

Star of Space 2221

Chapter 2221 Sure enough, I found out!

How could he hear some ill intentions in this woman's words?

Does she still want to do something immoral? Want to deal with him? That is impossible!

Even if Emperor Ziyang no longer trusts him, he is still Emperor Ziyang's biological son. As Emperor Ziyang who has a great reputation, even if he wants to tear him into pieces, he will not let outsiders bully him.

After all, his son was bullied, and Emperor Zi Yan himself was not in good shape either!

What's more, the two people in front of him are not scary at all in his opinion.

If he hadn't been restricted by Emperor Zi Yan and locked up in this prison, how could he have been restricted in his spiritual power by these two clowns in front of him?

"Yin Lüqing, Emperor Ziyang still doesn't know yet that Yin Baiqing was stolen by you, right? Huh?"

Lin Caisang slightly raised her red lips, reminding Yinluqing.

Hearing this, Yinluqing's pupils shrank violently, and she secretly screamed something bad.

Could it be that the secret of Yin Baiqing was discovered by these two people?

It's impossible. Yin Baiqing is still young and will only be regarded as a useless person who cannot cultivate. No one will be able to find anything wrong with him!

Thinking of this, he calmed down and looked at Sui Zimo and Lin Caisang with cold eyes.

"It's just a piece of music. I will take it away as soon as I take it away. Even my fifth brother will not argue with me!"

Lin Caisang: "..."

Damn, is this man's face made of copper or iron?

Prince Niu's biological son was taken away by him, why don't you care?

Not to mention that Yin Baiqing is the legitimate son of Prince Niu. Even if he is not, he is still the only son of Prince Niu, right?

Just because Prince Niu's only son was stolen by Yinluqing, if it were her, she would definitely cut Yinluqing into eighty pieces! How can we not argue with him?

And Yinluqing, what else can he say, Prince Niu won't argue with him?

"Prince Niu won't argue with you, is that a good thing? Haha.

She grinned and smiled.

"I just don't know. If Emperor Zi Yan knew about this, would he not care about you?" she asked.

"you--"

Yinluqing choked on her.

I couldn't help but wonder, did these two people really know something?

But how did they find out? That thing should not be noticed by others.

"Emperor Zi Yan tried his best to get the Purple Qi Bead out of the West Earth Palace and let Yin Baiqing swallow it, but in the end, you, his biological son, took advantage of it.

Yin Lüqing, tell me, if Emperor Zi Yan knew about it, would he eat you alive immediately? "

"You...you really know it, you really know it!"

Yin Lüqing never expected that they actually knew about this.

However, where did they know that after the purple air bead is swallowed, it will hide its aura. Except for the owner of the purple air bead, it is impossible for others to detect it.

Then how did they know about the existence of the Purple Air Bead?

Suddenly, he raised his head and looked at Sui Zimo and Lin Caisang. Apart from Prince Niu's Mansion, he couldn't think of any other place.

"You are actually in Prince Niu's Mansion all this time?!"

He finally figured out that the couple and the child that Princess Niu brought back to the house were actually Sui Zimo and his wife, and Yin Baiqing.

And at this moment...

He looked intently at Lin Caisang's belly.

Chapter 2222 So what if I pretend?

"In order to hide from the king's eyes and ears, you are really good at pretending that you are pregnant? Lin Caisang, it seems that you have a lot of good medicine in your body!"

He took a deep breath and said to Lin Caisang.

Lin Caisang: "???"

Who told him that she was pretending to be pregnant? This man's imagination is really rich.

However, whatever Yinluqing is thinking about, just let him continue thinking about it.

"What's wrong with me pretending? Yin Lvqing, how about you go and file a complaint now and tell Emperor Ziyang that it was my wife and my husband who destroyed the imperial mausoleum? Huh?"

She raised her hand, touched her chin, and suggested to Yin Lüqing.

"You-poof!"

Yinluqing was so angry that she spit out a mouthful of blood.

