

Star of Space 2271

Chapter 2271 Take it out

"Prince Niu, are you ready?" she asked.

Prince Niu: "..."

He is ready, but can he say that he doesn't want the throne at all?

That position that seemed to be in the clouds actually killed countless people. He had no interest in that position at all.

But now, he seems to be riding a tiger.

"We are ready, but the candidate who can take the position has not yet been chosen," he said.

He directly stated his intention and did not want to be the emperor.

"Don't want to be an emperor?"

Lin Caisang raised her eyebrows and asked him.

"Then just become the Supreme Emperor." Sui Zimo said this.

Prince Niu: "!!!"

Hearing this, his mouth twitched several times.

How can he be the Supreme Emperor? Is he just a son like this?

But this son is not very old, he is not yet ten years old!

If Baiqing really becomes the master of Zi Yan Kingdom, wouldn't it be just like playing? The future of Ziyang Kingdom is also worrying.

"Boy, is this a bit risky?" he asked.

"Prince Niu, are you looking down on your son?" Lin Caisang asked him.

Mr. Niu Wu was speechless.

Does this have anything to do with him not looking down on his own son?

After all, Baiqing is still young. Can she control those veterans who are used to being glib and glib?

If this little guy really sat on the throne, he would be eaten alive by those people in a few days.

He only had such a son, and after finally coming back, he naturally had to be pampered, pampered, and loved. How could he send his son to such a dangerous place?

"Baiqing... he hasn't taken out the purple energy beads on his body yet. His cultivation has been hindered. I'm afraid he has no chance of being... the emperor."

He really didn't know how to say the last few words.

His son's talent has been tested since he was born, which is what many people dream of, but now, he has been harmed by his own grandfather, and his cultivation will be hindered!

He took a deep breath and thought, no wonder he would help outsiders deal with his father.

These are all made by himself!

"The Purple Qi Bead is not a problem. I have a way to take it out of Baiqing's body." Lin Caisang curled his lips and said nonchalantly.

"Really?"

After hearing her words, Prince Niu's eyes lit up and he asked anxiously.

He knew that Lin Caisang was an alchemist, which he had confirmed from his son.

However, the Purple Air Bead is a very dangerous thing. He has been searching old records these days and has not found any way to remove the Purple Air Bead from his body.

However, Lin Caisang actually said that she had a way to take out the purple air beads?

"cough."

Lin Caisang coughed lightly.

"This matter needs to be discussed in the long term, but in the end I have a way. Prince Niu just needs to remember this."

It was just a purple energy bead that had been swallowed into her stomach, but she still had a way to take it out.

However, after all, the Purple Qi Bead was in Baiqing's belly, and one person and one bead had coexisted for so long. If it were taken out directly, it would be harmful to Baiqing's body.

She had to think of this beforehand.

"To take out the Purple Qi Bead, I still need to prepare some things. No rush, no hurry."

"Mrs. Sui wants to prepare something, I will order someone to prepare it immediately." Prince Niu said urgently.

Chapter 2272 It must be a coincidence

"I won't bother you, Prince Niu. I have to prepare those things myself so I know what I'm doing." Lin Caisang rejected Prince Niu's proposal.

There are some things that Prince Niu can prepare.

However, in the past, when things were prepared in front of Prince Niu's Mansion, the news would definitely spread outside.

Zi Qizhu was incomprehensible to others, but Emperor Zi Yan was an exception. She thought that as long as there was a little movement in Prince Niu's palace, Emperor Zi Yan would become suspicious.

Not only Prince Niu, but also them cannot afford to take this risk.

"This...is fine."

When Prince Niu saw her saying this, he couldn't say anything more.

"Mrs. Sui, if there is anything you need to prepare and you can't find it at the moment, you can also tell me and I will definitely take care of it.

After thinking about it, he still gave a warning.

After all, this is in the Ziyan Kingdom. He is the King of Niu, and he has enough manpower and material resources. It is easy to find something.

Unlike them, if you really want to find any precious medicinal materials, it will be even more difficult.

"good."

Lin Caisang responded.

...

Next, Prince Niu went to see Yin Lüqing who was imprisoned.

When he saw those listless, almost dying Yinluqings, Prince Niu also felt emotional in his heart.

The difference between the man in front of me and the former Eighth Prince is like clouds and mud.

