

Star of Space 2491

Chapter 2491 Let's think of another way

This is really something Lu Tianfeng can do, and there must be a lot of people in the Hongye Building who are in the kitchen, right?

If someone wanted to poison the alchemist's food, it would be impossible, but if it were Lu Tianfeng, it would definitely be possible. He could even make his wife 'pregnant'.

Is there any other way that he can't think of?

"It's very possible." Lin Baizhong said.

"What makes this possible?"

When Lu Tianlan heard his words, he secretly rolled his eyes.

"It's not very possible, but Lu Tianfeng will definitely do this, okay?"

If Lu Tianfeng didn't do this, he wouldn't believe it. I guess Lu Tianfeng would be waiting for the day when Haikuo Forest opens, right?

At that time, some of the alchemists in the braised building will be killed, and then replaced with their people, they will enter the sea forest without anyone noticing, and they can do whatever they want.

This is really a good idea.

"What he hasn't done yet can only be dealt with. The defense in Hongye Tower can be improved by a few more layers," Sui Zimo said.

"For defense, I will send my personal guards over." Lu Tianlan said to them.

"I don't believe there are people from Lu Tianfeng among my personal guards."

Recently, he felt more and more that those people from Lu Tianfeng were really pervasive, and they were present everywhere.

Especially after he knew who Lu Tianfeng was, the more he checked, the more frightened he became. However, what annoyed him was that no matter how he checked, he could not find those evil spirits that Lu Tianfeng had. Where are the son and the poisonous corpse hiding?

If he said no, he would never believe it.

"By the way, Sangsang, have you found a way to deal with the devil's son?" he asked.

He already knew that Lin Caisang had the mother body of an evil son, but he didn't know if there was a way to deal with it.

"There is no way to deal with it yet. We just need to find a place where the devil's son can no longer grow in the mother's body." Lin Caisang sighed lightly and said.

This son of evil is really not easy to deal with. I don't know who could come up with such an evil thing.

Why does she always feel that it is impossible for Lu Tianfeng to create the son of the devil alone?

Is he really that capable?

"It's good to be able to stop the growth. We can figure out other solutions later." Lu Tianlan said.

The son of the evil spirit who could not be dealt with by anyone was left to Zimo and Caisang. To be honest, he felt that he no longer looked like an elder.

But he has no way to deal with it, so what can he do?

The four of them discussed in the room for a long time. Sui Zimo told Lu Tianlan and Lin Baizhong his thoughts on how to deal with Lu Tianfeng's people.

After finalizing the matter, Lu Tianlan and Lin Baizhong left. Before leaving, Lin Caisang asked his own father to bring medicine to his mother, because Liu Yuyang had not been in good health before.

"Dad, please tell mother to pay attention to herself. Don't pay attention to those things that you don't need to pay attention to."

What she was referring to was naturally Jin Cuiniang, the wife of the Ding family, and she didn't know what kind of person she had found who could rescue her from Ding Zhuzui's cold treatment of her.

"According to reliable information, Mrs. Ding has found Tianfeng." Lin Baizhong said.

Chapter 2492 Rong family and Or family?

Lin Caisang: "..."

Lu Tianlan: "..."

Damn this Lu Tianfeng is really everywhere!

He can get in touch with all the wives of the Jin family, but now that Mrs. Ding has lost power, will Lu Tianfeng still pay attention to such a person?

"That is also a life-threatening thing. He will never give up to achieve his goal. 6" Lin Caisang sighed softly and said.

Mrs. Na Ding was afraid that she would not get her father, so she let her daughter go. Then she thought of reaping the benefits so that she could take advantage of her father in the future.

Unfortunately, it didn't work out, as even her own daughter opposed her idea.

Therefore, he was so angry that he had the guts to go to Lu Tianfeng after breaking the jar.

She thought, if Ding Zhuzui knew that his wife had gone to Lu Tianfeng and wanted to attack her relatives, she would probably be so angry that she would spit out a mouthful of blood.

"Where's the Jin family? Is there anything going on?" she asked.

"As far as I know, Mrs. Jin is quite sensible and won't make a big fuss."

Before Lin Baizhong could speak, Lu Tianlan spoke.

The so-called sensible thing in his mouth is actually just a member of the Jin family who will think about themselves and will not ruin their family business just for the sake of a married daughter.

