

## Star of Space 2291

Chapter 2291 What do you know?

"City Lord, with all due respect, there are more than a dozen kinds of medicinal materials here, but they are all highly poisonous. Do you really feel safe letting your wife take these?" he asked.

"Don't worry, this list was given to me by Tianfeng, so it must be acceptable." The city lord said nonchalantly.

Even if there are more than a dozen medicinal materials that are poisons, so what.

He thought that Lu Tianfeng might need it himself, but there was no place to get these medicinal materials, so he took this opportunity to ask him to get them together.

Lin Baizhong: "..."

He really wanted to say that it was dangerous just because it was given by Lu Tianfeng.

They didn't know that the things Lu Tianfeng did in Zi Yan Kingdom, the poisonous corpse, the son of the evil spirit, Yin Baiqing, and his son-in-law were all related to Lu Tianfeng.

But he couldn't say this directly to Lu Tianlan, the city lord.

What can he do? He is helpless!

"City Lord, tell me, will the Young City Lord come back?"

His eyes were always on the list in his hand, trying to memorize it completely, but he asked Lu Tianlan.

"He... won't come back, will he?"

The city lord's face froze, and he replied with some confusion.

Maybe he had been thinking about this son before, but after all, he had never seen him again since the full moon.

No matter how much love there is between father and son, it can't withstand so many years.

And now, his wife is pregnant with his child again. If he continues to miss that son, he will be sorry for his wife, right?

His wife has already figured it out, so how can he still stay in the alley?

"But what if he really comes back?" Lin Baizhong asked again.

"this....."

The city lord didn't understand why Lin Baizhong kept mentioning his eldest son.

Will his eldest son really come back again?

Or could it be that Lin Baizhong knew something but just didn't want to tell him about it?

So what could it be?

"Baizhong, do you...know something?"

"City Lord, you misunderstood me."

Lin Baizhong immediately smiled and shook his head.

"I just listened to people outside saying that the city lord's wife was pregnant with the young city lord and thought it was too early.

Perhaps the city lord can let the people outside be quiet for a while. If things continue to develop like this, it will be very detrimental to my wife and you. "

he said.

"you mean....."

The city lord looked cold and asked half a sentence.

"What if Madam is pregnant with... a girl?" Lin Baizhong asked.

"Although saying this may make the city lord unhappy, no one can be sure whether the child is a boy or a girl until the child is pregnant in the city lord's wife's belly.

If we rashly say now that the City Lord's wife is pregnant with the Young City Lord, after the City Lord's wife gives birth to the child, if it is a girl...

City Lord, what can you and the City Lord's wife do to block that mysterious mouth? "

He analyzed Lu Tianlan sentence by sentence.

"I heard that in the residences of the Second Young Master and Young Master Tianfeng, there were quite a few who got pregnant at about the same time as the City Lord's wife, right? City Lord."

he added.

"hiss!"

Hearing his words, the city lord took a breath of air.

Being reminded like this by Lin Baizhong, he immediately came to his senses.

If the young city lord's momentum is really too great, how will he explain to the people of Sky City when his wife gives birth to a little girl?

Chapter 2292 What does the city lord think?

Wouldn't anyone be thinking that if his wife gave birth to a girl, she would be replaced by a boy?

It's a beautiful name, but it can't arouse the anger of the people of Sky City!

"They... wouldn't dare to do this, would they?"

"City Lord, people's hearts are unpredictable. Lin Baizhong reminded him.

This is the case for Lu Tianfeng, and the same is true for Lu Tiankuo, who was suppressed by him at the beginning. Neither of these two people is a good bird!

"Then what should we do? This momentum has been created." The city lord asked him.

The momentum was so great that he suddenly remembered that it had something to do with Lu Tianfeng.

Because it was Lu Tianfeng who mentioned in front of him that there was a successor to the City Lord's Mansion, he realized that his wife was pregnant with a son, and that was the young City Lord of Sky City.