A completely different kind of people in heaven and on earth.

As for Yinluqing, when he saw Prince Niu looking down at him from above, he felt bad.

The first thing that comes to mind is, why is he here?

He thought Sui Zimo would take him to a place where no one could find him, but unexpectedly, was this actually Prince Niu's Mansion?

Moreover, even if Sui Zimo brought him into Prince Niu's palace, it would be impossible for Prince Niu to know about it.

Could it be that these people are actually in the same group?

Join forces to trap him.

No, it's impossible. Yin Lüqing rejected this idea in her heart.

He, the fifth brother, was the most useless and could not do anything. He even suspected that if the fifth sister-in-law were not present in this mansion, Prince Niu would have been killed long ago.

How could such a person have such deep scheming intentions, yet nothing was exposed under his nose for so many years?

Therefore, Prince Niu probably didn't know that it must be a coincidence that he would come here today.

Must be a coincidence.

"Fifth brother, fifth brother, please get me out quickly. The couple in your house are two people with ulterior motives. They want to harm me and kill me. Please save me quickly. Get me out quickly!" "

Regardless of whether Prince Niu is in the same group as Sui Zimo and the others, now he has no other choice but to ask Prince Niu for help.

Even with the mentality of giving it a try, he had to ask him for help.

Although he didn't want to bow to the person he had despised for so many years, there was no other way.

"Fifth brother, get me out and kill those two bitches!"

He looked at Prince You who was yelling miserably at him with hopeful eyes.

"When you stole Baiqing away from me, did you ever think that one day you would kneel at my feet and ask me for help?"

Prince Niu slowly spoke to Yinluqing word by word.

"you--"

Yin Lüqing was suddenly frightened by his words.

So, Prince Niu knows everything, right?

Chapter 2273 Even scarier than him

In other words, he has been pretending all these years?

Pretending to be close to him, pretending to be carefree and not caring about anything, all just for him to see?

He was just thinking that his only biological son was missing, but he could still pretend to know nothing and act as if his son's life and death had nothing to do with him. This was simply not something a person would do.

But it turned out that this was simply an illusion. He, including Emperor Zi Yan, had all been deceived by the harmless appearance of Prince Niu.

"When did you know that?"

He spoke with difficulty and asked Prince Niu.

"Always."

Prince Niu just replied with two words coldly.

"Always?!"

How could Yinluqing believe that this idiot was not stupid at all?

"This is impossible, how is this possible? Fifth brother, stop lying to me. If you had known this a long time ago, how could you have been brothers with me for so many years?"

Yes, Yinluqing and Prince Niu have almost been together in the past few years. In Ziyang Kingdom, who doesn't know that they are inseparable brothers?

After all these years, tell him now that Prince Niu is all pretending?

"Yinluqing, why do you think this king wants to call you brother?" Prince Niu asked him.

If he didn't want to know where his son had gone? He had already fallen out with the person who harmed his son, so how could he keep his life alive until now?

"You...are you doing it for Yin Baiqing?"

Only then did Yinluqing realize that they had been inseparable these years. It was not because Prince Niu was stupid or easy to trick.

But he wanted to get the whereabouts of Yin Baiqing from himself!

Fortunately, he would never tell anything about Yin Baiqing, even if he was drunk, he would not talk nonsense.

Therefore, Prince Niu has been unable to get the slightest bit of information from his mouth all these years.

Otherwise, if he revealed Yin Baiqing's movements at this moment, he would not be killed by Prince Niu at the next moment.

Such a person is simply more terrifying than him.

"You...you can't blame me. My father did all this. He gave Baiqing the purple energy beads. He wanted Yin Baiqing's spiritual power. This has nothing to do with me."

He shook his head and told Prince Niu.

Yes, what does this have to do with him? He just cut off his father's brain.

Moreover, if he hadn't cut off Hu, Yin Baiqing might have been killed by Emperor Ziyan long ago, and how could he have survived safely until now?

"If it weren't for me, my father would have killed Baiqing long ago and taken the purple energy beads in his belly. Fifth brother, you should thank me. It was me who saved Baiqing's life. How can you repay kindness with enmity?"

Prince Niu: "..."

He has really never seen such a shameless person!

He obviously wants to do something shameful, but he still wants to portray himself as a Bodhisattva.

