

Star of Space 2361

Chapter 2361 It's really sad

"Mother!"

With a 'bang' sound, Mrs. Ding's body bounced off the wall again and landed on the ground.

'puff! '

This time, Mrs. Ding really spit out a mouthful of blood.

"I hate it when other people tell me what to do."

Liu Yuyang slowly raised his feet and walked to Mrs. Ding.

"Do you want to boss me around while my husband is away? Do you want to put pressure on me so that I have to hand Ding Rong back to you?"

"Lin...Mrs. Lin, you...don't be angry."

A little maid carried it and looked at Liu Yuyang who was looking down at them. She swallowed and explained to her bravely.

"My mistress just misses the eldest lady too much. She doesn't mean any harm, really!"

But God knows, even her little maid felt that her wife was not here to see the eldest lady at all, but to bring bad luck to the Mrs. Lin in front of her.

In other words, this Mrs. Lin is the wife of Lin Baizhong, and she is an eyesore to her mistress, so she is just looking for trouble!

"Mrs. Ding, to be honest, with your behavior and character, if Ding Rong stays by your side and is taken care of by you, it will ruin your daughter's life!"

Liu Yuyang looked at Mrs. Ding with cold eyes and sneered.

"You are married to a good husband-in-law who can tolerate your harsh, irritable and irritable temperament, but the same cannot be said for your daughter. If you marry a strong-willed husband-in-law, the rest of her life will be miserable!"

She has really seen this Mrs. Ding.

"you you....."

Mrs. Ding endured the severe pain in her body and stood up slightly tremblingly with the help of the maids.

But after hearing Liu Yuyang's rude words, he was so angry that his heart ached.

"You are so presumptuous. Do you know who I am? I am..."

"Is she the head matron of the Ding clan?"

Liu Yuyang took her words and looked straight at her with mocking eyes.

"It's really sad that the Ding family has a mistress like you. No wonder the Ding family can't become the largest family in Sky City even with the support of the city lord's wife!"

"you--"

Mrs. Ding was almost angered to death by this sentence.

The Ding family cannot become the largest family in Sky City. That is because she is incompetent. What does it have to do with her?

"You are so bold! How dare you slander our Ding family."

"Ah."

Liu Yuyang chuckled.

She really didn't want to say a word to this woman.

But the key point is that she doesn't have to say it even if she doesn't want to. This woman is just blocking the door of her house. She has to get past them before she can go home.

"Move the carriage," she said coldly.

"Yes Yes."

The maid responded and wanted to give instructions to the coachman.

How can Mrs. Ding be willing? She has to get back the loss she suffered from Liu Yuyang today, right?

"Whose maid are you, and whose orders are you listening to?"

She slapped the maid backhand and cursed.

"Slave..."

The maid covered her face and glanced at Liu Yuyang secretly.

She is Madam's maid, but isn't it said that a good man never suffers the consequences of his time? Put together, they are probably no match for Madam Lin in front of them.

What's more, she is Commander Lin's wife. If Commander Lin knows what happened today, his wife will be scolded again.

Chapter 2362 I have to bring him to the door!

"Madam, why don't we forget it and let's go back and find the head of the family first?"

"Shut up!"

Mrs. Ding was so angry.

No matter what kind of house owner she is looking for, that man will only show his authority in front of her and will not allow her to come to Lin Baizhong to settle accounts.

Now that she has come out, she has seen this yellow-faced woman from Lin Baizhong's family. How could she go back in such a dejected state? If she really went back like this, where would she put her face?

Besides, she hasn't even met her Rong'er yet.

"Hmph! My lady just won't let this carriage leave. She just wants to block it here. I want to take a look. What can you do to me?"

Liu Yuyang: "..."

Is this lady sick, and is it the kind of illness that cannot be clearly defined? It was just a carriage, could it still stump her?

"Since Mrs. Ding said that, I don't have to be polite, right?"

Her eyes turned cold and she looked at Mrs. Ding.

"You...what do you want to do?"

Mrs. Ding was so cold that she stared at her and took a step back involuntarily.

Although she wanted to save her face, to be honest, this woman was really unambiguous when it came to hitting people.

She was still in terrible pain from the two blows he had just given her.

"What do you want to do?"

Liu Yuyang emphasized her words and curled his lips slightly.

