

Star of Space 2321

Chapter 2321 So much effort

Isn't that right? If the son of the evil spirit is raised, it is very likely that he will become a sharp weapon in Lu Tianfeng's hands.

But if Lu Tianfeng exposed the Demon's Son before raising him, that would undoubtedly be his biggest weakness. He would have no place to live in Qianhuan Continent because of the Demon's Son.

Therefore, regarding the son of the devil, he should be well hidden and will never be discovered.

"He would not be so careless and expose the son of the devil to everyone at will."

"Um."

Lin Caisang naturally understands this very well.

In fact, they had never had any contact with Lu Tianfeng, and they didn't even know what kind of person he was.

"Dad, when we go to Haikuo Forest this time, I think Lu Tianfeng will definitely try his best to go together. Even if the city lord doesn't let him go, he will find his own way to go. When the time comes, don't stop him, just treat him as if nothing is found, that's fine."

"That's...ok."

Lin Baizhong nodded. In fact, according to Lu Tianlan's wishes, Lu Tianfeng would not be allowed to go to Haikuo Forest.

Even if everyone wants to know what Lu Tianfeng wants to do when he enters Haikuo Forest, Lu Tianlan will not take such a risk.

I would rather not know anything than let Lu Tianfeng in.

But now that his precious daughter has brought it up, he naturally followed his daughter's wishes. If Lu Tianfeng wants to go to Haikuo Forest, then let him go. As long as they keep a closer eye on it then, they can .

"Sangsang, I can't stay here for long, you have to be careful, you know?"

Finally, he warned Lin Caisang and left.

Lu Tianfeng also sent people to keep an eye on him. If he stayed away from those people who were watching him for too long, it would definitely arouse suspicion.

Therefore, you cannot stay in this place for a long time.

"Okay, dad, be careful yourself." Lin Caisang nodded.

...

As soon as he arrived at his home, Lin Baizhong was called away by the guards of the City Lord's Mansion.

"City Lord, what did you say? The City Lord's wife...isn't pregnant?" Lin Baizhong was so surprised when he heard Lu Tianlan's words that his voice soared an octave higher, and he suppressed his voice until the last four words.

He looked at Lu Tianlan's face, trying to confirm whether he was deaf and misheard the words.

"Did I hear wrongly?"

"A-Nian, you heard right, my wife is indeed not pregnant." Lu Tianlan sighed and shook his head.

He didn't want to accept the fact, but he had to accept the fact that his wife was indeed harmed by Lu Tianfeng.

This Lu Tianfeng simply deserves death!

"All this is Lu Tianfeng's fault."

"Then... what's going on? Even if Lu Tianfeng is extremely capable, it's impossible for all the alchemists to find out the pregnancy pulse for his wife, right?" Lin Baizhong asked.

"It's because of poisoning." Lu Tianlan said.

"Poisoned? Have you found an antidote?" Lin Baizhong asked immediately.

"Madam will take care of the antidote herself. The alchemist who diagnosed her pulse this time will get it, but she has to go to Baiduo Hangou to get it. It will take three days to go back and forth."

Lu Tianlan nodded and explained.

"But this is not the most important thing. Now it is Lu Tianfeng. He has tried every means to get to the sea forest. What exactly does he want to do?

I'm afraid that he really wants to harm Sky City. Just being a son of the devil, would he put so much effort into it? I'm afraid that there are other more powerful things in him, and he needs medicinal materials or other things from the sea forest to help him come out to harm people. "

Chapter 2322 Now I'm hungry again!

He thought for a long time, and he only thought of these. If there wasn't something more important and harmful to Lu Tianfeng, I'm afraid he wouldn't have thought of it like this.

"A hundred...a hundred captures of Hangou?"

Lin Baizhong didn't hear what Lu Tianlan said next. When he heard Baiduo Hangou, he twitched the corner of his mouth.

His son-in-law went to Baiduohan Valley, and I heard Sangsang say that he would not be back until three days later. Could it be related to the city lord's wife?

Could it be that the alchemist the city lord's wife was looking for was his Sangsang?

If that's the case, that's quite a coincidence.

"City Lord, what do you think, how do you want to deal with Lu Tianfeng?" He looked at Lu Tianlan and asked.

"It's just nonsense to talk about how to deal with Lu Tianfeng at this time. Lu Tianlan sighed heavily.

