

Star of Space 2281

Chapter 2281 It would be a pity to kill him

Thinking about it, he shook his head, truly feeling that that person was too powerful.

If it weren't for Yin Lvqing who was also very scheming and slowly figured out that person's identity over so many years, otherwise they would still know nothing.

"The human heart is the most unpredictable."

Lin Caisang stretched out his hand and placed his palm on the back of Sui Zimo's hand.

"Zimo, what should we do next? Go directly to Sky City?" she asked.

Originally I thought they still had time to grind on Yin Lüqing.

But now, they already know the identity of Sui Zimo, and he is actually in Sky City.

Then, shouldn't it be time for them to set off for Sky City?

"Are you leaving?"

When Prince Niu heard what Lin Caisang said, he guessed it and couldn't help but ask.

Since Sui Zimo's identity is easy to guess, they will definitely not stay in Zi Yan Kingdom anymore. This is also a common sense thing.

However, the purple energy beads on his son are still there.

If they leave, what will Baiqing do?

"We will take Baiqing away together, and send him back after the purple energy beads on his body are completely eliminated." Sui Zimo naturally understood what Prince Niu was thinking and said.

Hearing this, Prince Niu's lips twitched almost invisible.

He felt that if Baiqing left with Sui Zimo and the others, he might not want to come back.

Because everyone has a lot of things on their hands these days, Baiqing has been staying with his mother and concubine, and has not seen much of Sui Zimo and the others.

However, whenever he went to the princess's yard, his son would keep pestering him, asking Sui Zimo about their situation, almost trying to make him faint.

In such a situation, if his son followed Sui Zimo and the others, would he still think that there were still a pair of old parents waiting for him to return home?

"That being the case, I'm sorry to bother you."

But when the son gets older, he can't help his parents anymore, right?

It's good to let him go outside to experience something. It's better than staying at home, being bound by family ties, and accomplishing nothing, right?

"Don't worry, Prince Niu. Zimo and I regard Baiqing as our own brother, and we will definitely take good care of him." Lin Caisang also said.

"good."

Prince Niu didn't know what to say, so he just responded softly.

"What about Yin Lüqing, what are you going to do with him?"

he asks.

He said that Yinluqing really deserved to be cut into pieces. Even if he was Yinluqing's biological brother, he felt that this person really deserved to die.

But what should I say? Even he felt that there were still many secrets about Yin Lüqing that they had not unearthed. If he kept this person, he might be useful in the future.

It would be a pity to kill him.

"Of course I'll keep it first, it will always be used." Lin Caisang said.

"I wonder, Lord Niu, what are you going to do with Emperor Zi Yan?" she asked.

I believe that Emperor Ziyang already knows the news of the former queen's escape at this moment, right? I don't know what he will think.

Prince Niu: "..."

He didn't have much idea about Yinluqing.

But Emperor Ziyang, after all, is his father, can he still shout to fight and kill?

"The king plans to spend a few years to control the Zi Yan Kingdom's military strength in his own hands. What do you think?" he asked.

"That sounds good." Lin Caisang nodded.

You cannot fight an unprepared battle. The Zi Yan Kingdom is now under the control of Emperor Zi Yan.

Chapter 2282 Going to Sky City?

If you want to directly force Emperor Zi Yan to abdicate, it is impossible. Even if there is a one in ten thousand chance, it will definitely be a tough battle.

And in this tough battle, the people who suffer the most are the people.

She believed that according to Prince Niu's character, he would not inflict the evil of the royal family on the common people.

Therefore, it is not a bad idea to spend a few years.

"Baiqing is okay, he still needs to practice hard for a few years. We happen to be free and can teach him for a few years. When he completes his studies and has his own achievements, we will send him back." She said.

After hearing Lin Caisang's words, the corners of Prince Niu's mouth twitched even more.

These words make it seem as if Baiqing will accomplish nothing if he is with his father. He is also very powerful, okay?

Moreover, he just wanted to ask, what time do you have?

Do you think entering Sky City is that simple? There are so many internal fights in a small Zi Yan Kingdom, let alone Sky City.

Although Sui Zimo is an only son, there are too many factions in Sky City.

Moreover, the city lord is still young and will probably have a few more children.

He felt that if Sui Zimo really entered Sky City, Sky City would never be as peaceful as before.

