Chapter 2241 Pretending to know nothing?

"Back to Prince Niu, my prince is not used to living in prison, so... he is in the Eighth Prince's Mansion. The guards have no choice, and it cannot be said that my prince has taken people to the imperial mausoleum.

We can only say that Yin Lüqing's whereabouts were back to the Eighth Prince's Mansion.

Thinking about it, with Prince Niu's usual temperament, he would definitely take it for granted, and he would not cause any trouble again.

But how did he know that Prince Niu came here because Yin Lüqing was not in prison?

"Have you returned to the Eighth Prince?"

Prince Niu glared angrily and kicked the guard over with a flying kick.

"I heard you talking nonsense here. Yinluqing was in prison and his spiritual power was disabled. He has not left the prison. Now, you actually said that he returned to the Eighth Prince's Mansion?

This is the emperor's order to put him in jail. He will go back when he says it. It is useless for me to plead for mercy!

Come on, where did Yinluqing go? "

Guard: "..."

Don't they all say that Prince Niu is the best person to fool?

Why is it completely different when we get to him?

How could this be so confusing? They clearly wanted his life and that of his prince.

How dare he tell the truth?

"Subordinate, I don't know where the prince has gone. He didn't tell me."

"you....."

Prince Niu pretended to be very angry.

"You won't tell me, right? Well, then go into the palace with me and let my father interrogate you in person."

With that said, he strode forward, picked up the guard's collar, and prepared to drag him to the palace.

"Prince Niu, Prince Niu, please listen to your subordinates. My prince was really injured and went back to the Eighth Prince's Mansion to rest. He will be back soon. Just pretend you don't know about this. No." That's it."

The guard suddenly panicked when he saw that Prince Niu was dragging him into the palace.

In his panic, he was naturally speechless and didn't even know what he was talking about. He actually wanted Prince Niu to cover up the matter.

"laugh."

Prince Niu sneered.

"What you said is good, do you want me to pretend that I don't know anything?"

"Yes Yes....."

"What a fart!"

Before the guard could respond, Prince Niu cursed him.

"Last time, Yin Luqing wanted to put the blame for the destruction of the imperial mausoleum on me. Now that he has disappeared, you, a dog slave, actually want me to hide this matter?"

"Niu...Prince Niu..."

"You think this king is really stupid, right?"

Without giving the guards a chance to speak, Prince Niu continued.

"Who knows what bad things Yinluqing did? If I concealed the matter, then if he did something bad, wouldn't I be his accomplice?"

This king is so stupid that he would do such a thing for him!

Let's go and follow me into the palace. I want to see if you are not so tough when you get to the emperor! "

"Prince Niu, Prince Niu..."

How could a guard be a match for Prince Niu? Even if he were, he would not dare to fight against Prince Niu.

He could only be carried by Prince Niu and carried directly into the palace.

...

"What? Yin Yuqing is no longer in the prison?"

In the palace, Emperor Zi Yan was in the imperial garden. When he saw Prince Niu hurriedly carrying a guard over, he became angry when he heard his words.

Yinluqing is not in prison?

Chapter 2242 Dismemberment with knives

"Father, when my son arrived at the prison, he saw this man wrapped in a quilt, lying on the bed in the prison, pretending to be the eighth brother.

Prince Niu threw the person at hand to the ground and said to Emperor Zi Yan.

Hearing this, Emperor Ziyang turned his gaze to the face of the guard who was thrown to the ground by Prince Niu. At one glance, he became even more angry.

"She looks exactly like Yinluqing!"

This Yinluqing was so bold that he even found someone to replace him.

And he himself had left the prison long ago and disappeared without a trace!

"Father, he said that the eighth brother is in the Eighth Prince's Mansion." Prince Niu continued.

"My son has already ordered people to investigate, and I don't know if the eighth brother is really in his palace.

Father, it is not that the son and minister do not care about brotherhood, but they are afraid that like last time, the eighth brother will blame the mistakes they have made on the body of the son, so they brought the guard here.

