

## Star of Space 2481

Chapter 2481 She was completely humiliated!

Although her brother-in-law usually warned her not to use his name indiscriminately outside, if something happened to her, he would definitely stand up for her.

Because she was someone who could even get into her brother-in-law's bed. She was able to get into Hongye Building this time because of her brother-in-law's help.

However, it took her a lot of effort, sleeping with Lu Tianfeng many times, and being tortured several times.

But it's all worth it. After all, she will soon be able to enter the sea forest and get a lot of good things in it. Maybe even her brother-in-law will ask for her in the future.

"You dare to speak against my brother-in-law, my brother-in-law will kill you!" She said viciously to those people.

Although her brother-in-law looked gentle and harmless on the outside, only those around him knew that this man was ruthless.

And she happened to be the person next to Lu Tianfeng.

Everyone was speechless when they heard her words.

"Miss Wang, if you say that to Mr. Tianfeng, he will kill you, right?" Someone reminded Wang Suo'er.

Is this how Master Tianfeng's reputation was ruined by her? She really doesn't know what to say.

If Mr. Tianfeng knew about it, he would definitely not let Wang Suo'er go, and he would ruin his reputation like this outside.

Moreover, this woman must have been brought in by Mr. Tianfeng with great difficulty. She was supposed to have good intentions, but I didn't expect that this woman would directly steal another woman's man in Hongye Tower.

Master Tianfeng's face has been completely humiliated by her!

"I....."

When Wang Suoer heard what they said, he suddenly got stuck.

Yes, why would she bring her brother-in-law out to talk about it? If he knew about it, he would definitely not let her go.

He doesn't know how he will torture and bully her next time, although he won't let her die.

But such a life would be difficult. Thinking about it, she felt cold all over.

"You...it's all because of you!"

If these people hadn't dug up her relationship with her brother-in-law, she wouldn't have said anything nonsense, but because of them, she would never let these people go!

And that woman, she also...

Thinking of Lin Caisang, Wang Suoer looked in their direction. Unexpectedly, the door had been closed. Where was the couple still there?

They actually just left her outside and ignored her!

Didn't they hear it just now? Her brother-in-law is Master Tianfeng of Sky City!

...

Outside the door, Wang Suo'er continued to be besieged by everyone, and all her vagina was dug out.

In the room, Sui Zimo helped his wife sit down, brought her a plate of snacks, and placed them in front of her.

"It seems that Lu Tianfeng has really targeted us." He looked at Lin Caisang and said.

If Wang Sao'er came here just because of him, it would be impossible. She had already been attacked like this and poisoned by him and Sonny, but she still bit him and wouldn't let go.

If Lu Tianfeng didn't mean anything here, he would definitely not believe it.

"But what does he mean by bringing Wang Suo'er over?" Lin Caisang couldn't figure out what Lu Tianfeng wanted to do now.

Because she exposed the fact that he paid to kill the alchemist and alchemist in the city, so he targeted her?

But why bring Wang Suo'er here?

Chapter 2482 Has a great background?

Could it be that she thought her husband was a newbie and disliked the old, so he would abandon his pregnant wife for a brainless Wang Suo'er?

Or maybe he has some other purpose.

"Let's first find out how Wang Suo'er entered the Hongye Building." She said.

"good."

Sui Zimo responded.

But even if they want to investigate Wang Suo'er, they have to wait until night, after his father-in-law comes over, before they can sit down and discuss these terrible things in Hongye Building.

...

"Wang Suo'er, that idiot!"

In Lu Tianfeng's house, after dealing with An Shen and An Meng, he heard his subordinates coming to report that something had happened to Wang Suo'er who had entered the Hongye Building.

After knowing what happened, he was so angry that he almost broke the table.

"My master asked her to stare at that couple. Is this how she stared?!"

Staring and staring, you want to stare at that man's bed? He even dared to yell in front of everyone, asking the man to abandon his wife and form a team with her.

