

Star of Space 2551

Chapter 2551 The fourth-level eye-catching beast

Their bodies were covered with leaves and blood, which showed that they were injured. The monsters were still chasing them behind them, and two of them were still rolling on the ground.

But when rolling, he also knew to run for his life, and kept rolling in the direction where there were no monsters.

Lin Caisang and the others who had just arrived: "..."

This escape skill is amazing! They absolutely cannot imitate them!

"Zimo, do we want to save people?" She looked at Sui Zimo and asked.

"Save it?"

Sui Zimo was also unsure and said two words.

Because he wasn't sure if they were going to knock down the monster later, was it to save others or to do it for themselves?

"Okay, let's go.

While he was talking, everyone only saw the woman with a big belly, swinging a whip out of her hand.

The whip was actually able to be divided into three strands, and it directly entangled the three horns on the head of the monster, and then pulled back hard.

It is strange to say that such a big monster, being pulled by a woman, actually stopped the running chase.

"Roar!"

The monster could no longer catch up with anyone, so it let out a shocking roar and tried to continue moving forward.

"Zimo, come on!"

How could Lin Caisang give the monster a chance to move forward? He used another force to completely stop it.

Then he turned to look at Sui Zimo.

Sui Zimo understood, jumped on the whip, and then rushed towards the head of the monster.

"Sangsang, I'm coming too!"

Lin Changhong also flew up, imitating Sui Zimo's example, and walked quickly towards the monster.

However, after Sui Zimo stood still on the head of the monster, the tip of the whip changed direction and came to the back of the monster. Lin Changhong flew directly to the back and stood still.

"Sister Sang Sang, this is a beast with eyes that is difficult to deal with. I will attack it under its belly!" Yue Chushui said to Lin Caisang, and wanted to fly over, but unexpectedly, he was directly hit by Lin Caisang. Sangui pulled back.

"Why don't you get your belly off? Your body is not big enough for it to sit on!"

Lin Caisang glared at him angrily. Fortunately, he could think of it. If he went under the monster's belly, wouldn't he be afraid of being crushed into a pulp?

"What should we do?" Yue Chushui asked her.

If we don't attack from the belly, I'm afraid that my brother-in-law and Lin Changhong alone won't be able to kill this level four eye-catching beast, right?

"This is not easy to handle, let them go!"

Lin Caisang's eyes moved and he glanced at those people who were just watching.

What's the matter, do you want to stand here quietly, waiting for them to kill the monster, and then get a piece of the pie?

"us?"

Captain Liu's mouth twitched when he heard her words.

She just said that if she got under the belly of a monster, she would be killed, but now she let them go?

Doesn't this mean they are going to die?

"Captain Liu, if you don't take action, this monster will not be yours by then!" Lin Caisang said directly to Captain Liu.

"Well!"

Captain Liu choked at his words.

On the other side, when the trio of wallflowers heard Lin Caisang's words, they gritted their teeth and rushed towards the monster.

At this time, Sui Zimo and Lin Changhong had already attacked the monster. The monster was thinking of ways to throw them off, and there was no time to care whether anyone would take the opportunity to come to its belly and attack it.

Therefore, the trio of wallflowers easily got under the belly of the monster and gave it a hard chop in the belly.

Chapter 2552 Wait?

Yue Chushui: "..."

These three people understood that his sister was holding him back because she didn't want those who were watching in vain to get the final share.

The trio of wallflowers said, can they not understand?

Now, if you chop and chop, you can still get some good things. If you don't even move, then they will really have nothing to do with them.

The scales and bones of this monster are good materials for alchemy. If you take them outside, they can be exchanged for many medicinal materials!

"Chu Shui, even if Captain Liu and the others are unwilling to deal with the monsters, then you can go ahead."

Lin Caisang glanced at the hesitant Captain Liu and his team members again, and then spoke to Yue Chushui.

"good."

Yue Chushui responded and rushed towards the eye-catching beast.

"Captain, do we want to go up?"

Captain Liu's team members saw that Sui Zimo and the others had already dealt with him. Some of them couldn't resist the temptation and asked.

That's a beast with eyes. Even if it gets a few scales, it's still good.

Do they really want to watch these become the possessions of another team, and they get nothing?

"Yes, captain, why don't we come too? The bug-eyed beast is quite difficult to deal with, so we might as well help them." Another person looked at the bug-eyed beast with greed and suggested.

"Wait, wait.

Captain Liu's eyes were always on the beast, and he also noticed how dangerous the person who was dealing with the beast was.

