

Star of Space 2441

Chapter 2441 No more than ten

Anyway, he had already thought about it, he would be responsible for this journey, and he would definitely be able to escort Sang Sang and Zimo out safely.

Moreover, there is no telling who will protect whom in the vast forest.

"Let's ask again when they come."

Lu Tianlan didn't know what to say now, so he just wanted to wait for his son to come and give him some advice.

He shouldn't have gone to that place, and he shouldn't have opened it. But now his son and daughter-in-law have to go in with him. He really doesn't want them to go in.

"It's no use asking!"

Lin Baizhong rolled his eyes at him angrily.

What's the matter? After asking again, you still want them not to go in. This is of course impossible.

Therefore, he should tell Lu Tianlan now, before Sangsang and Zimo come over by then. Lu Tianlan, the city lord, goes his own way and talks nonsense, completely offending people, and he doesn't know it?

"Zimo and Sang Sang are both very independent. No one can persuade them to do what they want to do. You, it's better not to ask for trouble."

"I....."

Lu Tianlan opened his mouth, suddenly not knowing what to say.

In fact, he hasn't even recognized his son yet. If he said it was not allowed in front of Sui Zimo at this time, would he really be asking for trouble as Lin Baizhong said? ?

"Did they go in because of Lu Tianfeng?" he asked.

"Half and half." Lin Baizhong said.

Half of it was for Lu Tianfeng, and half of it was for the mission.

Of course, he would not tell the latter half to Lu Tianlan and keep it confidential.

"I have already found out that Lu Tianfeng's subordinates have obtained the Baidong Spirit Bone." He said to Lu Tianlan.

"A hundred moving spirit bones?"

Hearing this, Lu Tianlan raised his eyebrows.

In order to enter the vast sea forest, Lu Tianfeng really did everything possible, and he found all the spiritual bones of hundreds of animals.

At this moment, he really wanted to know immediately, what did Lu Tianfeng want to get in the vast forest?

"You are quite well informed."

He didn't even get the news, but Lin Baizhong already knew about it, which showed that he was really keeping a close eye on Lu Tianfeng.

"uh-huh."

Lin Baizhong nodded, reached out and took the teacup over, and took a sip.

Ye's information is naturally not that well-informed, but his wife's information is still very well-informed.

Because the Baidong Spiritual Bone was in the shop that Liu Yuyang used to run, it had never been touched, and now it was suddenly bought, even by a very mysterious person.

That person was definitely Lu Tianfeng.

"Have you found out how many of those alchemists are from Lu Tianfeng?" Lu Tianlan asked.

"No more than ten." Lin Baizhong said.

Lu Tianfeng had many people before, but he purged them once. After that, when recruiting alchemists and alchemists, he was very careful and did not let in any of Lu Tianfeng's people.

Naturally, there are not many people on Tianfeng Road.

And the number he said was no more than ten, it was just that there were some people in the team that he didn't know the details about, and he didn't know if they were Lu Tianfeng's people.

"I have made a decision and will be ready to leave in ten days," he said.

"Ten days later? So soon?" Lu Tianlan raised his eyebrows again.

There are still a lot of things to prepare in ten days. Can everyone make it in time?

After all, you need to be fully prepared when heading to the vast forest.

Chapter 2442 Such a favor

"Fast?"

Lin Baizhong asked him back.

He didn't even say he would leave in three days.

His baby Sangsang will be born in two months, okay?

Naturally, he can hurry up. The earlier he enters the sea forest, the earlier they can come out and have less to worry about.

"We will set off in ten days. We will stay in the vast forest for a month. You have one month to wipe out Lu Tianfeng's gangsters. That's when the time comes."

"Are you going to take action?"

Lu Tianlan really couldn't keep up with Lin Baizhong's pace.

They clearly didn't discuss it according to this method before, and they wiped out Lu Tianfeng's gangsters. Then will he just go into hiding, and he won't be exposed for a long time in the future?

