

Star of Space 2371

Chapter 2371 I can't stand your apology

If this matter spreads out, where will she put her face? Not to mention her mother's family, even the little naughty fox at home would laugh at her secretly.

That little coquettish fox, ever since he was carried in by Ding Zhuzui, his belly was like a ball, and it would bulge at every turn.

It has only been ten years since I gave birth to five children, and now I have another one in my belly!

She relied on her power as a housekeeper and her status as the mistress of the house to be able to control that little naughty fox. If her power as a housekeeper was taken away, how could she deal with her?

"No, no... Master, no, I was wrong, I know I was wrong, please let me go.

She screamed like crazy, but halfway through, she suddenly thought that she couldn't go head-to-head with this dead old woman, so she could only stop her voice and turned to look at Ding Zhuzui.

"Master, I really know that I was wrong. I will never do this again. Please ask mother not to take back my stewardship, okay?"

Ding Zhuzui looked at such a woman and sighed softly in his heart.

How could she know she was wrong? She clearly didn't know she was wrong!

If she really knew she was wrong, how could she beg for mercy from him? Instead, she begged her mother directly for mercy, begging her not to take away the housekeeper's rights.

At this point, she was still thinking about letting him deal with his mother, using him as a tool she could use!

"Cui Niang, you have been in poor health these past few months because you miss Rong'er. Please give the housekeeping rights to your mother for the time being. When you feel better, come back and beg your mother, and she will give you the housekeeping rights. .

He said earnestly.

"What?!"

Ding Zhuzui's words were undoubtedly a bolt from the blue for Mrs. Ding.

She thought that as long as she relented and begged her husband in a soft voice, Ding Zhuzui would speak for her.

But now, why doesn't even her husband-in-law help her?

"Master, Master, I really know I'm wrong, I know I'm wrong!"

She was extremely panicked, fearing that after handing over the housekeeper's power, she would lose more and more in the future, so she clutched Ding Zhuzui's sleeve and hurriedly admitted her mistake and apologized.

"I shouldn't have gone to see Mrs. Lin. I was wrong. I will admit my mistake to her. Head of the family, you..."

"Since you know you were wrong, why don't you apologize to your mother? As an elder and as your mother-in-law, can't she bear an apology from you?"

Ding Zhuzui interrupted her, glared at her angrily, lowered his voice and growled at her.

"I....."

Mrs. Ding was stunned by the roar, and turned her head involuntarily to look at Mrs. Ding.

Ask her to apologize to this dead old woman who is always against her? How could she be so shameless?

If it weren't for Mrs. Ding, she would have killed the little beasts Qiong Ying gave birth to over the years. It was this dead old woman who got in the way, and she failed again and again.

Moreover, Mrs. Ding also set a rule for her son. No matter what, the man must spend the night in Qiongying's yard within fifteen days of a month!

Otherwise, with her methods, how could she make that little coquettish fox's belly puff up again and again?

All this is because of this dead old woman in front of me.

She hated her so much, how could she apologize to her so humbly?

"The head of the family..."

Chapter 2372 Is God going to kill her?

She looked at Ding Zhuzui with great grievance, hoping that he could speak for her.

However, looking at such a woman who knew no mistakes, no matter how much patience Ding Zhuzui had, it would be worn away to nothing.

What's more, although the old lady was usually harsh with him, she was his biological mother and she did everything for his own good. He still knew this.

Therefore, he has always respected the old lady.

Seeing that his wife was not even willing to apologize to the old lady, he became even more angry.

"Just follow mother's wishes. Mother will keep this stewardship right for the time being." He rolled down his sleeves, shook off the hand holding his sleeve, and then glanced at the woman coldly.

"When I came out of Qiong Ying's place this morning, I saw that she was feeling a little unwell. Mom, I'll go over there and take a look first. I'll leave this place to you."

He glanced at his wife meaningfully, then turned and left.

"Master!"

Mrs. Ding was shocked at this moment!

Even if Qiong Ying could have children again, so what if one after another, she didn't care before, because in front of her, Ding Zhuzui would never mention Qiong Ying to make her unhappy.

But now...

Ding Zhuzui actually went to that woman's place in front of her!

Is this God trying to kill her?

Why, just because she went to Lin Baizhong's house, was slapped twice by Lin Baizhong's blind wife?

But she was the one who was beaten. Why was she the one who suffered in the end when she was punished? !

Why is this?

