea." Lin Caisang immediately ordered Jiang Li.

"Yes, Mistress."

Jiang Li responded and retreated.

After a while, Prince Niu came over in a hurry. When he saw Sui Zimo and Lin Caisang, he didn't even have time to say hello and sat down.

"I felt very strange when I saw Emperor Ziyang today." He said to the two of them.

"The imperial mausoleum was bombed and the Devil's Son was destroyed. He wasn't angry at all, was he?" Lin Caisang told this fact for him.

Yes, if their move really stepped on the sore spot of Emperor Ziyang, the ground of Mengyan City would have been turned upside down long ago. How could it be so peaceful and normal?

Hearing this, Prince Niu shook his head and nodded again.

"To say that I'm not angry at all would be an exaggeration, but it's true that it's not as angry as we imagined," he said.

Chapter 2213 Where is the entrance?

Including the punishment given to him after Emperor Ziyang suspected Yinluqing.

He had always thought there was something strange. If the Son of Evil was really that important, wouldn't Emperor Ziyang just drag Yin Lüqing out and chop him down?

He actually went to jail to think about his mistakes?

But if he said that the son of the evil devil was dispensable to Emperor Ziyang, he would not believe it.

"Tell me, what you destroyed is not the son of the devil, is it a fake?" He raised his doubts.

In his opinion, this is entirely possible.

"It's not true, but there is another possibility." Sui Zimo said.

"Um?"

Prince Niu was a little confused.

Since it is not false, then what is destroyed is true.

What else is possible?

Suddenly, he narrowed his eyes and looked back and forth between the two people in front of him with some disbelief.

"You don't mean to say...that there is another son of the devil, do you?"

"Do you think it's impossible?" Sui Zimo asked him.

"Well!"

Prince Niu had nothing to say.

Xin said: This is really something his father would do.

Ziyan Emperor is the same as Yinluqing, what can't he do?

Now that you can create a son of the devil, you can raise a second and third one.

The spiritual energy and evil energy in the phoenix veins can not only raise one evil child, but two, three, or four.

However, it is not easy to find a woman who can raise a son of the devil.

There should be only one other, not a third.

"If there is one, where is it?" he asked.

If you have already eliminated one person, it will be the same if you solve another one.

However, we still have to trouble the couple in front of us and get them to take action.

"The son of the evil spirit needs to absorb the evil spirit in the phoenix veins. There is no other place except the imperial mausoleum." Lin Caisang said with absolute certainty.

However, the East Underground Palace was bombed, the West Underground Palace was stolen once, the Holy Child Flower in the North Underground Palace was also stolen, and the Phoenix Vein under the thatched house was so bombed that it was impossible to walk in. ?

The entire imperial mausoleum has been almost destroyed, where else is there left?

"South Underground Palace!"

Three words came out from three people's mouths at the same time.

Yes, there is another South Underground Palace that they have never touched!

"Prince Niu, where is the entrance to Nangong Land?" Sui Zimo asked Prince Niu.

Prince Niu: "..."

Should he tell the truth? Hey, let's talk about it.

"I have been a prince in the Ziyang Kingdom for so many years. I have only heard of the South Underground Palace, but I have never seen it."

"Isn't it in the imperial mausoleum?" Lin Caisang asked.

"It should be there, right?" Prince Niu thought for a while and said.

If the things in this South Underground Palace also need Phoenix Vein, then they must be in the imperial mausoleum.

"If it's not in the imperial mausoleum, where would it be? I think it's probably a little hidden, so no one has discovered it yet, but it's really hidden. I've followed Ziyang Emperor many times, but I haven't found anything."

He took a deep breath and said.

If he is not curious about this mysterious South Underground Palace, he must be lying.

He could even find out that the former queen was buried on the phoenix vein under the thatched house, but it happened that it was this southern underground palace, and he couldn't find the entrance.

"So mysterious?"

Lin Caisang raised his hand to support his chin and looked at his husband.

Chapter 2214 The Second Son of Evil

Hearing this, Sui Zimo also turned his head to look at her.

"The South Underground Palace is within the imperial mausoleum, that's for sure, but if you want to find the South Underground Palace, you'll still need to work hard."

he said.

"Prince Niu, do you have any idea?" Lin Caisang looked at Prince Niu and asked.

Prince Niu: "..."