He really regretted it. Why did he get such a fool to enter Hongye Building to find out the news?

But it happened that he only let Wang Suo'er in because she was stupid. This matter ruined his own cleverness.

"How are the details of that couple being investigated? Where did they come from?" he asked the subordinate in front of him.

"Hui Gongzi, I couldn't find out the details, but I found some. It is said that the couple was recommended by a letter from the leader of Haibo Kingdom. They are apparently from Haibo Kingdom."

The subordinate replied.

If they come from other places, they will do it if they want.

But it happened to be the Haibo Kingdom, which was the Beast Clan. There weren't many alchemists in the Beast Clan to begin with, and if they were offended, even the young master would have to bear the consequences.

Lord Haibo, even the city lord has to give way to three people.

"Haibo Country..."

Lu Tianfeng narrowed his black eyes, but he didn't expect that he would actually find Haibo Country.

Haibo Kingdom is a beast country and has rarely interacted with humans. How could the leader of Haibo Kingdom write a letter to Sky City in person for the sake of two humans?

Are those two people really well connected?

If that was the case, then he would have to think of a way to make friends with those two people. Maybe it would be helpful for his future plans.

"Since she is from Haibo Kingdom, don't touch them anymore and get that idiot back. I will see her tonight!"

Thinking of Wang Suo'er, his eyes became cold. He wished that Wang Suo'er was standing in front of him at this moment, and he could reach out and strangle her to death.

Why does this idiot like to do things that hurt him so much?

Now, he actually wants to ruin his reputation!

"Yes, sir."

The subordinate responded and retreated, preparing to go to Hongye Tower to get Wang Suoer out.

...

"What?!"

In Hongye Building, Wang Suo was so frightened that he didn't dare to move when he saw Lu Tianfeng's subordinates in his room.

When she heard that Lu Tianfeng wanted to see her immediately, she was so frightened that she screamed.

"Uh-huh!"

But she only had time to scream, and whatever she wanted to say next was muffled by the subordinate.

She shook her head fiercely. At this moment, she didn't want to see Lu Tianfeng at all. God knows if Lu Tianfeng would want to kill her after learning that she ruined his good deeds.

Chapter 2483 Leave...two

Although, for her sister's sake, Lu Tianfeng would not kill her.

But he can torture people, whether physically or mentally, as long as she makes him angry, she will be tortured into a human shape.

"Don't you want to see the young master? It's not up to you!"

The subordinates looked at her with frightened eyes and looked at him pleadingly, without any sympathy on her face.

If you dare to do something bad to your master, you should know what will happen, right?

"Young Master is waiting for you. There is no need for you to bathe and change clothes here. When you arrive at the house later, a special person will clean it and bring it to Young Master."

He looked at Wang Suoer with disdain.

I really don't know why this woman is so disgusting. She knows that her own sister is the young master's woman, but she still crawls into the young master's bed.

Now that you know how powerful the young master is, you don't want to go?

It's not up to her.

"Uh-huh, uh-huh, uh-huh."

Wang Suoer's mouth was covered by his subordinates, and he could only shake his head desperately.

Even if she is allowed to delay for a day, she can bear less of Lu Tianfeng's anger. If she is allowed to pass now, she will definitely lose half of her life!

"It's not up to you!"

The subordinate said four final words to her, then picked her up and left directly.

"Zimo, who are you?"

After they left, Sui Zimo helped Lin Caisang out in the corridor and looked at the black shadow retreating in the darkness.

"The bodyguard of Lu Tianfeng's mansion." Sui Zimo replied.

"Oh, we are quite quiet now." Lin Caisang chuckled.

They were relieved that Wang Suo'er was gone, but... that Lu Tianfeng was quite well informed. Didn't it mean that the Hongye Building was only accessible and not accessible? The news inside was actually able to be transmitted to Lu Tianfeng's ears.

