

## Star of Space 2511

Chapter 2511 Steal less?

Then, the city lord with black streaks on his head was standing outside, staring at his daughter-in-law inside.

After a while, Yue Chushui left, and Baiqing naturally followed Yue Chushui. The city lord still jumped in through the window.

"You guys are really... I have never seen such arrogant thieves as you!"

It simply disturbed the peace of his Hongye Building. The manager knew that such a big matter could not be dealt with, so he hurriedly came to report to him.

As soon as he heard about this, he knew that it must be his son and daughter-in-law who did it.

But what can he do? You can't just yell out, you can only play tricks on the manager and ask him to find out the matter immediately, and don't affect the minds of the alchemists and alchemists.

"well enough?"

After hearing his angry words, Lin Caisang turned his eyes and looked at Sui Zimo aside.

"Um."

Sui Zimo raised his hand and pinched her cheek gently.

"The dough will be mushy, so eat it quickly."

"Yeah, I even forgot that I wanted to eat noodles."

Lin Caisang was reminded by him and finally remembered her bowl of noodles.

He quickly picked up the chopsticks and started eating with big mouthfuls, completely ignoring his father-in-law who was sitting opposite him at the moment.

Lord City Lord: "..."

Is this when he doesn't exist?

Also, what does it mean to be okay? I wonder if the alchemists and alchemists are complaining because all the food in the kitchen was stolen?

Of course, not everything was stolen, only vegetables with spiritual energy were stolen.

However, those alchemists and alchemists are so picky that they rarely eat dishes without spiritual energy. What's more, there is a whole table full of vegetables without spiritual energy?

The person in charge had no other choice, so he hurriedly came to report it to him.

"Can't you...steal less?" He tried to ask the two of them in a negotiating tone.

"If you steal less, how can you show the sin of those people?" Lin Caisang asked unclearly while eating noodles in his mouth.

"Be good, you eat noodles and I'll take care of you."

Seeing her raise her head, Sui Zimo comforted her again, and then looked at the Lord of the City with disapproval.

"Uh-huh."

Lin Caisang nodded, then continued to eat noodles with his head down.

Lord City Lord: "!!!"

Although this son is his son, he has long understood it through getting along with him these days.

The wife here is the representative of the son, and what she says represents all of her son's thoughts. As for his son, what she says to him... is pitiful!

If Sui Zimo really wanted to tell him something, he was very doubtful whether he could tell what kind of flowers it was.

"What brings you here?"

Sure enough, as soon as Sui Zimo spoke, he poured out a sentence as coldly as a basin of ice water.

The Lord City Lord almost burst into tears. He really wanted to say something, "I, the City Lord, have nothing to do to come and see my son, just ask you if it's okay?"

But now is not the time to say these things out of anger, think about it and bear it.

"Something happened. According to the report from the spies, Lu Tianfeng has disappeared."

He said to Sui Zimo.

"Um?"

Hearing this, Lin Caisang's noodle mouth stopped moving. He just held a mouthful of noodles and looked up at Lu Tianlan.

"no....."

After a while, she quickly took the noodles into her mouth and chewed them hard.

"Eat slowly, Lu Tianfeng can't go anywhere."

Chapter 2512 Entering the sea forest in advance

"Yeah, that's right.

Lin Caisang responded vaguely.

Anyway, no matter how hard Lu Tianfeng ran, he would always end up in Hongye Building and Haikuo Forest.

"But why is he missing?"

She still looked at Lu Tianlan and asked.

A living person was being watched by An Shen and An Meng. How could he just disappear like that?

"It's not that Lu Tianfeng disappeared, but that he got a substitute to support him in the house, and he disappeared." Lu Tianlan also explained.

Lu Tianfeng didn't prepare any backup plans and just disappeared.

Otherwise, he would have to be exposed directly under everyone's noses, and he wouldn't be able to hide it no matter what?

He wouldn't do something so stupid.

"No matter how he disappeared, I just want to know why he disappeared at this time. Is there something important waiting for him to do?"

Lin Caisang looked at Sui Zimo and said.

Originally, they thought that they only needed to guard Lu Tianfeng's mansion and Hongye Building, but they didn't expect that Lu Tianfeng actually had other places to go.

This is really an omission.

"Maybe, yes."

Sui Zimo took a deep breath and nodded.

