

Star of Space 2381

Chapter 2381 Do you want to intervene?

Just yesterday, his wife offended Lin Baizhong's wife, and now even he is about to fall into Lin Baizhong's hands. How can there be such a coincidence in this world?

He knew that it was Lin Baizhong who was warning him!

"Commander Lin is not a vegetarian. He always does things vigorously and resolutely. We must hurry up and handle this matter before he does.

"Yes, head of the family."

The butler responded, but he felt bitter in his heart.

Could it be that he didn't know Lin Baizhong's work style? Originally, he wanted to persuade the family owner to give up the spiritual iron mine.

Anyway, they haven't dug up a piece of spiritual iron stone in so many months.

But looking at the attitude of the head of his family, it was obvious that he was not ready to give up so early. No matter how much he said, it would be useless. It was better to think about how to deal with Lin Baizhong's subsequent cross-examination.

He was the one to handle this matter. He had a hunch that Lin Baizhong would find him soon.

"This Lin Baizhong is so bold that he even dares to interfere in my affairs!" Ding Zhuzui was also angry.

Lin Baizhong relied on the city lord to support him, so he really dared to offend anyone.

You know, the city lord Lu Tianlan is his brother-in-law. Can Lin Baizhong really be sure that if this matter happens, his brother-in-law will not help his brother-in-law, but help Lin Baizhong, an outsider?

"The head of the family..."

The butler raised his head and looked at his master speechlessly.

He thought to himself, who asked your wife to offend someone else's wife? As a man, Lin Baizhong must not take action to seek justice for his wife.

Although their wife was seriously injured, she came to ask for a beating herself. Who can blame her?

"Okay, okay, you go down to do things quickly and find out the owner of the Ling Iron Mine." Ding Zhuzui looked at him, waved to him directly and said.

"Yes, City Lord." The steward responded and retreated.

...

"Spirit iron ore?"

In another courtyard, Mrs. Ding was also listening to Granny Fang's report about the Ling Iron Mine.

"What happened to that spiritual iron mine so soon?" She frowned.

At the beginning, she persuaded her son not to get the spiritual iron mine, but he didn't listen. He had to think that he could eat the spiritual iron mine.

Well now, something happened so quickly, and it fell directly into Lin Baizhong's hands.

This is really...

"Old mistress, do you want to intervene in this matter?" Aunt Fang looked at her master and asked.

"Meet in?"

Mrs. Ding chuckled lightly.

"Let him deal with it by himself. Some people always have to hit the wall a few more times before they can see the reality clearly."

Her son was living a happy life in the Ding family. He had a brother-in-law who was the city lord and the head of the Ding family, so he felt that he was the most ignorant in the world and could do anything.

She knew that when she went to get the spiritual iron mine, her son was coaxed by his wife to go there?

Now think about it, at that time, her daughter was taken away by Lin Baizhong's daughter. That woman was still thinking about the spirit iron mine. It can be seen that she didn't take her daughter too seriously.

"Then we don't care?" Aunt Fang asked again.

"in spite of."

Mrs. Ding curled her lips and said.

Since Lin Baizhong intervened in this matter, it was obvious that he wanted to give her son a blow.

Chapter 2382 It's such a troubled time, but it's time to make trouble!

Although he was her son and the head of the Ding family, for the long-term future of the Ding family, she still had to be ruthless and make Ding Zhuzui fall down hard.

"Wait a minute, you just said, what is the last name of the master of the Ling Iron Mine in Tianxia City?" Suddenly, she asked Aunt Fang.

"Back to my old mistress, according to reports from people over there in Tianxia City, my surname is Liu." Aunt Fang replied.

"Surname Liu? Liu..."

Mrs. Ding murmured the word "Liu" in her mouth and looked into the distance.

"Before, you said, what's the surname of Commander Lin's wife...?" she asked Aunt Fang.

"Go back to my old mistress, my surname is...Liu!" Aunt Fang was stunned for a moment.