If the eighth brother is really recovering from his injuries in his palace, I would like to ask my father not to be angry. It is right for the eighth brother to return to the palace to recover after being injured. "

Although Yin Lüqing was directly trampled into the dirt, the brotherly love that should be shown still had to be shown.

"stupid!"

Emperor Ziyang gave him a word directly.

It would be strange if Yinluqing could be in his own palace!

That treacherous son has always been very bold. This time, he doesn't know what he is going to do!

But, if he leaves the prison at this time, where will he go?

Could it be...

Suddenly, he thought of a possibility and his eyes darkened.

"you....."

"Your Majesty, the guards around Prince Niu are here."

Emperor Zi Yan was about to say something, but was interrupted by the chief steward who had just walked over.

"Let him come over."

Emperor Ziyang said immediately.

"Yes, Your Majesty." The chief steward responded and went to bring the guards over.

The guard was brought over quickly. He didn't even have time to salute and greet Emperor Ziyang. Emperor Ziyang asked him directly.

"Is Yinluqing in his own palace?"

Upon hearing Emperor Ziyang's question, everyone present was surprised for a moment.

After all, in front of a guard, Emperor Ziyang could call out Yinluqing's name directly. It was obvious that he was really angry.

"When I returned to the Emperor, I found that my subordinates were not in the Eighth Prince's Mansion to see the Eighth Prince. They had not even entered the Eighth Prince's Mansion, so they were stopped by someone, saying that the Eighth Prince was injured and could not see guests."

As he spoke, he secretly raised his eyes and glanced at Emperor Ziyang.

"The subordinates all carried the emperor out, saying that the emperor ordered his subordinates to visit him, but they have never seen the eighth prince."

He knew that at this time, Emperor Ziyang would not punish him for bringing up his name. Emperor Ziyang would only put all his anger on Yinluqing, his son.

"This bastard!"

After hearing what the guard said, Emperor Ziyang cursed angrily.

What else can't be understood? It's strange that Yinluqinghui is in his own house!

At this moment, he must have taken people to the imperial mausoleum, right? Want to take his evil son as your own?

He also has to have this life!

"Come here, drag this thief out for me, cut his body into pieces with knives, and throw his body into the mountains to feed the monsters!"

With scarlet eyes, he looked at the guard who was dragged out of the prison by Prince Niu, and gave instructions to the chief steward.

Chapter 2243 Are they all going to be killed?

Upon seeing this, the chief steward immediately dragged the guard out.

"Father, look at this, is my eighth brother not in the house?"

Prince Niu frowned and spoke at this moment, which just interrupted Emperor Ziyang's thoughts.

"But he is still injured, and his spiritual power has been disabled. Where will he go? It's really strange."

Emperor Ziyang glanced at this stupid son coldly and sighed in his heart.

Where else could I go, other than to the imperial mausoleum?

This Yinluqing really wanted to break up with him directly, but he went to the imperial mausoleum so openly.

Did he think he couldn't find him escaping from the prison?

However, if it weren't for Lao Wu, a stupid son, he wouldn't have discovered that Yin Lvqing still had such hidden thoughts. It seemed that he had already guessed that there were two sons of the devil.

Even so, he no longer needs to keep this son.

"Lao Wu, I'm tired. You can go back first."

He waved his hand at Prince Niu and sent the person away, so that he could free his hands to deal with that treacherous and rebellious son!

"Father, please take care of yourself. I will leave first." Naturally, Prince Niu didn't want to stay in the palace any longer, so he left directly.

"emperor....."

As soon as Prince Niu left, the chief steward turned sideways in the eyes of Emperor Ziyang.

"Go, intercept the people, leave no one behind." Emperor Ziyang lowered his voice and ordered.

Hearing this, the chief manager was startled and couldn't help but ask a question.

"Your Majesty, there is the Eighth Prince over there."