"Baizhong, I am the city lord of Sky City, right? Why don't you consult with me when you make these decisions?"

He was really speechless.

After all, he is the one in charge of this sky city, right?

But Lin Baizhong decided all these things. Why did he feel that he didn't even have time to object?

"Let's discuss?"

Lin Baizhong looked at Lu Tianlan and asked.

"yes."

Lu Tianlan nodded.

Shouldn't we discuss it?

Although the people under Lu Tianfeng are easy to deal with, there are still invisible things around him. Those things are what they need to take down, and the others are nothing to be afraid of.

"We haven't found out where he hid these things, including the son of the evil spirit and the poisonous corpse."

he said.

"call!"

Hearing this, Lin Baizhong also breathed out a sigh of relief.

"Actually, I think so too, but your son and my Sangsang also didn't discuss it with me. What can I do?"

He spread his hands and said.

His precious daughter just asked someone to send the message, and he didn't know anything else. Anyway, he just did as his daughter said, and that was all.

Lu Tianlan: "..."

Co-authorship, this is not Lin Baizhong's own intention at all.

It was the two younger ones who said it, so Lin Baizhong just did what they wanted, without even rejecting it or asking why?

This is not the way to pamper children, is it?

"Baizhong, you..."

"Dad, Zimo and I are here. Lord City Lord, you have been here a long time ago."

Lu Tianlan wanted to say something else, but was interrupted by Lin Caisang who came in from outside.

Hearing the sound, Lu Tianlan stood up immediately and looked at Sui Zimo nervously. This is his son, son!

He was only by his side for a month since he was born. The full moon was stolen by that bastard Lu Tianfeng, and he is still the son he just met.

"You... Zimo, Sangsang, you are here, hurry up, sit down quickly."

For a moment, he didn't know what to say, and he was very excited, but he still couldn't recognize his son at this moment.

Lin Baizhong also stood up and shook his head speechlessly when he saw Lu Tianlan's stupid look.

This is his Lin Mansion, okay?

Lu Tianlan was a guest. How could there be any reason for a guest to invite his daughter to sit down?

However, what can he do? Sui Zimo should be Lu Tianlan's son. There should be no escape from this fact.

He would just do a good deed that day and let Lu Tianlan and his son get along well for a while.

"Where are my father-in-law and mother-in-law? Where have they gone?"

Chapter 2443 You can use your strength to fight

Sui Zimo asked when he saw that there were only two people in the living room, Lin Baizhong and Lu Tianlan.

"It's in the kitchen." Lin Baizhong said.

"The city lord's wife is also here. We are talking here. There are some things that they don't need to know."

"Um."

Sui Zimo nodded, turned his head and looked at his wife.

"Sang Sang, you stay here with your father-in-law and the city lord. I'll go to the kitchen to take a look."

he said.

"Okay." Lin Caisang responded.

"What do you want to eat?" Sui Zimo asked her.

"As long as you do it, it's fine." Lin Caisang said.

She has never been picky about food. As long as it is cooked by her husband, everything tastes the best.

"How about making you a honey chicken?" Sui Zimo asked.

"OK."

Lin Caisang smiled and nodded.

Soon, Sui Zimo went to the kitchen, and there were only three people left in the living room.

"Sang Sang, you sent a message before, do we need to eradicate all Lu Tianfeng's forces so quickly?" Lin Baizhong asked Lu Tianlan's doubts.

Of course, he actually felt that something was wrong in his heart. After all, according to their guess, Lu Tianfeng had many hidden forces.

As for those, they haven't found out yet, and they won't be able to find out for a while.

"Um.

Lin Caisang nodded.

"Um?"

Lin Baizhong looked at her doubtfully.

"Didn't you and Zimo say before that you should wait a little longer?" he asked.

"That's what I said before."

Lin Caisang curled his lips. He had previously thought not to alert the enemy, fearing that Lu Tianfeng would hide all the secret forces after learning that they knew who he was.

But now, she doesn't think so anymore.