They haven't even found evidence of Lu Tianfeng's crime now. Everything is just their own guess and based on the things Lu Tianfeng has done before.

This directly punished Lu Tianfeng, and it was difficult to explain to those people outside.

However, if he was allowed to let him go so easily, how could he be so angry?

"But one thing is, Lu Tianfeng must not enter Haikuo Forest."

He still knew this in his heart. When he entered the sea forest, Lu Tianfeng didn't know what he would get out of it.

Lin Baizhong: "..."

He had just promised his precious daughter not long ago. If Lu Tianfeng wanted to enter Haikuo Forest, he had to pretend not to know and not notice.

Now Lu Tianlan tells him this, he...

Of course, between his daughter and Lu Tianlan, there is no need to think about it, he will definitely be on his daughter's side.

"Yeah, I understand." He nodded and said.

However, if Tianfeng got in by his own ability, there would be nothing he could do, right?

...

In Lu Tianfeng's house.

The man looked into the distance with deep eyes, and the two people behind him really left him helpless.

Now he is being watched by these two people even when he is eating and sleeping. Even if he wants to hand me a note or something, it is inconvenient to write!

He was almost so angry that he wanted to kill someone.

But no, this was someone close to Lu Tianlan. Even if he was sent by the city lord's wife, he couldn't just kill him.

"Someone is coming."

Suddenly, he shouted towards the door.

The next moment, two guards came in from outside. They looked at the two people behind first, and then looked at their master.

"Sir, what are your orders?" one of them asked.

Lu Tianfeng: "..."

He was about to be choked to death by his own bodyguard.

With two people watching like that, what orders could he give?

"What time is it now? Is dinner ready?" he asked in a cold voice.

"Dinner?"

When the two of them heard his words, they were both stunned.

What's dinner? We just had lunch not long ago, right? His master is not someone who eats more than ten meals a day.

"Yes, dinner! I didn't eat much for lunch, and now I'm hungry again!" Lu Tianfeng almost gritted his teeth when he said these words.

He clearly wanted to give some instructions just now. He wished he could tell the guards to drag these two ungrateful things out and cut them into pieces!

However, the tone in my heart was suppressed.

If he attacked these two people, wouldn't he tell Lu Tianfeng directly that there was something wrong with him?

"Oh, oh, okay, sir, I will give you the instructions now."

Chapter 2323 Take a deep breath and continue to endure

After hearing his words, the guard nodded quickly, turned around and went to prepare dinner.

...

After a while, Lu Tianfeng went directly to have dinner, while An Shen and An Meng looked at each other.

"An Meng, you go to eat first." An Shen said to An Meng.

One of them must watch over Lu Tianfeng. Of course, they must keep up with Lu Tianfeng whenever he eats. Otherwise, if the time is missed, they will starve.

Even if Lu Tianfeng is a vicious person, he has not fallen out with him yet, so he can still be regarded as a master.

It's not good for them to eat without scruples while Lu Tianfeng is doing things, right?

"good.

An Meng didn't refuse. After taking a look at Lu Tianfeng, he left.

Lu Tianfeng felt very angry when he saw the way these two people looked at him, but he couldn't do anything to them.

"An Shen, why don't you go and eat together? I want it here and I won't go anywhere." He said to An Shen in a good-tempered way.

"Mr. Tianfeng, I understand your kindness, but Madam's order cannot be violated. If we leave Mr. Tianfeng, if something happens, if Madam asks, it will be difficult for me and An Meng to explain. "

An Shen said to Lu Tianfeng with a cold face.

Lu Tianfeng: "..."

Explain? What is the explanation? What can he do in just such a short time?

In other words, even if he can do anything, he won't be harmful to his sister-in-law's belly for a while, right?

Then if it was a masterpiece created by his own hands, how could he let anything happen to her now?

"I'm really fine here. If you're not worried, then I'll recruit more guards from the palace to guard me. Is that okay?" He said helplessly.

"no."

Anshen still shook his head.

"Except An Meng and I, everyone else is worried unless they can beat us."

Lu Tianfeng: "!!!"

What's more, An Shen and An Meng are the most powerful guards around Lu Tianlan. Can they beat them?