If no one is left alive, doesn't that mean that even the Eighth Prince will be killed?

"If he doesn't think of me as his father, do I still think of him as my son? Even if he goes out, there is no need to come back." Emperor Ziyang said with a cold look in his eyes.

"Yes, Your Majesty, I will take care of it now."

The chief manager lowered his head and followed the instructions of Emperor Zi Yan.

Anyway, Emperor Ziyang has more than one or two sons, and a son as disobedient and troublesome as Yinluqing really makes Emperor Ziyang dislike him.

If you die, just die. It's not his son anyway, so why does he care so much?

...

On the other side, Yin Lüqing, who was following a group of powerful subordinates to the imperial mausoleum, had no idea that the double he kept in the prison had been exposed.

At this moment, he was only thinking about how to snatch the son of the devil from the hands of Sui Zimo and Lin Caisang.

He even never thought that the current son of the evil devil would never be born and could only be raised in the imperial mausoleum. Even if he snatched it, it would be of no use.

When he reached the edge of the imperial mausoleum, he motioned to his subordinates to stop.

"Your Majesty..."

"When you see those two people later, kill the woman directly. Leave the man alive and bring him to me." Yin Lüqing ordered to his subordinates.

That woman Lin Caisang is used to poisoning, so she can't stay.

And he believed that even if Lin Caisang died, he would still be able to find the antidote, just because Sui Zimo was still alive.

As for Sui Zimo, it wasn't that he had to keep his life, but that he had to keep it.

Even though he had the heart to eat Sui Zimo alive, he still couldn't kill him!

"Yes, Your Majesty."

The strong subordinates responded.

"Let's go, you can enter the imperial mausoleum immediately!"

Yin Lüqing thought that he had brought so many subordinates with him, so everything was safe.

Chapter 2244 It's really strange!

Of course, without any spiritual power at this moment, it was naturally impossible for him to go to the imperial mausoleum and fight to the death with Sui Zimo and others. He could only find a place to hide first.

Therefore, he just watched his subordinates enter the imperial mausoleum, while he was preparing to find a place.

but.....

When his subordinates disappeared in front of his eyes, he just turned around and before he could even take a step, he was wrapped around his waist by a spiritual whip.

The next moment, he felt his waist flying to the left.

'Bang!'

There was a sound of a heavy object falling to the ground, and Yin Lüqing was thrown into the mud.

"Ah...um!"

He wanted to scream, but he thought that this place was already near the imperial mausoleum. If he screamed, he would definitely attract the mausoleum guards in the imperial mausoleum, and even the Yulin guards would be attracted.

He could only forcefully swallow the scream into his stomach.

"Tsk, it's quite bearable."

Following a light tsk, a joking voice sounded from above him.

He immediately recognized who the voice belonged to.

"You...why are you here?"

He stood up, and as he expected, he saw the two people, Sui Zimo and Lin Caisang.

And behind them, there were several people, who should be their subordinates.

As far as he knew, there were five people in Sui Zimo's group, but now, what he saw was five people, all here.

"You didn't enter the imperial mausoleum?!"

he asked, looking at them in shock.

"Why do we want to enter the imperial mausoleum?"

Lin Caisang sat on a chair, holding his chin, looking at Yinluqing, and asked him.

"You are not..."

Yin Lüqing wanted to say, weren't they going to destroy the second son of the evil devil? How could they stop here?

But before the words were spoken, he felt something was wrong.

Why could he find out the news about Sui Zimo and his wife in Prince Niu's Mansion after all kinds of inquiries before, but this time, he found out about the son of the evil spirit so easily?

Moreover, they were able to find out clearly the news that Sui Zimo and others were going to destroy the Son of Evil today.

This is really strange!

"You...you deliberately revealed this news to me?!"

Thinking of this, his face suddenly turned dark.

Was it really intentional? Sui Zimo and the others deliberately revealed this news to him?

But what good does this do to them? Are you looking forward to him snatching the son of the devil?

