

Star of Space 2331

Chapter 2331 The smell of spinach

"Hey, gentlemen, are you eating, or..." The boss came up to us and asked with a smile.

"Where is the lady who caught the murderer? Where does she live?" The boss straightened his body and spoke seriously, asking the boss.

"That lady is in her guest room." the boss replied.

"In the guest room, okay, lead the way. If our commander has something to say, he asked me to bring it to the lady." The boss coughed lightly and continued.

"well."

The boss responded and called a waiter.

"Guards, look, I'm still busy. Why don't you let him take you to the lady's guest room?" he suggested.

"Fine."

The boss looked at the waiter and nodded.

With the waiter in charge, it would be easier for them to get rid of them.

"You, hurry up and bring some officials up to see the lady." The boss immediately ordered the waiter beside him.

"Yes, boss."

The waiter nodded repeatedly and responded.

"Masters, please invite me."

"Well, lead the way."

The boss pretended to be serious and followed the waiter upstairs, followed closely by the second and fourth boys.

"come here."

After a few people went up to the second floor, the boss recruited a waiter to come over.

"Boss, what are your orders?" the waiter asked.

"Did you smell the smell of those three guards just now?" the boss asked.

"odor?"

The waiter frowned.

His nose is considered to be one of the best in Sky City, but he can't smell the smell of those three people. What's the smell?

"No, I don't smell anything."

"Tsk."

The boss clicked his tongue.

"The guards in Sky City all eat the same food, right? They often eat spinach to strengthen their bodies. There is a special smell in that dish. Logically speaking, they should also have it. ah."

He murmured, wondering how there was no smell of spinach on these three guards.

"Forget it, go and do your work."

Shaking his head, he thought, maybe these three guards had just been guards for a short time. Although they were eating spinach, they didn't eat much, so they couldn't smell the smell.

...

In the guest room, Lin Caisang was refining elixir.

Suddenly I heard footsteps outside the door, and soon there was a knock on the door.

"Who?"

She shouted towards the door but did not open the door directly.

"Madam, I am the waiter in the inn. There are three guards here from the Commander's Palace. I would like to ask you a few words. Could you please open the door?" the waiter shouted from outside the door.

"The bodyguard of the Commander's Mansion?"

Hearing these words, Lin Caisang raised his eyebrows.

Will her father send someone here to find her? Even if I beat her to death, I wouldn't believe it.

"Shi Jian, Ban Wu, you go and open the door." She called Shi Jian and Ban Wu out of the Jinzhu Space and ordered.

"Yes, Mistress."

The two responded and were about to open the door, but were stopped by Lin Caisang.

"etc."

"Mother, do you have any other orders?" Ban Wu turned around and asked, and Shi Jian also turned to look at her.

"Shi Jian, gather your spiritual power and open the door. Exile Wu, go and hide next to me. Don't come out without my instructions." Lin Caisang ordered the two of them again.

Even if those few outside the door are really people from the Commander's Mansion, she would rather tie up a thousand by mistake than let one go!

"Yes, Mistress."

The sword attendant responded and went to open the door.

As for Ban Wu, he walked to the corner of the guest room and stood there.

After a while, the door was opened, and standing outside was the waiter and three people dressed as guards.

Chapter 2332 How about inviting me inside?

"Brothers of the guards, are you looking for my wife? Do you have any questions to ask?" She looked at the people in front of her and asked.

"cough!"

The boss coughed lightly, turned his head and looked at the waiter.

"There's nothing for you to do here. You go down and do your work first."

The waiter looked at the three guards and then at the sword. Although he was a little confused, he still left.

After the waiter left, Shi Jian just looked at the three people in front of him with indifferent eyes, waiting for them to speak and say something to her.

"You...why are you looking at us like this?"

The second son was stared at by Shi Jian, and his scalp was numb, so he couldn't help but ask.

"I'm waiting for you to ask questions." Shi Jian shrugged and said.

"Shut up!"

The eldest son turned his head and roared in a low voice at the second son.

He is observing the woman in front of him and the one in the room. Is there anyone else protecting her? The second child couldn't bear his temper anymore.

When the second child was yelled at by his boss, he immediately lowered his head and did not dare to say anything more.

"Girl, where is your wife? I'm from the commander's office. Our commander is looking for your wife and I have a few questions to ask."

After scolding the second child, the boss smiled cheerfully at Shi Jian and said.