He has thought of so many ways, and after so many years, he still hasn't found the entrance to the South Underground Palace.

Now if I ask him if there is anything he can do, he is really... not good at answering this question.

"There will always be a way, it's just that for a while, I haven't thought of it yet, don't be in a hurry, don't be in a hurry.

He shook his head and said slowly.

Lin Caisang: "!"

Sui Zimo: "!"

Then just say that you can't think of a way, that's fine. Why go to all the trouble?

"Prince Niu, with all due respect, if the two evil sons were conceived at the same time, then we have to hurry." Lin Caisang reminded them.

Yes, the former queen and the devil's son they discovered before are about to be born.

If the other one comes later, that would be okay.

But if it's about the same time, then they still have to hurry up, otherwise, the son of the devil will be born.

"Even if the son of the evil devil is born, it will be nothing, right?" Prince Niu asked.

The newly born son of the evil devil is not very powerful. He is just a milk boy. He will have to grow up to reveal his evil side.

Is this true? He had seen it written in ancient books before.

"But after the son of the evil spirit is born, the emperor can hide him wherever he wants. There is no need to absorb the power of the evil spirit on the phoenix vein. By then, we won't even know where to find the son of the evil spirit. "

Lin Caisang reminded him.

It's easy to find now. After all, it is in the mother's belly, and it is inseparable from the Phoenix Vein.

But if he is born, he will be a child no different from ordinary people. It will definitely be even more difficult to find him.

When that time comes, Emperor Ziyang will definitely protect this son of the evil devil even more.

What's more, Emperor Zi Yan is not a fool. He will not keep the sons of evil spirits by his side and wait for them to kill them.

"this....."

Prince Niu was stunned for a moment and finally came to his senses.

However, he still had something to say, and he didn't know whether he should ask them.

"Do you think there will really be a second son of the devil? Is it actually..."

"Can't you see the attitude of Emperor Zi Yan?"

Before he could finish his question, Sui Zimo interrupted him directly and asked.

If there really is no second son of the evil devil, then at this moment, Emperor Zi Yan is probably going crazy. He will shout and kill anyone who has the slightest suspicion in his heart, right?

How could he possibly put Yin Qing, whom he already suspected deeply, into jail?

"I will handle this matter. Give me ten days... no, five days. I will definitely find out the entrance to the South Palace."

When Prince Niu heard what he said, he knew that this matter was definitely going to get serious, so he immediately patted his chest and assured the two of them.

Moreover, to say the least, even if they guessed wrong, there was no second son of the devil.

So what?

Now if they have suspicions, they have to confirm them.

Chapter 2215 The former queen is still there

Regardless of whether it is true or not, because they cannot afford to take this risk, Ziyan Kingdom and Qianhuan Continent cannot afford to take this risk.

"That's nothing, I will leave first."

Thinking about it, he was ready to leave and make arrangements to inquire about the Nandi Palace.

"etc."

Suddenly, Lin Caisang stopped him as he was about to leave.

"Mrs. Sui, is there anything else?"

Prince Niu turned his head and looked at Lin Caisang.

"There is one thing that I want to confirm with Prince Niu."

Lin Caisang nodded, took out paper and colored pencils from his small satchel, and then began to draw.

After a while, a painting was completed under her hands, and she handed the portrait to Prince Niu.

"Prince Niu, is this person the former queen of your Ziyang Kingdom?"

What she drew was the monster woman they had captured and burned to death under the thatched hut.

Prince Niu took the portrait into his hands and took a look.

The next moment, he was stunned.

"Who is this person? I don't know him." He looked up at Sui Zimo and Lin Caisang and said.

"So, the one we killed was not the former queen."

Hearing his words, Lin Caisang turned around and glanced at her husband, her tone couldn't be more certain.

They thought that the monster woman they killed under the thatched hut must be the former queen, but how did they know that she wasn't?

No wonder Emperor Ziyang's anger was not so obvious. It turned out that they had been in the wrong direction all along.

"How could this person be the former queen? She..."

Prince Niu chuckled and thought Lin Caisang's words were quite funny.

The former empress must have been favored by Emperor Ziyang for so many years. How could it be possible that the portrait showed a woman with mediocre aura and even more mediocre appearance?

"You don't mean to say that this woman is the woman who was pregnant with the devil's son that you killed in the imperial mausoleum, right?"