Of course, this is also related to the fact that Sui Zimo had killed him before.

What the hell, what is it like now, threatening him?

However, he really didn't dare to tell this matter to Emperor Ziyang. Otherwise, if he had told it early, why would he be imprisoned in this hellish place?

He knew very well that if Sui Zimo and others were brought out, the first person who would not benefit would definitely not be anyone else, but him!

At first, he couldn't explain why Suizi Mo was so good at destroying the imperial mausoleum.

Secondly, Yin Baiqing's matter must not be exposed. He cannot let Emperor Ziyang know that he was the one who took Yin Baiqing away from Prince Niu's palace.

Come three...

He was the only one who knew Sui Zimo's identity, and he couldn't let Emperor Ziyang doubt it.

Therefore, Sui Zimo must not get in front of Emperor Ziyang.

"Ouch, the Eighth Prince, why are you so careless? Where did you end up talking, and you actually vomited blood?" Lin Caisang didn't feel too happy when he saw Yinluqing vomiting blood.

I was so excited that I just had to clap my hands and cheer!

"I just asked you to file a complaint in front of Emperor Ziyang, what's the big deal?"

Don't worry, we are all adults. I will not treat you as a three-year-old child just because you file a complaint. After all, Mrs. Ben still knows that she respects the elderly and loves the young and will not attack a three-year-old child. Woolen cloth. "

"you you....."

Yinluqing raised his hand and pointed at Lin Caisang with his trembling index finger.

He had only heard the name Lin Caisang from his subordinates before, but had never actually met this person.

And he really didn't expect that this Lin Caisang was so eloquent that he almost made him vomit blood again!

"Lin Caisang, hand over the antidote immediately. I can consider letting you and your wife go. Otherwise, I will make it impossible for you to leave the Ziyan Kingdom!"

He glared at Lin Caisang with scarlet eyes and threatened again.

"laugh."

Lin Caisang sneered.

She was really convinced by Yinluqing. Now she couldn't even protect herself, but she still thought of threatening her.

"Yinluqing, you'd better think about how to get out of this place first. Don't end up stuck here for the rest of your life and never get out again!"

Threaten us? Is your threat useful to us now? Um? "

After hearing her words, Yin Lvqing took a deep breath.

Indeed, his threats now are of no use to Sui Zimo and Sui Zimo.

"Sui Zimo, don't you want the antidote?"

He looked sideways at Sui Zimo, smiled sadly, and asked.

Chapter 2223 The Secret of Life Experience

"With you by my side, it's okay if I don't want the antidote." Sui Zimo looked at Yinluqing lightly and said.

"you--"

Yin Lüqing's face was ashen and he was extremely angry.

The poison he gave Sui Zimo would at least not ruin Sui Zimo's cultivation.

But the poison Lin Caisang gave him caused the spiritual power in his body to disappear little by little.

Until now, he could feel that the spiritual power in his body was disappearing little by little.

"Sui Zimo, don't forget, even if I lose my spiritual power, I will not die, but you... will die!" He glared at Sui Zimo with scarlet eyes and said.

"so what?"

Sui Zimo chuckled and asked him.

"Before I die, I will definitely catch you, Yinluqing." He said.

Hearing this, Lin Caisang frowned displeased.

"What are you talking about? Don't say such unlucky words in the future. Why don't you still have me?"

Do you think she is dead?

Really unable to find an antidote, she resorted to the old method of detoxifying, but she had to wait until she gave birth to the baby in her belly before she could do this.

"It's my fault, I won't say it again."

Sui Zimo held her hand tightly and said.

"My wife is so powerful, she will definitely be able to find a way to detoxify her."

"That's pretty much it."

Lin Caisang raised his eyebrows proudly.

"Yin Lüqing, you don't have to bluff people. I'm afraid you don't have the antidote in your own hands, right?"

She looked at Yinluqing and said.

Hearing her words, Yin Lüqing's face changed.

