Chapter 2451 Be careful, the road is slippery

She shouted angrily at An Die.

An Die: "!!!"

At this moment, her whole face was red from suppressing the pain. If she hadn't seen the city lord Lu Tianlan, she would have argued with the city lord's wife on the spot.

Could it be that she came to Lin's house just to do odd jobs for Liu Yuyang, an old woman?

On the side, Liu Yuyang looked at the aggressive city lord's wife and touched his nose innocently.

She had already thought of a lot of ways to deal with An Die, but she didn't expect that the city lord's wife would give An Die a blow first, leaving her with no use.

"Madam, this is the Lin Mansion, and my subordinates are the guards of the City Lord's Mansion. Doing these things here may damage the face of the City Lord's Mansion, right?" An Die gritted his teeth and pointedly said to the City Lord's wife.

Let her do things that servants should do? how could it be possible!

These are things that a woman like Liu Yuyang who came from the deserted land should do. How is it possible that she is still expected to do it?

"Just do it if I ask you to do it. Where's all the nonsense?"

The city lord's wife would not listen to her reasons. After scolding her, she turned to look at Lu Tianlan and held his arm coquettishly.

"City Lord, tell me, she calls herself a subordinate, so why should we, the masters, be allowed to do the things those servants do? Huh?"

"City Lord, subordinates..."

Hearing this, An Die looked at Lu Tianlan and wanted to say a few words.

Unexpectedly, Lu Tianlan didn't give her a chance to speak at all, and glanced directly at Hao with cold eyes.

"An Die, you should always remember your identity and do it!"

"Yes, I will go right away."

An Die had no choice but to grit his teeth and respond.

When he went to the hall to clear away the dishes, when he passed by Liu Yuyang, his dark eyes locked directly on her.

"Just wait, no matter how arrogant you are today, you will be pathetic tomorrow."

She lowered her voice and spoke to Liu Yuyang in a voice that only Liu Yuyang and herself could hear.

Liu Yuyang grinned and smiled at her.

The next moment, I don't know what happened. An Die, who was walking well, was tripped by something. He threw forward and fell directly to the ground.

"Well."

Her whole face was facing the ground, and she felt like her nose was about to fall off.

"Ah, Miss An Die, what are you doing? I'm much younger than you, right? You don't need to be so polite when you see me, right?"

Lin Caisang, who had just stepped out of the door, spoke to her exaggeratedly.

An Die: "..."

As expected, the daughters were taught by that bitch Liu Yuyang, and they are all so bitchy!

"you....."

"Sonny, be careful, the road is slippery, don't fall."

She hadn't stood up yet, and was about to reach out and ask Lin Caisang to help her up, when she heard a man's voice.

She could only watch helplessly as she pushed Lin Caisang down, who was supposed to help her, but was helped away by the man with a picturesque face in front of her.

As for her, the man even looked at her with disgust and contempt.

She hated it even more!

Why is it that all good men belong to others, but it is so difficult for her to just get Lin Baizhong's attention?

"You, you guys..." was too much.

How could you treat her like this? What did she do wrong? Do these people have any conscience at all?

Chapter 2452 Say less

She endured the pain in her body, stood up, and turned to look at the other people.

"An Die, what's the matter with you? After all, you are a powerful guard beside the city lord. Why are you falling every time you walk? If you don't want to go to work, you can make it clear. If you change your mind, I will send a few Just come to the Lin Mansion as an obedient and sensible servant."

The city lord's wife looked at An Die helplessly and said.

"It's obviously her..."

An Die was so angry that she almost spit out a mouthful of blood and pointed in Liu Yuyang's direction angrily.

How she said this made it seem like she was doing this on purpose to avoid working. ~"*°●.~~.●°*"~

It was obviously that bitch Liu Yuyang who was playing tricks on her secretly, and that was why she felt so ugly. Are all these people blind? Not a single one in sight.

However, when it came to her mouth, she couldn't say anything.

Do you want her to say that she, a guard of the City Lord's Mansion, who can compete with other male guards in the City Lord's Mansion, will lose to Liu Yuyang, an old woman from the Wilderness Continent?

"What is it obviously?" The city lord's wife looked at her and asked.

"No, it's nothing."

An Die shook his head, not wanting to mention what happened just now.

"I'll go to work right now."

What else could she do? Now that everyone was on Liu Yuyang's side, they all regarded her as a bad woman who seduced Liu Yuyang's man. Naturally, she couldn't say much.

