

## Star of Space 2261

Chapter 2261 My stomach was so frightened that I shrunk

But this one here did it.

But he didn't understand why this thing wanted to snatch the poison from their hands?

Sui Zimo didn't understand, and Lin Caisang didn't understand either. The poison had been taken away. Could it be that he could still take it?

Or maybe that thing didn't want them to destroy the poisonous corpses here, so it took the poison away from them?

Thinking about it, she took out several porcelain bottles filled with poisonous powder from the golden bead space.

"careful."

When Sui Zimo was stunned for a moment, Lin Caisang, who had just held a few porcelain bottles in his hands, saw several poisonous corpses rushing towards him.

She warned, but before the spiritual power in Sui Zimo's hand could be released, she saw several poisonous corpses that had just pounced on fly out directly, and they flew out with their brains bursting.

At the same time, the poisonous powder in her hand disappeared again.

Lin Caisang: "..."

She raised her hand blankly and looked at her empty palm, really unable to recover.

What exactly is this situation?

If that thing was taken away because the poisonous powder in her hand would kill those poisonous corpses, then that would be okay.

However, looking at the poisonous corpses that had fallen to the ground, she really felt that this was not the case at all.

That thing doesn't protect these poisonous zombies at all, and kills them at every turn!

"Zimo."

"Sang'er, you go to the Golden Pearl Space first."

Sui Zimo also felt the threat from the unknown thing, so he was naturally nervous.

Because he could feel that he was no match for that thing.

Therefore, his only idea now is to let his wife enter the Golden Pearl Space first, and wait until he has eliminated all these poisonous corpses before she comes out.

But Lin Caisang didn't think so.

She thought that thing didn't care about the life and death of those poisonous corpses at all, or that thing wanted the poison powder in her hand to use for other things?

"I also have a lot of poisonous elixirs and poisonous powders here. If you want, how about helping us kill these poisonous corpses?"

She spoke loudly into the air.

Then, he took out several porcelain bottles of different colors from his golden bead space and placed them on his open palm.

The next moment, a black figure swept past all the poisonous corpses and came to her.

A pair of purple eyes stared directly at the porcelain bottle in her hand, but did not grab it directly from her hand, just stared at it.

"scare!"

Lin Caisang was really frightened by the sudden appearance of the figure.

She could clearly feel that her stomach was shrinking with fear and there was some pain.

"It's okay, it's okay, baby."

She quickly let go of the hand held by Sui Zimo, then gently stroked her belly and comforted her.

In fact, she was just comforting herself.

"Sonny!"

When Sui Zimo let go of his wife's hand and turned to look at her, he realized that there was a woman in black clothes beside them.

He was really shocked and wanted to fly away immediately.

However, Lin Caisang had woken up and stopped him.

"Zimo, it's okay, she won't hurt me."

She couldn't feel any murderous intent in this woman, which meant that the woman would attack them at all.

Chapter 2262 Can't kill the child in the belly

The woman just stared at the porcelain bottle in her hand without blinking. The next moment, she took a porcelain bottle, opened it, and poured it directly into her mouth.

'Gudong.'

Several swallowing sounds were heard.

Because of the woman's approach, the poisonous corpses stayed away from them in fear.

Exiled Jue and the others had already come over, and when they saw the woman pouring the poison into her mouth like a meal, they were so frightened that they swallowed nervously.

That was a bottle of poisonous elixir, and it was all poured into her mouth. Did this woman treat the poisonous elixir refined by the mistress as jelly beans?

After the woman took a bottle of poison pill, she touched her slightly protruding belly, as if she was feeling something.

After a while, with a ferocious expression on her face, she picked up a bottle of poisonous elixir in Lin Caisang's hand, opened it, and poured it into her mouth again just like before.

Lin Caisang: "..."

This woman is the mother body of the evil body, right?

Why didn't she remember that the mother body of the evil devil had to eat various poisonous pills to raise the evil devil's son?

"Brother Zimo, will she be fine after taking so many poison pills?"

She quietly turned her head, looked at her husband, and asked in a low voice.

"Watch."

Sui Zimo only replied to her with two words.

But one of his hands was placed on her waist, preparing to take his wife away as soon as this woman made any movement.

In a short time, the woman had taken away all the porcelain bottles in Lin Caisang's hand. She had also eaten all the poisonous pills inside, and the porcelain bottles were thrown to the ground.