"It's inside, didn't you just hear it?" Shi Jian said.

The person who was talking in the room just now was not her. These people were so guilty. I have never seen someone so guilty and pretending to be a guard!

"You three, why don't you come inside?" she asked.

"That's it, that's fine, that's fine." The boss thought for a while and nodded.

He felt that there should be only that woman in the room and no one else. This would be convenient for them.

Turning his head, he looked at the second and fourth children, and then went in first.

"ah!"

As soon as he entered the door, he saw a dark shadow coming towards him, and a big fist almost knocked him unconscious.

He screamed in pain and was about to run out.

But Shijian was right behind him, and he just raised his foot and kicked him, causing him to fall to the ground.

Then she turned around and directly carried the second and fourth children, who were about to turn around and run away, into the room by their back collars. She raised her hand and closed the door.

"You...you..."

The boss looked at the three people in the room with a crying face.

At this moment, Lin Caisang was sitting on a chair, looking at them leisurely.

"You are too bold. Do you know who we are? We are members of the Commander's Mansion. If you offend us, be careful not to let you go around in vain.

If you are wise, let us go quickly. We can also put in a few nice words for you in front of the commander, so that you can all leave Sky City in one piece. Otherwise, you will not be able to get out of this place alive! "

He also wanted to use the prestige of the Commander's Mansion to scare them into letting him go.

"Tsk, ha."

Lin Caisang chuckled.

"People from the Commander's Mansion?" She looked at the three of them and asked softly.

"Yes, we are from the Commander's Office!"

The second child was thrown to the ground, smashed to pieces, but he still said with a stiff neck.

"Exiled to martial arts."

Lin Caisang raised his head and looked at Ban Wu.

Exiled Wu understood, and immediately stepped forward, punching and kicking the three people.

"Ah, ah ha, it hurts, don't... don't hit!"

The three people were beaten so hard that their whole bodies hurt, and they could only keep begging for mercy.

"Don't hit me. It hurts to death. We are...but the commander's office...ah!"

Chapter 2333: It's not big enough

"The Commander's Mansion? How come the people in the Commander's Mansion can't even bear this pain, and a bunch of young people still want to pretend to be members of the Commander's Mansion?" Exiled Wu cursed while attacking them.

Why doesn't he know that his master's commanding house is full of people who are greedy for life and afraid of death?

"Ah, wuwu, stop hitting, ah, it hurts..."

The fourth child screamed the most, he just said, don't come, don't come, the eldest brother and the others didn't listen, they had to mess with this woman!

He had already said that this woman was not easy to mess with, but they refused to listen.

What can he do? He is also very desperate.

It's really the unlucky thing of eight lifetimes. Why did these people start beating them without asking any questions?

Could it be that just by looking at them, you knew they were fake?

Not so divine, right?

"How dare you say that you came from the Commander's Mansion?"

Shijian also joined in the beatings, and only beat the boss until they turned into pig heads.

"Tell me, who are you, who dare to pretend to be members of the Commander's Office and come to my wife's house to act recklessly?!"

"We...we are from the Commander's Mansion...ah!"

The boss still wanted to show off, but before he finished speaking, he saw Ban Wu's hand raised again.

He quickly held his head and screamed.

"Stop fighting, stop fighting, we are just entrusted by others to bring some trouble to you!" He brought out the rhetoric he had thought up before.

Before coming to the inn, he had thought about it. If he was really caught, he would move the third child out, saying that the third child asked them to come to Lin Caisang to cause trouble. As for where the third child lived, they do not know either.

"Auntie, please tell them to stop. We really don't know anything. There is just one person who asked us to cause trouble for you. He said that if you stand out in Sky City, you will definitely become an obstacle to him."

The second child also followed the boss's words and said to Lin Caisang.

"laugh."

Lin Caisang sneered.

Did these three people treat her like a three-year-old baby?

"Are you in the same group as the murderer who was arrested before?" she asked.

After hearing her words, the eldest and second child lowered their heads at the same time, avoiding Lin Caisang's eyes. But the fourth child was different. He was a person who couldn't hide his temper.

"How do you know?"

He widened his eyes and looked at Lin Caisang in disbelief.

"Shut up!"

The boss slapped the fourth child on the forehead.

"You don't think the matter is big enough, do you?"

Lao Wu has been arrested. If they admit that they are a group with Lao Wu at this time, wouldn't they also have to be arrested?