However, he did not have an antidote. People around him had been researching for so many years, but they had only developed a medicine that could delay the onset of the poison.

But so what, the mere fact that Sui Zimo was poisoned by him was enough for him to threaten Sui Zimo.

What's more, he still holds the secret of Sui Zimo's life experience in his hand.

"Whether I have the antidote on my body, it's up to you if you want to get it." He forced himself to calm down and looked at Sui Zimo and said.

Although the expression on Yin Lüqing's face quickly returned to normal, Sui Zimo and Lin Caisang still saw it.

Sure enough, there was no antidote for Yin Lüqing at all!

"Zimo, give it to him."

Lin Caisang reached out and took out a porcelain bottle from his small satchel and handed it to Sui Zimo.

Sui Zimo took the porcelain bottle, opened it directly, poured out a pill from it, and walked towards Yinluqing.

"What are you doing? What do you want to do?"

Yin Lvqing watched Sui Zimo walking towards her and asked subconsciously.

He unconsciously took a few steps back until his back was against the wall.

"Sui Zimo, if you dare to touch me, you will never know the secret of your life experience, and you will never get the antidote!" He spoke out, trying to stop Sui Zimo with threats.

But how could Sui Zimo listen to him?

He raised his hand and used his spiritual power to immobilize Yin Lüqing's entire body. Then, he opened his chin and stuffed the elixir in his hand into it.

After finishing, he directly raised his hand and threw Yin Lüqing out, hit another wall, and then fell to the ground.

"Uh...ah!"

Yinluqing groaned in pain from being thrown.

He lay on the ground and looked up at Lin Caisang and Sui Zimo hatefully.

"Yinluqing, this is a half-month heart-eating pill. On the first day of each month, twelve hours a day, life will be worse than death. You can feel it slowly. Of course, this pill is not poisonous. of."

Chapter 2224 Get out, get out!

Lin Caisang smiled and kindly explained the effect of this elixir to Yin Lüqing.

"You... you..."

Yin Lüqing didn't expect that these two people would dare to poison him.

His spiritual power has been crippled, isn't it enough?

"Before, the poison you inflicted on my husband seemed to happen frequently. My poison is quite similar to the poison you inflicted. Eighth Prince, please slowly understand what it feels like.

Thinking about it, it will definitely be something that the Eighth Prince will never forget. "

Lin Caisang said.

"You... you..."

Yin Lüqing couldn't say anything now, although she wanted to kill the two people in front of her.

But helplessly, he doesn't have that ability at the moment!

"Husband, let's go back. There is nothing fun in this prison."

Lin Caisang no longer paid attention to Yin Lüqing, who was about to be angered to death by them, but looked at her husband and said.

"good."

Sui Zimo responded and left with Lin Caisang.

"You...wait!"

Yin Lüqing gritted his teeth with hatred as he watched the two figures disappear in front of him.

However, there is nothing that can be done against these two people.

Only now did he realize that he was so weak. It turned out that Sui Zimo, who he had always thought was under his control, had long since escaped his control.

Although he had what Sui Zimo wanted in his hands, he did not dare to tell anything about Sui Zimo in front of Emperor Zi Yan.

It's really unlike him to be so restrained.

But unfortunately, it was him!

"Your Majesty, Your Majesty, what's wrong with you?"

Just as Yin Lüqing wanted to support his body and stand up, he heard a voice coming from outside the prison.

Looking up, he saw the jailer coming over, and his face suddenly darkened.

"Get out, get out!"

As the eighth prince of the Ziyang Kingdom, how could he let a jailer see him in such a miserable state?

"Your Majesty..."

The jailer also wanted to go in to Fuyin Lüqing.

But looking at his ghastly face, he couldn't move forward.

After a while, he swallowed in fear, turned around, and ran away.

...

"Mistress, why don't you give Yilvqing a mantra pill and let him say what he needs to say directly?" Ban Jue came here with his master and his mistress.

He was standing guard outside just now, and some of what was said inside reached his ears.

