

## Star of Space 2411

Chapter 2411 What are you talking about? !

Don't say no, he was sure that her mother really wanted her to die, and then she could adopt a child from her natal family.

In this way, Jinni-ang's people can get a share of the Ding family's property in the future.

Haha, this is really a good idea!

"Mom, you don't think that if you adopt a son from the Jin family, my father will listen to your coaxing and give the position of head of the Ding family to a member of the Jin family, right?"

"I....."

Jin Cuiniang choked at her words and was stunned for a moment.

"Rong'er, don't talk nonsense, how could my mother think so.

After she came to her senses, she quickly denied it.

Although she denied it, Ding Rong could tell from that moment of confusion that her mother had really thought about this fantastic idea.

But she also knew that this was impossible, so she gave up the idea.

"Haha, mother, you are such a good daughter to my grandfather and grandmother." She chuckled twice and said helplessly.

"Rong'er, what are you talking about?!"

Jin Cuiniang was immediately angry when she directly revealed her inner thoughts.

She has regained all her sanity now, and is no longer the crazy Jin Cuiniang just now, so she doesn't dare to make any mistakes again.

You know, everyone around her has been killed by the rod. If she makes another mistake, Mrs. Ding's position will really be given away, and it will be given to the bitch she has been looking down on for so many years!

"You are my daughter, how can you slander your own mother like this?"

"Slander?"

Ding Rong shook his head and didn't bother to argue with her.

She raised her head and looked at Ding Zhuzui, her eyes full of exhaustion.

"Father, you can handle mother's matters yourself. Also, I will be going back in half an hour. You can handle that matter at your own discretion," she said.

After saying that, she returned to Mrs. Ding, helped her and left.

Lin Baizhong and Liu Yuyang naturally couldn't interfere in the affairs between husband and wife. They got up and left with Mrs. Ding.

"Master Ding's people are really nice."

Before leaving, Lin Baizhong glanced at Mrs. Ding pointedly, then hugged Liu Yuyang, and the two of them left.

When Ding Zhuzui heard what he said, a breath of bad breath got stuck in his throat, and he almost suffocated to death.

But what can he do? If his wife does such a thing, he can only handle it. Come to think of it, it may not only be the matter in Tianxia City, but also the Ding family will have more troubles in the future. .

When Lin Baizhong lost his memory, he was very short-tempered. No one could say a bad word to his own wife and daughter.

But now, Liu Yuyang is by his side. If he can't protect him, he is no longer a man. Therefore, what awaits him is definitely Lin Baizhong's endless revenge.

And all this is because of his stupid wife!

"The head of the family..."

Seeing everyone else leaving, Jin Cuiniang thought she had another chance.

It had never been like this before. Although Ding Zhuzui might not give her face when she was outside, as long as she coaxed her a few words in a place where no one was around, wouldn't Ding Zhuzui obediently listen to her?

So it's the same now. If she says a few nice words, Ding Zhuzui will definitely not be angry with her anymore.

"Master, please calm down, it's all my fault, I shouldn't..."

Chapter 2412 Will he make a comeback?

"Come here, take this bitch to the Ding Family Master and imprison her in the Lotus Courtyard. She is not allowed to leave even half a step without the instructions of the Ding Family Master. No one from the Jin Family is allowed to come into contact with her!"

Before Jin Cuiniang could relent and plead for her, Ding Zhuzui beat her to death with just one sentence.

"What?!"

Jin Cuiniang looked at Ding Zhuzui in horror, unable to believe what she heard.

No, Ding Zhuzui has always been a soft-eared man. How could he become hard-edged today?

"Master, you..."

She wanted to explain a few words for herself, but it was too late.

After hearing the instructions from the Ding family leader, several guards came over and directly lifted Jin Cuiniang up.

Note that the person who held Jin Cuiniang up was not a nun or a maid, but a guard. She was a man. As the head matron of the Ding clan, how could she be touched by another man?

But Ding Zhuzui ordered the guards to pick her up.

"Master, I know I was wrong. I really know I was wrong. It was because I was possessed by ghosts that I did these things. Master, please let me go. I will never do such wrong things again." Yes, I know I was wrong."

Jin Cuiniang was really panicked. It wasn't until this moment that she realized that Ding Zhuzui was serious about following her.

However, Ding Zhuzui would not listen to her anymore and winked directly at the guard.

