

## Star of Space 2461

Chapter 2461 The girl from Commander Lin's family

...

"Master, this is what happened.

The servants of the Jin family came back and told the head of the Jin family what Manager Wu said.

"Are you telling the truth?"

The head of the Jin family looked at the servant with suspicion, feeling that these words were untrue.

"Yes, it's true. These are what Manager Wu said." The servant replied.

Head of the Jin family: "..."

If these were really like Manager Wu, would his sister still be locked up?

People in the Ding family are so ignorant of right and wrong. Seeing someone stepping on their faces, they only take out their anger on their own family members?

How could such a thing exist?

"You just said that Mrs. Ding wants to take a concubine for the Ding family?" he asked.

He couldn't believe this alone. If his sister was really so open-minded, how could Ding Zhu only have one concubine after being so drunk?

Her mother had advised her many times, but which time had she listened?

This time, you figured it out?

I'm afraid it's not that I've figured it out, but that I'm just trying to do something evil in a different way, right?

"Yes, Manager Wu said that Mrs. Ding just wanted to take a concubine for the Ding family master. As a result, the Ding family master became angry and later locked up the lady."

The servant replied.

"Nonsense!"

The head of the Jin family gave a sharp shout and glared at the servant with angry eyes.

Not to mention whether his sister would take a concubine for the head of the Ding family, she figured it out, how could Ding Zhuzui completely fall out with his sister because of this?

"Have you ever found out which family Mrs. Ding wants to hire a girl from for the Ding family?" He directly pointed out the key point.

If concubinage is true, then the problem must lie with the concubine Jin Cuiniang wants Ding Zhuzui to take. That woman must not be simple, right?

"It seems...she is the girl from Commander Lin's family." The servant thought for a while and replied.

At that time, he didn't ask in detail. He only heard Manager Wu say that he was from the Lin family, but he didn't know which Lin family it was.

Head of the Jin family: "..."

The girl from Lin Baizhong's family. When Lin Baizhong returned to Sky City this time, he didn't bring his daughter with him at all. He only brought his wife with him.

A girl from the Lin family? What girl from the Lin family?

Could it be that his confused sister had her mind set on Lin Baizhong's wife?

"Are you sure she's a girl from the Lin family?"

Even though she is Lin Baizhong's daughter, Lin Baizhong is the commander of Sky City. Even the city owner Lu Tianlan looks up to him.

Why should his only precious daughter marry into the Ding family or become Ding Zhuzui's concubine?

You know, Lin Baizhong is much younger than Ding Zhuzui. If she is really Lin Baizhong's daughter, Ding Zhuzui can be his grandfather, right?

"This... I'm not sure." The servant thought for a while and shook his head.

"you....."

Hearing the servant's hesitant words, the head of the Jin family had a bad breath stuck in his throat, and almost fell ill from the anger.

Let him inquire about something, that's how I inquired from him.

I don't know if I ask three questions!

"Tell the head of the family exactly what Manager Wu said, word for word." He said angrily.

"Yes Yes."

Seeing that their master was angry, the servants hurriedly responded.

"What Steward Wu said at the time was that the women of the Lin family didn't know what they were thinking. The head of their family is such a powerful figure. Even if she became a concubine in their Ding family, it would be better than staying in the Lin family to serve Commander Lin. too much.

Chapter 2462 Are you suffering?

What's more, she was still getting married for the second time. It was good enough that the head of their family didn't dislike her. How dare a woman dislike the head of their family... Ugh! "

The more he spoke, the more he felt something was wrong, and in the end he choked on his own words.

The Jin family had also inquired about the situation of the Lin family before. There were no servants in Lin Baizhong's house, let alone any maids.

In the past, the city lord's wife had kindly sent a gift to the Lin family once, but Lin Baizhong immediately pushed her back, leaving no face for the city lord's wife.

From then on, no one sent women to the Lin family.

Therefore, now the only woman in the Lin family is Lin Baizhong's wife.

Could it be that Mrs. Ding actually wanted to destroy the relationship between Lin Baizhong and his wife and leave Mrs. Lin in the Ding Mansion as a concubine for the head of the Ding family?

The servant's face turned green when he thought of this possibility.

And the face of the head of the Jin family is not much better than that of the servant opposite, which is also green.

He took a deep breath to calm down his mind, but his two rows of teeth were already grinding secretly.