Just wait, when there are only Liu Yuyang and her in this courtyard, she will definitely take revenge.

"Why."

After An Die entered the room, the city lord's wife sighed softly.

As for An Die's unrepentant look just now, there was still a little bit of intolerance in her heart, but now it has all disappeared.

"Lord City Lord, your vision will really be sharper in the future."

How on earth could such a woman be left as a guard in the city lord's palace in the first place, and how could she have climbed to the side of her city lord step by step?

"Cough, cough."

Lu Tianlan coughed a few times unconsciously to hide his inner embarrassment.

"It will be resolved in a few days. You will never see her again. Just say less."

He lowered his voice and said.

Hearing this, the city lord's wife just curled her red lips, but said nothing more.

"Zimo, Sang Sang, tomorrow everyone who enters the sea and forest will start to enter the Hongye Pavilion. Are you all ready?" Seeing that his wife had stopped talking, Lu Tianlan changed the topic to Sui Zi Mo and Lin went to pick Sang's body.

"Everything is basically ready. I'll buy some food and drink in the afternoon." Lin Caisang replied.

All other things are available in her Jinzhu Space. She only needs to take the ready-made ones. As for food, she still has to buy some more.

"Don't buy it. What delicious food can be found outside?"

When the city lord's wife heard Lin Caisang's words, she immediately frowned and said.

"When we go back later, I'll ask the chef at the City Lord's Mansion to make some for you to take with you. That's it. You can't rest assured if you eat food from outside. Home-made food is better.

City Lord, do you think so? "

Lu Tianlan: "..."

If he didn't know that his wife didn't know that Sui Zimo was their son, he would really doubt that his wife was taking care of her daughter-in-law.

Chapter 2453 Sitting and drinking tea and chatting

"Yes, let's do it like this. I'll send someone to deliver it in the evening. He can only respond like this.

As for those things, whether his son would give them to Lin Caisang was none of his business.

After all, the current City Lord's Mansion is not safe, and the things at the entrance are the most important. From the City Lord's Mansion to the Lin family, and then to their hands, they also have to pass through many hands.

"No....."

"In this case, I would like to thank the city lord's wife."

Suizi Mo was about to open his mouth to refuse, but was interrupted by Lin Caisang.

"Sonny..."

He glanced sideways at Lin Caisang.

In that city lord's mansion, even the city lord's wife could be drugged, let alone other people's things. He had to be careful.

Otherwise, who knows if what goes into their mouths will directly poison them to death?

"We went to Haikuo Forest, so we can't always eat the food you cooked, right? There are many dangers there, so it's always good to bring some dry food." Lin Caisang looked up at him and explained.

Besides, it was his mother's kindness. They couldn't just refuse it, right?

Sui Zimo wanted to say that even if he had to bring dry food, he would do it himself, and he would do it according to his wife's preferences, so why bother others?

But his wife has said so, what else can he say?

"It's all up to you."

He said helplessly.

After a while, Lu Tianlan left with his wife, and Lin Baizhong, because An Die's matters were taken back by him, he went directly back to the Commander's Mansion to deal with the matter.

The only four people left in the Lin family were Liu Yuyang, Sui Zimo, Lin Caisang, and An Die.

Seeing that the people she wanted to avoid the most had already left, An Die showed up with a vicious smile and strode to the yard as the dishes and chopsticks were just being placed in the kitchen.

At the stone table in the yard, Liu Yuyang, mother and daughter, and Sui Zimo were talking together.

Seeing this, An Die was even more angry. Why did she have to work so hard in the kitchen, while these people from the deserted continent could sit here and chat about everyday things?

"Mrs. Lin is so leisurely. Your guests will help you with all the chores at home, so you can sit here and drink tea and chat!"

When she spoke to Liu Yuyang, her words were really harsh.

Hearing this, Liu Yuyang and Lin Caisang turned back to look at An Die at the same time, and then they looked at each other.

Just now, she was discussing with her mother-in-law how to deal with An Die. The specific plan had been finalized and was about to be implemented, but she didn't expect the real owner to come over so carelessly.

What a coincidence.

"Guard Andie, are you done?" Lin Caisang raised an eyebrow at her and asked.

"you--"

An Die's breath was stuck in her throat, and she almost died of anger at her words.

What does it mean that she is done? Shouldn't those things be done by Liu Yuyang, the wife of the Lin family?