He raised his head and looked at Madam Ding's carriage, and Madam Ding's eyes also followed Liu Yuyang's gaze towards her own carriage.

The next moment, she saw her carriage. It moved a few times, then flew up completely and smashed towards the other side. With a 'bang', it was smashed into pieces.

"ah!"

Mrs. Ding's mood at the moment was as shattered as the carriage.

She was so frightened that she screamed, and regardless of the pain on her body, she grabbed the maid and ran away quickly with the help of the maid.

"laugh."

Liu Yuyang looked at their figures leaving quickly and sneered.

...

"What did you say?"

Among the Ding clan, Mrs. Ding, who had already put aside her family affairs and found a place to practice cultivation, concentrated on practicing. After hearing what Aunt Fang said, her whole body felt bad.

"Old Mistress, our Mistress, if you don't take care of us anymore, I'm really afraid that you will die." Aunt Fang has been with Mrs. Ding for many years. What she said was in front of Mrs. Ding. There is also some portion.

In recent years, the head of the family always felt that he owed his mistress because of his concubinage, so he pampered her even more and more lawlessly.

Although Commander Lin had only been in Sky City for a few years, he was the one who saved the lives of the city lord and his wife after all, so he had a sense of kindness.

Moreover, Commander Lin is also very capable and has helped the city lord do a lot of things.

In Sky City, they never look at how many years someone has lived in the city or whether he is a native, but rather based on ability. If Lin Baizhong is capable, then he is someone who cannot be offended.

But they, the mistress, just refused to listen and had to get into trouble!

"She's so presumptuous!"

This old lady was also angry and cursed.

Although Rong'er's child was the direct daughter of their Ding family, she also disliked her willful temperament.

But her son likes her, and feels that he owes the mother and daughter, so he wants to make up for it.

She had no choice but to turn a blind eye to her son.

Unexpectedly, her connivance made the woman become even more violent, thinking that she could become lawless in Sky City.

Chapter 2363 Something that is easy to expose!

"As for Rong'er, even if she wanted to see her daughter, I don't understand her suffering as a mother, but...how did she do it? Was she going to see her daughter, or to be with her own daughter? My daughter's enemy?"

If someone else's daughter is in the hands of someone else, they will definitely apologize with nice words and ask for their daughter back first.

But what about her?

Her daughter was still in the hands of others, so she did this. If it were her, she would not return Ding Rong to that stupid woman.

"Idiot, idiot!" she cursed.

"Where is the head of the family? Where is he? His wife did such a thing, can he stay out of it?"

She looked at Aunt Fang and asked.

"Back to the old lady, the master of the house is indeed not in the family. Recently, because of the incident involving the city lord's wife, the master of the house was called to the city lord's mansion early in the morning and has not returned yet." Aunt Fang said a fair word for the Ding family master.

"Moreover, the old slave heard from Mei'er that the mistress secretly went to find Mrs. Lin behind the master's back. The mistress first went to the city lord's mansion to find the city lord's wife. The city lord's wife did not agree to her request, so she got angry and went At the residence of Commander Lin.

Before, the head of the family had repeatedly warned the mistress not to go to Commander Lin to make trouble because of Commander Lin's affairs. "

she said.

"This idiot is so stupid!"

Mrs. Ding was so angry in her heart, but it happened that the idiot she called was her daughter-in-law!

Why was she so blind that she fell in love with such a daughter-in-law?

"I have already made up my mind about Rong'er, doesn't she already know about it? How dare she go out to cause trouble?!"

Regarding the matter of Ding Rong, although she disliked this granddaughter very much, she was the direct daughter of their Ding family after all, and represented the face of the Ding family, so she couldn't really let her go.

Therefore, after learning that Lin Baizhong had returned, she ordered her nanny to prepare a banquet early in the morning, and was preparing to go to the Lin Mansion to invite them to the banquet.

That stupid woman also knows this.

How could she know that even though she knew about this, she still followed her own temper and went to find Mrs. Lin to make trouble.

She thought that since Mrs. Lin came from Huanglu, she could be bullied and do whatever she wanted, so she would hand over Ding Rong?

How can it be that easy?

Then Lin Baizhong came from Huanglu. He was already so old, but he was still able to practice, and he was even better than many people in Sky City.

There is also Lin Baizhong's woman, who just came from Huanglu and is already a well-educated person.

In a family like this, would the mistress of their family be easy to bully?