The hundreds of guards in his house combined might not be able to defeat An Shen alone, let alone one-on-one. An Mengdu can defeat them all with one move.

"Okay, then you can continue to guard."

He took a deep breath and said to Anshen.

What else can I do? I can only think of a solution when I go to the toilet.

Although there are soul-attracting crystals to hold him, he will always find a way to avoid the eyes and ears of these two guys.

"I'm sorry for causing trouble to Mr. Tianfeng, but my subordinates also have their responsibilities." An Shen looked at him and apologized lightly.

But everyone could tell that there was no apology at all in An Shen's tone.

If Lu Tianfeng hadn't been able to endure it, he would have been so angry with Anshen like this that he would have gotten sick early in the morning. He took a deep breath and continued to endure it.

After a while, An Meng, who was supposed to be eating, also came back, bringing two portions of dry food and handing one of them to An Shen.

"I think eating dry food is easier and calms the nerves. Let's all eat dry food from now on, here." He said.

"good."

An Shen had no objection, reached out to take the dry food, and started eating.

Lu Tianfeng: "..."

Did these two people really want to piss him off?

He wasn't sick and pretended to be sick, but if he was stared at by these two people again, he wouldn't really need to pretend to be sick, and he would be extremely ill!

Chapter 2324 Will not be discovered

He ate delicacies himself, but let Lu Tianlan's bodyguards eat dry food?

I want to ask, can he still eat this meal?

Lu Tianfeng, who had just had lunch less than an hour and a half ago, couldn't eat anymore when he saw the two eating solid food. In the end, he just took a few hasty bites and put down the chopsticks in his hands.

"Master Tianfeng, don't you want to eat?"

An Shen and An Meng had already finished eating. Seeing that Lu Tianfeng only took a few hasty bites, they asked.

"I won't eat anymore."

Lu Tianfeng glanced at them and said angrily.

Being stared at by these two people every day, he would not be able to eat even if he had a good appetite.

They are all so angry!

"I'm going to rest, do you want to follow me?" He looked at them and asked deliberately.

Hearing this, Anshen and Anmeng didn't need to think about it and spoke directly.

"As before, An Meng and I take turns on duty. Mr. Tianfeng, you can rest peacefully. Your safety will be protected by us."

After hearing An Shen's words, Lu Tianfeng had a bad breath stuck in his throat, almost suffocating himself to death.

He really wanted to slap these two people to death. Why did he keep these two people by his side? It was simply here to torture him.

That woman, the city lord's wife, must have done it on purpose, right?

Did she discover something, so she asked An Shen and An Meng to guard him? They said they were protecting him, but in fact, they were here to keep an eye on him?

If he didn't know his sister-in-law, she would be as stupid as a pig.

He really thought that they had discovered something about him, so they asked An Shen and An Meng to keep an eye on him.

Fortunately, he always does things covertly and will not be discovered.

"Then just keep watch."

He took a deep breath, said something to them, then raised his feet and went back to his room to sleep.

...

In the inn, Lin Caisang, who was about to go downstairs to order food, passed a person while passing by the aisle.

Suddenly, a bright light flashed before his eyes.

The next moment, a cold dagger appeared in front of her eyes and swiped directly towards her neck.

Lin Caisang raised his hand and clamped the man's arm with both hands to prevent the dagger in his hand from getting any closer to her. He turned his head and looked at the man's face.

"Disguise?"

When she looked at that extremely unnatural face, she thought of the art of disguise.

Therefore, the face of the man in front of him is not his true face at all. There must be another face under this mask.

When the man heard her words, his dark eyes darkened.

"court death!"

He moved his hand, and the dagger changed its position in his hand, wiping it directly towards Lin Caisang's neck.

There was a 'clang' sound.

When the dagger struck Lin Caisang's neck, it made a fierce collision sound.

The dagger flew out of the man's hand and fell to the ground.

The man was shocked when he saw that his blow didn't even hurt Lin Caisang at all.

Lin Caisang turned his hand, grabbed the man's wrist with one hand, gathered his spiritual power with the other hand, and hit the man's chest directly with his palm.

"Well!"

The man was hit by a palm and flew away.

He was shot down from the second floor to the first floor, where he crashed into a table and lay on the ground.

"Ah, what's going on?"

The people who were eating downstairs, after hearing the noise, all turned their attention to the man who was kicked down.