He also laughed.

"Yinluqing, you are really hopeless."

"Fifth brother, fifth brother, please let me go."

Yinluqing didn't care whether he was hopeless or not, he only knew that the only chance was right in front of him.

As long as Prince Niu can save him from this ghost place and save Sui Zimo and his friends for the sake of their old brotherhood, he will still have a chance to survive.

As long as he can start over again, he has nothing to fear.

He will be more careful next time and never give anyone a chance to hurt him again.

Chapter 2274 But what?

"Fifth brother, I promise that I will stay away from you and Bai Qing in the future and will never hurt you again. Just let me go. Those two people, Sui Zimo is a lunatic. If I fall into his trap, In his hands, he will not let me go.

Prince Niu: "!"

His son could obviously live a happy life in the palace, with the love of his father and the love of his mother and concubine.

But these years, his son has not been by his side, so now that he has clearly seen his son, he has never heard the word "father"!

Just like that, why did Yinluqing think that she would let him go?

At this moment, if it weren't for the secrets that Sui Zimo and the others wanted to know about Yin Lüqing, he would have cut the man in front of him into pieces.

Are you still counting on him to save him?

is it possible?

"hehe.

He chuckled twice and knelt down, his eyes level with Yin Lüqing's.

"Yin Lüqing, I am not a fool. You have treated my son like this, and you are pointing at me to save you? Am I the king who is stupid, or are you stupid?"

"I....."

Yinluqing was speechless and couldn't say a word.

"Fifth brother, we are brothers, real brothers!"

After a long time, he said something, yes, he and Prince Niu were brothers after all. Could he just watch himself being killed by Sui Zimo and the others?

No, no, right?

But he was not sure because he had done too many bad things over the years.

He couldn't even remember how many of them fell on Prince Niu. He wanted to kill this brother countless times.

Therefore, when he said the words "brother", his eyes were full of guilt.

And Prince Niu just sneered.

"Brother? Blood brother? Haha."

His biological brother still harmed him like this. If it weren't for his biological brother, would his life still be there?

His head should no longer be on his neck, right?

"Yinluqing, don't you feel disgusted after saying this?" he asked.

"I....."

Yinluqing opened her mouth, really not knowing what to say.

Yes, he felt disgusted too, because he had never regarded the person in front of him as his own brother. Prince Niu was just a target he could use.

How could he regard one of his chess pieces as a biological brother?

But the current situation doesn't allow him to say that. Only Prince Niu can save him. He doesn't want to be locked up in this place.

He believed that Sui Zimo would use thousands of ways to torture him and force him to reveal his life experience.

Therefore, he must leave here.

"Fifth brother..."

"Of course, if you want to leave, it's not impossible. I can intercede with Sui Zimo on your behalf." Prince Niu said calmly without giving him a chance to speak.

"Fifth brother, are you really going to ask Sui Zimo? Then go quickly."

Yinluqing had no doubt that he was there and quickly spoke.

As long as he could escape from Sui Zimo's clutches, he wouldn't be able to think about anything else.

He wanted to live, desperately wanted to live, and he knew even more clearly that now that he was in Sui Zimo's hands, those secrets had revealed that he had to die, and if he didn't tell them, he would be worse off than alive!

"Um."

Prince Niu's vague voice sounded in his ears.

"I can intercede on your behalf, but..."

"but what?"

Hearing this 'but', Yin Lüqing's heart skipped a beat and her expression changed.

Chapter 2275 Those debts of gratitude

There is actually a but, is that conditional?

"Fifth brother, we are brothers. You help me and I help you. It's our duty to help you. Where does this butt come from? Don't you think so?"

"of course not.

Prince Niu looked at him with a sly smile and replied with four words.

"Yin Lüqing, when have you ever helped me? Huh? As a brother to you, apart from being betrayed by you? Taking the blame for you? And being assassinated by your people again and again? What else is there?

Have you helped me? when? Where? Um? "

"I....."

Even Yu Yinluqing, who was so shameless, was made red-faced by Prince Niu's questions.

Yes, when had he helped Prince Niu? It was normal to take advantage of him.

As for the assassination of Prince Niu, although it was only done two or three times, it was done. He gave the order to assassinate Prince Niu when he suspected that Prince Niu had known about him.

