

Star of Space 2421

Chapter 2421 Kill Lu Tianfeng

This kind of person is too despicable. He can do anything.

But today, it's three days, and it's still a few hours later. I don't know if Sui Zimo can make it back.

...

the other side.

After receiving the news, the city lord's wife came to the inn accompanied by Lu Tianlan with an uneasy mood.

At that time, Lin Caisang had already refined the required elixir.

Originally, she had planned to let the city lord's wife take the juice directly from the collected leaves of the Sky Frost Night Plant.

However, since she learned that the person she was treating was the wife of the city lord and most likely her husband's biological mother, she changed her mind and mixed the juice of Tianshuang Yeye with several warming medicinal materials to make it. The elixir was made.

"You're still injured, so don't get up. I'll just go."

Seeing that her husband, who was lying on the bed, was about to get up, she quickly spoke out to dissuade him.

But how could Sui Zimo listen to her words? He stood up and came to her side, "I'll go with you."

Ever since he heard Son'er's words and learned that the woman was the wife of the city lord, he also wanted to take a look.

What's more, how can he rest assured that his wife will go there alone? After all, there is still a huge gap between being pregnant and not being pregnant. What's more, she is the wife of the city lord. If she is pregnant, she is likely to be pregnant with the next generation. City Lord. x/ee-my

This gap is even greater.

Who knows if she will do something that even she can't predict when she learns that she is not pregnant?

"Just in time to go take a look."

Hearing this, Lin Caisang looked up at him and raised his eyebrows.

"Okay then, let's go take a look together."

If he wants to go, let's go together. Anyway, at this time, Lu Tianlan and the others don't know that the person in front of them is their son.

...

"City Lord, why haven't they come over yet?"

In the next room, the city lord's wife was already waiting anxiously.

Although she believed Lin Caisang's words before, in her heart, she still hoped that Lin Caisang, the alchemist, was at fault. She was actually pregnant with the child of her city lord.

She wanted to know right away whether she was really not pregnant.

But unfortunately, they have been waiting here for less than half an hour, and they have not seen the alchemist coming.

I just sent a maid to ask questions, and the news I got was that the alchemist was refining the elixir.

She felt that using only the juice of Tianshuangyeye was too powerful, so she decided to use some other medicinal materials to neutralize the medicinal properties of Tianshuangyeye, so as not to hurt her body.

"Just wait a little longer."

Lu Tianlan was not too anxious, no matter what the situation was, he could accept it.

After all, after so many years, he has been childless. Isn't that how he got here? Now it only gave him a little hope. Even if it was shattered, he could bear it.

"Madam, please be patient. That alchemist is also here for your health. The juice of Tianshuang Yeye is indeed a bit ferocious."

He looked at his wife and said.

Hearing this, the city lord's wife took a deep breath and tried to calm her restless heart.

"City Lord, I really want to kill Lu Tianfeng right now!"

Waiting is always the most annoying thing. She found a topic and talked to her husband.

Chapter 2422 Where do you live?

As for Lu Tianfeng, ever since she knew that this man had bad intentions, she wanted to kill him immediately.

In particular, Lu Tianfeng was so brave that he actually tampered with her body. Moreover, he could do anything with her, but it happened to be on the thing that she cared about most, like this!

"call!"

She exhaled heavily.

"Yes, there will be a day."

When he heard the words 'Lu Tianfeng', Lu Tianlan's face darkened and his voice became colder.

Once he digs out all Lu Tianfeng's power, it will be Lu Tianfeng's death.

"Ma'am, just wait, Lu Tianfeng will definitely not end well when the time comes.

He would not let Lu Tianfeng die so easily, because he had a vague feeling that Lu Tianfeng seemed to have some secrets, and maybe there was someone behind him!

Therefore, he wanted to dig out this person who might exist.

"he....."

He wanted to say something else, but saw the door being pushed open.

Lu Tianlan stopped in time and raised his eyes to look at the two people at the door. Although it was night, as a cultivator, this darkness would not affect his vision at all.

"you--"

When he saw Sui Zimozhi next to Lin Caisang, he was so shocked that he almost jumped from his chair.

is it him?

Is it what he feels?

Could it really be him?

He is back?

"Is this Mr. Ding?" Lin Caisang looked at Lu Tianlan with a smile and asked.

The city lord's wife said before that her surname was Ding, but this matter has not been revealed yet. If she asked this, there should be no problem, right?