Or maybe they think that just a few of them can defeat the people he brought here? Those people like him are all the strongest among the strong!

"Yeah, what's wrong? Isn't it okay?"

Lin Caisang naturally nodded. They had deliberately revealed the news to Yin Lüqing, so what?

"You...what exactly do you want to do?"

Hearing her natural words, Yinluqing was completely stunned.

He simply couldn't figure out why Sui Zimo and the others led him here. What was the reason?

"Yin Lüqing, you're not still thinking about taking the son of the devil as your own, are you?" Exiled Jue looked at Yin Lüqing, who was glaring at them angrily in amusement.

Yinluqing: "..."

Why not, the son of the devil, he must get it.

Even if Emperor Ziyang's people want to stop it, it is impossible. He must seize the opportunity before Emperor Ziyang.

Chapter 2245 You will understand soon

Once, he got Sui Zimo and Yin Baiqing.

But now Yin Baiqing is no longer in his hands, and the Purple Qi Stone can no longer be of any use to him.

And Sui Zimo here seems not so easy to be controlled by him. He finally understands this now, because when he looks at Sui Zimo at this moment, he is like a silent demon.

Although Sui Zimo often does not speak in front of him, he can kill him with just one look.

This also makes him more convinced that he must get the detoxification and restore his spiritual power.

Without spiritual power, he can't even beat Sui Zimo and others. As long as Sui Zimo has a simple pressure, he will not be able to withstand it.

So this time, he must not miss the son of the evil demon again.

Kill the gods when you see the gods, kill the Buddhas when you see the Buddhas, whoever dares to stop him from getting the son of the evil demon, he will kill him, this is his mentality at this time.

"This king will definitely get the son of the evil demon!"

He gritted his teeth and said to the people in front of him.

After hearing his words, Lin Caisang and others really laughed. They really didn't understand where Yin Lvqing's mysterious confidence came from.

"Ah."

Lin Caisang looked at Yin Lvqing with sympathy and sighed heavily.

"No wonder you, Yin Lvqing, your father shouldn't have told you that the son of the evil demon must stay on the phoenix vein before he is born and can't leave, right?"

"What did you say?"

This made Yin Lvqing completely confused.

"Didn't you hear what I said clearly? What I said is that the son of the evil demon can't leave the imperial mausoleum at all." Lin Caisang was afraid that he couldn't hear it, so he raised his voice and said.

"Impossible, impossible!"

Yin Lvqing couldn't believe his ears and shook his head.

If the son of the evil demon really couldn't leave the imperial mausoleum, then why did he come here so eagerly?

In other words, no matter what he did, he couldn't take the son of the evil demon away today, right?

"You...you..."

These people dared to deliberately deceive him? !

"Why is it impossible?" Lin Caisang looked at Yinlüqing with amusement. "Why do you think, Emperor Ziyang, your good father, knew that someone was eyeing the imperial mausoleum, but only sent the Yulin Guards to guard the imperial city instead of taking back the mother body of the son of the evil demon? Why?" Of course, it's because the body of the evil demon can't leave the phoenix vein now! "No... No, you..." Yinlüqing swallowed his saliva and looked at the people in front of him with difficulty. "Then why did you trick me to come here, what do you want to do?" He didn't understand, since he couldn't get the son of the evil demon anyway, why did these people risk being discovered and lead him and his people here? Is there anything in this imperial mausoleum that he needs to get? "You will soon understand what we want to do." Lin Caisang said, and his eyes swept over Zejun and Zewu beside him. The two of them understood and immediately tied up Yinlüqing, who had lost his spiritual power, and stuffed a piece of white cloth into his mouth.

Then the group found a place to hide and waited for another group of people to come.

Sure enough, not long after, after Yinlüqing, another group of people came, and they were riding flying mounts.

Chapter 2246 I can't save your life!

He went straight to their hiding place and then got off his mount and landed on the ground.

