

Star of Space 2341

Chapter 2341 Doesn't exist at all

"However, the city lord means not to let Lu Tianfeng enter the Haikuo Forest. Sangsang, do you think it is really necessary to let Lu Tianfeng enter the Haikuo Forest? Is this really a good idea?"

he asks.

"Why not?" Lin Caisang raised his eyebrows.

"Dad, the city lord doesn't understand, and you don't understand either?"

"Um?"

Lin Baizhong was puzzled and looked at his daughter.

"Since Lu Tianfeng has thought of a way to let the city lord open the sea forest, no matter what the price, he will definitely get in. It is useless for us to stop him."

"Then just don't open Haikuo Forest, that's all." Lin Baizhong said.

"This is also a way." Lin Caisang nodded.

However, she soon shook her head again, feeling that this method was not very good.

"Have you ever thought that in order to enter Haikuo Forest, Lu Tianfeng could fabricate the pregnancy of the city lord's wife? If Haikuo Forest is not opened this time, maybe next time, Lu Tianfeng will not know what to do. What's coming?"

Moreover, if the Haikuo Forest is not opened this time, Lu Tianfeng will definitely be suspicious of the city lord and you.

I'm afraid that those dirty things about him will be harder to discover in the future. Dad, Lu Tianfeng was able to hide Zimo for so many years, which shows that he is a very forbearing person.

After waiting for more than twenty years, would he care about waiting another twenty years? "

"this....."

Lin Baizhong paused for a moment.

"He can afford to wait, but Dad, are you sure we want to continue to waste time with him like this?" Lin Caisang asked again when Lin Baizhong remained silent.

"We cannot guard against someone like Lu Tianfeng who often does evil things to people behind their backs. Who knows who his next move and next target will be?

That's a mad dog. He will bite anyone who does him harm. "

Hearing this, Lin Baizhong took a deep breath.

"Sang Sang, what you said is absolutely true."

Lu Tianfeng is really an extremely smart and crazy dog that makes people want to avoid him!

He is really very patient, it almost drives him crazy!

"Then he has to go to the sea forest?" he asked.

"Um."

Lin Caisang nodded.

"Originally, I thought that she was just an ordinary woman. Even if she was not pregnant, there would be no problem. But now that this person is actually the wife of the city lord, it has to be a different matter.

Especially now that the news that the city lord's wife is pregnant with the young city lord of Sky City has spread like wings, it is even more difficult to solve.

All the alchemists have been summoned to Sky City. If they were suddenly told at this time that Haikuo Forest was closed, it would definitely arouse the dissatisfaction of the alchemists and alchemists in the entire Qianhuan Continent.

Presumably, among the alchemists and alchemists who came to Sky City, there must be many people with high reputations, right?

It's hard to explain to these people. "

"Sang Sang, you haven't figured it out yet. It's important that the sea forest cannot be opened now, but the most important issue is how to deal with the child in the belly of the city lord's wife. It doesn't exist at all."

Lin Baizhong reminded.

The promised young city lord just disappeared. Maybe the elders of Sky City would think that the city lord's wife didn't want this child at all and beat him!

And when the time comes, if Lu Tianfeng comes back and says that he definitely knows the pregnancy pulse, then the prestige of Lu Tianlan, the city lord, will be affected.

Chapter 2342 Is it luring the snake out of its hole?

"Isn't this simple?"

Lin Caisang frowned slightly and raised her eyebrows at her own father.

"Actually, this problem is best solved."

"Um?"

Lin Baizhong was puzzled.

How could this problem be easily solved? He was thinking so hard that he couldn't figure out what to do.

"Sangsang..."

"Isn't Zimo here?" Lin Caisang reminded.

"Zimo..."

Lin Baizhong twitched the corners of his mouth.

Yes, his son-in-law is here, but just in case...

"What if Zimo isn't?" he asked. xǒo//~~`//°ǒx

"So, the top priority is to find out Zimo's identity." Lin Caisang said.