When they are captured and taken to the Commander's Mansion, it would be fine if Lao Wu cannot be rescued, but they are now wearing the clothes of guards. If the guards of the Commander's Mansion see them, wouldn't they think they are smearing them?

As a result, those in command will be even more cruel to them!

"I....."

The fourth child was slapped by the boss, and he suddenly came to his senses.

Thinking that he had admitted it directly, he almost bit his tongue off in regret.

"I didn't say anything, nothing." He shook his head quickly, denying what he just said.

Lin Caisang: "..."

The brain circuits of these people are really weird.

How could such a group of people kill so many alchemists in Sky City?

Chapter 2334 No one can run away

If no one helps them, she will never believe it.

It seems that there is a master behind this group of people guiding them. Otherwise, they could kill so many people and still escape?

"It's true that I won't shed tears until I see the coffin." Ban Wu chuckled twice and looked at Shi Jian.

Then, the two men joined forces and tied up the three people tightly.

"Ah, it hurts, it hurts, it hurts."

All the limbs of the body were tied up, and if they moved even a little bit, the three of them would be in agony.

The fourth child couldn't bear it anymore and screamed in pain.

"Loose... let go, ah! It hurts!"

"Tell me, are you and that person from before a team?" Ban Wu stepped on Lao Si's back, causing him to break out in cold sweat from the pain.

"No, no... no, no, yes, yes, that's my fifth child."

The fourth child wanted to deny it, but he couldn't bear it anymore. In the end, he could only nod and admit the fifth child's identity.

"Lao Wu?"

Lin Caisang raised his head and glanced at Ban Wu and Shi Jian.

There are three here, and one was arrested before. That means that at least one of these people is enjoying themselves outside, right?

"Looks like we still have a lot of work to do."

There is someone else outside, and there is a mastermind behind these people who has not been caught.

"There is another person, where is he?" she asked.

"The third child is here..."

Just as the fourth child was about to answer, he heard the boss's voice roaring towards him.

"Fourth, are you crazy? If you say so, we will all have to stay here and no one can run away."

"Well, I won't say it, I can't say it." The fourth child immediately shook his head.

Yes, he also pointed out that the third child can come to save him. If the third child is also revealed, then they will really be doomed!

"Did not say?"

Lin Caisang raised an eyebrow.

He raised his head and looked at Ban Wu.

"These three people are left to you. You must make them spit out something." She ordered.

"Yes, mistress." Ban Wu responded and carried the two people out.

Shi Jian also picked up someone and followed Ban Wu out. Lin Caisang was the only one left in the room.

"It's not good to pretend to be anyone, but I have to pretend to be someone close to my father, hey."

She sighed softly and shook her head.

...

Not long after, another person came to the first floor of the inn.

"Hey, isn't this Commander Lin? Why are you here?" The boss almost blinked when he saw the person coming in.

Commander Lin is a very busy man. Not long after he came back, he was assigned the most important errand by the city lord. He heard that he was going to the Haikuo Forest.

Why did he come to the inn free of time? Did he come to see the lady?

But hasn't he already sent someone here? Why is he here now? It's really strange.

"Didn't you already send someone over? Why did you come over in person?" he asked with a smile.

"Have you sent someone?"

Lin Baizhong frowned when he heard what he said.

He saw the murderer in the Commander's Mansion, so he wanted to see his precious daughter in an open and honest manner.

I am also worried about what will happen to my daughter living here alone.

But what did this man mean when he said he had just sent someone here? Could it be that besides him, anyone else came to look for Sangsang?

He was startled and immediately pushed the boss away and walked towards the second floor.

Chapter 2335: Being frightened and continuing to cry

When the boss saw Lin Baizhong hurriedly, he knew something was wrong and followed him.

He felt something was wrong just now. There was no scent of spinach on those two people. He thought they were newcomers, but he never thought that those guards might be fake!

Lin Baizhong walked towards the second floor with anxious steps.

Arriving on the second floor, just as he was about to knock on the door of his precious daughter's room, he heard screams coming from next door.

"Ah! I've... said it all... it's really... nothing." In the guest room next to him, the fourth child explained everything.

How did they think of catching Lin Caisang in exchange for their fifth son, how did they think of posing as a guard, and how did they think of a way to kill those alchemists.

But there was one thing. The fourth child refused to tell where the third child was.

This made Ban Wu very angry. He didn't expect that this man who was greedy for life and afraid of death would sometimes grit his teeth and refuse to let go.