"Who is this person? How did he fall from above?"

Chapter 2325 Obediently surrender

"What's going on? You're not a customer of our store.

A waiter came out and looked at the man standing up on the ground, covering his chest.

As a waiter in an inn, he knew very well how many guests there were and what they looked like. There was no such person at all.

"Who are you?" He immediately stepped forward and asked.

However, as soon as he stepped forward, the man had another dagger in his hand and placed it directly on the waiter's neck.

"ah!"

When the guests saw this, they screamed.

At this time, Lin Caisang also flew down from upstairs and happened to be standing not far from the man and the waiter.

"Don't come over. If you come over, I will kill him right now."

Seeing her, the man was obviously in a panic. The dagger placed on the waiter's neck moved and almost cut the waiter's neck.

"Ha, are you threatening me?" Lin Caisang laughed easily.

"After killing so many alchemists, do you think you can still escape today?"

She looked at the man with a smile and asked coldly.

"Don't come here, I will really kill him."

When the man saw that Lin Caisang still said this, he obviously didn't take it seriously, and he became even more panicked.

"You know my methods. My dagger hand is coated with poison. As long as I cut his throat, not even gods can save him. By then, this person will be killed by you."

He yelled at Lin Caisang.

Lin Caisang: "..."

She has really never seen such a person.

It was obviously his knife that was held to the waiter's neck, but in the end he was said to have been killed by her. What kind of truth does this make?

"Is he the murderer who has killed many alchemists in the city recently?"

"It's really him. It's so hateful. He killed so many people, and now he comes to the inn to kill people!"

"Fortunately, this girl is lucky and capable, so she was not hurt by him and even kicked him off. Otherwise, we wouldn't know when such a person sneaked into the inn! "

After hearing what the man said, everyone started talking and pointing at the man.

After killing so many people, they were all killed on the street. Now it's better to go directly to the inn to kill them.

This is clearly challenging the authority of Sky City. Can the city owner let him go?

"This kind of person should be cut to death by a thousand cuts. He must not be let go so easily."

"Now you are threatening people in order to escape. Huh, if you want to escape, there is no door. Do you think that we people don't exist?"

"It's okay if you just surrender and get caught now. Otherwise, we'll make sure you can't get out of this door in your life."

"Shut up! Believe it or not, I will kill him!" The man shouted angrily after hearing those words.

Even if he lets this person go, will they let him out of this door? The answer is of course impossible, these people would not be so kind.

Just like the woman in front of them, they wanted him to die!

"One more word and I will kill him!"

"No, no, save me, save me."

The waiter is just an ordinary person without spiritual energy. To be able to work as a waiter in this inn is a lifetime of luck.

Now that he was kidnapped, he really wanted to die.

Chapter 2326 Give yourself a knife?

If I had known that he wouldn't have come forward just now, why did he have to come forward? Why couldn't he understand it at that time?

Now that he's been kidnapped, he wonders if the dagger around his neck will cut his throat directly?

But he really doesn't want to die.

He could only look at Lin Caisang with pleading eyes.

"Save me, save me."

At this moment, Lin Caisang also wanted to wipe his face.

This person was really capable, and he actually held someone up, leaving her with no chance to save him.

"Look, is this good? I am a woman, and a pregnant woman, and there is someone in the city lord's palace, so it is easier for you to kidnap him. Otherwise, I come here to take his place, and you let him go?" "

She looked at the man in front of her and asked cautiously.

"You fart!"

The man didn't believe her words and cursed loudly.

Just now, he was at a disadvantage because he felt that the woman in front of him was a pregnant woman and was not very lethal.

But what about reality? It was this woman who stopped him in time when he was about to end her life and kicked him off the second floor, exposing him to so many people.

He won't believe this woman!

"Don't think I don't know, that scarf around your neck is invulnerable and impossible to pierce.

Lin Caisang: "..."

She has an invulnerable scarf, it's her fault.

"Then I'll take off the scarf. Is that done?" she asked.

"I won't believe you. You...do it yourself and put a knife on your neck!" The man didn't believe Lin Caisang at all.

He took out another dagger from his body and threw it directly on the ground in front of Lin Caisang.

Lin Caisang: "!!!"

Let her give herself a knife? Do you really think she is stupid or something?

"are you sure?"