She was a guest. They asked her to do those chores, which she shouldn't have done. How come now, she still doesn't know her fault and acts like she deserves to do those things?

"Who are you? I'm talking to Mrs. Lin, why are you interrupting? You're young, you don't know any manners, you just don't know what to say!"

She already knew that the little girl in front of her was the daughter of Lin Baizhong and Liu Yuyang.

Chapter 2454 Compare yourself to a dog

It's true that this little girl is really quite attractive. No wonder she was able to seduce such an outstanding man at such a young age and became pregnant with that man's seed. perform

Tsk, you are so young and you are pregnant, you are not ashamed!

"For a little girl like you who doesn't understand the rules, it's really because your husband-in-law is blind that he falls in love with you. Look carefully at this young master. He's not a vixen. He can bring it into his own home... ah !"

Before she finished speaking, a big slap fell on her face.

She was stunned for a moment, raised her head and covered her burning face. She didn't see clearly who hit her, but told her directly that it must be Liu Yuyang's daughter who hit her.

There is no one but her.

"You dare to hit me?!"

She opened her eyes and stared at Lin Caisang fiercely, really wanting to carve out a piece of flesh from her body with her own eyes.

The little slut born to a big slut really dared to kick her in the nose and hit her.

Lin Caisang: "..."

She was wronged, okay? He obviously didn't even raise his hand.

Turning her head, she glanced helplessly at her husband. He didn't even say a word to her about the beating. At least it made her feel prepared.

"What's wrong with beating you? A guard, that is, a servant. How can he stand in front of me? What kind of power does he have? Do you really think you are a green onion?" She said with cold eyes.

"you--"

An Die's whole face turned red after what she said.

Is she a servant?

He actually said she was a servant!

What's wrong with her being a servant? Then she is also a servant of the City Lord's Mansion!

In this sky city, even a servant who sweeps the floor in the city lord's mansion can enjoy a lot outside. What's more, she is also a capable bodyguard beside the city lord.

How many people in the City Lord's Mansion can reach the status she has now?

There are no women, except An Meng, she is the only one.

And An Meng, in her eyes, is a fool. Although she can take advantage of the most available thing as a woman, she still insists on working hard like a cow, trying her best to be like other male guards, waking up early and working late at night. Be a woman.

Hey, she's not as stupid as An Meng!

"It doesn't matter that I'm a servant. What about your father? He's not the commander of the city lord's mansion, so isn't he a servant? Lin Baizhong is still just a dog beside the city lord!"

She sneered and yelled at Lin Caisang.

She doesn't feel good, and no one else can feel good either. Who is Lin Baizhong? He's not just like her.

"Tsk, tsk."

Lin Caisang clicked her tongue twice and couldn't help laughing.

"Zimo, I thought I was well-informed, but I really haven't heard of someone comparing myself to a dog. It's really a long time since I've lived!"

She glanced at Sui Zimo, and then continued to look at An Die.

"Guard An Die, how inferior are you to compare yourself to a dog next to the city lord? You know, only when you imagine yourself as a dog, will you feel that the people next to you are different from others. She is the same.

Of course, apart from you, no one else has your hobby, right? "

"you--"

An Die raised her hand and pointed her index finger directly at Lin Caisang.

When it comes to talking skills, she is really no match for Lin Caisang. This woman's skills at talking are really slippery.

Chapter 2455 I still thought wrong

"I'm too lazy to tell you, Mrs. Lin, you really made me see this as a tutor."

She shook her sleeves heavily at Lin Caisang, looked at Liu Yuyang, narrowed her eyes and said.

"Talking to people and talking to ghosts is what I have always taught my children. Guard An Die shouldn't be too surprised." Liu Yuyang said to her with a smile.

An Die: "..."

Does this mean she is a ghost? Is Liu Yuyang so difficult to deal with?

Could it be that she came here in the wrong place? She should have gone directly to Mr. Tianfeng just now. Now only Lu Tianfeng can express the bad breath in her heart.

"Haha, since I'm not welcome here, then I'll leave."

She laughed coldly twice, glared at Liu Yuyang viciously, turned around and wanted to leave.

For many years in the City Lord's Mansion, her experience every time she encountered danger told her that in this Lin Mansion, these people were waiting to see her bad end.

She'd better get out of here now.

"Is Guard An Die leaving now?" Liu Yuyang stood up and asked her.