Although this is just a guess, if this guess is true, then his sister really deserves to be given up by the Ding family.

He also heard about what happened yesterday. Mrs. Ding specially invited Commander Lin and Mrs. Lin to the Ding family for Ding Rong's sake, just to make peace between the two families.

At this moment, Jin Cuiniang is still making trouble, and she even caused such a big thing!

Now that she is locked up, who can blame her?

"Besides this, is there anything else?" He raised his stern eyes, glanced at the servant, and asked quickly.  
om

"And...and..."

Cold sweat broke out on the servant's forehead, and he secretly felt that Mrs. Ding was too scary.

This is to make the Ding family and the Lin family never have peace. They even come up with such a terrible idea.

"Also, I heard from Butler Wu that Mrs. Ding wanted to find a husband for Miss Ding, but the man was unwilling. This made Mrs. Ding angry and broke many things in the room."

The head of the Jin family: "!!!"

Who did Ding Rong fall in love with in the entire Sky City that he didn't know?

Besides the commander Lin Baizhong, who else could there be?

So, what happened last night was that Jin Cuiniang frantically arranged for Mrs. Lin to be given to her husband-in-law, and then sent her daughter to Lin Baizhong's bed?

Yes or no?

Although I think this thing is really unbelievable, it is definitely something that my sister can do.

He himself felt how heartbreaking this was.

But I have to admit that Jin Cuiniang can really do it. For herself, she can really do anything!

"What else? Is there anything else?" He looked at the servant and asked.

"besides?"

The servant thought for a moment and shook his head.

"No more."

Whatever he could say, he had just said it to the head of the family. Now that he thinks about it, that Manager Wu really only said good things to Madam, and never said a single bad word.

If such a thing could be said to be someone else's fault, it was clear that there was not a single word of truth in Manager Wu's mouth.

All his belongings were wasted.

"Oh, by the way, Manager Wu also said that the head of the family should save Mrs. Ding as soon as possible. She is in the Ding family and is suffering."

Chapter 2463 In the name of the Jin family

"laugh.

Hearing this, the head of the Jin family could not help but sneer.

Even if he didn't see his brother-in-law often, he knew his temper. Even if he was really angry with Jin Cuiniang, he wouldn't really do anything to her.

Instead of looking at Jin Cuiniang herself, she also has to look at Ding Rong, her daughter.

"That Manager Wu, I'm afraid he doesn't receive less benefits on weekdays, right?" he said.

"this....."

The servant had obviously thought of this, and a look of embarrassment suddenly appeared on his face.

"Master, what should we do now? Mrs. Ding can't really let it go, right?"

After all, it was the Jin family who went out. If they were ignored, how could the Jin family have the dignity to gain a foothold in Sky City in the future?

Don't everyone in the streets know that the Jin family even ignored their married daughter in order not to offend the Ding family?

"Hi, ho!"

The head of the Jin family took a deep breath and exhaled heavily.

How should he take care of this matter? Should he tell his brother-in-law that the things his sister did were all for the benefit of the Ding family?

Even he himself couldn't bear to hear this, so how could he say it outside.

However, what he is thinking about now is just his own guess, and he still has to take the truth as the standard. He must first inquire clearly before speaking, and he cannot be rash.

"Go...go to Ding's house to inquire, and you must find out the truth."

He ordered again to his servants.

"Yes, Master."

The servant responded and was about to turn around and leave.

"etc."

The head of the Jin family felt something was wrong, so he called out to his servants again.

"Master, do you have any other orders?" the servant asked.

"Go, find a strange face, and ask about the Ding family. Don't use the name of our Jin family anymore."  
The head of the Jin family ordered.

Maybe, if you find an outsider to inquire, you can find out something.

"Yes, Master, I'm going to find someone right now."

The servant responded, "This is not easy to handle. Who is Mrs. Ding's biggest enemy? Isn't it Aunt Qiongying? Then bribe a servant from Aunt Qiongying's natal family to find out."

...

"Okay, you did a good job."

In the Furong Courtyard of the Ding family, Manager Wu secretly came to the Furong Courtyard after meeting the Jin family and told Mrs. Ding Jin Cuiniang about the matter.

When Jin Cuiniang heard that her natal family came to inquire, her heart suddenly became clear.

This shows that the Jin family is ready to stand up for her, and then she will be saved. The current predicament is nothing, and it is not a big joy.