"Zimo said it would be better to cut off all his Mingli forces. This way, it will be easier for us to deal with him in the future."

"Don't you know how to alert someone?" Lin Baizhong asked.

"this....."

"Perhaps we can use our strength to fight."

Before Lin Caisang could say anything, Lu Tianlan raised his hand, touched his chin, and said thoughtfully.

"What do you mean?" Lin Baizhong looked at Lu Tianlan and asked.

But before Lu Tianlan could say anything else, he had already thought of it.

"You mean, Lu Tiankuo?"

Since Lu Tiankuo was suppressed by him, he once fell into despair.

But later, maybe I felt that if I continued like this, I would be kicked out of Sky City sooner or later, or I would have no status at all in Sky City.

Some time later, he also discovered that Lu Tiankuo had secretly sent people to keep an eye on Lu Tianfeng. Maybe he also knew some of what Lu Tianfeng was doing secretly.

"If we use Lu Tiankuo's name to suppress Lu Tianfeng, then it is really feasible." He said.

Moreover, who made that person be Lu Tiankuo? Not only did they dislike each other, but he recently learned that his wife was forced to get married by Lu Tiankuo when she was in Qianhuan Continent, which caused her misery.

If I don't take revenge now, how long will it take?

"Dad, you are right, Lu Tiankuo can be used just right." Lin Caisang said.

Anyway, Lu Tiankuo is also a bad person, so it would be good to let him directly confront Lu Tianfeng.

"You can use it, but..."

Lin Baizhong was full of dislike for Lu Tiankuo. He only blamed himself for suppressing him too hard at the beginning. Until now, there are not many people around Lu Tiankuo who can take advantage of him.

Let him deal with Lu Tianfeng now. That's not like beating a dog with hot buns, and there will be no return.

Chapter 2444 The only life-saving straw

"There aren't many people left in Lu Tiankuo's hands. I'm afraid there aren't enough for Lu Tianfeng to take a bite." He said honestly.

In the past few years, he has been keeping an eye on Lu Tiankuo. He, the leader of Sky City, knows very well how many people Lu Tiankuo has.

However, after hearing his words, Lin Caisang didn't have much reaction. Instead, he raised an eyebrow.

"It doesn't matter, I have someone here who can just be used," she said.

"who?"

Lu Tianlan and Lin Baizhong asked at the same time.

"Yinluqing."

Lin Caisang spit out three words.

"Yinluqing?"

Lin Baizhong was stunned for a moment.

"What's the use of Yinluqing? He's just a guy lingering on his last breath."

All Yinluqing's power is gone. Even Lu Tianfeng has already given up on him, right?

"You just pack him up and throw him in front of Lu Tianfeng, and Lu Tianfeng doesn't even look at him. Maybe he will send someone to silence him immediately. What use can he be?"

he asked.

"Lu Tianfeng's place can't do it, but Lu Tiankuo's place can do it." Lu Tianlan said.

However, this Yinluqing was originally from Lu Tianfeng. If he went directly to Lu Tiankuo's side, he would definitely arouse Lu Tianfeng's suspicion, right?

Therefore, they still have to do some tricks in the meantime.

"Well, what the city lord said is true. If Yinluqing went to Lu Tiankuo's place, even if Lu Tianfeng's entire army was wiped out, he would not blame us. He would only blame Lu Tiankuo and Yinluqing. "

Lin Caisang said.

This was the result of her previous discussion with her husband.

Lu Tianfeng's people should no longer be put off and must be eliminated.

But it cannot be destroyed directly by the people in the city lord's palace, so it is necessary to use other forces, and Lu Tiankuo is the best one.

"I will arrange this matter."

Lu Tianlan took over this matter. As for Lin Baizhong and the others, they should prepare for the things they need to do to enter the vast forest, and ignore the rest.

"There are just two more points. Picking mulberries. Will Yinluqing listen to us?"

He looked at Lin Caisang and asked.

"He just doesn't know how, but we can force him to know how to do it." Lin Caisang's lips curled up slightly and he smiled.