"Why are you leaving without taking away the luggage you just brought? Those are Guard An Die's own belongings. It wouldn't be appropriate to put them in my Lin Mansion, right?"

Hearing this, An Die took a deep breath and already understood in her heart that Liu Yuyang's proposal to let her live in the Lin Mansion was not well-intentioned at all.

Turning around, she showed a smile to Liu Yuyang.

"If Mrs. Lin doesn't remind me, I really forgot and have to take those things away, so I'll get them now."

With that said, she went to the room where she had put her things before and took her things away.

Although she didn't bother to take such a small thing, if she didn't take it, she wouldn't be able to relax the vigilance of the people in front of her. She thought that she would never be able to get out of this door.

However, she still thought wrong.

Even if she wanted to take those things, she had no choice now.

Because he originally wanted to lift his feet and walk forward, but An Die suddenly found that he couldn't lift his feet.

"No need, Guard Andie, since my mother left you at home, she must treat you as a guest. You can't let people outside say that my wife of the Lin family doesn't know how to treat guests, right?"

As soon as the city lord and his wife left, my mother drove away the guards of the city lord's palace. This can't be justified, right? Um? "

"you....."

An Die was surprised that her body didn't obey her orders, and she was even more surprised by Lin Caisang's words.

Sure enough, as she thought, these three people wanted to take advantage of the city lord, his wife, and Lin Baizhong to leave, so they wanted to take advantage of her.

She originally thought that her spiritual power was already among the many guards in the city lord's palace. She was a very tall person and would not be afraid of these three people. At worst, it would save trouble if all three of them were killed.

However, she did not expect that one of these three people was a master of poison.

She hasn't moved yet, her body can no longer move, and her hands and feet don't obey her own orders at all.

"You...what do you want to do? I am a guard of the City Lord's Mansion. If you dare to touch me, the City Lord will not let you go. Not only you, but also Lin Baizhong, the City Lord will not let you go!

The city lord will definitely avenge me, none of you can escape! "

Chapter 2456 Loyalty can be learned from the sun and the moon

She knew that she had fallen into a trap today and fell into the hands of the three people in front of her.

But she didn't want to finish. She still had great years to live, and the days to come were still long. How could she fall into the hands of these three little people from the wilderness?

Therefore, she had to move out the city lord to scare the three people in front of her.

"Oh, where is the capable person next to the Lord of the City? I'm so scared."

Lin Caisang raised her hand and patted her chest, looking funny at An Die, who had been controlled by her and was still talking about the city lord, with a proud look on her face.

It can be seen that An Die used to rely on the guards around his city lord to dominate outside.

"As long as you know, give me the antidote quickly and send me out of the Lin family properly, otherwise..." An Die narrowed her eyes and looked at Lin Caisang dangerously, thinking that she was frightened by her own. .

"What else?"

Lin Caisang asked her back with a smile.

"Otherwise, you have to tell your city lord that you want to join Lu Tianfeng? Huh?"

"you--"

Hearing her words, An Die's face turned green.

How did this woman know what was in her heart?

At this moment, it was the best time for her to seek refuge with Mr. Tianfeng. As long as she told Lu Tianfeng that Lu Tianlan and the others knew about Lu Tianfeng's plan and asked him to be prepared, she would have done a great service.

Who would dare to disobey her in Mr. Tianfeng's house from now on?

"You are talking nonsense. I am loyal to the city lord. The sun and the moon can tell me. Don't slander me!"

But at this moment, she naturally couldn't admit what she was thinking, otherwise, her end would be tragic.

Now it is obvious that these people from the Lin family are closer to the city lord, and with the help of the city lord's wife, maybe if Lin Baizhong tells her matter to the city lord, the city lord will believe it immediately.

She used to think that the city lord would at least be on her side, but now, after today, she no longer believes in the city lord.

In the eyes of the city lord, as long as the city lord's wife thinks that he can talk to anyone, he will favor it.

And she is obviously not that person!

"The heart is loyal, can the sun and the moon be used as a guide?"

Lin Caisang really wanted to laugh out loud. This woman really didn't know what it meant to be ashamed.

It was written all over her face that she had fallen out with them, and even the city lord Lu Tianlan had given up. How dare she still have the nerve to tell them what she said about loyalty and the sun and the moon?

"Guard An Die, these eight words you said made all the hairs on my body stand up."