Especially according to what Manager Wu said, when people from the Jin family came to inquire, what he said was everyone else's fault and nothing about her.

Therefore, she is innocent.

Therefore, she will be fine soon, and she can ask Ding Zhuzui to come and apologize to her in person, and reset her Furong Courtyard, and the housekeeping rights will fall into her hands again.

"Here, this is your reward."

She immediately brought some pure crystal stones and handed them to Manager Wu.

"Thank you, mistress. Thank you, mistress."

When Manager Wu saw the pure crystal stone, he smiled so hard that there was only a slit left in his eyes. He nodded and bowed to Jin Cuiniang for a while, and then left happily.

"Haha, hahahaha."

After Manager Wu left, Jin Cuiniang laughed.

After a while, I was laughing so hard that I couldn't stand up straight, and I was still happy and happy.

Chapter 2464 Idiot, extremely stupid!

"Ding Zhuzui, Ding Zhuzui, you too have today. I want to see how you are going to explain to your mother-in-law when she comes to your door that you have locked up your wife!"

She expected that Ding Zhuzui, a face-loving person like him, would never reveal the things she had done before in front of her mother.

Otherwise, will the honor of the dignified head of the Ding family be lost? And will their daughter Ding Rong get married in the future?

These are all issues that Ding Zhuzui needs to consider.

She concluded that as soon as someone from the Jin family came over, Ding Zhuzui would give in and not dare to lock her up anymore.

She is happy, how can she not be happy?

Just the thought of Ding Zhu drunkenly pretending to be a grandson in front of her, made her almost fly with joy.

...

The servant of the Jin family was very efficient in doing things, and soon the head of the Jin family got the most accurate news.

"Damn it!"

After hearing what the servant said, the head of the Jin family swept all the account books on the table to the ground.

"That bastard, how did she do such an immoral thing?"

Even if others do immoral things, they do it to outsiders, but Jin Cuiniang doesn't even spare her own daughter, she is simply worse than a beast.

If she could do such vicious things, there was nothing else she couldn't do.

"Master, what should we do now?"

When the servant saw that the master was really angry, he could only shrink his neck and asked cautiously.

If his relatives had done something like this, he would probably not even dare to leave the house. Who wouldn't want to lose face?

But it happened that the person who did this was a girl married into the Jin family. What can we do?

Hearing the servant's question, the head of the Jin family really felt a bad breath stuck in his throat, and almost choked himself to death.

what to do?

He also wanted to ask others, what should we do about this matter? !

It turned out that his sister was just as he expected. Not only did she put her biological daughter in Lin Baizhong's bed, she also wanted to put his wife in her husband's bed in front of Lin Baizhong!

What the hell is this? How could she do such a disgusting thing?

"She...how did she get that thick skin? Can it be thicker?"

Idiot, you are so stupid!

Even if Ding Rong really misses Lin Baizhong, the big deal is that Ding Rong will fall in love with her and become an equal wife for Lin Baizhong.

Why must we kill Lin Baizhong's first wife?

According to Jin Cuiniang's wishes, does the Ding family's aunt named Qiong Ying just need to get Jin Cuiniang to sleep with another man, and then Aunt Qiong Ying can become Mrs. Ding?

This must be such a mess!

"You go out and guard first."

He exhaled heavily and faced the servant.

"Yes, please excuse me."

The servant responded and quietly retreated. When he walked outside the door, he could still hear the voice of the Jin family master cursing people inside.

"Idiot, extremely stupid!"

If the matter hadn't been so big, Jin Cuiniang would have forced her to Lin Baizhong immediately, but Ding Zhuzui had discovered it.

Then even if he was brave enough, he could go to Ding's house to say a good word to Jin Cuiniang, and at any rate he could persuade his sister to have a marital relationship with Ding Zhuzui.

But now...

This is really too difficult to deal with.

Chapter 2465 I'm afraid it's... bad, right?

"No, I have to discuss it with my mother.

He stood up from the chair, gritted his teeth, and said this sentence.

Although the things Jin Cuiniang did were really irritating, she was a girl from the Jin family after all, so she couldn't really give up like that, right?

At any rate, we have to let Ding Zhuzui and Jin Cuiniang maintain the semblance of harmony as a couple, right?

...

"Stupid, so stupid, so stupid!"