"Mom, I was wrong, I really know I was wrong..."

In the end, she had to endure her anger temporarily, turned around, looked at Mrs. Ding pitifully, and apologized to her.

"Even if it's a mistake, then go back to your own yard and think about it."

Mrs. Ding had no time to pay attention to her. She raised her eyes and glanced at the room aunt, and motioned for her to follow Mrs. Ding out.

"I....."

"Mother, I will go with you and get the keys and ledger back."

Mrs. Ding wanted to say something else, but Granny Fang had already stepped forward and stopped her.

Mrs. Ding gritted her teeth, turned around and glared at Aunt Fang hatefully.

"good."

Sooner or later, one day, the dog slave next to this dead old woman will make this dog slave look good. As long as she is still the mistress of this family, she will one day turn around.

...

In the yard, Mrs. Ding's gloomy eyes stared at the retreating figure of Aunt Fang, suppressing the feeling in her heart that she wanted to kill Aunt Fang.

"Mother..."

Upon seeing this, the maid on the side came forward and called her in a low voice, but in exchange, her wife glared at her fiercely.

"What are you calling, get out!"

What kind of mistress is she? Her right to manage the house has been taken away. What is the difference between being a mistress and being an inappropriate one?

"Old guy, just wait. One day, I will be able to step you into the mud!"

She is still young, but the dead old woman is already old. She wants to see who can survive who!

"Go and find out what's going on tomorrow, Madam. Where is that damn old woman going to host a banquet for those bastards from the Lin family?" she ordered while grinding her teeth.

"Go back to Madam, I have already found out clearly. Because Commander Lin is here, it is not convenient to be in the backyard, so we decided to stay in the front yard, at the head of the family's side." The maid immediately said.

"Where's the head of the family?"

Chapter 2373 You have to endure hardship!

Hearing this, Mrs. Ding's eyes flashed, remembering Lin Baizhong's wife's extremely beautiful face.

Let a woman go to Ding Zhuzui's yard? With Liu Yuyang's charming look, if that old pervert Ding Zhuzui saw her, wouldn't he be completely enchanted by her?

It seemed that she had to find a way to vent her anger.

Otherwise, how could she swallow this bad breath?

...

In the Commander's Mansion, Lin Baizhong hadn't returned to his home yet, so naturally he didn't know that Mrs. Ding had come to make trouble.

However, holding the invitation in his hand, he had already heard everything from Aunt Fang's mouth.

"Commander, this Mrs. Ding..."

The guards beside him also heard what Granny Fang said and looked at the leader of his family.

I never expected that Mrs. Ding would be so short-sighted. The commander had only been back for a few days, but she would dare to come to the commander's house and bully the commander's wife?

You know, although their leader has only been back for a few days, he is summoned by the city lord every day to discuss important matters, and even a big matter like going to Haikuo Forest is left to the leader!

Originally, that was the matter of Young Master Tianfeng, but in the eyes of the city lord, the status of the commander was actually higher than Young Master Tianfeng.

"Let women handle their own affairs."

Lin Baizhong glanced at the invitation in his hand and said nonchalantly.

How could his wife suffer? Even if he suffered a loss, he would be able to get it back from Ding Zhuzui when the time comes.

Since it was Mrs. Ding's fault, it was because Ding Zhuzui was not strict with the family. If he didn't turn to Ding Zhuzui, who else could he turn to?

"Yes, yes, the commander is right." After hearing his words, the guard responded repeatedly.

But I couldn't help but wonder in my heart, does the commander only love his daughter but ignore his wife?

Mrs. Lin was bullied by Mrs. Ding and came to the door. The commander actually asked her to handle it by herself? This is nothing like what their family leader would do.

However, before he could finish his thoughts, he heard the leader of his family speak again.

"Qidao, why did I hear that Ding Zhuzui bought a piece of mountainous land in Tianxia City? The owner of that piece of mountainous land originally had an owner, and he didn't want to sell it yet. Someone took advantage of his power and forced him to sell it? "

Lin Baizhong looked at the guard Qidao and asked.

"Well!"

Qida was choked severely by his own leader's words.

Commander, did you agree to let them handle the women's affairs themselves?

What you are asking is not because your wife was bullied and you want to bully her back from the Ding family master?

"It seems like that's the case." He nodded.

Who makes Mrs. Ding have no self-awareness? Then her husband-in-law will have to endure hardship!

