

Star of Space 2391

Chapter 2391 That's a tragedy

"Um.

Ding Rong nodded.

"Dad, my daughter has grown up and can no longer live like a fool like before. I think following Uncle Lin's daughter is the right choice, so I have to go back."

She sighed secretly in her heart, it would be impossible if she didn't go back!

"Rong'er, you..."

Ding Zhuzui opened her mouth, not knowing what to persuade her.

In the past, his daughter was willful, and she is still willful now, but she is very different from before.

"Dad, grandma is entertaining Uncle Lin and Aunt Lin alone over there. You still have to go there. As for the spiritual iron mine in Tianxia City, if it should be returned, just return it as soon as possible. After all, it is not yours.

Ding Rong took one last look at his father, then turned around and went out.

...

In the other pavilion, Mrs. Ding was greeting Liu Yuyang, while Lin Baizhong was greeted by Ding Zhuzui's other son.

Although everyone was talking and laughing, after all, the head of the Ding family did not show up, and Mrs. Ding couldn't live with her face.

She sighed inwardly.

After all, she thought so highly of this son that he couldn't even bear such a small setback!

After three rounds of drinking and eating, one of the maids suddenly jumped forward, not knowing whether it was accidental or not, and hit Liu Yuyang directly with the wine bottle in her hand.

"ah!"

Liu Yuyang didn't make a sound, but the maid screamed so fiercely.

"I'm sorry, I'm sorry, Mrs. Lin, it's my fault, please forgive me, Mrs. Lin!"

After she stood up straight, she glanced weakly at Liu Yuyang, then knelt down towards her with a bang, as if Liu Yuyang had bullied her.

"Mrs. Ding, this girl in your family is quite interesting."

Liu Yuyang glanced at the maid lightly, and then looked at Mrs. Ding.

After all, she is also a serious princess. She is the best at palace fighting and so on. How can she be a mere maid and make her lose her composure and make others look down on her, Mrs. Lin?

"I haven't said anything yet, but she started begging for mercy first." She smiled and shook her head.

Hearing this, Mrs. Ding glared at the maid displeased, and then looked at Liu Yuyang.

"I'm so sorry, Mrs. Lin. The maid at home is so ignorant that I frightened you." She turned around and looked at Aunt Fang.

"Mother Fang, take Mrs. Lin to change into clean clothes." She ordered.

"Yes, old mistress."

Aunt Fang responded and immediately came to Liu Yuyang's side.

"Mrs. Lin, will I take you to change your clothes?"

"That's fine."

Liu Yuyang glanced sideways at his husband-in-law, and then stood up when he saw Lin Baizhong nodding.

They have already sent out a move, so if she doesn't accept the move, wouldn't she be sorry for them? This trip to the Ding family will be in vain.

"Madam, I'll go with you." Lin Baizhong also stood up.

"Old madam, I'll excuse you now."

"well."

Mrs. Ding nodded, watched them leave together, and then looked at the maid who acted recklessly.

"What's your name?" she asked.

"To my old mistress, my name is Qiu...Qiu Fang." The maid glanced at Mrs. Ding timidly and replied.

"You are so careless in your work, how can you leave someone to serve in a delicate place? Go to the miscellaneous room." Mrs. Ding decided Qiu Fang's future with one direct sentence.

Chapter 2392 Which courtyard is it in?

"What?!"

Qiu Fang's eyes widened in disbelief.

She just accidentally smashed the wine bottle on the guest, not on purpose.

Why was he sent to the handyman room for such a trivial matter?

The service room was a place where fourth-class servants were sent if they made mistakes. They were directly demoted to fifth-class servants.

But she was a slave serving tea and water, a third-class servant, how could she be demoted to the miscellaneous room? The old lady's punishment is too severe, isn't it?

"Old Mistress, I know I was wrong. Please forgive me, Old Mistress."

The slaves who went to the miscellaneous room will never get ahead. Qiu Fang was so frightened that she knelt down to Mrs. Ding and kept kowtowing to beg for mercy.

"Drag it down!"

Mrs. Ding despises this kind of servant who makes a mistake and still tries to argue.

If you make a mistake, you make a mistake, but the mistake Qiu Fang made was not to drop the jug on Liu Yuyang, but to beg for mercy afterwards!

It was Liu Yuyang who was splashed with wine, not her. Liu Yuyang didn't say anything. She begged for mercy in such an earth-shattering way, making it seem like Liu Yuyang bullied her and wanted to kill her. She was causing trouble. What kind?