Lu Tianfeng must have had an ulterior motive when he entered the forest.

It's also possible that it's just useless for him to enter the sea forest. What other auxiliary things does he need?

"That being the case, let me inform you and enter the sea forest three days in advance."

He looked at Lu Tianlan and suggested.

Lu Tianlan: "..."

Isn't this announcement too casual? When you say you want to enter Haikuo Forest, when do you want to enter?

Could it be that those alchemists and alchemists are not ready? If we notify you, will there be chaos in the Hongye Building?

"Is this decision a bit hasty?" he asked.

"can you?"

Sui Zimo asked him back.

"of course not."

Lin Caisang directly answered her husband's question on behalf of Lu Tianlan.

How could it be careless?

"Anyway, it's not really about what herbs the alchemists and alchemists picked in the sea forest and gave to the city lord's wife. It was just to go in and let them get some benefits.

Even so, do you still want them to be fully prepared to move everything in the entire sea forest? "

Of course, the most important thing is that they need to use this method to lure Lu Tianfeng out. When the people in Lu Tianfeng's house hear the news, they will definitely send someone to inform their master.

After all, if Lu Tianfeng couldn't come back in time, he wouldn't be able to enter Haikuo Forest!

"Since you said so, let's do it." Finally, Lu Tianlan nodded.

The medicinal materials in Haikuo Forest are the most numerous and highest on the Qianhuan Continent in terms of types and years. If those alchemists and alchemists are given enough time to prepare, it might be possible to use the entire Haikuo Forest. They are all in trouble.

Just earlier, just earlier.

"It's just...are you ready?" he asked them.

The two of them entered Haikuo Forest not simply to deal with Lu Tianfeng, right? There must be some other purpose, right?

"us?"

Lin Caisang raised an eyebrow and looked at her husband.

"Of course we are always ready."

She has the Golden Pearl Space, and she can prepare whatever she wants in it.

"Um."

Sui Zimo responded softly and raised his hand to gently touch his son's little face.

Chapter 2513 It's scary just thinking about it!

"Eat noodle.

"good."

Lin Caisang nodded.

"Since you are all ready, I have nothing to worry about." Seeing them like this, Lu Tianlan said nothing more.

...

"What?!"

At Lu Tianfeng's house, the steward's face suddenly turned ugly when he heard about this matter.

"Why did you suddenly advance the plan? This makes no sense. Didn't you say before... Why did the City Lord suddenly want to advance the plan?"

He asked a series of questions, but unfortunately no one could answer him.

It's not like they can figure out what the city lord wants to say or do. It's hard for them to say anything if they enter Haikuo Forest in advance.

Commander Lin, who was about to lead the team into the Haikuo Forest, didn't say anything and just accepted the order, let alone them?

"Boss, now is not the time to talk about this. Please notify the master immediately. It will be too late!"  
The subordinate who had been notified had a look of urgency on his face.

When he first heard the news, he was shocked. It took him a while to come to his senses and hurried over to inform his master.

How do you know that the master is not here at all? What should I do now?

"this....."

The person in charge also looked confused, not knowing what to do.

He didn't know where his master had gone at this moment. He only knew that the man in the mansion was not the real master.

"No, I have to tell Commander Zhe about this matter. He should know where the master has gone. He needs to find the master quickly. Otherwise, it will be too late."

He muttered to himself, turned around and left.

This is really a troublesome thing. Why is the time to enter Haikuo Forest suddenly advanced?

Originally, if it had been on the date set before, there would have been more than enough time, and there would be no rush at all. But now, the master is still missing, and the things that need to be prepared in the house are not ready yet.

I don't know if the master will unscrew his head when he comes back.

It's scary just thinking about it!

But even if it is scary, they still have to do what they need to do, and the master must be found.

...

After a while, the steward came to a room. When the young man inside saw him coming, he stopped wiping the sword in his hand and raised his eyes to look at him.

"What's the matter?" he asked quietly.

"Commander Zhe, there is news from Hongye Tower that the time to enter Haikuo Forest will be advanced by three days." The steward looked at Commander Zhe and said cautiously.

"What?!"

Commander Zhe was also shocked when he heard what he said.

He couldn't help but stood up from his chair and stared at the steward.

"When did this happen? Why didn't you come and report to me earlier?" he asked with a frown.