He didn't understand, they just let Yinluqing go?

If you want him to speak, you should directly feed Yinluqing a mantra pill and let him say everything, and then feed him a poison to kill this scourge directly.

Such a scourge will definitely become a big problem in the future if left alone!

"I would like to give him a mantra pill." Lin Caisang shook his head and said.

If possible, would she not use it?

"Then why did the mistress..."

"Shut up!"

Sui Zimo didn't give him a chance to continue talking about banning Jue, and directly stopped him.

Ban Jue was stunned for a moment, immediately closed his mouth and said nothing more.

Seeing this, Lin Caisang chuckled.

"Exiled Jue, the True Word Pill is not omnipotent. Although Yinluqing doesn't look like much, he is still determined. Against such a person, the True Word Pill will lose its effectiveness."

Hearing this, Ban Jue raised his eyebrows.

Why couldn't he see that Yin Lüqing was still a determined person?

He thought Yinluqing was similar to the others, right?

Chapter 2225 Frightened into a cold sweat

When the master stuffed the poison into him just now, his expression looked like a mouse seeing a cat.

"What's more, those secrets of Yinluqing are related to his life and death. If he says it, it will be a word of death. How can he be willing to say it?" Lin Caisang said again.

In the final analysis, it's not that I don't want to say it, but I don't dare to say it.

"Exiled Jue, don't think you're looking down on Yin Lvqing because he was short in front of us today. Yin Lvqing, you can endure it!" Suizi Mo glanced at Exiled Jue's face and said.

"The master and mistress today..."

Ban Jue Nao didn't understand. Since Yin Lüqing could endure it, why did the master and mistress expose themselves directly to Yin Lüqing?

And since it was exposed, why not kill the person directly?

"There's someone behind him," Lin Caisang said.

Hearing this, Ban Jue suddenly understood.

Did the master and mistress want to make Yinluqing anxious and ask him to find the person behind him?

now it's right.

"But on the side of Emperor Zi Yan..."

"Wait until the son of the evil spirit is found." Lin Caisang said.

Come to think of it, Emperor Ziyang will definitely not be able to sit still while waiting for the second son of the evil spirit to be found.

When the time comes, these two people will go together to find the person behind them who is supporting them. When that time comes, she will naturally want to meet that person.

"Yes, the mistress is right." Ban Jue responded.

Yes, no matter who is behind Emperor Ziyang and Yinluqing, they will eventually jump out.

When the time comes, they will just wait to receive the call.

"I don't know what's going on over there."

Speaking of Emperor Ziyang, Lin Caisang thought of what happened in the imperial mausoleum.

Knowing that Prince Niu wanted to make arrangements, she would not be so quick, but she was still anxious, and she did not know whether the son of the evil devil existed or not.

If it exists, when will it be implemented?

"call!"

She exhaled heavily.

"What are you thinking about?"

Seeing her serious expression, Sui Zimo raised his hand and tapped her forehead.

"I didn't think anything of it."

Lin Caisang pursed her lips and shrugged.

No matter how much she thought about it, it was useless, she still had to do it step by step.

"I didn't think about anything, so I walked with me for a walk. I haven't seen the scenery in this city since I came to Ziyan Kingdom." Sui Zimo said.

Hearing this, Lin Caisang raised an eyebrow.

"Okay, let's go shopping."

...

On the other side, Prince Niu has arranged for people to go to the imperial mausoleum.

It was not to make a big fuss, but it was also to let all the mausoleum guards know that there were still people watching the imperial mausoleum.

It didn't take long for Lingwei to find traces of the stranger.

But Lingwei, who wanted to catch the person, simply lost him. In the end, they had no choice but to report the matter.

Originally, a few mausoleum guards suggested keeping this matter a secret because what happened in the imperial mausoleum was too big and they were afraid of angering Emperor Ziyang again.

However, it was also because the things in the Imperial Tomb were too big before. What if those people they had lost track of came to find out about the Imperial Tomb again?

