

Star of Space 2431

Chapter 2431 I just don't understand!

Mrs. Ding had a good idea. When she was favored in every possible way, she dismissed them. Now that she was desperate, she came to find them.

"However, it is not without merit. The Jin family behind her... can actually be used."

Although Mrs. Ding is of no use anymore, there is still a third-rate family, the Jin family, behind her.

The Jin family wouldn't just watch their daughter fall out of favor with the Ding family, and in the end they wouldn't be able to squeeze out any benefit at all, right?

"Go and let the Jin family know that their daughter is no longer useful. I believe they won't let it go so easily. You can handle this matter." He ordered the secret guard.

As long as the Jin family still wants to rely on a big tree of the Ding family and the city lord's mansion, they will definitely take action and get in touch with Jin Cuiniang.

Jin Cuiniang's fall from favor was all due to Lin Baizhong and Liu Yuyang. At this moment, she just wished they could die, right?

In this way, without him having to do anything, Jin Cuiniang will direct all the anger of the Jin family towards Lin Baizhong. When the time comes, what the Jin family will do to Lin Baizhong will probably develop in the direction he wants. ?

"Yes, Master." The secret guard responded.

They will always have to deal with Lin Baizhong. Now they will use the Jin family to weaken Lin Baizhong's power in Sky City.

When the time comes, it will be much easier for them to take action.

...

The secret guards were really efficient in their work. In just a short time, the Jin family got this news, which was definitely bad news for them.

"What? Cui Niang is locked up?"

Mrs. Jin almost fainted when she heard the news.

Although Jin Cuiniang was not a very conspicuous one among her many children, she was the one who married best.

That's a huge relationship with the City Lord's Mansion.

"How did that unfilial thing get Zhu Zui? Such a good husband, everything goes as she wants, and he almost praises her to the sky. What else does she want?"

At this moment, she really hated iron.

If other women had a husband who loved them so much, how could they behave like Jin Cuiniang and make her husband unhappy?

But her stupid daughter just doesn't have a clear head!

So what if she didn't have a son? Even if Ding Zhu had ten or eight concubines, in the end, she would still not be the mistress of the house.

She had long advised Jin Cuiniang not to be so jealous. Since she was no longer able to have children, it would be a good thing for Ding Zhuzui to have more concubines if she was willing to take them.

In this way, every daughter will have children around her, and she will not be the only one doting on any aunt who has a son.

But Jin Cuiniang didn't listen. She felt that having Aunt Qiongying had reached the limit of her patience. Every time she came back to her parents' home, she kept complaining to her that her husband always went to Aunt Qiongying's yard. .

But why didn't she think about it, that was what Mrs. Ding meant!

"Mom, I heard that it was because of Rong'er's incident that Cui Niang wanted to marry Rong'er to Commander Lin, but Commander Lin was unwilling, so Cui Niang did something excessive. My son has not found out what it was specifically. "

The head of the Jin family replied to his mother.

However, he scolded that sister thousands of times in his heart. That Lin Baizhong was almost the same age as him, how could he still marry his niece?

Chapter 2432 Don't be stupid!

His sister is really hard to carry!

"Confused, so confused!"

After hearing this, Mrs. Jin was so angry that she was about to jump.

She heard about this matter before and was opposed to it, but then it was settled and she said nothing more.

But why is this topic brought up now? How can her granddaughter marry a man who can be her father?

"That sister of yours is so stupid! So stupid!!!"

"Yes, Cui Niang is stupid." The head of the Jin family responded repeatedly.

"Mother, what should we do now? We can't really let Cuiniang be given up by her brother-in-law, right?" he asked.

Hearing this, Mrs. Jin took a deep breath.

"Of course it's impossible."

She spent a lot of effort on that daughter, so how could she just give up?

"Send someone to secretly go to the Ding clan to find out what the situation is now. If possible, it would be best to meet your sister and hear what she has to say."