"Tell me, where is the third child?" he asked in a cold voice.

"I don't know, I don't know, I don't know anything." The fourth child was unwilling to say anything, shaking his head again and again.

Ban Wu: "..."

It would be strange if he didn't know, and he refused to say it, right?

"If you don't tell me, I'll give you something hard!"

As he spoke, he took a small bamboo tube from the side, opened the lid, and handed it to the fourth child.

"ah!"

The fourth child didn't even see what was inside, and he screamed.

Ban Wu: "..."

He hasn't even summoned the little thing out of the bamboo tube yet.

Shijian: "???"

This guy is really afraid of death!

The boss and the second child: "!!!"

They really felt that it was wrong to bring the fourth child out, and they should have brought the third child out first!

But bringing the third child out, the fourth child is so afraid of death, who knows if he will just run away when they see them being caught?

It was really confusing, and I was so angry at the fourth child that my whole body was hurting even though it was not tortured.

"What's the name?"

Ban Wu slapped Lao Si on the forehead.

[illegible]

The fourth child was beaten again and couldn't help crying.

"Do you know what this is? It's a silver-threaded snake. It's as thick as a thumb. It can get in through your nose, swim around in your head, and come out from nowhere."

Maybe it's the nose, or maybe... it's here, what about here? "

He pointed at Lao Si's ears and mouth, lowered his voice and spoke to him.

"Ah...ahhhh!"

The fourth child was so frightened that he continued to cry, not looking like a man at all.

Everyone: "..."

How do they feel that the fourth child was born with the wrong gender? He should have been born as a girl!

"Shut up!"

Ban Wu shouted angrily again with a headache.

"I haven't finished talking yet. Maybe, it will stay in your body for a while, maybe because it feels warm. It will wander around in your body, this belly, and then come out from underneath. .

How about it, do you want to try it? "

he asks.

"Uuuuuuuuuuuuuuuuu"

After listening to Ban Wu's words, Lao Si felt his whole body stiffen and quickly shook his head.

"If you don't want it, just tell me quickly, otherwise..."

"No, can't say, can't say."

When he heard banished Wu asked him to say it, the fourth child immediately shook his head.

"you--"

He almost made Wu Wu angry to death. This guy just refused to say anything, right?

"Then there's nothing we can do but..."

Chapter 2336 There is a silver snake...

Just when he was about to call out the silver-threaded snake, he heard a loud noise coming from outside the guest room, and the door was kicked open.

"scare."

The two of them looked at the same time and saw Lin Baizhong walking towards inside with a dark face.

"How is this going?"

Lin Baizhong looked at the three people who were being tied up like twists and asked Ban Wu and the others.

"Old... Commander Lin, why are you here?"

Ban Wu wanted to call him "Master", but luckily he stopped in time and changed his name to Commander Lin.

"I have something I want to ask the lady who caught the murderer, but I never thought about how many people are here!"

Unexpectedly, these people actually committed crimes in a gang!

No wonder he was able to kill so many people in Sky City without being discovered.

They can completely kill one person today and send another person tomorrow. The evidence of alibi will be directly available, and they can testify against each other!

"These three people pretended to be guards of the Commander's Mansion and wanted to harm my wife, so we arrested them." Shi Jian said to Lin Baizhong.

"Be bold!"

Lin Baizhong shouted angrily.

These people are really brave. It is not enough to cause chaos and kill people in Sky City. They even want to kill people after their accomplices have been arrested.

Is there really no one in Sky City? They can be allowed to do whatever they want.

He stepped forward and stepped on the old man's chest, causing him to scream.

"Ah, Lord Commander, spare your life, spare your life."

When the eldest and second eldest children saw Lin Baizhong, they were so frightened that they didn't dare to move their eyes around.

They never imagined that Lin Baizhong would come to the inn at this time. Wasn't he trying to kill them?

They were pointing at the third child to come and save them. Now that Lin Baizhong saw it, they had no choice but to be forced back to the Commander's Mansion. How could they wait for the third child to come and save their lives?

"Lin...Commander Lin."

The boss looked at Lin Baizhong with trembling lips and almost fainted from fear.

Although Lin Baizhong has only been in Sky City for many years, his methods are well known to everyone, and he is extremely cruel to these vicious people.

Otherwise, how could it be possible to climb to the position of commander of the guards of Sky City based on the appreciation of the city lord?