Even if she is really easy to bully, she is still Lin Baizhong's wife. Offending her is equivalent to offending Lin Baizhong!

"Yes, old mistress, the old slave is ready and is about to deliver it to Commander Lin personally, but this..." Aunt Fang looked at her old lady with some embarrassment.

It could have been sent directly, but now... How could I send it after Mrs. Ding made such a fuss? It would probably be returned if I sent it. Who makes their wife like to offend people?

After listening to her words, Mrs. Ding also took a deep breath.

At this moment, she really wanted to slap that stupid woman to death with one palm, something that failed to accomplish anything but failed more than enough!

Chapter 2364 What do you want to do?

"You still have to deliver it in person and apologize to Commander Lin in my name." She ordered Aunt Fang.

"Yes, I understand." Aunt Fang responded.

"Why!"

Mrs. Ding sighed softly.

It's not like she had to help her daughter-in-law by turning her elbows outward.

But Lin Baizhong did save the life of her daughter and son-in-law. Moreover, Lin Baizhong also helped her daughter and son-in-law a lot in Sky City over the years. She was a discerning person and saw things really well.

Now, because of the Haikuo Forest issue, Lin Baizhong has to be troubled again.

With so many realities in front of her, she can't target someone who is beneficial to Sky City and is kind to her daughter and son-in-law just because of her daughter-in-law, right?

"Send someone to guard it. As soon as that stupid woman comes back, ask her to come to see me, and the head of the family, ask him to come too!"

She ordered again to Aunt Fang.

"Yes, old mistress, I will send someone to guard you right now." The housewife responded.

However, she did not leave immediately, but raised her eyes to look at Mrs. Ding.

"Old mistress, Mei'er's matter..."

Mei'er was almost killed by Madam Ding. If she stayed with Madam any longer, she would probably die sooner or later.

"That girl is in my yard. Let's arrange an errand for her." Mrs. Ding thought for a while and said.

"Yes, old mistress, I would like to thank my old mistress for Mei'er's kindness." Aunt Fang took the order and went out.

...

Because there was no carriage and Liu Yuyang was scared to death, Mrs. Ding and several maids even forgot to hire a carriage on the road and walked back to the Ding clan on two legs.

When she got home, it was already two hours later.

She was so angry that she was about to go back to her yard and smash something to vent her anger, but she was caught by the maid next to Mrs. Ding who was waiting outside the door.

"Mistress, old mistress invites you." The maid looked at her with a smile on her face.

Mrs. Ding: "..."

She had a bad breath stuck in her throat and almost vomited blood again.

Her immortal mother-in-law, whom she couldn't even see on weekdays, why did she want to see her today?

Suddenly, she noticed that Mei'er beside her was missing. It seemed that she had disappeared when she was at the door of Lin's house.

Her heart skipped a beat, and she secretly screamed something bad.

Did that little bitch run home silently and complain to the old lady?

If so, that would be bad!

"Mrs. I am tired and need to go back to my yard. You go and tell the old lady. I will go there later." She made an excuse and prepared to go back to her yard first.

Unexpectedly, the maid did not allow her to leave just like that, and stepped forward to block her progress.

"What do you want to do?"

Mrs. Ding frowned and asked coldly.

"If you want to go back to Mistress, I would like you to come over," the maid said again.

"My wife said, I am tired..."

"The master of the house has just returned. It's already passed and he's waiting for the mistress." Before she could finish speaking, the maid said again.

Mrs. Ding: "..."

Has even the head of the family been alarmed? Then wasn't she scolded again yesterday?

She just wanted to see her daughter and see if she was doing well. What was wrong with her?

Does that old guy have to hold on to her pigtails? Why doesn't she die? She's so old, what is she still doing?

Chapter 2365 Haven't you done enough bad things?

"Okay, Mrs. Ben, go over. She took a deep breath and nodded.

She wanted to see what went wrong in going to find her daughter.

...

In the old lady's yard, the head of the Ding family has already arrived.

And he also learned from Aunt Fang that his wife secretly went to find Lin Baizhong's wife behind his back, and the two had a dispute.

Of course, he also found out that his wife had been beaten.

But it was strange. He should have been very distressed when he heard that his wife was beaten, but now, he actually let out a sigh of relief.

If Lin Baizhong's wife was really beaten, then even his good sister would be embarrassed by him.