How could it be, how could they all have the surname Liu? Isn't this a bit too coincidental? The Fuling Iron Mine belongs to Lin Baizhong, right?

So, the head of their family used strong force to snatch away the spiritual iron mine belonging to Lin Baizhong and take it for himself, right?

"This is it."

Mrs. Ding nodded as if she knew something.

Lin Baizhong only started practicing spiritual cultivation after arriving in Qianhuan Continent.

But his wife was able to suppress the wives of the Ding family and so many maids within a few days of her arrival, which shows that her spiritual power should not be underestimated.

That should have been practiced all along.

Therefore, it is very possible that Mrs. Lin has been to Qianhuan Continent before, and that the spirit iron mine belongs to her.

Otherwise, it makes no sense to explain that Lin Baizhong was able to find out about the Ding Jialing Iron Mine not long after he came back, and he intervened with strong force.

Because, it was their family's thing, but it was taken away by their Ding family!

"These two are really capable of causing trouble."

She sighed, feeling that her son and daughter-in-law were really amazing. With such a pair of treasures in their Ding family, how could they go to the next level?

She shook her head, and then shook her head again, really wanting to kill her son.

"Old mistress, if this is really the case, then where is Commander Lin..." Aunt Fang's face turned ugly and she looked at her master.

"As for the matter between Commander Lin and the head of the family, let them resolve it themselves. Since Commander Lin was able to accept my post, he must not want to have too much trouble with the Ding family."

Madam Ding looked into the distance with her faint eyes.

"Let men solve their own problems."

She sighed again and said.

"Go and prepare today's dinner. Don't neglect others because of this matter."

"Yes, old mistress, old slave understands." Aunt Fang responded.

How could she not be clear about this? The news that Madam went to the Lin family to cause trouble yesterday has already spread in Sky City. The City Lord's Mansion, which is always well-informed, can't possibly know everything, right?

But at this moment, there was no news from either the city lord or his wife, which shows that they no longer want to help the master and his wife.

If she could no longer see the reality clearly at this time and offend Commander Lin for the head of the family and his wife, it would only make it difficult for the old lady and put the Ding family in a dilemma.

"It's a troubled time, but we want to cause trouble!"

Mrs. Ding sighed finally, feeling extremely helpless.

...

In the afternoon, in the inn, Lin Caisang thought that her parents had taken Ding Rong to the Ding clan. She sat in front of the window and looked into the distance.

Because three days have come, but her husband has not come back yet.

Chapter 2383 Injured? Is it serious?

"I don't know what happened?"

She murmured in a low voice, but she woke up the next moment and quickly slapped herself in the mouth.

"Bah, bah, bah, what nonsense am I talking about? It's really... good luck, nothing will happen to Zimo, he..."

'Bang!'

Before she finished speaking, she heard a loud noise behind her, which was the sound of the door being pushed open.

She immediately turned around and looked over, only to see a man who was in a state of embarrassment and covered in blood, turning around to close the door.

"Zimo?!"

She was startled, immediately stood up and ran towards the man.

"What's wrong with you? Are you injured? Is it serious?"

"It's okay, it's not serious. Most of it is this beast's blood."

When Sui Zimo heard her voice, he immediately turned around and threw the large object in his hand directly to the ground.

In fact, he originally didn't want to come in so bloody and scare his wife, but the reality did not allow it. If someone found out, he would kill the thing and get it back.

If time passes too long, Lu Tianfeng will definitely find that he does not want to take this risk.

"Is this... a cloud-pecking eagle?"

Lin Caisang was surprised when he saw something on the ground.

Although the Cloud Pecking Eagle is no taller than a human being, it is a must-have spiritual pet for killing and stealing. Their attack power is so strong that many strong men have been defeated by them.

But now, her husband has killed a cloud-pecking eagle?

"What's going on? How did you kill this Cloudpecker Eagle?" she asked.