You know, even the Ding family, the in-laws of the City Lord's Mansion, were not able to control all the guards in Sky City, but Lin Baizhong did it.

"Commander Lin, you came just in time. There is a third child among them who has not been caught, but this boy refuses to say anything." Exiled Wu felt happy when he saw that Lin Baizhong was about to deal with the fourth child.

They have no reputation in Sky City, and these three people are not afraid of them at all, but Lin Baizhong is a different existence.

"I have a silver snake here..."

"Give me."

Lin Baizhong reached out directly and took the bamboo tube in Ban Wu's hand into his own hand.

No matter how the fourth child at his feet screamed, he poured the silver-threaded snake directly onto the fourth child without asking.

"Ah, ah!"

The fourth child immediately screamed in fear.

"Fourth..."

The eldest brother and the second child watched the thin and long silver-threaded snake swimming on the fourth child's body and slowly approaching his head.

Seeing that it was about to get into the ears of the fourth child, they swallowed and wanted to stop it, but nothing could be said.

Chapter 2337 Want to try it too?

This Lin Baizhong is really terrible, he is simply a murderous maniac.

Even if you want to ask questions, you ask anyway!

If you just attack without asking any questions, doesn't that mean you're going to let them die directly? Too cruel, too cruel.

"Commander Lin, why did you just... insert the silver-threaded snake into your body, but someone might die!" When Wu saw that Lin Baizhong didn't say anything, he directly poured the silver-threaded snake onto Lao Si's body, leaving him speechless for a while.

Although this silver-threaded snake is domesticated, it is always a little wild.

What if he bites something he shouldn't bite while he's inside a person's body? Then the fourth child, who is the easiest to tell the truth, will die!

"If you die, you will die. Aren't there two more?"

Lin Baizhong said nonchalantly, turning his head and looking at the other two men who were already frightened.

At this time, the silver-threaded snake seemed to have found the best treasure cave and wanted to start its adventure, and slowly got into the right ear of the fourth child.

"Ah, ah, save me, don't, it hurts... ah!"

The fourth child's whole face was red from the pain, his body was twitching, his eyes were wide open, and the feeling of a foreign object entering his body made him want to die right now.

But his body was tied up, and even if he wanted to die, he wouldn't be able to die for a while.

"Don't, ah, ah... let me... let me die... kill me."

Until the entire silver-threaded snake entered his body, he felt as if he had died several times. The pain was getting worse and he wanted to shake his head to get rid of the pain of a foreign object drilling inside his body.

But he didn't dare to move, because as long as he moved, it would hurt even more!

The eldest and second child just watched helplessly, swallowing thickly, and outside the door, the shop owner who just walked in also swallowed in fear.

"This...this is..."

After murmuring a few words, he didn't dare to say another word.

Because he heard his voice, Lin Baizhong had turned around and stared at him with scarlet eyes. How could he dare to make a sound.

...

It seems like a century has passed, and the fourth child has been tortured to the point of dying.

With great difficulty, the silver-threaded snake finally found an exit and slowly poked its head out from his nostrils. But at this moment, the color of the silver-threaded snake could no longer be seen. It was completely blood red.

Ban Wu immediately took the bamboo tube from Lin Baizhong's hand, squatted down, and put the silver-threaded snake into the bamboo tube.

"Little one, human blood is delicious, right?"

He closed the lid of the bamboo tube, flicked the bamboo tube with his fingers, and asked with a smile.

As he asked, those sinister eyes were staring at the eldest and second eldest brother beside him.

"hiss!"

The eldest and second child immediately gasped.

They looked at Lao Si, who was already breathing out more than he was taking in, and then looked at the bamboo tube in Ban Wu's hand.

I was really afraid that the next moment, Ban Wu would open the bamboo tube, pour the silver-threaded snake inside onto their bodies, and burrow into their bodies again.

"How about it? Do you want to try it too?" he asked, raising his eyebrows.

"No, no no."

Their heads were shaking like rattles.

"laugh."

Ban Wu sneered, then turned to look at Shi Jian.

"Give him a healing pill. It doesn't have to be a good one. It just won't kill him." He said.

"Um."

Shi Jian responded lightly.

Chapter 2338 There really is someone else!

He reached out and took out a porcelain bottle from his arms, poured some dusty elixirs out of it, squatted down and stuffed it into the fourth man's mouth.

Then, regardless of whether the fourth child was dead or alive, he got up and came to Fei Wu's side.