She ordered to her son.

"Yes, mother."

The head of the Jin family responded and was about to leave.

However, Mrs. Jin stopped him again.

"etc."

"Mother, do you have any other instructions?" Head Jin turned around and asked.

"Cui Niang is stupid, you can't be stupid!"

Mrs. Jin stared at her son with stern eyes and warned in a cold voice.

"Um?"

The head of the Jin family seemed not to understand the meaning of his mother's words and raised his eyebrows.

"Now that Cui Niang has just lost power in the Ding family, I'm afraid there is nothing else in her heart except hatred. I can't believe a word of her words now. Do you understand?"

Mrs. Jin reminded.

Instead of believing what Jin Cuiniang said, it would be better to ask the servants of the Ding family and get some real facts.

"Don't worry, mother, my son understands." The head of the Jin family nodded in agreement.

He is not stupid, otherwise, he would not have managed the Jin family so well in these years. You know, the Jin family was nothing in Sky City, but now it is a third-rate family.

His sister just wants him to avenge her and kill everyone who has offended her, right?

She doesn't care what happens to the Jin family.

Thinking about this, he secretly made up his mind to help Jin Cuiniang, but he must not fall out with the Ding family.

Even if they are acting in secret, it is not allowed. If they are discovered, their Jin family will be doomed.

...

Lin Mansion.

An Die followed Lu Tianlan's words and came to cooperate with Lin Baizhong to arrange the trip to Haikuo Forest.

However, these matters could have been discussed in the commander's office.

However, An Die relied on the fact that he was sent by the city lord Lu Tianlan, so he came to the Lin Mansion and ordered the Lin Mansion to come down as a matter of course. He even wanted to instigate Liu Yuyang's head. .

"Mrs. Lin, I'm not talking about you. Things in the kitchen and things in the yard should be done by you. How can you let Commander Lin do it?"

At noon, watching Lin Baizhong come back from the commander's house, but he still had to cook for Liu Yuyang and clean the yard. An Die couldn't help it. He frowned and looked at Liu Yuyang sternly. Lectured.

Has she never seen such a lazy woman who doesn't do anything at home?

Chapter 2433 Isn't this too incompetent?

If she hadn't insisted on following Lin Baizhong to his house to have a look, she wouldn't have known that Liu Yuyang was such a woman. It would be an embarrassment to their women!

"Commander Lin has been working in the Commander's Mansion for a long time and is already very tired. When he returns home, not only does he not have a hot meal to eat, but he also has to cook for you. You, Mrs. Lin, are too unreasonable. Are you competent?"

After hearing An Die's words, Lin Baizhong paused while holding the plate.

He originally poured two cups of tea out, but as his face turned cold, he raised his hand and poured one of the cups of tea directly on the ground in the yard.

Then, he handed over another cup of tea.

"Commander Lin, thank you for the..." tea.

An Die smiled and said her thanks before she finished her words. When she saw Lin Baizhong handing the tea in front of Liu Yuyang, her face suddenly froze.

The hand that was raised to take the teacup didn't know whether to put it down or what to do.

"Commander Lin..."

Shouldn't this cup of tea be made for her as a guest?

"Miss An Die has such a talkative mouth, she must not be thirsty, right?"

Lin Baizhong glanced at An Die with cold eyes, then turned to look at his wife and handed the teacup in front of her.

"Yu Yang, are you thirsty? Have a sip of tea."

Hearing this, An Die took a deep breath and almost suffered internal injuries from holding it in.

Who was she saying those words for? Was it for Lin Baizhong? She didn't want him, a grown man, to be busy with housework at home all day long?

Is she being treated like a donkey because of her good intentions?

"Commander Lin, you..."

"Baizhong, who is this?"

Liu Yuyang took the tea cup from Lin Baizhong's hand, interrupted An Die's words, and asked his husband.