"How to check?" Lin Baizhong asked.

"Isn't Lu Tianfeng going to Haikuo Forest? We happen to be going too, so let's take Yin Yuqing with us," Lin Caisang said.

Lin Baizhong: "!!!"

Is this luring a snake out of its hole? But is this too dangerous?

"Can Yinluqing listen to us? Will he unite with Lu Tianfeng by then?" He raised his doubts.

"Of course not. 6"

Lin Caisang shook her head, feeling that her father thought too much.

"Yinluqing has no cultivation now. It's very simple to control it. It's just a pill."

Yin Lüqing, who was awake, would naturally not listen to them, but Yin Lüqing, who was controlled by the medicine, would do whatever they wanted him to do.

It's a pity that Yinluqing doesn't know many things about Lu Tianfeng. He only knows that the person who may cooperate with him is Lu Tianfeng.

If Yin Lüqing had met Lu Tianfeng before, they would have arrested Lu Tianfeng long ago based on Yin Lüqing's words.

There is no need to spend so much time here with Lu Tianfeng.

"Dad, don't worry about Yinluqing. He can't escape from our hands."

"That's not bad." Lin Baizhong felt relieved.

"I'm just worried. Yin Lüqing is also a scheming person, and Lu Tianfeng is superior to him. It would be bad if these two people get together."

Moreover, Yinluqing also knew their identities because he had seen them.

Lu Tianfeng still doesn't know about his relationship with Zimo. If Yinluqing tells Lu Tianfeng, wouldn't Lu Tianfeng know everything?

"Don't worry, such a thing won't happen." Lin Caisang smiled.

To be honest, she hoped that Lu Tianfeng could rescue Yin Lüqing in the sea forest, and then the two of them would join forces.

Of course, she would not do a losing business.

Before entering the Haikuo Forest, any memory of them in Yinluqing's body will be erased.

She would not let Lu Tianfeng discover their relationship with her father and the City Lord's Mansion.

"One more thing, Sangsang, has your mother body of the devil's son found a way..."

"not yet."

Before Lin Baizhong finished asking, Lin Caisang shook his head.

The son of the evil devil is not so easy to destroy. She has been dealing with Lu Tianfeng's affairs these days, and she has no time to pay attention to the former queen of Ziyang Kingdom.

"I will take care of this matter, dad, so you don't have to worry. On the other hand, although someone is watching Lu Tianfeng, he has so many tricks, so we still have to be on guard."

However, Lu Tianfeng would not fall out with Lu Tianlan for a while.

Even if there are many small tricks done in secret, they will not harm An Shen and An Meng's lives openly.

Chapter 2343: Do you know the soul-attracting beads?

"In his place, the city lord has used soul-inducing beads, and nothing can go wrong." Lin Baizhong said.

"That's good."

Lin Caisang nodded.

After chatting for a while, Lin Baizhong gave his daughter a few words and left.

Lin Caisang, who had nothing to do, returned to the Golden Pearl Space and directly entered the Lianxin Meridian.

"Sangsang, you're finally here."

Lin Changhong has been here recently. It's so boring to be alone.

Even if Little Caique is here and can talk to him, it's only occasionally, not a regular thing.

Finally, when he saw his girl come in, he almost cried.

"Brother, you are not practicing?" Lin Caisang looked at his eldest brother and asked.

Lin Changhong: "..."

Even if you want to practice cultivation, you can't just practice it as a meal.

"Sang Sang, I practice, but I can't practice twelve hours a day? I have to find someone to talk to, right?" He said with a sad face.

"Then I will ask the former queen of Zi Yan Kingdom to come here to accompany you?" Lin Caisang asked him.

Lin Changhong: "!!!"

Are you kidding me, letting the mother body of a demon child accompany him?

"Then forget it, I'll continue practicing."

He curled his lips and suddenly felt that practicing was not bad. If he became stronger, he would be able to protect his sister in the future.

"But Sangsang, is there really nothing you need me to do for you outside?"

he asks.