Those who knew knew that she did not do it on purpose, but those who did not know thought that she, the old mistress, deliberately embarrassed Liu Yuyang and Lin Baizhong, the commander!

You know, now is a great time to win over Lin Baizhong and let him serve the city lord and his wife!

I was directly disrupted by this maid.

The people behind Mrs. Ding ignored the maid's cries for help and begged for mercy, and dragged her away.

...

On the other side, Ding Rong, who had not yet returned to Mrs. Ding, was knocked unconscious on the road.

If she were anywhere outside, Ding Rong would not be defenseless at all. After all, she had also stayed in the terrible place of Wuji Prison.

But this was the Ding clan, her own home. She never thought that someone would come up and give her a blow, knocking her unconscious.

...

Ding Zhuzui in the study, after listening to his daughter's words, was about to go meet Lin Baizhong for a while, but he got a message from his servant, saying that Lin Baizhong had gone to the backyard at this moment.

"What was he doing in the backyard?"

He was extremely confused. Lin Baizhong was not with his mother and his brother. How could he go to the backyard alone?

The backyard is full of women. Although he only has one wife and one concubine, he still has brothers and sisters, as well as sons and daughters. How can Lin Baizhong, a foreign man, go to the backyard?

Without thinking, he lifted his feet and headed towards the backyard.

...

Aunt Fang took Liu Yuyang to change clothes. Naturally, Lin Baizhong couldn't go in together, so she found a room and sat down.

Liu Yuyang was taken by the room aunt to another room to change clothes.

"Mrs. Lin, you change your clothes here, the old slave is waiting for you outside."

"Um."

Liu Yuyang nodded and watched Granny Fang go out, then turned around and picked up the clothes.

As for the room maid, as soon as she left the room, a maid came towards her and stopped in front of her.

"Nanny Fang."

"What's the matter?"

Aunt Fang glanced at the maid and felt a little unfamiliar.

"Which yard are you from?"

"Go back to the house, Mammy. This servant is from Aunt Qiongying's yard. When I passed by the old mistress, I heard the old mistress's instructions and came to find the house." The maid said to the house without any hurry. said.

Chapter 2393 Which room is it in?

"What are your orders, old mistress?"

When she heard that it was her master who sent someone to find her, Aunt Fang did not doubt that he was there.

After all, in this Ding family, no one really dares to use Mrs. Ding as an excuse, unless this person is impatient with life!

"The old mistress asked the house maid to fetch the velvet snow ginseng from her warehouse and give it to Mrs. Lin to show the old mistress's apology. As well as Commander Lin, the old mistress also thought of the warehouse. There is also a Red Sun Sword in it."

The maid said word by word.

"Velvet Snow Ginseng? Red Sun Sword?" Aunt Fang murmured in a low voice.

These two treasures are not what the master intends to use for the second young master. Although the second young master's current physical condition does not allow it, the old lady still keeps the things for the second young master.

Now, is it going to be sent out?

"Okay, you go back to the old mistress, and I'll get it right away."

Since it was the old lady's order, she would just go and get it. Maybe the old lady thinks that the current second young master doesn't need it, right?

"Slave, please leave."

When the maid saw that the room maid responded, she turned around and left.

Aunt Fang turned around, glanced at the room, then gave instructions to the two maids guarding the door, and left.

After a while, two old ladies came over. Behind them were several maids, two of whom were supporting an unconscious person. Who could it be if it wasn't Ding Rong?

"Why don't you come over and help!"

In fact, an old woman shouted at the two maids guarding the door. 6

The two maids looked at each other and could only move over. After all, they were the people around Madam. If they didn't obey, where would there be room for them in the Ding family in the future?

"Which room is Commander Lin in?" the old woman asked.

"Over there..."

The maid raised her hand and pointed tremblingly at the room on the other side.

Thinking about how brave their wives were, they once again set their sights on Commander Lin.

However, if you want to know that Mrs. Lin is still here, do you want Mrs. Lin to watch her husband-in-law with another woman lying on the bed? What's more, the room Commander Lin is currently in has no bed at all, only a couch.

"Have you taken the medicine?" Another old woman asked fiercely.

"Down..."

The maid trembled her lips and swallowed.

"Following your instructions, I administered double the amount of medicine. At this moment... Commander Lin is probably in a coma."

"That's good."