Then the woman touched her belly again and felt it.

The next moment, she turned her head and stared at Lin Caisang with her purple eyes.

"What...are you going to do?"

Lin Caisang asked. She didn't feel any malice from the woman.

"Ah, ah ah."

The woman couldn't speak, but she stretched out her hand eagerly, pointing to her belly, then to the porcelain bottle she had thrown on the ground, and finally, she patted her belly several times with her own hand.

Lin Caisang didn't understand and had no idea what she wanted to express.

"Do you want to use my poison pill to raise your child?" she asked.

"Ah, ah ah."

When the woman heard her words, she shook her head fiercely and patted her belly a few times harder.

Lin Caisang: "..."

Forgive her, I really don't know what this woman wants to say.

Moreover, even if she wanted Poison Pill again, she would not give it to her. She would not raise this evil son for Emperor Zi Yan!

"Are you wondering why the child in your belly couldn't be killed after taking so many poison pills?" Sui Zimo looked at the woman and asked coldly.

Lin Caisang: "!!!"

She turned her head and glanced at her husband, and her intuition was that this could not be the case.

However, when she turned her head and looked at the woman again, she saw her nodding excitedly. She was so shocked that her chin nearly dropped to the ground.

Her husband guessed correctly. This woman had taken so many poisonous elixirs that she actually wanted to poison the child in her belly.

"You...are you the former queen of Ziyang Kingdom?"

After being stunned for a while, she finally spoke and asked the woman.

Hearing the words "ex-queen", the woman seemed stunned for a moment, then her face became more ferocious, and she nodded and shook her head.

"Ah ah ah ah ah ah ah!"

Chapter 2263: I can't live, I can't die!

"You are the former queen of Ziyang Kingdom, but you don't want to be the former queen of Ziyang Kingdom at all? Is that what I said?" Sui Zimo translated for her.

The woman listened to his words and nodded excitedly.

Lin Caisang: "!!!"

Who will tell her how her husband understood these meanings from women's "ah"s?

Why doesn't she understand?

She was nodding and shaking her head, and she thought that the woman didn't remember whether she was the former queen of Ziyang Kingdom.

But I didn't expect it to mean this!

The woman, on the other hand, continued to say "Ah" while holding her hand and drawing random strokes in the air, and patting her belly from time to time.

"You don't want to have this baby?"

After so many movements, Lin Caisang realized what the woman meant and asked.

"Ah, ah."

The woman nodded, patted her belly, and pointed to the ground.

The meaning couldn't be more obvious. Lin Caisang understood that the poison pills pointed at her could directly cause her to miscarry and abort the child.

However, that is the son of an evil spirit. He can be defeated by taking some poisonous pills.

If it was really that easy to kill, then it couldn't be easier for them to just kick the woman in the belly a few times and the child would fall out!

"Zimo, she actually still has human thoughts. It seems that her conscience is still intact!"

She sighed softly and said to her husband.

It's pity that a good woman was harmed like this by that scumbag Ziyang Emperor. She became the mother body of the evil devil's son and was left in this underground palace, unable to survive or die.

You can't live, you can't die!

Using these eight words to describe the woman in front of me is really more appropriate.

If you want to kill the child in your belly, you can't.

Even if you want to commit suicide, you still can't die because you are invulnerable, not to mention hitting your head and so on.

"You don't want to kill her anymore?" Sui Zimo asked.

Listening to his wife's words, he knew what she meant.

If a thoughtful woman was killed by them like this, his wife would definitely feel very sorry.

Especially this woman, after knowing that she was pregnant with the son of the devil, she tried many methods to kill the son of the devil.

However, they have never been successful.

"Ah, ah ah."

When the woman heard Sui Zimo's words, her eyes lit up, and the purple color became more intense.

But soon, her eyes dimmed again and she shook her head.

"Ah, ah."

She said 'ah', and then hit herself on the body. What she hit was the fire spiritual power.

But when the fire hit her hands, it only burned her sleeves. Otherwise, there was nothing wrong with her skin, which was still the same as before.

"Even fire can't burn it."

Lin Caisang looked at her husband.

It seemed that they were right. In the belly of the former queen was the most important son of the evil spirit.

"Zimo, how about we take her away and I can study her further?" she suggested.