"Right now, not yet." Lin Caisang thought for a while and shook his head.

There are so many people around her. If they are banished, they can all do things. There are also Chu Shui and even Bai Qing, so there is no need for her eldest brother to do anything.

"But there will be something to do soon. Brother, we are going to Haikuo Forest soon. It is said that there are many mechanisms and formations there. That's when I need you the most."

she said.

"What?"

Hearing her words, Lin Changhong screamed.

"Then I have to learn more. I can't delay any longer."

As he said that, he immediately went to the side to pick up the small pile of formation books, and then ran to the side to chew the book.

"Master, what's the matter with your visit to Lian Xinmai?" When the little Cai Que saw its master, it fluttered its wings and flew over and asked.

Her master would never go to the Three Treasures Hall if he had nothing to do. If he had nothing to do, he would never enter the Lianxin Meridian.

Therefore, it asked first before the owner took the initiative to ask.

"I have something to ask you." Lin Caisang thought for a while and looked at the little Caique.

"Master, please ask." Little Cai Que said.

"Let me ask you, do you know about the soul-inducing pearl?" Lin Caisang asked, reaching out towards it.

"I know."

The little Caique nodded, then placed her body on the master's arm.

"Isn't that something used on Qianhuan Continent to monitor prisoners?"

"Yeah, I heard it's a very powerful thing. I just want to know, is there anything incompatible with this soul attracting bead?" Lin Caisang asked.

"All things are mutually reinforcing and interfering with each other, and the same is true for soul-inducing beads. How could there be no such thing?" Little Caique said, shaking her head.

Not to mention the soul-attracting beads, they are actually not as powerful as everyone imagines. Even if there are powerful things, there are still things that can overcome them, okay?

"What is it?"

Lin Caisang asked immediately.

"A hundred moving spirit bones."

Little Caique shook her little head and said.

Chapter 2344 Set a fire on him

"The so-called Baidong Spirit Bone is the bone of the Baidong Spirit Snake. A Baidong Spirit Snake only has this piece of essence bone, and the Soul-Inducing Pearl is, to put it bluntly, just a plaything of the Baidong Spirit Snake. The Soul-Inducing Pearl grows A place where all kinds of snakes live.

Therefore, the two are complementary to each other. "

"You mean, as long as there is a Baidong Spiritual Bone, the Soul Attracting Bead won't have any effect?" Lin Caisang asked.

"No."

Little Caique shook her head.

"Master, you may not understand the function of the soul-attracting bead. It is used to read a person's thoughts when you cannot see him. It is also used to imprison a person's soul and let others know that he is there. Not far away, there was no escape.

And the soul-attracting bead is extremely possessive. As long as it is possessed by it, it is recognized as belonging to it. If that person wants to escape, although it is extremely simple, the soul-attracting bead will resist. So that others can know.

But that Hundred-Mobile Spiritual Bone, even if it is no longer the Hundred-Mobile Spiritual Snake, is still the soul-attracting bead's favorite. With it, the soul-attracting bead will give up its previous owner and actively move towards the owner of the Hundred-Mobile Spiritual Bone. person without being discovered by anyone. "

Hearing this, Lin Caisang's beautiful eyes darkened.

In other words, if Lu Tianfeng had a piece of Baidong Spiritual Bone in his hand, the soul-inducing beads would be completely useless to him.

Therefore, it is really whimsical for An Shen and An Meng to rely on the soul-guiding beads to completely monitor Lu Tianfeng.

"What about the nemesis of Hundred Movement Spirit Bones?" she asked.

"The nemesis of Baidong's Spirit Bone?" Little Cai Que was stunned for a moment.

Aren't they talking about the nemesis of the soul-inducing beads? Why are they suddenly talking about the nemesis of the hundred-moving spirit bone?

"The nemesis of Baidong Spiritual Bone is the fire element. A fire can burn it." It said.

Lin Caisang: "..."

It's the same whether you say this or not, right?