They didn't have the guts not to report it, so they reported it in a hurry.

Emperor Ziyang only received the news from the imperial mausoleum very late at night. When he heard that another stranger appeared near the imperial mausoleum, Emperor Ziyang was frightened into a cold sweat.

"You all get down!"

With a wave of his hand, he directly waved away the people waiting in the Imperial Study Room.

Chapter 2226 Don't show off your flaws

"How could this happen? Why would anyone go to the imperial mausoleum?!"

He was really surprised. Everything in the imperial mausoleum had been destroyed, and all the good things had been taken away.

Why do those people continue to stay in the imperial tomb? What are they looking for?

Could it be...

Thinking of that possibility, Emperor Ziyang's heart tightened. How could he sit still?

"Someone! Someone!"

He immediately stood up and called the chief manager outside the imperial study room in.

The chief steward was still taking a nap outside the royal study, but when he heard the shouts of Emperor Zi Yan, he immediately woke up.

I don't know what news the general who came from the Imperial Tomb brought. The Imperial Tomb was obviously destroyed beyond recognition, so there was no way there was anything important going on there.

However, at this time, the newly promoted general to guard the imperial mausoleum came over.

"Your Majesty, what are your orders?"

"Prepare the car immediately. I am going to the imperial mausoleum. In addition, the Yulin Guards will go with me." Emperor Ziyang ordered the chief steward.

"Yes, Your Majesty."

Although the chief steward was surprised, he still responded.

The Yulin Guards, the guards guarding the imperial city, could Emperor Zi Yan take them away and take them to the imperial mausoleum?

It seems that there are more important things in the imperial mausoleum that need to be guarded. Otherwise, the emperor would never be able to use the Yulin Guards!

"Your Majesty, do you want to take all the Yulin Guards with you?" He asked again.

"Take them all away!"

Emperor Zi Yan said without thinking.

He must guard that thing. The imperial mausoleum has been destroyed so much. If he can't guard the only thing, then he, the emperor of Zi Yan Kingdom, might as well not do it!

"Yes, old slave, go right away." The chief manager responded and went to get ready.

...

Not long after, a large group of people set off from Mengyan City and rushed towards the imperial mausoleum.

"My lord, are they going to the imperial mausoleum?"

On the city wall, the guards beside Prince Niu watched the group of people outside the city leave and asked their prince.

It seemed that their strategy worked. Sure enough, as the prince expected, there was something very important in the imperial mausoleum.

It was so important that Emperor Ziyan never even thought about whether this might be a conspiracy, so he took the Yulin Guards away directly to protect the things in the imperial mausoleum.

"Follow me, remember not to show off your trap." Prince Niu ordered the guard beside him.

"Yes, Your Majesty."

The guard responded and followed him.

Here, Prince Niu, dressed in ordinary clothes, turned around and went back to Prince Niu's Mansion.

...

In Prince Niu's Mansion.

Yin Baiqing has been very bored these days.

Because he hasn't seen his sister Sangsang and brother-in-law for several days, and he hasn't even seen anyone else.

"Concubine, tell me, why are they so busy?" He muttered, looked at his concubine unhappily, and asked.

"When you grow up, you'll understand."

Princess Niu knelt down and touched the little guy's face.

"They can't help themselves either."

Furthermore, it is not just easy to deal with Yin Lüqing now. This Ziyang Emperor is also careless and can actually make such a big noise.

She really didn't know what the future would be like for Emperor Zi Yan.

"Let's go, your sister Sangsang and the others should be very busy, so let's not disturb them and go to the concubine's yard."

Getting up, she held her son's hand and prepared to leave.

Chapter 2227 These little moves

Unexpectedly, before the person turned around, a figure was seen in the darkness and jumped directly from the wall into the yard.

"There's a thief!"

Yin Baiqing shouted without thinking.

Princess Niu wanted to stop it, but she couldn't.