"This is the Andie guard who the city lord arranged to take charge of the Haikuo Forest with me. He is just a guard of the city lord's palace." Lin Baizhong looked at Liu Yuyang and explained.

He was just a bodyguard, but he wanted to come to his home, and he dared to point fingers at his wife?

Does she really think she can say anything if she represents the city lord?

"I....."

An Die opened her mouth and couldn't believe what she heard?

Just a guard...just?

In Lin Baizhong's eyes, she was just a guard in the city lord's palace, that's all?

"Commander Lin..."

"It turns out that he is a guard of the city lord's palace. Being sent by the city lord to take charge of the affairs of Haikuo Forest, he must be a confidant of the city lord, right? How disrespectful." Liu Yuyang interrupted An Die again and said with a smile to her.

"I....."

An Die felt a breath of bad breath stuck in her throat.

"Then why did she come to the house? Even if she is a guard, she is doing official business. She should be discussing things with you in the commander's mansion, right? Why did she follow you here?"

Liu Yuyang raised an eyebrow at An Die and asked.

"Oh, did you hear that the city lord and his wife were coming today, so you came here to say hello to the city lord and his wife? That's true. Even if you were assigned matters by the city lord, you must have not seen the city lord for a few days, right?"

It is also appropriate to come and see your master. "

She looked at An Die with a look of enlightenment on her face and said.

"The city...the city wants to come?"

Hearing this, An Die's eyes widened and her face suddenly turned pale.

When she was assigned to help Lin Baizhong deal with the matter in Haikuo Forest, the city lord specially warned her not to pester Lin Baizhong again.

Chapter 2434 I still have her in my heart

But she was really unwilling to do so. Why could a woman from Huanglu stay by Lin Baizhong's side.

But she can't?

Therefore, she tried to find a way to fight with Lin Baizhong and wanted to come to the Lin Mansion. She must meet Mrs. Lin for a while and give her a blow, so that she would respect her a little bit in the future.

She felt strange. Lin Baizhong ignored her the previous few times, but this time, she was able to follow Lin Baizhong to the Lin Mansion.

But it turns out that the Lord of the City is coming!

"Commander Lin, I have something to do over there, so I'll take my leave first."

She stood up immediately, lied that she had something to do, and was about to leave the Lin Mansion, a place where she shouldn't be at this moment.

As long as the Lord of the City did not see her in the Lin Mansion, even if Lin Baizhong wanted to say bad things about her in front of the Lord of the City, she could deny it. After all, the Lord of the City still believed her.

However, as soon as she turned around, she saw a man and a woman coming towards her.

Lu Tianlan came to Lin Mansion quietly and brought his wife. After all, there was something about Sui Zimo that he couldn't mention to others.

Now, apart from his wife and Lin Baizhong's family, he really didn't dare to believe too much.

But he didn't expect that he would see his subordinate An Die just after arriving at the Lin Mansion.

"An Die, why are you in the Lin Mansion?"

The person who asked the question was the city lord's wife. She knew that An Die secretly admired Lin Baizhong.

Could it be that because he knew that Lin Baizhong had brought his wife here, he wanted to give Liu Yuyang a blow?

Thinking of this possibility, her face suddenly turned bad.

"Well."

An Die was choked by the city lord's wife's question and couldn't answer a word.

She didn't expect that the city lord and his wife would come so soon. Even if it was a little later, she would be able to leave.

"City Lord, City Lord's wife, this subordinate... This subordinate is here to discuss the matter of Haikuo Forest with Commander Lin."

After a while, she thought of such a reason.

But how could Lu Tianlan believe her words? Now An Die is in the Commander's Mansion every day. If he wants to discuss something, he can't finish it in the Commander's Mansion. He still has to follow Lin Baizhong to the Lin Mansion?

"An Die, you didn't even pay attention to what this city lord said to you before?"

Lu Tianlan narrowed his eyes dangerously and asked An Die coldly.