"Your Majesty has ordered that none of Yinluqing's people be retained, and there is no need for Yinluqing to stay. They will be executed on the spot!" As soon as the leader landed on the ground, he ordered his subordinates.

"Well!"

Yin Lvqing's eyes widened after listening to his words.

He had just left the prison, but Ziyang Emperor's people were chasing after him.

Moreover, the words of the leader couldn't be more obvious, it was Emperor Ziyang's intention to let him die!

How could it become like this?

It took him a while to figure it out.

It's not that things turned out like this for no reason, but that someone made this thing look like this in a different way.

He turned his head and glared at Sui Zimo with a cannibalistic gaze.

If there wasn't Sui Zimo's handwriting here, he wouldn't believe it.

"Yes, leader, I will personally chop off the head of that thief Yin Lüqing!" A subordinate responded to the leader's words and was so angry that Yin Lüqing almost jumped up on the spot.

"Shut up!"

The leader glared at the subordinate coldly.

"What kind of thief? If Yinluqing is a thief, then what will happen to the emperor? Forget it this time. If you continue to talk nonsense in the future, I can't save your life!"

No matter how bad Yinluqing is, he is still the emperor's biological son.

Even if Emperor Ziyang no longer wants to keep his son and directly wants to kill him, it is not something that his subordinates can say!

"My subordinate made a mistake."

The subordinate immediately lowered his head and did not dare to talk nonsense anymore.

"Also, even if the emperor gave the order, a whole body must still be left for Yinluqing. After all, he is the son of the emperor and the eighth prince of the Ziyang Kingdom. He is dead and alive with his body and head missing. No one's face is worth it. make life difficult for."

The leader said to his subordinates again.

Yinluqing must be killed, but how to kill must be done carefully.

After all, this was their first time to take on the task of killing the emperor's own son. If they didn't do it well, they would be miserable.

So they have to be more careful.

"Yes, chief, we understand."

The subordinates responded, looking ready to go.

"Without further ado, if you see Yinluqing's gang, take action immediately!" the leader ordered them.

As a result, a group of people set off in a hurry to catch those who were in the imperial mausoleum.

"How about it? Our trick of killing someone with a borrowed knife is pretty good, right?"

After those people had left, Banjue took off the white cloth from Yinluqing's mouth, and then asked him.

"You...you are too scary!"

Yinluqing had no temper at all at this moment.

But he is unwilling to give in. He has been planning for so many years, from Sui Zimo to Yin Baiqing, and now to the son of the evil devil.

Could it be that in the end, he got nothing? Nothing at all?

If he had known that Sui Zimo would become like this and that he would be frustrated repeatedly, he would have never been willing to get Sui Zimo over in the first place.

It's better now, but it made him a complete failure!

How could there be such a terrible person in this world, and he actually asked his father to send people to kill his own son.

And his father was too stupid, he was really being used, and he didn't know it, and he wanted to cut his son into pieces!

Doesn't he even know that he is being used? Why can't you just be more awake?

Chapter 2247 Finally gone

"Sui Zimo, don't think that you have succeeded. I can't get the son of the evil devil, and you can't get it either. Emperor Ziyang will not let you know where the son of the evil devil is!"

After listening to his words, several people looked at Yin Lüqing as if they were looking at a complete fool.

"You, you..."

After Yin Lüqing said that, he naturally saw the way they stared at him.

He was furious. If his spiritual power was still there, he would definitely kill these people and then trample Sui Zimo into the mud.

However, now he can't do anything.

"What happened to us?"

Sui Zimo asked him calmly.

"Yinluqing, up to now, can't you still see the reality clearly?"

he asks.

Hearing this, Yinluqing took a deep breath.

Only now did he begin to regret, why did he bring Sui Zimo to his side in the first place?

Even if he ignored Sui Zimo and pretended that this person did not exist, he would not be harmed by Sui Zimo to where he is now!

"Sui Zimo, what do you want?"