"this....."

The manager stopped talking, and his face was full of helplessness.

"Young man, I just got the news. It is probably the news that the City Lord just released today."

"This city lord is really..."

When Commander Zhe heard this, he was so angry that he almost scolded the city lord Lu Tianlan.

Why did you think that it was coming out at the same time? When the vast sea forest is so easy to enter, it was three days in advance, and everyone had not prepared anything.

Moreover, there are unusual dangers in Haikuo Forest, so the entry time is usually determined in advance.

Chapter 2514 Deliberately diverting our attention?

Now that it's suddenly advanced, there won't be any accidents when they go in, right?

He couldn't help but think so.

But no matter what he thought, Lu Tianlan, the city lord's order, had already come down. If he didn't want to advance it, the time to enter Haikuo Forest would have been advanced.

"Hurry up and send more people to prepare everything the master needs. Don't prepare anything less! I will set off immediately to inform the master."

With that said, he picked up his sword and prepared to go out.

"Yes Yes Yes."

The person in charge was behind Commander Zhe, nodding his head repeatedly.

He knew that it was definitely right to come to Commander Zhe when something like this happened.

The master is always very careful when doing things, and he will definitely leave someone in the house who knows his whereabouts, just in case.

No, Commander Zhe left immediately. He will definitely be able to find his master, and there should be enough time.

However, Commander Zhe, who left in a hurry, did not see the evil smile on the steward's lips after seeing him leaving, and then he also left the room.

"Send someone to follow."

Turning around, he walked to a corner and asked the servant who was already waiting there.

"As far as the manager is concerned, someone has been sent to follow." The man replied.

Hearing this, the manager nodded, ordered the man to leave, and then left himself.

After getting the news about Lu Tianfeng, he can naturally report to his real master, but he doesn't know where Lu Tianfeng will go?

You know, there are many of him in the entire Lu Mansion, but he was not able to receive the news of Lu Tianfeng's departure. This shows that Lu Tianfeng did not leave from a normal place.

Is there any secret path in this mansion?

If this is the case, then he really should look for it. The master has told him that he must get familiar with this Lu Mansion quickly so that he can cooperate with the master's actions.

...

Sure enough, news about Lu Tianfeng came soon.

However, no matter how smart the person is, they never thought of where Lu Tianfeng was at this moment.

"Tell me, where is he?"

Even Liu Yuyang was a little confused for a moment when he heard where Lu Tianfeng was at this moment.

"Back to the master, Lu Tianfeng is currently in the mine that Ding Zhuzui snatched from you. Our people don't know exactly where it is, but the commander who Lu Tianfeng trusts very much is really He walked into that mine."

"Yeah?"

Liu Yuyang's eyes flashed slightly.

Since her people were able to pass the news over, why did Lu Tianfeng's subordinates pass the news directly to Lu Tianfeng?

Instead, he had to go all the way and risk his life to bring Lu Tianfeng back in person?

"Why did they go there in person? Could it be that they just deliberately diverted our attention?"

In fact, she felt in her heart that it was impossible for Lu Tianfeng's people to distract her people's attention. After all, her people were buried deeply. For so many years, it was Jingzi who had been in Lu Tianfeng's house. Moving.

"Half not so."

The man shook his head, and then opened his mouth to explain to Liu Yuyang.

"Our people didn't notice it before, but this time they followed Commander Zhe into the mine veins, and found that no information could be transmitted out of the mine veins.

Even the contracted mounts left outside can no longer be felt when people go inside. "

Chapter 2515: Call her grandma?

"Is there such a thing?"

Liu Yuyang was surprised. She didn't know this before.

It seems that there really is some big secret hidden in her mine? It's time to recover the mineral vein and take a closer look.

"Yes, Master." The man responded.

"How's it going boss?"

Now that they knew where Lu Tianfeng was, she stopped paying attention and directly asked Ding Zhuzui about the situation there.

Ding Zhuzui's side has also started to work. At this moment, Ding Zhuzui's memory was opened, and he saw his former lover again, working in such a despicable place and allowing others to bully him.

And his two sons are often used to threaten the woman he loves.

At this time, Ding Zhuzui might have gotten into trouble with Mrs. Ding and Aunt Qiongying, right?

