Chapter 239 Going the wrong way

If she could ask, could she still use the jade mirror? The key is that this place is really unpredictable for her!

"Forget it, forget it, I'm a very generous person and I won't argue with you. I don't care about all that. I can only go to bed after doing serious things. And her serious things are, of course, running and exercising to lose weight.

...

"Palace Master."

In Ya Molian's home, Ban Jue stood in front of Ya Molian with his head lowered, looking like he had done something wrong.

"Didn't find it?" Ya Molian looked at him and asked.

"this....."

Ban Jue raised his head, with some hesitation in his words.

"Palace Master, are you sure Miss Lin is talking about Zhongyou? My subordinates have searched throughout Yueyaji Town, but they haven't found a family named Zhong. If they still want to search, they will have to search throughout Qianlin County. "

The reason why Qianlin County is called Qianlin County is that the majority of people in the county have the surname Lin, accounting for more than 60% of the total population. Among other surnames, there are very few people with the surname Zhong, and there is no surname in Yueya Town. Zhong's family.

There was one more thing he didn't say. He wanted to say it, or he might look outside Qianlin County.

"No need, go down." Ya Molian waved her hand and motioned for him to go out first.

Judging from Xiao Sangzi's expression in the kitchen at that time, this Zhong You should be the person she was eager to see. Perhaps, tomorrow he would know who this person named Zhong You was.

"Yes, I am resigning." Ban Jue retreated.

...

Hongling Town.

Left and right, carefully turning around a few times, looking at the streets all over, Lin Caisang raised his head and looked at the starry sky, with helplessness on his face.

I just ran a few laps in Jinzhu Space. I obviously wanted to go to Zhong's house, but why did I arrive at Hongling Town in the blink of an eye? What a big deal!

"Hey, is this Liu Shenxian?"

Suddenly, an old voice came from behind, causing Lin Caisang to come to his senses immediately. He quickly took out a mask from the Jinzhu Space and put it on his face.

Turning her head, she looked at the person.

"Old lady, it's you."

The person who recognized her was the first old man she saw when she first arrived in Hongling Town. She narrowed her eyes and looked at Lin Caisang with excitement on her face.

"Why are you alone on the street so late? How dangerous it is."

"It's really you, Liu Shenxian, you really came to see us." Seeing her answer, the old woman was even more excited. She ran forward, grabbed her arm and started shouting.

"Liu Shenxian, my old lady thought she would never see you again in this life. You are the savior of our town."

"Uh, heh, heh heh."

Lin Caisang smiled awkwardly, not knowing what to say.

Can she say that she took the wrong path and never thought of coming to Hongling Town again? Especially since the disease in this town has been linked to the county government, she doesn't want to cause trouble for herself.

"I happened to be passing by and stopped by to take a look. Old lady, are you all okay? Are you feeling any discomfort after the poison on your body has been cured?"

"No, no, how can there be any discomfort? Liu Shenxian's medical skills are so good. There is not a single patient in our town now, and the Gong family members have all been arrested. It turns out that their whole family They are all bad people and will be beheaded soon."

said the old woman.

"Liu Shenxian, you are here to stay in our town for a few more days. Everyone wants to thank you very much. You must..."

"no, I'm fine."

Lin Caisang heard what she said and refused before she finished speaking.