He grinded his teeth and asked a question with a sound of hatred coming from between his teeth.

They said they couldn't get Sui Zimo, the son of the evil devil, but in fact, he had no such idea at all.

Emperor Ziyang, his father is also a fool!

Maybe he has already fallen into the pit dug by Sui Zimo. Why did Sui Zimo come to the imperial mausoleum? He must be determined to win the son of the evil devil!

Moreover, Sui Zimo would not pay attention to whether the son of the evil devil could survive after leaving Fengmai.

Because he wished that the son of the devil would disappear immediately!

"Of course I killed the son of the devil, do you still need to ask?"

Without waiting for his master to speak, Ban Jue gave Yin Lüqing an idiot look.

The reason why they came to the imperial mausoleum this time was to kill the son of the evil devil. Of course, the other thing was to make Emperor Ziyang completely misunderstand Yinluqing's son.

If you hate Yinluqing any more, Yinluqing will never be able to dance again.

"It's impossible, you can't find the son of the devil!" Yin Lüqing shook his head, thinking that they didn't have that ability yet.

Not to mention those people sent by Emperor Zi Yang just now, Sui Zimo and the others couldn't defeat them. Even the entire imperial mausoleum's Mausoleum Guards and Yulin Guards, Sui Zimo and the others couldn't escape!

Under such circumstances, how could they possibly find the son of the devil?

"It's impossible, you'll know later." Lin Caisang shrugged and said.

She winked at Ban Jue and the others again, and Ban Jue understood and stuffed the white cloth in her hand into Yin Lüqing's mouth again.

...

afternoon.

The people sent by Emperor Zi Yan stayed in the imperial mausoleum for a whole morning to find those people brought by Yin Lüqing and then eliminate them.

Then, they waited and searched for a long time, but could not find Yinluqing.

Thinking of going to reply to Emperor Ziyan, they stopped looking and decided to report the matter to Emperor Ziyan first, and then let Emperor Ziyan decide whether to catch the disappeared Yinluqing.

"I finally left."

Watching those people leave, Lin Caisang finally breathed out.

After waiting for a long time, she was... feeling a little hungry again.

As for why it was 'again', it was because she had already had a meal, but she had a baby in her belly. She was so hungry that she screamed quickly, and after a while, she was hungry again.

Chapter 2248 His life is still long!

"Now that he's gone, let's go find the son of the devil first?"

She looked at her husband and asked.

"Not urgent."

Sui Zimo was not in a hurry at all.

"Eat something to cushion your stomach first. We don't know what dangers we may encounter later. Only when we are full can we have the energy to deal with them."

The key is, how can he let his wife go hungry?

Looking at Son'er's little appearance, he was clearly hungry.

"Oh well."

Lin Caisang thought about it and felt that it was right.

How can you cope with what's coming next if you don't eat enough?

Thinking about it, she moved a table out of the Golden Pearl Space, then took some pastries and put the fruits on it.

A few more chairs were moved out, and several people sat down together, ready to eat.

"This place doesn't mean eating hot food anymore. Let's just eat some pastries and fruits." She looked at everyone and said.

"Master, mistress, you eat this."

Ban Jue pushed a few plates of cakes in front of his master and mistress and said.

"Um."

Lin Caisang responded.

"Let's all eat together."

With that said, several people started eating, while beside them, Yinluqing was tied up by Wu Hua Da, and was thrown on the grass.

Seeing them eating so deliciously there, he was so hungry that his stomach growled.

But even so, no one thought of him, no one came to give him something to eat, and there was only a ball of white cloth in his mouth that he couldn't spit out.

His eyes were almost bursting with fire as he stared at Sui Zimo's back.

Why was this person, when he was in his hands, he was still a child so weak that he could crush it with one finger?

But now, he was able to destroy his spiritual power and just throw him on the ground without paying attention?

How can there be such a big difference?

He didn't believe that he would lose to one of his own chess pieces!

"Wooooo..."

He purred at them.

"What's it called?"