It was okay for Mrs. Ding. After all, she was Ding Zhuzui's mother, and she was doing it for the good of her son, Ding Zhuzui. Ding Zhuzui couldn't really push her to death.

But Qiongying was different. That woman was no less jealous than Jin Cuiniang.

A woman's best years are lived in the most miserable life because of Qiong Ying's persecution. In the future, that woman will have the most terrifying memories. She wants to die but cannot.

Thinking about it, it seems that Aunt Qiongying's skills are really high.

"On the Ding family side, the head of the Ding family used thunderous means to expel several elders from the family. Then Aunt Qiongying was also sent to the village to be raised. He said that he would only wait for Aunt Qiongying to give birth. After giving birth to the child, I sold it immediately."

The man glanced at his master and replied.

This was the first time he heard about the head of the Ding family acting so resolutely.

There was no time before that I was not hesitant. Mrs. Ding always had the final say on big things.

But this time, it is really different. She is his most beloved woman after all. Even if this woman is dirty and no longer worthy of him, that is the biggest regret in his life.

"It seems that Mrs. Ding was also angry this time. She didn't say a good word to the expelled elders," he added.

"Ah."

Liu Yuyang sneered.

If Mrs. Ding still has the heart to say good things to those elders when she hears her grandson being treated like this, can she still expect her grandson to call her grandma in the future?

Judging from what happened with Ding Xu, Mrs. Ding has always been kind to her grandchildren.

Even if he feels in his heart that that woman is no longer worthy of his son, the blood of the Ding family will always flow through his grandson, right?

Therefore, it is a daydream for those elders to expect Mrs. Ding to intercede on their behalf!

"What about the others? Is there any movement from Jin Cuiniang?" she asked.

"The Huo family has reached an agreement with Jin Cuiniang and has contacted Lu Tianfeng's people. I'm afraid there will be some movement in the next few days." The man replied.

He thought to himself that this Huo family was quite bold, and he did not hesitate to have sex with the Lord of the City for the sake of Jin Cuiniang.

What's the benefit of having sex with the Lord of the City like this?

Could it be that if Lu Tianfeng really gains power by then, will the Huo family be able to control the Qianhuan Continent with him?

The answer, of course, is impossible.

But there will always be some fools who think that if they help Lu Tianfeng, they will be great and can be equal to Lu Tianfeng.

Chapter 2516 Only two hours left

These people, according to him, it is really not a pity to die!

Moreover, this Jin Cuiniang is really enough, even if the city lord's brother-in-law doesn't coax her, she wants to go out and join forces with Lu Tianfeng!

Based on her current situation, couldn't she understand that with a daughter like Ding Rong, even if she was locked up in the inner courtyard and couldn't come out, she would still be the wife of the Ding family.

The things she did could only be regarded as family scandals, and the Ding family would not want to publicize them unless it was absolutely necessary.

Naturally, from the outside, it seems that Mrs. Ding has not made any big mistake. It is very likely that she will be released after being locked up for a few months to a few years.

Could it be that she just had to wait a few years, but she couldn't wait any longer and had to cooperate with Lu Tianfeng. If Lu Tianfeng really gained power by then, what good would it be to have her? Why can't you figure it out?

However, if there weren't people like Jin Cuiniang, maybe Lu Tianfeng wouldn't be able to get any benefits, right?

It is precisely because there are so many people like this that Lu Tianfeng can take advantage of them, that he can gradually feel that he can plot anyone under his conspiracy.

"Even if the Or family wants to seek death, then let them do it. The sky in this Sky City will really not collapse if there is one less family."

She curled her lips slightly and said lightly.

"Master, don't we need to suppress the family?" The man looked at his master and asked.

"Ah.

Liu Yuyang chuckled.

"Being not."

Let alone the flea in Or's family, which can't make any splashes, let's talk about Lu Tianfeng. He really doesn't have time to care about this now.

When Lu Tianfeng rushed back from the mine, he was eager to enter the sea forest.

Thinking about it, her heart moved.

Perhaps, there is no need to use An Die to lure Yinluqing to Lu Tiankuo. When Lu Tianfeng has no time, it is the right time to guide Yinluqing to Lu Tiankuo.

"Go and make arrangements. Once Lu Tianfeng comes back, have Yin Lüqing go directly to the door of Lu Tianfeng's house."

"Yes, Master."

The man responded, turned around and went out.

...