Suddenly, he thought of it, looked at Lin Caisang and Sui Zimo in disbelief, and asked.

"Yeah."

Lin Caisang nodded.

This was the woman they killed. Is there any problem?

"So, the former queen is still alive and not dead yet?" Prince Niu asked.

Hearing this, Lin Caisang raised his eyebrows but did not answer, while Sui Zimo was also silent and did not say a word.

This problem really stumped them. Now they can be sure that maybe this woman can be solved so easily by them. She is just a test subject used by Emperor Ziyang for experiments.

Moreover, it was still an experiment that he thought had failed.

Therefore, if a failed experimental product was destroyed, he would naturally not be angry.

And the reason why he was angry was probably because he was discovered about the son of the devil, right?

He felt that his secret had been spied on, and it would be very troublesome next.

As for the former queen, no one knows whether she is dead or whether she had already died early in the morning, right?

"Husband, do you think the former queen may have died a long time ago?" Lin Caisang looked at her husband and asked.

"impossible!"

Without waiting for Sui Zimo to answer, Prince Niu spoke.

"Why isn't it possible?"

Lin Caisang was surprised. Didn't everyone in Ziyang Kingdom think that the former queen was dead?

Now that I have just seen a woman who is pregnant with the son of an evil spirit, does the former queen have to live? Doesn't that make sense?

"this....."

Chapter 2216 The carrier that absorbs the energy of evil spirits

Prince Niu was stunned by her question, but he quickly came to his senses.

"Mrs. Sui, the woman in this portrait is wearing the phoenix dress worn by the former queen. She was buried in it. Who else would dare to wear it?"

He pointed at the portrait that Lin Caisang painted before and said to them.

Hearing this, Lin Caisang raised his eyebrows.

So, was the woman they killed the chess piece that Emperor Ziyang placed in the underground palace under the thatched house to confuse others?

And they just killed a chess piece of Emperor Ziyang?

"Well, Lord Niu, I think we need to chat for a while. Come on, sit down."

She waved to Prince Niu and motioned for him to sit down again.

At this time, Jiang Li also came over with tea, put it on the wooden table, and poured it for Prince Niu's former mistress.

"You drink juice."

Sui Zimo took the tea cup from his wife's hand and glanced at Jiang Li.

Hearing this, Jiang Li touched his nose and decisively went to get the juice.

"It's just a sip, it's okay." Lin Caisang didn't care.

But since her husband said that, she would naturally not go get that cup of tea again, she would just wait for her juice.

"Prince Niu, how did you know that the former queen was buried on the Phoenix Vein? This matter should be a secret of your Ziyang Kingdom's royal family, right?"

She looked at Prince Niu and asked.

"Um."

Prince Niu responded lightly.

A secret is a secret, but there are still ways for those who want to know.

Like him, like Yinluqing.

However, Yinluqing probably doesn't care who's person is placed on top of the Phoenix Vein, because he feels that something like the Phoenix Vein is nothing to use, right?

Thinking of Yin Lüqing, he thought of Yin Lüqing who was imprisoned in prison at this moment.

I don't know what he is doing now. Will he regret it so much that he didn't pay attention to Feng Mai? If he had paid attention, this son of the evil spirit would have been taken away by him, right?

But now is not the time to think about music.

"I have been to the underground palace several times, and I have seen the former queen who was placed on the Phoenix Vein. As for the ancestor of the Yin family, this is not a secret of the royal family. Many people in the palace know it. Yes, that's why I went to investigate and found out about those poisonous corpses."

he explained.

"Huh? Wait."

Just when Prince Niu was about to continue speaking, Lin Caisang interrupted him.

"You mean, the former queen was not placed in a coffin?"

This was asked by Sui Zimo.

"There is ice crystal jade on the phoenix vein. You only need to place the body on it. There is no need for a coffin to bury it." Prince Niu said it matter-of-factly.

Lin Caisang: "..."

Without the coffin, an acquired carrier that absorbs the evil spirit's energy, how can the evil spirit's energy be introduced into a person's body?

Rely on ice crystal jade?

It's not like she hasn't heard of ice crystal jade, but it doesn't have such a good effect!

"Although ice crystal jade can protect the body, it is a thing that warms the sun. It seems that the ancestors of your Yin family placed the body on the ice crystal jade not to bring the body back to life."

She said with absolute certainty.

"What?!"