"Let's not talk about this for now. Put it into the Golden Pearl Space." Sui Zimo reminded.

"Yep."

After he reminded him, Lin Caisang finally remembered.

Whether Yun Peiying should be taken into Jinzhu's space was secondary. She had to see if her husband was injured and treat his wounds.

"Let's go in together."

As she spoke, she threw Yun Peiying into the Golden Pearl space, and then took the man in with her.

...

After a while, in the medicine garden space.

Sui Zimo, who was naked from the waist up and wrapped in a bandage, was sitting on a chair to rest.

"You said that this Cloud-pecking Eagle was raised by Lu Tianfeng and was guarding it in Baiduohan Valley, preventing you from picking the antidote?"

After hearing what her husband said, Lin Caisang was really angry at Lu Tianfeng. That ghost was so smart, he actually sent Yunpeiying to guard Baiduo Hangou!

"Um."

Sui Zimo nodded.

"I was caught off guard and scratched by him."

Thinking of this, he got angry, but it was because of his poor defensive awareness that he was actually injured by a cloud pecking eagle. He would have to pay more attention in the future.

"There should be some connection between Yun Peiying and Lu Tianfeng, but Lu Tianfeng won't find out that Yun Peiying is dead yet. This guy wanted to send a signal, but I killed him directly."

He looked at the cloud-pecking eagle on a big rock and said.

"Damn it!"

At this moment, Lin Caisang wished she could burn Yun Peiying's body to ashes and hurt her husband!

"Won't Lu Tianfeng find out?" she asked.

"Not yet." Sui Zimo shook his head.

"I have checked that this Yunpei Eagle is equipped with a spiritual weapon sound transmission feather. One day after the death of Yunpei Eagle, the message will be automatically transmitted to another leaflet feather.

But I got back within twelve hours. "

Chapter 2384 You are not welcome!

"fine.

Lin Caisang breathed a sigh of relief.

Now that Yun Peiying is in her golden bead space, no matter how powerful the spiritual weapon is, the news cannot be spread.

In this case, Lu Tianfeng would have no way of knowing.

"Zimo, you must not have guessed who the lady who is not pregnant is, right?"

She changed the subject and asked him.

"Madam of the City Lord?"

Sui Zimo looked at her and said.

Lin Caisang: "..."

How did he guess it? This is too accurate, right?

Did he know this fact early on, so he didn't guess at all?

"How did you know?"

"Look at your mysterious little face, can I still guess it?" Sui Zimo chuckled and raised his hand to lightly scratch the tip of her nose.

"do not move!"

Seeing him raise his hand, Lin Caisang immediately glared at him with disapproval.

His chest was seriously injured and he had to take a good rest these days, otherwise, they would never want to go to the Sea and the Forest.

"You have to take good care of yourself. I will refine some elixirs for you to heal this injury," she said.

The claws of this cloud-pecking eagle are really sharp, and the key is that they are poisonous.

Detoxification is not difficult, but the key is that after detoxification, the wound will heal very slowly!

"I know, I will take a good rest. Of course Sui Zimo knows the extent of his injuries, and he also knows that they will go to Haikuo Forest in a short time, so there is no time to delay.

"You stay here, I'll go next door and ask them to notify the city lord's wife."

Lin Caisang said something, then left the Jinzhu Space and went outside to find the people left by the city lord's wife.

...

On the other side, the Ding family.

"Rong'er, mother Rong'er, you are finally back!"

As soon as he returned home, Ding Rong was hugged by his mother and cried miserably.

"Mom, I..."

"What are you still doing here, get out, get out, you are not welcome in our Ding family!"

Before Ding Rong could say a word, she felt herself being pushed away by her mother, who then pushed her behind someone.

Mrs. Ding glared at Lin Baizhong and his wife and shouted angrily.

"What are you still doing here? Get these two uninvited people out of here!"