"Well."

Lu Tianlan choked at Lin Caisang's words.

He also heard his wife talk about what happened before.

However, if Lin Caisang hadn't spoken out in time just now, he would have almost spoken out to Sui Zi Mo Wen.

"Yes, I wonder what you call them?" he asked.

"Surname is Sui, name is Zimo."

Sui Zimo said his name directly without saying anything.

"It turns out to be Mr. Sui."

Lu Tianlan looked Sui Zimo up and down with his eyes.

The reason why the Lu family is able to control Sky City is naturally unique to them.

Bloodline sensing is much stronger than that of other families. Therefore, how could he not feel it for his relatives?

Lu Tiankuo had been hit by Lin Baizhong once before. All the people under his name had been picked off by Lin Baizhong. He knew how many sons and daughters he had.

There were not many other cousins, and he knew very well the children under their knees.

Moreover, the young master in front of him, who looked young, had a stronger blood connection with him than those of his cousins' sons.

Apart from that possibility, he really couldn't think of any other possibility.

"Mr. Sui, I wonder where you live?" he asked.

"Ms. sir, why are you asking so many questions? Madam Sui, can you refine the elixir I need?"

Lu Tianlan also wanted to use some words to confirm Sui Zimo's identity, but the city lord's wife beside him couldn't wait any longer.

She is now anxious to know whether she is really not pregnant or whether she has been diagnosed wrongly.

Lu Tianlan: "..."

He is confirming whether the young man in front of him is his biological son, okay?

But this cannot be said in detail at this time.

Chapter 2423: Spent everything

He took a deep breath and turned to Sui Zimo and Lin Caisang with an apologetic smile.

"I'm really sorry. Mrs. Sui is pregnant, but we still bother you so much and are so kind to you. We don't know how to repay you."

"Master Ding, you're welcome."

Lin Caisang smiled lightly and didn't say much.

He raised his hand and handed the two porcelain bottles in his hand to Lu Tianlan.

"What's in the red bottle is the antidote, and what's in the white bottle is the poisonous pill of Tianshuang Yeyehua."

"Thanks."

Lu Tianlan watched his wife quickly take the two bottles into his hands, and he thanked Lin Caisang.

The next moment, he went to pour a cup of tea and watched his wife pour out a pill of antidote from the red bottle and eat it.

At this moment, both Lu Tianlan and his wife had extremely nervous faces.

Even if you have done psychological construction countless times before, when it comes time to tell the truth from the lie, you will inevitably be nervous, and you will also have some secret expectations.

Looking forward to it, it turned out that Lin Caisang's medical skills were not good enough and the diagnosis was wrong.

But in fact, they knew even more clearly in their hearts that based on what they had recently discovered about Lu Tianfeng's character and what Lin Caisang said, they already believed 99% of it.

Time has passed again for less than half an hour.

This time, there was no need for Lin Caisang to check the pulse of the city lord's wife. Lu Tianlan's own meager medical skills were able to figure it out.

"How about it?"

Seeing Lu Tianlan take his hand back, he looked at him solemnly.

The face of the city lord's wife was already full of disappointment.

Sure enough, just as Lin Caisang diagnosed before, she was not pregnant at all. All of this was caused by Lu Tianfeng.

Fortunately, she had done some psychological construction before, otherwise, she would really go crazy at this moment!

"Hi, ho!"

She took a deep breath and exhaled heavily before she could calm down her angry mood.

"This time, we will never let him go, absolutely not."

She looked at Lu Tianlan and spoke word by word.

Although Lu Tianlan's face was very calm, his heart was already aroused. Turning his eyes, he glanced at Sui Zimo, who was sitting beside him and had been silent, and then looked at Lin Picking mulberries.

Naturally, he would not let Lu Tianfeng go!

Compared to Lu Tiankuo, Lu Tianfeng was not so lucky. He did not have the blood of the Lu family and could not use the rules of the Lu family to escape his life.

Once his evil deeds are fully exposed, there is only death waiting for him.

But also, Lu Tiankuo is not as generous as Lu Tianfeng at all, because Lu Tiankuo still has his life if he fails, but if Lu Tianfeng fails, then really...

Therefore, Lu Tianfeng has tried his best this time, and he will never surrender until the last step.

He also had to be fully prepared.

"Mrs. Sui is an alchemist. I don't know, but this time, she came to Sky City to sign up for the Haikuo Forest trip?" He asked Lin Caisang.