And the people around Lu Tianfeng were able to enter the Hongye Building. This shows that there are also people arranged by Lu Tianfeng here.

"Lu Tianfeng's power is really everywhere." She sighed.

"It's not that he is powerful, but that he is determined to win the vast sea and forest." Sui Zimo concluded.

Whether Lu Tianfeng was powerful or not, he didn't want to think about it now, but Lu Tianfeng was really determined to win Haikuo Forest.

"I made a general observation today. Although my father-in-law purged Lu Tianfeng's people, there are still at least ten people from Lu Tianfeng in this Hongye Building.

Although they are insignificant here, if they disguise themselves as these people at a critical moment, there are still many people from Lu Tianfeng who can enter Haikuo Forest. "

"That's what Lu Tianfeng planned, right?" Lin Caisang said.

"What are you going to do with those people? Do you want to deal with them all?" she asked.

"Just keep...two of them." Sui Zimo thought for a moment and said.

There must be two left to give Lu Tianfeng a chance to enter the sea forest, right? Yes or no?

"Did everyone else handle it? Let dad handle it, or should we handle it?" Lin Caisang asked again.

If they were left to deal with it, the internal conflicts in Hongye Building would be easier to deal with, but at the same time, they might be exposed to Lu Tianfeng and contact the City Lord's Mansion.

However, it was not possible to let her father handle it. After all, Lu Tianfeng didn't know that their two fathers (Lin Baizhong and Lu Tianlan) had already suspected him.

Chapter 2484 Stab me in the back

"It's better to let them dog eat dog.

Sui Mo's thin lips curled up slightly and he said to his wife.

Why let anyone deal with those people? It's just a bunch of rabble, just throw some bait and they can bite it themselves.

When the time comes, just ask your father-in-law to throw the person out, and he will be famous.

"That's a good idea."

Lin Caisang's eyes also lit up and he raised his eyebrows.

"Go back, it's time for father-in-law to come over."

Sui Zimo said something and went back with his wife in his arms.

...

On the other side, Wang Suo'er was taken back directly by Lu Tianfeng's subordinates.

Regardless of the woman's objections, he sent two rough women to clean the woman, and then took her to a secret room in Lu Tianfeng that was not known to outsiders.

At this moment, Lu Tianfeng was still followed by An Shen and An Meng, and did not appear here soon.

There was another woman in the room.

"Second sister..."

Wang Suo'er was covered in a piece of clothing as thin as cicada's wings. She hugged her knees and huddled in the corner of the big bed.

When she saw the relative she was most familiar with appearing in front of her, she immediately crawled over and reached out to grab the woman's dress.

"Second sister, please save me. Say a few nice words to my brother-in-law and ask him to let me go. He always listens to you. As long as you beg him, he will definitely let me go."

"laugh."

The woman looked at her biological sister from above and sneered.

"Is this the attitude you have when you do something wrong?"

You still want her to plead with the young master, why? Why should she plead for her shameless sister?

Could it be that just because she secretly carried her on his back and climbed into the young master's bed, and still showed off his power in front of her the next morning, he felt that he was inferior to her?

"Second sister, it's really not my fault. It's my brother-in-law. He asked me to keep an eye on that couple. I didn't expect that that couple was so powerful that they even dared to bully me. In the end, they were Someone discovered my relationship with my brother-in-law."

Wang Suo'er shook her head. Until now, she didn't feel that she had done anything wrong.

She just fell in love with that man. That man looked so perfect and had good cultivation. It was a pity to match that bitch.

That man should be worthy of a noble woman like her.

What's wrong with this?

"Second sister, please save me. You have saved me now. When something happens to you in the future, I will also ask my brother-in-law to intercede for you. Really, second sister, we are sisters, biological sisters."

Her hopeful eyes looked at the woman, reminding her of their relationship.

However, what she didn't know was that what women hated most was that she and Wang Suo'er were sisters. This made her want to kill Wang Suo'er directly!