However, Prince Niu seemed to be favored by God. Every time he was assassinated, he could cleverly avoid it.

In the past, he thought that Prince Niu was too lucky, but now he knew that it was not like that.

Because the person in front of him knows how to be forbearing better than him.

"Fifth brother, are you really unwilling to help me?" He looked at Prince Niu and asked through gritted teeth.

"Didn't I already say that I can help you, but there is a 'but'." Prince Niu said.

But obviously, Yinluqing didn't want him to say the 'but' in his mouth, so what else was there to talk about?

"Since you don't want to, then let it go. I don't want to waste my time talking about you. I still owe Sui Zimo a favor. You know, because of Baiqing, I already owe him a huge favor. A favor.

If he owes too much of this favor, he may even have to mortgage his own life in the future to repay the debt of favor. "

"you--"

After listening to his words, Yinluqing was completely angry.

Yin Baiqing's favor was sent to Sui Zimo's head eagerly!

At this moment, he wanted to kill those idiots in the wilderness, who couldn't even look down on a child of several years old and let him run out!

And that bastard emperor, who is not easy to rob, but wants to rob Yin Baiqing.

If he gains power again, he will definitely kill all those people, leaving no one behind!

Prince Niu looked at Yin Lüqing with a spicy look in his eyes, and he sneered in his heart.

People have become meat on the chopping board, why do you still want to kill Fang Huo?

He didn't want to think about whether he still had the ability now. Whether it was against Huisui Zimo or against him, they would never give Yin Yuqing this chance again.

"Yinluqing, I don't have time to listen to your "you, me and me" here. Have you thought about it? Do you want me to intercede for you? Or don't you want to."

he asks.

"I....."

Of course he wanted Prince Niu to plead for him. Who wants to fall into Sui Zimo's hands?

There wasn't much else on Lin Caisang's body, but there was a lot of poison on him. Even he probably couldn't withstand the poisons poured into his mouth one after another.

"Fifth brother, you...what do you want to ask?" He bit his lip, looked at Prince Niu and asked.

"The life experience of Sui Zimo."

Prince Niu asked directly without talking nonsense to him.

Yinluqing: "!"

Prince Niu even wanted to know the secret of Sui Zimo's life experience.

Chapter 2276 Tsk, are you worthy? !

Did Sui Zimo ask him to ask this?

It shouldn't be possible. Sui Zimo's life secret is not only a bargaining chip for him, but also a threat to Sui Zimo.

Sui Zimo, including Lin Caisang, can't make this matter known to the world.

So, did Prince Niu find out this himself? He also wants to know Sui Zimo's life experience, so that he can use this to hold Sui Zimo tightly in his hands in the future?

"Hehe."

Thinking of this, Yin Luqing chuckled and looked at the man in front of him with a mocking look.

"Fifth brother, fifth brother, I didn't expect that you are also this kind of person.

Do you want to threaten him with Sui Zimo's life experience? Or do you want to use this to give yourself a guarantee?

"Sui Zimo is the one who saved your son. You don't trust him, and you still want to use this secret to deal with him? "

Hearing this, Prince Niu did not explain anything, but just looked at him with cold eyes.

Does he think that everyone in the world is as despicable as him?

But he would not say this sentence.

"Why should I trust a stranger? What if I saved Baiqing? I don't know what kind of person he is or what kind of personality he has. Why should I trust him?

Hmm?"

He sneered and stood up slowly, looking down from a high place, looking at Yinlüqing.

"You are my younger brother, and you can plot against me like this even if you have played with me since childhood, let alone an outsider?

Yinlüqing, don't you think so? Or do you think there is anyone else in this world who is worthy of my trust? You? Or someone else?