What he hates most is his subordinates who obey him openly and secretly. On the surface, they dare not object to a word of his words, but secretly, they do not act according to his orders.

And An Die, at this moment, has obviously touched his bottom line.

"City Lord, subordinates... subordinates..."

When An Die saw the gloomy eyes of the city lord, he was so frightened that his whole body trembled and he immediately knelt down.

"City Lord, Guard An Die just came here to take a look at the environment of my Lin Mansion. She said she also wanted to buy a yard." Upon seeing this, Lin Baizhong said to Lu Tianlan.

Hearing this, An Die raised her eyes and glanced at Lin Baizhong gratefully.

It seemed that Lin Baizhong still had her in his heart. Seeing her being wronged, he immediately stood up and spoke for her.

"Yeah?"

After Lu Tianlan glanced at Lin Baizhong, he cast his cold eyes on An Die again and asked.

"yes....."

As soon as An Die could hold back a word, he was interrupted by Lin Baizhong.

"Yes, that's what Guard An Die said before."

Chapter 2435 Who can rest assured?

Lin Baizhong looked at An Die with a faint smile on his lips.

"Maybe it's because she is anxious to buy a house outside. Ever since she came to the Commander's Mansion, she has been pestering me, wanting me to take her to my house to have a look. But before, I thought that there are differences between men and women after all.

Even if my wife is at home, it is not good to spread the news. It may ruin the reputation of An Die Guard.

No, let's take advantage of the fact that the city lord and his wife are coming and invite An Die guard to come with him. In this way, even if some unpleasant words are spread outside, the city lord and his wife will clarify it for us. "

An Die: "!!!"

It wasn't until this moment that she understood what was going on.

But it turned out that this was Lin Baizhong's intention to let her come to the Lin Mansion while the city lord and his wife were coming over.

Just to prevent her from pestering him again in the future, right?

Lin Baizhong is really cruel. She is a guard in the city lord's palace and a confidant of the city lord. How can she be inferior to Liu Yuyang, a woman who came from the wilderness?

But Lin Baizhong actually planned to deal with such a woman!

"you....."

She looked up at Lin Baizhong, her eyes full of disappointment.

This man really disappointed her so much. She thought that if she gave her heart, she would be rewarded.

But look now, what has she received in return?

This man has no heart at all. She loves this man so much, but he doesn't feel it at all? And to protect a lowly woman, to deal with her!

"City Lord, this subordinate realizes his mistake."

At this time, it was impossible to expect Lin Baizhong to speak for her, and she could only save herself.

Maybe as long as she admits her mistake, the city lord will be lenient with her and won't punish her too much, and she won't lose the city lord's trust, right?

However, she was destined to be disappointed.

Sky City is already in troubled times now, and Lu Tianlan doesn't dare to be careless for a moment.

The An Die in front of her was obviously resentful because he had hindered her and Lin Baizhong's good things. She was already very dissatisfied with him and Lin Baizhong.

If such a person still stays with them, who can rest assured?

I'm afraid that as soon as they forgive her, the next moment, she will betray them, right?

"Why."

Lu Tianlan sighed heavily.

"An Die, you are the most trusted subordinate of this city lord, even more trustworthy than An Shen and An Meng. What you did is really..."

He looked helpless and shook his head at An Die.

"Well, you don't have to interfere in the affairs of Haikuo Forest anymore. From today on, you will..."

"Lord City Lord, I feel that I am very close to this girl An Die. Why don't you let girl An Die stay with me for a few more days?" Before Lu Tianlan could finish speaking, Liu Yuyang faced him. He spoke.

She could see that Lu Tianlan, the city lord, wanted to appease An Die first and then lock her up somewhere.

At least, Lu Tianfeng must be released after the matter involving Lu Tianfeng calms down.

However, in this Sky City, especially the City Lord's Mansion, I'm afraid An Die can't understand it anymore, right? Will it be impossible to imprison such a person?