But Wang Suo'er was really capable. She climbed onto the young master's bed without saying a word, which made the young master look at her differently.

She had no choice but to swallow the bad breath into her stomach.

However, she knew that Wang Suo'er was a woman who was unwilling to be left alone and would definitely fall into the hands of the young master. She just waited and waited, waiting for Wang Suo'er to receive retribution.

Finally, the day she had been waiting for came.

"Sister, so you stabbed me in the back?"

She just looked at Wang Suo'er, lowered her head with a smile, pinched Wang Suo'er's voice, and asked her softly.

Chapter 2485 It's really stupid

"Wang Suo'er, would you like my second sister to remind you how you came to show off in front of me the next day after you climbed into the young master's bed? You just sat in the young master's arms in front of me. Already?"

"I....."

Wang Suo'er's face turned pale when he heard the woman's words.

At first, she thought that by climbing up to Lu Tianfeng, she would become the most noble woman in the entire Qianhuan Continent, so she got carried away for a moment.

But now she knows she was wrong. She should not have fallen out with her second sister. Even if she despises her second sister, she should keep it in her heart and not say it out loud.

"You are like this, and you still want me to go to the young master to intercede on your behalf?"

The woman looked at Wang Suo'er with more and more contempt and disdain. She threw away Wang Suo'er's hand holding her dress and slapped her hard in the face.

"You bitch, how dare you mess up the young master's business? The young master asked you to keep an eye on someone, and you actually want to take that man as your own?"

She sneered, really worrying about Wang Suo'er's IQ.

As a man, doesn't she know what they can't tolerate the most? Are you actually looking for another man? !

"Wang Suo'er, are you so eager to cuckold the young master? Are you still worried that he doesn't know that he is looking for your presence in the man he assigned you the task of?"

"me....."

When Wang Suo'er heard the woman's reminder, he felt bad.

Yes, why did she fall in love with that man during the task assigned by her brother-in-law?

Even if she really likes her, she shouldn't show it in such a hurry. She should finish her brother-in-law's task first, and then kill that bitch and take possession of that man after she comes out of the vast forest. some.

She regretted so much that she couldn't even understand such a simple truth.

Who is Lu Tianfeng? How could such a vicious and cruel man allow the woman he had used to have another man? It would be tantamount to bringing shame on his face.

How could she be so stupid to do such a thing!

"Second sister, please help me. I was wrong. I was really wrong. Please ask my brother-in-law to let me go. I promise that I will be devoted to my brother-in-law and never look at other men again."

After hearing Wang Suo'er's words, the woman had a bad breath stuck in her throat, almost suffocating herself to death.

This woman is indeed hopelessly stupid. Apart from using her little skills to make men happy, she is really stupid in other aspects.

Doesn't she know that the reason why she hates her so much is because she snatched the young master away?

Just as he was about to reply, he scolded Wang Suo'er and humiliated her.

However, she heard the sound of footsteps in the yard. She was startled, and a vicious light flashed in her eyes.

"Zuo'er, at this point, you still don't know your fault?"

The expression on her face changed, and she looked at Wang Suo'er as if she was heartbroken.

"Young Master treats you so well, trusts you so much, and entrusts you with such an important task, but because of your own selfishness and in order to take that man as your own, you actually don't even care about the Young Master's reputation?"

By doing this, do you deserve the trust that the young master has in you? The second sister really regrets bringing you to the young master's side. The second sister should have brought the third sister and the others over. "

"Second sister, you...what are you talking about?"

Wang Suo'er was stunned when he heard the woman's words and asked blankly.

Chapter 2486 Really vicious!

Didn't she rely on her own ability to get into Lu Tianfeng in the first place? When did the second sister introduce her to her?

But now, she has no choice. Even if the woman talks nonsense in front of her, she is the only life-saving straw she can hold on to. She must hold on tight.