Yinluqing was already in her hands, and the food and drinks were prepared by the people around her. It was not easy to make him obedient.

"When the time comes, I will first blur his memory of us, and then engrave into his mind the fact that he had nothing and was hunted down by people from the Zi Yan Kingdom, so that he will never forget it.

If he wants to make a comeback, he can only go to his master, and he will definitely go to Lu Tianfeng.

Not only did Lu Tianfeng see him, but even when he heard his name, he was afraid that he would be unable to dodge. He would definitely order someone to silence him without even thinking about it.

When the time comes, as long as someone saves him, and it's someone close to Lu Tiankuo, then naturally, he will regard Lu Tiankuo as his only life-saving straw. "

In this way, Yinluqing successfully appeared in front of Lu Tiankuo, and Lu Tianfeng was perfectly exposed in front of Lu Tiankuo.

Next, things will be much easier to handle, but...

"It's just like what dad said, Lu Tiankuo's power is too weak, and he has no chance of winning against Lu Tianfeng."

This point is quite difficult to handle.

Chapter 2445 Some festivals

"Sangsang, you don't have to worry about this, just leave it to me.

At this time, Liu Yuyang walked in with fruits and pastries and said.

"Mom, do you have any idea?"

Lin Caisang turned to look at his mother and asked.

Lin Baizhong and Lu Tianlan also looked at him at the same time. Lu Tiankuo was almost impoverished, not to mention his power and money.

Of course, this is for them. If it is for ordinary people, Lu Tiankuo is still an existence that is beyond their reach.

"It's not a very good idea, but you can give it a try."

Liu Yuyang looked at his daughter with a smile, put the fruit in front of her, then raised his hand and patted her head.

"When I was in Sky City, I accidentally found Lu Tiankuo's mother's house for him."

"What?!"

At this time, even Lu Tianlan almost jumped up.

Lu Tiankuo's mother's family? Back then, Lu Tiankuo's mother was an orphan who was picked up by his father and made a little maid in the city lord's palace.

As a result, by climbing on the bed, I had a brighter future, and finally I was able to occupy a place in the city lord's palace.

And listening to the meaning of Liu Yuyang's words, Lu Tiankuo's mother's family is still powerful?

"Yes, Lu Tiankuo's mother's original name was Xing Hongchen, and she came from Yunlan Water Town. Liu Yuyang said.

"Yunlan Water Village's Xing family is actually from the Xing family!" Lu Tianlan was simply shocked.

The Xing family has always been half of the Warcraft bloodline, so Lu Tiankuo's mother also has the bloodline of the Beast race?

It's ridiculous. Among the young masters in their city lord's mansion, there is actually one who has the blood of the beast race. If this is revealed, how can the Lu family be embarrassed?

In the large Qianhuan Continent, the human race and the beast race have always been on the same page, and intermarriage is strictly prohibited. There is no other family like the Xing family in the entire Qianhuan Continent.

Therefore, the Xing family has always been propagated within its own family. Fortunately, the Xing family is also considered large.

Unexpectedly, someone from the Xing family dared to pretend to be an orphan, come to Sky City, and even have a child with the former lord of Sky City. This is simply...

Even he, the city lord, did not dare to speak out after hearing such news!

"How...how did you know?"

Suddenly, he looked at Liu Yuyang and asked.

Even he didn't know about this matter. How did Lin Baizhong's wife know about it and say it so calmly?

It can be seen that she has known about this matter for a long time, not just these days.

And this can be seen from Lin Baizhong's shocked eyes. It is obvious that Lin Baizhong does not know the news.

"Yu Yang once had some issues with Lu Tiankuo." Lin Baizhong explained to Lu Tianlan.

"Ah."

Lin Caisang chuckled.

Not only is it a bit of a holiday, the road to Tiankuo and their holiday is huge.

However, let them handle these matters by themselves. As for the city lord Lu Tianlan, it is better not to know.