Hearing what the maid said, the wife let out a sigh of relief.

They were afraid that Lin Baizhong would still be awake when they got the eldest lady in, which would be bad.

As long as a person is unconscious, anything can be done easily.

Therefore, the old woman winked at the two maids behind her, and they immediately supported Ding Rong and walked to the room that the maid pointed to just now.

...

"Wake up, Ding Rong, wake up!"

Ding Rong, who was knocked unconscious, was really pitiful and was slapped again.

When you sleep, you are knocked unconscious; when you wake up, you are knocked awake!

"Um, what's going on?"

With the burning pain on her face, she finally regained some consciousness and looked at the person in front of her.

"scare!"

When she saw who the person in front of her was, she was completely frightened.

"You...why are you here...no, why am I here? Shouldn't I be..." Walking on the road.

Before she could finish her incoherent words, she stopped.

Chapter 2394 I did it!

Because she remembered that she had been knocked unconscious, and the back of her head still hurt.

"hiss!"

She raised her hand and covered the back of her head, grinning in pain.

"Who is so cruel and dares to hit me at home?"

"Who else do you think you are?"

Lin Baizhong asked Ding Rong coldly.

"Well!"

Ding Rong is not stupid, so why can't he figure it out?

She was walking on the road fine, but suddenly she was knocked unconscious. When she woke up again, Lin Baizhong was sitting next to her.

You don't need to think about it to know what's going on, right?

She raised her hand, wiped her face, and sighed heavily.

That mother of hers would do anything to vent her anger and gain a position of power in the future!

"Take the medicine."

Lin Baizhong stood up and threw a porcelain bottle on Ding Rong.

Ding Rong didn't waste any time, opened the bottle cap, poured out the elixir, threw it into his mouth, and then got up from the bed.

"hiss!"

She still wanted to ask questions, but when she moved the corners of her mouth, she found that her face was also tight with pain.

"Who slapped me in the face again?"

Are those maids that bold? How dare you hit her in the face?

"I did it!"

Lin Baizhong replied to her with three words.

Ding Rong: "!"

Even if her mother came up with this, it has nothing to do with her, she is innocent!

Going deeper, she is still a victim!

Why did this man hit her?

"Why did you hit me? I didn't want to!"

"Can you wake up without beating me?" Lin Baizhong asked her.

"I....."

Ding Rong suddenly had nothing to say. Yes, if he didn't hit her, would she be able to wake up from her coma?

But this doesn't feel right at all!

"Can't you wake me up in another way?" she asked angrily.

"Um."

Lin Baizhong responded lightly.

"I'll splash it with water next time," he said.

Ding Rong: "!!!"

What the hell, it would be better to just wake him up and splash him with water.

"You're really... wrong. There will never be a next time!"

This lesson taught her that even in her own home, she cannot be careless and must be vigilant!

Otherwise, I don't know what pitfalls there will be, waiting to bury her!

"By the way, can't you just leave me here and leave first?" she asked angrily.

"Your father is here."

Lin Baizhong didn't answer the question, looking at the yard isolated by the door.

"My dad?"

Ding Rong was shocked. Wasn't her father dragged by her mother to catch them?

"Quick, quick, I'll hide first, I...where should I hide?"

She was spinning in place like a top. She was clearly visible in this room. Where could she hide?

"No, I have to..."

'Bang!'

Before Ding Rong finished speaking and before he found a safe place to hide, he heard a loud noise coming from the yard.

"what's the situation?!"

She was stunned. The door to their room had not been kicked, so how could she hear the door falling to the ground?

She quickly walked to the door and looked along the crack in the door.

The next moment, she was shocked!

I saw her father being kicked into the yard, including the door. Judging from the distance between his body and the door on the ground, he might, maybe, have rolled around in the yard a few times.

Chapter 2395 Why were you kicked out?

"He...he...what's going on with him?"

She turned back blankly, looked at Lin Baizhong, and asked.

"That room is your Aunt Lin." Lin Baizhong replied to her calmly.

"What?!"

This time, Ding Rong really jumped.

Mom, are you crazy? You actually did something like this?

It's not enough to frame her as her own daughter, do you also want her father and Liu Yuyang to be discovered in the same room?

This idea was so vicious that Lin Baizhong didn't even have a chance to regret it, because which man would watch his wife being in the same room with another man without getting angry?

Doesn't her mother think that as long as Lin Baizhong sees Liu Yuyang with her father, she will divorce Liu Yuyang and marry her?