"Second sister, please let me go before my brother-in-law comes back. Don't worry, I will never tell my brother-in-law that you let me go. Second sister, hurry up. If you don't help me, I will be killed by my brother-in-law." Get killed!"

She reached out, grabbed the woman's clothes again, and begged her.

"You... Wang Suo'er, you really disappoint me. I am loyal to the young master, how could I let you go?" The woman shook off Wang Suo'er's hand again.

At this moment, she was already feeling happy. Just wait, or in a little while, the man outside the door would come in and kill this bitch!

"If you do something wrong, you have to be punished, you know? Don't worry, the young master treats you very well, and he will not punish you too harshly."

"no, do not want!"

Wang Suo'er shouted sharply and shook his head.

Why shouldn't she be punished too severely? This woman is just telling lies with her eyes open!

She had already been washed and thrown into the most secluded courtyard of Lu Tianfeng's house, and she was forced to dress like this. Even in the lowest place in Mo Shang City, women would not wear it. It's like this!

But she was dressed like this. Lu Tianfeng clearly wanted to punish her severely.

"Second sister, my brother-in-law will torture me. He is so cruel, he will definitely kill me. You also know when he is in bed, right? What despicable tricks can't you think of?"

It's not like she hasn't been tortured by Lu Tianfeng before. When she didn't make any mistakes in the past, she would be treated mercilessly, let alone now?

"Wang Suo'er, you are so presumptuous!"

When the woman heard Wang Suo'er's words, she shouted sharply.

"No matter how the young master treats us, it is our blessing. He is a high-altitude god. If he can look at me one more time, I will be very happy. You insult the young master like this, you deserve to be damned!"

As she said that, she raised her hand and was about to hit Wang Suo'er in the face.

But there was one person who was faster than her. Lu Tianfeng didn't know when he had walked in. He had a long whip in his hand and hit Wang Suo'er directly.

"ah!"

Wang Suo'er screamed and fell onto the bed.

The woman turned around and looked at Lu Tianfeng, only to see the long whip in his hand hitting Wang Suo'er's body. At this moment, his eyes were scarlet.

"Bitch, you ruined my young master's affairs. You don't know your fault. You dare to slander my young master here!"

If he hadn't just come over, he wouldn't have known that Wang Suo'er secretly missed him so much. Isn't he vicious?

Then he would let her know what true cruelty is!

"Master..."

"Zhen'er, you go back first."

Although Lu Tianfeng hated Wang Suo'er, Wang Zhen'er's words just now pleased him to a great extent.

Therefore, his attitude towards Wang Zhen'er is quite good.

"Yes, sir, Zhen'er has to leave first."

Wang Zhen'er responded and glanced again at Wang Suo'er who was rolling on the bed in pain, then curled her red lips and turned around to leave.

Chapter 2487 No chance

She thought that after this time, Wang Suo'er would never appear in front of her and the young master again, right? Young master will definitely deal with such a stupid person.

She also thoughtfully closed the door so that the sounds inside could not be heard outside.

"Wang Suo'er, you really want to die, don't you?"

After Wang Zhen'er left, Lu Tianfeng looked at Wang Suo'er who huddled up with scarlet eyes.

Originally, he thought that as long as he punished Wang Suo'er severely, it would be enough, for the sake of the Wang family head's loyalty to him.

But this bitch is so speechless that she has such an opinion towards his master.

"No, no, brother-in-law, not me."

It wasn't until this moment that Wang Suo'er understood why Wang Zhen'er wanted to provoke her to say those words so deliberately. She simply knew that Lu Tianfeng was already outside the door.

But she couldn't say this to Lu Tianfeng. After all, those insulting words about Lu Tianfeng all came from her mouth.

"It's the second sister. It was the second sister who deliberately provoked me and that's why I said those words. Brother-in-law, it's not my fault. It's really not the case."

"Now that things have happened, you still dare to speak ill of Zhen'er. You are hopeless!"