Those who had been watching secretly saw that the young master of Sky City was back, so they quickly took advantage of him and beat him to death while Sui Mo was still young.

Maybe even the city lord's wife will be involved.

This is very possible.

"This is Baiqing's life. Although I am his father, I cannot make this decision for him. If he wants to go with you, just follow him."

he said calmly.

...

In the golden bead space.

After learning about his life experience, it was inevitable to go to Sky City.

However, before going to Sky City, he had to ask his father-in-law and mother-in-law what they wanted.

"You are going to Sky City? Now?"

Lin Baizhong looked at his son-in-law, never expecting that his son-in-law was actually the long-missing young master of Sky City.

"Dad, what do you think?" Sui Zimo asked him.

Hearing this, Lin Baizhong took a deep breath and nodded.

"Now that you know your life experience, it is inevitable to go to Sky City, but Zimo, I still suggest that you don't reveal this layer of identity yet."

"Why?"

Not only Lin Caisang, but also Liu Yuyang couldn't understand what he said.

Why can't this layer of identity be revealed? How cruel it is to see your parents right in front of you and not be able to recognize each other.

She knew this heart-wrenching sadness deeply.

"Baizhong, will Zimo's life experience bring any danger to Sangsang?"

She glanced at her daughter, then turned to her husband and asked.

"Danger is inevitable."

Lin Baizhong didn't want to lie to his wife, saying there was no danger.

That is the young master of Sky City. In Qianhuan Continent, he can be said to be inferior to one person and superior to tens of thousands of people.

With such an identity, how can a random person come out and just say yes?

"Zimo, in the final analysis, the secret of your life experience is just Yinluqing's idea, and it may be a coincidence, but if someone wants to deny it, that's fine.

Who can say that if you disappeared on the same day as the young master of Sky City, you must be the young master of Sky City? "

Chapter 2283 Will you know?

There is a lot of space here that can be manipulated.

Say yes, simple.

Saying no is a bit difficult, but not impossible.

"I have been in Sky City these years. Although I am only the guard commander, I still know that the sky has become some things.

The second young master you call him is usually kind in Sky City and has deep personal relationships with any of the powerful families in Sky City.

Moreover, he is a romantic and talented man, and there are many women around him who are more or less related to these powerful people. Many of the daughters of the noble families marry him as concubines, and even the direct lineage, some of them are this second son. The concubine's family.

The roots of such a person in Sky City are too deep to be easily moved. "

"Depend on!"

After hearing his father's words, Lin Caisang couldn't help but curse.

The second son of Sky City wants to go to heaven. According to this meaning, he has more women than the emperor's three palaces and six courtyards.

"Dad, isn't the second young master a sick man? How can there be so many women eager to marry him as a concubine? Isn't this a bit unreliable? Isn't it too abnormal?

Those women weren't all poisoned or threatened by that man, right? "

"What Sangsang said makes sense.

Liu Yuyang also agreed with his daughter's words.

If it is true as what is said outside, that the second young master is a man in poor health, how can it be possible for so many women to become his women?

There are only two possibilities, either his poor health is a lie, or those women were really drugged by him and entered his house as concubines.

You know, if you marry a man as a concubine, you become a servant, a slave and maid for the man's head wife!

"It's just that no one knows the answer yet, but that second young master is by no means as simple as it seems." Lin Baizhong said.

When he first arrived at Sky City, the second young master tried to make friends with him in various names.

It's just that at that time, he had suffered a lot and lost a lot of memory. He was like a piece of hardwood. If you asked Ping what the second young master said, he wouldn't say a word.

He only had eyes for the city lord and his wife who had taken him in.

As time passed, the second young master felt that it was impossible to make friends with him, so he stopped paying attention to him.

Of course, over the years, the second young master also sent people secretly to embarrass him no less than a dozen times.

But he is not as simple as everyone thinks, and the city lord is also secretly helping him, so the second young master has not received any benefit from him.

"However, although no one in Sky City knows the true identity of this second young master, I always feel that the city lord knows something."

"Will he know?"

Lin Caisang blinked and looked at her husband.

If what Yin Luqing said is true, then the city lord of Sky City is Zimo's father, right?

She didn't want her father-in-law to be a stupid person who was taken advantage of without knowing it. In that case, her and Zimo's future eyesight would definitely be more 'exciting'.

"Whether he knows it or not, we must find out the matter this time when we go there, right? Zimo."