Is this because you have shit in your head?

She has seen people cheating on people, but she has never seen anyone cheating on her husband-in-law and her daughter like this!

"She's crazy, she must be crazy.

How could she do such a thing?

"Uncle Lin, tell me, if she really succeeds in this matter, where will she put me?"

Lin Baizhong's wife was defiled by her father, so what does it mean for her to marry Lin Baizhong again? Was she asked to go to Lin Baizhong's house to atone for her sins, or was she asked to suffer?

How could she have such a confused mother?

"Go outside and have a look.

Naturally, Lin Baizhong would not comment on Mrs. Ding, because he would put all his faults directly on Ding Zhuzui!

Who made Mrs. Ding Ding Zhuzui's wife?

When Lin Baizhong and Ding Rong walked out, Liu Yuyang also walked out with a gloomy look on the other side.

She did expect that Mrs. Ding would get a man to give her.

But she really didn't expect that the man Mrs. Ding got would be her own husband!

"you you....."

Ding Zhuzui was also confused at this moment. Looking at the stunning woman in front of him, even though his eyes were a little stunned, he was still very confused.

"This...this is not...Lin Baizhong, why are you there? Rong'er?"

He wanted to ask, wasn't Lin Baizhong in the room he entered just now? Why was it a woman?

However, before he finished speaking, he caught a glimpse of two figures out of the corner of his eye. When he turned his head to look, Chiran saw Lin Baizhong and his own daughter Ding Rong.

What on earth was going on? How could his daughter come out of the same room as Lin Baizhong?

"Ahem, cough!"

Unable to figure it out, he coughed violently.

"Dad, please get up."

Ding Rong sighed and went over to help his biological father up.

"Rong'er, what's going on? Why are you in the same room with him?" Ding Zhuzui asked, holding his daughter's hand tightly.

Could it be that something happened between Rong Er and Lin Baizhong?

But didn't Rong'er say before that she no longer liked Lin Baizhong, and didn't she go to live with her grandmother?

So how did it appear here?

"How did you get kicked out?" Ding Rong asked him.

"Well!"

Ding Zhuzui choked hard at his daughter's words.

How was he kicked out? He only entered after hearing the servants say that Lin Baizhong was in that room.

He listened to Rong'er's words and wanted to have a good talk with Lin Baizhong about the spiritual iron mine in Tianxia City!

As a result, just as he entered, he was kicked out without seeing anything clearly, which caught him off guard.

Chapter 2396 Are you not done with her?

"Am I... am I being tricked by someone in my own family?"

It dawned on him.

The maid who had been guarding the door disappeared after he was kicked out.

Moreover, since the maids were guarding the door, how could they not know who was inside?

Therefore, the two maids knew that it was not Lin Baizhong but that woman inside, and they deliberately let him in. What kind of trouble were they trying to cause?

"She...she...she is Mrs. Lin?"

He looked at his daughter and asked.

"Um."

Ding Rong responded quietly.

"Dad, you were kicked, so it's not a loss. I was knocked unconscious and dragged here." I was slapped by Lin Baizhong until my face was swollen!

Of course, she didn't say the last sentence, because it was useless no matter how much she said it. Wasn't it all done by her own mother?

"you....."

Ding Zhuzui opened his mouth, not knowing what to say.

So, someone has plotted against both father and daughter, and wants to divide Lin Baizhong and Mrs. Lin one by one?

What dirty ideas are these?

"Huh, this is really... really..."

No need to think about it, who in this family can come up with such an idea, and who can make those maids and even the head of the family ignore him?

His wife would do anything for her tone of voice.

"She's not afraid that I'll find out about this. Aren't we done with her?"

"What is she afraid of?"

Ding Rong sighed softly and shook his head.

Her father had pampered her mother so much over the years, and he had doted on her to the point of being lawless.

No matter what she did wrong, she felt that as long as she coaxed a few words in front of her father to make him happy, everything would be fine, right?

So, what else can't her mother do?

"Dad, I just told you that you can't pamper your mother like this anymore. This is the truth."

"Hi! Hoo!"

Ding Zhuzui took a deep breath and then exhaled heavily.

Turning his head, he looked at Lin Baizhong, who had a heavy gaze, and cupped his fists at him.

"Commander Lin, I will definitely give you and your wife an explanation for what happened today."

he said.