Two days later, Lu Tianfeng hurried back from the mine.

But just after returning to his own house, over there, the people in Hongye Tower had already begun to prepare to enter the Haikuo Forest.

There were only two hours left for him.

"Why did you suddenly advance the time?"

He frowned in displeasure and glared at the steward. His gaze at this moment made him want to peel off a layer of the steward's skin.

He hasn't finished the things over there yet, so he has to stop.

But here, the things that need to be prepared to go to the Sea-wide Forest are not ready yet, but they have to enter the Sea-wide Forest.

"The little one didn't know that they were suddenly informed that they had to enter Haikuo Forest in advance. Everyone in Hongye Tower was complaining, but they had no other choice but to wait until the time came before entering Haikuo Forest."

The steward followed Lu Tianfeng to the study with a sad face.

"Even if it's early, why haven't everyone in the house been arranged?" Lu Tianfeng asked.

The alchemists and alchemists in the mansion are still there, and none of them have been assigned to the Hongye Building.

This was what made him most angry. Not one of his people had been arranged to enter the Hongye Building, not a single one. And if he arranged it now, it would be too late.

Chapter 2517 Deal with it directly!

"Master, there is nothing we can do about this.

When this was mentioned, the manager felt extremely miserable and couldn't help complaining to Lu Tianfeng.

"I don't know why, but the people we arranged in Hongye Building all became interested in those spiritual birds and spiritual vegetables, and even boldly stole those things and took them for themselves.

What's more, they actually stole all the belongings of the alchemists and alchemists! "

"How could such a thing happen?"

Hearing this, Lu Tianfeng became even more angry.

Even if the people he arranged to enter the Hongye Building were not elites in the house, they wouldn't be greedy for such a small thing, right?

Could it be that Lu Tianlan discovered that he had arranged for those people to enter?

Or does Lu Tianlan already know his plan?

"Besides our people, is there anyone else who steals things from Hongye Building?" he asked.

"Yes."

The steward nodded.

If it were just people from their side, wouldn't it be very suspicious? Naturally there would be others.

"So, Master, we really don't have many people in Hongye Building. It is simply impossible to replace those alchemists and alchemists."

He looked at Lu Tianfeng and said.

"hateful!"

Lu Tianfeng gritted his teeth in anger.

"You go now..."

"master!"

Before he finished speaking, Commander Zhe hurried in outside the study.

"What's the matter?"

Lu Tianfeng frowned and looked at him displeased and asked.

"Yinluqing is outside the house right now. He just wants to see you for something important."

"Yinluqing?!"

Hearing these three words, Lu Tianfeng really almost jumped up.

He has never shown his true face in front of Yin Lüqing, but this person was able to find him!

Ever since he learned that Yinluqing had lost power in the Ziyang Kingdom, he had been sending people to look for this person, just because he was afraid that he would have some leverage and fall into the hands of Yinluqing and want to eradicate the root cause.

But before, no matter how hard his people searched, they couldn't find Yin Lüqing.

It happened that at this stall, Yinluqing actually came to the door by herself?

What surprised him was that Yinluqing actually knew him and was able to find him. Doesn't this mean that Yinluqing had already known about his existence before?

"Do you even need to ask? We'll deal with it directly!"

He ordered impatiently to Commander Zhe.

Keeping someone who knows what kind of person he is, waiting to betray him?

Yin Lüqing was like a lost dog, and was of no use to him at all. It was because of him that even the evil sons created by Emperor Zi Yan could not be saved.

How could he still keep such a person?

Yinluqing must die!

"Yes, Master."

Commander Zhe responded, turned around and went out.

Although he still thinks Yinluqing is useful, but if the master says to kill him, then he should kill him.

Anyway, for the master, killing a Yinluqing will give him more people to use. In the Zi Yan Kingdom, there are many people who want to curry favor with the master, and there is no shortage of people like this one.

...

Outside the gate, Yin Lüqing kept walking back and forth, waiting left and right, but she became more and more frightened.

Before he came outside the gate of Lu Mansion, he had always wanted to see Lu Tianfeng, hoping that Lu Tianfeng could help him return to the Zi Yan Kingdom and sit on the throne of the Nine-Five Supreme Being.

But until now, he was already standing outside the gate of Lu Mansion.