Ban Wu turned his head, glared at him, and then shot out a burst of spiritual power, hitting Yin Lüqing directly in the face.

Yinluqing: "!!!"

What is it like now that even a lowly servant can take action against him?

Just wait, he will definitely get back the humiliation today!

Huh, as long as he doesn't tell those secrets, no matter what Sui Zimo does, he will not attack him. His life is still long!

Yes, he will definitely wait. As long as he can hold on, he will definitely be able to escape!

"laugh."

Seeing Yin Lüqing's cannibalistic gaze, they all laughed out loud at the same time.

They thought they could escape. Do they really think they are the kind of people who repay evil with kindness? Now that Yinluqing has been caught, it is natural to take revenge and repay injustice!

"Master, are you going to take Yinluqing with you later? Will his presence cause any inconvenience to us?"

He opened his mouth and asked his master and mistress.

Yes, with the idiot Yin Lüqing, it would be a little more difficult for them to find the son of the devil.

He felt that it would be more reliable for them to leave one person behind to guard Yin Yuqing while the rest went to find the son of the devil.

"he?"

Lin Caisang glanced at Yinluqing.

"Here, use this porcelain bottle to hold a bottle of his blood. It will be useful later."

She took out a porcelain vase larger than her palm from the golden bead space and placed it on the table.

"As for him, I have my own arrangements."

Ban Jue and others: "..."

Chapter 2249 It's so deep that you can see the bones

Mistress, such a big porcelain vase won't drain all Yinluqing's blood, right?

"Mistress, do you want to fill it up?"

Fei Wu looked at the porcelain bottle on the table with some horror and asked quietly.

"Of course it must be filled!" Lin Caisang said matter-of-factly.

"I don't know how dangerous that place is. If you want to break through, you will definitely need a lot of royal blood. After all, Baiqing's blood is a generation away, so it is better to use Yinluqing's blood.

He is the son of Emperor Ziyang, so he will be more effective if he is separated by one generation. "

"Okay, Mistress."

Ban Jue and Wu Wu responded at the same time.

And Yin Lüqing, who was thrown to the ground, was really frightened by Lin Caisang's words.

He glanced at the porcelain bottle on the table and thought that he had been injured before and had vomited a lot of blood.

If he holds such a big bottle of blood, half of his life will be gone, right?

This Lin Caisang is indeed not a good person, but he is so vicious and wants so much of his blood!

And none of the people in front of him disagreed. They all felt that he deserved to be bled. It was so hateful!

However, no matter how unwilling he was, he could only watch Ban Jue take the porcelain bottle on the table with one hand, then stand up and walk directly towards him.

"UUUUUUUUUUUUUUUUUUUU"

He wanted to go backwards.

But now, he has no spiritual power, is tied up like a rice dumpling, and has a white cloth stuffed in his mouth, making it difficult to speak.

"Tsk, tsk, it's been a long time since I've seen you!"

Ban Jue walked towards him, looked at him teasingly, and spoke.

"Are you afraid? Yin Lüqing, you are the majestic eighth prince of the Ziyan Kingdom. Are you so afraid of being bleeding? Isn't it embarrassing? Yes."

Yinluqing: "..."

You're not the one being bled. Of course you don't understand my pain!

That's bloodletting. Who wants to have their wrists cut open and then have a large amount of blood released from their body?

not to mention.....

Didn't he see it?

How big is the porcelain bottle in this guy's hand? How much blood do you want from him!

"Come on, stretch your head and shrink it. You are going to get stabbed like this anyway. What are you hiding from?"

When Ban Jue reached out to catch him, Yin Lvqing's reaction should not be too violent. She wished she could grow wings and fly into the blue sky.

It's a pity that he doesn't have that good ability.

Seeing that his wrist was cut open by Ban Jue with a knife, just like cutting a big watermelon, he almost cut off his wrist!

"Woo!"

He was really in pain. This cut was so deep that his bones were visible.