After hearing her words, Prince Niu was stunned.

If it's not used to bring the dead back to life, then what else could it be used for?

Chapter 2217 Exorcism and Suppression of Evil

"If it's not used to bring the dead back to life, then it can't be used to suppress the evil spirits in the Phoenix Vein, right?" he asked.

Sui Zimo and Lin Caisang were stunned at the same time, and they looked at each other.

"Perhaps it is really used to suppress evil spirits." Sui Zimo said.

"Ice crystal jade has the function of exorcising demons and suppressing evil spirits, and if the magic practiced by your ancestor is of the light system, the two together can suppress the evil spirits that are constantly rising under the phoenix veins.

Of course, this must be sealed with a formation, which should be an ancient sealing formation. "

He is an alchemist, so he knows something about this.

"And your father thought that the evil energy in the Phoenix Vein was useful to him, so he removed the body of his ancestor and allowed the evil energy in the Phoenix Vein to break through the seal.

That's why children of evil spirits are cultivated. "

"this....."

Prince Niu was made numb by Sui Zimo's words and his whole body felt bad.

He believed that this was something that his fathers and emperors could do. For his ambition, he even dared to touch the evil spirit.

"What exactly does he want to do? Is it just to dominate the Qianhuan Continent?"

But this is simply wishful thinking. The Qianhuan Continent is so big, how can their small Ziyang Kingdom be able to unify it?

Are those from other countries, including Sky City, and the Orcs, all just living off the food?

"I don't know why, but I always feel that my father cannot do this alone. Mr. Sui, Mrs. Sui, do you think it is possible that there is another person behind my father?"

he guessed.

It's not impossible, is it?

Hearing this, Lin Caisang and Sui Zimo looked at each other again.

"Perhaps this is the same person as the person behind Yinluqing?" Lin Caisang asked.

"the same person?"

Prince Niu couldn't believe it.

He had always known that there was someone behind Yin Lüqing, but he didn't know who the person behind Yin Lüqing was.

But now, it is actually said that there is someone behind Emperor Ziyang, and is it the same person who instructs Yinluqing to do all the bad things?

He didn't believe it. Two people have the same master?

"No way? If it's the same person, why choose two people to use?"

What's more, one of them is Emperor Ziyang, who is an emperor. Who else in the Ziyang Kingdom can compare to Emperor Ziyang?

Now that there is Emperor Ziyang, why should that person choose another person?

"Mr. Sui, Mrs. Sui, according to your opinion, he was the one who secretly used Emperor Ziyang to destroy the seal under the Phoenix Vein and then raise the son of the evil devil.

That must have been many years ago. After all, when the former queen passed away, even I was still young. At that time, Yinluqing was still young and could not be taken advantage of.

Now that he has his father as a chess piece, why bother looking for Yin Lüqing again?

Isn't this a contradiction? "

"What if Emperor Ziyang is no longer under his control?" Sui Zimo asked him.

"this....."

Prince Niu was stunned and felt that this was quite reasonable.

After all, even if the ambition of a Warcraft grows, it may backfire on its master, let alone a human being?

People's hearts are always changeable.

"This is possible, but...that person is really courageous."

He raised his head, glanced at the two of them, and sighed inwardly.

Chapter 2218 Going to add some trouble?

I thought to myself: The person behind Ziyang Emperor and Yinluqing is really unlucky. The two chosen people were both born with a traitorous bone in the back of their head.

Emperor Ziyang will bite him back, so won't Yinluqing do the same?

I'm afraid Yinlu Qinggeng will be better!

Wouldn't it be unlucky to find two ambitious people who won't backlash?

"No matter what, let's find the South Underground Palace first. It's really not possible..."

He gritted his teeth and looked at the two of them with extremely serious eyes.

"If it doesn't work, blow up the entire imperial mausoleum!"

Lin Caisang: "!!!"

This Prince Niu is also awesome!

The Imperial Mausoleum is the burial place of the ancestors of the Yin family. He actually had the courage to say that he would blow up the Imperial Mausoleum.

However, if the South Underground Palace cannot be found, or the son of the evil devil cannot be found, the Phoenix Vein of the Ziyang Kingdom will really not be able to be saved.

Even though the phoenix veins had been almost destroyed by them, the evil spirit still existed.

It is enough for a son of an evil spirit to absorb a little bit of evil spirit energy.