"The daring thief is so unruly in Prince Niu's Mansion. Come here, come here quickly... Wow!"

Prince Niu, who had just climbed down from the city wall and came to Sui Zimo's yard again when it was dark, did not expect to meet his princess and son here at this time.

Afraid that his son would really call the guards outside, he dodged, picked him up, and reached out to cover his mouth tightly.

"Shh, don't scream.

"Well!"

Yin Baiqing looked at that familiar face through the moonlight, and her eyes suddenly widened.

Isn't this his stupid father? How could he come to this yard at this time and in this way?

"You...you, you...why are you here?!"

Prince Niu: "..."

This brat is so unlovable.

When he saw his biological father, he didn't know what to do but just screamed. He actually looked like "Why are you here? Get out of here quickly."

"You kid, you are really..."

"Prince Niu, why are you here at this time?"

Just as he was about to say something, he saw Exiled Jue walking out of the kitchen with a tray in his hand, and happened to see him.

He turned his head, looked at Ban Jue, then looked at his princess and son, decisively put Yin Baiqing into Princess Niu's arms, and then spoke.

"Princess, you take Baiqing back to your courtyard first, and we'll talk about the rest later."

After thinking about it, I felt that it was not good for me to say nothing, so I added a few more words.

"There has been a lot of chaos in the city recently. Try to go to the palace as little as possible. Finally, ask the servants in the palace not to talk about the rumors outside."

"Yes, Your Majesty."

Although Princess Niu was shocked, she still put away her curiosity and responded.

"Mother, he..."

Yin Baiqing looked at her mother and concubine, and then at the man in front of her.

There were many things he wanted to ask, but he didn't know which question he should ask first.

"Go back with your mother and concubine first. Leave this place to your brother-in-law." After Princess Niu said to her son, she took a deep look at Prince Niu, then turned and left.

At this time, Sui Zimo also heard the noise outside and helped his wife out.

"I heard that Yinluqing suffered a lot in prison."

Prince Niu looked at the two of them and said funnyly.

Apart from the two people in front of him, he couldn't think of anyone else who could make Yin Lüqing suffer even in prison.

"Um."

Lin Caisang didn't deny it either.

"I think if I step on him a few more times, he will invite the people behind him to come out."

"This is not something that can be done easily." Prince Niu raised his eyebrows and said.

The person behind Yin Lüqing, he was so close to Yin Lüqing, and after so many years, nothing was found.

"Sit down first."

He glanced at the wooden table in the yard and sat down first.

"Yinluqing may go to that person because of these trivial matters, but that person is not stupid and will not be set up by your little scheme, let alone reveal any tricks."

he said.

"For a person like that, these little actions of yours are too simple."

Chapter 2228 You will definitely go crazy

"Yeah?"

Lin Caisang curled her lips, disapproving of Prince Niu's words.

Is it too childish?

so what?

No matter how simple the method is, it only needs to be useful.

Although the person behind Yin Lüqing cannot be exploded, it is enough as long as we know that there is someone behind Yin Lüqing.

In this way, they will have a direction to check.

"It doesn't matter if the person behind Yin Lüqing can't get out. I just want Yin Lüqing to go crazy quickly," she said.

Prince Niu: "..."

What does it mean for Yinluqing to go crazy?

"You...did you do something?"

I received news earlier that Yin Lüqing was beaten to the ground in the prison.

His intuition was that the two people in front of him did it.

However, he thought it was impossible. After all, he still knew a little about Yinluqing's cultivation. How could he be defeated so easily by Sui Zimo and Lin Caisang?

Even in a prison, this prison will not restrict the cultivation of cultivators.

"It's nothing, it just poisoned his cultivation." Lin Caisang said lightly.

Prince Niu: "!!!"

The poison ruined your cultivation?

These two people destroyed Yinluqing's cultivation, did they use poison?

Tsk, these two people are really capable. They actually have poison in their hands that can destroy people's cultivation.

If someone offends them...

"Then he will go crazy."

