Chapter 253 What are you doing?

What's more, it's not that she said the climate in Ye County is bad, it's really bad. When it's flooded, it's dead from waterlogging, and when it's drought, it's dead from drought!

"Then learn.

Lin Changhong nodded, whatever his sister asked him to do, he would do it.

But, suddenly, he thought of something.

"No, Sangsang, we're not talking about the boy you rescued. Why are we talking about my school days?" Isn't this topic taken too far?

"If he has anything to say, we'll see to it when the time comes. The boat will be straight when it reaches the bridge." Lin Caisang shrugged and said.

"You are straight, I'm afraid some people won't be straight. 69shux.Com"

Lin Changhong snorted lightly. Now Lin Caihe was staring at Sang Sang, making him want to slap Lin Caihe away every time he saw her. Now there is such a scourge as Liu Yushui!

If two people got together, I don't know what would happen.

"Oh, that's too bad. I didn't give that boy any food today. Is he going to starve to death?"

Suddenly, as if he thought of something, he glared, no longer caring about Zhong You in the room, and ran away.

"Slow down, don't fall." Lin Caisang reminded from behind him.

According to her elder brother's wishes, Liu Baixiao hasn't released Liu Chushui yet. He is his biological son. Isn't he afraid of starving Liu Chushui? This heart is really big enough.

"He fell asleep, but his injuries were not serious.

After a while, Ya Molian walked out of the house, closed the door, and said to Lin Caisang.

"Judging from the injuries, this kid was beaten regularly in the past. There are many old wounds. Some of the old wounds still contain sawdust, ox hair needles and other things. The iron ones are okay. Just use a suction stone to suck them out. But those old wounds will be sucked out with a suction stone. Sawdust, I'm afraid it's difficult to handle."

He shook his head, it was the first time he encountered such a situation.

According to what he saw at Zhong's house today, the injuries on Zhong You's body should have been caused by Mrs. Zhong and Zhong Yun, but he really didn't expect that an ordinary family would be so vicious to the son of a concubine.

Lin Caisang was secretly frightened as she listened to his narration.

"This family is simply abominable!"

She made a fist with one hand, smashed it into the palm of her other hand, and gritted her teeth.

"Brother Mo Lian, let him stay at your place first. Tomorrow I will go to the town to buy some pain-relieving herbs. It's not a problem for Zhong You's injuries to be like this. We must take advantage of this opportunity to treat the injuries together. Okay, I'll ask you to take care of him."

"What do you want to buy? I'll ask someone to buy it." Ya Molian asked her instead without responding.

"this....."

Lin Caisang hesitated for a moment, but he nodded without hesitating for too long.

"Okay, I'll write down some medicinal herbs."

With that said, the two went to the main room, and Ya Molian came over with a pen and paper.

...

In the Lin family, the food on the table has been served, but there is no meat at all. They are all vegetarian dishes, plus corn steamed buns and white rice porridge.

Lin Changhong hurried in and when he saw the corn buns, he grabbed five of them.

Seeing the white rice porridge again, I thought for a moment, put down the wowotou, ran outside and got a bamboo tube filled with water, filled the bamboo tube in twos and twos, covered it with a stopper, and put the five wowotou. I picked up the steamed bun and prepared to go out.

Everyone was stunned when they saw his move, they had no idea what he was doing.

"Changhong, what are you doing?"

Lin Laogan finally came to his senses and called his grandson in time.