"I heard that the rocks in that mountainous area are very deep, and there seems to be spiritual iron mines. But for several months, although the Ding family has obtained the mountainous area, nothing has been mined."

However, mining spiritual stones, spiritual iron, etc. cannot be accomplished in a few months.

Sometimes, the mine cannot be mined even for several years and becomes a waste mine, but after selling the waste mine to others, some treasures can be mined by others.

This is also common.

However, a few months ago, their leader was not in Sky City. Why did he come back? He was so well-informed and knew about the spiritual iron mine that the Ding family bought?

The leader of their family is really capable!

Chapter 2374 Am I out? !

"Spirit iron ore?"

Lin Baizhong touched his chin and chuckled.

"It's such a good thing. Please order someone to investigate it now. If you find anything wrong, come and tell me."

"Yes, Commander." Qidao responded.

Turning around, he came out to order people to investigate the spiritual iron mines in Tianxia City.

...

"Mrs. Ding sent me a note asking you and your mother to go to a banquet?"

In the inn room, Lin Caisang was chewing a chicken leg in her hand while looking up at her biological father and asked.

Since he is a member of the Ding family, it is for Ding Rong. Counting the time, the Ding family will come to visit him.

After such a long time, no one from the Ding family came to her door, and she almost began to wonder what kind of existence Ding Rong, the direct eldest daughter of the Ding family, was in their minds.

"What does dad mean to take Ding Rong to visit the Ding clan first?" she asked.

"Dad, I don't mean anything. I just came to ask you." Lin Baizhong said.

Of course he puts his precious daughter first. If she feels that Ding Rong should not appear in front of the Ding family at this time, then he will naturally not make any promise in front of the Ding family.

"It's not impossible for Ding Rong to return to the Ding clan. Her temperament has changed a lot these days."

Lin Caisang nodded, feeling that Ding Rong, who had lived in the Jinzhu Space for a period of time, had changed a lot in terms of personality. It would be okay for her to return to the Ding clan now.

"Do you want Ding Rong to go back?" Lin Baizhong looked at his daughter and asked.

You know, if Ding Rong returns to the Ding clan, he will not be able to come back obediently. By then, his daughter's golden pearl space will be leaked.

He had to worry about this.

"puff!"

After hearing her father's caring words, Lin Caisang couldn't help but chuckle.

"Dad, you really think too much. Ding Rong is now a slave in Jinzhu Space. Even if she wants to hide in the Ding clan for the rest of her life, it is impossible."

As a slave, there are not many times when you can leave the Golden Pearl Space.

When the time is up, Jin Zhuling will take the person back directly. Where can Ding Rong be allowed to stay outside as long as he wants?

"Let Ding Rong make his own decision on this matter."

She thought about it and felt that it was better for Ding Rong to decide whether he wanted to go back to the Ding clan or not.

Then, she called Ding Rong out of the Jinzhu Space.

"Huh? What kind of place is this?"

In the Jinzhu Space, Ding Rong, who was bullying Yinluqing, suddenly changed places and was completely confused.

She looked around and then saw Lin Caisang and Lin Baizhong.

"You...how did you get in?" she asked in surprise.

Also, she heard that Lin Baizhong had returned to the Lin Mansion. Shouldn't the father and daughter meet in secret? How could they meet so easily?

"We didn't go in, you came out." Lin Caisang said calmly to her.

"What? I'm out?!"

Ding Rong was really surprised. He looked at his surroundings, then opened the door and took a look outside.

Sure enough, this was an inn, an inn that looked familiar to her. It was the furnishings that an inn in Sky City should have.

"I came out, I was able to come out, I..."

Chapter 2375 Nothing wrong at all

She is so happy, so happy!

Now that she can come out, does that mean that she will never have to stay in Lin Caisang's Golden Pearl Space again?

"Come back here!"

Seeing that she was as excited as anything, Lin Caisang raised his hand and used spiritual power to lift her back from the door.

Lin Baizhong closed the door.

"What are you thinking about? My Jinzhu Space is very humane. Even slaves have the right to come out and let loose. Of course, if you stay outside for too long, the Jinzhu Order will take you back directly. Go and..."

Lin Caisang looked at Ding Rong, the meaning in his eyes couldn't be more obvious.

And listening to her unfinished words, Ding Rong felt a chill in his heart.