After hearing about what Jin Cuiniang had done, he believed that the Jin family would not stand up for Jin Cuiniang.

However, when Lin Baizhong heard his words, he couldn't help but shrugged.

"The Jin family is indeed fine, but the Rong family and the Rong family have already set their sights on me." He said to them.

"The Rong family and the Or family?"

Lu Tianlan was speechless. What does this matter have to do with these two families?

But soon, he remembered that both the Rong family and the Or family were daughters of the Jin family, and they were more or less sisters to Jin Cuiniang.

However, these sisters, who are harmonious on the surface but secretly wish others were worse off than themselves, would they really mindlessly go against Lin Baizhong for Jin Cuiniang?

You know, even he and his wife are on Lin Baizhong's side!

"They are quite bold."

If they really dared to do this, there was only one explanation.

These two families had already had a secret relationship with Lu Tianfeng, and the reason why they helped Jin Cuiniang was completely secretly instructed by the people around Lu Tianfeng.

"It seems that there are quite a few people working with Lu Tianfeng. Those people we found before are probably just scratching the surface."

He looked at Lin Baizhong and said.

"Lu Tianfeng has been in business for so long, how could it be possible that there are only those people, and..."

Sui Zimo said and glanced sideways at his wife.

"And what?"

Lu Tianlan and Lin Baizhong asked at the same time.

"Dad, City Lord, do you really think that Lu Tianfeng alone can manage such a huge power in Sky City, or even the entire Qianhuan Continent?"

Lin Caisang looked at them very seriously and asked.

"Sang Sang, you mean there is someone behind Lu Tianfeng?" Lu Tianlan asked her.

If that's really the case, who could that person be? He was actually able to instruct Lu Tianfeng.

You must know that Lu Tianfeng has been in Sky City for many years. It can be said that he is inferior to one person and superior to ten thousand people. With his status, he should not be willing to succumb to others.

Chapter 2493: Dead without a corpse

"If there is someone, who would it be?"

He was really thinking hard and couldn't figure out who that person could be.

"I'm afraid only Lu Tianfeng himself knows who it could be."

Sui Zimo placed the freshly warmed milk in front of Lin Caisang, and then spoke to them.

"he?"

Lu Tianlan was stunned for a moment when he heard what he said, but soon he thought that if there was really someone behind Lu Tianfeng, I'm afraid that person wouldn't let Lu Tianfeng know who he was. ?

"Even if it is true, Lu Tianfeng probably wouldn't know about it."

"City Lord, don't underestimate Lu Tianfeng." Sui Zimo snorted and said.

A little person like Yin Lüqing was able to secretly figure out Lu Tianfeng's identity.

And if there is really someone behind Lu Tianfeng, they are not two people of equal status, but Lu Tianfeng has to listen to that person.

Listening to others and doing such a dangerous thing is equivalent to placing your life on that person. Lu Tianfeng is not a fool, how could he secretly inquire about that person's situation?

"But this is just a guess. It is also possible that there is no such person at all, and whether there is or not is up to you to find out."

"It's not easy. If Lu Tianfeng is desperate, he will naturally look for that person, right?" Lu Tianlan said with a chuckle.

And if there was no such person behind Lu Tianfeng, then no one would have to look for him, and they would handle it directly. How great would it be?

"It's not as simple as you think."

Lin Baizhong rolled his eyes at him angrily.

If there really is someone behind Lu Tianfeng, and this person can make Lu Tianfeng obey his orders.

The identity of this person is definitely not simple.

Or is it someone they have never even met? Even if Lu Tianfeng is desperate, he may not be able to find such a person, right?

"Dad is right, it's not that simple." Lin Caisang agreed with Lin Baizhong.

"There is one more thing that I would like to ask you to check. After coming out of the Sea Forest, I want to know the answer."

"whats the matter?"

Not only Lu Tianlan, but also Lin Baizhong was curious.

He was asked to investigate something, but he was given such a long time limit to find out until he came out of Haikuo Forest.

"When I was at home before, I heard my mother say that the reason why she came to Qianhuan Continent at that time was because she was picked by people from Qianhuan Continent to Huanglu. Moreover, every royal family from Huanglu Among them, a few people must be selected to come to Qianhuan Continent."

Lin Caisang glanced at Sui Zimo, and then spoke to Lu Tianlan and Lin Baizhong.