Anyway, they don't know how to kill the former queen, so they might as well take her out first, right?

What's more, this woman's skills are really good. When she took the porcelain bottle from their hands just now, they didn't even see how she came or how she left.

Chapter 2264 These are easy to handle

"good.

Sui Zimo thought for a while and nodded.

For a while, there was really nothing that could be done against the former queen.

He believed that the former queen herself had thought of many different ways to die, but none of them worked.

That's why she thought of using poison. Unfortunately, these poisons were useless against the son of the devil in her belly.

That was the son of the devil. How could he be killed with such a small amount of poison?

"What?!"

When the banished people heard what their master and mistress said, their eyes almost popped out of their heads.

They looked at their master, mistress, and then at the former queen of Ziyang Kingdom. They couldn't help but make a 'gudong' sound and swallowed loudly.

"Master, are you sure you want to take her away?"

"this....."

After hearing the words of banishment, Lin Caisang came to his senses and looked at the former woman.

"Are you willing to come with us? How about we find a way to knock the child out of your belly then?"

After all, the son of the devil cannot be kept.

After listening to Lin Caisang's words, the woman lowered her head, as if wondering whether she could trust the people in front of her.

But she seemed to have no choice.

If she stayed here, no matter how hard she tried, she would not be able to get rid of the demon in her belly.

Maybe, following these people, you can still think of a way?

After all, the reason why these people came here was to kill her, but she was really difficult to kill... that's all.

"Ah, ah ah."

After thinking about it, she raised her head and nodded to several people.

Even if she couldn't kill the devil's son in the end and she had to give birth to him, she couldn't leave him to such an ambitious man as Emperor Zi Yan.

But if she had to rely on herself, she would not be able to get out of this underground palace. This underground palace has trapped her for too many years.

Seeing the woman nodding, Lin Caisang raised her eyebrows.

"Zimo, she is easy to handle. She went out with us, but what about those?"

She glanced at Sui Zimo, and then looked at the poisonous corpses who were hiding behind because of women, but were staring at them eagerly.

These poisonous corpses must be destroyed without even a second thought.

Otherwise, even if there is no son of the evil devil, just relying on these alone can stir up a layer of soil in Qianhuan Continent.

"Now that she's found it, these are easy to deal with." Sui Zimo looked at the poisonous corpses and said.

"Ah, ah."

The woman also nodded.

Aren't they just some poisonous zombies? If it weren't for being so boring in this place these years, these poisonous zombies would be the only ones who could play with her and have fun with her.

She eliminated these things early in the morning.

Of course, she didn't want to eliminate these poisonous corpses before, because even if one batch was eliminated, the man would get another batch.

She has already tried this.

"Ah, ah, ah."

The woman seemed to notice that among these people, Sui Zimo understood her strokes better.

Therefore, she kept making famous strokes at him.

"Zimo, what did she say?" Lin Caisang asked her husband.

Sui Zimo looked at the woman, then at the poisonous corpses, and finally fixed his gaze on Lin Caisang, with a very bad expression on his face.

"She said that she had killed several batches of poisonous corpses before, but it didn't take long for Emperor Zi Yan to get another batch and keep them here. There are already countless batches."

"hiss!"

After banishing several of them, they all gasped after hearing what their master said.

Chapter 2265 It's all going to explode

This Ziyan Emperor is really too vicious.

He actually kept making these poisonous corpses, and allowed these poisonous corpses to come and live in the same room with his former queen one after another?

It seems that the rumors about how much Emperor Ziyan loves the former queen are also false.

"Master, Mistress, does Ziyan Emperor have another place where he keeps many poisonous corpses? Do we still have to find that place?" Ban Wu asked.

Hearing this, Sui Zimo and Lin Caisang fell silent at the same time.

The other underground palaces have been destroyed, and the place where the poisonous corpses were kept has also been destroyed.

Come to think of it, this should be the last batch of poisonous corpses, right?

"Sang'er, could this poisonous corpse be grown with just some poisonous blood?" He looked at his wife and asked.

"no."

Lin Caisang shook his head.

"The so-called poisonous corpse is actually not much different from the devil's son.

It's just that the poisonous corpse has no thoughts, while the devil's son, after being born, has his own thoughts and can think. This is the only difference.

Of course, the sons of evil spirits can still practice cultivation, but these poisonous corpses have no possibility of cultivation. This is also one of the differences.