In fact, looking back and thinking about it, when he asked Lu Tianfeng to diagnose his wife's pulse, he just wanted to ask if the pregnancy was good.

that is it.

Unexpectedly, the momentum grew bigger and bigger, reaching the point where it was out of control.

And those precious medicinal materials pushed him into the abyss!

Just imagine, he spent all kinds of manpower, material resources, and financial resources to obtain so many precious medicinal materials, but in exchange for a daughter...

It's not that he doesn't like his daughter, but there are still many very realistic people in Sky City. They only care about whether there is an heir in Sky City, and don't care whether his wife is pregnant with a boy or a girl. 6

"Now that the momentum has been created, it is impossible to take it back." Lin Baizhong thought for a moment and said.

yes.

For some things, there is no turning back.

The momentum was created, and no one in Sky City didn't know about it, even the entire Qianhuan Continent.

"The only thing we can do is to make a fuss about the Second Young Master's list of medicinal materials, and secretly let people spread the news. Let's say that there are many medicinal materials on this list that the Second Young Master needs to use himself, because the Second Young Master is very seriously ill. All the medicinal materials that need to be used are extremely precious."

he said.

Since this matter was caused by Lu Tianfeng, let Lu Tianfeng handle it himself.

"Isn't this...not good?"

The city lord hesitated after hearing his words.

"Tianfeng was not in good health to begin with, so it's unreasonable for him to take on this responsibility now."

"City Lord, who do you think spread the news that the City Lord's wife is pregnant with the Young City Lord? Is it really someone from the City Lord's mansion?" Lin Baizhong asked him with a sneer.

"Well."

The city lord choked hard at his words.

"You mean, Tianfeng is operating this matter secretly?"

"What do the city lord think?" Lin Baizhong asked him again.

Hearing this, the city lord fell silent.

Maybe this incident really had something to do with Lu Tianfeng. He always felt that Lu Tianfeng was too concerned about the child in his wife's belly.

There are no details, everything that can be thought of and cannot be thought of has been thought of.

Even he, the child's biological father, couldn't think of such details.

"Okay, I will order someone to handle the matter you mentioned." He nodded.

"There's nothing else, I'll take my leave first." Lin Baizhong stood up and handed the list in his hand back to the city lord.

But the city lord did not take over, but shook his head.

"Take this copy, it's the copy. The copy written by Tianfeng, I put it away." He said.

"Then thank you City Lord for your trust." Lin Baizhong didn't say anything more, took the list and left directly.

Chapter 2293 Don't talk too much!

"City Lord.

After Lin Baizhong left, another person appeared next to the city lord.

"Go and find out how the young city lord's affairs were leaked, focusing on Lu Tianfeng." The city lord ordered him.

Rather than trusting Lu Tianfeng, he still believed in Lin Baizhong who saved his life.

As for Lin Baizhong, he was very good at judging people. As long as someone he felt was wrong was eventually found out, he must have done something scandalous.

This time, I believe Lu Tianfeng will be no exception.

"Yes, City Lord."

After the man responded, he disappeared in front of the city lord.

...

On the other side, the city lord's wife soon got the news that Lin Baizhong had visited the city lord and brought very bad news.

"What did you say?!"

Originally, the city lord's wife was happy that she was pregnant with a son and had a young city lord of Sky City.

But unexpectedly, Lin Baizhong's arrival poured cold water on her.

"Commander Lin, did you really say that?" she asked sharply.

"Yes Yes."

The maid nodded fearfully and responded.

"Madam, Commander Lin has his reasons for saying this. In case... I mean what if, if you are pregnant with a girl, then among the elders of Sky City, not to mention you, even the city lord There's no way to explain it."

Hearing this, the city lord's wife took a deep breath.

"Use your mouth!"

She rolled her eyes at the maid and cursed.

She hadn't been able to figure this out before, but now she has.

Before, she had been so excited about being pregnant with her son that she had been so overwhelmed that she had never thought about how the news that she was pregnant with the young city lord spread and spread throughout the city.