She looked at the man and asked seriously.

"Of course I do...ah!"

Before the man finished speaking, he felt someone kicked him hard on his back. The next moment, someone held the wrist of the hand holding the dagger.

Another person quickly jumped out of the crowd and pulled the waiter he had kidnapped from under his dagger.

"hiss!"

Although the waiter was pulled out, a small cut was still made by the dagger, and he screamed in pain.

But fortunately, it's not very deep, and it doesn't damage the arteries or anything. It just bleeds a little. It's estimated that if it bleeds for a day, it won't be fatal.

"This is the antidote, take it quickly." Lin Caisang threw the antidote directly into the waiter's arms.

"Thank you, distinguished guest."

The waiter gratefully took the antidote into his hand and dropped one into his mouth.

Then, all the guests on the first floor turned their attention to the man whose wrist was being held.

"You hurt people in my shop the most, and you dare to call yourself me, who do you think you are?" A fat man with big ears and eyebrows said to the man.

It turned out that the man who kicked someone just now was the man, and he was the owner of the inn.

Of course, the person holding the man's wrist was also the waiter in the inn. With the cooperation of the two, they were able to rescue the kidnapped waiter.

"Hit him, hit him hard, he'll be the master if you beat him to death!"

He said to the guests, pointing at the man.

Chapter 2327 He shouldn't have come!

"ah!"

The man was stunned by the kick just now, and it took him a long time to come back to his senses.

Seeing many people rushing towards him, he directly pushed away the waiter who was holding his wrist.

Then, he raised his dagger and made famous strokes at those people.

"Don't come over. Who dares to come over? The dagger in my hand doesn't have eyes! Don't come over."

"do not come?"

Those guests are all alchemists and alchemists, who would be afraid of a dagger?

Of course, since they were already prepared, they wouldn't be afraid. It was just a dagger. It was just coated with a little poison. What does it matter?

Can a man hurt them when he is on guard?

"You're going to die for me!"

Finally, the guests roared violently and rushed towards the man, punching and kicking him. 6

"Tsk, tsk."

Lin Caisang looked at that scene and couldn't help but frown.

"It's really violent. Will he be beaten to death?"

She couldn't help but think that none of these people's hands were serious. What if they beat someone to death?

"Wait a minute, don't beat the man to death. If he has any accomplices, they have to be handed over to Commander Lin for interrogation before he can deal with them."

She spoke loudly to those who were beating them up, but her words were successfully drowned in the wave of curses, and no one heard them at all.

After a long time, everyone stopped. Just as Lin Caisang expected, the man had been beaten to death.

"Oh, it's so miserable."

Finally, Lin Caisang walked over, took out a pill, and stuffed it into the man's mouth.

"Don't die, it's still useful."

"Madam, why do you want to save him?"

Everyone asked in confusion when they saw that Lin Caisang actually gave the man elixirs to treat him.

If it hadn't been for this lady kicking the man off the stairs just now, they would have almost thought that the two people were working together.

"It's impossible if we don't save him." Lin Caisang was helpless.

Although she also felt that it would be too wasteful to give the elixir she refined to this man.

But we can't let this man die here, right?

"Who knows if he has any accomplices? If so, we all have to become the target of that person's revenge. We should let him live. Well, hand him over to Commander Lin to find out the whereabouts of their accomplices. Bar."

she said.

"What this lady said is absolutely true." Someone echoed Lin Caisang's words.

So, soon, several guests came forward and helped Lin Caisang tie up the man and then sent him to Lin Baizhong's house.

The man just stared at Lin Caisang with hatred in his eyes until he was dragged out of the inn and could no longer see the figure of the woman he wanted to kill.

He really regretted it so much. Why did he still go out to kill people without believing in evil after hearing someone reveal his murderous methods?

And he had no choice but to kill this woman who had already figured him out?

Obviously, this woman deliberately revealed his murderous methods in front of outsiders, and deliberately made the whole world know about it, so that he would be angry with her and kill her instead.

This way, she would have a chance to catch him.

And he was actually stupid enough to fall into this trap and come to kill this woman!

I had known this...

If he had known this, he shouldn't have come!

Unfortunately, it was too late to say this now. No matter how early he had known, he would have been caught.

Chapter 2328 Will betray us

Next, what awaits him will be endless pain!