Tsk, are you worthy? ! "I..." Yin Lvqing was speechless after hearing his words. He naturally hoped that Prince Niu could trust him. After all, his brother was also a very useful target. But now this situation is no

longer possible. Everything he did was exposed, including Yin Baiqing's affairs. As Yin Baiqing's father, how could he still have any brotherly love with him? He even suspected that if he didn't have a secret that he couldn't tell, Prince Niu wouldn't have come to see him at all. They are also the kind of people who will do anything dirty to achieve their goals. "So, this is a deal, right? I'll tell you the secret, and you'll plead for me to Sui Zimo. " "Well, I can consider it and plead for you. "Prince Niu stroked his chin and said. Of course, he was not sure whether Sui Zimo would give him this face, right? He did not say that he would definitely let Yinlüqing get freedom, and Yinlüqing would always get freedom. After all, who knows whether what he said now is true? "Or, if you don't want to say it now and want to think about it again, that's fine. I can leave first. What do you think?" As he said that, he really raised his foot to leave. "No, fifth brother, don't go!" Yinlüqing saw that Prince Niu was really going to leave, and hurriedly called him out. At this time, if Prince Niu left, he would really be hopeless. He was sure that Sui Zimo's people would torture him to death without waiting until tomorrow. If he didn't make up his mind now, he might not even have the chance to leave this room.

Chapter 2277 I have to keep it

Upon hearing his shout, Prince Niu, who had turned his back to him, slightly raised the corners of his lips, revealing a sarcastic smile.

Turning around, he suppressed the smile on his face and looked at Yin Lüqing.

"Say it," he said.

"I....."

Yin Lüqing opened his mouth. God knows, he didn't want to say anything about Sui Zimo at all.

It was a sharp weapon that could easily destroy Qianhuan Continent.

He wanted to be the only one to master this secret, and no one knew about it, so he could use Sui Zimo.

But think about it, that's impossible.

Even if he didn't tell Prince Niu, the person behind him wouldn't allow him to take Sui Zimo by himself. He couldn't fight that person, let alone hide it from that person and keep Sui Zimo by his side. of.

Moreover, in his current condition, Sui Zimo could crush it to death with just one finger.

How could he let Sui Zimo stay by his side obediently?

"Prefer not to say?"

Looking at him like that, Prince Niu knew that he had not thought about it well at all and was just looking for a reason to leave Sui Zimo.

"You still want to think that this king is a fool and just find any excuse to deal with it, huh?" he asked.

"No, no."

After hearing his words, Prince Niu felt guilty for a while.

He wanted to find a random reason to pass Prince Niu off, but before he could find a suitable reason, his words were blocked by the man in front of him.

"Fifth brother, really, I actually don't know what Sui Zimo's life experience is. It's just that someone handed him into my hands and asked me to raise Sui Zimo properly.

He also asked me to find a hidden place, preferably one that would not be discovered by people on Qianhuan Continent. "

"laugh."

Prince Niu sneered.

"Yinluqing, you are probably the only one who believes this, right?"

"It's true, Fifth Brother, everything I said is true." Yinluqing said hurriedly when he saw that he didn't believe it.

Even if he knew Sui Zimo's life experience, he wouldn't be able to tell others. If he did, the person behind him wouldn't just cut him into pieces.

He couldn't afford to take this risk.

Therefore, he could only find something to say to excuse him.

"How could I know Sui Zimo's life experience? Someone really put Sui Zimo next to me. You believe me, you have to believe me."

"Haha, I really didn't expect that your majestic eighth prince of the Ziyang Kingdom would raise children for others without any reason?"

Prince Niu asked him back.

"I....."

Yinluqing was blocked by him and was speechless for a moment.

Yes, of course he will not raise children for others without knowing it.

But who is Sui Zimo? Raising Sui Zimo would only benefit him and bring no harm to him. Why doesn't he raise him?

However, that was only in the past. Now Sui Zimo, he couldn't touch him at all.

He hated it. If he had known it, he would have raised Suizi Mo somewhere within his reach. He actually raised Suizi Mo in the wilderness. It was stupid, so stupid!

"Fifth brother, I have to raise the child that person sent."

"All right."

Prince Niu also stopped talking to him about Sui Zimo's life experience.

I know he won't tell.

"Since you don't want to talk about this issue, let's talk about who the person behind you is, right?"

"What?!"

Yin Lūqing's eyes widened instantly.

It seemed that he couldn't believe that Prince Niu would ask the person behind him.

Chapter 2278 No more talk

"Fifth brother, we...didn't we agree...to only talk about Sui Zimo?"

He stuttered a little, and asked with a hint of guilt in his tone.

"Yes, we are only talking about Sui Zimo, but are you willing to talk to me? Have you said anything?"
Prince Niu asked him.

Yinluqing: "..."

Indeed, he said nothing.