If this matter only tied Lin Baizhong and Rong Er together, it would be pretty good.

But what about now?

His wife actually plotted against Liu Yuyang's woman. As Liu Yuyang's man, how could Lin Baizhong just let it go?

If it is not handled well, I am afraid that the Ding family and Lin Baizhong will never meet again in this life.

"Well, I'm looking forward to it."

Lin Baizhong just glanced at him lightly, and then walked towards Liu Yuyang.

"Is something wrong?" he asked softly.

Liu Yuyang shook his head and looked up at him.

"nothing."

"That's good."

Lin Baizhong chuckled, then half hugged his wife and sat down on the stone bench in the yard.

"Master Ding, Ding Rong, please come and sit down. I think someone will come over soon." Liu Yuyang looked at the two people who were standing aside as pillars and said.

Ding Zhuzui: "..."

He has not lost as much face in his life as he did today.

"Let's go and sit down."

But everyone is already here, so it's impossible to rush to his wife's side and beat her up, right?

Let's stay with Lin Baizhong and his wife for now. As for family matters, we can talk about it after they are sent away.

Chapter 2397: Deceived?

Of course, it's impossible to really say it again.

There will always be a follow-up to this matter. How could his wife not do anything at all after setting up this situation?

Liu Yuyang is right, there will be people coming in the future!

"call!"

Ding Rong also sighed heavily.

The two of them went to the stone table and sat down, looking at the sky speechlessly.

She, her own mother's god, was really stupid. Did she really think that except for her, everyone else in the entire Qianhuan Continent was a fool?

Moreover, he actually doesn't know how to avoid himself when doing things!

...

On the other side, Mrs. Ding, who was talking to her other son, saw Madam Fang coming over with two maids.

"Why are you here?"

If he didn't ask her to guard Commander Lin and Mrs. Lin, why would she come here at this time?

"Old mistress, didn't you ask me to bring Rongxue and the Red Flame Sword over? I've already brought it over." Aunt Fang looked at Mrs. Ding and said.

But for some reason, when she looked at the old lady's face, she had a bad feeling in her heart.

what is it?

Mrs. Ding: "..."

When did she ask Aunt Fang to bring over the Snow Ginseng and Red Flame Sword?

This is what she left for Xiao Er. Although his health cannot be cured yet, there are some things that other children have, and Xiao Er cannot live without them. She has prepared them for him.

"You... No, where are Commander Lin and Mrs. Lin? Huh?"

Suddenly, she stood up and asked Aunt Fang sternly.

Upon hearing the old lady's question, Grandma Fang's heart thumped and she secretly screamed something bad.

Could it be that the old lady never ordered someone to come to her and ask her to bring these two things to her, so she was basically deceived by the maid in the name of the old lady?

"Old mistress, when I was changing clothes with Mrs. Lin, I saw a maid in Aunt Qiongying's yard and said that you were the one who ordered the slave..."

Aunt Fang couldn't say a word next.

There are so many servants around her old lady. If something really happens, just send one of them over. Why do you want to ask the maid next to Aunt Qiongying to come over?

And many of the maids around Aunt Qiongying are strangers to her.

"This this....."

She looked up at the old lady, both of them had shock in their eyes.

"What are you doing here? Why don't you lead the way? Come and take a look!" Mrs. Ding got angry and shouted.

These people are really becoming more and more bold. Under her nose, they dare to do such bold things, and even use her name to lure Aunt Fang away.

She was so angry, really so angry!

"Yes, yes, old slave..."

Aunt Fang also knew that the matter was getting serious, so she didn't care to say anything else. She turned around and walked quickly to the yard where she took Lin Baizhong and the others.

Mrs. Ding followed closely behind, and a large number of maids also followed.

...

In that courtyard, Mrs. Ding, who was so excited that she thought Lin Baizhong and the others were under her control, had already arrived.

At this moment, looking at the four people sitting in the yard, Mrs. Ding was dumbfounded.

"You stupid woman, why don't you kneel down with me!"

Ding Zhuzui stopped being polite to his wife at this moment and shouted at her.

"The head of the family..."

Mrs. Ding trembled, knowing that what she had done was exposed.

Chapter 2398 Is she worthy? !

Although she was not afraid that the matter would be exposed before, because even if it was exposed, the matter would be over, Lin Baizhong would become her son-in-law, and Liu Yuyang, even if he had a more attractive face, would be their Ding family of a concubine.