How could he do such a dangerous thing?

If there was a slight mistake, he would lose his own life. What was more important, wealth or life, of course he would choose the second option. He only has one life, and he cannot afford to take risks.

After hearing what Captain Liu said, Lin Caisang was almost amused.

hold on?

Are these people thinking that they will wait for the Eye-Eyed Beast to be beaten to death by them, and then they will pretend to take action, and then they can split the gains half and half with them?

It's quite a beautiful thought!

I looked like a pretty honest person before, but I didn't expect that he was so sinister inside!

"hold on?"

Turning her head, she glanced at Captain Liu and his party with cold eyes.

"Captain Liu wants to wait until the danger is gone before taking action?" she asked.

"Well!"

Captain Liu choked at her words and almost didn't speak up.

That's what he thought, but if it was mentioned in front of everyone, it wouldn't be the case.

"I see that the people in your team can easily deal with the eye-catching beast, so you don't need our help, Captain Lin, right?"

As soon as he gritted his teeth, he didn't dare to think about getting some benefits in vain. He could only grit his teeth and clear the relationship. He was still thinking in his heart, maybe if those people couldn't handle it anymore, they would come and call them to help?

Then they will be useful.

"That's true. I know the people in my team very well. They are very powerful."

Lin Caisang said bluntly, "Is it so easy to take advantage of her for nothing?"

"Captain Liu is really generous and does not compete with the people in my team. I would like to thank Captain Liu for taking care of me."

Then she turned her head and looked at the Bi-Eyed Beast, and the spiritual whip in her hand was swept out again, and then she directly rolled back the people who had fallen to the ground in front of the Bi-Eyed Beast.

‘Bang bang bang.’

With the sound of several heavy objects falling to the ground, a group of seven people were thrown to the ground near them.

Chapter 2553 Please withdraw from my team

And as soon as she threw the person over, the eye-eyed beast on the other side stepped directly towards the place where these people had landed because of the pain.

"hiss!"

Captain Liu and others looked at this situation and suddenly took a breath of air.

If Lin Caisang were slower, these people would probably be trampled into pulp? It's terrible, isn't it?

As soon as the seven people landed in a safe place, they didn't wait for others to come forward to help. They helped each other stand up and came to Lin Caisang.

"Hey, why are you like this? Can't you pull us over properly?"

One of the women, whose face was covered with dust and blood, cursed at Lin Caisang as soon as she came over. She was so painful from being hit just now, and she felt that the wounds on her body were even more serious.

"Lingxue'er, shut up!"

When the others heard the woman's words, their expressions suddenly turned ugly, and one of them gave her a cold shout.

"What are you scolding me for? It's obviously her..."

"Lingxue'er, do you have any brains? If it weren't for her team members, we would have been trampled to death by the squinting beast!" The other woman couldn't look past Lingxue'er anymore, glared at her, and said.

Being trampled to death is nice to say, but you must know that the eye-eyed beast is a carnivorous monster, and it is very likely that it will swallow them all!

Eating humans is not a problem for beasts with eyesight.

If Lin Caisang's team hadn't stopped the eye-catching beast from chasing them, one can imagine their fate.

But now, before they even said a word of thanks, Lingxue'er dared to blame her. Who gave her the face? How dare you speak like that!

"Then she can also..."

"Lingxue'er, if you talk again, please quit my team." One of the men looked at Lingxue'er with a cold face and warned in a cold voice.

"Brother Jue!"

When Lingxue'er heard the man's words, her eyes suddenly widened and she looked at the man in disbelief.

"Brother Jue, I'm not wrong. This woman did it on purpose. She just doesn't want to see us..."

"Shut up."

The other team members really couldn't stand it anymore and interrupted Ling Xue'er's words directly.

"Lingxue'er, our team has been too kind to you and spoiled you, right? That's why you dare to catch and bite people when you see them?"

"You really give us a good face. They just saved our lives, and now you are here to accuse others. Lingxue'er, is your face made of iron or mud? Why is it so thick?"

"It seems that I will never be in your team again when I go out in the future. With your ungrateful behavior, no one will come to save us if we encounter danger in the future!"

Several people spoke up one after another and began to accuse Lingxue'er.

"You... you..."

Lingxue'er's face turned even pale after listening to their words.

At this moment, she only felt that the wounds on her body were extremely painful. They were all made angry by these people.

"What are you doing?"

The other woman glared at her again.