"Um."

Lin Caisang nodded.

"What?!"

Hearing her answer, the city lord's wife looked at her in disbelief.

Entering the Haikuo Forest this time requires a lot of alchemists, and with Lin Caimulberry's ability, there is no problem at all.

But.....

This old lady is still pregnant, and looking at her belly, she should be giving birth soon, right?

Chapter 2424 It's simply terrifying

In such a situation, would she still go to the vast forest?

That is a very dangerous place!

Could it be that when her husband saw this, he didn't even know how to give him some advice? That's the child of both of them.

"Mr. Sui, do you agree that your wife is going to Haikuo Forest?" She looked at Sui Zimo, twitching the corners of her mouth, and asked quietly.

"Um."

Sui Mo lowered his eyebrows, glanced at his wife, and then nodded to Lu Tianlan and the others.

He naturally agreed. When entering the sea and forest, everything would be with him. His wife didn't have to do anything, she just had to follow him.

"I'll go with her.

Hearing this, Lu Tianlan and both of them raised their eyebrows at the same time.

"Young Master Sui is also an alchemist?" the city lord's wife asked.

"no."

Sui Zimo shook his head.

"My husband is an alchemist."

Lin Caisang opened his mouth and explained to the two of them.

"We had already signed up before when we first arrived here. In addition, there are other alchemists around us, so we won't worry about any accidents."

She knew what the city lord's wife was thinking, but there were still more than two months before she gave birth, and it would only take less than a month to go to the sea and forest.

Unless they fight Lu Tianfeng in the vast forest, there will be no accidents.

Of course, even if they fought with Lu Tianfeng's people, she would be the most idle one, and it would never be her turn to deal with whom.

"That's it."

The city lord's wife breathed a sigh of relief.

But having said that, these two people did not hesitate to risk their lives to enter the vast forest. Do they also want to get something from the vast forest?

"Master Ding, Mrs. Ding, since there is nothing wrong with you, we will go back first." Lin Caisang glanced at her husband, and then slowly stood up.

"Sonny, let me help you."

Sui Zimo immediately stepped forward and supported his wife.

Then, he looked at Lu Tianlan, nodded to him, turned around, and prepared to leave with Lin Caisang.

"We'll see you off."

Lu Tianlan opened his mouth and wanted to stop Sui Zimo, but in the end, he only said this sentence.

After hearing his words, the city lord's wife looked at him in surprise.

Sui Zimo and Lin Caisang's room is right next to it. Do you still need to give it away?

Of course, if her city lord wanted to give him a gift, she would naturally be happy to follow him. This old lady has excellent medical skills. It would be good if she could make a friendship.

However, what they didn't expect was that as soon as they arrived in the corridor, they saw someone they didn't expect at all.

"My good master, you are finally back. Come here, come here. I have brought you someone, right here... uh!"

Ding Rong finally got rid of the secret guards who had followed her all the way from Ding's house and came to the inn. Little did she know that before she finished speaking, she looked up and saw her aunt and uncle!

"Aunt...aunt, uncle, why are you here?!"

She's so frightened, okay?

After a while, she remembered that her aunt was not pregnant, and it was Lin Caisang who diagnosed her.

If it were said that her aunt would be here, it would be within common sense.

But she never expected that she would bump into them. She thought that even if Sui Zimo came back and asked her aunt to come over, she would have to wait until tomorrow.

Chapter 2425 Lu Tiankuo did it

Little did she know that her aunt would be so impatient to wait.

"Rong'er, why are you here?"

The city lord's wife was also confused at this moment. She had never seen Ding Rong again since he followed Lin Baizhong and was taught a lesson.

Originally, she wanted to talk to Lin Baizhong, but when she thought of what Jin Cuiniang had done, she felt angry, and she had no intention of thinking about it because she was not pregnant.

Who knew that I would meet Ding Rong here!

"this....."

Facing his aunt's questions, Ding Rong's eyes turned back and forth between the city lord's wife and Lin Caisang.

The two couples each thought that the other did not know their identities, but in fact, her aunt and uncle did not know the identities of Lin Caisang and Sui Zimo, but Sui Zimo, a shady couple, You know everything.

"Well... maybe... maybe... I should... come here to seek medical treatment... right?"

When it came to the last word 'ba', her eyes rolled around Lin Caisang several times.

Lin Caisang: "..."