"Is there such a thing?"

Lu Tianlan was surprised. Qianhuan Continent and Huanglu were always inseparable. How could someone go to Huanglu and bring people from Huanglu to Qianhuan Continent?

"Um."

Lin Caisang nodded and responded softly.

"Originally, I didn't think there was anything strange about this matter? But after I came to Qianhuan Continent, I realized that no one here would go to the deserted continent to find someone, and they were from the royal family.

It can be seen that someone secretly went to Qianhuan Continent and brought people here. Perhaps there was some ulterior purpose?

I think it's better to find out who did this thing, otherwise, something like this will happen again in the future. And according to my mother, many people who come from Huanglu are neither alive nor dead. Corpse. "

Chapter 2494: Pregnant, how much do you want to think about? !

"check!"

Lu Tianlan immediately said one word.

This matter must be investigated, he said, why more and more people from the Deserted Continent have drifted to Qianhuan Continent in recent years, so that he had to carve out a place for them to live.

But it turns out that there are often people who secretly call people on Huanglu to be arrested.

"We must find out clearly. As a spiritual cultivator, how can we attack someone who has no power to bind a chicken?"

To them, the people on the deserted land are just helpless people.

"But, does this matter have anything to do with Lu Tianfeng?"

he asks.

"I don't know if it's related, but my mother's side, until we came from the deserted continent, there were still people with spiritual powers lingering beside her."

Lin Caisang said.

"When my mother first came to Qianhuan Continent, she gathered at Lu Tiankuo's house. This is what my mother said. Later, she was forced by Lu Tiankuo to flee back to Huanglu."

Before, they had always thought that those people with spiritual powers surrounding Liu Yuyang might be people around Lu Tiankuo, and those people who were forced to come from Huanglu were also taken away by Lu Tiankuo. went.

But she always felt that there was something they had overlooked.

Now that she talked to them about the possibility of another master beside Lu Tianfeng, she couldn't help but guess whether there was such a master beside Lu Tiankuo back then, who always praised Lu Tiankuo very highly. Let Lu Tiankuo do things for him?

Later, Lu Tiankuo's power was destroyed, so that talent turned to Lu Tianfeng.

Or maybe that person took both of them for his own use, but they didn't know each other. One Lu Tiankuo fell down, and another Lu Tianfeng was raised up.

And she was wondering if her mother had discovered some great secret secretly, but she didn't know it.

She felt that her mind was indeed a bit open, and she had thought of all kinds of messy things. Maybe it was just her own persecution delusion, right?

But I also feel that it is not impossible.

"I can't say what the specific thing is at the moment, but you should check Lu Tiankuo again. He may have secrets that none of us know."

"Lu Tiankuo wants to check him anyway, so let's check him more carefully." Lu Tiankuo nodded.

"Sang Sang, do you think that Lu Tiankuo and Lu Tianfeng have the same master behind them?" Lin Baizhong asked.

You know, these two people fought to the death before. Of course, they only fought in secret. On the surface, Lu Tianfeng wanted to be a noble person and would not do that kind of fighting and killing.

"It's possible, I don't know."

Lin Caisang shrugged. Her thoughts were coming one after another, and she couldn't tell where they came from.

"It's also possible that I'm pregnant and I like to think more when I have nothing to do."

Lu Tianlan: "..."

I was almost stimulated by my daughter-in-law's words.

He was a daughter-in-law who had a big belly and wanted to venture into the vast forest. No matter how hard he tried to persuade her, he couldn't stop her.

She actually has the nerve to say that she has nothing to do when she is pregnant, how much do you want to think about it? !

On the side, Lin Baizhong was speechless when he heard his daughter's words.

But of course he believed his daughter's words, and with such vigilance, it was necessary for them to investigate if he said what he suspected.

Chapter 2495 It's a man-eating dinosaur!

Don't be afraid of 10,000, just be afraid of the eventuality.

"Actually, I find this idea strange myself. Zimo, tell me, on the Qianhuan Continent, Sky City is the most important. Lu Tiankuo and Lu Tianfeng are both brothers of the city lord. Why should we risk it?" How about taking such a big risk and doing something so dangerous?"

Lin Caisang asked her husband while drinking milk.

"Besides, who else can make them obey orders and be as obedient as little sheep? Apart from the Lord of Sky City, I really can't think of anyone else!"