Does she still have enough time to go to Lu Tianfeng's house and set a fire on him?

"If you want to follow a person and you can't be discovered by him, let alone lose him because he changed his clothes or took a shower, what should you do?" she asked.

"That's not easy. Just give him some medicine and that's it." Little Caique curled her lips and said.

The owner of the house is not an alchemist. He can just get some medicine and it will be enough for others to take a pot. Are you afraid that some people will not be traced?

However, after hearing Xiao Caiqiao's words, Lin Caisang took a deep breath.

She wanted to use medicine, but Lu Tianfeng was also an alchemist himself, and ordinary pills would be discovered just by putting them on Lu Tianfeng's body.

You have to be careful!

Even if it is a colorless and odorless medicine, there will always be some signs when it comes to Lu Tianfeng. It is impossible not to notice it.

If they were discovered by Lu Tianfeng, then Lu Tianfeng would not do the things they wanted to know.

"I'd better think about it again," she said.

She denied the idea of drugging. Even if she really wanted to drug him, she would leave it to Anshen and Anmeng.

She didn't want the medicine to fail and the two people get involved.

"Master, if you think it's not good to give medicine, then the same goes for poisoning, right?" Little Caique reminded.

"Poison?"

Lin Caisang raised his eyebrows but shook his head.

This poison is actually similar to medicine. It can also cause abnormalities in the body. She doesn't want to take the risk.

Chapter 2345 Go and cook the meal

"If that doesn't work, find someone to follow you." Little Caique said.

Lin Caisang: "!"

Looking for someone to follow? Why didn't this little girl say anything and just follow her?

"Wait, wait, you just said, find someone to follow you?"

Yes, why didn't she think of it? Why did she have to drug him or something? Just let Lu Tianfeng take the initiative and let them follow.

"Master, I was just joking." Little Caique said immediately.

It just suggested several ways, all of which were rejected by its owner, but it needs someone to follow...

Does its owner really want to find someone to follow him?

It won't work even if you give me medicine, but if you find a living person to follow you, can you do it?

It's not like he doesn't have those eyes. For such a big person, wouldn't he be able to see them? If you see it, won't you kill it directly?

"Master, actually this is a bad idea, not good at all." It shook its head, then shook its head again, and said.

But Lin Caisang didn't think so.

What's wrong with this idea? She just wanted to find someone to follow Lu Tianfeng.

"I won't tell you anymore. You take good care of my big brother before I leave." After saying this to Little Caique, she left Lian Xinmai.

...

In the golden bead space.

In the pastoral space, Yinluqing is being cared for like a cow or horse by Sui Ziyou and Ding Rong.

Feeding the animals, cleaning up the animals, everything was done by Yinluqing alone. He had never done so many things in his life!

"You guys, do you know who I am? I am..."

"Fuck you, you've said this thousands of times, shut up now!"

Yinluqing was panting, but before he finished speaking, he was interrupted by Ding Rong, who kicked him rudely.

"If you keep talking, you won't have to eat dinner!" she said angrily.

Yinluqing: "..."

In this place, he was working as a cow and a horse for them. He was so tired that he almost turned into a dog. They didn't want to give him food?

What the hell are Sui Zimo and Lin Caisang? Why is there such a place?

He wanted to run, but he couldn't escape no matter how hard he ran, this place was too big.

"You...just wait, I won't let you go."

He gritted his teeth and said bitterly, but because of the gloomy eyes of Sui Ziyou and Ding Rong, he had to lower his voice.

At this time, he really missed the days when he had cultivated his skills.

At that time, he could do whatever he wanted. If anyone dared to disrespect him, he would just let that person die!

How is it like now, being forced to do so much work by two little bitches, and every day the hands and feet feel like they are no longer their own.

"Tsk, there's so much nonsense!"

Ding Rong rolled his eyes at him and said disdainfully.

He still thought that he would not let them go. Do you think they would let him go?

Isn't this person just used to be a cow or a horse for them? He still wants to rest and become an uncle?