"Take it down."

He doesn't have time to have anything to do with Jin Cuiniang here now. He needs to discuss Ding Xu's matter with the old lady and Qiongying.

Because Ding Rong only left him half an hour.

"Yes, head of the family."

The guards took the order and directly carried Jin Cuiniang out.

No matter how Jin Cuiniang calls for help? How to beg for mercy? But it was of no use at all, because no one would believe her lies anymore.

...

Soon after, Jin Cuiniang was thrown back into the Furong Courtyard where she had been living. Moreover, she was really thrown into it.

None of the guards were polite to the lady of the Ding family, because they were not less angry with Jin Cuiniang before, and many of them died at the hands of Jin Cuiniang.

"You...you wait for my wife!"

Jin Cuiniang was so angry that her head was smoking because she was treated so rudely.

But now, she couldn't do anything. She could only express her quick words, put her hands on her hips and curse at the guards.

"Tsk!"

One of the guards looked at Mrs. Ding, who would soon become obsolete, and let out a light tut.

"How can this person have the demeanor of a housewife? She is simply a shrew, and a vicious shrew at that!" he said disdainfully.

"you--"

Jin Cuiniang was furious to death by his words.

"Okay, let's stop talking. After all, she is still the wife of our Ding clan." Seeing Jin Cuiniang's poisonous eyes, another guard quickly advised the guard who spoke before.

Although the head of the family is very tired of this woman now, who knows if she will make a comeback?

"Where's the madam? It won't be the same soon, right?"

The guard looked at Jin Cuiniang even more disdainfully, with a hint of malice and hatred in his tone.

He had a younger sister who also worked for the Ding family. Just because she was prettier, the head of the family took one look at her, and Jin Cuiniang made an excuse to splash her face with hot oil!

Chapter 2413 It's all her fault!

At this point, although his poor sister was cured, her entire face was ruined.

Never see anyone again.

But God knows, the head of the family was just in a good mood that day. When he learned that Aunt Qiongying was pregnant again, he couldn't help but praise his sister casually!

But Jin Cuiniang didn't care about this, she only knew that his sister might be attracted by the head of the family!

Therefore, when he can step on a vicious woman like Jin Cuiniang, he will naturally go up and step on her viciously!

"I'm sure that the evil things she did in the past will be exposed. When the time comes, can this lady's position be preserved?"

"Even so, she is from the Jin family, and her natal family is also quite powerful. Another guard glanced at Jin Cuiniang and reminded her.

"laugh."

The guard sneered.

"If the Jin family knew that their daughter had done those disgusting things and offended the head of our Ding family to death, I'm afraid they would wish they had never given birth to this daughter, right?"

"you you....."

Jin Cuiniang was frightened by their words.

Yes, over the years, the Jin family has relied entirely on the Ding family, and it has always been because of her status as the matriarch of the Ding family that they have been able to live happily in Sky City.

But if she didn't have this identity, how could people with the power of her parents take her daughter who was married off seriously? I just wish I had never given birth to a daughter like her, right?

She breathed in and out heavily.

At this moment, she was really scared. She was really afraid that she would completely lose power in the Ding family and never have a good life again.

"No, no, the master is just angry with me for a moment, and will come to see me soon."

She closed her door with a bang, held her arms with both hands, and murmured to herself.

But she knew very well that Ding Zhuzui had never been so angry with her before. He always spoke softly and softly. How could he pinch her neck and almost strangle her to death? ah?

"I shouldn't have said that, I really shouldn't have... It's all that unfilial thing, it's all her fault!"

Thinking that she had told the truth about Ding Rong, she felt extremely regretful in her heart. She really wished that time could go back and let her take back all her words.

However, this is simply impossible.

And all of this was because of that evil girl. If she hadn't been incompetent in doing things, how could such a thing have happened?

If Ding Rong was capable enough and directly captured Lin Baizhong, why would he need to make plans for her, let alone the yellow-faced woman next to Lin Baizhong?

So what if she looks beautiful?

You're not that old yet, how can someone as young as Ding Rong be so good at seducing men?

However, that evil girl of hers didn't know how to take advantage of her good body, but she took advantage of Liu Yuyang, a shameless old woman with a yellow face!

She was really pissed off!

"No, I can't just let it go, I must find a way, I must find a way!"