But now that Lin Baizhong suddenly poured cold water on her, she immediately woke up.

Yes, she is only a little pregnant now. How can we conclude that she is pregnant with a son?

What if it's a daughter?

But in the Sky City, the news that the City Lord's Mansion has welcomed a young City Lord has spread.

If they cannot justify themselves by then, what a bad impact it will have on the people!

In particular, the city lord summoned so many alchemists to collect medicines in the sea forest for the sake of the child in her belly. It was a very dangerous place.

"Hiss...hoo!"

She took a deep breath and exhaled heavily, all her senses had returned.

"Commander Lin is right. This matter was caused by a disagreement between me and the city chief. This matter should not have been spread outside!"

"But madam, this matter was not spread by the city lord or the people around you. It must have been deliberately leaked by some thoughtful people in order to frame you and the city lord!"

The maid thought for a moment and reminded her master.

Otherwise, no matter how happy the city lord's wife and the city lord are, it is impossible for the news to spread throughout the city so quickly!

"Humph, someone with a heart? Who else could it be?"

The city lord's wife snorted coldly and looked askance at her maid.

Whoever first told her and the city lord that she was pregnant with a son was the one who leaked the matter without even thinking about it.

In the past, she had thought that Lu Tianfeng was a sick man. Although he was a little carefree, he had a good temper.

Now, I finally know what that thing is. It is so vicious. It wants to kill her and the city lord!

It's so hateful!

Chapter 2294 The power within the body!

"How could that guy come up with such a vicious move? Who does he think he is!"

He's just the sworn brother of a city lord. What's going on, does he want to interfere in the affairs of the city lord's mansion?

Or do you think that after Lu Tiankuo was defeated by the city lord and Lin Baizhong together, he could win a place in the sky city?

He is dreaming!

"Madam, what should we do now?" the maid asked.

"Now....."

According to the wishes of the city lord's wife, of course she would directly knock on the door and kill that girl Lu Tianfeng.

However, she finally endured it.

She is now the wife of the city lord of Sky City, so she cannot act so recklessly.

She is not only herself, but also the city lord. She cannot trap the city lord in an unjust place. Although Lu Tianfeng is not a bloodline of the Lu family, his reputation in Sky City is still very high.

I just didn't expect that the good deeds of applying medicine and spreading porridge on weekdays were actually to cover up Lu Tianfeng's ugly face!

"Just pretend that this matter never happened. I believe that the city lord and Commander Lin will handle it well." She raised her eyes and ordered the maids.

"Yes, ma'am."

The maids responded.

...

On the other side, after Lin Baizhong returned home, he took Liu Yuyang to the inn where his daughter and son-in-law were staying.

He gave the list of medicinal materials he took from the city lord to his daughter.

Lin Caisang just glanced briefly and frowned.

"Sangsang, how's it going?"

Lin Baizhong asked immediately when he saw his daughter frowning.

"Although this list doesn't seem to have anything out of the ordinary at first glance. If each medicinal ingredient is listed separately, it won't be too toxic, except of course the dozen or so extremely poisonous poisons."

Lin Caisang put the list on the table and tapped the names of the medicinal materials with his index finger.

"Perhaps Lu Tianfeng thought that no one would discover the secret inside."

"Um?"

Sui Zimo, Lin Baizhong and Liu Yuyang all had three pairs of eyes staring at her at the same time.

"Ever since I learned about the existence of the Son of the Demon, I have carefully studied the Son of the Demon and the Poison Corpse in the medicine garden space and the Poison Garden space. These medicinal materials here can, in all likelihood, improve the internal health of the Son of the Demon and the Poison Corpse. the power of!"

"These....."

Liu Yuyang's eyes widened and he looked at the list that was held down by his daughter's palm.

"So, Lu Tianfeng is blatantly using the guise of the city lord's wife to get the devil's son and poisonous corpse for himself?"

Sure enough, there are no most vicious people in this world, only more vicious people!

"Then he...there are sons of evil spirits and poisonous corpses in this sky city?" Lin Baizhong also said.