She has already met her daughter, so why would she keep these two eyesores like Lin Baizhong? She would not listen to the old lady and leave them here to make herself angry.

Lin Baizhong: "..."

Liu Yuyang: "..."

Everyone from the Ding family: "..."

Is this woman crazy? Commander Lin and Mrs. Lin are distinguished guests personally invited by Mrs. Ding. Why does she want to kick them out?

"Mom, you misunderstood..."

"Rong'er, don't talk. Don't worry, mother will make the decision for you. Mother will never let go of those who bullied you!" Mrs. Ding still didn't give her daughter a chance to speak, and continued to stare. The two of them were Lin Baizhong.

Ding Rong: "..."

It's like this again, it's always been like this, as long as her mother thinks something is right, she will never be given a chance to speak!

It's still like this now, and he still doesn't give her a chance to speak.

Also, she obviously came in chatting and laughing with Lin Caisang's mother, okay? The purpose was to make up for her previous bad impression in Liu Yuyang's mind.

After all, she almost stole someone's husband and wanted to kill him.

But what about now?

Chapter 2385 Looking directly at the past self

The image she had just restored was completely ruined by her mother!

"What are you doing now?!"

Just when Ding Rong was dumbfounded and didn't know what to do, an old voice sounded from behind everyone.

When Mrs. Ding heard this voice, she was immediately startled, and her whole body trembled unconsciously.

Turning her head, she looked at the person.

"Mom, why...why are you here?"

"This is a banquet set by me. Can't I come?"

Mrs. Ding stared at her daughter-in-law coldly and asked sternly.

"If I don't come, I don't know what trouble you will cause. Aren't you just sitting in your own yard thinking about your past? Who asked you to come here?"

"I....."

Mrs. Ding opened her mouth and glanced at her daughter.

No one asked her to come over, but it was her biological daughter who came today. How could she not come over?

What if her baby girl was bullied again? Of course she wanted to come over and make decisions for his daughter. Could she still count on people like the Ding family?

She can't count on it!

"Since you are injured and you are thinking about your past behind closed doors, why don't you go back?"

It can be said that Mrs. Ding didn't save any face for her. Since this daughter-in-law can be at her banquet and openly shame her guests, what can she do to be polite?

Since we want to watch jokes, let everyone watch the Ding family's jokes!

"mother....."

Mrs. Ding gritted her teeth and glanced at her daughter again.

"Mom, I finally met Rong'er. Can I take Rong'er back with me?" she asked.

"you....."

"Mom, please go back first. I haven't seen my grandmother and father for several months, so naturally I want to be here with them." Before Mrs. Ding could speak, Ding Rong said directly to her mother.

Go back, what are you doing with her mother? Will she continue to be brainwashed by her mother?

She really didn't want to live the life she had before.

In the past, she felt that this was the Ding family and her territory. She could come whoever she wanted, and drive away whoever she wanted.

She has the same attitude as her own mother.

But just now, seeing her mother staring at Lin Baizhong and Liu Yuyang with a distorted face, why did she feel that face was so ugly.

She secretly thought, wouldn't she have the same face in the past?

That was really embarrassing. She didn't want to look directly at her former self.

"Rong'er!"

Hearing her daughter's words, Mrs. Ding could not believe that these were the words of her raised daughter!

"Rong'er, I'm your mother. Don't you want to spend more time with me when you come back?"

She also thought about asking Rong'er to help her and finish what she wanted to do. In this way, Lin Baizhong would lose all face, and the bitch who beat her would get the retribution she deserved and become a A cheating bitch!

But now, her daughter is not even willing to go with her and wants to stay here!

This made her feel so embarrassed.

"I am your dearest person!"

She held Ding Rong's arm tightly with both hands and said sadly.

"But I also want to stay with my grandmother and father. They are also my closest relatives." Ding Rong raised the other hand that was not held, separated his mother's hand, and then looked at it lightly she.