After all, Lu Tiankuo is also Lu Tianlan's younger brother. They can't point Lu Tianlan against their own brother, right? They're not that bad-tempered yet.

"I can let Xingjia and Lu Tiankuo join forces. In this way, Lu Tiankuo will be more than enough to face Lu Tianfeng." Liu Yuyang said.

"Mom, you may have forgotten something."

Chapter 2446 Completely solved Lu Tiankuo

Lin Caisang spoke up to remind the three people present.

"As you said before, most of Lu Tiankuo's forces were destroyed by his father. If he suddenly gains so much power, the first person he wants to take revenge on will not be Lu Tianfeng. But the city lord and dad?

Moreover, even if Lu Tianfeng helped him a little in the beginning, he wasn't the most evil person in Lu Tiankuo's heart, right? "

she asked.

"That's true."

After listening to his daughter's words, Liu Yuyang nodded.

But the next moment, she curled her lips, smiled evilly, and then looked at her daughter.

"Although it is possible, the Xing family does not yet have the strength to fight against Sky City, but Lu Tianfeng... if Lu Tianlan knew that Lu Tianfeng had the son of the devil and the poisonous corpse in his body.

And Lu Tianfeng suddenly lost his trace, so Lu Tiankuo must want to take those things as his own, right?
"

"hehe."

Lin Caisang chuckled.

That must be exciting. If Lu Tiankuo knew about such a powerful thing, how could he not want to get a piece of the pie?

"Perhaps there is something more powerful beside Lu Tianfeng."

"Then let's do it."

Lu Tianlan listened to what the two of them said, and finally patted the table, feeling that it was settled.

Of course, when the time comes, he will have to think carefully and make this matter smoother, so that Lu Tianfeng will not find out that they are behind this matter.

"Mrs. Lin, you are really talented!"

In this way, their most difficult problem was solved.

"You guys chat, I'm going to the kitchen."

Liu Yuyang smiled, turned around and left.

"As for Lu Tianfeng, let Lu Tiankuo deal with it." Lin Baizhong said.

"Also, Lu Tiankuo cannot be retained. If this person has some power, I'm afraid he will cause trouble in Sky City again."

He took a deep breath. He had personally dealt with Lu Tiankuo back then, and it had taken him a lot of effort. He was also a difficult person to deal with, and he could not be allowed to make a comeback.

"As long as Lu Tianfeng's power is destroyed, someone will naturally take care of Lu Tiankuo."

Back then, Lu Tiankuo almost rebelled, but he was registered with the First Elder and the others. Whenever he made any movement, it would definitely attract the attention of the elders.

When the time comes, he will secretly inform the Great Elder and take care of Lu Tiankuo.

But when the time comes, the fact that Lu Tiankuo's blood is flowing with the blood of the orcs will no longer be able to be concealed.

But if you can't hide it, then you can't hide it. This can be used to completely solve Lu Tiankuo's problem.

...

Lunch is very rich.

It was all done by Sui Zimo. Liu Yuyang and the city lord's wife just took care of it, but they really didn't help much.

"Baizhong, Yu Yang, this son-in-law of yours may be patient. Not only is his cultivation level so high, but he is also good at cooking, and he is also a doting wife. Sangsang is really blessed. "

The city lord's wife praised Sui Zimo loudly.

These days, it is rare for a man to love his wife so much. The mayor of her family is one, and Liu Yuyang's husband Lin Baizhong is the other.

And they are not as good as Sui Zimo, a man who even prepares three meals a day for his wife, where can they find it?

"This Zi Mo is as good at the hall as he is at the kitchen."

Chapter 2447 How can he be so vicious?

"Well, Zimo is very good, my Sangsang is blessed. Lin Baizhong glanced at Lu Tianlan and responded solemnly.

Lu Tianlan: "..."

I wonder what his wife's expression would be if she knew that this man who was good at both the living room and the kitchen was her own son?

If she loves her own child, wouldn't his wife think that Lin Caisang, the daughter-in-law, was too hypocritical?

Of course, he didn't think so.