She must turn this situation around before the Ding family completely loses power. Lin Baizhong must be her daughter's, and the Ding family must also be hers!

She took a deep breath and suddenly rushed towards the dressing table, rummaging around for something on it.

Chapter 2414 What do you know?

...

On the other side, after Ding Zhuzui locked up Jin Cuiniang, he ordered people to invite Mrs. Ding and Aunt Qiongying over. 6

As for Lin Baizhong and Liu Yuyang, Ding Rong took them to visit the Ding clan.

"What, you want to take Xu'er away too, why did Rong'er say that?"

After the three of them sat down, upon hearing what Ding Zhuzui said, Mrs. Ding immediately frowned and looked at her son with some displeasure.

Over the years, they have found almost all the alchemists on the Qianhuan Continent, but none of them have been able to cure Ding Xu's disease. Could a little girl from the Desolate Continent really be able to cure it?

If that's the case, how talented must Lin Baizhong's daughter be?

"Master, even if we want to treat a disease, can't we just donate some money and silk to the girl? Why should Xu'er... That's decades, not one or two years.

Aunt Qiongying almost cried when she heard Ding Zhuzui's words.

The first thought in her mind was that Ding Rong was trapped by Lin Baizhong's daughter, so she wanted to find someone to support her.

After all, she and her children had been bullied by Ding Rong for so many years in the past. Every time she thought about it, she felt frightened and couldn't sleep at night.

"What do you know?" Ding Zhuzui glanced at him.

For him, the most important thing is to talk to his mother about this matter. As for his aunt Qiongying, her opinions can be ignored.

"I....."

Qiongying glanced at him and felt aggrieved.

She didn't understand anything, but Xu'er was her son. Mother and son couldn't see each other for decades. How could this be allowed?

"Mother mother..."

Seeing that the head of the house couldn't make sense, she looked at Mrs. Ding, hoping that she would stand on her side and talk to Ding Rong so that she wouldn't take her Xu'er away.

However, Mrs. Ding did not give her a chance to speak and directly raised her hand to stop her.

"Zhu Zui, please tell me specifically what Rong'er said." She looked at her son and asked.

"Rong'er didn't say anything. She just said that if she wants to cure Xu'er's disease, she must let Xu'er go there with her. Moreover, we won't be able to see Xu'er for many years."

Ding Zhuzui said to his mother.

"Then...can Commander Lin's daughter really cure Xu'er's disease?" Mrs. Ding asked.

"This... I don't know, but Rong'er said it very definitely. I think it should be true." Ding Zhuzui thought for a while and replied.

He knew his daughter well. Although she was a little willful, she still wouldn't lie about some things. She said that if Lin Baizhong's daughter could cure Xu'er's disease, then it must be curable.

"Master, how about we let the girl cure Xu'er first, bring him back, and then give the girl some gold and silver later, is that okay?" Aunt Qiongying's eyes lit up, and she felt that her idea was really good. Very good.

Let Lin Caisang cure her son's illness first, and then bring Xu'er back.

By then, the people have returned to them and their illnesses have been cured. Can Lin Caisang still be able to take the people away?

Even if she wants to take people away, the Ding family is not vegetarian.

"you shut up!"

Ding Zhuzui glared at her sharply and shouted coldly.

Chapter 2415 I can't bear it

What a bad idea this was. His daughter, such a proud girl, had been with Lin Caisang for more than half a year, and she just didn't want to come back.

Even if he arrived at his own home, he would not stay even for one night, so he would leave with Lin Baizhong and his wife.

It can be seen that Xu'er has really reached Lin Caisang's side, and it is definitely not that simple to come back.

What's more, is that girl a simple character?

Behind her, there was Lin Baizhong, the commander of Sky City!

"Mom, you see, Rong'er has been with Commander Lin's daughter for just half a year, and her temperament has changed so much. It shows that that girl really has some abilities. How about..."

Mrs. Ding raised her hand and also blocked her son's words.

Ding Xu, her grandson, was the child on whom she spent the most energy. Of course, this had something to do with his illness.

If she was given a choice, she would naturally not want her grandson to live outside all year round.

But think about it on the other hand...

"Let Rong'er take Xu'er away." She sighed heavily and said to Ding Zhuzui.

"Mother mother——"

Aunt Qiongying heard Mrs. Ding's words and screamed miserably.