"Almost, that's it, but I don't know where in this sky city I can raise a son of the devil?" Lin Caisang raised his eyebrows and nodded.

"It's better to say that the Poison Corpse is the son of the evil devil..."

Sui Zimo is very doubtful. Is there any evil in the dragon veins in Sky City?

The answer is of course impossible, and not everyone will be as unlucky as Zi Yanguo.

Therefore, this Lu Tianfeng must be using a method unknown to them to raise the son of the evil devil in Sky City.

"It seems that we are busy again."

He raised his hand, patted his wife's head, and said softly.

They haven't solved a son of evil yet, but now, another one may appear in Sky City!

Chapter 2295 Are you afraid of being bullied?

Nothing could be worse than this.

"I will send someone to keep an eye on Lu Tianfeng at all times." Lin Baizhong said immediately.

"no!"

Sui Zimo immediately rejected his words.

"Lu Tianfeng should already know about our relationship by now. If you send someone to keep an eye on him, he will immediately think of us."

"Yes, Dad, Zimo is right."

Lin Caisang nodded and agreed with her husband's words.

"Dad, didn't you just say that the city lord was already suspicious of Lu Tianfeng because of your words?"

"Let the city lord send someone to keep an eye on it?" Lin Baizhong asked.

But as soon as he said this, he immediately denied it in his heart.

The city lord has always trusted him, and Lu Tianfeng also knows it. If the city lord sends people to keep an eye on Lu Tianfeng, Lu Tianfeng will definitely think of him.

"It's not the city lord, but the city lord's wife." Liu Yuyang said.

"In this case, Baizhong, you go talk to the city lord and ask his wife to send a few people to keep an eye on Lu Tianfeng. On my side, I will also contact my old department and ask them to keep an eye on Lu Tianfeng."

She looked at Lin Baizhong and said what she meant.

By the way, she also wants to send someone to keep an eye on Lu Tianlan. Although his power has disappeared over the years, he is still alive, right?

Lu Tianlan once said something that was absolutely right.

All external things are lost when they are lost. As long as a person is alive, there is still a chance to start over!

Who knows if Lu Tianlan will start all over again, she has to guard against him!

"Is this okay?" she asked the two little ones.

"Can."

Sui Zimo nodded.

"Dad, when you go to the City Lord's Mansion, stop by the City Lord's wife and remind her that there are some things that pregnant people cannot eat. Of course, don't remind her too obviously."

Lin Caisang said when he saw that his parents were going back.

"Also, do you want to take your eldest brother back with you?" she asked.

Lin Baizhong's face dropped as soon as he heard about his son.

"No need, let him continue to stay at your place, it will save him, he will cause trouble." He said.

Lin Caisang: "..."

Wasn't it because Sui Zimo helped her behind her back?

And it still didn't help. Why is her biological father so vindictive?

After all, he is also his biological son, right?

"Mother..." She looked at Liu Yuyang, wanting to ask her what she meant.

"Sang Sang, your eldest brother, please stay with you. Although your father and I are in this sky city, the dangers around us are definitely no less than yours. If you stay with us, it may harm him. "

Liu Yuyang said.

They were exposed to the public. It was obvious that Lu Tianfeng or Lu Tianlan wanted to harm them.

Therefore, it is better not for the son to stay with them.

"Okay then, let me continue to stay in Jinzhuli." Lin Caisang nodded.

"By the way, there is one more thing I want to tell you. The city lord not only told me about this medicinal list, he also wants me to be the leader of these people entering the sea forest."

Lin Baizhong remembered one more thing and spoke to them.

It's just that he hasn't thought about this matter yet, so he wants to discuss it with his daughter and son-in-law before making a decision.

"That's good."

Lin Caisang blinked and said.

"Then we will be acquainted by then, and we won't be afraid of being bullied by others in the vast forest."

"Are you still afraid of being bullied?" Sui Zimo asked her fondly with a faint smile.

Chapter 2296 It's just a poisonous snake!