"I'm too lazy to tell you. Since the Lin family doesn't welcome me, then I'll go back to the city lord's mansion. You little bitch, cure the poison for me!" An Die doesn't want to stay here anymore. It feels very dangerous. .

So, she snorted at Lin Caisang, glared at Lin Caisang, and sternly asked her to detoxify herself, and then she could go to the room to get her things and leave this hellish place.

As for the city lord's mansion, she didn't want to go back. After leaving the Lin family, she would go directly to Master Tianfeng's mansion.

With her help, Master Tianfeng can't do what he wants to do in this sky city, right? She wanted to see if these people would cry and beg her for mercy after they were all trampled under her feet!

snort!

When the time comes, she won't go back to eat Lin Baizhong's grass!

Chapter 2457 This is too much!

"hehe.

Lin Caisang chuckled twice.

Is it really her father's house where the guards of the city lord's palace can come and leave whenever they want?

"Guard An Die, let's make it clear and don't tell secrets. Everyone knows what you are thinking right now. Do you think we will let you go?"

"You...what do you want to do?"

After hearing this, An Die felt that something was really wrong.

Before, she thought that Lin Caisang attacked her just because she had unwanted thoughts about Lin Baizhong.

But now, she finally heard that they kept her here to prevent her from betraying the City Lord's Mansion, right?

"If you dare to touch me, the city lord will not let you go!"

"You already said this just now. Lin Caisang looked at her and reminded lightly.

"The city lord has already left. Do you think he will come back and take you away with him?"

She asked An Die in return.

"you....."

An Die had a bad breath stuck in her throat and almost suffocated to death.

Could it be that the city lord had reached some agreement with the Lin family before and deliberately kept her here?

Could it be that the city lord had expected that she would go to Mr. Tianfeng before, so he agreed to Liu Yuyang's idea of leaving her in the Lin Mansion?

Have they seen through her thoughts before?

"You...you have such vicious thoughts, you actually instigate a master-servant relationship between me and the city lord!" She glared at Liu Yuyang and Lin Caisang, mother and daughter, fiercely.

If it weren't for them, the city lord wouldn't treat her like this even if he suspected her.

He will definitely treat her with courtesy and affection, and will continue to serve her by his side. Maybe he will also help her matchmaking with Lin Baizhong in order to win over her and make her happy.

But now, all her good deeds were ruined because of Liu Yuyang's interference.

This woman really came from the Desolate Continent, she was mean and vicious!

Lin Caisang: "..."

She turned her head speechlessly and looked at her husband.

What does she mean by instigating the relationship between An Die and the city lord? It was obviously this woman who had a different intention, right?

Is this still her fault?

"Be good, don't talk to the madman, you may get infected."

Sui Zimo raised his hand, patted her face, and coaxed her softly, saying.

"Leave it to me."

Hearing Sui Zimo's words, An Die really wanted to spit out a mouthful of blood.

No matter how you put it, she is also a beautiful girl. When she was in the city lord's mansion, so many people were chasing her, trying to win her favor, hoping that she would look at them more.

But, in the eyes of this man, she who is so proud of herself is like a lunatic?

Is there anything more irritating than this?

"You... you... bully others too much!" She gritted her teeth and glared at Sui Zimo, saying with hatred.

"Too much bullying?"

Lin Caisang's lips curled up slightly and she looked at An Die, who was so angry that his head was already smoking.

"Is this too much bullying? You came to my house to bully my mother, so what? You followed my father here to show off your power to my mother under the guise of the city lord.

Who do you think you are? ! "

"you--"

An Die opened her mouth, wanting to refute.

How could a woman from the Desolate Continent be compared to her?

If she could just look at her one more time, she would have already lowered her status. What else did they want?

Chapter 2458 I will kill you!

Seeing her coming, Liu Yuyang, a yellow-faced woman, took good care of her and took the initiative to give Mrs. Lin's position to her.

However, Lin Caisang did not give her a chance to say such naive and self-righteous words.

"Do you think that working in the City Lord's Mansion is so great? You are so self-reliant, but you don't have any true responsibilities. In addition to using the power of the City Lord's Mansion to benefit yourself, let others fear you. , what else will you do?"

Lin Caisang asked her back.

"You're talking nonsense, I didn't!"

After hearing her words, An Die immediately denied it loudly.