"Why did this little guy stay in his body for so long? Is this guy's blood particularly delicious?" she asked.

Logically speaking, how long does it take for the silver-threaded snake to get in through the ears and out from the nose, but it took the little guy such a long time.

Hearing this, Ban Wu glanced at Lao Si, who was lying on the ground like a dead fish, and snorted disdainfully.

"Maybe it wandered around in his stomach." He replied.

"hiss!"

Immediately, three gasping sounds were heard.

Two of them belong to the boss and the second child, and one belongs to the shop owner who hasn't left yet.

He couldn't even imagine the scene of a snake spinning around in his stomach, then breaking his nose and crawling back out. When he thought about it, he felt his stomach tighten!

"Why are you here?"

Only then did Ban Wu see the shop owner at the door and asked.

"I....."

The shop owner opened his mouth and wanted to say that he came to accompany Commander Lin because he was here.

However, when Lin Baizhong glanced at him with displeasure, he was immediately too frightened to say anything and quickly shook his head.

"I'm leaving now, I'm leaving now."

After saying that, he covered his mouth and left this place of right and wrong.

Seeing that the person was gone, Wu Wu turned around and looked at the boss and the second child, "Which one of you two will come first?"

he asks.

"No, no, no." The second child was shaking in fear and shaking his head.

Who wants to be crawled into the stomach by a silver-threaded snake? Of course he doesn't want it.

"Then you will come?"

The banished general turned his attention to the boss and asked.

"me....."

The boss was speechless. He looked at the bamboo tube in Ban Wu's hand as if he were looking at a devil.

"There's so much nonsense, why don't we just pour it down and it'll be over?"

Lin Baizhong didn't have the time to chat with these people, so he directly took the bamboo tube from Ban Wu's hand and was about to open it.

"No, I said, I said it all." The boss was frightened and screamed.

He had just seen the speed of Lin Baizhong's hands, and he immediately threw the silver-threaded snake on Lao Si. He didn't want to be drilled into his body by that snake.

"Lao San, Lao San is in the Baidu Valley outside the city. He said he wanted to meet someone there."

"Poison Valley?"

Lin Baizhong handed the bamboo tube back to Ban Wu and raised his hand to touch his chin.

Although Baidu Valley is called Baidu, it has been abandoned a few years ago. There is nothing in it, it is just a mess.

However, precisely because it is deserted, no one would think that there are people there, so it is also a good place for connections.

"Sure enough, there is really someone behind you!"

Hearing the boss's words, Ban Wu had a clear look on his face. Just as the mistress had guessed, there was a black hand behind these five people controlling everything.

The reason for killing the alchemists in the city is not because of these low-class guys, but because some people have a better chance of letting their own people go to the sea forest, right?

When you think about it this way, it becomes clear who is the mastermind behind this.

"Damn it, it must be him!"

Lin Baizhong slapped his palm on the table beside him, his whole body shaking with anger!

No wonder Lu Tianfeng searched for so long but found nothing, not even these few thieves.

Chapter 2339 You are dead!

It turns out that it was him who was shouting to catch the thief!

"Whenever he falls into my hands, I won't let him go so easily!"

Not only had he killed so many alchemists, but he also wanted to do something to his precious daughter. How could he let go of that vicious Lu Tianfeng!

"Is that the third child? Who is he going to meet? Who taught you that killing technique?"

Although I was already sure that it was Lu Tianfeng who was responsible, I still had to ask clearly so that Lu Tianfeng would understand.

"No, I don't know. Only the third person has seen that person, none of us have seen him. That... that method of killing was also told to us by the third person. We... we really don't know anything."

The boss shook his head and replied fearfully.

If they had known that the killing method was so unreliable, they wouldn't have killed so recklessly in Sky City.

Now that I've been caught, I feel so sorry, but what's the use of regret?

"really do not know?"

Fei Wu held up the boss's collar and asked.

"If you let me know that you dare to lie to me, you will be dead!"

He raised the bamboo tube in his hand and threatened fiercely.

"No, I don't dare. I don't dare. We really... really don't know."

The boss was about to cry, his body was shaking and his head was shaking violently, trying to show that he really didn't know anything.

"The third child is smarter than us. He has always been responsible for the things outside. The other four of us only need to be responsible for finding the targets that the third child gave us in the city and killing them."

It's a pity that he really doesn't know anything. On the Qianhuan Continent, the jungle has always been predatory, so killing a few people is no big deal.