"Let's find it first and then talk about it."

Sui Zimo said something.

As for whether to blow up the imperial mausoleum, we can wait until we can't find the South Underground Palace. It's too early to say this now.

"good."

Prince Niu nodded, then turned and left.

...

Another day passed, and the two of them paid no attention to what happened in the imperial mausoleum, letting Prince Niu do whatever he wanted.

At this moment, the two of them were still sitting in the yard, looking at the flowers and plants in the yard.

"Husband, tell me, what is Yinluqing doing now?"

"Enjoying the treatment of his prince in prison?" Sui Zimo said with a chuckle.

Lin Caisang: "..."

Maybe, but who is Yin Lüqing? Even if he is in prison, he will not suffer.

"How about we give him some trouble?" she asked.

"Can't you sit still?" Sui Zimo asked her.

Hearing this, Lin Caisang couldn't help but curled her red lips.

We are in the courtyard every day, where can we sit down?

What's more, she thought that the poison on her husband would still fall on Yin Lüqing, which made her even more unable to sit still.

"I just want to meet this Yinluqing and see who is behind him?"

In addition, the people behind Yinluqing are really easy to guess. On this Qianhuan Continent, where else can people gain the trust of Yinluqing?

Apart from Sky City, there is nothing else, unless the Orcs want to become the masters of Qianhuan Continent.

But this possibility is slim.

In Qianhuan Continent, the restraint between the human race and the beast race is still very strong.

Moreover, people from the orc tribe probably don't know anything about the Son of Evil.

Except for the people in Sky City who had the ability to convince Ziyang Emperor and Yinluqing, she really couldn't think of anyone else.

But it is absolutely impossible to say that this person is the city lord of Sky City.

The only possibility is that there is a rebellious person around the Lord of Sky City, who wants to seize the position of Lord of the City and take this Thousand Fantasy Continent into the palm of his hand.

Of course, this is just a guess by her and her husband, and it may not be certain.

Everything is possible.

"If you want to go, then we will go." Sui Zimo said.

"real?"

Lin Caisang's eyes lit up and he asked.

"Of course it's true."

Sui Zimo chuckled, raised his hand and tapped the tip of her nose.

Chapter 2219 The mood is pretty good

He still has the ability to enter Zi Yanguo's prison, and playing Yiyinqing for a while is what he wants to do.

Since coming to Ziyan Kingdom, although they have lived in Prince Niu's Mansion, in fact, they have not dealt with Yinluqing much.

Now, Yinluqing was imprisoned by his father.

If they didn't do something at this time, they would be sorry for themselves. Originally, he wanted to go and meet Yinluqing for a while.

...

In prison.

Although Yinluqing was imprisoned, as Sui Zimo and the others expected, he did not suffer much.

"My lord, have you finished eating? The little one took these.

A jailer looked at the table of leftovers in front of Yin Lüqing, bowed and asked.

He muttered in his heart, wondering why the emperor would put a prince in prison. Is this to torment them?

They couldn't beat or scold, even the prisoners who they usually beat and scold whenever they wanted, they couldn't beat or scold them anymore because they were afraid of making the Eighth Prince unhappy.

It's really a sin to have to be served by rich people!

"Go down."

Yin Lüqing faced the wall and waved to the jailer.

"Hey, okay."

The jailer responded and cleared away the things on the table, going back and forth several times in a row.

"Eighth Prince..."

"After cleaning up, go down and don't disturb me!"

The jailer went back and forth several times in a row, which made Yin Yuqing uncomfortable. He had not thought about anything he wanted to think about. Can he be happy?

What's more, he was still living in a prison, and in his heart, he had already scolded Emperor Zi Yan thousands of times.

"Get off!"

Hearing the sound of footsteps, he roared angrily at the person behind him.

"Ah!"

Suddenly, a chuckle sounded from behind.

"The Eighth Prince is in a good mood. It seems that he is quite used to living in this prison."

Hearing the unfamiliar voice, Yin Lüqing's eyes widened instantly, and she turned around to look at the person behind her.

"You... you..."

"We heard that the Eighth Prince was very interested in staying in the prison temporarily, so we came over to take a look. It turns out that the environment in the prison is quite good. It is much better than the Eighth Prince's Mansion."

Lin Caisang's beautiful eyes turned around in the cell, and then looked at Yin Lüqing, who had a surprised face.