Without even thinking about it, I knew what Lin Caisang's unfinished words meant. That is, if she was taken back by the Golden Pearl Order, she would have to go to the Wuji Prison for a walk, right?

"I see."

She curled her red lips helplessly and responded.

"Also, how long you can stay outside depends entirely on how much merit you have accomplished in the Golden Pearl Space and how obedient you are. Otherwise, you won't be able to stay outside for even a quarter of an hour."

Lin Caisang said again.

Ding Rong: "..."

Fortunately, she has been obedient enough these days and has not violated any laws of Jinzhu Space.

Otherwise, wouldn't it take just a few words to get him arrested?

"So what happens now?" she asked.

She didn't believe that Lin Caisang had such good intentions and deliberately released her. There must be some other purpose, right?

"You, the Ding clan, have come to see my father and want you to go back." Lin Caisang said to her.

Hearing this, Ding Rong raised his eyebrows and muttered to himself, but finally someone could think of the hardships she had endured these days. It was really not easy!

"Then...when will I go back?" she asked.

"Old Mrs. Ding will host a banquet for me and my wife tomorrow. You can come with us then," Lin Baizhong said.

"It's just that when you come to the Ding clan, you should know what you can and cannot say, right? Don't cause any trouble then. It won't be that easy if you want to come out next time!"

At the right time, he warned Ding Rong in a cold voice.

He didn't have a good look on this little girl, because it was because he gave her a good look that he let herself get entangled with her.

"I know this better than you!"

Ding Rong was even more unhappy. Now, how could she have any good feelings towards Lin Baizhong?

If it weren't for this man, she would have been caught by Lin Caisang, and now she wouldn't even be free. What an unlucky thing for her!

However, I have to say that Lin Caisang's Golden Pearl Space is really a good place for cultivation. Although she has been a little tired from working in the past few months, her cultivation is really getting twice the result with half the effort!

"Ding Rong, the most important thing for you tomorrow is to make it clear to your mother. Don't let her go to my mother to make trouble every day, you know?" Lin Caisang told Ding Rong about Mrs. Ding's visit to Liu Yuyang. Again.

Ding Rong's expression changed slightly as he listened.

If it had been true before, after hearing these words, she would have felt that her mother had done nothing wrong in going to Liu Yuyang for her.

But now, I don't know if it's because of her changed mentality. Why doesn't she feel that her mother cares about her at all?

Chapter 2376 What disease?

If it were another mother, and her daughter's life or death was uncertain, how could the mother-in-law come directly to the door to make trouble, without showing any sign of weakness, and directly bossed her around?

Isn't she afraid that her daughter will suffer more from Lin Caisang and the others because of her indifferent treatment?

Moreover, these days, she really realized that she had done something wrong.

Why would she, a little girl under twenty, waste her time and youth on an old man, Lin Baizhong?

There are a lot of young talents in Sky City for her to choose from!

She must have been kicked in the head by a donkey to hold on to Lin Baizhong.

But then she remembered again, it wasn't that she had to hold on to Lin Baizhong, it was because her mother had been nagging in her ears that Lin Baizhong had become a popular person around the city lord.

Moreover, he is not too old, has good cultivation, and has become the commander of Sky City. He is the best husband-in-law candidate in every woman's mind.

She might have been brainwashed by her mother, so...

She really didn't know what to say when she thought that for the sake of power, she could personally push her daughter to a man who could be her father.

"I may not be able to persuade my mother to have such a temper." She glanced at Lin Caisang and said honestly.

Maybe, if she and her mother stayed together for a few more days, she would be brainwashed again, and then she wouldn't know which old man in Sky City her mother would want her to fall in love with.

If she couldn't afford it, she couldn't afford to hide.

"But I will try my best to persuade you, but if I really can't persuade you at that time, I can't do anything about it. But I understand my mother's temperament. What she is used to is bullying the weak and afraid of the strong. If others are really stronger than her, She will never dare to do anything harmful to that person again."

Of course, her mother's temperament is also to never look back until she hits the wall, so she will probably lose a lot.

"I will advise my father not to confront you. I can do this."

she said.

She couldn't tell whether her mother could be persuaded by her, but for the sake of the glory of the Ding family, she could still be sure to persuade her father not to do anything detrimental to the Ding family. .

"Well, that's not bad."

Lin Caisang nodded, quite satisfied with Ding Rong's words.

The most difficult thing for her is the Ding clan. After all, the city lord's wife is from the Ding clan. If they and the Ding clan are really incompatible, it will be really difficult for them to meet each other.

