

Star of Space 247

Chapter 247 I will take charge of this family

"Don't cry, force your tears back.

Seeing his grandson's eyes full of tears, Mr. Zhong immediately scolded him.

"Old man, it hurts." Zhong Yun said vaguely.

He has been tortured to this point by that woman. Will he be scolded even if he cries?

"Don't cry even if it hurts!"

Mrs. Zhong said with a tigerish face.

Today he was really embarrassed at home. Faced with the threatening words of a little girl, he didn't dare to say a word, and even let her take Zhong You away in front of him.

He is the one who wants to cry the most!

"The doctor said that tears flowing down your face will cause pus. Don't you want this face of yours? What are you doing there, not wiping Yun'er's tears? Each one of you, no matter what you do, Forgot?"

He roared angrily at the maid beside him. 69shux.Com

"I bought you to serve the master, not to be a young lady, so hurry up!"

"Yes, old man."

After being yelled at by him, several maids rushed forward to help, but were pushed away by Zhong Yun.

"Let's go, let's go!"

Zhong Yun drove the maids aside, sat up from the recliner, and looked at Mr. Zhong with angrily eyes.

"Old man, should we just forget about this? That little... arrogant thing Zhong You left with that woman today. If he grows up in the future, it's not necessarily who owns this family. Old man, you have to give it to me Think of a way.

Speaking of Zhong You leaving with Lin Caisang, Mr. Zhong frowned.

"What else can I do? I'm already gone."

They have all left, and it is impossible to catch them back now.

The key is, they don't know where the girl is from, and they have no place to pursue her. What should they do? What can we do?

Besides, what if we chase him?

That woman is really powerful. If it is like what she said, if the doctor wants to harm people, no one else can find out, and they don't even know how he died!

"Old man!"

When Zhong Yun heard what Mr. Zhong said, he stamped his feet in anger, which made his face hurt so much that his teeth cracked in his mouth.

"Okay, okay, just stop making trouble."

Seeing him like this, Mr. Zhong quickly spoke out to persuade him.

"Otherwise, tell me, do you have any good ideas to bring that little guy Zhong You back?"

"I....."

Zhong Yun opened his mouth, not knowing what to say for a moment.

Although his face was in terrible pain, he also knew that if Zhong You really came back, he would definitely come back to cause trouble for him. Rather than doing that, it would be better to let him fend for himself outside.

That woman is indeed capable, but there is a man beside her who is many times more powerful than Zhong You. How can she tolerate Zhong You?

Maybe he will be treated badly in a few days!

That would make him happy.

"How about... old man, Zhong You is gone now anyway. He promised not to take away our family's property. How about you tell your father and ask him to pass on the position of head of the family to me, and I will take charge of this family. How about ?"

After much deliberation, he still felt that he should keep the family property in his own hands first, so that when he went out to spend some money in the future, he would no longer have to look at his father's face.

"you?"

Hearing this, Mr. Zhong stared at him carefully.

"Yes, it's me. If I don't take advantage of Zhong You to leave the Zhong family and take all the family property into my hands, will I still have to wait for Zhong You to come back and try to coax my father again?"