"Of course I'm afraid."

Lin Caisang said it was natural, how could she not be afraid?

She doesn't have to be afraid, but the baby in her belly must be afraid!

She protected herself well, and it was such a good thing to have her father, an acquaintance of hers, go into the sea forest with them, and he was also the leader.

"But I'm protected by you and Zimo, so I'll be fine." She said with a smile.

"You."

Lin Baizhong looked at his daughter helplessly.

She said it easily. The dangers in the vast forest are unimaginable to ordinary people.

"Since you must go, you must prepare more things from now on, otherwise you will not be able to survive in the forest. σm"

he warned.

"I see."

Lin Caisang responded, then looked at her husband.

Her husband will definitely not ask her to prepare these things now, so he will naturally prepare them.

In fact, she doesn't need to prepare many things. She has the Golden Pearl Space, and there is plenty of food in it. She will never die of hunger anyway.

"I'll prepare."

Sui Zimo touched her head and said.

...

After coming out of the inn, Lin Baizhong and Liu Yuyang returned to their homes.

The next day, Liu Yuyang, who had disguised himself, went directly to the shops where his business was located, while Lin Baizhong went into the city lord's mansion again and told all the things that Lu Tianfeng had done. Again.

Of course, he naturally chose to hide the most important part, why the city lord's son disappeared.

"What did you say? Ah Nian, are these all true?"

After hearing what he said, Lu Tianlan couldn't believe his ears.

He always thought that his kind-hearted sworn brother who could help him do anything and was worthy of his trust, how could he do such a thing?

"Evil...son of evil, how dare he touch such a thing?"

It is an evil thing that cannot be touched, but Lu Tianfeng created such a son of evil!

How could a person be so vicious without saying anything?

"It is true."

Lin Baizhong nodded.

"Yesterday, I took the list you gave me and went to an alchemist who is familiar with the Son of Evil. According to her, a large part of those medicinal materials are used to increase the power of Son of Evil."

"hiss!"

Lu Tianlan took a breath.

"He was born with a mean bone. He really is a child with a mean bone! No matter what, he can't change the evil nature in his bones!"

Before Lu Tianfeng was adopted as his adopted son by his father, he was a child wandering the streets, and his father was a man who committed many evil deeds and was strangled on the spot by his father, who killed many innocent people.

Now that I think about it, Lu Tianfeng's temperament really resembles that of his father.

Or maybe, Lu Tianfeng pretends to be well-behaved on the surface, but secretly he just wants to kill his father thousands of times, right?

After all, the old city lord was the one who personally sent Lu Tianfeng's father to the guillotine.

He originally thought that Lu Tianfeng was not the son of an enemy, so he could just keep him in the City Lord's Mansion. After all, he had been frail and sick since he was a child and could not do anything evil.

But now...

He found that he was wrong, Lu Tianfeng was a poisonous snake!

Although Lu Tianfeng is not their enemy, in Lu Tianfeng's eyes, they are his father-killing enemies!

Thinking of this, Lu Tianlan broke out in cold sweat.

Chapter 2297 I will tell you personally

What's even more terrifying is that Lu Tianfeng can endure it for so many years without anyone discovering his viciousness. This shows how clever his methods are!

"A-Nian, you...how do you know about Lu Tianfeng?" he asked Lin Baizhong.

How did Lin Baizhong discover something that he didn't even discover?

"My wife and I came from the Ziyang Kingdom. We killed an evil devil's son and many poisonous corpses in the Ziyang Kingdom. We also found the Eighth Prince and the Ziyang Emperor of the Ziyang Kingdom, both of whom were Lu Tianfeng. one's business Partner."

Lin Baizhong explained directly.

"After making extensive inquiries, we found out that the person cooperating with them was from Sky City and the sworn brother of the city owner.

Of course, we were just guessing before. Although it was confirmed, the perpetrator's words were somewhat unbelievable, so I didn't inform the city lord about it yesterday.