But why should he say it? This secret belongs to him alone and he doesn't want to share it with others.

"Fifth brother, it's not that I don't want to say yes, I really don't know. What do you want me to say? That person handed Sui Zimo to me, how could he tell me all his life experience? I'm here That person's heart doesn't have that much weight.

Hearing this, Prince Niu's lips curled up slightly again.

"Yin Lüqing, you know what kind of person you are, and I know what kind of person you are, so why bother pretending to be confused in front of this king?"

"What... what do you mean, fifth brother, what do you want... to say?" Yin Lvqing looked at him, not wanting to understand the meaning of his words at all.

"Is it impossible for you to know the secrets that the person you mentioned doesn't want you to know?" Prince Niu asked.

"Yin Lvqing, who are you bluffing? You know everything about my father and the purple energy beads on Baiqing's body. With this ability, you can find out about Sui Zimo's life experience no matter what. Is it a secret?

However, I am no longer curious about this. What I am curious about now is, who is the person behind you? Don't tell me that you don't know. Do you think I will believe you? "

"I....."

Yinluqing gritted his teeth and stared at Prince Niu.

Why force him? Those are his life-saving charms. If he told them, would he still be alive?

"Fifth brother, I really don't know who that person is. When he sees me, he always covers his face and wears a cloak. I have no idea what he looks like at all."

On this point, what he said was true.

However, with his ability, how could he not be able to find out even a little bit of that person's identity after so many years?

Of course this was impossible, he knew, he knew the identity of that person very well.

But he didn't want to say it.

As long as he alone knows about those things, if one more person knows, doesn't he have no leverage to threaten that person?

Now Prince Niu is no longer stupid.

If Prince Niu uses this bargaining chip to cooperate with that person, then he really has no chance at all.

He has no spiritual power now, and he still wants to rely on that person to restore his spiritual power.

"It seems that we have nothing to talk about."

Prince Niu looked at him seriously and then turned around.

"Yinluqing, just fend for yourself here. Haha, it's me who is too troublesome."

After saying this, he raised his feet and left.

"No, fifth brother, you come back, you come back, everything can be discussed. You can ask other questions, about my father. As long as I know, I will tell you everything."

When Yinluqing saw that Prince Niu was really gone, his whole face was distorted with anxiety.

This was his only hope, and he knew he should hold on tightly. However, he could not answer the questions asked by Prince Niu.

What should he do? Does he have to reveal that person's identity?

"What about my father?"

Prince Niu, who had already reached the door, turned around and glanced at Yin Lüqing with disdain.

Chapter 2279 You'd better die

"Yes, he has many secrets about my father. You don't know, right? I can tell you, fifth brother, I..."

"Do you still need to tell me the secret of Emperor Zi Yan?"

Before Yin Luqing could finish his words, Prince Niu interrupted him.

"I....."

Qingyin choked.

Yes, this good brother of his always pretends to be honest and honest in front of everyone.

I'm afraid that all the secrets of Emperor Ziyang must have been discovered by him.

He was actually stupid enough to want to trade Zi Yan Emperor's secrets with him for some kind of freedom. Then why not let him have a daydream, which would be more enjoyable?

"Hi, ho!"

He closed his eyes and took a deep breath, then exhaled.

Then he opened his eyes and looked at Lord Niu.

"Fifth brother, do you have to know?"

"What do you think?"

Prince Niu looked at him with a half-smile and asked.

"Fifth brother, you will regret it. If that person knew that you had learned his identity, do you know how dangerous it would be? I didn't say it was for your own good. Why can't you understand my love for you? It's a good intention."

Yin Lvqing looked at him and said quietly.

Prince Niu: "..."

At this moment, he really wanted to open Yin Lüqing's head and see what was inside.

For his own good? Still have good intentions?

"Yinluqing, in my opinion, you'd better die.

With that said, he really turned around and was about to leave. He didn't want to stand here anymore, he was disgusted by him.

Anyway, Sui Zimo's life experience will definitely be revealed in the future, it's just a matter of time.

Why did he have to spend so much time here with a disgusting person who wouldn't pay for his life?

"No, Fifth Brother, wait a minute, I'll tell you, I'll tell you." Seeing that he was leaving, Yinluqing didn't care so much and spoke directly.