Because when I went to the City Lord's Mansion today, Lin Baizhong was also there. His brother-in-law, the City Lord, listened to Lin Baizhong's opinions in many respects.

This shows that Lin Baizhong's status in the heart of the city lord is higher than that of the Ding family, not lower.

"Zhuzui, you don't have to look like this. If it weren't for your mother, I wouldn't help your wife. It's really... what she did is too much." Mrs. Ding looked at her son with a hint of anger on his face. I thought he was angry for his wife.

She could only speak out and persuade.

"You know to some extent how Rong'er went after Commander Lin back then. You know that Commander Lin has a wife, but your wife not only did not object, but instead tried her best to support her daughter.

Later, Commander Lin's daughter came to the door. Instead of going home peacefully, Rong'er chased after him and threatened to kill Commander Lin's daughter? Commander Lin is not allowed to go back to find his wife.

You also know this. "

"I know."

Ding Zhuzui lowered his head and nodded.

There should be few people in the entire Sky City who don't know that his daughter is pursuing Lin Baizhong.

But even when Lin Baizhong lost his memory, he once said that he had a wife at home, but he just forgot where his home was.

Otherwise, it would have been impossible for him to stay in Sky City all these years and he would have gone to find his family long ago.

"Mom, I will tell Cui Niang. I will never let her do anything that disgraces the family again." He said to his own mother.

Hearing this, Mrs. Ding frowned heavily.

With that woman, do you really just say a few words to her and she will listen?

snort!

She snorted in her heart.

I'm afraid that if they just say a few words to her so lightly, she will become even more serious. Instead, she feels that they are just in front of the city lord's palace and will not really blame her.

"Zhu Zui, do you really not know what your wife is like?" She asked her son coldly.

"If it weren't for the children who have been protecting Qiong Ying all these years, would they still be alive? They have been so cruel to people in their own family, let alone people outside.

With the help of her sister-in-law, the wife of the city lord, she boasts all over the world, hasn't she done enough evil things?

Do you have to ask me to list all the things your wife has done one by one before you feel that this wife is worthy of you? ? ?

It was also my fault back then. Why did I believe what others said and thought Cui Niang was a gentle and virtuous girl? Oh, I really regret it. "

"I....."

Ding Zhuzui opened his mouth, not knowing how to refute the old lady's words.

Chapter 2366 Is it offset?

"Mom, it was because of me that Cui Niang had a difficult delivery. After giving birth to Rong'er, she could no longer be pregnant. I...I am always ashamed of her for this matter.

He brought it up again.

"Just for this matter, how long are you going to keep her?" Mrs. Ding asked him.

"I....."

Ding Zhuzui didn't know what to say anymore, so he could only shut up.

"Okay, you are really my good son and your sister's good brother!" Mrs. Ding looked at him like that and was really angry.

"Mom, I know Cui Niang did something wrong, and I will scold her, but Cui Niang misses her daughter, and it's not all her fault. Don't you think so?"

Although Ding Zhuzui was angry with his wife, she was his wife after all. Couldn't he help her?

Therefore, the words helped her speak more or less.

"If she really missed her daughter, she would definitely be nice to ask Mrs. Lin when she met her. But what did she do? Use a carriage to block the door of the house, and without saying a word, let the people around her come up Smash the door in front?

Is this what you are saying, does she miss her daughter? How could she miss her daughter? She clearly wanted her daughter to die! "

Mrs. Ding patted the table next to her with one hand and said to her son.

"Then she was also beaten by Mrs. Lin, why not just... offset it?" Ding Zhuzui suggested.

"What a fart!"

Mrs. Ding was so angry with her son that swear words came out of her mouth.

"Let me ask you, is Mrs. Lin eager to let your daughter-in-law go to their house to cause trouble? Is that so?

She came to ask for it herself! Not only that, she also made rude remarks and directly called Mrs. Lin a yellow-faced woman. Now ask your friends outside, if they say something to you, they are the yellow-faced woman in your family. In your heart, you are a yellow-faced woman. What does it feel like? "

Not to mention Mrs. Lin's young age, even if she is an old woman, if she is called a yellow-faced woman, how much peace of mind will she have?

"Mom, is it unfair for you to speak for Commander Lin like this? Then he is still holding Rong'er captive." Seeing his mother criticizing his wife's faults, Ding Zhuzui began to favor himself. Madam.