She still had many things to talk to her father and grandmother, so she followed her mother back to the inner courtyard and couldn't do anything else.

Chapter 2386 Useless things!

Moreover, she had a hunch that nothing good would happen if her mother took her back!

"you you....."

Mrs. Ding was so angry that she said "you" several times in a row. In the end, she could only look at Ding Rong with disappointment, then threw up her sleeves and left.

It's no big deal. Even if her daughter doesn't leave with her, she can still complete her plan. Now that Lin Baizhong and Liu Yuyang have arrived on her territory, can she still be unable to deal with them?

"Commander Lin, Mrs. Lin, I'm so sorry for making you laugh."

After Mrs. Ding left, Mrs. Ding showed a smile to Lin Baizhong and said.

"The old lady is too polite. Lin Baizhong smiled and said nothing else.

He had seen this Mrs. Ding before, and she wanted to stuff her daughter into his bed, without any shame at all.

But after all, she was the matron of the Ding clan, so it was hard for him to speak too bluntly about certain things.

"Grandma, Uncle Lin and Aunt Lin are still standing, why don't we all sit down and talk?" Ding Rong reminded as he looked at everyone standing.

"Yep."

Mrs. Ding nodded immediately after hearing her words.

She didn't expect that this granddaughter had only been with Lin Baizhong's daughter for a few months. Her temperament and tone of voice had all changed, and her whole person looked much more agile.

It seems that what her daughter said was right. Rong'er shouldn't be raised by her daughter-in-law!

"Commander Lin, Mrs. Lin, please take a seat.

"Thank you, madam."

Lin Baizhong thanked him, sat down with Liu Yuyang, and then glanced sideways at Ding Rong.

Ding Rong immediately felt sorry and turned to look at Mrs. Ding.

"Grandma, is daddy still in the future?"

"I don't know when he will come over. He seems to be very busy recently." Mrs. Ding said.

She guessed that her son might be angry with Lin Baizhong because of the Wailing Iron Mine in Tianxia City and didn't want to come over.

But let him go, anyway, Rong'er is here now, and if he, the father, doesn't want to see her, then he won't see her.

"Is he that busy? How about, grandma, I go find him?" Ding Rong suggested.

Hearing this, Mrs. Ding glanced at her, then at Lin Baizhong and Liu Yuyang. Seeing that they didn't say anything, she nodded.

"Okay, you go."

She waved to Ding Rong.

"OK."

Seeing that Mrs. Ding agreed, Ding Rong immediately turned around and left.

"Commander Lin, Mrs. Lin, please take care of my Rong'er these days. I'm here to offer you a toast." Mrs. Ding picked up the wine glass and spoke to the two of them.

When Lin Baizhong and Liu Yuyang saw this, they also picked up the wine glasses in front of them.

...

In the study room in the front yard.

As Mrs. Ding expected, Ding Zhuzui was really angry.

He was angry about why Lin Baizhong had to go against him. It was just a spiritual iron mine. The Ding family had acquired a lot of things in other places, and he didn't see how Lin Baizhong was doing.

But why do you insist on biting that spiritual iron mine?

"Get down, get down, useless thing!"

Looking at the housekeeper reproachfully, he felt so depressed that he almost vomited a mouthful of blood.

Those people are really useless at all. You can't find them even if you check them. Doesn't it mean that he has to do everything by himself?

It seems that the matter of the spiritual iron mine in Tianxia City will soon be spread widely.

Chapter 2387 Are you really not being bullied?

Lin Baizhong also had evidence in his hands that he forced the family to sign the mountain sale deed. Lin Baizhong found the other evidence so quickly, and he was extremely anxious.

That spiritual iron mine has never been mined. How can it be said that it is gone?

But it's not that simple if he wants to actually buy the Ling Iron Mine in his own hands, because he hasn't even found out who the seller is.

I sent people to the Commander's Mansion to inquire secretly, but they couldn't find anything. The people in the Commander's Mansion were really too strict!