Lu Tianlan: "..."

His daughter-in-law had only been chatting for a while before she started to physically attack him.

What does it mean that there is no other person besides him?

"You girl, don't attack me there, I'm your father-in-law!"

"Oh, my Zimo hasn't recognized you yet. [6] [9] [s] [h] [u] [x] [.] [c] [o] [m]"

Lin Caisang said to him with a heartless smile.

Lu Tianlan had no choice but to shake his head and sigh. His son and daughter-in-law were both difficult to deal with.

I don't know what kind of monster the combination of these two people can produce.

"Not to mention this matter, who said that except for me, the city lord, no one else can make Lu Tiankuo and Lu Tianfeng as obedient as little sheep? There is a continent above Qianhuan Continent."

"Um?"

Hearing this, Sui Zimo and Lin Caisang looked at each other and raised their eyebrows at the same time.

There is actually a continent above Qianhuan Continent. What kind of existence is that?

No, what they should be asking is that it should be a place that people in Qianhuan Continent yearn for.

So, Lu Tiankuo and Lu Tianfeng also yearn for that place?

"Zimo, there's a big mantis stalking the cicada, with the oriole behind."

She sighed, although this word is not very descriptive, but this deserted land is like the cicada at the bottom level, and there is a praying mantis on top, waiting to prey on him.

But behind the mantis, there is another oriole, which is more powerful than the mantis.

"So, the person behind Lu Tianfeng is most likely the oriole, right?"

she asked them.

three people:"....."

It would be great if it was really a yellow bird, but what a pity, it might be a man-eating dinosaur!

"Perhaps, it's also possible that this person doesn't exist at all, it's just my imagination."

Before they could speak, they heard Lin Caisang speak again with a smile.

"Whether it's just random imagination or not, you're right. It's not impossible. We still need to check it out." Lu Tianlan said.

He was also wondering, how could Lu Tianfeng, a person who had been pretending to be sick in his house all year round, have such great abilities? He can actually have such great power, and he has the heart but not the money.

But if there is someone behind him who has been supporting him, that would be right.

But what is the purpose of the person who supports Lu Tianfeng? Is the purpose of creating a son of an evil spirit just to cause chaos in the Qianhuan Continent? What could he gain from it?

This is really a difficult problem to solve.

He thought that only by thoroughly answering this question could he know the truth.

"You still have to be careful when investigating this matter." Sui Zimo looked at Lu Tianlan and warned him carefully.

"Ha ha."

Lu Tianlan heard his words and chuckled at the two of them.

"Zimo, don't worry about me. Those people haven't been able to hurt me yet."

Chapter 2496 No one is reliable!

"I'm worried that you were too careless and exposed yourself directly in front of the other party, giving the other party time to hide the fox's tail. Then we really won't be able to find anything next.

Sui Zimo said bluntly to his cheap father who had not yet recognized him.

Lu Tianlan: "..."

Why are today's children so stubborn?

You have to make him mad to make this stinky kid happy, right?

"Okay, I get it."

He could only say this, but he couldn't do anything to the child, and then left angrily.

"You guys should be careful here, I'm leaving first." Lin Baizhong stood up when he saw Lu Tianlan left, warned the two of them, and then left.

...

On the other side, Jin Cuiniang was imprisoned in Furong Courtyard.

Originally, when he heard that his parents' family knew that he was suffering, he felt happy in his heart, expecting them to come to him quickly and question Ding Zhuzui.

But after waiting and waiting, nothing came. Not even anyone who secretly arranged to come in and inquire about the facts from her.

"How could this happen? How could this happen?"

She couldn't believe that her mother had no plan at all after knowing that she had lost power in the Ding family.

Don't they want to help her up again and help them in the future?

Or is it that they don't want to offend Ding Zhuzui, so they don't care about her life or death? Do you want her to fend for herself and use it to curry favor with Ding Zhuzui so that he won't forget them in the future?

"No one is reliable, no one is reliable!"

She was so angry that at this moment, she wanted to kill all her family members.

But she couldn't get out. The Furong Courtyard was surrounded like an iron barrel. Ding Zhuzui sent a large number of people to guard it outside. She didn't have a flying mount, so how could she get out?

Not to mention dealing with those ungrateful people in the Jin family, she couldn't even get out of the door.