So, she thought it was up to her to deal with this woman. After all, this woman openly wanted to miss her husband in front of her.

Chapter 2436 Have fun!

"this....."

Lu Tianlan paused and looked at Lin Baizhong.

"Yu Yang, what are you..."

Lin Baizhong also didn't understand what his wife meant.

A guard in the city lord's palace was already disloyal from the look in his eyes. Did she still want to keep him?

"Baizhong, it's boring for me to be alone at home. If Miss An Die is with me, we can still talk, right? From now on, I won't be lonely at home."

Liu Yuyang glanced at An Die, and then said quietly to Lin Baizhong.

"this....."

Lin Baizhong naturally understood the meaning of her words.

Now that An Die has arrived at the Lin Mansion, if he lets her leave like this, to be honest, even he is worried.

Although An Die didn't know anything about them, he knew everything about Lu Tianfeng and the others.

Turning his head, he glanced at An Die, who was looking at Liu Yuyang with a sinister look, and then set his gaze in the direction of the city lord Lu Tianlan.

"I have no objection, but I don't know if the city lord will have any objections. Miss An Die is the right person around the city lord. Things in the city lord's mansion are also very busy."

He thought that if An Die was allowed to leave like this, she might lean towards Lu Tianfeng in the next moment.

Although this possibility is not very big, they can't take any risks now. If something goes wrong, Lu Tianfeng will disappear without a trace in Sky City.

Now Lu Tianfeng is so difficult to deal with under their noses. If he goes secretly, it will be even harder for them to catch him.

"An Die, since it is Mrs. Lin who is destined to you, then you should stay with Mrs. Lin at the Lin family for a few days."

Although Lu Tianlan didn't understand what Lin Baizhong and Liu Yuyang meant, there was always a reason for them to do what they did.

"Yes, yes."

The city lord's wife also nodded enthusiastically when she heard their words.

"Not long after Mrs. Lin came from Huanglu, Commander Lin was directly forced by the city lord to go to the Commander's Mansion to do some business. Sometimes I feel embarrassed.

An Die, in the past few days, please accompany Mrs. Lin to go shopping outside and buy some necessary things.

As for the things in the City Lord's Mansion, they can't be done in one go. Just delay it for a few days. It doesn't matter. City Lord, don't you think so? "

"Madam is right."

Lu Tianlan glanced at his wife with a smile and nodded.

An Die: "..."

She opened her mouth, but no words came out.

These people opened and closed their mouths and decided what she should do next. Didn't they ask her for her opinion?

She didn't believe that this woman Liu Yuyang would really feel that she was destined to fall in love with her. This was just an excuse.

I'm afraid that he just wanted to intimidate her, and she felt uncomfortable, so he wanted to get it back from her, right?

hehe!

That's fine, she can just stay in the Lin Mansion and have fun with Mrs. Lin!

It also lets her know that a man as capable as Commander Lin cannot be matched by just any woman.

She must let Liu Yuyang know how despicable she is, let her leave Commander Lin voluntarily, and free up Mrs. Lin's position for her.

"That being the case, my subordinates will go to the City Lord's Mansion to pack up a few sets of clothes."

Chapter 2437 Nothing wrong

She gritted her teeth and said to Lu Tianlan and his wife.

Lu Tianlan nodded with satisfaction and said nothing more. Instead, the city lord's wife smiled and patted An Die on the shoulder.

"An Die, Mrs. Lin is new here, you have to take good care of her, you know?"

"Yes, madam, I understand." An Die responded.

She will definitely take good care of Liu Yuyang, huh, I'm just afraid that Liu Yuyang won't let her take care of him then!

"Miss An, go back quickly. I will wait for you to choose this room before you come." Liu Yuyang said to An Die with a smile.

"good.

An Die turned her head and responded to Liu Yuyang.

Only she knew how much she gritted her teeth when she said this good word.