"Those people are really..."

"Dad, are you there?"

Suddenly, a voice came from outside the door. Ding Zhuzui was startled and quickly stood up and walked towards the door.

Although this daughter's temperament does not please her, she is his biological daughter after all, and he has loved her all the way. He is naturally the happiest when Ding Rong comes back.

"Rong'er is back, come in quickly, come in."

Arriving at the door of the study, he waved to Ding Rong.

"father."

Ding Rong shouted and walked in.

"Dad, Uncle Lin and Aunt Lin are both here. Why don't you go over? Grandma is waiting there."

She didn't care how bad her father's expression turned after hearing Lin Baizhong's name, so she said directly.

"Lin...Uncle Lin..."

Ding Zhuzui's mouth twitched severely several times. He couldn't imagine that just a few months later, his daughter would go from clinging to Lin Baizhong to being able to call Lin Baizhong uncle?

Is this change a bit too big?

"Your grandmother is there. It won't be too late for dad to go there later. But you, on Lin Baizhong's side, weren't bullied?" he asked.

"Who can bully me?"

Ding Rong curled his lips and asked him.

In fact, she secretly murmured in her heart, could she not be bullied? With her arrogant temper brought up by her mother, she deserved to be bullied by others, right?

She was often thrown into the Infinite Hell and suffered!

"Dad, don't worry, Miss Lin treats me well, just like a biological sister. The people around her are good-tempered and will not bully me."

Ding Zhuzui: "..."

Where did the daughter who used to complain to him about bullying her whenever she saw him go?

At that time, Rong'er was still bullying others and beating others up.

Now with Lin Baizhong and the others, he would believe that his daughter was not bullied. Otherwise, could his daughter's bad temper be changed to this?

He's a liar, he won't believe it!

"Rong'er, are you really not bullied?" he asked.

"Of course not!"

Ding Rong said with absolute certainty.

If she dared to say that Lin Caisang bullied her, I believe Jin Zhuling would take her back immediately.

"Dad, when I come back this time, I just hope that you can persuade mother to stop making trouble with Aunt Lin. Although Aunt Lin has a good temper, she doesn't want to hear other people say bad things about her family."

No, wasn't Mom beaten because she scolded Aunt Lin? "

Ding Zhuzui: "..."

Is this still his daughter? Why is there such a big difference?

"Rong'er, your mother was beaten, why don't you say a word for your mother?" she asked.

"It's not that I don't speak for mother, but if mother can talk to Aunt Lin properly, she won't be beaten, right?" Ding Rong spread his hands and said to her father.

That was her own mother, so she was naturally distressed by being beaten.

Chapter 2388 You must remember!

But just like what happened just now, when they just came over, her mother didn't say anything, and directly in front of so many people, she even wanted to ask the servants to drive them away.

Doesn't he deserve to be beaten? No matter how distressed she was, she couldn't control her mother from talking nonsense!

"Dad, there are a lot of things going on in the City Lord's Mansion recently. Our family can't cause any more trouble to our aunt and uncle. You also know my mother's temper. If you don't restrain her, she might listen to someone else's coaxing. Even my uncle. They all dare to show off their expressions!"

she reminded.

Her mother is someone who can easily be deceived and taken advantage of by others.

Especially now, that vicious guy Lu Tianfeng is everywhere. What if he targets her mother and instigates her mother to do bad things?

"She... shouldn't be able to, right?" Ding Zhuzui hesitated and said.

He thought, no matter how stupid his wife was, she would not go against the city lord's palace, right?

"Dad, do you think Mom wouldn't do this?" Ding Rong looked at his own father seriously and asked him.

"Well."

Ding Zhuzui choked at his daughter's words and really didn't know what to say.

Yes, he also felt in his heart that his wife was someone who would be deceived by others, and now, without being coaxed by others, she was almost giving him a headache.