She recalled that when Yinluqing first came here, he was obviously a useless person without cultivation, but he still wanted to instruct her and Sui Ziyou to beat his back and legs, and serve him tea.

She almost died laughing!

"Hurry up, clean up everything here, and then go and cook the food." She yelled at Yin Lüqing.

"you--"

Yinluqing's silver teeth were almost broken by biting them into pieces. She felt that these two little bitches were really bullying others.

Chapter 2346 You have no right to deal with me

Cleaning is not enough, he is even asked to cook. In the past, the servants would prepare the meals and bring them to him!

When had he been insulted like this?

"You wait, wait..."

Panting heavily, he swept the piles of feces in front of him to a place and piled them up. Then he raised his head and saw a familiar figure.

"Scared, ah!"

The woman who just appeared scared him so much that he screamed.

"Tsk."

Lin Caisang raised his hand and took out his ears.

How long has Yinluqing been here? Why was he so surprised?

Did you see a ghost? Does she look like a ghost?

"What are you talking about? Shut up!" She shouted angrily in displeasure.

"Well."

Yin Lüqing quickly covered her mouth with her dirty hands.

In fact, he is no match for Lin Caisang now. He can kill him with just a slight lift of his finger.

"She's quite obedient."

Seeing the frightened expression on his face, Lin Caisang was satisfied.

"Ziyou, Ding Rong." Turning around, she called the two people not far away.

"Sister-in-law, why are you here?"

Sui Ziyou walked over, glanced at Yin Lüqing in a warning manner, then looked at Lin Caisang with a smile and asked.

"She must have come in because she had something to do. When did she come in without anything going on?" Ding Rong was beside her and chatted.

Although this place belonged to Lin Caisang, she really didn't often see Lin Caisang come in and take care of many things. They were all taking care of it.

"Master, are you going to use him?"

She also glanced at Yinluqing and asked Lin Caisang.

"hiss!"

Hearing Ding Rong's words, Luqing gasped in the early morning.

Lin Caisang is going to use him. How does she want to use him? Doesn't she want to kill him?

"Lin Caisang, you...you can't do anything to me. I am the eighth prince of Ziyan Kingdom. Even if I make a mistake, it should be dealt with by the emperor of Ziyan Kingdom. You have no right to deal with me!"

He shook his head and said to Lin Caisang.

In fact, he was afraid. In the past, when he looked at Sui Zimo and Lin Caisang, he was like looking at two ants.

But now the role has changed and it has become the person in front of me. Looking at him is like looking at an ant.

"kill you?"

Lin Caisang slightly raised her red lips and looked up and down at Yin Lüqing.

"I'm afraid I'll get my hands dirty if I kill you."

"you--"

Yin Lüqing felt angry, but she had to breathe a sigh of relief.

As long as Lin Caisang didn't want to kill himself, it would be fine. He could still wait for the person who came to save him.

"Yinluqing, didn't you think someone would come to save you? Congratulations, you've waited." Lin Caisang smiled and looked at Yinluqing.

"What? You...what did you say?" Yinluqing asked stutteringly.

Even if he had been waiting for someone to rescue him these days, he shouldn't have learned it from Lin Caisang's mouth.

If someone really came to rescue him and Lin Caisang found out, would he be rescued from here?

This is obviously impossible!

"What...are you talking about? Why...someone came to save me, but I...can't even understand you." His eyes flickered, and he stammered without even daring to look at Lin Caisang.

"Don't you understand?"

Lin Caisang smiled and kept looking at him like this.

Chapter 2347 I won't let you take advantage of me again

"That's because I guessed wrong. You don't want Lu Tianfeng to save you, do you?"

"Lu Tianfeng?"

Hearing the words "Lu Tianfeng", Yinluqing's eyes lit up, but soon, his eyes dimmed again.

Lu Tianfeng would come to save him, that would be weird!

That person didn't even know that he was arrested by Lin Caisang, okay?