After listening to her son's words, Mrs. Jin was so angry that she couldn't help but knock on the table.

"Why did she just... just... who taught her to do that? Why didn't she... disgust herself to death? She separated the couple and gave her her husband and daughter. She... .."

"Mother, please stop talking.

The head of the Jin family interrupted her. These words made his skin crawl.

"I....."

Mrs. Jin opened her mouth and almost didn't speak up.

She didn't want to say it, but her daughter had already done such a thing, how could she not say it?

"call!"

She exhaled heavily and patted the table again.

"Mother, I'm just here to ask you, what should I do about this matter? I have to come up with an idea."  
The head of the Jin family said to Mrs. Jin with a bitter look on his face.

Let him go to the Ding family to show off his face and sue for peace. He really has no shame!

"Get an idea?"

Mrs. Jin raised her eyes with a smile on her face and looked at her son.

And he came over to ask her for an idea?

She still wanted to find someone to give her an idea. Think about where to put her face as an old lady of the Jin family next!

"What idea can I make? Let's just leave this matter alone. No one should care about it. Let that idiot fend for himself."

"this....."

The head of the Jin family paused when he heard what she said.

Although he also thought so, after all, it was related to the family's face, and it was also the in-law relationship between the Jin family and the Ding family. It couldn't be broken off just like that, right?

"Mom, after all... if we fall out with the Ding family, it would be... bad, right?" he reminded.

"Don't you understand yet?"

Mrs. Jin glared at her son.

"This happened yesterday, and today, no one from the Ding family has come to formally inform our Jin family. That is because the Ding family wants to keep this matter under wraps and doesn't want to talk about it outside.

After all, they are trying to save face for us, the Ding family, and don't want us to get involved in those shameless things.

If we come to persuade Ding Zhu to make peace now, wouldn't that make Ding Zhu drunk and lose his face? If that were the case, the Ding family would fall out with us. If we didn't care about anything, this matter would just be over. "

"This... mother is right."

The head of the Jin family also thinks so. As long as they turn a blind eye and no one mentions this matter, nothing will happen.

"But Cui Niang, let her be locked up like this forever?"

"Just keep it closed."

Mrs. Jin rolled her eyes at her son and said bitterly.

At least, as long as Rong'er is around, the relationship between the Ding family and their Jin family will never be broken, so let's leave it at that.

"Who can blame her for what she did? Fortunately, she didn't do it. If it were true... then it would be too late! Who doesn't know what Commander Lin's temperament is?

If something really happened to his wife, he would have to raise a layer of land in this Sky City! "

Chapter 2466 Level of Cunning

What's more, he is still a famous person next to the Lord of the City. When Lin Baizhong was just an ordinary person who had just come from the wilderness, the position of commander was given to him by the Lord of the City.

If something happens to him now, the city lord will be the first to stand up and make the decision for him!

It's better not to offend such people.

"Also, you send someone to send a message to your brothers and sisters. If anyone dares to help Jin Cuiniang, if anything happens in the future, it will have nothing to do with our Jin family!"

After thinking about it, she warned her son again.

If we really talk about it, since Jin Cuiniang married into the Ding family, their Jin family, as well as the girls of the Jin family who married outside, have benefited a lot from Jin Cuiniang.

However, the trouble Jin Cuiniang caused this time was really too big, and they couldn't handle it.

"Hey, what a sin, why did I give birth to such a stupid daughter?"

"Mother, don't be angry."

The head of the Jin family was also helpless. What his sister did was really unspeakable.

"When this matter subsides, I will go to Zhu Zui to make peace. By then, maybe we can relax a little."

"I hope so."

Mrs. Jin sighed again and responded.

...

On one side, the head of the Jin family spread the word and forbade anyone in the Jin family to pay attention to Jin Cuiniang's plea for help. On the other side, Lin Caisang and Sui Zimo successfully entered the Hongye Building.

The so-called Hongye Tower is not a building, but a large palace.

All the alchemists and alchemists gathered at this place at the same time, prepared all the things that needed to be prepared, and then waited to enter the sea forest.

Because they were named husband and wife, Lin Caisang and Sui Zimo were arranged in the same room.

"Drink some water first."

Sui Zimo poured a glass of water for his wife and handed it to her.

"Um."

Lin Caisang took it and looked at him.

"Zimo, tell me, will Lu Tianfeng appear in Hongye Building today?"

she asked.

