Chapter 249 Old Ye Zi ate stuffed teeth

"It's good to go to the barren mountains, but..." This still has something to do with her.

However, Zhong You could only call her Master, but he couldn't be allowed to live in Ya Molian's house forever. He also had many secrets that he couldn't let an outsider know.

"If you don't go to Menghuang Mountain, is it possible that you still want him to live in your home?" Ya Molian asked him.

"That's definitely not possible."

Lin Caisang immediately shook his head, feeling that this idea was really bad.

"Forget it, let him go home with you first, and we'll take care of other matters later."

Who knows how things will develop in the future. At the beginning, she did not expect that Liu Baixiao and his family would come back to live in Yacun. It can be seen that no matter how good people are at calculating, they cannot calculate with God.

Ya Molian nodded and continued driving the carriage home.

...

In the Lin family, Lin Caihe was squatting at the door of the kitchen washing vegetables. She peeled off the cabbage that looked a little dark green and not too tender, and threw them all on the ground.

It was getting dark. Lu Qiubo was old and his eyesight was not good so he couldn't see it. But Yang Lin was different. He just came back from work on Menghuang Mountain. When he saw the vegetable leaves on the ground, he felt heartbroken. .

"He'er, what are you doing? Why are you throwing such good vegetable leaves on the ground?"

He picked up the vegetable leaves, held them in his hand and asked Lin Caihe.

"Mom, that's the old leaf. It's stuffed with teeth after eating it." Lin Caihe curled her lips and replied.

"you....."

Yang Lin was so angry at her words that his whole body was about to smoke.

"The leaves of this vegetable are so thick that your teeth will get clogged, so what should you eat? Drinking cold water every day will stop your teeth from getting clogged, right?"

Why did she give birth to such a rebellious daughter? She was asked to do some things for the family, but none of them were messy. She said she didn't have enough strength to chop firewood, and she washed clothes and floated them away along the river. It's fine now, even when washing dishes.

"You want to piss me off to death!"

"What's going on?"

Lu Qiubo was in the kitchen and heard the noise in the yard and went out to see what was going on.

"Mom, look at her... look at these vegetable leaves... ugh!"

Yang Lin held a breath in his chest and looked at his unfulfilled daughter. In the end, all his words could only be turned into a sigh.

"I don't think it's a big deal, it's just a few vegetable leaves."

Lu Qiubo didn't take it seriously. He chuckled at his daughter-in-law, bent down and picked up all the vegetable leaves. Then Yang Lin took the ones in his hand and washed them in the wooden basin.

"It's just right. I'll fry these vegetable leaves later. Those who can't work today will eat this."

After saying that, he glanced at Lin Caihe meaningfully and went back to the kitchen.

Hearing this, Lin Caihe suddenly blushed, thinking that he heard wrongly, and quickly followed Lu Qiubo into the kitchen, "Grandma, these vegetable leaves are too old to be eaten."

"Why can't you eat it? When I was full and hungry, I even gnawed the bark of the tree. How can the leaves of this vegetable be harder than the bark?" Lu Qiubo glared at her and said.

"Hurry up and put down the vegetables and go outside to chop firewood. If you don't chop the pile of firewood, you won't even be able to eat the old vegetable leaves."

"I....."

Lin Caihe opened his mouth, but couldn't reply a word. He could only glance at Lu Qiubo's back with a resentful look, turned around and left the kitchen.

"Hey, this is the only way to treat her." Yang Lin sighed again.

Everyone talked about her, but she didn't listen. She felt that everyone was against her, and she, the mother-in-law, refused to listen. Therefore, she had to eat the consequences of what she had sown.