"Dad, I don't care about anything else, but our Ding family is my aunt's strongest support. You can't just ignore your aunt just because of your mother, right?" Ding Rong said.

"How could this happen?"

Ding Zhuzui still has this stance, and she is his biological sister!

"It's okay if it doesn't happen."

Ding Rong also breathed a sigh of relief.

"actually....."

"It's just your mother, I can't help her."

Before she could say anything, she was interrupted by her own father.

Ding Rong: "..."

Well, in fact, she didn't point to how big a role her father could play. After all, her mother was pampered by her father all the way.

"If you can't help it, then don't do it. Let grandma deal with my mother, and you just don't have to interfere." She gave her own father some advice.

If the grandmother were to deal with her mother, the best she could do would be to make her mother calm down and nothing big would happen, and her mother would not cause a bigger trouble.

It's just that her father will no longer help her mother or contradict her grandmother, that's all.

"Dad, there are some things I can't tell you, but if something goes wrong in our Ding family at this moment, not even our aunt will protect us. You must remember this!

It's not that I'm cruel and don't care about my mother's life or death. If she continues like this, she will be seeking death. I do this to save her. "

"Um...Rong'er, aren't you a bit serious with what you said?" Ding Zhuzui looked at his daughter and couldn't help but say.

Although he also feels that the atmosphere in Sky City is not quite right recently, it is not as serious as his daughter said!

"You're back, aren't you? Your mother will never have trouble with Lin Baizhong and the others again."

Ding Rong: "..."

How did her father, the head of the Ding family, do so well?

Is it just because he is a direct descendant of the Ding family?

"Dad, why don't you understand? Whether I come back or not, it doesn't matter in my mother's heart. What matters is her face. If she can't live up to her face, she will always be at odds with Uncle Lin and Aunt Lin. You know don't know?"

"Um?"

Of course Ding Zhuzui didn't understand, and looked at his daughter in confusion.

Chapter 2389 Stop being confused

Ding Rong took a deep breath and looked at his biological father seriously.

"Dad, let me tell you this, it was my mother who thought Uncle Lin was a very powerful man and a popular person around my uncle, so she often mentioned in my ears how good it would be to marry him.

After that, I listened to my mother and often went to the Commander's Mansion to see Uncle Lin. So, don't you understand? "

"It's your mother...it can't be right?"

Ding Zhuzui couldn't believe it. It was actually his wife who instigated his daughter to find a man who was old enough to be her father and wanted him to be her husband-in-law?

"Mom thinks that if I marry Uncle Lin, I will get closer to the City Lord's Mansion, so she lets me go to the Commander's Mansion often. [6] [9] [s] [h] [u] [x] [.] [c][o][m]" Seeing that her father still didn't believe it, Ding Rong spoke more frankly.

"After that, Uncle Lin never took a fancy to me, and directly said that he already had a wife and a daughter. My mother still coaxed me, saying that he came from Huanglu and that his wife and daughter were not afraid of him at all.

And I am the eldest lady of the Ding clan. Uncle Lin will never turn against me just because of his previous wife who was a loser. The key is that I can naturally become his wife! "

She said some of the same things her mother had said to her before.

"This this....."

Ding Zhu was so drunk that he didn't even know what to say.

Was this really his wife's idea? How could that woman do this?

In this sky city, there were so many young talents for his daughter to choose from, but she was forced to choose a man who could be her father as her husband?

"How could your mother do this? She wouldn't..."

"Dad, don't you understand? Mom is not doing it for me, she is doing it for herself. She thinks she only has a daughter like me, and she can't rely on anyone in the Ding family.

Therefore, when the person he trusted the most appeared next to her uncle, and there was no woman around that person, she set her sights on him, and also on her daughter. "

"this....."

Ding Rong ignored how ugly the color on her father's face was and continued talking.