When did she bring the matter to the City Lord's Mansion? She has always been the one to do things for the City Lord's Mansion. The City Lord's Mansion has always relied on her, a capable and highly cultivated guard, to do things, okay?

"No?"

Even Liu Yuyang chuckled when he heard An Die's words.

"Guard Andie, please forgive me for asking you, aren't you thinking in your heart that you are the most trusted guard around the city lord in the city lord's palace, so I, Mrs. Lin, should let you go?"

she asked An Die.

"I....."

An Die wanted to deny it, saying that she had never thought about it that way.

But she really couldn't say anything against her will. That's what she thought.

"Perhaps you are still thinking about asking the city lord and his wife to be matchmakers for you and Baizhong, so that I can give you Mrs. Lin's position?" Liu Yuyang continued.

"Besides, you don't have to let me leave the Lin Mansion. From now on, I can be Baizhong's concubine, serving you tea and water at home every day, and waiting on you to dress and eat, right?"

"you....."

An Die opened her mouth and turned pale.

How did Liu Yuyang know what she was thinking?

Yes, that's what she thought. A woman who chases a man from the deserted continent is inherently despicable.

If she can allow Liu Yuyang to continue to stay in Lin Mansion, Liu Yuyang should be grateful to her, take care of her daily life, and do her duty as a servant in Lin Mansion.

And the reason why she thought about coming to live in Lin Mansion before was because of this idea.

It's just that things went against expectations, but I didn't expect Liu Yuyang to dig such a big hole, waiting for her to jump in.

There is no use regretting it now. She is already in the Lin Mansion and has been poisoned. She can't even leave.

Thinking about it, I really regret it!

"So what, if you know the truth, you should be like this, but it's a pity that you, a bitch, don't know the truth. You still want to get along with Lin Baizhong for a hundred years, and you don't want to think about whether you have that fate!"

At this point, it would be useless to beg for mercy. She might as well break the pot and break up with them directly.

Anyway, she was a guard of the City Lord's Mansion. No matter what, Lin Baizhong would still send her back to the City Lord's Mansion in the end to be dealt with by the City Lord Lu Tianlan.

When the time comes, she will be able to escape with the power she has managed in the City Lord's Mansion for many years.

In the end, as long as she gets in touch with Mr. Tianfeng, she will still have the possibility of making a comeback. She will definitely trample all those who bullied her under her feet.

"Let me tell you, there are so many people peeking at Lin Baizhong in this sky city. Do you think I am the only one? Liu Yuyang, just wait, wait for them to appear one by one and take you Get killed!"

She was right about this.

Chapter 2459 There is news over there

Since Lin Baizhong became the commander of Sky City, his position was below that of the city lord Lu Tianlan. Even the city lord's wife treated him well.

The aristocratic families in the Sky City didn't care how old Lin Baizhong was. They were eager to send their daughter to Lin Baizhong's bed. Even if it was to be a concubine, they were willing to do so.

Furthermore, they were a big family in Sky City, so it couldn't be easier to secretly deal with Liu Yuyang, a woman from the Desolate Continent.

Therefore, the next days for Liu Yuyang will definitely not be easy.

"Haha, Liu Yuyang, do you think you will have a good life? You have a good idea!"

She sneered twice at Liu Yuyang and said mockingly.

As for those members of the family, they were not as stupid as her. They would come to Liu Yuyang's door to bully her. They had many people at their disposal, and they could send just a few people to kill Liu Yuyang.

Hearing this, Lin Caisang and Sui Zimo looked at each other and sighed softly.

She turned to look at her own mother, took out a porcelain vase from her arms, and handed it to Liu Yuyang.

"Mom, Zimo and I are leaving tomorrow, and I will leave her affairs to you."

Liu Yuyang took the porcelain bottle into his hand and nodded towards his daughter.

"Be careful after you go. If you need anything, ask your father to send me a message.

"Okay, I will."

Lin Caisang nodded, then looked at Sui Zimo.

"Mother-in-law, Son'er and I will go back first. As for her...she has both the heart and courage, so she must not be too polite."

He looked at An Die, who was locked in the yard and could not move around, and reminded him coldly.

He was afraid that his mother-in-law would become soft-hearted and not be ruthless. In this case, it would be easy for the tiger to return home.

Although An Die is just a small person and can't be said to be a tiger or a tiger, even a flea will cause unnecessary trouble if it is not strangled directly.

"Don't worry, I understand."