"Master, there is something, can I ask you for a favor?"

Ding Rong looked at Lin Caisang, lowered his voice, and asked in a low voice.

"Um?"

Lin Caisang raised his eyebrows.

Things on her side are not over yet. Ding Rong has something to ask her for help?

"you say."

"It's like this. I have a younger brother who has a disease that cannot be cured no matter how many alchemists my father hires. I was thinking, can you cure him?"

Ding Rong said immediately.

Lin Caisang: "..."

No matter how many alchemists she invited, she couldn't cure it, so how could she be sure that she could cure it well?

"What disease?"

Although she didn't know if it could be cured, she still asked.

"Uh, I don't know." Ding Rong shook his head awkwardly.

If you knew what the disease was, wouldn't it be easy to cure it? But the key is not knowing what the disease was and how to treat it?

Chapter 2377 Yunxue White Ginseng

"Um?"

Lin Caisang raised his eyebrows doubtfully again and looked at Ding Rong.

"have no idea?"

"This... I really don't know." After Ding Rong said a word, he pursed his lips guiltily.

She had only vaguely heard that if it had been her previous temperament, she would not have cared about a person who was about to die, let alone a concubine.

But now, didn't she follow Lin Caisang and become a bit more bodhisattva-minded?

Thinking that they were a family after all, if she could save them, she would naturally want to save them.

"Dad, do you know this young master from the Ding family?" Lin Caisang looked at Lin Baizhong and asked.

"What Ding Rong said should be the second son of a concubine in the direct line of the Ding family. He is seven years old this year and his body is so weak that he will collapse if the wind blows. It is not an exaggeration at all.

The head of the Ding family and Mrs. Ding spent an unknown amount of money and hired many famous alchemists for this second young master, but none of them could explain the reason.

Therefore, until now, no one knows what kind of disease Master Ding has, and they can only rely on Yunxue White Ginseng to breathe a sigh of relief. "

Lin Baizhong explained.

"They all use Yunxue White Ginseng?" Lin Caisang was surprised.

Generally speaking, Yunxue White Ginseng is used by people who are about to die, and it is used to hold their breath. This is not true at all.

Yunxuebai ginseng was used in this. It can be seen that Mr. Ding is almost far away from death.

"It's been three years."

Ding Rong stretched out three fingers and said to Lin Caisang.

How rare this Yunxue White Ginseng is, everyone in the entire Qianhuan Continent knows how much money the Ding family spent to obtain Yunxue White Ginseng, and they also begged her aunt and uncle to come forward.

She didn't know how much jealousy she had in the past because of her younger brother.

She wanted to eat a piece of Yunxue White Ginseng, but that was not allowed, but now, she really sympathized with the little guy.

After all, she can eat anything else she wants, but that's not possible for the little guy. Even if he drinks porridge, there are no rice grains in the porridge. It's just porridge paste!

Apart from Yun Xue Bai Ginseng, the other things that the little guy ate the most were the elixirs.

Lin Caisang: "!!!"

After using Yunxue White Ginseng to hang his life for three years, doesn't that mean that the little guy's life has been hanging by a thread since he was four years old?

For such a person, even if she goes to see a doctor, she won't be able to cure him for a while, right?

"I can't show up casually now, let alone as my father's daughter. I'm just afraid of this..."

"No, no, no, that's not what I meant." Ding Rong immediately shook his head when he heard Lin Caisang's words.

"Then what do you mean?" Lin Caisang asked.

"What I mean, master, is that there are one or two slave guards in your golden bead space, right?" Ding Rong asked with a smile.

Lin Caisang: "..."

What was this girl thinking, actually sending her own brother to be a slave in her Golden Pearl Space?

"I've already had you troubled enough. If one more comes, your mother won't be able to eat me!"

She looked at Ding Rong angrily and said.

"No, you have misunderstood my mother." Ding Rong said quickly.

"If my mother knew that my second brother was taken away by you, she would definitely burn incense and pray to Buddha to bless you and thank you for your great kindness to her!"

Chapter 2378: Get into my dad's bed

Aunt Qiongying's children were a thorn in her side and a thorn in her flesh in her mother's eyes!

Her mother always wanted to get rid of him and come soon.

It's a pity that my grandmother was so protective that her mother never found a chance to take action.