And in these years, in order to be as equal as possible to his master, Lu Tianfeng, he tried his best to make nonsense when Lu Tianfeng asked about Sui Zimo.

Therefore, Lu Tianfeng didn't know Sui Zimo at all, let alone who was around him.

So even if he was caught, Lu Tianfeng would not think that it was Sui Zimo. Even if Sui Zimo stood in front of Lu Tianfeng, Lu Tianfeng would not know that Sui Zimo was the one he handed over to him in the first place. of that child.

He suddenly felt that this was the worst thing he had ever done in his life.

Why do you think you can climb on Lu Tianfeng's head?

Why did Lu Tianfeng directly hide the truth when he asked about Sui Zimo?

If he hadn't concealed it and hadn't thought about being taller than Lu Tianfeng, then Lu Tianfeng would have thought of him directly after learning the news about Sui Zimo.

Will Lu Tianfeng come to save him?

But now, all that was just a dream. Lu Tianfeng didn't know that Sui Zimo had already arrived in Qianhuan Continent and was by his side.

Not to mention that he, Yin Lüqing, was not wanted by Emperor Ziyang for doing something wrong, but was assassinated by Sui Zimo and his fifth brother together.

Will come to save him, right?

"What... Lu Tianfeng, I don't even know what you are talking about!"

He almost forgot that he had already explained Lu Tianfeng's matter to Lin Caisang and Sui Zimo, and he was still denying it now.

"You don't know what I'm talking about? It doesn't matter."

Lin Caisang smiled and shook his head at him, then raised his hand to pat him on the shoulder, but looked at his dirty appearance and took back his hand in disgust.

"When you meet Lu Tianfeng, you will know what I am talking about."

"What did you say?"

After hearing her words, Yinluqing looked at Lin Caisang in surprise.

Does she still want to let him go and let him return to Lu Tianfeng?

Yes, he can't go back to Ziyang Kingdom. Emperor Ziyang will definitely kill him if he goes back. Now Lu Tianfeng's side is the only place he can stay.

But Lu Tianfeng, a person who secretly instigated them to do so many bad things without even showing his face, would he save him by his side?

He thought the answer should be no.

If Lu Tianfeng saw him, he would probably want to kill him to get rid of his worries.

"You...what do you want to do? Let me tell you, don't think about using me anymore. I will never let you use me again. There is no way!" He trembled and faced Lin Caisang pretending to be fierce. roared.

"laugh."

Lin Caisang sneered.

"Ziyou, Ding Rong, you have taken good care of him these days and try to make him look as miserable as possible."

She looked up and down at Yin Lüqing and gave instructions to the two people behind her.

"Of course, you have to take care of that face. Don't look back. Lu Tianfeng doesn't even know who he is, so who should I let him go to?" She thought for a while and added.

"Okay, sister-in-law." Sui Ziyou responded.

Chapter 2348 Is it really okay?

"Master, look at his whole body, isn't it miserable enough?" Ding Rong frowned and looked at Yinluqing and asked.

She thought that they had tortured the person in front of her badly enough these days, but she didn't expect that in Lin Caisang's eyes, it would be even worse. Is this just trying to force the person to death?

"awful?"

Lin Caisang glanced at Yinluqing again.

"What's wrong with him? He just stinks a little. His whole body is covered with thin skin and tender flesh that can be pinched to make a wrinkle. There are no wounds on his body. He looks like he's been tortured. Okay? The one who escaped easily."

She just wants to look like Yinluqing was caught, tortured to the point of death, and finally escaped, okay?

"As soon as you said that, I knew what to do. Ding Rong listened to her words and immediately responded.

She is very good at this. She has not only a thousand ways to torture people, but also nine hundred and ninety-nine.

"Leave it to me. In three days, I will ensure that he changes into something else."

She patted her chest and assured Lin Caisang.

Hearing this, Sui Ziyou glanced sympathetically at Yin Lǔqing, who was staring at Ding Rong in horror.