"Caught so easily?"

Lin Caisang really didn't believe that the murderer could be caught so easily? It all feels a bit unrealistic.

Why does she feel like someone deliberately threw this person out, waiting for her to catch him?

...

"Exiled Jue, you and Shishu go check to see if that person is the murderer. I always feel that things are not that simple."

After returning to the room, Lin Caisang called Ban Jue and Shi Shu out of the Jinzhu Space and gave them instructions.

"Does the mistress think that there is actually a scam?" Shishu looked at Lin Caisang and asked.

"have no idea."

Lin Caisang thought for a moment and shook his head.

"But I always feel that this matter is not that simple. That person is not a fool. After knowing that his trick was exposed by me, he did not know how to avoid me and still showed up eagerly.

Are you waiting to be killed by me? Who would do such a stupid thing? "

"The mistress is right."

Ban Jue nodded, thinking that his mistress' suspicion was very realistic.

If he were to find out about his murderous methods, he would definitely hide away.

Even if you don't hide, if you want to kill people and silence them, you still have to make sure you have the ability, right?

And the man just now obviously didn't have that ability!

An incompetent person who just wants to commit murder will make people think that something is fishy.

"Mother, please be careful in the inn. Waiter Shu, let's go." He glanced at Shishu, turned around, and they left together.

...

Outside the inn, in a hidden corner.

"Did you see that? Those two people have never appeared in the inn before. They must be around the woman to protect her."

A man with a scar on his face pointed at Ban Jue and Shi Shu, who had just come out of the inn, and said to the man next to him.

"So what if I saw it?"

The man next to him rolled his eyes at him angrily.

"Lao Wu has been arrested. The owner of that inn is not easy to mess with. If we just go in like this, we will definitely be arrested. What if Lao Wu doesn't stop and betrays us? ?

Big brother, second brother, why don't we run away and don't stay here. "

"Shut up!"

Before he could finish his words, he was slapped by the bearded man on the other side.

"You are a coward who is afraid of getting into trouble. It is impossible for the fifth brother to betray us. That is your fifth brother, the fourth brother. Don't you even believe him?"

"I....."

The fourth child opened his mouth, but didn't know what to say.

"Brother, why don't I trust Lao Wu? Look at what Lao Wu did. Didn't we agree that everyone must know before taking action, but what about him?"

Did he tell you before he went to kill that woman? "

He questioned the eldest and second oldest.

"this....."

The eldest brother and the second child were stunned at the same time.

Indeed, when Lao Wu went to kill someone, he killed the woman who told them how to kill her, but he didn't inform them.

At this point, they also wanted to blame Lao Wu.

But Lao Wu had already been taken away, so they couldn't blame him even if they wanted to. They could only find a way to rescue him.

But how to save it?

After much thought, they felt that they should capture the woman in the inn and threaten the person who captured Lao Wu to ask them to release her, otherwise, they would kill the woman!

Chapter 2329 Let's not talk nonsense

Someone who can explain their classic methods in one go must have some ability, right?

The city lord of Sky City is a man who cherishes talents. If he trades that woman for Lao Wu, he will definitely agree.

"What's the use of talking about this now? The fifth child has been arrested!" The second child glanced at the fourth child and said angrily.

"right."

The boss also nodded.

"The most important thing now is to think about how to rescue Lao Wu!"

"Why are you here to save people? Didn't you hear that Lao Wu was taken to the commander named Lin? Can't we just go there to save people?" Lao Si asked in confusion.

But as soon as he said these words, before he finished speaking, he was slapped again by the boss.

"You idiot!"

"That's the commander of Sky City. Can we rescue the people imprisoned to him if we want to?" The second child lowered his voice and yelled at the fourth child.

Could a few of them just break into the Commander's Mansion? That's the commander's office of Sky City, not somewhere else. They can poison people with just a little medicine.

"What should we do?"

The fourth child was beaten and yelled at, and he was very angry.

"That woman is not someone to be trifled with at first glance, okay?"

I can see through their murderous methods at once, how can I be a simple person?

If they go in, what should they do if they can't get out?

"Is she not easy to deal with?"

The boss rolled his eyes and snorted coldly.

"It's not easy for us to mess with him. He captured our fifth child, so we have to use her to get him back!"

