

Star of Space 250

Chapter 250 Nothing is impossible

After Lin Caihe went to chop firewood, Yang Lin washed his hands and went into the kitchen to help.

"Mom, I heard that Sang Sang and Mo Lian from next door picked up an injured young man on the road. He is now lying at Ya Mo Lian's house. Chang Hong went over to take a look."

While cooking, Yang Lin said to Lu Qiubo who was lighting the fire.

"What?"

After hearing what he said, Lu Qiubo popped his head out from under the stove and looked at Yang Lin in surprise.

"Sangsang picked up a young man?"

Yang Lin: "..."

Mother-in-law, what you are saying, can you listen to the point of what I am saying? The point is not that young man, but...

"Mom, what do you care about this young man?"

"How can you ignore it? Sangsang, she..." Upon hearing this, Lu Qiubo immediately refuted her words.

How could her granddaughter's reputation not be important? How could she ignore it? If people in the village knew about it, who knows what would happen to it?

"mother!"

Yang Lin was so amused by her that she almost threw the spatula out laughing.

"Don't worry about the injured young man for now. Why don't you think about how our Sang Sang and Ya Mo Lian could pick up an injured person together?" she reminded Lu Qiu Po.

"this....."

When she asked, Lu Qiubo was really stumped and confused.

"Yes, why are Sangsang and Mo Lian together?"

"Mom, let me ask you, has Ya Mo Lian been coming to our house frequently recently?" Yang Lin glanced at her mother-in-law and asked.

"Isn't that what he was doing to help in Menghuang Mountain? I heard from Chang Hong that he and Mo Lian discussed many things on the mountain together. Besides, Sangsang's father was so kind to Mo Lian in the past. It's not like you don't know."

Lu Qiubo explained.

"He often brings prey. How could this have happened before?" Yang Lin reminded again.

In the past, most people would just nod when meeting each other, and it would be regarded as an interaction between the two families. The idea of giving food and drinks was not a new thing recently, so she just saw that something was going on here.

"Also, Ya Mo Lian has the most neighbors with us. No matter how kind my uncle was to him in the past, he has put in too much effort, right? He almost built Menghuang Mountain as his own home."

"It was our Sangsang who saved his life! Shouldn't he repay the favor? And that child has always been a decent person. If he even..."

Lu Qiubo immediately took it up. The originally cheerful expression on his face became weirder the more he talked about it. Finally, the smile froze on his face, as if he had thought of something. He narrowed his old eyes and looked at Yang Lin sharply. .

But I still couldn't believe it.

"you mean....."

She slowly walked out from under the stove and shook her head.

"Impossible, Mo Lian's child is so outstanding. Not to mention our Ya Village, even in our Qianlin County, there are few who can be as good as him. How could he..."

It's not that she dislikes her precious granddaughter, she naturally feels sorry for Sangsang and is proud of her.

But if Ya Molian's child fell in love with her family Sangsang, why did she think this idea was so whimsical? This is like oil and water. How can the two things be fused together? It is simply impossible.

"I don't think anything is impossible."

Yang Lin didn't take it seriously, and said while holding the spatula while frying the vegetables vigorously.

"Didn't you see yesterday that Ya Mo Lian was protecting Sangsang like this? He'er couldn't even say a word. If it were someone else who could protect us, he wouldn't be able to say a word and just turn around and leave. "