After saying that, she strode away.

After An Die left, Lin Baizhong welcomed Lu Tianlan and his wife into the living room and sat down. After making tea, the city lord's wife sighed softly and spoke.

"I didn't expect that An Die is also a person with an acquired bone in his head."

What she had just seen was that An Die looked at Liu Yuyang and wanted to tear off a few pieces of flesh from Liu Yuyang's body.

Even the city lord of her family who disagreed with her having too many entanglements with Lin Baizhong was resented by An Die. Although she tried her best to tolerate it, who were they? How could they not even notice this fishy thing? ?

"Just such a small thing can actually make her rebellious. City Lord, you must have a higher vision in the future."

Lu Tianlan: "..."

This actually has nothing to do with him directly, right?

Wasn't it all caused by Lin Baizhong? A good man, who obviously has a wife and daughter, can still attract so many romantic partners to his side.

What could he do?

However, if it weren't for Lin Baizhong, he wouldn't have known that An Die was such a selfish person.

For the sake of one's own feelings, one can disregard loyalty and become rebellious.

"Since we have to deal with her, why bother?"

He looked at Lin Baizhong and wondered what the couple wanted to do. Why should An Die stay in the Lin Mansion?

"My wife's decision is correct." Lin Baizhong said seriously.

"City Lord, An Die is a powerful person by your side, just like An Shen and An Meng. They both have certain power in the City Lord's Mansion and have followers who are loyal to them.

If you get to the City Lord's Mansion and deal with An Die, just by doing this, it won't be enough to kill her.

But if she is locked up or something, she has already developed a rebellious heart, and if she takes advantage of her followers, she can easily escape from the city lord's mansion.

When the time comes, I'm afraid there will be another storm in Sky City. "

In particular, An Die is still very clear about Lu Tianfeng's affairs. If she secretly contacted Lu Tianfeng, then things would really not be that simple.

After hearing Lin Baizhong's words, Lu Tianlan finally reacted.

This was true, but he had always thought that the City Lord's Mansion was based on his words, and he had long forgotten that the people around him had already cultivated a group of forces loyal to them.

"You made the right decision." He nodded.

"There is no room for any mistakes when it comes to Lu Tianfeng."

"City Lord, Commander Lin, you are all right, but..."

The city lord's wife looked at them and then at Liu Yuyang sitting next to her, with a trace of worry in her eyes.

Chapter 2438 Your son-in-law

"Would this cause too much trouble to Mrs. Lin?" she asked.

How terrible it must be for a woman to stay by her side even though she knows she wants to steal her husband-in-law.

She couldn't believe how Liu Yuyang's life was going these days. An Die was able to stand out among so many guards in the city lord's palace, and his strength should not be underestimated.

If she wanted to deal with Liu Yuyang, it would be a very simple matter, right?

And Lin Baizhong couldn't stay at home every day. There would only be Liu Yuyang and An Die at home. What if something happened?

"Won't."

Liu Yuyang put down the teacup in his hand and shook his head with a smile.

"I haven't practiced for a long time, and someone just happened to come to my door. It's good.

"As long as you can handle it."

Lin Baizhong spoke to her, then thought about it and added another sentence.

"If it looks bad, let Sangsang handle it."

Liu Yuyang: "..."

She looks bad at people and leaves it to her daughter to deal with?

Have you ever seen a biological father who cheats his daughter so much?

"I know."

Originally, she didn't want to keep An Die by her side for long. She just found an excuse to let An Die stay by her side without giving her a chance to betray them.

"Um."

Lin Baizhong nodded.

"City Lord, City Lord's wife, I wonder if you two are here today for something important?"

Turning his head, he looked at Lu Tianlan and asked.

They sent a message last night, saying that they would come to their home today, and they also brought the city lord's wife. What do you want to do?

"Baizhong, I heard that your daughter is married?" Lu Tianlan asked.