"Ah."

Mrs. Ding sneered.

"If a woman outside came to your door today and wanted to kill your daughter or your wife, what would you do?

What's going on, are you going to open the door and let people in, then wash the necks of your daughter and your wife, and let people come and chop them to death? "

she asked.

"|--"

Ding Zhuzui was so questioned by her that she didn't dare to say a word.

"You really have the nerve to say that." Mrs. Ding sighed with emotion.

"Don't you just think that Commander Lin can't survive for long in Sky City just relying on the support of the city lord alone? That's why you think that whatever your daughter wants to do to him is natural."

"I....."

Ding Zhu was drunk and speechless.

At first, he really thought so.

He thought that if Lin Baizhong could be promoted and fell in love with his daughter, then he could promote him so that Lin Baizhong could use the Ding family as his backing to reach a higher level in Sky City.

Moreover, Lin Baizhong is a popular person around the city lord, so it would be good for him to get closer to the Ding family.

Chapter 2367 As for what?

Even though he is a little older, it doesn't matter.

But Lin Baizhong didn't want to. He rejected his daughter early in the morning. Even if his daughter wanted to transfer her money, Lin Baizhong wouldn't do it.

"Zhu Zui, this Sky City is far from being the only one in our Ding family!" Mrs. Ding sighed heavily again and said to her son sincerely.

"Moreover, look at what your wife is doing. She knew clearly that I had ordered someone to prepare a banquet for Commander Lin and his wife, but she still showed up.

What is she doing? Are you slapping me, my mother-in-law, in the face? "

"Mom, you are serious, Cui Niang doesn't..."

Ding Zhuzui really couldn't tell the word "I don't know". It was really possible that his wife had deliberately gone to find trouble with Mrs. Lin in order to go against his mother.

"I don't care whether your wife knows it or not. Today's matter must not be forgotten so easily."

Mrs. Ding no longer gave him a chance to speak, and directly said, if her daughter-in-law is allowed to continue to act like this, how can the Ding family get ahead?

Mrs. Lin was right. The reason why the Ding family was married to the City Lord's Mansion and still couldn't become the first family in Sky City was because of that woman!

"Tomorrow I will host a banquet for Commander Lin and his wife. I don't want to cause any more trouble. You ask your wife to give me some peace of mind. If not, let alone her status as the mistress of the house, you are the head of the house. You can consider asking someone else to do it.

She warned her son sternly.

She doesn't just have a son, not to mention a grandson. Although he is still a little younger, he is still capable.

With her help, he can always grow.

"mother!"

Ding Zhuzui couldn't believe that his mother would say such serious words.

Isn't it just Lin Baizhong and Liu Yuyang, as for that?

Even if Lin Baizhong works for the city lord, isn't the city lord his brother-in-law? They are the closest people, so who does Lin Baizhong mean?

How could Lin Baizhong be worthy of his own mother saying such cruel words to him?

But only Mrs. Ding knew what she wanted.

She knew everything about her daughter, including the fact that she was not pregnant.

But she won't tell this son who only listens to his wife's words. Only she knows about this matter. She will help her daughter if she can.

Of course, what her daughter means is that Rong'er will definitely not hurt her when she is with Lin Baizhong's daughter, and maybe she will be much better than when she was with her daughter-in-law.

However, she still had to entertain those who should be entertained. She always wanted to know how her granddaughter was doing.

By the way, it can also get closer to the Lin family, which is also a good choice.

However, she thought so much about her daughter and this worthless son, but she never thought that her daughter-in-law would come out to ruin her good deeds.

This is really unexpected.

"call!"

She glared at her son and sighed heavily.

Just when she was about to let Ding Zhuzui leave, Granny Fang came in and said that Mrs. Ding had arrived.

"Let her in."

She said something to Aunt Fang.

Chapter 2368 Do you know about this?

Aunt Fang took the order and went to bring Mrs. Ding in.

"Master!"

As soon as Mrs. Ding entered the door, she saw her husband sitting nearby with a not so good expression.

Because he was afraid of being punished by the old lady again, he quickly came to Ding Zhuzui's side and looked at him aggrievedly.

"Master, Lin Nian's wife is really hateful. She actually beat me until I vomited blood. Master, you must make the decision for me. You must not let her go!"

"I....."