"How can Xu'er go outside, mother, this is not allowed, it is not allowed!"

"Shut up!"

Mrs. Ding glanced at Qiong Ying with stern eyes, staring straight at her numb scalp. m

"Xu'er continues to stay at home, and there is only one word of death. All the alchemists in Qianhuan Continent have been searched, and the life-saving medicine is already difficult to find.

Do you think he can live for a few more years if he continues to stay at home? "

"But...but Xu'er...Mother, I can't bear to leave Xu'er..."

Aunt Qiongying looked at the old lady pitifully, her eyes filled with tears, as if she would burst into tears the next moment.

That was her biological son. How could she let him suffer outside?

"So, just because you are reluctant to let go, Xu'er has to be left by your side until he completely closes his eyes?" Mrs. Ding asked her.

Rather than leaving Xu'er at home and watching his life passing by bit by bit, it would be better to let Rong'er take him away to gain a healthy body.

Even if they can't see each other for decades, they still know that their child is still alive!

"I....."

Aunt Qiongying was so blocked that she couldn't say a word, so she turned to look at Ding Zhuzui.

"Master, can't you...can't you tell the eldest lady and ask her to beg that girl to send Xu'er back after he's cured?"

Why does this treatment require decades of effort? That girl must want to keep Xu'er by her side like a cow or a horse, right?

"If that girl is short of people, there are so many people in our Ding family. Wouldn't it be enough to send her a few more guards? Please don't trap Xu'er..."

"you--"

Ding Zhuzui was almost mad to death by Aunt Qiongying.

If it were normal times, he might not care too much about Aunt Qiongying's words, because as a mother, it is human nature not to let go of her son.

However, he had just experienced such a big change as Jin Cuiniang, and he was already extremely angry. Naturally, he would not look good when facing Aunt Qiongying.

"Qiongying, do you think I deserve to be owed something by you?"

Chapter 2416 It's time to burn incense

"I....."

Aunt Qiongying was scolded and could only lower her head weakly, not daring to say anything more.

"Master, it was Qiongying who was wrong."

"call!"

Ding Zhuzui exhaled heavily and rolled his eyes at Aunt Qiongying.

Then, he turned to look at Mrs. Ding, his mother, took a deep breath, and spoke.

"Mom, according to what you said, when Rong'er leaves tonight, let her take Xu'er away?" he asked.

"Um."

Mrs. Ding's eyes were heavy and she nodded.

"Mother, head of the family, will the eldest lady...will she treat Xu'er badly?" Qiong Ying looked at Ding Zhuzui weakly and asked.

Over the years, Ding Rong has been taking pleasure in bullying her children, which she has to worry about.

Ding Rong was able to bully her children when they were under their noses. Now Xu'er has to follow Ding Rong alone. What if she is bullied outside?

I'm afraid there won't even be a place to cry!

"you--"

Hearing her words, Ding Zhuzui had a bad breath stuck in his throat and almost died of anger.

"Then according to what you said, otherwise, let Rong'er leave alone, and as for Xu'er, just stay with you, how about that?"

he asked in a calm voice.

It was originally a sarcastic remark, but Qiong Ying's eyes lit up after hearing it.

"Master, if this can be done, it would be great. We can invite Commander Lin's daughter to come to our Ding family to treat Xu'er. Our Ding family is so big that we can afford to support one person.

As long as she can cure Xu'er, she can stay in the Ding family for any number of years.

Patriarch, do you think so? "

Ding Zhuzui: "..."

Why are the women around him so stupid?

Originally, he thought that Jin Cuiniang was locked up and his mother could not always take care of the family affairs. After all, she was old.

I just thought I could try to get Qiong Ying to learn and help the old lady.

But now it seems, what kind of help is it? It's not bad if it doesn't cause trouble to the old lady. It's time for him to burn incense.

Mrs. Ding: "..."

Where does this big face come from? Do you still think that in order to treat her son, she has to stay in the Ding family and not leave until her son recovers? !

"Qiongying, since you want Xu'er to stay, then just stay. As for whether the disease can be cured or not, there is no need to say it in the future. You have such a big face. I and Zhu Zui don't have such big faces. , Invite people to your home and raise them for how many years!"

She said to Qiong Ying without any politeness.

"Mother!"

When Qiong Ying heard Mrs. Ding's words, her face suddenly turned pale and she screamed.