If we talk about how it was created, many factors must be mixed, and the most important point is the evil energy. The evil energy in the phoenix veins is indispensable to the poisonous corpse.

Otherwise, if a corpse is only injected with poisonous blood, it cannot be aggressive.

"Ah, ah ah!"

When the woman heard Lin Caisang's words, she shook her head, pointed at the poisonous corpses, then pointed at her nose, and then took a few heavy breaths.

"Are those poisonous corpses alive?"

Lin Caisang naturally understood what the woman meant and asked.

However, they all saw those poisonous corpses just now, and they were all not breathing!

"It doesn't mean that Emperor Zi Yan used living people to make poisonous corpses, and then they died because they couldn't bear the poison. Can they turn into poisonous corpses after death?"

"Yeah, yeah."

Seeing that she understood, the woman nodded solemnly.

"hateful!"

Lin Caisang cursed.

Using living people to create poisonous corpses is such a cruel process.

But in the end, when it comes to creating poisonous corpses, there really is no difference whether you use living or dead people.

But Emperor Zi Yan actually chose to use living people to create poisonous corpses while making no difference. How cruel this must be!

Moreover, according to the former queen, there were not just one or two batches of poisonous corpses, but many batches!

Emperor Ziyang is indeed not a human being!

"Zimo, there is no need to keep this place. The entire Phoenix Vein will be blown up."

As she spoke, she removed several large boxes from her golden bead space and placed them directly on the ground.

What was inside was the gunpowder made by Sui Zimo before. These large boxes were enough to level the entire imperial mausoleum.

"Go and do it."

Sui Zimo glanced at them and ordered.

"Yes, Master." Several people responded.

"Ah, ah ah."

After listening to their words, the woman suddenly patted her chest at Sui Zimo, and then pointed at the poisonous corpses behind her.

"Master, what did she... say?" Ban Wu asked.

"She said that she is very familiar with this underground palace and will take you to the real Phoenix Vein." Sui Zimo said.

"Real Phoenix Vein?"

Not only did they banish them, but even Lin Caisang was stunned.

Chapter 2266 How could this happen?

Could it be that what they blew up before was not the real Phoenix Vein? Is there a real phoenix vein in this imperial mausoleum?

"I see.

The next moment, her confused eyes suddenly became clear.

The so-called Phoenix Vein is not just the little breath on the surface, but also something deeper buried in the soil.

This underground palace should be under the previous underground palace, so it also has the aura of Phoenix Vein. If Emperor Zi Yan spares no expense, material, and manpower and digs deeper, he will definitely be able to dig out the aura of Phoenix Vein.

Of course, it is also possible to recreate the poisonous corpse.

"But can this Phoenix Vein be completely destroyed?"

she asked.

"Destroy more." Sui Zimo said.

First destroy more of this Phoenix Vein, and then start from Emperor Ziyan.

"There must be something at Emperor Ziyan's place that needs to be destroyed."

The sons of evil spirits and poisonous corpses, one by one, cannot be imagined by Ziyan Emperor himself.

There must be some ancient evil magic that remains.

They need to find out this ancient evil and destroy it.

"right."

Lin Caisang nodded.

Emperor Ziyang is the most troublesome existence.

"Let's go out first. The smell here is a bit disgusting. She said after looking at them.

There are so many poisonous corpses, all of them must be killed and destroyed.

Of course, with the former queen here, killing these poisonous corpses would only take a matter of minutes.

And she didn't want to stay in a place with so many poisonous corpses. She felt uncomfortable all over, especially when she thought that Emperor Zi Yan used living people to create poisonous corpses.

"good."

Sui Zimo directly picked her up and the two of them left the underground palace.

On this side, it was directly left to banish them and take the former queen to complete it.

...

‘Boom, boom boom——’

Continuous roars sounded in the sky above the imperial mausoleum.

"Why...ah!"

Hearing the noise, the commander walked out of the palace and was asking the Yulin guards outside when he felt a shaking under his feet.

He reacted immediately and flew upwards, summoning his flying mount.

Almost at the same moment, the entire mountain range sank. Looking down from the sky, it was all filled with the smell of dust, and nothing else could be seen.

"How...how could this happen? How could this happen?"

The commander couldn't believe it. There was obviously no movement, obviously...