Yinluqing prides himself on being a person with extremely high talents. Suddenly one day, his cultivation level is gone and he becomes a useless person. Such a result is not something he can accept.

He could expect that Yin Lüqing would try his best to find the person behind him and let that person find a way to restore his cultivation.

"You came to us, but is there any news from Emperor Zi Yan?"

Lin Caisang didn't want to think about Yinluqing for the time being, but looked at Prince Niu and asked.

This news must have come too fast, so fast that she had difficulty receiving it. However, the sooner the news from the imperial mausoleum is obtained, the better.

"Emperor Zi Yan has taken Yu Linwei to the imperial mausoleum. I think he has some suspicions." Prince Niu said to the two of them.

"However, I still have a question. Will there really be a second son of the devil? Could it be that we are mistaken?"

He always felt that it was a bit too coincidental that things were developing in the direction they thought. Maybe they really went astray?

This is also possible.

"Even if there is no second son of the evil devil, there are other ulterior secrets hidden in the imperial mausoleum." Sui Zimo glanced at Prince Niu coldly and said.

"Well."

Prince Niu was choked by his words and suddenly had nothing to say.

Yes, if the imperial mausoleum has been almost destroyed and there is nothing important left, why should Emperor Ziyang be so anxious and rush there as soon as he hears the news?

Moreover, he just rushed over by himself, and actually took away the Yulin Guards.

"There should be something."

They just didn't know whether that thing was the second son of the devil as they expected, or something else.

"The king has ordered people to follow him, but the South Underground Palace may not be found so quickly."

he said.

Hearing this, Lin Caisang glanced sideways at her husband.

Sui Zimo also looked at his wife. After the two of them looked at each other, they looked at Prince Niu with a tacit understanding.

Chapter 2229 Sky City?

"This is the smelling powder. If you let someone sprinkle it on Ziyang Emperor, I will be able to hit him wherever he goes.

Reaching out, he took out a large porcelain bottle from his small satchel and placed it in front of Prince Niu, Lin Caisang said.

Looking at the large porcelain vase in front of him, the corners of Prince Niu's mouth twitched almost invisibly.

How could he not know about the smelling powder? But this kind of thing still has a smell. It may be useful for others, but if the target is Emperor Ziyang, I'm afraid it won't work.

"There are many capable people around Emperor Zi Yan, but this sensitive smelling powder is probably useless."

"How could it be useless?"

Listening to his words, Lin Caisang chuckled indifferently.

"The smell-sensitive powder I refined is colorless and odorless to humans. Don't worry, no one else can smell it except my Dabai.

"Colorless and odorless?"

Prince Niu raised his eyebrows and looked at the porcelain vase on the table.

Then, he reached out and took it, opened it, put it to his nose and smelled it.

Sure enough, there was no smell at all, not even a whiff.

"This thing is pretty good."

He nodded with satisfaction.

If it were colorless and odorless, it would be able to escape the eyes of the people around Ziyang Emperor.

"I will take care of this matter immediately."

With that said, he stood up and prepared to leave.

Just as he turned around, he remembered something again and turned to look at the two people sitting there.

"I have been investigating for so many years. Although I don't know who the person behind them is, I can still guess a direction. It is estimated that only people from that place can instruct Yinlu Qing."

"Know."

Sui Zimo spat out two words to him.

"you know?"

Prince Niu raised his eyebrows, did they actually know they were from Sky City?

"Now that you know it, you should be able to guess it. Mr. Sui, your life experience may also be related to Sky City. After all, Yinluqing is not someone that anyone is willing to capture and hide."

Yin Lüqing always had his own purpose in doing things, and naturally he had his own ulterior purpose in dealing with Sui Zimo.

It's just that he really doesn't know what this purpose is.

"Sky City?"

Sui Zimo narrowed his black eyes and looked into the distance.

In fact, compared to his life experience, he was more interested in Yinluqing and why he was placed in Huanglu and then poisoned on his body.