Ding Rong has been angry a lot since arriving in the Jinzhu Space. She just happened to find a venting bag to vent her anger on, and she still tormented Yin Lǔqing hard.

However, Yinluqing deserves it. As long as she doesn't get tortured to death, she can just pretend she doesn't know anything.

"Ding Rong, I'll leave it to you."

She said something to Ding Rong and then looked at Lin Caisang.

"Sister-in-law, come here, I have something to tell you."

"good."

Lin Caisang responded, and then he and Sui Ziyou walked away.

"Sister-in-law, if you just let this person out like this, is it really okay?" Sui Ziyou asked her.

"What does it matter?" Lin Caisang asked her.

In short, Yin Lüqing was drugged. Now he has been released, but he can be taken back after the matter is settled.

"I heard you talk about Lu Tianfeng so viciously before. If this person comes to Lu Tianfeng, won't he be killed and silenced?" Sui Ziyou expressed his worries.

"of course not."

Lin Caisang immediately shook his head.

She felt that Sui Ziyou really thought too much. If Yin Lüqing could live for such a long time, it was because of his strengths, right?

Otherwise, why would Lu Tianfeng leave her family's Zimo to Yinluqing or to someone else? Isn't it good?

"I bet that Lu Tianfeng will never kill Yin Lvqing."

Because there are things about Yin Lüqing that Lu Tianfeng wants to know. For example, about her family's Zimo, I'm afraid only Yin Lüqing knows about it, right?

Based on this alone, Lu Tianfeng would not directly silence Yin Lüqing. He would first get information about her family's Zimo from Yin Lüqing's mouth, and then kill him and silence him.

"If you try to trick Yinluqing these days, there must be other secrets hidden in Yinluqing's body. Otherwise, would he be able to stay here so freely and be urged to work by you every day?"

Sui Ziyou: "..."

That person just wants to leave, but he must have the ability.

In this place, unless her sister-in-law asked them to leave, how else could Yinluqing be able to leave?

"Sister-in-law, I think you are thinking too much. Where did he come from..."

Chapter 2349 Where is the other one?

"What I mean is that if Yin Lüqing didn't have the slightest bit of protection, he would have been so frightened that he was brought to this place."

Especially those who were exploited by the evil landlord Ding Rong, who had to work without sleep for twelve hours a day.

Lin Caisang added something deep in his heart.

Anyway, she just felt that Yin Lüqing was too calm here, and there must be some secrets about him.

It's good to be able to trick him out, but if he can't, then in the end, Yin Lüqing will have no choice but to go to hell with those secrets!

"Okay, I will take care of it." Sui Ziyu responded.

...

On the other side, Lu Tianfeng's house.

Being followed by An Shen and An Meng every day made Lu Tianfeng almost crazy.

But he had no other choice but to let them follow. Finally, on this day, he thought of a way.

When he went to the toilet, the soul-inducing bead was absorbed in his hand, and he escaped from the surveillance of Anshen and Anmeng. There, there were guards waiting for him.

"master....."

"Shh!"

Just as the guard wanted to speak, Lu Tianfeng raised his hand and stopped him.

An Shen and An Meng were outside. If they heard the sound, he would continue to be stared at by those two people.

"Master, I have obtained the Baidong Spiritual Bone." The guard immediately lowered his voice, took out a medium-long bone from his arms, and handed it to his master.

Lu Tianfeng's eyes suddenly lit up when he saw the piece of Baidong Spiritual Bone.

"Do it quickly."

He immediately handed over the soul-attracting bead in his hand. The next moment, the soul-attracting bead took the initiative to move towards the Baidong Spirit Bone, and finally reached the guard's palm.

The next moment, Lu Tianfeng immediately took off his clothes, and the two of them exchanged clothes, changing their appearance even more.

After a while, Lu Tianfeng turned into the appearance of the guard just now, and the guard now turned into the appearance of Lu Tianfeng.

"You go out and meet here again in two hours." Lu Tianfeng ordered the guards.