At this moment, she really wanted to raise her hand and wipe her face.

It was easy for her and Zimo to pretend that they didn't know Lu Tianlan and his wife. How could they have known that Ding Rong would suddenly show up?

"Yes, I'm here to seek medical treatment!"

Seeing that Lin Caisang had nothing to say, Ding Rong gritted his teeth and said with absolute certainty.

"this is not....."

"Mrs. Sui, are you Commander Lin's daughter?"

Before Ding Rong could finish speaking, Lu Tianlan looked at Lin Caisang and asked in a deep voice.

So, this young man who might be his son is Lin Baizhong's son-in-law? Therefore, they have always known the identities of him and his wife, but they chose not to expose them.

At this moment, countless thoughts flashed through his mind.

Lu Tianfeng was always cautious in doing things and never made mistakes, but Lin Baizhong just knew what Lu Tianfeng had done.

It turns out that it was not Lin Baizhong who knew about it, but it was known through Sui Zimo and Lin Caisang, right?

In other words, Sui Zimo and Lin Caisang knew about Lu Tianfeng early in the morning?

Now, he is almost certain that the young man in front of him is his son. In other words, Lu Tianfeng was also responsible for the disappearance of his son!

It was not Lu Tiankuo who did it, as he suspected.

Ding Rong: "..."

Can she think that she is invisible and knows nothing?

She thought that a person as smart as her uncle must have immediately thought of the identity of the person in front of her, right?

"Uncle..."

"It's a bit late today. Tomorrow, tomorrow I have to go to Lin Mansion."

Before Ding Rong could say anything, Lu Tianlan spoke, interrupted her, and said to Sui Zimo.

Hearing this, Sui Zimo glanced at Lu Tianlan solemnly and said nothing, but Lu Tianlan already understood the meaning in his eyes, and they would still meet tomorrow.

"I...didn't I come back at the wrong time?"

Watching Lu Tianlan and his wife leave, Ding Rong finally came back to his senses and asked quietly.

How could it happen that she came back at this time? Even if it was a little later, her aunt and uncle had already left!

"Where are the people?"

Lin Caisang looked at Ding Rong and asked.

"people?"

Ding Rong raised his eyebrows, as if he didn't understand what she meant.

Chapter 2426 Turned into fragments

Isn't the person already gone? They all saw it. Where else can he go, other than back to the City Lord's Mansion.

After a while, she finally figured out that the person Lin Caisang was talking about was not referring to Lu Tianlan and the others, but to Ding Xu, whom she brought back from the Ding family.

"Oh, the person is inside, there is only one breath left."

She said sincerely that she finally got Ding Xu back, but the process was more dangerous, so she was so anxious.

"Go in and have a look."

Lin Caisang glanced at Sui Zimo, and the two walked towards their rooms.

...

the other side.

In the Ding family, neither Jin Cuiniang, the real Mrs. Ding, nor Qiongying, the aunt, are having a hard time.

Jin Cuiniang was locked up. To put it bluntly, she was under house arrest.

At this moment, she really wished she could grow a pair of wings, return to the Jin family, and let those people from her mother's family hack the two bitches Lin Baizhong and Liu Yuyang to death with knives!

But she couldn't get out. The servants in Furongyuan, from those who waited on her to those who worked in the yard, were all replaced, and no one was left.

"Useless trash, trash!"

She was angry, she was angry, but she had no choice but to use the simplest way to vent her anger, smashing various objects in the room to vent her anger.

Ding Zhuzui, that good-for-nothing, didn't even care about his wife, he only fawned over Lin Baizhong, the commander.

There is also Mrs. Ding, that damn old woman, who wishes she was not good. Seeing that she was disliked by her husband, she directly added insult to injury without even showing any mercy to her.

It is said that a wealthy family will be prosperous and suffer losses, and the most important thing is to take care of one's own face, but what about Ding Zhuzui and his dead old woman's mother?

Those two things are not just toys, even she, the wife of the Ding family, doesn't care. After all, she is also a serious wife of the Ding family. She is the head matron of the Ding family.

Although the power of being the head of the family was taken away before, that was only a few days ago.

But those two things didn't even leave her any face, and they could make her worthless in front of Lin Baizhong and Liu Yuyang.

What did she do wrong?

In the final analysis, the things she did were not for the Ding family, but for her and Ding Zhuzui's daughter.