Lu Tianfeng was extremely angry, and with a sudden force on his hand, the whip fell on Wang Suo'er again, like raindrops, which made Wang Suo'er scream in agony and lost the strength to avoid rolling.

He was already disappointed with Wang Zuo'er and could no longer use her. Therefore, in order to prevent the Wang family from rebelling against him, Wang Zhen'er had to stay by his side.

"I originally wanted to punish you for turning this over, but it seems that you are really a bitch! I'll beat you to death, bitch!"

Wang Zhener is right, this bitch has become his woman, but she still thinks about the man outside and dares to put a cuckold on him. This is something that no one can bear.

And this bitch still refuses to admit her mistake and wants to escape!

Did she think she could escape? In this sky city, who else can help her, and who dares to help her escape?

"Ah, don't, it hurts. Brother-in-law, please... please let me go. I was wrong. I was really wrong. I will never do it again in the future. Brother-in-law, please forgive me this time."

Wang Suo'er was beaten with a whip until his body was dripping with blood, with almost no good skin left, and he lay on the bed like a dead dog.

Taking advantage of the time when Lu Tianfeng didn't greet her anymore, she begged him for mercy.

She should have begged for mercy a long time ago. As long as she begged for mercy, she would still be a young lady of the Wang family, and her brother-in-law would not kill her. She should have figured this out long ago. Unfortunately, she was about to be beaten to death before she figured it out. .

I don't know, it's not too late to understand now.

"Brother-in-law..."

"snort."

Lu Tianfeng snorted coldly and threw the whip in his hand to the ground.

"Wang Suo'er, don't you like men? Very good, come here!"

He called out to the door, and soon, two guards came in and stood behind him.

"Sir, my subordinate is here."

"Take this bitch's spiritual power is crippled, her hand tendons and hamstrings are picked, her tongue is plucked, and her face is scratched, throw her into a beggar's den, send someone to watch her, and let her serve her all her life. With those men!"

Hearing this, the two guards looked at Lu Tianfeng in surprise.

The lady on the bed is the young lady from the Wang family in Mo Shangcheng. Is she really going to be thrown into a beggar's den?

Moreover, it was still so cruel that she didn't even have a chance to escape?

Chapter 2488 Knocked out and dragged away

"No!"

After hearing Lu Tianfeng's instructions to the guards, Wang Suoer screamed and finally got up from the bed with all his strength.

With a roll, her whole body was hit hard to the ground, but she just frowned, and then crawled to Lu Tianfeng's feet.

"Brother-in-law, I was wrong. I really know I was wrong. You can beat me and scold me however you want, but don't do that to me!"

She is a young lady from the Wang family. How could she be subjected to such inhuman treatment? Even a woman cannot bear it. Only then did she understand how terrible it was to be directly beaten or scolded by Lu Tianfeng. A lucky thing.

Now she just wants to regret it, because she is afraid that men will no longer pay attention to her, right?

She knew how cruel Lu Tianfeng's heart was.

Sure enough, when Wang Suoer reached out to Lu Tianfeng, the man kicked her away with disgust.

"Bitch, who allowed you to call me brother-in-law?"

Even Wang Zhen'er was a plaything that he could play with and throw away whenever he wanted. She knew how to call him young master, but this bitch actually dared to call him brother-in-law.

Not only that, but he also dared to change his reputation outside.

Because of her, even his name was remembered by the alchemists and alchemists in Hongye Tower, and there was not a single good word to say about him.

But Wang Suoer didn't find out anything about the couple.

"Brother-in-law..."

Wang Suoer raised his head in disbelief and looked at the tall man.

What happens now? Even the names he was allowed to call before can no longer be called?

In the past, when she called Lu Tianfeng brother-in-law, he never objected. Instead, he thought she was obedient and seductive, so he rewarded her lavishly. But now, she can't even call her brother-in-law?