He couldn't always let the guards pretend to be his, because An Shen and An Meng were not vegetarians, and their secrets would definitely be revealed over time.

Therefore, he decided to try it for two hours first. If he could get through it, the time could be longer next time.

"Yes, Master."

The guard responded, opened the door and went out.

After a while, when Lu Tianfeng could no longer hear the footsteps outside, he opened the door and walked out secretly.

In another study room in the mansion, Lu Tianfeng quickly ducked in.

Inside, there were already two guards waiting for him.

"What's the situation outside?" he asked immediately.

An Shen and An Meng had been staring at them for too long, and they had been pretending to be isolated from the world. He didn't know what was going on outside, let alone ask.

"Back to my master, four of those five people were arrested, and their murderous methods were also discovered." One of the guards replied to his master.

As he spoke, he looked at him carefully.

"What?"

Lu Tianfeng was quite surprised by this.

How could anyone know such a killing technique? When did such a powerful alchemist come to Sky City?

"Four have been arrested, where is the other one?" he asked.

Chapter 2350 There are only two alchemists

"The person who contacted us was not arrested, but he was originally going to contact us, but he didn't see anyone. He was probably afraid and hid.

the guard replied.

"Hiding? Where can you hide?" Lu Tianfeng frowned and asked coldly.

But no matter where the person was hiding, he had to find him. He didn't want to leave a clue and be caught by that guy Lin Baizhong.

"Look for them and kill them immediately if you find them." He ordered.

"Yes, Master." The guard responded and was about to turn around and go out.

"etc."

Lu Tianfeng stopped the person again.

"Master, do you have any other orders?" The guard turned around and asked.

"After killing the person, make the body more terrifying and throw it directly into the city. Let me see how capable our Commander Lin is to find out what happened to me!" Lu Tianfeng sneered and ordered road.

These days, he was really frustrated and needed a place to vent.

Lin Baizhong's place is obviously the best outlet. He just wants to make the people in Sky City panic, and then laughs at Lin Baizhong who can't find the murderer and is worried there.

That appearance must be particularly good-looking, right?

"Yes, Master, I will take care of it now."

The guard seemed to be used to his master's perverted behavior, so he responded calmly and went out to look for someone.

"explain!"

After the guard left, Lu Tianfeng looked at the other guard and uttered one word coldly.

"Master, since you were watched by An Shen and An Meng..." The guard glanced at his master cautiously. After seeing his gloomy eyes, he dared not say anything else and swallowed.

The most embarrassing thing in his master's life is to be stared at by An Shen and An Meng, even while taking a bath, right?

Moreover, they even used something like soul-inducing beads, which are only used to deal with extremely vicious criminals.

"After that, many of the alchemists we sent to sign up were rejected. Now, there are only two alchemists who can stay on Lin Nian's list, and as for the alchemists, there is no one."

"hateful!"

Lu Tianfeng cursed bitterly.

Lin Baizhong, he did it on purpose. He always thought that he knew that Lin Baizhong's attitude towards him was not very good, just like Lu Tiankuo, he also had a bad face.

It's just that he knows how to be forbearing better than Lu Tiankuo, and nothing he has done in these years has been discovered.

That's why he was not interrupted by Lin Baizhong until he was out of breath.

Now, so many of the alchemists he sent have been sent away. This must be Lin Baizhong's intention!

"Where's the list?"

He stared at the guard coldly and asked.

"The list... doesn't exist." The guard lowered his head.

"Only Lin Nian knows who are the specific alchemists and alchemists who can enter the Sea-Kuo Forest. Our two people have also been warned not to leak the news that they can enter the Sea-Kuo Forest.

Otherwise, Lin Nian has the right to disqualify them. "

Therefore, they had no way of knowing about the list, because no one would risk being disqualified by leaking the news that they could enter the sea forest.

"Lin Nian!"

Lu Tianfeng was really angry to death. This Lin Nian, why didn't he stay in Huanglu? Why did he come back?