But now, from the list of medicinal materials, I have been able to conclude that Lu Tianfeng is the person who raised the son of the evil spirit.

Perhaps, in his hands, there are still a large number of poisonous corpses, but he doesn't know where they are hidden? "

"Then what to do now?"

Lu Tianlan looked at Lin Baizhong and asked him.

"How about finding someone to keep an eye on Lu Tianfeng? If he is really that kind of person, we will have to guard against him."

In fact, what he thought was that even if

Lin Baizhong: "..."

Is this the city lord in front of me, or is he the city lord?

Why do you come to ask him what to do when something goes wrong? He doesn't know what to do either!

We still have to ask his daughter and son-in-law about this matter to see what they want to do.

But what they discussed before can be done.

"City Lord, I think that neither you nor I are suitable to find someone to keep an eye on Lu Tianfeng, but we can't. Someone can."

"who?"

Lu Tianlan asked.

But before Lin Baizhong could answer, he thought of it.

"lady!"

He raised his eyebrows and uttered two words.

"My wife is pregnant now and is in a state of uncertainty. In addition, her previous child was stolen again, making her even more flustered.

And Lu Tianfeng was the alchemist who took her pulse and helped her to have a baby. As a pregnant woman, it was possible for her to suspect this and that, so she sent someone to keep an eye on Lu Tianfeng. Everyone said No more mistakes. "

"right."

Lin Baizhong nodded.

"Even if Lu Tianfeng comes to talk to you, you can tell him not to panic, just say that Madam sent someone to keep an eye on him, just for peace of mind.

Or, you can take the initiative to tell Lu Tianfeng, so that he will not even have time to deal with those who are following and watching him. He can only be watched obediently and can't do anything. "

"That's a good idea."

Lu Tianlan clapped her hands happily.

"I will send An Shen and An Meng to Madam and ask her to keep an eye on Lu Tianfeng. As for Lu Tianfeng, I will tell them myself."

"Everything depends on the city lord." Lin Baizhong nodded and said.

"A-Nian, how have you considered that matter?" Lu Tianlan asked him.

"Um?"

Lin Baizhong raised his eyebrows.

He didn't understand what the city lord was talking about. What did he need to consider?

"It's just about going to Haikuo Forest." Lu Tianlan said.

"Originally, I was planning to let you be the team leader, but now, knowing what kind of person Lu Tianfeng is, of course I can't let him be the team leader. If he goes to Haikuo Forest, even if others don't pick it, he can pick it himself. There are enough medicinal materials."

Chapter 2298 Used to deal with prisoners!

Except for the city lord of Sky City, no one can open the barrier of Haikuo Forest. Therefore, if Lu Tianfeng wants to enter, he can only use his wife's banner. perform

"A-Nian, tell me, if Lu Tianfeng wants to enter Haikuo Forest, does he want something else?"

Thinking of Lu Tianfeng, he asked again.

After all, the medicinal materials in Haikuo Forest are not just the dozens that Lu Tianfeng wrote about.

Moreover, Lu Tianfeng can enter the sea forest by himself. Maybe this list of medicinal materials is just a cover. He also wants to get more medicinal materials and other things.

This is also possible, right?

"I haven't thought about this problem." Lin Baizhong hesitated and said.

It seems that he still needs to talk to his daughter and son-in-law. Lu Tianfeng may have other purposes for entering Haikuo Forest?

"The vast forest, let me go," he said.

"Okay, that's good."

Lu Tianlan clapped his hands and became happy.

...

From that day on, Lu Tianfeng's house became lively.

The city lord's wife borrowed An Shen and An Meng from the city lord, who originally asked them to keep an eye on them in secret.

But the city lord's wife didn't do that. She actually let the two of them follow Lu Tianfeng in plain sight.

Euphemistically speaking, protecting Lu Tianfeng means protecting the child in her belly.

Therefore, she had to send someone to follow Lu Tianfeng to prevent him from being assassinated, which would affect the child in her belly.

"I want to go to the toilet, do you want to follow me?"