Chapter 2518 Played a key role

The mood before was extremely exciting, and he felt that he could finally make a comeback. (audience)

But just for a while, cold sweat broke out on his back. He felt that if he came to Lu Tianfeng like this, would he have made the worst move?

Out of a strong desire for her own life, Yin Lvqing felt that it was really not a wise move to come to Lu Tianfeng at this moment.

"Is he trying to kill me?"

Lowering his head, he couldn't help but mutter.

Yes, since Lu Tianfeng can support his rebellion, he must not be a kind person.

He had never shown his true colors in front of him before, but he kept coming to his door. Would Lu Tianfeng think that he was a threat to him?

If it were him and there was such a person, he would definitely get rid of him quickly!

"hiss!"

He took a breath and felt that it was really unwise for him to stand here at this moment.

"No, I have to look again!"

He muttered, quickly lifted his legs and left.

He ran to a deserted corner and took off his relatively good clothes, revealing a beggar's clothes underneath.

Then, he squatted down again, grabbed two handfuls of mud and smeared it on his face, then sat in the corner and secretly looked at the door of Lu Mansion.

After he had done all this, Commander Zhe just walked out.

Seeing that Yin Lüqing was not there, he was stunned for a moment, and then he turned to look at the guard guarding the door.

"Where is the person who was standing here just now? Where did he go?"

"Commander Zhe, the man left from that direction." The guard pointed in the direction of the corner and replied to Commander Zhe.

"Actually ran away?"

Commander Zhe was also stunned. He didn't expect Yin Lüqing to run away.

He thought that with Yin Lü Qing's desperate appearance, he would regard his master as the last straw, but he didn't expect...

It seems that this Yinluqing is not stupid, but how did he end up in this situation?

"Here comes someone, follow my commander and chase him!"

But no matter what, the master said that Yin Lüqing should die, so he must die!

A person who dares to run away is definitely a threat and must be eliminated. He cannot wait for a moment!

At the corner, Yin Lüqing, who had turned into a beggar, watched helplessly as Commander Zhe led a large number of people and chased him into the distance with a ferocious face.

He secretly breathed a sigh of relief and felt that he was really lucky.

If he hadn't been a little vigilant in his heart, he would have been torn into pieces by that commander, right?

It seemed that Lu Tianfeng had no way to seek refuge there, so he had to find another way.

But Qianhuan Continent is so big, where can he go? He can't go back to Ziyang Kingdom, and Lu Tianfeng wants to kill him and then hurry up.

Is there really no place for him in such a huge Qianhuan Continent?

No, no, he will definitely be able to think of a way!

While thinking about it, he also stood up and walked slowly away like an old man, thinking about where he should go as he walked.

On the other side, An Die also officially appeared. She had completely forgotten the relationship between Lin Caisang and Lin Baizhong, and she did not remember that Lu Tianlan knew about Lu Tianfeng.

So at this time, Yinluqing played a key role.

Chapter 2519 Acting as free labor

Sui Zimo and Lin Caisang no longer paid attention to these things. At this moment, they were preparing what they should prepare in Hongye Building.

"Zimo, that's enough. Why did you prepare so much food? Everyone is here. Can you still cut my mouth?"

Seeing her husband loading the food one by one and carrying it on his back, Lin Caisang really felt that it was too heavy.

Others carried medicines and self-defense weapons, but what they took were food, drink, daily necessities!

Fortunately, it was wrapped in a package. If others saw it, their eyes would pop out. They all looked like a young couple going on a trip!

"I'll get some more..."

"That's enough!"

Seeing what Sui Zimo wanted to take, Lin Caisang had no choice but to interrupt his words.

"Where can I get so many things when I go out? Zimo, have you forgotten that I still have gold beads?"

"You also said that you are away from home. After arriving in the sea forest, you are surrounded by alchemists and alchemists. To put it bluntly, you are strangers. If you can't use the golden beads, then don't use them."

Sui Zimo looked at her and warned.

"oh."

Lin Caisang nodded.

Of course she knows this.

"However, there is no need for you to hold these things yourself, there are still people among us.

With that said, she called out her eldest brother Lin Changhong and younger brother Yue Chushui in the space and asked them to serve as free labor.

Anyway, they have to enter the vast forest openly.

"Why do you bring so many things?"

When Lin Changhong came out, he was shocked to see so many things on the table.