But precisely because of this, her mother felt resentful in her heart, wishing that someone would come out and take those little guys away every day.

Now that she can watch her second brother being taken away, her mother is too late to be happy.

"You don't want me to bring him here and replace you, do you?" Lin Caisang looked at Ding Rong and asked with narrowed eyes.

"how come?"

When Ding Rong heard this, he was immediately unhappy.

She is now practicing in the Golden Pearl Space, and her cultivation level is rising rapidly. She still wants to stay a little longer.

Besides, they are cultivators, and their life span is longer than ordinary people. Moreover, their life span is most directly related to their cultivation level. The higher her cultivation level, the longer she will live.

Speaking of which, she would not be at a loss if she stayed in Lin Caisang's Golden Pearl Space for many years.

"I just want to save someone's life, which is better than building a seven-level pagoda. After all, I am bleeding the same way. I can't just die without saving him, right?"

In fact, what she was thinking was that in that golden bead space, Sui Ziyou was Sui Zimo's younger sister, and there was Jiang Zuo, and she was a loner, with no one to confide in.

If her brother could be with her, he would be a kiss after all, right?

Besides, she was saving lives and doing good deeds!

It's like killing two birds with one stone!

"Since you said so, then go ahead and try it." Lin Caisang said.

"Shall I... go try?"

Ding Rong was stunned. Why was Lin Caisang's words so strange?

She's going to try? How could she try?

not understand.

"Of course you go and try, I can't go to the Ding clan." Lin Caisang looked at her and spoke frankly.

"Since you brought this matter up, naturally my father can't come forward. Of course, you should talk to your father yourself. If you can bring your second brother out, then I will save him. If you can't, I will save him. , then forget it."

Hearing this, Ding Rong twitched the corner of his mouth.

Go take her out, unless you use a crutch, okay?

Based on her previous attitude towards that little guy, she wanted to eat up all the Yunxue White Ginseng that he relied on for a living and kill the little guy.

Now tell her father that she wants to save the little guy's life, and her father will believe her, so there is no ghost!

However, it was not impossible at all. She could still give it a try.

"Okay, it's a deal. If I bring him out, you must help him." She looked at Lin Caisang seriously and said.

"Um."

Lin Caisang just responded lightly.

She said she would help, and of course she would. She is not the kind of person who doesn't keep her word.

"Tonight, you will stay with my father at his house and go with them to your house tomorrow. Remember, don't take advantage of this time to get into my father's bed. Do you understand?"

she warned.

Ding Rong: "..."

That was before, was it good before?

Now in the Jinzhu Space, she has met Sui Zimo, Lin Changhong, Yue Chushui and others. Even after banishing a few of them, they all look much better than Lin Baizhong, an old man who is half a century old.

How could she still like Lin Baizhong?

"Isn't this matter already over, why are you bringing it up again? I don't like him anymore, is that okay?"

Chapter 2379 I'll go with you

She rolled her eyes at Lin Caisang angrily.

"Then who do you like now? My brother?" Lin Caisang asked.

Ding Rong: "!!!"

Why the hell does the person she likes have to be a family?

That Lin Changhong is younger than her, okay?

"Am I the kind of person who likes old cows to eat young grass? She obviously likes... who I like. This has nothing to do with you, right?"

It was so dangerous that this woman Lin Caisang almost tricked her out of her innermost thoughts. This person was really hard for her to guard against!

"I don't like anyone!"

Hearing this, Lin Caisang chuckled and said nothing more.

...

The next day, many people knew that the Ding family was going to host a banquet for Lin Baizhong and Liu Yuyang because of Ding Rong's matter.

Including the city lord's mansion, Lu Tianlan and his wife also knew about this matter.

"Actually, it's okay for Rong'er to be by Commander Lin's daughter's side." Lu Tianlan came to see his wife and asked her what she thought about this matter, and the woman said this.

"I think so too, but your sister-in-law doesn't think so." Lu Tianlan sighed and said.

"Why."

The city lord's wife sighed softly.

It's not that she wants to dislike her sister-in-law, it's just that she is too petty and doesn't look like she comes from a big family at all.

"Let them be, City Lord, you don't have to pay attention to them."

Now, they could hardly take care of their own affairs, but they still had to worry about the Ding family's affairs. She really felt a little guilty.

You know, Lu Tianfeng may make moves at any time.

"Would you like to go home and take a look today?" Lu Tianlan asked.