Taking a deep breath, he turned his head and looked at the two people behind him.

What's going on? Isn't he even able to get into a hut now? Does anyone have to look at him?

"Sorry, Mr. Tianfeng, please put this on." An Meng held a crystal-like object in her hand and handed it to Lu Tianfeng.

Lu Tianfeng: "..."

"The soul-inducing beads are used to deal with prisoners!" He gritted his teeth and said to An Meng.

Do these two people treat him as a prisoner? When did his treatment in Sky City become like this?

"Mr. Tianfeng, our wife has said that emergency situations must be treated with extreme caution. Although this soul-inducing bead is used to treat those extremely vicious criminals, for your safety, we can only use this."

The soul-attracting bead can stare at a person's soul. At the moment when the person is no longer in front of them, they can all know what he said and did.

Moreover, once the soul-inducing beads are placed on a person's body, they cannot be easily removed.

"call!"

Lu Tianfeng exhaled heavily.

He was really convinced. When did this city lord's wife become so unreasonable?

"Okay, you wait!"

He stretched out his hand, took the soul-inducing bead into his hand, and then went to the toilet.

However, he has already made a decision in his heart. He must go to the city lord's mansion later and ask the city lord to get these two damn people away!

...

In the city lord's mansion.

"I'm already in the city lord's mansion. Nothing will go wrong, right?"

In front of Lu Tianlan's study, Lu Tianfeng turned his head, looked at the two guys who still wanted to follow him, and gritted his teeth.

"Master Tianfeng, we are waiting for you outside the city lord's study." An Shen and An Meng said to Lu Tianfeng at the same time.

"good."

Lu Tianfeng narrowed his eyes dangerously, turned around, and walked into the study.

"How's it going? What's the gain?"

When he entered, a woman immediately came out from the side and asked the two of them.

Chapter 2299 Trouble took his place directly

"An Die, tell the city lord that we now suspect that Lu Tianfeng's illness is simply an act!" An Meng stared at the door of the study dimly and lowered her voice and said to An Die.

"Pretending?"

After hearing what he said, An Die was really surprised.

No one in Sky City knows that Lu Tianfeng, the sworn brother of the city lord, is a sick man.

But now, is his illness actually a fake?

"No wonder, he is an alchemist, but he can't even find out what disease he has, and he can't cure it. It turns out that he is just pretending to be sick to gain sympathy!"

She was very angry. This Lu Tianfeng was really pretending too well.

"If it weren't for Commander Lin, we wouldn't even know that Lu Tianfeng is such a person!" An Shen also said.

"Did you find anything else?" An Die asked.

"Not yet." An Meng shook his head.

...

In the study, Lu Tianlan was dealing with some things. When he looked up, he saw Lu Tianfeng opening the door and walking away.

He scoffed inwardly.

Before I heard Lin Baizhong mention it, I didn't pay much attention to Lu Tianfeng's behavior of entering his study without informing him.

But now, why does he feel that Lu Tianfeng regards the study of him, the city lord, as his own?

"Tianfeng, you are here.

He put down what he was doing and asked softly.

"How is your health lately? Why does your face look worse?"

"Ahem, brother, I'm fine."

When Lu Tianlan asked about his health, Lu Tianfeng pretended to cough a few times.

"Brother, my side..."

"As long as you're okay."

Before Lu Tianfeng finished speaking, Lu Tianlan interrupted him.

"You should take care of your body. You shouldn't run around and work outside anymore. Fortunately, A-Nian is back."

"Commander Lin..."

Lu Tianfeng couldn't understand. Lin Baizhong was back. What did it have to do with him?

But just as he was about to speak, he was interrupted again by Lu Tianlan.

"I have left the matter of going to Haikuo Forest to Ah Nian. You also know his abilities. He will definitely be able to bring back those medicinal materials for your sister-in-law."

Lu Tianlan said.

Lu Tianfeng: "!!!"

Let Lin Baizhong go to Haikuo Forest?