"is it not OK?"

Sui Zimo glanced at him with cold eyes and asked.

"Well."

Lin Changhong choked.

How dare he say no? What if this cruel couple feels uncomfortable and imprisons him to the heart again?

"Of course. My Sangsang's belly is so big. Why don't we eat more? Chu Shui, come here quickly. The time is almost up. Let's divide it up and pack everything up and take it to Haikuo Forest."

As he spoke, he looked at Yue Chushui who was silent and said.

"good."

Yue Chushui naturally had no objection and stepped forward directly to start sorting the things on the table.

"Sister Sangsang, brother-in-law, have you joined the team?"

He asked while sorting it out.

This time we entered Haikuo Forest as a team of seven people. The people outside had already organized the team early. I don't know if the four of them found the other three people.

Lin Caisang shrugged after hearing his words.

If we talk about who is the least popular in this Hongye Building, it is undoubtedly her, a pregnant woman with a big belly.

Of course, the most popular person in Hongye Building is her husband.

It's a pity that the most unpopular and the most popular are family members. Those alchemists and alchemists outside have no idea what a pity it is.

They both wanted to be on the same team as Sui Zimo, but they also didn't want to be on the same team as her, a pregnant woman with a big belly. Just like Wang Suoer before, they wished she could disappear from the Hongye Building!

"It doesn't matter, we'll just keep the remaining three people."

Lin Changhong looked at his sister's appearance and knew that he had not found his teammate.

Chapter 2520 Leaving Hongye Building

But so what? Even if there is no one else, the four of them can still come and go freely in the vast forest.

6

What's more, the number of people who entered Haikuo Forest this time was just enough for each team to form seven members, and each team was not allowed to have one more person, so they couldn't form a team, and there were three others who were forming. I'm worried that I didn't make the team.

They thought wrong. The other three people were not worried that they could not form a team. Instead, they felt bitter in their hearts and scratched their hair wondering why they had to form a team with a pregnant woman with a pregnant belly.

Why are you so unlucky?

But there is no way, who makes them weak and do not have a mouth that can make people happy.

Looking at those women, all because they have a mouth that can make men happy, no matter how weak their ability is, they are still in the team, they feel really helpless. 'G' '9' 's' 'h' 'u' 'x' '.' 'c' 'o' 'm'

It seems that little girls are really the most popular. There will always be a lot of men who are jealous of them and fight to protect them.

But these weaker men couldn't do it. They couldn't find the team no matter what, and in the end they had to be left in the corner, with the three of them waiting for the couple to come over.

It's just that they still don't understand something. There are obviously seven people forming a team, but there are only three people left here.

Could it be that the other two people knew that they were going to be tricked to death by the pregnant woman, so they ran away in advance?

It shouldn't be, they haven't heard the news either.

In the lobby of Hongye Building, everyone was gathered together. The seven people in each team were all gathered together, talking and giving orders. Only those three people still had the same look on their faces. Bitter melon phase.

"Where are your people?"

Lin Baizhong looked at the three people, strode over, and asked.

Naturally, he knew very well that these three people probably didn't want to team up with his precious daughter, right?

He dared to dislike his precious daughter. He remembered these three people. When they came out of the vast forest, they would be good-looking.

Humph, just wait and see!

"We... Commander Lin, there are only three of us. I wonder if we can... join other teams?"

One of the men in Tsing Yi's eyes suddenly lit up when he saw Lin Baizhong walking towards them.

Maybe they can ask Commander Lin to assign them to other teams while those few people are still there. Maybe Commander Lin doesn't even know about the existence of that couple.

Or maybe you thought the couple had left?

"Since there are only three of you, then..."

Lin Baizhong's face turned cold, and under the earnest eyes of the three men, he slowly spoke.

"Just leave the Hongye Building. I, the commander, will never change that a group of seven people means seven people. How can I allow you three to break my rules?"

"Well!"

After hearing his words, the expressions of the three people suddenly turned bad.

Why did Commander Lin want to drive them away after they just said a word?

They had finally reached this point and were qualified to enter the sea forest. How could they be willing to just give up?

"Come here, take them out of Hongye Building."

Just as they were thinking about how to remedy the situation, Lin Baizhong's voice sounded again, and his eyes became even colder.

"Wha...what?!"

When the three men heard this, they were immediately horrified.