After all, it is his wife's natal family. Even if he says he doesn't care, in fact he still has to get involved.

Furthermore, he was also afraid that the Ding family would ignore him and deal with Lin Baizhong, wasn't he?

And is Lin Baizhong so easy to deal with?

"not going."

The city lord's wife was also angry and said.

Yesterday she had a good talk with her sister-in-law, saying that she would discuss it with the city lord, but what about her sister-in-law?

Turning his back, he went directly to the Lin family and insulted Lin Baizhong's wife.

No one would think that Mrs. Ding did the right thing in this matter!

"City Lord, three days are up. I wonder how the alchemist is doing?"

She has been thinking about the medicine she asked for, and she doesn't know if she can get it. Baiduo Hangou is not a place where anyone can just go and come back whenever they want.

Moreover, how could Lu Tianfeng let them get the antidote so easily? They couldn't underestimate Lu Tianfeng, right?

"Just wait, maybe there will be news soon. Didn't you arrange for someone to be in the inn?"

Lu Tianlan was also anxious about this matter. He thought that when there was news, he would accompany his wife there in person, so as to know as soon as possible whether his wife was pregnant!

"I'll go with you then," he said.

Hearing this, the city lord's wife raised her eyes, glanced at her husband, and nodded her head lightly.

"Um."

If he wants to go with you, then go with him.

Their hearts have been hanging on them these past few days, and they are really uncomfortable.

I don't know what the final result will be. Is it true that she is not pregnant as the alchemist said?

Chapter 2380 Who is that person?

In fact, how much she hopes to give birth to another heir for her husband.

But such an idea was just an idea. As soon as it popped up, it was hit by Lu Tianfeng and he lost all thought.

Think about it, how could Lu Tianfeng be so hateful?

When it comes time to deal with Lu Tianfeng, she will not let him die so easily. She will make him miserable and unable to survive or die!

...

The Ding family.

Mrs. Ding was relieved to see that Lin Baizhong did not reject her.

At least in the case of Ding Rong, there is still room for repayment.

At the same time, she also felt that Lin Baizhong was indeed a man of general knowledge and did not look at the Ding family in a different light because of her daughter-in-law's snobbishness and viciousness.

However, on this side, Ding Zhuzui couldn't laugh or cry.

"How could something happen over there in Tianxia City? Isn't it said to be foolproof?"

Just now, news came from Tianxia City that something had happened to the spiritual iron ore that he had worked so hard to obtain.

The buyer who was originally forced by him to sell Ling Iron Mine to him actually found someone and sued the Ding family, and the person who intervened in this matter happened to be Lin Baizhong!

As long as you are a human being, you can understand what is going on, right?

In this room, Lin Baizhong gave the old lady face and was willing to take his wife to the banquet, but in the other room, he was caught off guard.

If he doesn't deal with it anymore, the Spirit Iron Mine may not be saved.

Because when he bought the Ling Iron Mine, he didn't see the mountain deed at all. In other words, he spent so much money on the Ling Iron Mine, but in the end, it might not be his.

"The Ling Iron Mine doesn't belong to that family?"

What surprised him the most was this. It was either the Ling Iron Mine or that family. He just ordered people to go there.

"Yes, head of the family, the Ling Iron Mine really does not belong to that family. That family is just the guardian of the Ling Iron Mine. Behind them, there is a master."

The housekeeper also looked at his master with a bitter look on his face.

He couldn't believe that the Ling Iron Mine they had really inquired about belonged to that family, but in the end, it turned out not to be so at all.

"Who is that person? Have you found it?" Ding Zhuzui asked immediately.

As long as he found the person, it would be easy. He could send people again to 'persuade' them to let him out of the spiritual iron mine.

After all, he spent money, so he couldn't get nothing, right?

"Master, I haven't found out who that person is yet. I just heard that the master behind the spiritual iron mine is named Liu." The steward said.

But there are really too many people named Liu in Qianhuan Continent. It is an extremely common surname, and there are also many people named Liu in Tianxia City.

But he had asked, although there are many people with the surname Liu in Tianxia City, there are none among the family members.

Therefore, now he can't figure out who owns that spiritual iron mine?

"Our people are still investigating, and I believe there will be news soon," he said.

"Hurry up and find this person for me, the head of the family!" Ding Zhuzui was anxious.

It would be fine if this matter fell on someone else, but it happened to be Lin Baizhong who was in charge of this matter.