"Mother, you can't do this, Xu'er is..."

"Shut up, you!"

Ding Zhuzui saw that an aunt named Qiongying dared to shout at his mother, so he immediately stopped her.

"Since you can't let go of Xu'er, why don't you just keep him by your side? Qiongying, although you are in the Ding family, this sky city is not decided by the Ding family!"

He warned coldly.

"Can....."

Qiongying pursed her lips and looked at Ding Zhuzui pitifully.

"But I can't bear to leave Xu'er. Master, I'll go and beg... I'll go and beg Commander Lin. I'll kneel down to him. I'll beg him to save our Xu'er."

Ding Zhuzui: "!!!"

A pregnant woman knelt down and begged Lin Baizhong?

Chapter 2417 What should I say about you?

Is this asking for help or threatening someone? As long as you are a discerning person, you can see it, right?

Do you really think that in this thousand-illusion continent, everyone is just a little white flower, and you can't move even when you see the poor people?

As for Lin Baizhong, he still remembered his precious daughter even after losing his memory.

Could he let his precious daughter suffer?

"Please calm down for me, head of the family!"

He immediately warned Qiong Ying sternly that he didn't know how to solve the mineral veins in Tianxia City. It was all Jin Cuiniang's fault.

Now if Qiongying causes another trouble for him, will he still have to live his life?

"If you want to keep Xu'er by your side, then keep it. If you want to find Commander Lin's daughter to treat illnesses and save people in the future, don't mention it again!"

Of course, these were just his angry words. After all, Ding Xu was his son. How could he watch his son spend his whole life in the hospital bed?

If Ding Xu's disease can be cured, of course he will.

Even if there was only one chance in a million, he would treat Xu'er, even if he would never see this son again.

"I....."

How could Aunt Qiongying be willing to do this? She was immediately speechless.

"Master, you can't... you can't cure Xu'er."

"You don't want Xu'er to leave, so why treat her?" Mrs. Ding said angrily.

Now that Rong'er has said this, it can be seen that there is only one way. She can't force her granddaughter to think of another way, right?

What's more, as long as people are still alive, that is the best.

What can be compared to a fresh life?

"I...Mother, I'm not unwilling, I just can't bear it."

Aunt Qiongying saw that Mrs. Ding didn't want to see her anymore, so she could only change her words angrily.

"Then what do you want?" Mrs. Ding stared at her coldly and asked.

"I....."

"Mom, there's no need to ask her, we can just decide."

Ding Zhuzui thought that time was almost up. If Lin Baizhong and the others were to leave, his daughter would definitely leave with them. By then, it would be useless no matter how much they discussed here.

"As a mother, she is so unwilling to hear that her son's illness can be cured. Qiongying, what should the head of the family say to you?"

"I....."

Hearing this, Qiongying opened her mouth but couldn't say a word.

"Zhuzui, let's go see Xu'er, and by the way, ask him what he means." Mrs. Ding stood up and said to her son.

"good."

Ding Zhuzui nodded.

Seeing that the two were about to leave, Aunt Qiongying also raised her feet and wanted to follow them.

Unexpectedly, when Ding Zhuzui saw her following her, he turned around and gave her a cold look, "You don't have to go, just go back to your own yard."

"What?!"

Aunt Qiongying was shocked by Ding Zhuzui's words.

This might be the last time she sees her son. How could she not go?

What's more, if her son has the same idea as hers and wants to stay at home, she can also help Xu'er and ask the head of the family to invite Lin Baizhong's daughter to come to the house for treatment.

"Family...Master, you..." You can't do this!

Before the last few words were uttered, Ding Zhuzui's eyes became even colder, staring straight at her.

Chapter 2418 How could this be?

"Xu'er's health is not good. If you are irritated by your crying appearance, you may not be able to get to Rong'er, so you will already give up and leave. Do you want to kill your own son?"

He asked her bluntly.

"I....."

Aunt Qiongying opened her mouth, but no words came out.

In the past, because Ding Xu was in poor health and was being cared for by Mrs. Ding, she had very few opportunities to see her son.

Of course, there were several children around her. Although they were also raised by the old lady, he could still see them anyway, so she didn't think there was anything wrong with not seeing her sick son.

But just now, the meaning of Ding Zhuzui's words was clear enough.