A man should love his wife, right?

"Well, everyone, eat, eat."

The six people sat down and started eating.

When An Die took her things and came to the Lin family again, just as she was about to greet Liu Yuyang, she saw such a scene.

The six people sat at the table, you pick up a dish for me, I praise him again, and eat enthusiastically.

But she could only touch her stomach, which was empty, without any goods.

"City Lord, Madam City Lord, the subordinate is back. "

He carried the things and came outside, and said to the people inside.

"Is An Die here?"

Without waiting for Lu Tianlan to say anything, the city lord's wife turned her head from the food and looked outside the door.

"Are you hungry? Hurry up and put the things down. I have left food for you in the kitchen. If you don't go to eat, it will be cold. Go, go quickly.

She said with a smile.

The people who were eating hot food at the table: "..."

This city lord's wife is so mean. How much she dislikes An Die, her subordinate.

Everyone is eating hot food here, but An Die is asked to go to the kitchen alone. And, if you want to go, go, why don't you say it so loudly, wishing that everyone in the next house could hear it!

An Die's face turned red, and she almost vomited blood out of anger.

How could the city lord's wife be so vicious?

Fortunately, when she was concerned about whether she was hungry, she was grateful to the city lord's wife for speaking for her, and she was thinking that she had to keep her loyalty to the city lord's wife, if not for the city lord.

It seems that no one in the city lord's mansion is a good person!

"Yes, I understand."

She hid the hatred in her heart and responded.

Turned around and left.

"At least leave her a meal, there are still many dishes." Lin Caisang said.

She didn't know that An Die had a festival with his parents, and Lin Baizhong and Liu Yuyang didn't say it.

So, she said it kindly.

"What food, leave it in the kitchen."

The city lord's wife heard her words, but said it without caring.

"As a guard in the city lord's mansion, how can I get such good treatment and be served with good food and drink? You know, An Shen and An Meng have been eating dry food for many days." It is definitely not easy to be a clerk in Lu Tianfeng's mansion, not to mention that An Shen and An Meng are going to keep an eye on Lu Tianfeng, which is even more difficult. She has decided that after they complete this mission and come back, she will give them more subsidies! And An Die... This kind of subordinate who can hold a grudge against his master for his own little thing, is it not necessary to deal with it and wait to be cheated? She naturally doesn't need to be nice to An Die anymore! Some people, the more you treat her nicely, the more she will push it and think you are easy to bully! An Die is such a person.

Chapter 2448 Let her make a mistake?

"I didn't look at them with any bad looks. As for her, she hasn't suffered any grievances yet. She feels that everyone feels sorry for her and should respect her. What's the matter? She didn't come to the city lord's palace to be a guard. Yes, but to be the eldest lady?"

The city lord's wife continued, she just felt that An Die was not a good person anyway.

In the past, when Ding Rong was still pestering Lin Baizhong, she, a guard, didn't have a good look towards Ding Rong, the niece of the city lord's wife.

She has been able to tolerate such a person until now, and she already has a good temper.

"It's a good thing that the person she likes is not my city lord. Otherwise, I guess she would add insult to injury and try to get what I want!" She said angrily.

She looked at the look An Die gave Liu Yuyang just now, as if Liu Yuyang should give up her seat and let her sit.

It's not like you're trying to push your limits!

Hearing this, Lu Tianlan's face turned green.

It's not that his wife said anything wrong, but he suddenly felt that with An Die's temperament, she might actually do such a thing!

"Okay, don't be angry. People are still outside. Don't say a word."

He picked up the chopsticks, gave his wife some of her favorite dishes, and coaxed softly.

"Dad, is this your fault again?"

After listening to the words of the city lord's wife, Lin Caisang finally came to his senses, turned to look at his own father, and asked in a low voice.

"I have never provoked her. It was the city lord who sent her here to assist me." Lin Baizhong didn't care about this reputation and directly put the blame on Lu Tianlan.

Lu Tianlan: "!!!"

He was provoking someone. He had obviously warned An Die before.