Then why did he work so hard to build momentum and coax Lu Tianlan to open Haikuo Forest?

Lin Baizhong is Lin Caisang's father, that is, Sui Zimo's father-in-law. No matter how capable he is, why would he let one of his enemies go to Haikuo Forest to confront him?

"Brother, there is no need to trouble Lin Tong. Regarding the matter of Haikuo Forest, I can..."

"It's not easy for you to go to a dangerous place like Haikuo Forest. It's better not to go. Just let Anian go alone." Lu Tianlan interrupted Lu Tianfeng again and said.

Hearing Lu Tianlan's words, Lu Tianfeng's eyes suddenly widened.

Why don't you let him go to Haikuo Forest?

He thought Lu Tianlan was just causing him trouble, but he didn't expect that trouble would directly take his place, right?

"Brother, how can this be done? Commander Lin has just come back, why did you arrange such a dangerous thing for him? He will blame you for not being considerate of his savior."

"It doesn't matter. Ah Nian is one of our own and won't care about this." Lu Tianlan smiled nonchalantly and did not take Lu Tianfeng's words to heart.

Chapter 2300 Just showing up

"This matter has been settled. You have a good rest in your own house and don't hurt your body anymore. All other things can be left to Anian.

Lu Tianfeng: "!"

Why is it so settled? He should have gone to the vast forest in the first place. Why did Lin Baizhong take his place when he came?

"Brother, I think I still have to..."

"As for the matter of An Shen and An Meng, Tianfeng, brother, there is nothing we can do." Lu Tianlan interrupted him again.

"Your sister-in-law has been extremely nervous since she found out that she was pregnant. She was afraid that someone would harm the child in her belly like they did back then. She can't suffer like that again.

Don't worry, An Shen and An Meng are just pretending to be by your side, and they won't interfere with anything else you want to do.

Just let them follow you, so that your sister-in-law can rest assured. "

Lu Tianfeng: "!!!"

Why does he feel that his life has been in chaos since Lin Baizhong came back?

Could it be that all of this was Lin Baizhong's bad deeds in secret?

But thinking about it, I thought it was impossible. After all, no one knew his identity, and it was even more impossible for Lin Wanlilu to know.

Therefore, these things were all caused by Lu Tianlan and his wife not believing in him, making it impossible for him to do anything at home.

"Brother, Anshen and the others are here. I can't even go to the toilet now..."

He opened his mouth to Lu Tianlan and said helplessly.

Yes, he can be monitored even when he goes to the toilet, so what can he do?

An Shen and An Meng didn't seem to be just pretending. They were serious and monitored him like a prisoner.

But he couldn't say these words in front of his elder brother.

What if Lu Tianlan suspects that he is up to no good and is doing some shady things behind his back?

"Is there such a thing?"

Lu Tianlan pretended to be surprised and looked at him.

"yes."

Lu Tianfeng nodded helplessly.

"They all use soul-inducing beads, and they don't even let me go to the toilet, brother."

"Is there such a thing?" Lu Tianlan sighed softly.

"Tianfeng, why don't we just let this matter go like this? You just have to endure it for now. It only lasts a few months anyway. When your sister-in-law gives birth to the child safely, she won't be so suspicious."

"Brother, can't you give me some advice?" Lu Tianfeng asked bitterly.

He had to have these two people by his side, and now he didn't dare to sleep at night, fearing that he would expose his affairs to Lu Tianlan because of talking in his sleep.

"Persuade me, why don't you persuade me?"

Lu Tianlan immediately made his position clear.

"I also told your sister-in-law that you are not an outsider. How can a family be suspicious? But your sister-in-law doesn't listen, and I have no choice."

Lu Tianfeng: "..."

How could Lu Tianlan be helpless? If he really didn't want to and really trusted him, how could he send two people to guard him?

"Brother..."

"Tianfeng, originally I didn't want to send the people around me there, but I was afraid that the people around your sister-in-law would do something even more outrageous after receiving her orders, so I sent An Shen and An Meng there. Guarding you."