Then, I wanted to control him.

He always felt that this shouldn't be Yinluqing's business alone. Maybe it was also related to the person behind him.

"Well, it should be Sky City."

Prince Niu thought Sui Zimo was asking him, so he answered.

Of course, this is just his guess. He actually doesn't know what it is.

But generally speaking, it should be similar.

"knew."

Lin Caisang replied with three words.

After hearing this, Prince Niu was stunned for a moment. Aren't these two people curious and confused at all?

Suddenly it occurred to me that maybe they had guessed this a long time ago, so they were not curious or doubtful. It seemed that it was really related to Sky City.

However, who in Sky City dared to make such a big fuss in Zi Yan Kingdom, even Emperor Zi Yan took advantage of him.

Or maybe it's not just the Zi Yan Kingdom, but also other places?

If that's the case, that's not good.

Chapter 2230 Must be dead!

This Qianhuan Continent is about to get lively again, right?

Ever since Sky City became the top of the Thousand Fantasy Continent, there have been many people who wanted to take the position of city lord into their own hands.

But how many people can truly become the Lord of Sky City? Just one family, just one.

...

That night.

In the imperial mausoleum, it was as bright as day, and several mausoleum guards were sitting on the ground.

"Get up, everyone!"

A Tomb Guard Chief looked at the Tomb Guards there and became very angry. He quickly walked over and kicked them a few times.

"Boss, please let us rest for a while. We have been guarding the whole day and we are too tired."

One of the mausoleum guards was kicked awake. He narrowed his eyes slightly and weakly said to the mausoleum guard chief.

They have been guarding the imperial mausoleum for a day, and they are still patrolling the mountains. They are almost exhausted.

After finally changing their shift, they just want to sit down and rest for a while, isn't that okay?

"Yes, boss, I'm really tired. There's not even a shadow of a thief in this imperial mausoleum. What's the use of us patrolling like this." Another mausoleum guard also said.

"Stop talking nonsense and get up quickly."

Seeing them like this, Lingwei Chang frowned even more.

"Do you think I want to patrol like this all the time? I'm not forced to do it."

He didn't want to treat himself like a cow, staying awake for twelve hours a day and just patrolling the imperial mausoleum.

But what can he do?

"These are troubled times. The imperial mausoleum has been destroyed like this. The emperor is furious, do you know?"

"Then the emperor has already left, can't you let us rest for a while?" Youlingwei retorted.

"you....."

Lingwei watched them all year round and was really pissed off.

"Even if you want to rest, you can't rest here. Go and rest in the woods. If someone sent by the emperor sees this, you guys are not allowed to move!"

Who is he doing it for? Isn't it for individuals like them?

Emperor Zi Yan now wishes he could use them as ten mausoleum guards. It would be best to fill up the entire imperial mausoleum.

And here is the exit to and from the imperial mausoleum. These mausoleum guards are sitting on the ground here. If they are caught, they will definitely die!

"What are you still doing sitting there? Get up quickly..."

Before Chief Lingwei finished speaking, he felt a vibration coming from the ground, and his face turned green.

"Hurry up, someone is here. It must be someone sent by the emperor. Do the people who are waiting for the emperor see you being such a coward? Get up, get up!"

He immediately urged the mausoleum guards to stand up.

The mausoleum guards had no choice but to mutter and help each other stand up.

"Who is here again? This imperial mausoleum has been destroyed like this. What else is there to check? Can't we just wait for it to be rebuilt?"

"Didn't you say that even the Phoenix Vein was almost destroyed by the bombing? Can it be rebuilt? It can just be destroyed, right?"

These people, who usually can't accomplish anything in the imperial mausoleum, have long been angry in their hearts. Now if they don't say a few words, they will be panicking.

However, before he could say a few words, the sharp-eyed Lingwei felt that the vibrating sound was different.

"No, it's the Yulin Guards. It's the Yulin Guards who are here." A Ling Guard's expression changed and he said.