But Ding Zhuzui didn't understand her. That dead old woman used this matter to suppress her. Even her own daughter didn't stand on her side and think about it for her.

"They are all ungrateful things!"

She screamed, and the sound of 'table tennis pong' kept coming to her ears, and the room was in a mess.

The precious porcelain, famous paintings, flowers and plants were all scattered on the ground and turned into fragments.

"I have worked so hard to take care of you, but you are thinking of using me as a stepping stone to curry favor with Lin Baizhong and Ding Zhuzui. You don't even want to see if you have this fate!"

She yelled hatefully outside.

After a while, when all the things that could be smashed were smashed in the room, she took a deep breath.

"It's not an option if we continue like this. I have to find another way."

Finally, she calmed down and felt that it was useless no matter how much she smashed things or scolded her in this Furong Courtyard.

Ding Zhuzui was completely disgusted with her. It was impossible to continue to be favored by Ding Zhuzui. Therefore, she had to find another way and find another way.

Chapter 2427 He is also a ruthless character!

"Find a way, I have to find a way!"

Suddenly, as if she thought of something, her eyes lit up.

Who said that she had been given up by Ding Zhuzui and was locked up, so there was nothing she could do. She had many connections, and there were many people outside who were willing to help her!

"That's it, Ding Zhuzui, don't you dislike me? I'll let you see who will dislike whom after I take control of the Ding clan!"

...

Another small yard.

Aunt Qiongying stroked her round belly with one hand, her face full of sadness.

"Hua'er, tell me, why can't the head of the family fight for Xu'er? Huh?" she asked, as if talking to herself.

"Auntie, maybe the head of the family has nothing to do, right?"

The maid next to Aunt Qiongying was called Hua'er. When she heard her master's question, she spoke in a low voice.

To be honest, there are still a few people in the entire Qianhuan Continent who don't know about the condition of her second young master, let alone Sky City.

However, how many alchemists have come and gone from home over the years? You've lost count, right?

However, who can cure the second young master's illness?

not a single one.

Now that I finally have hope, I can't risk the second son's life because of my recklessness.

She felt that the head of the family might be concerned about the Second Young Master's condition and did not want to delay any more time. After all, it was not easy to wait for an alchemist who could cure the Second Young Master's illness.

But in this case, how could she, a servant, dare to say it in front of Aunt Qiongying?

Although Aunt Qiongying looked gentle and gentle on the outside, even if she was bullied severely by Mrs. Ding, she just endured it silently.

However, how many people can endure it like this, watching their children being bullied to death, keeping silent, pretending that they have not seen anything?

She knows that Aunt Qiongying is also a ruthless character!

Therefore, no matter how much she knew in her heart, she would not say it out loud because she really didn't dare.

I could only persuade Aunt Qiongying in a low voice.

"That's the alchemist Ding Rong knows. How could the master...how could he give my Xu'er to that vicious little girl Ding Rong? How much pain will Xu'er have to suffer outside in the future?"

Aunt Qiongying thought, murmured, and cried softly.

When Hua'er saw this, she felt a little flustered and didn't know what to say.

She felt that whatever she said was wrong. If the eldest lady was a good person, it would obviously offend Aunt Qiongying.

But if she said that the second young master would not be bullied outside, Aunt Qiongying thought the eldest lady was so bad. If she said that again, wouldn't it be a disguised proof that the eldest lady is a good person.

"Auntie, don't be sad. The second young master looks like a wealthy man at first glance. He will definitely be fine in the future. As long as he can pass this test, the days to come will definitely be better and better."

She could only talk about the second young master.

"But Xu'er was taken away by Ding Rong." Aunt Qiongying brought the topic to Ding Rong again.

flower:"....."

After all, Aunt Qiongying was angry with the family leader.

But that was the head of the family, and she didn't dare to get angry at him casually, and she didn't dare to scold him secretly, so she could only shift her target to the eldest lady who took the second young master away.

Chapter 2428 Two wooden stakes

Aunt Qiongying pointed out that she shared her hatred and scolded the eldest lady severely, so that the anger in her heart would be extinguished.

However, how could she, a servant of the Ding family, insult the eldest lady casually? If this was heard by outsiders and spread to the ears of the head of the family, would she still want her life?

"Auntie, you are really worried. The second young master is not following the eldest lady when he goes out, but is following Commander Lin's daughter.