"If it hadn't been for you before, would we have gotten into trouble with that beast? How did you think that you dared to kill the cub of the beast in the vast forest, and even thought about eating its meat?"

Are you really sick, and you can't even tell how sick you are? "

They clearly didn't offend the level four eyed beast before, and the eyed beast showed no signs of turning against them. They just needed to pass by and leave.

Chapter 2554 It's up to you

But Lingxue'er, a crazy woman, actually killed the little Big Eyed Beast that was playing near the Big Big Eyed Beast without saying a word, and even brought it to them, hoping that someone would help her clean the little beast. Now, bake it and eat it!

Their captain's face looked ugly at that time, and he wanted to leave this dangerous place quickly.

But by the time they reacted, it was already too late. The Big Eyed Beast had already chased them, and it only took a few sweeping movements to injure them.

After that, they kept being chased. It didn't take long before they could no longer hold on anymore and almost died at the claws of the Bi-Eyed Beast.

Fortunately, this team of people passed by and rescued them, otherwise, today next year would be their death anniversary!

So at this moment, not only her, but also the other people in their team wanted to scrape a layer of skin off Lingxue'er's body, if the captain wasn't there to watch!

"I want to eat the meat of the Bi-Eyed Beast, what's wrong?"

Lingxue'er didn't feel that she had done anything wrong at all, and yelled at the woman.

"Besides, if the big eyed beast hadn't caused trouble, maybe you would have eaten the meat of the little eyed beast and enjoyed it very much! Now that you haven't eaten it, you're blaming me?"

She was not wrong. She killed the little beady-eyed beast for everyone's welfare.

"you--"

When the woman heard her words, a bad breath got stuck in her throat.

"Captain, it's up to you to figure out what to do with people like this."

She turned her head and looked at the captain of their team. She also knew that Lingxueer was related to the captain's family, but this time, Lingxueer was really wrong.

If there is no punishment, it will be unjustifiable.

When the others heard the woman's words, they also turned their attention to the captain, waiting for his decision.

"Lingxue'er will give 50% of what she earned in the sea forest this time and share it with everyone." The captain took a deep breath and said to the others.

Of course, these words were also spoken to Ling Xueer, not in a tone of discussion, but in a commanding tone!

"Why?"

Lingxueer was not convinced and shouted.

But no one wanted to pay attention to her anymore. The captain and others all looked at Lin Caisang.

"Madam, thank you for your help just now. My surname is Yuan and I come from Windy City. Madam will still be of use to Yuan in the future, and I will definitely be obliged to do so!"

"Yes, yes, madam, thank you very much just now. The same goes for us. In the future, whenever you need us, just ask." Several other team members also said to Lin Caisang.

If the lady's team hadn't taken action in time, they would have died, and if the lady hadn't dragged them over, they would have been trampled into pulp!

This is a life-saving favor. I cannot but thank you, let alone repay it.

They are not people like Ling Xueer. They know that they have saved her, but they still want them to do better. They want to tell them directly and ask them to send two people to invite her here properly!

They don't have such big faces.

"Hey, what's there to be grateful for? They just wanted to get the Bi-Eyed Beast."

Lingxue'er rolled her eyes at the other captains with disdain, and looked at Lin Caisang with contempt.

"Let me tell you, we discovered this beady-eyed beast first. Even if you kill it, we still have to divide the things between our two teams. You can only get 40%, and the rest belongs to us!"

Chapter 2555 So naive!

Lin Caisang: "..."

This girl really thinks that she is made of clay and has no temper, right?

"You want to separate the Bi-Eyed Beast.

She raised her eyebrows and looked at the 'innocent' girl in front of her.

She is said to be a little girl, but in fact, she is not a little bit older than her, but she is still so innocent!

"What is a beast with split eyes? That beast with split eyes is obviously us...ah!"

Before Lingxueer finished speaking, she felt her waist being rolled up by something. The next moment, she felt like she was being thrown away.

The direction of the throw was exactly the direction of the Bi-Eyed Beast, and she screamed in fear.

"Since you want it so much, go ahead and fight it yourself."

After saying this, Lingxueer was thrown directly onto the back of the Bi-Eyed Beast.

"Ah, ah!"

Lingxue'er screamed a few times, and before her frightened heart could calm down, she felt her body slipping off the back of the Bi-Eyed Beast.

Because she was afraid that if she fell to the ground and would be trampled into mud by the Bi-Eyed Beast, she instinctively stretched out her hand and tightly grasped the scales on the Bi-Eyed Beast's back. Even if her hands were scraped to pieces by the scales, she would not let go. Dare to let go.