Originally, Ding Zhu was drunk in front of his own mother and was still speaking for his wife.

But when he heard his wife's words, his face suddenly darkened. Not only did this woman not know her fault, but it was not enough to make trouble herself. She also wanted to instigate him to go against Lin Baizhong?

It seems that his mother is right, this woman really can't do anything without a lesson.

But Mrs. Ding looked at her husband's ugly face, but she didn't think so. She felt that Ding Zhuzui knew that she was injured, felt sorry for her, and was angry with Lin Baizhong and Liu Yuyang.

She felt that as long as she coaxed the man a few more words, he would definitely make the decision for her and kill that Liu Yuyang!

Mrs. Ding, with a faint smile on her face, looked at her son as if she were watching a joke!

With such a faint look, Ding Zhuzui's face turned hot and his whole body felt bad.

"Master, you don't know how cruel that yellow-faced woman is. Not only did she beat me, but she also said bad things about Rong'er. She actually said that our Rong'er was uneducated and that I had spoiled Rong'er.

Rong'er is doing well, what an obedient child she is. Head of the family, you can't let that yellow-faced woman bully our daughter.

She dared to say that to Rong'er in front of me. It can be seen that in a place where we can't see, she might bully our Rong'er. Head of the family, you must rescue Rong'er. "

Mrs. Ding moved her daughter out and told her husband about her grievances and her daughter's grievances.

However, Ding Zhuzui's face became increasingly ugly.

Doesn't he himself know what kind of virtue his own daughter is? Even his sister has secretly mentioned it to him several times.

To say that Ding Rong is uneducated is not a bad thing.

However, he secretly felt that Mrs. Lin was indeed a powerful woman. Otherwise, she would not have said these words directly in front of his wife. At least she would have said it more tactfully.

After all, Ding Rong is also his daughter, the eldest daughter of their Ding clan.

But, he also thought, to put it mildly, he might be afraid that his wife would take advantage of him and feel that the other person was someone who was easy to bully, right?

At this moment, Ding Zhuzui's heart was really conflicted!

"Cui Niang, I heard that my mother is hosting a banquet for Commander Lin and Mrs. Lin. Do you know about this?" He looked at his wife with a heavy look and asked.

"this....."

After hearing this, Mrs. Ding paused and glanced at the old lady secretly.

If it were somewhere else, she could have denied it. No one knew about it anyway, and it wouldn't have spread to the old lady's ears.

But this is the old lady's yard, and the old lady is still sitting next to her. She can't deny it directly in front of the old lady, right?

After all, the old lady specially sent someone to inform her before and asked her to prepare in advance.

Why did she prepare so early? She was obviously asked to prepare some more gifts and apologize to Lin Baizhong's wife and daughter for Rong Er.

Chapter 2369 No problem at all

"My mother sent someone to tell me about this, but... the head of the family, I don't think Lin Nian is just a commander. What's the big deal? Why do you want our Ding family to entertain him?"

She didn't feel that she had done anything wrong. Instead, she felt that the old lady had elevated Lin Baizhong and his family, regardless of the dignity of the Ding family. m

"Where does he have such a big face? If you ask me, just give him a good beating and ask him to hand over our Rong'er. It's over. There's no need to go to such trouble."

she said arrogantly.

"you....."

Ding Zhuzui was almost angered to death by her words.

With her arrogant look and tone of voice, if others don't hit her, who will they hit?

She just deserves to be beaten!

"Cuiniang, you went to the Lin Mansion today and this is how you talked to Mrs. Lin?" he asked in a cold voice.

"Then what do you want? My wife's ability to surrender to the Lin family is enough to give Lin Nian face, but that yellow-faced woman from Lin Nian's family dares to hit me. Family leader, you must... ah! "

'Snapped! '

Two voices sounded at the same time.

Mrs. Ding stared blankly at her husband, still maintaining the same posture as after hitting someone, just staring at her.

"Master, you...you hit me?"

She opened her mouth, and after a while, she choked out a few words.

"You have such a bad mouth, even if I hit you lightly!" Ding Zhu said in a drunken voice.

If he were Lin Baizhong's wife, he would have beaten her to death!

Who does she think she is? When she looks down on others, she doesn't think about whether others look down on her.

"As the matron of the Ding clan, do you still have the appearance of a matron? Cui Niang, don't tell me, do you really think there is nothing wrong with Rong'er's lawless temper?"