Lao Wu is their sibling, and they must be saved no matter what. Otherwise, how can they be worthy of Lao Wu's parents? But he, the eldest brother, took Lao Wu away from home.

"Use her?"

The fourth child opened his eyes wide, looked at the open door of the inn, and let out a light sigh.

"Brother, let's not talk nonsense, okay?"

"What's the meaning?"

The boss suddenly became unhappy after hearing what he said.

Why is he just talking big words? Could it be that if they exchanged that woman for the fifth child, would they be able to get her back?

"Don't you believe that we can get our fifth son back with that woman?" he asked.

The fourth child: "..."

Is this a question of whether Lao Wu can be replaced or not?

"Brother, why don't you think about how we can get that woman out of that inn?"

"this....."

This question really stumped the boss.

How to catch him is really a problem, but it doesn't matter, if he can't be caught, they will go to the inn to kidnap him at night!

"When we go to the inn to kidnap someone at night, I won't believe that the four of us can't fight a woman!"

he said.

"Brother, is this really okay?" The second child looked at the eldest brother and asked with some uncertainty.

"Why not?" The boss glared.

"Lao Wu must be saved, and he must be rescued quickly. If Lao Wu can't survive the torture and recruits us, then we will just wait to die!"

"That won't work, brother, why don't we hurry up..." Run!

Before the two words were uttered, the fourth child was slapped in the mouth again by the boss.

"You greedy thing, why are you running away!"

The old man is so arrogant that I really want to break open the old man's head to see what the hell is inside.

Besides running, what else does he know? Lao Wu is their sibling!

Chapter 2330 What to do?

"Where can you run? We are the people who were killed in Sky City, so the city lord can let us go? Even if you run to the edge of the sky, I can catch you!"

He scares the fourth child.

Although it was said to be a threat, it was true. People from Sky City wanted to arrest a few people, and it was not just a matter of words.

"Fourth brother, elder brother is right, this is Sky City. If we kill people here, that would be..." The second child made a motion of wiping his neck, which scared the fourth child and gasped.

"If the people in Sky City knew where we came from, would they let us go? Not to mention us, even those in our family would have to be taken to Sky City, do hard labor, go to jail, and beheaded! "

"hiss!"

The fourth child gasped again.

"Big brother, second brother, what should we do? The fifth brother must be rescued."

However, he also felt that that woman was really not that easy to catch, and the man and woman who just walked out of the inn were not easy to deal with.

I think there are many other people around that woman, right?

"How about we take advantage of the fact that there is no one around that woman, rush in and arrest her? If we wait for those two people to come back, we won't be able to fight. Who knows if they are both alchemists?"

he suggested.

"this....."

After hearing what he said, the boss hesitated and looked at the second child.

"Brother, I think what the fourth brother said is reasonable. We have to take advantage of him. The second brother made a fist with his right hand and raised it in front of the boss.

To be honest, if they really wait until night, if those two people come back, even if there are four of them, they won't be enough to catch the woman. Instead, the woman will catch them.

"Okay, let's go in and arrest them now!" The boss nodded.

"Then I'll go find Third Brother!"

When the fourth child heard this, he immediately turned around to find the third child who was still where they were staying.

But just as he turned around, he was dragged back by the boss.

"Come back here!"

"What's wrong?" Lao Si turned around and asked.

"The third child can't go. If...if we fail, the third child can still find a way to save us. If we all get involved, then it will really be over!"

The boss said to the fourth child.

The fourth child: "..."

They haven't even taken action yet. The boss is thinking that he will be caught and wants the third child to rescue them.

How could this... make him really have no motivation at all.

He was now thinking about what he would do if he was caught?

Does this allow me to do big things like arrest that woman? Why do I keep saying these depressing words?

"Boss, can't you say something nice?" he asked.

"Cut the nonsense!"

The boss glared at him again.

"Come on, let's go to the inn to arrest people."

With that said, he put on some clothes he got from the guards of Sky City, walked out from the corner, and then walked to the inn with great swagger.

The second and fourth children also transformed into the guards of Sky City.

In this way, both the boss and the waiter in the inn will treat them respectfully. They can find whomever they want!

...

Among the inns.

The boss was so happy that he caught the murderer that he ordered several waiters to serve a free dish to every table of the guests.

Before the food was served, three men wearing bodyguard clothes walked in.