Sitting on the mount, he thought for a moment and thought about the shock he felt before. Could it be that someone had already broken into the underground palace at that time?

However, the Yulin guards he sent clearly said that they had not seen any outsiders. Could it be that they would lie?

impossible.

After everything that happened in the past, how could Wei Habayashi lie?

Unless, those people used something to hide the truth and deceive the Yulin Guards under him, so that they did not know that those people had sneaked into the underground palace.

"Damn it, damn it, I will never let you go."

He gritted his teeth and cursed into the air.

But now is not the time to be angry, but to assemble the Yulin Guards and the Tomb Guards, and then surround the imperial mausoleum so that those people can no longer escape.

Thinking about it, he let his flying mount go down a little bit, searching for surviving people in the dust.

...

On the other side, Sui Zimo and his wife had arrived at the edge of the imperial mausoleum.

Chapter 2267 Everyone is catching up?

"Eat some more.

Sui Zimo held a bowl of noodles in his hand and was feeding his wife happily.

"Um."

Lin Caisang responded lightly.

But her eyes glanced towards the imperial mausoleum.

"Zimo, it was so powerful that the entire mountain range was blown up, right?"

"yes."

Sui Zimo didn't go to see any imperial tombs, he only focused on feeding his wife.

"Shrimp meat, do you want more?"

His wife likes to eat these things in the water, but these days, she doesn't seem to be interested in them, and she doesn't know if it's because she's pregnant.

"want."

Lin Caisang took a look and said decisively.

I'm in a good mood today, and everything I eat tastes particularly delicious.

Even though the shrimp meat had a fishy smell, she still thought it was delicious.

"Next, are you ready to deal with Emperor Zi Yan?"

She asked after taking a bite of shrimp meat.

"Think about how to deal with the devil's son first." Sui Zimo replied to her.

The son of the evil spirit is still there, and the former queen is invulnerable.

Come to think of it, even the former queen herself, so powerful, couldn't do anything to her, and they really couldn't do anything to the son of the devil in her belly.

"Why do we have to deal with it now?" Lin Caisang raised an eyebrow and asked him.

"Um?"

Sui Zimo looked at her, confused.

"Isn't it better for us to just wait for the former queen to give birth to the son of the devil?" Lin Caisang said.

Sui Zimo: "..."

He hadn't thought just now that since there was nothing he could do with the former queen's body, it would be okay to wait for the son of the devil to fall to the ground and then think of a solution.

Moreover, when a child of an evil spirit is born, he is no different from an ordinary child.

It is far from being invulnerable or having extremely high cultivation level.

"I see."

He only said four words lightly.

Although I understand, I still have to explain it to the former queen of Ziyang Kingdom.

Lin Caisang grinned at him, "Let's not talk about this matter for now. Let's talk about Yin Luqing first. What are you going to do about him?"

Of course, she couldn't possibly think that her husband really wanted to lock Yinluqing in the Golden Pearl Space for the rest of his life.

Because even if Yinluqing was imprisoned for a lifetime, it would be impossible to hear a word from his mouth about the secret of her husband's life experience, so it would be better to let him out.

"Let him go and make it with Emperor Ziyang, right?" Sui Zimo just paused and then said.

Since both father and son are so vicious, wouldn't it be better to become a couple?

"Um."

Lin Caisang responded.

But before they become a pair, Yin Lüqing must endure all the tortures she deserves, and that's fine.

"Ah, ah ah."

After a while, they returned with the former queen.

As soon as the woman saw them, she immediately waved her arms, wanting to tell them something.

"Has everyone caught up?"

Lin Caisang also saw the meaning. They must have attracted the attention of Yu Linwei when they were leaving. Did those people come after them?

"Yes, Master, we brought those people here." Ban Jue replied.

"That's good."

Sui Zimo nodded, then looked at his wife.

Lin Caisang understood and immediately took out Yinluqing, who was thrown into Wuji Prison by her.

Yin Lüqing was originally in the darkness of a room when he was suddenly lifted out. His eyes couldn't adapt to the light. He simply closed his eyes and blocked his eyes with his arms.

Chapter 2268 She is still alive!

After a while, he finally got used to the light in front of him.

"You... you..."

However, looking at these people in front of him, his face gradually turned green and turned black.

"Hello, Yinluqing."

Lin Caisang raised his hand and greeted him with a smile.

"What...what do you want?"