"Um."

Sui Zimo responded lightly and nodded.

Chapter 2284 Are you practicing?

"My father wants me not to expose this matter first, but to go to Sky City as your son-in-law first, and then see how the second young master will react, right?"

"right."

Lin Baizhong responded.

They want it just in case.

"I mean this, for you and for Sangsang. She is pregnant with your two children. There are some things that you cannot prevent no matter how hard you try."

As a husband, you cannot let your wife take risks for you. "

"father....."

Lin Caisang saw that his father was getting more and more outrageous, so he quickly interrupted him.

What kind of adventure? They always want to go to Sky City. Take risks. Aren't they taking risks all the way here?

There is nothing to avoid deliberately.

"Sang'er, dad is doing it for our own good. I think we should just do what dad said." Sui Zimo held her hand and said.

To be honest, he didn't want to go to Sky City right now because his son was pregnant with a child.

But it seems that it is impossible not to go. All signs indicate that his base is in Sky City.

"Okay, let's do it."

Seeing that he had said so, Lin Caisang could only nod.

"You kid, for the sake of Zimo, you don't even care about your own safety?" Liu Yuyang asked funnyly, looking at his daughter's indifferent expression.

"Even if you can't take care of it, there are some things that you have to take care of. Knowing that your golden bead space means that you are not afraid of anything, but you still have to be just in case, right?"

"Dad, Mom, I understand. I will pay attention when we go to Sky City." Lin Caisang looked at his parents and promised seriously.

"When are you going to Sky City? Zimo, please discuss with your parents. I will go to Wuji Prison to see the former queen of Ziyang Kingdom."

She stood up and spoke to them.

It's not okay to keep the former queen in the Infinite Prison.

Not only is the purple energy bead on Yin Baiqing's body, but they also have something more troublesome, which is the son of the evil spirit in the belly of the former queen of Ziyang Kingdom.

"Be careful." Sui Zimo warned.

"Um."

Lin Caisang nodded and went to Wuji Prison.

...

In the infinite prison.

After Lin Caisang placed the former queen inside, she did not keep wandering around inside, but directly sat down on the spot, meditating, and practicing.

But the Infinite Prison is the Infinite Prison, and if she wants to practice, she doesn't have enough spiritual energy to support her.

Lin Caisang alone has the final say on how to use the aura of Wuji Prison.

Therefore, after the former queen came to the Wuji Prison, all the spiritual energy in the Wuji Prison was collected, and not a trace was left.

This caused the former queen to have special difficulties in practicing.

But who is the former queen? A person who has been imprisoned in the underground palace for many years can still stay quietly in a certain place even if he is not practicing.

"Ex-queen, are you practicing?"

As soon as he came in, Lin Caisang saw the former queen practicing.

She shrugged, a little speechless. Let me ask you, how can you practice in a place without spiritual energy?

Who will teach her?

"Ah, ah."

Hearing the sound, the former queen opened her eyes and shook her head at her.

Then, she pointed to her belly and looked at Lin Caisang with hopeful eyes.

Lin Caisang: "..."

She really wanted to give the former queen hope that the child in her belly could be aborted immediately.

But she really can't do it!

Chapter 2285 The body will be overwhelmed

"I have to think of another solution for this." She spoke honestly to the former queen.

"Actually, we still have a second way, which is to give birth to the child in your belly first. When he is born, he is just a baby. It will be much easier to deal with him."

she suggested.

"Ah, ah ah."

The former queen shook her head, disagreeing with the meaning of her words.

This devil's son was so difficult to deal with when he was in her belly. If he was born, he didn't know what trouble he would cause.

Maybe it will really get out of hand by then?

Lin Caisang couldn't understand what she meant, and even if her husband was called, he might not be able to correctly understand the former queen's shaking head.

"Ex-Queen, can you... know how to write?" she asked.

"Ah, ah."

The former queen nodded.

As the former queen of Ziyang Kingdom, how could she not even be able to write?

After hearing her words, Lin Caisang also breathed a sigh of relief.

Immediately, she took out a piece of paper and pen, handed it to the former queen, and asked her to write on it.

'I couldn't get rid of it even while I was pregnant. If it were born, I'm afraid it would be even more troublesome. '

The former queen swished a few words, then wrote two lines of words on the paper, then handed it to Lin Caisang, and then continued to write other words on the white paper in her hand.