Although this is a city in the sky, killing people cannot be easily done, but as long as it is done more secretly, who will care?

But unfortunately, these people are so careless, what can he do.

Now they can't find a place to cry even if they want to.

"Sure enough, those people were not killed casually, but with a purpose." Shi Jian said.

"snort!"

Ban Wu shook off the boss, then turned to look at Lin Baizhong.

"Commander Lin, what should we do with these three people?" he asked.

"Go and call some guards over and take him back to the commander's mansion." Lin Baizhong thought for a while and ordered.

These people can't stay here. There is a third child outside. What if this third child, who they say is smarter, knows that his brother has been arrested and comes to save people?

Behind the third child, there is a big black hand.

Let's take these three people to the commander's mansion first.

"Yes." Ban Wu responded.

"There's no need to look for anyone. Shijian and I will escort these three people directly to the commander's mansion."

After thinking for a while, he said.

"That's fine."

Lin Baizhong nodded.

He can't leave yet, there are still some things he wants to tell his precious daughter.

By the way, let her be careful. If this matter is really related to Lu Tianfeng, it is very likely that Lu Tianfeng has already targeted her.

...

In the guest room, the father and daughter sat down facing each other.

Lin Caisang made a pot of tea, poured it for his father, and handed it to him.

"Dad, you just said that the lady I diagnosed as not pregnant before is the city lord's wife?"

She was most surprised when she heard this sentence.

At that time, I thought she was a lady from the Ding family, but I didn't expect that she was actually the wife of the city lord.

Chapter 2340 It's still not possible for the time being

In this case, the city lord's wife is not pregnant at all.

This Lu Tianfeng is really very capable, he can do anything!

"Lu Tianfeng wants to enter Haikuo Forest so much. What does he want to gain? How can he actually fake the pregnancy of the city lord's wife?"

She was looking forward to seeing Lu Tianfeng enter the Haikuo Forest and find what he was looking for.

"Dad, why do I feel that things are not that simple?" She looked at Lin Baizhong and asked.

Hearing his daughter's words, Lin Baizhong nodded.

"I don't think it's that simple either. If it's just the son of the devil, Lu Tianfeng shouldn't have to worry so much. You know, it's easy to make the city lord's wife look pregnant.

But this lie will be exposed one day. What will happen if the wife of the city lord cannot give birth to a child?

Didn't you say that the effect of the poison is only for three months? Then after three months, if you are not pregnant in the first place, how can your belly be bulging?

Unless he has the ability to let the city lord's wife get pregnant before the poison is cured.

But this is also impossible. "

He shook his head. Since the city lord's wife was already 'pregnant', Lu Tianlan would definitely treat her with care. How could he possibly have sex with her again?

Therefore, it is impossible to conceive a child again.

He really didn't know what Lu Tianfeng was thinking, how could he do such a thing?

It will be exposed one day.

Lin Caisang had thought of this before, but did not bring it up.

Because she couldn't figure out what Lu Tianfeng wanted to do. In two months at most, Lu Tianfeng's little trick would be exposed. Isn't he not afraid at all?

Think about it, this Lu Tianfeng is really bold and reckless.

"I need to think about this matter again. It would be good for Lu Tianfeng to have someone who knows exactly what he wants to do, even if it is roughly."

But just this little bit is still not possible for the time being.

Although people were arranged to go to Lu Tianfeng's side, these were all superficial. How could Lu Tianfeng leak his own affairs to them?

"Lu Tianfeng is suspicious by nature. If you don't follow him for a long time, he won't believe it. Our people can't get in at all." Lin Baizhong sighed and said.

"I have thought about changing the people around him to our people, but your mother denied it. She meant that we can't alert the snake."

Lin Caisang: "..."

Fortunately, her mother denied it, otherwise, things would have been very serious.

"Dad, please don't act recklessly. Since you are a powerful person around Lu Tianfeng, you must know a lot of things.

But if we overtake someone and don't know anything about it, Lu Tianfeng will immediately know that his person has been replaced by us. Maybe he will secretly pretend not to know, and then give us a backhand blow.

This risk cannot be taken. "

She shook her head, and then shook her head again, feeling that her father's method was really too risky and had no chance of success.

"I was also anxious, so I said something casually." Lin Baizhong curled his lips and said.

He would not really act on such an idea. After all, he was not a fool, so he would not give Lu Tian Fengdao an excuse.