"Why is there no news over there? Don't they want to deal with the City Lord's Mansion? They should have come to rescue me. I am still very useful to them."

She felt that Lu Tianfeng and the others should have received the news she spread, right?

But why is there still no news?

Could it be that they feel they are useless? But she is still very useful. She knows everything about the Ding family, and she also knows a lot about the city lord's wife.

Those people shouldn't give up such a good chess piece, right?

"No, they may not have received the message. I have to send another message out."

As she said that, she began to think of ways to see if she could ask someone to spread her news. This time, she would just spread something useful.

It was a coincidence that she heard the maid coming from the city lord's palace talking in front of the dead old woman, saying that the city lord's wife was not pregnant at all, and that Lu Tianfeng had done all this.

It would be very useful if this news was spread, right?

Then they will know that she is a very useful chess piece, right? He will definitely come to save her, right?

So, spread the word!

No matter what, she must get out of Furong Courtyard. She will never be locked up like this for the rest of her life, never to see the light of day again.

...

That night, a little girl dressed as a maid secretly left the Ding family.

Chapter 2497 Six births in five years!

He looked up at the sky, then nervously glanced around to make sure there was no one around, then he hugged his body and ran forward. 【】

But before I could run a few steps, I hit a wall.

"ah!"

The little girl was knocked back a few steps and sat down on the ground.

At this time, her whole body was shrouded in darkness. When she looked up, she saw a tall man standing facing her.

"Xifu, what news are you going to deliver to Mrs. Ding?"

Without waiting for the little girl to say anything or ask anything, the man spoke and asked her.

Hearing this, the little girl's heart beat violently, and her whole body felt bad. Could it be that she had been targeted a long time ago? Actually waiting for her here.

She stood up quickly, looked at the man in front of her, then took a few steps back, trying to run behind her.

But she just took two steps back when her back hit another wall.

This time, her face suddenly turned pale.

It seemed like she couldn't escape this time.

"Where do you want to go?"

The man behind him directly lifted up her collar, slapped her face with a 'snap' sound, and then questioned her in a cold voice.

"I, I didn't, I just... just... my mother was sick, and I was anxious to go home to see my mother.

At this time, Xifu was still stubborn, but she only knew that she could not betray her master. Her master was never anyone from the Ding family, but Mr. Tianfeng, who existed like a god in her heart.

man:"....."

Listening to her sophistry, the man actually laughed out loud.

"Your parents have died a long time ago. You were bought into the Ding family as an orphan. Have you forgotten?" The man in front of her reminded her.

The man behind her raised his other hand and pinched her arm, causing her to scream in pain.

The man's other hand held her chin, making her look squarely at the man opposite.

The man had an ugly face and a tall body. Xifu, a short man who was only as high as the man's waist, looked like he was looking at a gorilla.

"Master said, if you don't tell me, you will be rewarded to two of our brothers as wives, and you will give us many, many babies, one a year, six in five years! Three for me and my eldest brother."

When the little girl heard this, she was so frightened that her whole body trembled.

Although she works for Mr. Tianfeng, she is still just a little girl after all. Facing two such big men, she will be crushed in an instant.

She was scared just looking at it, not to mention the possibility of giving birth to a baby for them?

"No, no, I don't want it."

The little girl twisted her body violently, trying to escape from the man's grasp.

But how could a little girl be a match for two grown men? She was easily caught by the man and could not escape.

"Don't just tell me who you want to send the letter to!" the man asked.

"Woo woo, woo woo, it's madam, let me deliver a message to the head of the Jin family." Until this moment, she still didn't want to betray her god, so she had to push the Jin family out.

Unexpectedly, the man smiled when he heard her words.

"Hehe! Brother, it seems that this little girl will be our daughter-in-law from now on, shall we take her home? There is no need to go to the wedding hall, just go to the bridal chamber. Should you do it first or should I do it first?"

Chapter 2498 Damn it!

"I am the eldest brother, I will let the second brother go, you go first."

The other man looked at Xifu and said to his brother.

As two brothers, what difference is there between you and me? If they hadn't grown too big and couldn't find a wife, there would be no need to share a wife.

But since they only have one daughter-in-law, they cannot cause discord between brothers because of a woman.

Therefore, we need to know how to be courteous to each other.

"Okay, big brother, let's go."

With that said, the two men were about to drag Xifu home.

"No, I don't want it."

Xifu screamed, feeling extremely scared.