Then how could she, as the real wife, let a concubine be proud of herself in the Ding family?

She thought very well, but she never expected that when she was excitedly preparing to catch them, what she saw was four people sitting in the yard, drinking tea and chatting!

"Kneel down!"

Ding Zhuzui glared at her and shouted again.

"Master of the house."

Mrs. Ding's body softened and she knelt down.

Seeing this, Ding Rong stood up, walked to the side and stood.

After all, that was her mother. She couldn't be sitting in front of her mother while her mother was kneeling, right?

"Mom, I am your biological daughter. When you do this, have you ever thought about how I will behave in the future?" She looked at her biological mother with sad eyes and asked.

Mrs. Ding raised her head and looked at her daughter.

"Rong'er, Mom is doing this for your own good. Don't you like Commander Lin? As long as you succeed, you can be Commander Lin's wife. Mom is doing this for your consideration and for your own good!"

Her voice was low, but she didn't know what she had done wrong.

Hearing this, Ding Rong just shook her head, no longer knowing what to say to her mother.

For her own good, what a good sentence for her own good!

"You stupid woman, do you think you are doing this for Rong'er? You are setting her up for injustice, do you understand? Commander Lin already has a family. You do this because you want your daughter to go Being a concubine in someone else's house?"

Ding Zhuzui was really angry and questioned his wife.

What kind of thing is this? A mother wants to force her daughter to someone else to be a concubine. How can any mother do this?

"how come?"

When Mrs. Ding heard Ding Zhuzui's words, she immediately became unhappy.

"Master, Rong'er is the eldest daughter of our Ding family. How can she be a concubine? She must be Lin Nian's wife. As for that woman, hasn't she already... asked Lin Nian to divorce her?"

She raised her head and looked at Liu Yuyang with disgust.

How can a woman who has lost her virginity be compared to her daughter?

Does she deserve it? !

"you--"

Ding Zhuzui had a bad breath stuck in his throat, and he almost spit out a mouthful of blood.

This woman doesn't really think that the thing she designed was successful, does she? So, what's going on now? Do you want to force Lin Baizhong to marry Rong, and then force him to take Lin Baizhong's wife as his concubine?

"Are you crazy? Why can you do anything?"

"Master, I am doing this for Rong'er, she likes..."

"I do not like!"

Before Mrs. Ding could finish speaking, Ding Rong interrupted her sharply.

"It was you who always told me how great Uncle Lin was and what a good son-in-law he was, telling me not to miss such a good man. Half of everything I did before was because of Uncle Lin's face, and the other half, I was deceived by you!"

In this case, she really didn't want to say it in front of so many people.

After all, the person in front of her is her mother, and she doesn't want so many people to know that her own mother doesn't want to choose a young talent about her own age for her, but wants her to marry an old man!

"Rong'er, why can't you understand? Lin Nian is really..."

Chapter 2399 It's just unreliable!

"Shut up, you idiot!"

Mrs. Ding still wanted to persuade her daughter, but a sharp shout came from behind her.

"It's not enough for you to harm yourself. You even harmed your own daughter. Are you still not a human being?" Mrs. Ding was supported by the housewife and walked around from behind Mrs. Ding, looking at her with a cannibalistic gaze.

"Jin Cuiniang, you are really doing a lot of harm to others!"

"I didn't, I didn't, everything I did was for Rong'er's good!" Jin Cuiniang was still denying it and yelled loudly.

How could she admit that doing this would harm her daughter? Wasn't she doing this because of Lin Baizhong's strength and the city lord's trust in Lin Baizhong?

If her daughter can marry Lin Baizhong, then the Ding family will also prosper in the future!

"As long as Rong'er can marry Lin Nian, she will be the happiest person. No one in the entire Sky City can compare with her. Lin Nian is the city lord's most trusted subordinate!"

She said to Mrs. Ding.

"Mom, you will also benefit from Rong'er."

Hearing this, Madam Ding felt a bad breath stuck in her throat and almost spit out a mouthful of blood.

At this time, she is still saying this?

"laugh."

Liu Yuyang really couldn't help it and laughed out loud.

How could there be such a stupid woman? She couldn't stand it anymore.

"why are you laughing?"

Jin Cuiniang heard the sneers and glared at Liu Yuyang fiercely.

This bitch didn't go according to her plan. Was she really not moved at all when she saw Ding Zhuzui?

Her husband-in-law is the head of the Ding family. As long as she follows him, what will she want in the future?