Think about the eldest lady's temper. No one can stand it. Commander Lin's daughter definitely doesn't like the eldest lady either. What's more, the eldest lady pursued Commander Lin back then and almost ended up doing that. Where is the young lady's stepmother?

In such a situation, can Miss Lin still make the eldest lady live comfortably?

Furthermore, our second young master, how gentle-tempered is he? She treats everyone politely, so Miss Lin will not treat the second young master wrong, right? Then the second young master's mouth became a little sweeter and he coaxed Miss Lin a little more.

I'm afraid that by then, the eldest lady will only be able to serve our second young master.

Auntie, do you think so? "

God knows, she really racked her brains when she said these words. You know, Miss Lin was only willing to treat the second young master because of the eldest lady's face.

Now they are still here talking bad about the eldest lady. It really shouldn't be done.

But what can she do?

She glanced sideways and secretly, and sure enough she saw her aunt's face relaxed a lot after hearing her words, and she still looked normal.

"Yes, Xu'er is such an obedient child. He can even be coaxed by the old lady, let alone Commander Lin's daughter, a little girl. Maybe when Xu'er's illness is cured, he can coax her. Commander Lin's daughter has brought him back well."

Thinking of this, Aunt Qiongying's face suddenly became much better.

In fact, what she hoped most in her heart was that her son could kill Ding Rong, the direct eldest daughter of the Ding clan, while they were outside.

That would save her a lot of worry, and from now on the entire Ding family would belong to her and her children.

Slowly, her expression turned bad again.

It's all the family's fault, why is he so cruel? She was not allowed to see Xu'er for the last time.

Otherwise, she could tell Xu'er to pay attention to Ding Rong outside, and if he could kill her, just kill her, and never let Ding Rong come back to the Ding clan again.

However, it was too late to tell Xu'er in the future. Ding Rong could come back, and her Xu'er would definitely come back.

When the time comes, she will just give her son a few words and let him deal with Ding Rong outside.

Aunt Qiongying thought beautifully in her heart, raised her eyes, glanced at the flowers that were looking at her carefully, and her face darkened.

"What are you still doing here? Have the tonics been stewed in the small kitchen? Why don't you send them to the owner of the house quickly?" she ordered sternly.

Now that Jin Cuiniang has lost her power, maybe Mrs. Ding's position will be vacant soon. If she doesn't curry favor with the head of the family now, how long will it take?

"Yes, yes, slave, go right away." Hua'er responded repeatedly, turned around and retreated.

...

Early the next morning, I was in a nice house in Sky City.

Lu Tianfeng raised his head, glanced at the two wooden piles, and still frowned in displeasure.

Chapter 2429 'Young City Lord'

Even if he found a way to deal with the soul-attracting beads, it would be impossible for him to not appear next to An Shen and An Meng forever.

Therefore, these two people have been following him around. Except for being free when going to the toilet, at other times, he really has nothing to do with them.

"call!"

He exhaled heavily.

"Anshen, Anmeng, I am going to have a meal, do you want to come together?" he asked.

"Master Tianfeng, please eat, and your subordinates will eat."

An Shen would not give Lu Tianfeng any face at all, and would just say whatever he needed to say.

They were just here to keep an eye on Lu Tianfeng, so how could they have a meal with him? They still understand the saying that the grasper's hand is short and the cannibal's mouth is short.

What's more, Lu Tianfeng is not as kind as he appears on the surface, and is secretly secretive.

How do they know whether they will fall into Lu Tianfeng's hands after they have had a meal? You know, he doesn't even hesitate to poison the city lord's wife.

"Anshen, you stay here, I will prepare dry food, this is for you."

An Meng looked at Lu Tianfeng and handed the jade plaque to An Shen. An Shen nodded towards her and accepted the jade plaque.

"Hi, ho!"

Seeing the jade plaque, Lu Tianfeng took a deep breath and exhaled heavily. Wingdings:

It was a piece of communication jade token, and there were only a few pieces of it in the entire Sky City. Now, it was used on him.

Yesterday, while An Shen was preparing dry food, he left the palace directly. Only An Meng followed him. He also thought of a way to get rid of An Meng.

I thought I could use this method to stay away from these two people for a while in the future.

Anyway, when the time comes, if someone asks, they can just say that An Shen and An Meng can't keep up with him, and there's nothing he can do about it.

But now...

These two people brought the communication jade token, Hun Tian Jade, without saying a word!

Besides what Lu Tianlan gave them, who else could it be?