"Are you... Sui Zimo, Lin Caisang?!"

Thinking of the identities of the two people in front of her, Yin Lüqing almost bit her tongue off.

These two people dared to run in front of him so openly. Aren't you afraid that he would arrest them?

"Yeah, it's us."

Lin Caisang nodded, not denying his identity at all.

"You dare to appear in front of me, aren't you afraid that I will capture you alive?" Yin Lüqing stared at them, almost getting angry at them.

"capture?"

Lin Caisang blinked, then blinked again, turned her head and looked at her husband.

"Husband, when he said captured alive, did he mean us?"

She raised her hand, pointed at the tip of her nose, and asked.

"probably."

Sui Zimo nodded and glanced sideways at Yin Lüqing, who was blowing his beard and staring.

As he raised his hand, a burst of spiritual power hit Yin Lüqing's chest.

The next moment, Yin Lüqing was knocked out, hit the wall, and then bounced back, lying directly on the ground.

"Uh, poof!"

A mouthful of blood was spat directly on the ground.

Chapter 2220 This guy is cursing him

"You...what did you do to this king?"

His whole face was distorted, and he forced himself to get up.

Holding his chest that was so painful that he wanted to explode on the spot, he bared his teeth and looked at the two people in front of him.

In the Ziyang Kingdom, he was also a strong man, so strong that even Emperor Ziyang had to look at his son with admiration.

When did he become so vulnerable that he was beaten by a child with a yellow mouth like Sui Zimo, and he fell to the ground and vomited blood?

He has a good temperament, when has he ever suffered such humiliation? !

"What did you do? Of course you poisoned me."

Lin Caisang, protected by her husband, raised her eyebrows at Yin Lüqing in a funny way.

"Don't you like poisoning? What a coincidence, I also like poisoning. No, I made some new poison and just put it on your body to test it out.

Tsk tsk, this effect is quite good. After such a short time, the spiritual power has dropped so much. "

She looked Yin Lüqing up and down and said.

"you--"

Hearing her words, Yin Lüqing almost spat out a mouthful of old blood again.

Poison?

He always knew that the woman next to Sui Zimo was not easy to mess with and she was a good doctor.

But he didn't expect that she would actually develop a poison that can reduce people's spiritual power. If someone mastered this poison, wouldn't it be possible to walk sideways in Qianhuan Continent?

"Bitch! Get the antidote!"

As soon as he gritted his teeth, he thought about catching Lin Caisang directly while the two people in front of him were unprepared and forcing her to hand over the antidote.

Unexpectedly, just as he finished speaking, before his hand could touch Lin Caisang, Sui Zimo hit him back again!

"Sui Zimo, if you dare to take action here, aren't you afraid that you won't be able to get out of this prison?"

Yin Lüqing turned around, avoided the blow from Sui Zimo, and looked at the two of them with pity.

"Ah."

Sui Zimo chuckled lightly.

He raised his eyes and glanced at the prison.

"This is your home, not mine. Why can't I get out?"

Yinluqing: "!!!"

What do you mean this is his home?

Did this girl curse him to have to stay in this hellish place for the rest of his life?

Emperor Ziyang doubted him only temporarily, and he would be released from the prison sooner or later.

"Aren't you afraid that this king will tell Emperor Ziyang about your destruction of the imperial mausoleum? By then, none of you can even think of running away!"

"If you know better, hand over the antidote. Otherwise, I will immediately sue Emperor Ziyang and make you people unable to eat. This is Ziyang Kingdom, and there are only a few of you. You cannot compete with Emperor Ziyang!"

He threatened them both coldly.

"puff!"

Lin Caisang was really amused by Yin Lüqing.

"Yinluqing, besides complaining, do you know anything else?"

She thought that Yinluqing was at least somewhat capable, right? But she didn't expect that it was such a person!

If you can't fight them, are you going to go to the palace to complain to your own father?

"You look pretty young, right? Why are you still acting like a three-year-old child, complaining when you disagree?"

"you--"

Yin Lüqing had a bad breath stuck in her throat, and stared at Lin Caisang with a red face.

"Also, tell me, you have done so many bad things behind Emperor Ziyang's back. Can you still sue me if you are like this?"

Lin Caisang didn't give him a chance to speak and continued.

"You...what do you mean?"

Hearing her words, Yin Lvqing was shocked and asked.