"It's not Master Jin, not Master Jin, it's Master, Master, it's Master Tianfeng. I want to send a message to Mrs. Ding and Master Tianfeng. Mrs. Ding knows that the city lord's wife is not pregnant."

Hearing this, the two men paused, and one of them raised his hand and patted Xifu's face.

"Wouldn't it be over if I told you earlier?"

"Second brother, you take her back to the bridal chamber first, and I'll report it to the master." The eldest brother said to the second child, and directly handed the happiness in his hand to the second child's hand.

"Okay, big brother, I'll wait for you in the bridal chamber. This little girl is so good at eating everything. I'm afraid I won't be able to satisfy her on my own."

The second child took the joy and said something to the elder brother.

"good!"

The eldest brother responded and strode away.

Xifu was stunned as he listened to their words.

Didn't it mean that as long as she told the truth, they would let her go? Then why was she dragged to the bridal chamber by these two ugly men?

Her body was so innocent, but it was reserved for Master Tianfeng. How could she be given to the bridal chamber by these two ugly men?

"No, I don't want it, I... ugh!"

She struggled, and only half of her words of rejection were spoken when the man raised his hand and blocked her mouth.

"Shut up, it's so late at night, do you still want to make a big fuss about it so that everyone knows?" He snorted coldly, then dragged the little girl away.

...

"Ah."

Lin Zhai, in the study.

When Liu Yuyang only heard the words Lu Tianfeng, he frowned.

This Lu Tianfeng is really far away, and Mrs. Ding is really bold enough to dare to eavesdrop on Mrs. Ding's corner and overhear such secret things.

"Mrs. Ding, you really deserve to die!"

"Master, do you want to kill that woman directly?" The man asked after hearing his master's words.

"Being not."

Liu Yuyang shook his head. Jin Cuiniang's daughter was still in her daughter's golden bead space. She killed Jin Cuiniang. She was afraid that Ding Rong would be harmful to Sangsang.

So, let her live a few more years.

"She doesn't want to live such a hard life, so let her live a more relaxed life and let her be stupid." She ordered the man.

"Yes, Master."

The man heard her order and responded.

"Master, is that happiness really given to the little one and Ah Er?"

He thought about it, hesitated, and asked Liu Yuyang.

"Um."

Liu Yuyang nodded.

Naturally, this kind of spy should be used whenever possible, and then killed when it is no longer useful.

"A'er has a bridal chamber? If he has a bridal chamber, you don't have to go. After a few days, the master will find another wife for you."

she said.

Lu Tianfeng has a lot of women in his hands, and there are a lot of them just looking for them.

It would be nice to find a few more women like Xifu to match up with her subordinates.

Chapter 2499 The woman in Jucan Pavilion

"Okay, Master.

After hearing her words, the man felt very happy. He no longer had to worry about brothers being at odds because of a woman.

Moreover, their master always kept his word and would never deceive them with nice words.

"Go ahead and keep an eye on the Ding family." Liu Yuyang ordered him again.

Jin Cuiniang is not the only one in the Ding family. If she is not mistaken, the aunt named Qiongying is not a vegetarian either.

Now her son is in Sangsang's hands. At first, maybe this woman can bear it, but I believe that it won't be long before this woman will take action.

After staying in such a wealthy family for a long time, it's easy to feel how great you are and that others have to give in to her and support her.

And Aunt Qiongying gave birth to several children to Ding Zhuzui, the head of the Ding family, and she is still pregnant with one. This makes the woman feel that this is her capital.

"Yes, Master."

"Ah Da, I remember you said that the head of the Ding family once had a woman whom he had committed to for life, right?" Suddenly, Liu Yuyang asked Ah Da.

"Yes, Master, before the head of the Ding family became the head of the family, he traveled outside in his early years and was injured outside. Later, he was saved by that woman, and the two fell in love for a long time. For this woman, he almost killed the Ding family. He gave up his position as head of the family.

Ada thought for a while, organized his words, and replied to Liu Yuyang.

She was a poor woman, but she had better luck. She saved the young master of the Ding family, and the two of them lived together for several months.

But as the head of the Ding family, how could he have a woman with no trace of the family around him? What's more, Ding Zhuzui was determined to let that woman take the position of Mrs. Ding.

She is the head wife. Not to mention that his parents don't agree, even the other elders of the Ding family will not agree.