"Won't."

Sui Zimo spit out two words directly.

Depending on how cunning Lu Tianfeng is, he will definitely appear in Hongye Tower at the last moment when he enters the vast forest.

But now, he must still be in his own house, dealing with An Shen and An Meng.

"That's right, probably not."

Lin Caisang also curled his lips and nodded.

It would be strange if Lu Tianfeng entered Hongye Building so early. He has the ability to enter at any time.

"Then let's wait for him here."

"Um."

Sui Zimo responded.

"Sang'er, you're in the room, I'll go outside and take a look." He looked at the closed door and said to Lin Caisang.

After coming in, he didn't even go outside to take a look. Those alchemists and alchemists had to take a look.

"Okay, just in time. I also want to take a look inside the space. I haven't been in for several days." Lin Caisang nodded.

Because of the serial killer, she and Sui Zimo were directly targeted by Lu Tianfeng's people until they entered Hongye Building.

Therefore, she had really not been in the Golden Pearl Space for a long time.

...

"Ouch!"

Lin Changhong, who was reading books on machine arts and eating his meal, suddenly changed places.

Chapter 2467 Continuous Battle Formation

This caused him to sit down on the ground from his original stool.

"Sang Sang, my biological sister, why don't you remind me first? I am your biological brother after all!"

He had no choice but to get up from the ground, looked at his biological sister behind him, and said.

"Brother, how are you studying?"

Lin Caisang saw him eating while holding a book in his hand, which showed that he was working very hard, so he asked.

"I....."

Lin Changhong was about to reply, but then he turned his eyes and saw a strange person.

"Hey, Sangsang, when did there be another person here? Who is he? He is still a child. How old are you, little guy?"

"I....."

The little guy he was talking about was Ding Xu who came with Ding Rong before. m

Because he became a slave in the Jinzhu Space, all his illnesses were cured and he could walk, jump, and eat and drink. However, because he had not been in contact with many people since he was a child, he was too timid.

When I heard Lin Changhong's question, I was frightened before I touched him.

"Sister..."

He glanced at Ding Rong timidly, and then quietly moved behind her.

"Don't be afraid, he is the master's eldest brother and will not hurt you." Ding Rong turned to look at Ding Xu and consoled him.

Lin Changhong: "..."

He obviously has a face similar to that of his Sangsang, but why does he become so fierce?

He also hurts people. When has he ever hurt others?

"Sangsang..."

"Brother, you scared me. Lin Caisang glanced at Ding Xu, and then looked at Lin Changhong.

Lin Changhong: "!!!"

Was it the little guy who scared him?

"Okay, why don't I stop asking? Sangsang, is this your slave too?" he asked.

After thinking about it, someone who can be called Sister Ding Rong has to become a slave of the Golden Pearl Space. Otherwise, how could she possibly enter the Golden Pearl Space?

"Isn't this a little too small?"

Wouldn't you feel embarrassed to let him work in this golden bead space?

"Just be a little younger. You will grow up in the future, very quickly." Lin Caisang said.

She didn't point out how much work Ding Xu could do, as long as he did what he was supposed to do.

Jinzu Space is still very user-friendly. Even for children, there aren't many things they need to do.

"Ding Rong, take Ding Xu over there. I'll talk to my brother for a while."

"good."

Ding Rong responded and left with Ding Xu.

"Sangsang, what do you want to tell me?"

After they left, Lin Changhong immediately approached his sister and asked.

"Brother, when I was copying a book for you last time, I copied a diagram of a formation called the Continuous Array. When you are free, take a look at it and practice more to see if you can set it up."

"That's no problem. As long as you give me a place, I can arrange it."

Without thinking, Lin Changhong immediately patted his chest and assured his sister.

Among the formations he has learned now, the continuous formation is considered a relatively large formation, and it is a bit difficult to learn.

But who is he? Those formations are nothing to him. As long as he sees them once, he can arrange them. I believe that if he arranges them several times, he can add something to the continuous formation. .

"Okay, I'll give you a place."

Lin Caisang looked at his eldest brother and nodded with satisfaction.

Chapter 2468 Taking care of this child

"Uh-huh?"

Lin Changhong originally nodded, but the next moment, his eyes widened and he looked at his sister.

"Sangsang, you mean you are finally going to let me out?"

It's not easy. He can finally leave the Jinzhu space, right?

"No."