"Don't think you can get anything by following Lin Nian. Is he as powerful as my husband? He is the head of the Ding family. Only following him is the dream of all women!"

Everyone: "..."

They felt that Mrs. Ding was really a little crazy and what she said was really incoherent.

One moment she said something bad about Lin Baizhong, and the next she sent her daughter to Lin Baizhong. Moreover, since her husband-in-law was so powerful, why did she let her daughter fawn over other men?

"Since your husband-in-law is so powerful, it's not enough for him to protect Ding Rong. Why should you find someone else?" Liu Yuyang asked.

"How can this be the same? Men are unreliable!" Jin Cuiniang shouted sternly.

Today, her affairs were discovered, and she was finally done with it. She felt that she had nothing to hide.

Doesn't she know what kind of man she married?

He talks about how much he loves her and how much he will do her good, but in fact, isn't he completely seduced by that bitch Qiong Ying?

Two people have children, just like a hen laying eggs, one after another!

Not being able to give birth to a son was the biggest pain in her life, but Ding Zhuzui and Qiongying, that bitch, had to stab her in the heart, giving birth to one child after another!

Therefore, men are simply unreliable!

But at the beginning, no one really understood her words. It was not until Jin Cuiniang cast her resentful eyes on Ding Zhuzui that Ding Zhuzui understood.

The man his wife was talking about was none other than him!

"you--"

He held a breath in his chest and glared at Jin Cuiniang.

Chapter 2400 Do you have a good life?

"Jin Cuiniang, can you even say such a thing?"

Yes, Qiong Ying was his aunt who was chosen by his mother for him. He had never met her before the wedding day. The two of them had no feelings at first, he admitted this.

But what about Jin Cuiniang? Wasn't this woman chosen by his mother for him? It was the same as Qiongying, he had never seen her before they got married!

Marriage between aristocratic families is what it is, and it is already good if husband and wife can respect each other as guests.

"Isn't my head treating you well enough? Among the heads of other families, which one doesn't have three wives and four concubines? But my head only took Qiong Ying as his concubine after you became infertile, and there are no other women around him.

And after Qiong Ying gave birth to five children for the head of the family, the head of the family still treated you as before. You have bullied Qiong Ying a lot in these years, right?

The head of this family always turns a blind eye. Isn't that enough?

But in your heart, this family leader is an unreliable man? ! "

He really wanted to make his wife laugh. If he was unreliable like this, then who of the other men outside could be relied on?

To be honest, how many men can you find who are like Lin Baizhong, who even after losing his memory still only thinks about his daughter and feels that he has a wife and cannot betray her?

He really felt like he was good enough.

But after all, he is the head of the Ding family. It is impossible for the Ding family to have no successor after him, right?

It turns out that his behavior made Jin Cuiniang think that he was an unreliable man!

After hearing what Ding Zhuzui said, Jin Cuiniang didn't refute because she couldn't tell whether Ding Zhuzui was a good man.

However, Mrs. Ding has suppressed her for many years. Is this an indisputable fact?

"Anyway, I didn't do anything wrong. I did it for Rong'er's good."

She insisted that she was doing it for her daughter, so they couldn't do anything to her.

"I....."

Ding Rong opened his mouth, looked up at his grandmother, and then at his biological father.

Here, she really didn't have the right to speak, but if she didn't say some words, she felt really sad!

"Mom, have you ever thought about it, men are the most shameful, but you did such a thing, trying to marry Aunt Lin... You have never thought about what if I was really together with Uncle Lin.

He looks at a woman every day and thinks about this woman's biological father, giving his wife to... Do you think I will still have a good life? "

She stepped forward and questioned her own mother.

"I....."

Jin Cuiniang was blocked by Ding Rong and didn't know how to reply.

She didn't think of this for a moment, but so what, a woman can only use all her means to coax a man into a good relationship. Will a man still think about the woman he used to be?

What man doesn't like the new and dislike the old?

"Rong'er, I am your biological mother, how could I harm you? I am really doing this for your own good. You can't just listen to the words of outsiders and doubt your mother's good intentions towards you."

She looked up at her daughter and explained.

Hearing this, Ding Rong closed his eyes, then retreated, returning to Mrs. Ding's side.

outsider?

Maybe others may not understand, but she does.

The outsider her mother spoke of was not Lin Baizhong or Liu Yuyang, but her grandmother and her father!