"That man is the second young master of Sky City."

he said.

"Um?"

Prince Niu turned around and looked at Yin Lüqing.

The second son of Sky City?

Forgive him for having lived on this continent for so long, but he never knew that there was a second son in Sky City. Where did this character come from?

"The second young master of Sky City? When did Sky City have a second young master?"

According to him, the lord of Sky City only had one son, and like his son, he disappeared inexplicably.

Of course, that was many years ago.

Since then, there has been no young city lord in Sky City.

Since there is not even a young city lord, where does a second young master appear from?

"He is the younger brother of the city lord." Yinlu Qing said.

"What did you say?!"

After hearing what he said, Prince Niu was shocked.

The city lord's brother, isn't that the sick man who might be blown away by the wind even while walking?

Moreover, he is not the biological brother of the Lord of Sky City, but just the adopted son of the deceased old Lord. When did such a person become the second son of Sky City?

Is this what that guy calls himself?

However, what surprised him was not that the person behind Yin Lüqing was actually the guy from Sky City, but the identity of Sui Zimo.

The time, place, and people all matched up perfectly.

In other words, it is very possible that Sui Zimo is the young city lord of Sky City who disappeared many years ago?

"Yinluqing, you are so brave. Aren't you afraid that you will be destroyed by the Lord of Sky City?"

Chapter 2280 Just an adopted son

It would be good to destroy a Yinluqing, but maybe even the Zi Yan Kingdom would be destroyed by the furious Lord of Sky City!

They really dare to do such a crazy thing.

"What does this have to do with me? I didn't know it before. It was only later that I found out the identity of that person." Yin Lüqing immediately brushed himself off.

Moreover, he still hasn't realized that Sui Zimo's identity has been completely exposed by himself.

Because he believed that it was impossible for Sui Zimo to discuss his life experience with Prince Niu, and he did not expect that Prince Niu could send people to Huanglu to investigate.

"you--"

Prince Niu was almost mad at him.

If the city lord of Sky City really learns the truth and gets angry, will he still care when Yin Lvqing knew about it?

"Yinluqing, you can fend for yourself here."

Shaking his hands, he turned around and left, never wanting to deal with this idiot again.

"No, Fifth Brother, you can't leave!"

When Yinluqing saw that he just waved his hands and left, how could he be willing to do so?

"Fifth Brother, you said you would intercede for me. You can't let me suffer here. Fifth Brother, you save me, you must save me.

I told you everything. You can't burn bridges by crossing the river. After knowing everything, you don't care about anything. You will be struck by lightning like this. Fifth brother, please go and intercede for me and ask Sui Zimo and the others to let me go. "

Hearing this, Prince Niu turned his head and glanced at Yin Lüqing coldly.

"The one who will be struck by lightning is not me, but you!"

After doing such an unscrupulous thing, do you still think he will be struck by lightning? I really don't know what this person is thinking, is he crazy?

"I....."

Yinluqing wanted to say something else.

But Prince Niu no longer wanted to hear what he had to say, so he directly walked away and closed the door heavily.

...

"So, I was brought to Yinluqing by the second young master of Sky City?" Sitting face to face, Sui Zimo looked at Prince Niu and said calmly.

"Um."

Prince Niu raised his eyebrows.

He thought that Sui Zimo would be surprised when he heard about his life experience, and would want to kill Yin Lüqing, but he didn't expect that he didn't do anything, he just asked so indifferently.

"That man is not a second son, he is just an adopted son adopted by the old city lord of Sky City."

Although he had only heard of that person in the past, what he learned from what he heard was that he was weak and incompetent and had accomplished nothing.

But he didn't expect that he would die such a cruel and ruthless person who would not give up until his goal was achieved.

Moreover, such a person is still famous in Sky City. He is a good person respected by everyone and has done countless good deeds. This is really unimaginable.

"It seems that some things really can't just be taken at face value."

That person is different from Ziyan Emperor and Yinluqing. No matter how vicious these two people are, they can still be imagined, because many times, their behavior can be linked to their viciousness.

But the person in Sky City is very kind on the surface.

If he went to tell the city lord of Sky City now, it was his sworn brother who had taken away his son.

I'm afraid that the city lord of Sky City won't believe him, and will only think that he wants to provoke internal strife in Sky City, and then gain advantage.