"Sir, please spare me. Zuo'er will never do anything wrong again."

At this time, she didn't dare to be stubborn and beg for mercy anymore. As long as Lu Tianfeng could spare her, she would do whatever he asked her to do.

"snort."

Lu Tianfeng snorted coldly at her again.

"Hold on, I don't want to hear her name again!"

He ordered the guards behind him.

"Yes, sir."

The guards gathered together and immediately stepped forward, knocked Wang Suo'er unconscious and dragged him out.

Originally, they liked to hear the sound of women crying and begging for mercy from the young master. After hearing this, the young master would feel relieved and would not vent his anger on them anymore.

But that can't happen now, because there are still two bottles of Plague God squatting in the house, and it would be bad if they heard it.

Therefore, we could only knock Wang Suoer unconscious and drag him away.

"Who are that couple?"

After Wang Suoer was dragged away, Lu Tianfeng frowned and murmured displeasedly.

Why does he feel that whenever his affairs come into contact with that couple, everything will always be in chaos?

Last time several people were arrested, but luckily he finished in time and no one was discovered. But this time, Wang Suoer, a bitch, actually fell in love with that man!

He really wanted to see how charming that man was that made Wang Suoer think of taking that man as his own after having him.

But soon, soon, they will enter the sea forest together, and then they will be able to find out their identities.

"Come here, arrange for another person to enter Hongye Building."

Chapter 2489 The city lord climbed out of the window in the middle of the night!

No longer thinking about the couple, he called the guards and gave instructions to them.

There are really too few people in Hongye Building now. Even if people from outside are allowed to take their place, danger may arise in the vast forest.

Therefore, he still needs to arrange more people to go in.

If that doesn't work, you can get some of the alchemists and alchemists out and replace their people in, so that you can remain unnoticed.

...

On the other side, in Sui Zimo's room, a man in black climbed in through the window.

Two people: "..."

Which monkey is this coming down from the mountain? It's definitely not her biological father!

Sure enough, the man was hanging on the window, pulling away the black scarf on his face with one hand, and looking at the two of them, he was the high-ranking Lord of the City.

"Zimo, when you saw your father coming, why didn't you come over to help him?"

The man looked at his son a little aggrievedly and asked.

He finally took the time to come here, just to see who was so bold in this Hongye Building that he actually had a son with a wife and daughter!

Sui Zimo: "..."

He seems to have not admitted that this man is his father, right? Are all relatives today so eager to recognize their sons?

"I....."

He wanted to refuse. If he couldn't climb through a window, he felt that it didn't matter whether he recognized the father or not.

However, his words have not yet been spoken.

The man on the window was pushed in directly by the person behind him.

"Hurry up, do you know that such a big guy is blocking the road?" Lin Baizhong was right behind Lu Tianlan. Seeing that the person on the window had stopped moving, he raised his hand and gave him a hand.

"oops!"

The man was unprepared and almost fell directly in front of his son.

Fortunately, he was not a vegetarian and quickly moved his body so as not to fall to the ground and let his daughter-in-law see his ugly appearance.

"Lin Baizhong, even if you and I become in-laws, you can't treat me like this. After all, I am the city lord."

After standing still, he shouted quietly out the window.

"I've never seen a city lord who likes to climb out of windows in the middle of the night!" Lin Baizhong blocked him angrily.

Originally he wanted to go through the main door, but the city lord didn't want to, so he had to take an unusual route and climb through the window!

Lu Tianlan: "!"

How come Lin Baizhong's temperament is exactly the same as his son who is cold-faced towards him?

Sometimes he even doubted whether his son was raised by Lin Baizhong.

Of course, he was just suspicious. After all, Lin Baizhong couldn't remember the past events at all, and Liu Yuyang didn't know about the relationship between Lin Baizhong and Sui Zimo's half master and apprentice.

As for Sui Zimo himself, it was naturally impossible for him to say this to Lu Tianlan.