Lin Baizhong: "..."

What is the problem?

I also heard that, who said it?

Could it be that Lu Tianlan had already met Sui Zimo and already knew the fact that Sui Zimo was his son-in-law?

But that doesn't matter, right? Is it necessary to come here specifically to question?

"Baizhong, where is your son-in-law from?" Lu Tianlan asked.

Lin Baizhong: "!"

Do you know anything?

It's impossible to guess Sui Zimo's identity just by meeting him once, right?

When did Lu Tianlan become so arrogant, or was he suspicious of Sui Zimo? This is impossible, right?

"My daughter is from Huanglu, and so is my son-in-law." He raised his eyebrows and replied.

Hearing this, Lu Tianlan was really speechless.

Is this when he doesn't know anything? In fact, he already knew it very well. Last night, he had already sorted out his thoughts and felt that Lu Tianfeng was responsible for this matter.

And Sui Zimo is not nine out of ten, but one hundred percent his child.

"Baizhong, I know I won't tell secrets. You will know what Lu Tianfeng is like. Did he come here just after Zimo?" He took a deep breath and asked.

After hearing his words, Lin Baizhong and Liu Yuyang looked at each other.

Co-author, does Lu Tianlan know everything? Then... Turning his head to look at the city lord's wife, he saw that her face was full of confusion, as if she didn't understand what they said.

It seems that she doesn't know.

Liu Yuyang nodded to his husband.

Anyway, you have to know sooner or later, and there's nothing hard to say, so just say it.

"yes."

Lin Baizhong received the signal from his wife and did not deny it.

It's always a good thing. Sui Zimo is the young city lord of Sky City. Once this news comes out, a lot of things can be solved.

Chapter 2439 No need to confirm

"We tracked Yinluqing, the eighth prince of the Ziyang Kingdom, from Huanglu, and then from Yinluqing to Sky City, where we discovered Lu Tianfeng, but... the rest is not sure yet.

"others?"

Lu Tianlan looked at him steadily and expressed doubt.

But he already understood what else Lin Baizhong said, that is, when his son disappeared, Lin Baizhong still couldn't be sure whether he was the same person as Sui Zimo.

"Yes, others."

Lin Baizhong also nodded, not denying that he thought so.

Not only him, but his precious daughter and son-in-law also thought so.

For some things, it is really difficult to deny whether the truth is true or just their speculation without the person involved personally telling the truth.

"Lu Tianfeng is a scheming man. We are not sure whether he has other plans or has done other tricks. After all, he is a person who takes one step and thinks ten steps ahead."

Hearing this, Lu Tianlan took a deep breath.

Lu Tianfeng!

He had never noticed before that there was such a venomous snake around him. Even the disappearance of his son back then was all caused by Lu Tianfeng!

At this moment, how much he wanted to rush in front of Lu Tianfeng and kill him with one palm!

"call!"

He exhaled heavily and gritted his teeth.

"You don't have to be sure," he said.

"Um?"

Lin Baizhong raised his eyebrows, not understanding what he meant.

"I have confirmed it." Lu Tianlan said.

"ah?"

Lin Baizhong was a little confused.

Has he confirmed it? How did he confirm it? Even they don't know if it is, okay?

Turning his head, he glanced at his wife, and then moved his eyes to Lu Tianlan.

"You confirmed it? How did you confirm it?" he asked.

"Of course I have my own way." Lu Tianlan said.

"That....."

Lin Baizhong looked at the city lord's wife.

He wanted to ask, since Lu Tianlan had confirmed it, why didn't he tell his wife about it?

This is a big happy event. Shouldn't it be shared with the people closest to you immediately?

"Baizhong, you stay here with the city lord and his wife. I'll go to the kitchen to have a look." Seeing that they had something to say, Liu Yuyang stood up and said to Lin Baizhong.

"I'll go over and help too."

The city lord's wife also felt that the two men were playing riddles, as if there was something they didn't want her to know.