Liu Yuyang glanced sideways at An Die, and then nodded to Sui Zimo.

Listening to their conversation, An Die's face was livid, and she really wanted to curse, but she suddenly realized that not only could she not move, but now she could not even make a sound.

Who are these people? How can they be so vicious that they can even immobilize a person with strong cultivation like her?

Moreover, she had never been close to them at all. How did they poison her?

"Someone, take her away."

After Lin Caisang and Sui Zimo left, Liu Yuyang gave instructions directly to the yard.

The next moment, something that surprised An Die happened. Two people wearing night clothes jumped out of nowhere and came directly to her side.

Seeing those two people, goosebumps appeared all over her body.

Could it be that Liu Yuyang still has his own power in Sky City? A force that even the city lord doesn't know about?

She stared, watching helplessly as one of the men in black pulled her right hand back and dragged it away like a dead dog.

"Master, there is news from the Jin family."

Another man in black came to Liu Yuyang's side and spoke respectfully to her.

"how?"

Liu Yuyang asked.

"It seems that the Jin family has no intention of helping Jin Cuiniang immediately. They want to clarify the matter first." The man in black said.

Chapter 2460 It's hard to say

Hearing this, Liu Yuyang's lips curled up slightly.

"This head of the Jin family is quite open-minded."

When he heard that his sister was being bullied or even imprisoned, he didn't even think about venting his anger first.

It can be seen that the Jin family cannot be sure of what kind of person Jin Cuiniang was in the past, so they chose to clarify the matter first so as to give themselves a step forward.

Think about what to do.

"Since the Jin family has no intention of getting involved in this muddy water, then we don't need to pay attention to it, but we still have to keep an eye on it to prevent anything from going wrong in the Jin family."

She ordered to the man in black.

Even if the Jin family will not stand up for Jin Cuiniang to make the decision, the Jin family is not the only one. Jin Cuiniang also has many sisters. Although they are not as well married as Jin Cuiniang, they are still married to the famous families in Sky City. .

Moreover, Jin Cuiniang has helped those sisters a lot over the years.

At this time, I'm sure there will be one or two hot-headed people who ignore the ridiculous things Jin Cuiniang did and plan to avenge her?

"Yes, Master, my subordinates have been keeping an eye on those members of the Jin family. Nothing will go wrong." The man in black responded.

"Um."

Liu Yuyang responded with a cold face.

"You go ahead. In addition to the Jin family, things over there must also be taken care of.

"Yes, Master, I'm leaving." The man in black responded, turned around and left.

...

On the other side, the head of the Jin family sent someone to the Ding family to inquire about Jin Cuiniang.

Because Ding Zhuzui had issued a death order, Bu Lengwen went to visit Jin Cuiniang, and specifically made it clear that no one from the Jin family was allowed to see her.

Therefore, the people sent by the Jin family only met a steward from the Ding family. This steward had received a lot of good things from Jin Cuiniang in the past, so when he saw people sent by the Jin family, his eyes were bright.

In his opinion, he can only benefit from Jin Cuiniang, Mrs. Ding, who continues to be the master of the Ding family.

"Manager Wu, what's going on with Mrs. Ding's matter? How can she be locked up just like...?"

The two people came to a remote corner of the Ding family. The servant of the Jin family lowered his voice and asked Manager Wu in front of him.

He came to inquire at the request of the head of the family. Although he couldn't see Mrs. Ding, he could find out some things by meeting other members of the Ding family. Moreover, it should be much more true than what he heard from Mrs. Ding. .

"This... madam's matter is something we servants can't talk about. It's hard to talk about. It's hard to talk about." Manager Wu looked at the servants of the Ding family, and then shook his head without hesitation.

When the servants of the Ding family saw this, they frowned and immediately reacted.

Almost immediately, he took out a bag from his arms and stuffed it into Manager Wu's hand.

"Manager Wu, please take this little thing first. I just need you to give me an accurate answer so that I can report back to my master."

"Easy to say, easy to say."

When Manager Wu saw the bag, his eyes lit up.

Without refusing, he stuffed the bag directly into his arms, and then began to talk about what happened in Ding's house last night.

Of course, he had collected other people's things, so he couldn't say anything bad about Mrs. Ding, so he just chose the right words and made Lin Baizhong and Liu Yuyang an evil couple.

The servant became more and more angry as he listened, and finally he spoke directly and scolded the commander, Lin Baizhong.