Even if she didn't say it directly, she didn't have a good relationship with her son. In his heart, it didn't matter whether she, the mother, would go or not, and whether he would get it or not.

Because on weekdays, she didn't think about seeing Ding Xu's son more. After all, he was a sick child. He didn't know when he would die. It didn't matter if he had other children, one more or one less.

"Also, keep those little thoughts of yours away from me, the head of the family!" Ding Zhuzui stared at her with cold eyes and warned in a cold voice.

Unexpectedly, this woman was also restless. She actually wanted to come to her and cry again after going to Xu'er. She used Xu'er in various ways to force him, went to Lin Baizhong to plead for mercy, and gave Xu'er to Lin Baizhong. Stay?

Unfortunately, he had already seen through it.

"hiss!"

Aunt Qiongying took a breath of air, lowered her head in a hurry, and stopped talking.

When did the owner's eyes become so powerful? She was just thinking about it in her mind. Could the owner even see it?

"The head of the family misunderstood, Qiongying didn't dare."

She trembled and said she didn't dare, but at this time, she really didn't dare.

Mrs. Ding was so favored, but the head of the family just said she didn't like her, so she just didn't like her. She was thrown into Furong Courtyard, and she didn't know if she could come out.

She is just an aunt. If she doesn't do it right, she may end up even worse than Mrs. Ding.

"It's okay if you don't dare."

Ding Zhuzui withdrew his eyes and looked at the guards beside him.

"You two, send Aunt Qiongying back to your own yard safely, and don't let her bump into her anywhere. Do you understand?"

"Yes, Master, I understand." The two guards responded at the same time.

"The head of the family..."

Aunt Qiongying almost burst into tears when she heard this.

The head of the house is determined not to let her follow her to see her Xu'er. The worst thing is, she won't say anything, isn't that enough?

After all, she and Xu'er are mother and son. Are they really not allowed to even take a look?

However, no one paid attention to her mood. Two guards stopped her directly. She could only watch helplessly as Ding Zhuzui and Mrs. Ding disappeared bit by bit in front of her eyes.

"How can this be done? How can this be done? Xu'er is also my son."

She murmured softly, never thinking about how she had just ignored her son's life and wanted to keep Ding Xu by her side.

...

"Grandma, father, are you saying that there is an alchemist who can cure Xu'er's disease?"

On the hospital bed, Ding Xu was so thin that he was reduced to a skeleton. Anyone who saw him would feel sad.

Chapter 2419 I can't bear to leave you

After hearing Ding Zhuzui's words, he wanted to stand up with support, but he had no strength at all, so he could only lie like this and keep lying there.

"Yes."

Ding Zhuzui stood beside the bed and nodded to Ding Xu.

"It's just that there are conditions for the alchemist to cure your disease."

"What... conditions?"

Ding Xu's eyes flashed and he asked.

He has been lying like this on the bed for as long as he can remember. What is the scenery outside? What are the differences between spring, summer, autumn and winter? He never knew what interesting things were happening on the street outside.

Once, he even thought that he would sleep in this bed until he died.

Instead of doing this, he might as well go outside and take a look. Even if he closes his eyes forever in the next moment, he is willing to do so.

But now, his father told him that there was a person who could cure his illness and allow him to stand up. Perhaps, he could also see the beautiful world outside and be illuminated by the bright sunshine.

How wonderful everything is!

Even if it requires him to give everything so that he can enjoy the beauty of the day, he is willing.

"From now on, you have to stay with the alchemist. The Ding family may not be able to come back." Mrs. Ding, who was sitting on the edge of the bed, looked at Ding Xu softly and said.

Hearing this, Ding Xu was stunned.

Can't you come back to Ding's house? Then will he never see his grandmother again? You can't see your father and aunt anymore?

"Never come back?" he murmured softly.

"Xu'er, that's just a possibility, not a certainty. Maybe in the future, if the alchemist is in a good mood, you can come back home to visit your grandmother and dad occasionally, right?"

Seeing his hesitation, Ding Zhuzui hurriedly spoke out.

"You don't have to think about these things. You just need to know that if your life is gone, then you really can't come back, and you will never see your grandmother and father again."

There is only one life for a person. If you can't even save your life, what else is there?

Yes or no?

"Grandma, Xu'er can't bear to leave you."

Ding Xu looked at Mrs. Ding with some confusion.