"hiss!"

Seeing Lin Caisang's actions, Captain Liu and others gasped.

On the other side, except for the captain, the group of people who had just been rescued just glanced in the direction of the Bi-Eyed Beast and did not want to care about Lingxue'er's life or death at all.

"This girl, you..."

When Mr. Yuan saw this, he wanted to say a good word for Lingxueer.

But when he thought of what Ling Xueer said before, he felt his face was hot and dull!

Under the glare of Lin Caisang's beautiful eyes, he couldn't say the words that came to his mouth. In the end, he swallowed them all, and finally just silently glanced in the direction of the Bi-Eyed Beast.

Then, he also walked away.

After being hit by the Bi-Eyed Beast's tail just now, he suffered internal injuries. In order to protect Lingxue'er from the damage, he was thrown by the Bi-Eyed Beast again. At this moment, his chest was boiling with blood.

He urgently needed to find a place to sit down and heal himself.

As for Lingxue'er, she brought it upon herself. Even if the Yuan family and the Ling family were on good terms, I believe that if the Yuan family knew about what was going on here, they would not choose to put in a good word for Lingxue'er.

As for the Ling family, he thinks they shouldn't have the nerve to say anything, right?

"Save me, save me quickly, Brother Jue, save me quickly!"

In the direction of the Bi-Eyed Beast, in addition to the roar of the monster and the sounds of Sui Zimo and the others slashing at the monster, there were occasional calls for help.

"Tsk, it's so noisy."

Lin Caisang couldn't help but raise his hand and pick out his ears.

"If I had known earlier, I should have silenced him first and then thrown him away. It was really a mistake."

After saying that, she touched and touched with her little hands, took out an orange, peeled it slowly, and was ready to eat.

Captain Liu and others: "..."

When they were in Hongye Building before, why did they think this woman with a big belly was a weak burden?

Now it seems that the strength of this lady is not much different from that of her husband. They were all wrong before!

Lu Tianfeng and his subordinates were also looking at Lin Caisang at this moment.

This woman, her husband is currently fighting with the Big Eyed Beast, and she can actually watch and eat the fruit at the same time?

How big is her heart, or does she not care about her husband at all?

Chapter 2556 A bitch

"Master... uh, young master, this woman is really weird!"

The subordinate originally wanted to call him master, but under the gloomy gaze of Lu Tianfeng, he forced him back.

"Ah, I remembered, this woman, isn't she the woman who ruined our plan before? It's her!"

Previously, they used people to kill the alchemists and alchemists in Sky City. The plan was going well, but it was ruined by a pregnant woman.

Later, he went to check this woman's face, and she looked like this.

I just didn't expect that they would meet here. What a coincidence!

"is her?"

Lu Tianfeng narrowed his eyes and stared at Lin Caisang.

On the other side, Lin Caisang felt two unknown eyes staying on her, and suddenly turned her head to look at Lu Tianfeng and the two.

Lu Tianfeng was caught red-handed and was not embarrassed. He just smiled at Lin Caisang and then looked back.

"Tsk."

Lin Caisang turned around and clicked his tongue.

"So thick-skinned!"

I really thought she couldn't feel it. The way this man stared at her was full of calculations.

After being caught by her, he still had the nerve to smile at her. Is this a reason to think that he is so upright and can scheme against others?

However, this does not mean that this person is Lu Tianfeng, so we still have to look again.

...

On the other side, Ling Xueer's screams kept tickling, and finally, Lin Changhong couldn't help it anymore.

With one hand, he threw out a burst of spiritual power, rolled up Lingxueer's waist, and then threw her far away. With a 'bang', she landed far away.

"Tsk, hiss!"

Captain Liu and his team couldn't help but gasp when they saw Lingxue'er being treated so rudely.

However, everyone secretly shouted "Okay" in their hearts.

For such a self-aware woman, why don't you let her suffer a little, and why are you still waiting to be scolded by her?

On the other side, Mr. Yuan heard Ling Xueer's muffled groan and just raised his eyes. He didn't say anything and continued to lower his head to treat his wounds.

Lingxue'er got her freedom, gritted her teeth and climbed up from the ground. She looked in the direction of Lin Caisang with scarlet eyes. With that look, she wished she could eat Lin Caisang alive.

But she didn't dare to mess around anymore, because she was afraid of causing trouble. Lin Caisang grabbed her again and threw her out.