"After all, a man is not reliable, because she feels that there are other women around you, and she cannot always be the only one. But the son-in-law is different. As long as I, the daughter, can firmly hold onto my husband-in-law, then Her power and status will not change.

And her status in this family will be no one dare to touch because of my daughter. "

"No, how could your mother have such a scheming mind? She just thinks about you and wants to find a good son-in-law for you. She..."

Ding Zhuzui shook his head and kept shaking his head. He could not imagine that the woman he had always doted on would have such thoughts.

Does she really not know that although he has other women, he has always respected his wife very much in his heart? Isn't all these years of love enough to prove his love for her?

"Dad, please stop being confused. You can't continue to indulge when you shouldn't." Ding Rong also shook his head and sighed.

Originally, she didn't want to say it so seriously, but when she was at her grandmother's place just now, she could see how her mother didn't give face to her grandmother, Lin Baizhong and Liu Yuyang.

"Mom is now so spoiled by you that you can even ignore my grandmother's words. Dad, as a daughter, I shouldn't tell you anything wrong with my mother."

Chapter 2390 Ding Xu

In fact, she didn't want to say this about her own mother, but she only heard about Sky City from Lin Caisang and the others, so she knew it was the eve of a storm.

She was afraid that if she didn't restrain her mother, her mother really didn't even know how she died!

"But... now is really not the time. There are too many things going on in Sky City. Dad, you should be able to feel it, right? Mom, if she continues to make trouble like this, if something happens, it will affect the whole country. House's!"

she said.

"this....."

Hearing his daughter's words, Ding Zhuzui's skin tightened.

Lin Baizhong has been coming in and out of the City Lord's Mansion recently, and many of the guards in the City Lord's Mansion are mysterious and don't know what they are doing. Naturally, he can tell.

"Rong'er, do you know something?" He lowered his voice and asked her.

"Even if I knew it, I wouldn't be able to tell you. Dad, if you want to get any information from me, you'd better give up." Ding Rong said directly.

Saying some words may not be good for her father, but may actually harm her father.

Ding Zhuzui: "..."

His daughter, when did she become like this?

In the past, she couldn't hide things in front of him. Whenever something went wrong, she would dump it on him, but now...

"That's all, it doesn't matter that dad doesn't know, it's just that your mother's place... dad will talk about it." He thought for a while and said.

Seeing that he agreed, Ding Rong also breathed a sigh of relief. After this matter was agreed, it was time to mention another matter.

"Dad, there is one more thing I want to tell you." She looked at her biological father.

"What's the matter?"

Ding Zhuzui asked.

"How is Ding Xu's illness?" Ding Rong asked.

Speaking of his second son, Ding Zhuzui couldn't help but look sad.

"It's not like that yet."

"Dad, let me ask you, if there is an alchemist who can cure Ding Xu's disease, but the condition is that you have to not see him for more than ten years, or even decades, would you be willing?"

Ding Rong asked.

Of course, what she said was a bit serious. After all, people like her could occasionally go out and go home.

But she still had to say it this way, lest his father would be like her mother, always thinking that Lin Caisang's family owed him something, and wanted to give him something in exchange for his son returning home.

"What conditions are these? If there is an alchemist who can cure Xu'er's disease, he will be willing to spend all the money in the family, but..."

"There is no just, no but, there is only one condition." Ding Rong interrupted him and said flatly.

"this....."

Ding Zhuzui hesitated.

From his perspective, of course he hopes his son will get better.

But when he gets better but can't see her, isn't that... just like he's gone? This decision was really difficult for him to make at the moment.

"Dad, please think about it."

Ding Rong knew that her father couldn't make the decision right away, so she stood up.

"You can discuss it with your grandmother and Aunt Qiongying to see if they are willing. If they are willing, then I will take Ding Xu away when I leave today. If not, just pretend that I didn't say anything."

"Rong'er, do you still want to leave?"

Ding Zhuzui was shocked. He didn't expect his daughter to come back, but she would leave again without even staying for one night?