Yinluqing knew that he could not escape from the hands of Sui Zimo and his wife no matter what, so he could only grit his teeth and ask.

He walked to that place before, ran for a long time, and shouted for a long time, but he couldn't leave.

There was only endless darkness in that place.

"What do you want?"

Lin Caisang repeated his words word for word, and then looked at the former queen.

"Yinluqing, turn your head and look, do you know this person?"

After hearing her words, Yin Lüqing followed her gaze and looked at the woman in black clothes in front of her. That face looked a little familiar.

But he and Xiang were used to being superior, and women had always been dispensable to him.

How could he remember a woman's face?

"who is she?"

Although he didn't recognize her, he followed his gaze to the woman's belly.

Turns out to be a woman who is pregnant with a child?

They had never seen this woman around Sui Zimo before, so why did such a person suddenly appear?

He raised his eyes and glanced at his surroundings.

This place is still in the imperial mausoleum, and they have never left.

Then who could this woman be?

There is a vague guess in my heart that maybe this woman...

Suddenly he opened his eyes wide and looked at the woman in front of him.

"Former...former queen?"

This woman was not the former queen of Ziyang Kingdom who had been dead for decades, but he actually saw her again.

Moreover, she is still alive!

Because he felt the woman's breathing, she was naturally alive.

"You...you're not dead, you're not dead!"

With a livid face, he looked at the former queen and couldn't believe that this woman was still alive!

I think back then, he saw it with his own eyes...

But that's not right. Even if the former queen is still alive, how can she be pregnant with a child?

Whose child is this?

not.....

"The son of the devil, this is the son of the devil."

He finally understood that the woman in front of him was the mother body of the devil's son.

Is that why he came here today?

"Tsk, tsk."

Lin Caisang clicked her tongue twice, then looked at Yinluqing.

Otherwise, how could Yinluqing have so many evil thoughts? It seems that he is not a brainless person.

No, she could guess so much just by letting him take a look at the former queen.

"Exiled Jue, take him and go for a walk with the former queen."

She ordered him to be banished.

"Yes, Mistress." Ban Jue responded.

Now that they have attracted those people, they naturally have to take a walk, otherwise, wouldn't their work be in vain.

"You...Lin Caisang, what do you want to do? Don't even think about using me to do those bad things. I will never allow you."

Needless to say, Yinluqing also knew that Lin Caisang definitely wanted to make some fuss about him.

He has already fallen into this situation, and Lin Caisang still wants to step on him. How vicious is this woman?

"laugh."

Lin Caisang sneered.

"If you don't agree, what can you do?"

she asked him back.

Chapter 2269 How could you be so vicious?

Does she need him to promise her anything? Now that everyone is in his hands, he can't just let her do anything.

"you--"

Yin Lüqing was almost pissed off by her.

Yes, what if he doesn't agree?

Now that he has no spiritual power, any person can overwhelm him and make him breathless.

But there are so many strong people around Lin Caisang.

"There, there are people there."

Just when he was thinking about what to do, how to avoid being used by Lin Caisang.

Suddenly, there was a rush of footsteps behind him and the sound of someone yelling. He was startled and was about to find a place to hide.

Who knew...

"ah!"

His collar was directly lifted up and flew into the air. He only had time to scream.

The former queen looked at Lin Caisang, then at the two people who had flown away.

"Be good, let's find a place to meet up later." Lin Caisang comforted her.

Hearing this, the former queen nodded solemnly.

Then before she had time to react, she flew directly towards those who were chasing them.

Then, Lin Caisang watched helplessly as the former queen killed a large number of people, and finally relegated Jue and Yinluqing and flew away.

Naturally, it was impossible for those Yulin guards to let them go so easily. Only those who were not injured followed the former queen and chased her. She had a posture of not giving up until she caught them.

Lin Caisang: "..."

She turned her head silently and looked at Sui Zimo.

"Zimo, why do I think that if this former queen of Zi Yan Kingdom is still a normal person, she will definitely do great things?"

Yes, the former queen is really a good person. Even if she is corroded by the son of the evil spirit in her belly, she still maintains her kind nature. She knows that the son of the evil spirit in her belly cannot be born to harm the people.

And Emperor Ziyan, obviously a human being, did things that only animals would do!

How did these two people come together to become a couple? She was really curious.

"Um."