"At that time, Mrs. Ding made a prompt decision and drugged the Ding family leader to make him forget about the woman. Then he returned to the Ding family. Later, the woman disappeared without a trace.

However, recently we were looking into Ding Zhuzui's past, and we have found that woman. She became a house sweeper in the most despicable Ju Can Pavilion in the North City of Sky City. "

"The woman in Ju Can Pavilion?"

Liu Yuyang raised his eyebrows, looked at Ada, and asked.

"Is there anyone else with her?"

If there was no one else around her to support her spirit, how could a woman do that kind of thing in Ju Can Pavilion? It was only a last resort. What woman would be willing to do it?

"Yes, Master." Ada responded.

"When that woman was forced to leave Ding Zhuzui, Mrs. Ding was kind and gave her a lot of money, but the rest of the Ding family didn't think so.

They believed that if this woman continued to stay in the world, it would definitely have an impact on Ding Zhuzui in the future, so they thought of eradicating the root cause.

At that time, the woman was already pregnant with Ding Zhuzui's child. After wandering between life and death several times, she finally survived. Later, she gave birth to a pair of twins for Ding Zhuzui.

She was afraid that the Ding family would persecute her again, so she became a house sweeper in Jucantang, earning a meager reward to support her two sons. "

"That happened a long time ago. Now her two sons have grown up, right?" Liu Yuyang asked.

Chapter 2500 It's really interesting

Now that the children have grown up, there is no reason why their biological mother should continue to be the housekeeper in Jucantang?

Being a housekeeper in Jucantang is not just about cleaning. When the customers can't afford the high prices to enjoy the men in Jucantang, the boss will find those women to come and let them make money. That meager amount of money.

Of course, those men don't like women and will only play with them as if they were men.

In such a situation, didn't her two children take her out of Jucantang? If that was the case, then these two children would not be able to survive. How could the Ding family be handed over to such a person?

"Master, the two children want to take their mother out, but the woman seems to be unwilling to leave and has become accustomed to the life in Ju Can Hall.

Ada replied.

"Um?"

Liu Yuyang squinted his eyes and looked at Ada.

If you don't want a good life, you have to stay in Jucantang. What's the point?

If she really likes that kind of life, then it would be better to let her two sons take her out and raise a man by her side.

In Qianhuan Continent, there are many such things in the homes of wealthy people.

"Tell the truth," she said.

"The master is wise.

Ada flattered him and then spoke again.

"Someone didn't want that woman to come out of Jucantang and used her two sons to threaten her. She must stay there until old age and death. And the person who threatened that woman, Master, you would never have thought in your dreams. , that person is Aunt Qiongying of the Ding family!"

"Oh, it is indeed her."

Liu Yuyang chuckled, feeling that the Ding family's affairs were really interesting.

Ding Zhuzui's official wife couldn't have children, but he had two sons outside. He didn't even know it. Later, he took a concubine and gave birth to several children.

As a result, in order to prevent Ding Zhuzui's two sons who were not born to her from being discovered, Concubine secretly went behind Ding Zhuzui's back and forced the mother of Ding Zhuzui's son to work as a sweeper in Jucantang. .

If this matter is really revealed, how many people in the Ding family can still live a good life?

I'm afraid Mrs. Ding won't be able to live in peace, right?

"Does the city lord's wife know about this?" she asked.

"The city lord's wife doesn't know about this." Ada said.

"In fact, Mrs. Ding has always kept the city lord's wife a secret about many things about the Ding family."

And the city lord's wife is so pampered by the city lord, how could she know that such a thing would happen to her natal family?

If the wife of the city lord knew that her natal family was actually such a natal family, she would probably cry to death, and it would be possible for her to sever ties with her mother.

"Go and make arrangements for Ding Zhuzui. I want him to recover his memory, and then he happens to meet the woman from Ju Cantang." Liu Yuyang ordered.

Since Aunt Qiongying is not a good person, there is no need to be polite and just take action.

"Yes, Master."

Ah Da responded, turned around and went out.

The next moment, Lin Baizhong walked in the study.

"I didn't expect that the Ding family would have so many scandals." He shook his head and said.

In the past, although people from the Ding family caused constant troubles, they were all minor troubles and nothing serious. With the city lord as a backer, it was not normal for anyone to come out without causing some trouble.