Until this moment, he really couldn't help but wonder, did Lu Tianlan already know something?

Otherwise, how could he be so conniving with his wife and do such abnormal things to him, Mr. Tianfeng?

However, except for An Shen and An Meng who were sent to watch him, there was nothing abnormal in other places. The people under him did whatever they wanted to do, and no one was watching.

So, Lu Tianlan didn't know about his affairs, just to make his wife feel at ease?

"hehe."

Thinking of this, he chuckled.

It seems that because of this 'young city lord', Lu Tianlan can really do anything. He dotes on and manipulates his wife to the point of being lawless.

However, this also proves that Lu Tianlan has been looking forward to this 'young city lord' for how many years. Is he desperate?

I just don't know what Lu Tianlan's expression will be like when the day comes when he realizes that everything is a delusion and even his position as city lord has to be given up.

He thought, it must be wonderful, right?

He felt happy when he thought of how Lu Tianlan would gnash his teeth and want to kill him, but couldn't touch him in the slightest.

Even the two wooden stakes An Shen and An Meng were placed here felt that they looked particularly good.

Forget it, let Lu Tianlan and his wife be proud for a while longer.

Chapter 2430 Completely disappointed

After he takes out those things from the vast forest and takes the entire Sky City under his wings, he will then deal with that complete fool Lu Tianlan.

When the time comes, he doesn't even have to move his hands, there are so many people willing to kill this eyesore like Lu Tianlan on his behalf!

After a while, he excused himself to go to the bathroom and walked out.

When Anshen saw this, he naturally followed him, but in the end he couldn't get in, so he had to use the soul-inducing beads again, while he guarded outside the door.

"I have diarrhea after eating all day long. What's wrong with this!"

He looked at the blue sky outside and couldn't help but murmured in a low voice.

He has never seen anyone like Lu Tianfeng. He goes to the toilet right after eating every day. Isn't his digestive system too advanced?

No wonder I keep complaining that I'm hungry all day long, and I'm just short of eating eight meals a day.

Who would believe a person like this who says he is terminally ill?

No matter who believes it, he doesn't believe it anyway.

"what's the matter?"

In the room, Lu Tianfeng looked at his subordinates who were already waiting there and asked coldly.

"Go back to the master, there is news from the Ding family." The secret guard raised his eyes to look at him, and then said.

"Ding family?"

Lu Tianfeng frowned.

The Ding family is the natal family of the city lord's wife, and he had always wanted to cultivate his own influence there.

However, although Mrs. Ding looks older, she is powerful. Although on the surface, Ding Zhuzui is the head of the Ding family, in fact, Mrs. Ding controls everything inside and outside the Ding family!

It would be extremely difficult for him to attack the Ding family.

"Ding Rong went back last night. It is said that in order to make her daughter prosperous, Mrs. Ding knocked her daughter unconscious and wanted her to do good things with Lin Nian. She also arranged for Mrs. Lin and the head of the Ding family to be together. in the room."

The secret guard said to his master.

He had never heard of someone who could deceive his father-in-law like this for the sake of his daughter. This was the first time that Jin Cuiniang had done so.

If it had been him, he would have killed Jin Cuiniang, the troublemaker.

You know, Lin Baizhong is not a vegetarian. If he gets angry, how can Ding Zhuzui be able to withstand it? I am afraid that the entire Ding family will not be able to withstand it.

"oh?"

Lu Tianfeng raised his eyebrows and raised the corners of his lips slightly.

"Is there such a thing?"

For Ding Zhu to have such a wife in his drunken stall, it was his eighth lifetime's bad luck.

"Yes, Master." The secret guard nodded.

"Now that Mrs. Ding is grounded, the Ding family master does not allow her to leave the Furong Courtyard. The two of them seem to be tearing apart the past. It is estimated that the Ding family master is completely disappointed with his wife."

"snort."

Lu Tianfeng sneered.

If Ding Zhuzui doesn't disappoint his good-for-nothing wife, then the Ding family will be doomed.

"What now?" he asked.

"Mrs. Ding has no choice but to ask for help, Master." the secret guard said.

They had given Mrs. Ding a stepping stone before. It was a long time ago, before Ding Zhuzui's aunt came in, and they thought they could take advantage of it at that time.

Who knew that Mrs. Ding could endure it enough? She didn't think of them until she was desperate.

"If she's grounded, what's the use?" Lu Tianfeng asked the secret guard.