Sui Zimo just responded softly, then held her hand and prepared to leave.

...

On the other side, Ban Jue was carrying Yin Lüqing, and was caught up by the Yulin Guards several times, and escaped from the hands of the Yulin Guards several times.

Yinluqing was speechless. She had scolded Sui Zimo and his wife thousands of times in her heart.

This is totally intentional, okay?

Looking at the former queen's skills, how could those Yulin guards be her opponents?

However, no matter whether it was the banishment or the former queen, they did not kill all those people, but let them chase after them.

Moreover, with the abilities of the two people in front of them, how could they not even be able to get rid of those Yulin Guards?

So, if it wasn't intentional, what could it be?

"You...you are so vicious!"

These people simply deliberately exposed him in front of Emperor Ziyang, and then looked at Emperor Ziyang and wanted to tear him into pieces.

He had a vague guess in his heart that these people wouldn't want to throw him in front of Zi Yang Emperor again, would they?

If that were the case, would he still be alive?

"Vicious?"

Ban Jue looked at Yin Lvqing and chuckled.

"How can you be so vicious?"

he asked rhetorically.

Yinlvqing: "..."

Hearing this, he was speechless.

Yes, he is vicious and cruel!

He knew all this very well, but so what?

Chapter 2270 Do you want to see him?

He is the high-ranking eighth prince of the Zi Yan Kingdom, and there are experts behind him to guide him. For him, those ants are not afraid at all.

He can kill as many as he wants. Who can control him?

But now, being banished and asked in front of him, he really didn't know how to answer.

"Ah, ah ah."

The former queen beat many of those Yulin guards to death, and then came to Ban Jue's side.

He made a series of gestures in front of him, and then looked at him intently.

"How about we end it today and go back first?" Ban Jue asked the former queen.

"Hmm, uh-huh.

The former queen nodded immediately. She also felt that it would be better not to kill all of these Yulin guards.

Anyway, those Yulin guards had seen enough of Yin Lüqing's face, and they knew who to settle the score with when they got back, so they didn't have to take the blame themselves.

"Yinluqing, tell me, where will you go next?" Ban Jue looked at Yinluqing and asked coldly.

"You, you..."

Yin Lüqing breathed out bad blood and was really pissed off by them.

Damn it, do these people really want to throw him to Emperor Ziyang?

Impossible, impossible.

He shook his head intuitively, feeling that Sui Zimo finally got him, and it was impossible to throw him somewhere else.

Doesn't Sui Zimo want the secrets about him? Did he not even care about his own life?

But the fact is that both Sui Zimo and Lin Caisang know that they can't dig out any secrets of life experience from Yinluqing. Instead of doing this, they might as well just use Yinluqing as bait.

In this way, they will be one step closer to the truth of the entire incident.

...

In Prince Niu's Mansion, Lin Caisang and the others lived in the small courtyard.

Yin Lüqing was thrown into a small room and watched by someone specially.

As for the former queen, because she was pregnant with the son of the devil, even Prince Niu and the others, Sui Zimo thought, it was better not to let them know.

Therefore, before entering Prince Niu's Mansion, the former queen had already been sent into the Golden Pearl Space by Lin Caisang.

Yin Lüqing was no longer in Wuji Prison, so the former queen was sent there.

Although for Jinzhu Space, Wuji Prison is a place used to punish people, it will not punish people who have made no mistakes.

This is just an ordinary residence.

With a status like the former queen, it is definitely not possible to live with other people in the Jinzhu Space, so she can only go to Wuji Prison.

Of course, Lin Caisang had better comfort the former queen, otherwise, even in the Wuji Prison, she felt that the former queen could still make a big fuss.

"I heard that you brought Yinluqing back?"

Prince Niu got the news and came to the courtyard to visit Sui Zimo and the others.

Of course, the main reason was to come to see Yin Lvqing. His eighth brother had often worked with him in the past to coax him into doing immoral things.

"You want to see him?"

Sui Zimo looked at him and asked.

Hearing this, Prince Niu frowned and lowered his head, as if he was thinking seriously.

"What are you going to do with him?" He raised his head and asked them.

"Of course I'll throw it in front of Emperor Zi Yan." Lin Caisang curled his lips and said it as a matter of course.

A lot of people like to watch dog-eat-dog dramas. This time, let Yin Lüqing suffer the consequences on her own.