'Ziyan Emperor is a very scheming person. He may not have to wait until I give birth to a child before he can find me. I must get rid of this evil obstacle in my belly before he finds me! '

She really couldn't call the devil's son in her belly a child.

Even though she was pregnant in ten months, she still feels distressed, but what's the point of feeling distressed? Should she let this devil's son be born and come back to cause harm to the people?

If so, she might as well just die on her own!

Maybe if she dies, the son of the devil in her belly will die with her.

During the days when she was imprisoned in the underground palace, she thought about this method countless times, but even she herself could not hurt her body.

She is also very helpless!

Lin Caisang took the paper in her hand into his own, took a look at it, and smiled lightly.

"That's not the case. No one can enter the place where you are now except me, unless I let him in," she said.

Of course, how could she get someone like Ziyan Emperor into the Infinite Prison? Unless that person became a slave in her Golden Bead Space, he would be able to get in.

And he made a mistake!

"But don't worry, if I can think of a way, I will definitely solve this big trouble for you."

She glanced at the former queen's belly and comforted her.

"Are you hungry? I brought you some food. Do you want to eat something first?" she asked.

"Ahhh."

The former queen shook her head, took another piece of paper and started writing.

'I don't need to eat, as long as there is spiritual power and evil energy, I can survive. Of course, the evil energy is because of this in my stomach. '

Lin Caisang knows this.

But the spiritual energy of this Wuji Hell has been wiped out by her, so naturally she still needs to eat.

"It's better to eat some. There is no spiritual energy or evil energy in Wuji Hell. If you don't eat for a long time, your body will be unable to bear it." She advised.

'If it can starve to death if it doesn't eat, I'd rather not eat it. '

Chapter 2286 For the purpose of collecting medicinal materials

The former queen wrote a sentence on the paper.

Yes, if not eating could kill the devil's child in her belly, then she would definitely not eat a little bit more.

She hated the devil's son in her belly so much, and even more hated Ziyan Emperor for making her pregnant with the devil's son.

If Emperor Zi Yan were standing in front of her at this moment, she would definitely twist his head off his neck without hesitation!

"It can't absorb spiritual energy and evil energy. You can eat some ordinary food." Lin Caisang said.

"Leave the matter of the Evil Son to me. Don't worry. It's here anyway. You can't absorb even half of the evil energy. It's estimated that even if it is born, it won't grow into a powerful person."

The last few months are the most important, right? If the evil spirit cannot be absorbed, how good and powerful can the child of the devil grow?

Therefore, although the place of Wuji Prison looks scary, it is actually quite useful.

...

After another conversation with the former queen, Lin Caisang returned to the Golden Pearl Space.

Sui Zimo was still discussing with Lin Baizhong and Liu Yuyang the details of their return to Sky City, and there must be no mistakes.

Lin Caisang, on the other hand, looked at the jade mirror in surprise.

"Sonny, what's wrong with you?"

Sui Zimo noticed her gaze and walked over and asked.

"Zimo, it's really strange that Brother Yujing actually has a mission again? There have been no missions recently. I almost forgot that I am a person who needs to take missions to upgrade the Golden Pearl Space.

Lin Caisang looked at the jade mirror and said to Sui Zimo.

Recently, it was very rare for her to be able to see what tasks were posted on the jade mirror.

But today, three different levels of missions were released at once, which is unprecedented and strange.

After hearing her words, Sui Zimo just glanced at the jade mirror.

He couldn't see what was shown in the jade mirror, he could only listen to his wife talking over there.

"Brother Yujing, what a big day it is today. Was it the storm that brought you here?" She teased with a smile.

"Come, tell me what this mission is like."

'Master, there is no time limit for tasks on the Qianhuan Continent, but you must complete them if you accept them. There is no such thing as failure to complete or punishment. If you don't complete it, it will continue.'

Several lines of words were displayed in the jade mirror.

"Then what if the person I want to treat dies?" Lin Caisang asked speechlessly.

'...'

Yu Jing gave her an ellipsis directly.

Lin Caisang: "!"

She was also confused. Didn't Brother Yujing consider that she would fail in her mission?

"There are missions that fail, right?" she asked.

'Dear Master, the purpose of these three tasks is to collect medicinal materials. Therefore, the tasks will not fail. ' A line of words was displayed in the jade mirror.