There were many things in Sky City that she didn't know, and she had nothing to care about.

"Then I'd like to thank the City Lord's wife."

Liu Yuyang said politely to her and took her away.

"Aren't you going to let her know about Zimo?" Lin Baizhong asked Lu Tianlan after the two left.

"This thing is too big."

Lu Tianlan sighed softly and said.

"Madam, she has an excellent relationship with her mother-in-law. Even if Lu Tianfeng's rebellion and the news that she was not pregnant were not confirmed, Mrs. Ding knew about it immediately."

He didn't say the next words.

"Understood."

Lin Baizhong nodded, indicating that he understood.

Such an important matter should not be known to outsiders except for the most trusted people in the city lord's palace.

However, the city lord's wife took the risk to inform the old lady of the Ding family. This shows how much the city lord's wife trusts her mother.

Chapter 2440 I must go in

Then presumably, once Zimo's identity is known to the city lord's wife, the Ding family members, at least Mrs. Ding, will know it immediately, right?

If only Mrs. Ding knew about the Ding family, that would be okay, but if others accidentally found out, the consequences would be really disastrous. Not only Sui Zimo, but even his family Sangsang would be affected.

"As long as you understand." Lu Tianlan nodded.

"Besides, I see that your daughter is pregnant. If Zimo's identity is spread at this time, not only Lu Tianfeng, but also those who have been spying on the position of the city lord will be ready to take action."

He, the city lord, has never had an heir, and some of the branches of the Lu family have different thoughts and ideas that they shouldn't have.

If once they learn that his son, who has been missing for more than 20 years, is back and is about to have a grandson, there will be another turmoil in Sky City.

Lu Tianfeng's incident has not yet been settled. If such an incident happens again, I am afraid that Lu Tianfeng will just follow Lu Tianfeng's will and just allow him to take all these people for his own use.

This is really too dangerous.

Hearing this, Lin Baizhong also took a deep breath. This was what he was worried about in his heart. The comfort of his precious daughter was the most important thing.

"Baizhong, I'm here this time just to ask, what do you think?" Lu Tianlan asked aloud.

"Um?"

Hearing his words, Lin Baizhong raised his eyebrows in confusion.

What are your thoughts? What did he do again? Apart from hiding something about Sui Zimo's life experience, there's nothing else, right?

Moreover, they also have doubts about Sui Zimo's life experience.

"What's the meaning?"

"My daughter-in-law is pregnant. With such a big belly, why do you, a father, dare to let her go to Haikuo Forest?" Lu Tianlan asked angrily.

Just thinking about Lin Caisang going to such a dangerous vast forest with such a big belly would make him break out in a cold sweat.

How dare they!

"I really doubt whether she is your biological daughter."

Lin Baizhong: "!!!"

What is this guy saying? Does he think he is willing to do this?

But what can he do? This is a task given by Jinzhu Space. Since Jinzhu Space can give Sangsang this task, there must not be too much danger, right?

"I will follow her into the vast forest, and nothing will happen to her."

Now, that's all he could say to Lu Tianlan.

"Besides, you have to believe in Zimo's skills. He is not an ordinary person."

Hearing this, the corners of Lu Tianlan's mouth twitched sharply.

He would naturally believe in his son, but there was always a chance in everything. Just in case... No, he couldn't think like that. Since they dared to go, they must have made complete preparations.

"I'm just afraid of what might happen. In that vast forest, no matter how advanced a person is, they might not be able to get out," he said.

The Sea-Kuo Forest is not a place where one can come and go unhindered if one has high cultivation level. It is a place that relies on opportunities. If one walks in the right direction, even an ordinary person without any cultivation level can come out unscathed.

But if you encounter certain dangers, even the most advanced people will not be able to get out.

"It's useless for you to say this now. Zimo and Sang Sang will definitely go in." Lin Baizhong said to him.