Fortunately, it's still too late now, and it's a blessing to be able to get rid of this dangerous person around him.

"Mrs. Lin, I wonder what you are going to do with her?" He looked at Liu Yuyang and asked.

"Zimo, what do you think?"

Liu Yuyang did not answer, but looked at Sui Zimo and her daughter.

"She has not made any substantive mistakes. If the punishment is severe, other guards in the city lord's palace may be used to provoke others, so we still have to think of another way."

Sui Zimo said.

"Zimo, haven't you seen the way An Die looked at us before? She wishes we could all disappear before her eyes, especially your mother-in-law."

After hearing what he said, the city lord's wife immediately gave a different opinion.

If a person like this can still escape punishment, then their city lord's mansion will be messed up by An Die?

"Since she didn't make a mistake, let's just let her make some mistakes, okay?" Lin Caisang put down the chopsticks in his hands and said to them.

"Let her make mistakes?"

Lu Tianlan and Lin Baizhong looked at Lin Caisang at the same time.

"I'm afraid that An Die now wants to lean towards our biggest enemy, right?"

Of course, An Die would only take this last step when she realized that she couldn't bear Liu Yuyang, Mrs. Lin. If she had enough food in the Lin Mansion and suppressed Liu Yuyang, then she would definitely not go outside again. He did something wrong.

And now their biggest enemy is Lu Tianfeng!

"Do you want her to go find Lu Tianfeng?" Liu Yuyang asked.

"is it not OK?"

Lin Caisang raised his eyebrows and asked her.

"No, this is absolutely not possible." Lu Tianlan rejected her idea without even thinking about it.

Chapter 2449 Leave it to me

If An Die goes to find Lu Tianfeng, doesn't it mean that they know that Lu Tianfeng is a big bastard?

In this way, what happens next will be very difficult for them.

"I mean....."

Lin Caisang opened his mouth and wanted to explain his thoughts, but was interrupted by a pair of chopsticks.

"You eat more, I told them."

Sui Zimo gave his wife some of her favorite dishes, and tore a chicken drumstick for her, coaxing her gently.

Seeing her nodding, he looked at Lu Tianlan and explained for Lin Caisang.

"Since we want to send people to Lu Tianfeng, let's follow Yin Lüqing's method and let her forget whatever she should remember or shouldn't remember.

"This won't work either."

Lu Tianlan still shook his head. How could An Die, who was so clueless, contact Lu Tianfeng?

This makes no sense at all. This method is not good at all.

"There is no reason for An Die to get together with Lu Tianfeng."

"Zimo, the city lord is right. An Die went to find Lu Tianfeng, which was a big mistake in itself. If even An Die knows those things about him, there is no reason for us not to know."

Lin Baizhong also said.

"Then let her meet Yin Lüqing. It's such a simple matter." Lin Caisang said vaguely while eating.

Everyone: "..."

Let An Die and Yin Lüqing meet?

No matter how much I think about it, this seems unrealistic. Isn't Yin Lvqing directly brought to Lu Tianfeng's side again by An Die?

By then, it will have nothing to do with Lu Tiankuo.

"This matter... we need to think about it carefully."

Lu Tianlan raised his left hand, touched his earlobe, and said thoughtfully.

Although this method seems a bit whimsical, it is still a good method. Let An Die, a selfish and complacent woman, go and harm Lu Tianfeng.

However, both to let Yin Lüqing go to Lu Tiankuo's side, and to let An Die go to Lu Tianfeng's side.

He had to think of a way to do this and try his best to make things as perfect as possible.

"Then this matter will be left to the city lord." Sui Zimo looked at Lu Tianlan and said.

"good....."

"Zimo, let me handle this matter."

Before Lu Tianlan could respond, Liu Yuyang took up the topic.

Regarding Lu Tiankuo's affairs, she wanted to do it herself, and it was not in vain that Lu Tiankuo forced her to do so.