Lin Caisang blinked and shook his head innocently.

"No? Didn't you say you wanted to give me the land..."

"I mean, you can perform several virtual tasks. Now, not only I can take on virtual tasks, but you people who have entered the Jinzhu Space can also take on them."

Lin Caisang explained.

Lin Changhong: "..."

He actually asked him to do a virtual mission, it's a shame his sister could think of it.

"Sang Sang, your virtual mission is also very dangerous, right? You can just let me do it alone? Are you afraid that I won't be able to come back?"

"What nonsense are you talking about."

Lin Caisang rolled his eyes at him angrily.

I haven't started this task yet, but I'm thinking that I won't be able to come back. Can he complete the task like this?

"Brother, can you not let other people's ambitions destroy your own prestige? Can you be a bit promising?"

This big brother, she really has nothing to do with him, so why can't she just hope for a little bit of herself? Even if you think a little more powerfully about yourself, it will work.

"Your mission is not dangerous. It is just to use the machine skills you learned. These days, you have only read books and done nothing else. After reading these books, you have to put them into practical use, right?"

"Okay then, just go."

Lin Changhong took a deep breath, curled his lips, and finally nodded.

After a while, Lin Changhong received the mission and entered the virtual space in the Golden Pearl Space, while Lin Caisang went to Wuji Prison to visit the former Queen of Ziyang Kingdom who she had almost forgotten. .

...

"Ah, ah ah."

When the former queen saw Lin Caisang coming in, she immediately came up to her and made hurried gestures to her.

"Don't be impatient. You draw slowly. I can't see clearly even if you're so fast."

Lin Caisang had no choice but to speak to her.

"Ahhh."

The former queen pointed at the environment she was in, then pointed at her belly, and then made gestures again.

But the speed slowed down, allowing Lin Caisang to finally see clearly.

"You mean, after arriving here, the child in the belly has calmed down, stopped making noises, and no longer needs to absorb evil energy and spiritual energy?" she asked the former queen.

"Uh-huh."

The former queen nodded immediately.

She could feel the baby in her belly.

In this place without any aura, the child in her belly seemed to be an ordinary child, peaceful and quiet.

Sometimes she even wonders, if this child is no longer the son of the devil, can she give birth to him?

Even if she had to stay in this place forever and take care of this child all the time, she was willing.

So, she gestured away from Lin Caisang again.

"Ah, ah ah ah."

"Don't get excited first. Let me check your pulse first." Lin Caisang said to calm her down.

She is also a mother. Who would be willing to give up her child unless it is absolutely necessary?

In other words, this child is the son of the devil. Otherwise, none of them would be willing to give up on her, or even kill her.

When the former queen heard her words, she immediately stretched out her hand in front of her.

Chapter 2469 Will not grow up, will always be so small

Lin Caisang raised his hand and began to feel the former queen's pulse.

Sure enough, the child in the former queen's belly was as quiet as she had indicated.

But one thing is that although the child is quiet as usual, this son of the devil has not changed at all since the former queen came to the Promise Prison.

In other words, she has not grown up at all. Even if she stays in the Wuji Prison for ten thousand years, she will only be that big. She will not be born from the belly of the former queen.

Therefore, the problem of the devil's son is still unresolved.

Coming to the Promise Hell only delayed the growth of the son of the evil devil. When he got outside and absorbed the evil energy and spiritual energy, the son of the evil devil was still the same child of the evil devil.

"Ah, ah?"

The former queen was in a daze when she saw Lin Caisang checking her pulse. After a while, she woke up with a voice.

"Huh, you better not have your hopes too high."

After coming back to his senses, Lin Caisang looked at the former queen and let out a sigh of relief.

"The child of the evil devil is still the child of the evil devil. Because there is no evil energy or spiritual energy for her to absorb in the Infinite Hell, she is very quiet now, but similarly, she will not grow up in your belly. She will always be so small. You Couldn't give birth to her."

Hearing this, the former queen's eyes widened and she looked at her in disbelief.

According to this, as long as she leaves this place, the child in her belly will still be the extremely evil son of the devil!

She raised her hands and covered her face.

The beautiful imagination she had before was not true. She still could not give birth to this child.

"Don't be too disappointed. We just haven't found a way now. Trust me, I will definitely find a way. No matter what happens, I can still ensure your safety."