"I....."

Mrs. Ding opened her mouth and wanted to say of course not.

Anyway, this is what she has been doing over the years. At home, no matter how arrogant or domineering she is, the man in front of her will still tolerate her and coax her.

But she never expected that after the man had been tolerant for so many years, he would suddenly explode.

He actually beat her? !

"Rong'er was conquered by Commander Lin's daughter today. She asked for it!" Ding Zhuzui glared at his wife and roared.

Before, he felt that his wife was quite pitiful, and no one stood on her side or thought about her.

But now, he really can't tolerate such a person. She obviously did something wrong, but she still feels that it is someone else's fault, and others deserve to let her go.

"And there's you! You have spoiled Rong'er's temper. At home, she takes pleasure in bullying her younger brothers and sisters. Outside, it's still the same. Don't you have no responsibility at all?"

The head of this family tells you that Rong'er is being bullied outside now, and it's all because of you! "

"me....."

Mrs. Ding trembled, not knowing how to reply.

What did she do wrong? She is just a daughter, is it wrong to pamper her?

"I... the head of the family, you said this was my fault, but what about you? You still doted on Rong'er and allowed Rong'er to act up outside. If she is today, you are not wrong?"

She didn't want to bear such a huge responsibility alone. Why was it her fault that her daughter was crooked? They were parents, and no one could run away.

Chapter 2370 Not satisfied anywhere

With a backhand, she began to accuse her husband. If he hadn't doted on Rong'er and watched Rong'er bully that little beast born of a bitch, and never stopped him, how could she dare to indulge Rong'er?

So all this is Ding Zhuzui's fault, not her!

"you--"

Ding Zhuzui really wanted to slap him away.

But think about it, he was actually at fault. It was because he felt ashamed of the woman in front of him that he indulged her and the child she gave birth to.

"Yes, it's my family's fault, but I don't want to make any more mistakes now!"

"You... Patriarch, what do you mean by this? Do you want to let Rong'er be bullied by outsiders and just let him go?" Mrs. Ding asked.

"Who says I don't care?"

Ding Zhuzui was almost pissed off by her.

How could he ignore his own daughter?

But, he always has to be able to see his daughter before he can take care of it, right? No one is around, so who does he care about?

"hehe."

Listening to their conversation, Mrs. Ding, who had been silent, chuckled twice.

"I can't even control my own wife, and I still want to control my daughter."

She shook her head and looked at her useless son. His wife was pointing at him and scolding him, but he couldn't control it. Who could expect him to educate his children well?

Fortunately, Qiongying's children grew up by her side and did not grow crooked.

Otherwise, she would really have no place to cry.

"mother!"

Ding Zhuzui saw that his mother came out to talk again and called her out angrily.

"laugh."

Mrs. Ding sneered.

"Cuiniang, do you think that just by messing around like this, you can make me forget how you went against my words? Huh?"

"Well!"

Hearing this, Mrs. Ding was speechless for a while.

Yes, that's what she thought just now. Anyway, she knows her man well. No matter how fierce the quarrel is, she only needs to coax him a few more words.

But this is not the case here with this dead old woman.

The damn old woman really knows how to settle accounts with herself!

"After you knew that I wanted to have a banquet with Commander Lin, you still came to our door. Why? Are you dissatisfied with me?" Mrs. Ding asked.

"No... no... Cui Niang doesn't dare."

Mrs. Ding lowered her head and did not dare to say anything more.

If you want to ask her what dissatisfaction she has with the old lady, she is dissatisfied with this dead old lady everywhere!

She was already half dead in the earth, but she was still restless and always wanted to take care of her affairs. She wished that the old woman would die right now!

But reality doesn't allow it, and the old woman's body is really strong.

"Haha, I really don't know what else you dare not do!" Mrs. Ding stared at her coldly.

"Forget it, given your thoughts, it is no longer suitable to be the mistress of this family. Aunty, go and get all the accounts and keys in the house. While my body is still strong, I can still take care of this house for a few days."

"Yes, old mistress."

Aunt Fang immediately responded and walked to Mrs. Ding's side.

"What?!"

Mrs. Ding couldn't believe her ears.

Is this to take back the housekeeping rights in her hands? How is this possible? This is definitely not possible, the housekeeping power must be in her hands.