"Yu Yang, please don't interfere in this matter. Let me and the city lord handle it. I don't want Lu Tiankuo to see you now." Lin Baizhong said.

Hearing this, Liu Yuyang was silent for a moment.

Lin Baizhong was right. If Lu Tiankuo saw her now, he would definitely want to target her again.

Although she won't be afraid of a brighter future, she'd better not show up if she can avoid causing trouble.

"Okay, you can go ahead and do it. But for An Die, I'd like to think about how to bully her." She narrowed her eyes slightly, looked at the door of the living room, and chuckled.

After all, if An Die was treated to good food and drinks here, she wouldn't resist, right?

...

Here, An Die's whereabouts are being arranged.

On the other side, in the kitchen, An Die looked at the pitifully few dishes and felt angry.

"Are these just a few dishes for the beggars? Hey, that old woman really thinks that I, An Die, is easy to bully, doesn't she?"

Chapter 2450 You shouldn't be more self-conscious

She sneered. If she hadn't known that the city lord and his wife were there and tried her best to endure it, all the food on the table had been swept to the ground. How could she be so good-tempered?

But now, she could only endure it for the time being and wait. After the city lord and his wife left today, and Lin Baizhong went to the commander's mansion again tomorrow morning, she must make that woman Liu Yuyang look good.

When had she, An Die, been bullied like this? When she was in the city lord's mansion, she was the most capable guard around the city lord.

Who is not fawning over her? They always have good food and drink. Who has ever eaten such low-quality food? Is it enough for her to eat only such a small amount of food?

"Liu Yuyang, I want to see how you are going to take my move!" She gritted her teeth and said with a sinister light in her eyes.

In fact, the food left by the city lord's wife in the kitchen was really good. Except for the whole honey chicken, she had separated out other dishes and put them in the kitchen.

However, An Die, who was proud and arrogant, felt that the Lin family and the city lord and city lord had neglected her.

She has worked for the City Lord's Mansion for so many years. When she was a horse, the City Lord watched her being bullied by Liu Yuyang, and the City Lord's wife helped Liu Yuyang suppress her.

She had already felt this.

As for Liu Yuyang, if she still had some self-awareness, she should politely invite her to the table and let her eat with the others instead of just making do in the kitchen.

How could such a woman with no eyesight deserve to stay by Lin Baizhong's side and dominate him?

So, let's wait for tomorrow, she will definitely make Liu Yuyang look good!

An Die took a deep breath.

Although she had already thought about how to deal with Liu Yuyang, now, she had to sit down in the kitchen and eat her leftovers!

With every bite she took, the hatred in her heart increased.

It also strengthened her confidence in killing that woman Liu Yuyang directly.

"Just wait and see, I will definitely make you regret treating me like this!" With her mouth full of food, she vaguely cursed those who treated her badly.

However, what she didn't expect was...

With great difficulty, she stuffed all the food in the kitchen into her stomach and was about to throw away the dishes and go to tidy up her room.

"An Die, what are you doing standing there in a daze? Haven't you seen that we have all eaten?"

The city lord's wife followed Lu Tianlan and the others to the courtyard. When she saw An Die who had just come out of the kitchen, she immediately stopped her.

"Madam, do you have any other instructions?" An Die said with a sullen face and a somewhat unkind tone.

"Don't you need my wife's orders for this?"

The city lord's wife glared at her angrily, with an expression on her face that you shouldn't be self-conscious about.

"Do you really think you are a guest at Commander Lin's house? Mrs. Lin didn't let you cook, and even let you eat the food cooked by the master. She is already tolerant of you. Now that everyone has eaten, she is As a bodyguard, shouldn't you clear the table and wash the dishes?

Well done to you, you actually want to go back to your room? What's wrong? This is a trip back to the city lord's mansion. Do you really think of yourself as half a master?

Mrs. Lin is polite and treats you like a sister. You... hurry up and clean up. Don't let Commander Lin see the joke of our City Lord's Mansion. When you are a guard of the City Lord's Mansion, you don't understand any rules! "