Raising her hand, she glanced at the bloody wounds on her fingers and the excruciating pain. She didn't want to take such a risk again.

Just wait, when she leaves the sea and forest, she will definitely let her father make the decision for her. She will never let this woman go, and she will definitely die in an ugly way.

"Bitch...ah!"

Before I could say the word "bitch" out of my mouth, I felt a pain in my knee.

She was forced to fall to the ground. She sat half-sitting and looked at her knees. She saw a medium-sized scale of a bug-eyed beast, which had already penetrated deeply into her flesh.

"hiss!"

Looking from that direction, it was those people who were dealing with the Bi-Eyed Beast, and such small scales were only found near the face on the Bi-Eyed Beast.

So, the man who attacked her just now was the man who was dealing with the Bieye Beast on its head?

But why?

Is it just because she looked at Lin Caisang with too much hatred?

So what? Why can't she hate these people?

Chapter 2557 Someone can't sit still

These people who treat her like this will suffer retribution sooner or later, and she will not let any of them go.

Holding back the heart-wrenching pain in her knees, she gritted her teeth and pulled off the scales. Blood spurted out all of a sudden, causing her to burst into tears from the pain.

But she knew that no one would care about her at this time. The only one who could care about her was herself.

Therefore, he still endured it, gave himself medicine, and then sat down to rest and let his physical strength recover as much as possible.

...

After a while, under the strong attacks from Sui Zimo and the others, the Bi-Eyed Beast was gradually defeated and became weak.

Captain Liu looked at the Bi-Eyed Beast, which was no longer aggressive. He really wanted to go forward and help, so as to get something. He felt as uncomfortable as a cat's claw in his heart.

I even secretly thought to myself, why don't any of these people make mistakes?

Even if there was a slight mistake that put himself in danger, he could still find a reason and rush over.

But unfortunately, those people just didn't give him a chance. Even the three-person team couldn't find what was wrong, and there was no danger.

What's more, there is Lin Caisang watching here. Her spiritual whip is not a vegetarian. Once someone is in danger, she can actually take action immediately, adjust it to a better position, and continue to deal with Bi Jing. beast.

At this point, everyone has really seen that the pregnant lady is really not as weak as they imagined.

No need for human protection.

In the vast forest, she is the only one who protects others. There is no need for others to protect her.

And the reason why those men protected her so much was because they felt sorry for her, not because they thought she was too weak and needed their protection.

Captain Liu and his team seized the opportunity to take action, but with Lin Caisang watching, they actually did not dare to take action. They could only watch and wait for others to harvest good things.

"Captain, how about we come?"

Someone in the team couldn't sit still and whispered in Captain Liu's ear.

Hearing this, Captain Liu turned his head and glared at him fiercely.

superior?

This word is easy to say, but it is very difficult to actually do it.

If they were more than one team here at this time, they could go together, but now they are the only team, and they were afraid of the Bi-Eyed Beast before and did not dare to take action.

Now let's talk about it again, wouldn't that make others laugh out loud?

Not to mention whether they will be laughed out of their wits, if someone spreads this matter to the ears of Commander Lin, will their team still have an image to speak of?

You know, their biggest goal when they came to Haikuo Forest was to show their face in the city lord's palace and get his favor.

Although the possibility of this is slim, it is still possible.

But if their reputation is ruined because of their temporary dispute, then they really have no chance.

"If you want to do it, do it yourself, don't drag me down!"

He glanced sideways at Lin Caisang, who although he was just standing, could see all directions and listen to all directions.

To be honest, he didn't want to mess with such a person right now.

"There will be many opportunities to catch more powerful monsters in the future. Let them divide this one among themselves."

He took a deep breath and had to give up such good alchemy materials.

After this experience, he was able to understand that Lin Caisang and his team were very strong.

Chapter 2558 Are you okay?

In the future, as long as there are monsters that they think they can afford to fight, they might as well go together and get some benefits from it.

But this time, just let it go.

Although it is a pity, for the sake of greater interests in the future, it is still not appropriate for them and Lin Caisang's team to be at odds with each other!

"team leader!"

Several people heard Captain Liu's words and looked at him in disbelief.

Are they really going to let this go? All the scales and bones of such a big beast with bright eyes belong to these people?

To put it another way, even if it all belongs to them, can they eat so much food?

Can't you move this?

It's better to share it with everyone, and everyone who sees it will have a share!

"Shut up!"

Captain Liu gave those unconvinced people a cold look, and then walked to the other side.