Lin Caisang: "..."

She choked hard at Yu Jing's words.

She raised her eyes and looked at the missions that had just appeared on the jade mirror, and she realized that they were all missions to participate in some kind of training, and to find the medicinal materials she needed.

"Where is the experience for advanced tasks?" she asked.

'Sky City. '

Three words were displayed in the jade mirror.

'Sky City is recruiting herbal collectors to go to the sea forest to collect herbs. The rare medicinal materials collected can be sold directly to the wife of the city lord of Sky City. The people they are recruiting include alchemists, alchemists, and everyone who practices medicine. . '

Chapter 2287 Go to Haikuo Forest!

"Tsk, tsk, tsk, there are so many people, what does the city lord's wife want to do?"

Lin Caisang clicked her tongue a few times, and couldn't help but glance sideways, glanced at her husband, and then looked at her own father.

"Dad, in the past, the wife of the city lord of Sky City would often summon alchemists, alchemists, etc. to collect those rare medicinal materials?"

"Will not."

Lin Baizhong thought for a moment, shook his head and answered.

When will the wife of the city lord summon people to collect herbs? Is there anything missing in Sky City?

Even if it doesn't exist, there will be people who are willing to offer it with both hands, so why should they summon people and waste time and effort to find it?

"Maybe something happened in Sky City during the days we left." He said.

And they will only know this after they arrive at Sky City.

"How about we wait until we get to Sky City, Sangsang, you and Zimo go about your mission first, and I'll go back with your mother and find out more reliable information for you by the way?"

He felt that this idea was still a good one.

However, looking at his precious daughter's belly, he felt that his idea was a bit unreliable.

"Did you say where you were going?" he asked.

"Yes, there is a vast forest." Lin Caisang said to them.

"Broad Forest?!"

Hearing these four words, Lin Baizhong screamed.

"Sea Kuo Forest is exclusive to Sky City. Ordinary alchemists can't enter it at all. I heard that there are many kinds of medicinal materials that are rare to find. Many people who are not from Sky City spend a lot of money to go to Sea Kuo Forest. , there is no chance to enter."

But this time, the city lord's wife actually organized her own people to go to Haikuo Forest!

"Are you trying to pick some amazing medicinal materials?"

"We will know what medicinal materials we want to pick when we go there." Lin Caisang said, looking steadily into the distance.

Since a mission has come, they should leave Ziyang Kingdom as soon as possible and go to Sky City. Anyway, they can leave the matter of Ziyang Emperor to Prince Niu. They can continue to explore their world with Yin Baiqing. .

...

On the same day, Ban Jue informed Yin Baiqing and asked him to prepare to leave with them.

Then the next day, everyone set off and rode flying mounts to the Sky City together. Ten flying mounts came out together, which was like blinding people.

In the Sky City, it is also very popular at the moment. Many alchemists, alchemists, and powerful people are rushing to the Sky City from all over the world, wanting to go to the sea forest to find out.

After ten days of journey, the group arrived at Sky City.

Lin Baizhong and others moved directly into the commander's mansion, while Sui Zimo and Lin Caisang walked into an inn and finally got a room that could be occupied.

"call!"

Opening the door, the two of them walked in. Lin Caisang sat on a stool and exhaled heavily.

"Zimo, there are too many people, right? There are so many alchemists and alchemists in Qianhuan Continent?"

Many inns in Sky City were already full. They originally wanted to choose an inn that looked neither good nor bad, but the mid-range inns were all full, and the low-end inns were also full.

Their only choice is those expensive inns.

If it were an ordinary person, just staying for one night would be enough to cause them pain.

"You still have to go through layers of screening." Sui Zimo made a glass of milk for her, handed it to her, and said.

Chapter 2288 Two people returned home

"Let them go out and inquire about it later," Lin Caisang said.

"good."

Sui Zimo responded.

...

It's night, in the city lord's mansion.

"Lin Nian is back?"

The news that Lin Baizhong had returned to Sky City spread all of a sudden, and the city lord's palace naturally knew about it.

"Yes, Madam of the City Lord, Commander Lin came back with his wife. I heard that he has returned home to live." The maid replied to the words of the City Lord's wife.

"Really back?"

The city lord's wife didn't believe it, and thought Lin Nian would stay in Huanglu for how long.

It seems that he also feels that only Qianhuan Continent and Sky City are the places where he belongs, right?