For him who has been lying in bed, his aunt has not visited him a few times in a year, so she doesn't have much impression.

Ding Zhuzui's father's role is very important to him, but Ding Zhuzui is also the head of the Ding family. What's more, Ding Zhuzui has always doted on Jin Cuiniang in the past. In addition to giving him a good enough material life, he also has other There has never been.

However, Mrs. Ding, his grandmother, was extremely kind to him.

I would come over every day to talk to him and bring him some fun things from outside for him to see.

Therefore, the most important thing in Ding Xu's life is not Ding Zhuzui or Qiongying, but Mrs. Ding.

Seeing that he was leaving the Ding family, he was naturally reluctant to leave.

"Xu'er, be good. Grandma will visit you when she gets free time, okay?" Mrs. Ding said softly to her grandson.

Among Ding Zhuzui's children, the others are all healthy and do not require her to take care of them too much. Only this one has an ill-fated fate, and she spent a lot of energy to raise it to such a big size.

Can she bear it?

Of course I can't let it go, but what can I do if I can't let it go?

When faced with the choice between reluctance and her child's life, she naturally chose the latter without any doubt. Xu'er's life was the most important.

Chapter 2420 Do you think she is a fool?

"As long as you take good care of yourself, grandma will definitely find a way to see you. Do you believe grandma?"

"Well, Xu'er believes in grandma.

Ding Xu didn't have too much struggle about how to choose. He was a child who was not yet underage, and he had been kept in a room without leaving the door. His mind was like a piece of pure white paper.

Whatever is good is good, whatever is evil is evil, don't think too much.

"Zhuzui, go and call Rong'er and ask her to take Xu'er away."

Seeing that Ding Xu agreed, Mrs. Ding looked up at her son and gave instructions.

"good."

Ding Zhuzui responded, turned around and went out.

...

"No one in the Ding family really makes anyone worry."

The fact that Aunt Qiongying didn't want Ding Xu to leave the Ding family naturally quickly reached Ding Rong's ears.

His own son was already seriously ill and was about to be buried. He didn't even want to get treatment quickly. He wanted to keep him and continue working. He also wanted to let Lin Caisang live in the Ding family for several years or decades.

It seems that Aunt Qiongying, who in her eyes is weak and looks like a little rabbit, is not a good person either!

But as soon as she finished speaking, she felt two strange eyes resting on her.

She blinked and looked up at Lin Baizhong and Liu Yuyang.

"Why...are you staring at me like this?"

Why are these two people looking at her like that? It made her feel guilty.

By the way, what does she have to feel guilty about? She hasn't done anything bad recently, and she hasn't been to the Promise Prison for a long time.

"There is really no one in the Ding family who makes people worry-free." Lin Baizhong looked sideways at his wife.

"Um."

Liu Yuyang nodded in agreement.

Ding Rong: "..."

After hearing such a conversation, she almost choked herself to death with a breath of bad breath stuck in her throat.

Who is this talking about?

He was staring at her so blatantly just now, who was talking about using her as a talking point?

But, that was before, right?

She has improved a lot now, but she is still the arrogant and domineering Ding Rong before.

"Let's not talk about this anymore. How will we take Ding Xu away later?" She coughed lightly and asked them.

"That's your business."

Liu Yuyang said lightly.

Ding Rong: "!!!"

Even if it is her matter, she is still looking for help for their daughter. As for dividing the matter so clearly?

"It's my business, but then... forget it, I'd better find two people and get a stretcher to carry it."

She wanted to say a few more words, but thinking about the two people in front of her, could she make sense? And even if it makes sense, so what?

So forget it, just let her figure it out on her own.

She's just one person, can she still get it back?

"Carry it to the Lin Mansion." Lin Baizhong said.

He didn't want everyone to know where Sang Sang and Zimo lived.

In that case, wouldn't even Lu Tianfeng know about it?

"I know, I won't take it anywhere else." Ding Rong rolled his eyes and said.

Do these two people really think she is a fool? They don't even understand this. You know, Lu Tianfeng's people are keeping an eye on them all the time.

"I don't know what's going on over there." She murmured to herself.

As soon as she thought that her aunt, the wife of the city lord, was not pregnant, but Lu Tianfeng poisoned her, she wanted to rush to Lu Tianfeng's house and cut him into pieces.