"Come in quickly, don't worry about being discovered!"

He said angrily to Lin Baizhong.

Lin Baizhong had no choice but to climb in through the window. After closing the window, the four of them each took a corner at the table and sat down.

"Sangsang, are you okay? I heard that I met a sick woman today?" He looked at his daughter and asked with concern.

Lin Caisang: "..."

Dear dad, is it really okay for you to say this about other women?

Even if Wang Suo'er is really sick, they still have to keep their word. They have been dragged away, so they shouldn't care too much about it, right?

Chapter 2490 Want to change the situation

"It's not considered sick.

She curled her lips and glanced at Sui Zimo.

"Zimo, is that person sent by Lu Tianfeng to lead the charge?" Lin Baizhong looked at his son-in-law and asked.

"Is there no one under Lu Tianfeng? How could he send such a fool to Hongye Building?"

Lu Tianlan continued Lin Baizhong's words. It's not surprising that he said that. It was actually that woman who died before she left the army. No matter how she thought about it, she felt that she should not be the person sent by Lu Tianfeng.

"If he really sent smart people to Hongye Tower, you would cry." Sui Zimo glanced at him lightly and said.

Lu Tianlan: "..."

This stinky kid really has the same temperament as Lin Baizhong!

Lin Baizhong used to be so honest. It didn't matter whether he was the city lord or not, but he used words that could suffocate people to death!

However, seeing that the child at least gave him an honorific title, he didn't care so much about his son.

"Do you think there are still many people from Lu Tianfeng in this Hongye Building?" he asked.

"It's hard to say exactly, but there are still more than ten or twenty." Lin Caisang answered Lu Tianlan's words on behalf of her husband.

"Ten or twenty?"

Lu Tianlan almost screamed when he heard this number.

These were the people who were let in after many layers of screening by his in-laws, and there were actually so many people from Lu Tianfeng.

Tianfeng's net has been cast wide enough. Could it be that his people are everywhere in Qianhuan Continent?

"Baizhong, you really kicked out many of Lu Tianfeng's people from the list?"

He looked at Lin Baizhong and asked with twitching corners of his mouth.

"What do you think?"

Lin Baizhong glanced sideways and glanced at Lu Tianlan lightly. That look looked very different from Sui Zimo's.

"Lu Tianfeng should have replaced himself in Hongye Building a long time ago."

He looked at his daughter and son-in-law again and said.

"Very early?"

Lu Tianlan was stunned for a moment, but he quickly came to his senses.

"Zimo, the people you are talking about are not the alchemists and alchemists, but the people in Hongye Tower themselves?"

he asked.

There were actually so many people in his Hongye Building, and Lu Tianfeng arranged for them to come in?

Sure enough, Lu Tianfeng is really omnipotent.

It was also his fault that he had too much trust in Lu Tianfeng and delegated too much power to Lu Tianfeng, which gave Lu Tianfeng an opportunity.

"I will immediately find a reason to drive those people out!"

It's always possible to drive those people out, right? However, before Sui Zimo and the others could deny his words, he had already started to shake his head.

"No, it can't be like this. Wouldn't Lu Tianfeng know that we are already watching him? We still have to think of other ways."

"City Lord, you don't have to think of a way, Zimo has already thought of a way." Lin Caisang said.

They had already seen the dog-eating-dog scene today. They were bored staying in the Hongye Building, so it was okay to see it more often.

"Have you thought of a solution?"

Lu Tianlan raised his eyebrows and looked at Sui Zimo.

After all, he was Lu Tianlan's son. His mind was so flexible that he came up with a solution so quickly.

"It's good to think of a way, but Baizhong, Zimo, you think, Lu Tianfeng arranged so many people who can't enter Haikuo Forest, what are they doing in Hongye Tower?"

He wouldn't want to make a sudden change. Before entering the sea forest, wouldn't he temporarily replace the alchemist and alchemist in the building? "