"Does the city lord know about this?" she asked.

"Go back to the city lord's wife, I don't know about this." The maid glanced at the city lord's wife and replied.

There was no way that she, a maid, could inquire about the city lord's affairs.

If she really inquired, the wife would not blame her. The city lord's wife would definitely think that the city lord thought she didn't trust him.

She would not take the initiative to cause such trouble.

"It seems I don't know anymore."

The city lord's wife didn't blame her and murmured softly.

"Go and tell the City Lord that Commander Lin is back and has brought back his wife. She is the wife of this lady and the City Lord's savior. We certainly want to invite her to a banquet.

she said.

"Yes, ma'am."

The maid responded, turned around and left.

...

Lin Mansion.

Lin Baizhong took Liu Yuyang back home with only the two of them.

Those who heard the news and were originally Lin Baizhong's guards all came over to watch the fun.

Several guards who were familiar with Lin Baizhong were sitting in the hall and making tea.

"Commander, you don't know that within a few months of your departure, the city lord's wife is pregnant with the young city lord." After chatting for a while, one of the guards said to Lin Baizhong.

"The city lord's wife is pregnant?"

Even Lin Baizhong, who was as calm as Lin Baizhong, was shocked after hearing the news.

"Yes, yes." Everyone responded.

"Isn't it said that the young city lord can't be found, so the city lord's wife is pregnant with a child again. The city lord is very happy. Not only the city lord, but the entire people of Sky City are also very happy."

"The city lord also said that when the city lord's wife is three months pregnant, he will take her to Mo Shangtai to offer sacrifices and pray for the child in the city lord's wife's belly."

After listening to their words, Lin Baizhong glanced sideways at his wife.

This is really not the right time to come back. Their family Zimo is back, but it just so happens that at this time, the city lord's wife is pregnant again?

"In the future, you are not allowed to mention the pregnancy of the City Lord's wife outside, let alone directly say that the City Lord's wife is pregnant with the Young City Lord, do you understand?"

After thinking about it, he still gave a few words of advice.

Before the child is born, no one knows whether it is a boy or a girl.

She was just pregnant and was crowned Young City Lord. The starting line was too high. If things didn't turn out as expected, it would be very painful to fall from the sky.

However, he couldn't help but think in his heart, who came up with the title of Young City Lord?

"Why?"

The guards did not understand the meaning of their leader's words.

Why can't they say it?

"Commander, everyone in the city is talking about it now, and it's not just us."

"That's right, Commander, everyone is saying this, and we weren't the first to say it."

Chapter 2289 Trust

"Yes, yes, the wife of the city lord is pregnant with the young city lord, isn't it? The previous young city lord has been missing for many years, is he long gone?"

"Since everyone is gone, there will be another wife of the city lord, and she will be the young city lord."

Several people were talking at random.

"What if the wife of the city lord gives birth to a girl in the end?" Lin Baizhong silenced everyone's words with one direct sentence.

"Well."

Several people choked at the same time.

Yes, if the wife of the city lord finally gave birth to a baby girl, what kind of young city lord could she be?

"It shouldn't happen, right?" Some people didn't believe it.

"I heard that the city lord's wife personally invited the city lord's foster brother to diagnose her pulse. Later, word was spread about the young city lord. Doesn't that mean that the child in the city lord's wife's belly must be the young city lord?"

"Lu Tianfeng?"

Lin Baizhong and Liu Yuyang looked at each other.

They came here just for Lu Tianfeng, but they could also take care of Lu Tiankuo along the way.

In this way, Sky City will be peaceful in the future, and there will no longer be those messy things.

"Lu Tianfeng is not an alchemist. When will he know whether a woman is carrying a boy or a girl?" he asked.

"This... we don't know either. Several of them shook their heads at the same time.

They didn't know that this was reported from the city lord's mansion not long ago, and no one knew that Lu Tianfeng could actually know medicine.

"I don't know who spread the news. Anyway, now, the city lord's wife's child is looked after by the city lord's adopted brother. He also displayed a lot of medicinal materials for the city lord to find ways to find."

"Commander, you don't know, a single piece of those medicinal materials can be worth a city, let alone dozens of kinds!"

"Tsk tsk, Commander, I really don't know what kind of precious young city lord is pregnant with the wife of the city lord. She actually needs to use so many kinds of medicinal materials before he can be born."