I'm afraid his hand will become useless.

However, that's not all. Seeing him struggling, Ban Jue's face turned fierce and he slapped him in the face.

"Why are you moving? With this little wound, can someone die? If you move again, you don't need the other hand! You really think that you are still the superior Eighth Prince, a prisoner!"

How is he going to catch the blood when he keeps moving around like this? It's so troublesome.

Yinluqing: "!"

He has never seen anyone more violent than him!

However, after being punished and slapped, he really didn't dare to move and became quiet.

He watched helplessly as the blood on his body drained away bit by bit, and then his lips became increasingly pale. Of course, he couldn't tell because he was stuffed with white cloth.

But that's not all!

What he didn't expect was that he would finally survive the banishment and fill the porcelain bottle with blood.

Chapter 2250 I said the wrong thing before

But he watched helplessly as Ban Jue sealed the lid of the porcelain bottle, then walked away carelessly, went back to the table, and continued to eat their food.

"UUUUUUUUUUUUUUUUUUUU"

He was almost anxious to death.

Damn it, his wound hasn't been bandaged yet. At least give him some medicine and bandage it!

Even if it's just a wound on his wrist, he will die if he lets the blood flow like this. He can't die!

"Exiled to martial arts."

After a while, Sui Zimo glanced at Jiang Zuo.

Ban Wu understood and took out a porcelain bottle from his arms, which contained medicinal powder for treating knife wounds.

He got up, went to Yinluqing's side, applied medicine to him, then took a piece of white cloth and bandaged it randomly. Yinluqing's wrist was directly wrapped into an extra-large ball!

"It's so troublesome, stay aside!"

After bandaging, he stood up, kicked Yin Lüqing, then went to the side to get water to wash his hands, and continued to eat.

Yinluqing: "!!!"

Ask for the shadow area in his heart at this moment.

Do these people still regard him as a human being? To treat him like this.

Don't Sui Zimo want to know these secrets about him? Don't you want to know his own life experience?

If he dies, these secrets will be buried underground with him forever!

He wanted to remind Sui Zimo, but his mouth was blocked and he couldn't say a word. He could only stare at Sui Zimo's back hatefully.

"I think I said the wrong thing before."

After a long time, Lin Caisang had eaten and drank enough, threw away the fruit core in his hand, and then said this quietly.

"Um?"

Sui Zimo raised his head inexplicably and looked at her.

"Why do you say that?"

What he said was indeed a bit puzzling. Did his wife say anything before?

"Yinluqing's willpower is probably not as strong as we thought, husband, don't you think so?"

Lin Caisang lowered his voice and asked this sentence while avoiding Yinluqing.

Looking at Yin Lüqing's fearful look just now, she really felt that she had overestimated Yin Lüqing. This person was not as powerful as she thought.

It should be just an empty shell.

"Everyone has the fear of death."

Sui Zimo didn't take it seriously and just said eight words lightly.

On the contrary, this kind of Yin Yuqing is more difficult to deal with, because he is afraid of death, extremely afraid of it.

Therefore, he will never do anything that is not good for him, including telling all the secrets he knows.

"Anyway, it's already in our hands. Let's take our time with the rest."

With that said, Sui Zimo turned around, his eyes locked directly on Yin Lüqing, his thin lips curled up slightly, and he smiled.

On the other side, Yin Lüqing had been paying attention to Sui Zimo. When she saw him looking at her with such a weird smile, she was almost frightened to death.

He accidentally moved his wrist and grinned in pain.

What do these people want to do?

Are you thinking about how to deal with him and make him tell those secrets?

That's impossible. Those secrets are his only life-saving talisman. He won't say anything!

"With his blood, there is no need to take him with you. Later, let the elder brother connect his heart and throw him to the Infinite Prison!" Lin Caisang also looked at Yinluqing and said.

There is something wrong with the Infinite Prison. Normally, people who have made no mistakes can only enter one at a time, but not the second one.