She really had a lot to do these days, and nothing happened at the former queen's place, so she put her down first.

Fortunately, the devil's son will still grow in the Infinite Hell, and he can find a solution in the future.

Otherwise, she wouldn't be able to spare the time.

However, she still had to take the time to go to Jinzhu Pavilion to see if there was any way to eliminate the evil spirit in the son of the devil and make her become an ordinary person again.

"I'll think of a way, you stay here first."

"Um."

The former queen nodded.

There is no other way now but to stay here.

If there is really no other way, then she has thought about it and just stay here, which is better than going out and harming others.

...

After leaving Jinzhu Space, Lin Caisang returned to the room.

The sound outside was very noisy. It seemed that someone had a conflict and was quarreling fiercely.

At this time, Sui Zimo just opened the door and came in, then closed the door behind his back.

"Zimo, what's going on outside?" Lin Caisang asked him.

"Someone lost something." Sui Zimo replied.

"Is something lost?"

Lin Caisang was stunned and couldn't believe it.

They had just entered Hongye Building, and someone was already attacking the people around them?

"What's going on outside? Have you found anyone who stole anything?" she asked.

"Of course it's impossible to find it." Sui Zimo shook his head.

Since something was stolen, it must not be found out so easily. How could it be possible to find it after so long?

"However, this reminds us to try not to expose everything in front of others."

Chapter 2470 Join our team

In the Hongye Building now, dragons and snakes are mixed together. Although there are only alchemists and alchemists, there are people from all over the place. No one knows anyone's character or other.

It's just that I lost something, that's not bad, I'm afraid something else will happen.

"Sang'er, if you want to refine any elixirs next, go into the Golden Pearl Space to refine them."

"Is it that dangerous in Hongye Building?"

Lin Caisang looked at her husband, blinked, and asked.

"When I went out just now, I took a general look at this place. Everyone has their own agenda. Many people are not serious about collecting herbs for the City Lord's Mansion." Sui Zimo said to her.

"Isn't this normal?"

Lin Caisang shrugged and curled his lips.

Just like them, they didn't just enter the Haikuo Forest to collect medicine. They also had their own missions, and Lu Tianfeng had to keep an eye on them.

And those alchemists and alchemists all came here so that they could make a lot of money in the vast forest, right?

"Dad said before that you need to form a team to enter the sea forest this time. When you went out just now, did anyone come to you to form a team?"

The strength of her husband cannot be ignored. She thought, there must be someone who wants to form a team with Sui Zimo, right?

After all, after entering the sea forest, without any strength, it would be really difficult to move forward.

Hearing this, Sui Zimo's thin lips curled up slightly coldly, thinking of some people who didn't know themselves, and the coldness in his whole body also appeared inadvertently.

"What's wrong? Did something happen?"

Seeing him like this, Lin Caisang couldn't help but raise his eyebrows and asked.

It seems that her husband encountered something bad while he was outside? Otherwise, why would it be such an expression?

"Nothing, some..."

'Knock, knock, knock. '

Before Sui Zimo finished speaking, there was a knock on the door outside the room.

Hearing the sound, Sui Zimo's face darkened, he turned to look at the door, strode over, and opened the door.

"Is something wrong?"

he asked coldly.

In Hongye Tower, he didn't want to cause trouble, he just wanted to be able to enter the sea forest smoothly.

But just because he doesn't want to cause trouble doesn't mean he's afraid of trouble!

Looking from the direction of Lin Caisang, she could only see a flash of red outside the door. It seemed that she was still a girl.

Could it be that her husband just went for a walk outside and brought back a rotten peach blossom?  
This is really interesting.

"Sir, have you considered the proposal just now? Join our team and enter the vast forest. You will get twice the result with half the effort." The girl's soft and weak voice rang from outside the door.

"roll!"

Sui Zimo only gave her one word.

Outside the door, no sound was heard for a long time, and it seemed that there was no sound of breathing at all.

It seemed that the girl couldn't believe that someone would talk to her so rudely, and she was frightened. Or, to put it more appropriately, she couldn't believe it, and was shocked.

"Master, you...how can you talk like this? I am doing this for your own good."

After a while, the girl outside the door found her voice. There was a cry in her voice, as if Sui Zimo had bullied her.

"Look at you now. After entering the sea forest with a pregnant woman, are you taking care of her or collecting medicine? It's better to let her find another team and you join our team.