"That's right. It seems that the city lord's wife is not very old. She just gave birth to a child. Even if she is the city lord's wife, she doesn't have to be so delicate, right?"

"There are a lot of discussions about this matter in Sky City now, but the city lord's wife is pregnant with the young city lord, so everyone dare not talk nonsense, for fear that if they anger the city lord, they will be kicked out of the sky city."

Several people spoke to Lin Baizhong one by one.

"Is there such a thing?"

Lin Baizhong was surprised and asked lightly.

Only then did he understand why the city lord's wife summoned so many alchemists to go to the sea forest to collect medicine.

It turns out that it was a supplement list written for Lu Tianfeng, right?

He was 100% sure that Lu Tianfeng had bad intentions when he wanted those things, or he was taking advantage of the city lord and his wife. He had other uses for those things.

However, for a while, he really couldn't think of what it was for.

"Do you have the list of medicinal materials?" he asked several people.

"No."

Several people shook their heads.

They don't have a list, and they don't want to have one.

"That's a list written by Brother Chengzhi. How can we have it?"

"Commander, if you want that list, you can ask the city owner, and he will definitely give it to you." A guard suggested.

The city lord has trust in the leader of his family. If the leader wants to see something, the city lord will definitely show it to him. Maybe he will also ask the leader to help him find the medicinal materials.

Chapter 2290 Missing a steward

"Yes, I understand. Lin Baizhong responded lightly.

It seemed that it was time for him to go and meet the city lord for a while. I was afraid that if he didn't go and see, the city lord would count down the money whenever he was sold.

...

Among the inns.

Ban Jue heard a lot of news from outside, the most important of which was that the city lord's wife was pregnant.

He glanced at his master.

As someone who already knew that his master might be the young city lord of the Sky City, when he found out that his master was likely to have a biological brother, the kind who had not yet been born.

The surprise and amazement at that time are unimaginable to ordinary people!

"The city lord's wife is pregnant?" Lin Caisang also glanced at her husband.

Her husband is about to have a younger brother, and...

She reached out and touched her belly, thinking to herself, the baby in the city lord's wife should be smaller than her, right?

So, her child will have a younger than her... uncle?

"So this time the medicine was collected for the city lord's wife herself?" she asked.

"right."

Ban Jue nodded.

"This collection of herbs is for the city lord's wife. It is said that they are all hard-to-obtain herbs, and each one may be priceless.

However, my subordinates have not yet been able to find out the list of those medicinal materials. I only heard that the person in charge will announce the names of those medicinal materials on the spot before entering the sea forest.

"It's really mysterious." Lin Caisang said with a smile.

"Zimo, look at me, I'm pregnant with your child. So after we go to Haikuo Forest, are we going to collect all the rare medicinal materials there?"

She looked at Sui Zimo and asked.

"Naughty!"

Sui Zimo reached out helplessly and tapped the tip of her nose.

Can the medicine be taken casually? Not to mention when you are pregnant with a child, even if you are not pregnant, you cannot take any medicine.

"Let's wait until we see the list of medicinal ingredients first. Maybe the city lord's wife just wants to prepare a guarantee for the child in her belly."

Perhaps, as they thought, it is unknown.

"maybe."

Lin Caisang chuckled and nodded.

...

"Haha, A-Nian, you are really back!"

In the study room of the City Lord's Mansion, Lin Baizhong had already arrived without waiting for the person sent by the City Lord's wife to report.

"City Lord, I heard that Madam is pregnant?" Lin Baizhong asked him with a smile.

"yes."

When mentioning this matter, the city lord's face was full of pride.

His wife is pregnant again, and he is the happiest. There has been no happy event in their city lord's mansion for many years.

After his eldest son disappeared, the city lord's mansion was at a low point for many years.

"No, this herb-picking competition is held just for the sake of my city lord's children. My city lord has even opened the Haikuo Forest, which has not been opened for a long time."

he said.

"City Lord, can you show me the list of those medicinal materials?" Lin Baizhong asked.

"sure."

The city lord nodded immediately and looked at him.

"You came at just the right time. The herb collection competition is missing a steward. Now that you are here, you can handle this matter for me."

As he spoke, he took out a brocade box from the side, opened it, and handed the list inside to Lin Baizhong.

"Take a look."

Lin Baizhong took the list, glanced at it, and frowned.