I don't want to listen to those people talking, it will really piss him off!

Doesn't he want the scales of the Bieye Beast?

He wants it too, but is this what he wants and can get? The answer is of course impossible!

Falling out with Lin Caisang and his team for such a small thing is the most unworthy thing to do. He is not stupid and would not do such a thing.

"If you have nothing to do, just go and see if there are any medicinal materials you can pick. Why are you standing here?" He said bitterly.

"us....."

Those few people opened their mouths, reluctantly wanting to say something.

But in the end, he still didn't say a word. He could only glare at Lin Caisang who was standing there, turned around, and went to find their medicinal materials.

What can be done? Everyone is standing guard. If they really dare to mess up and hurt this pregnant woman, her team members will probably fight them to the death, right?

Why is it so difficult to get a piece of the pie from that team?

Soon, a Bi-Eyed Beast was knocked down by Sui Zimo and the others. Before the Bi-Eyed Beast fell to the ground, Lin Caisang used his spiritual whip and rolled back the trio.

Yue Chushui, on the other hand, automatically changed his position and continued to attack the Bi-Eyed Beast until the Bi-Eyed Beast fell to the ground, splashing dust all over the ground.

"Beat it to death, finally beat it to death."

When it comes to excitement, no one can compare to the threesome.

Before in Hongye Building, they were still feeling depressed and felt that following Lin Caisang and the others would be the most unlucky thing.

How long has it been now? In just over a day, they have harvested a large amount of the Bieye Beast. Although it was shared by seven people, they did not put in much effort and could only get the minimum share.

But compared to those who got nothing, they are many times better off.

not to mention.....

Looking sideways, he looked at the seriously injured people. They could really see how these people were driven to escape before.

If it weren't for Sui Zimo and the others, it is estimated that even if the three of them encountered the Bi-Eyed Beast, they would be the same as those people.

"Sonny, are you okay?"

Lin Changhong and Yue Chushui were dealing with the things on the Bi-Eyed Beast over there, while Sui Zimo came directly to Lin Caisang and asked with concern.

"What can happen to me? Don't worry, no one can hurt me." Lin Caisang smiled and glanced back at him.

There were some people who wanted to take advantage of their Bi-Eyed Beast, but unfortunately with her here, no one could get any benefit out of them, and she wasn't really just watching and playing.

Chapter 2559 How’s it going?

"You go deal with the Bi-Eyed Beast, I'm here.

Turning her eyes, she glanced at the two people who had been staring at her from the corner of her eyes.

Such a scorching gaze is really hard to ignore. Could it be that they guessed wrongly that these two people were not Lu Tianfeng, or were Lu Tianfeng's subordinates?

Otherwise, with Lu Tianfeng's caution, how could such a mistake have happened?

"They can just handle it."

Sui Zimo replied to her, and then glanced at the trio of wallflowers with faint eyes.

"Captain, you and Mr. Sui rest here while we go get the Bi-Eyed Beast."

When one of them received Sui Zimo's gaze, he immediately woke up and jumped up. Before leaving, he did not forget to pull the other two people away.

"Let's go, why are you still here? Don't you know if you want to go over and help?"

"Oh, oh oh."

The other two people also hurriedly responded, raised their feet and ran towards the fallen Bieye Beast.

"You just used your spiritual power, how do you feel about your body?" Sui Zimo helped Lin Caisang, sat down on a big rock, and asked.

"It's alright."

Lin Caisang raised his eyebrows, felt the spiritual power in his body again, and then answered.

"In fact, I feel that the spiritual energy in my body is very abundant, enough for me to fight a few fights myself!"

Sui Zimo: "..."

He raised his hand and tapped the tip of the person's nose with his index finger.

"If you want to fight, don't think about it now. When the child is born, I will accompany you. I will accompany you no matter how much you want to fight."

He had always known that his son had a restless temper. Ever since he became pregnant, for some reason, there were even fewer tasks available in the Jinzhu Space.

Maybe Jin Zhuling felt that his owner shouldn't be too tired.

But no matter what, he knew that people had been too bored recently and had been restrained for too long.

He had already planned that after the child was born, he would put the child in the Jinzhu Space for other people to take care of, and then he would take Sonny for a walk elsewhere.

It just so happened that by that time, Lu Tianfeng's matter should have been almost settled, and he could have a break.

"Yeah, uh-huh."

Lin Caisang nodded immediately, thinking this idea was a good one.

However, she still felt that in the vast forest, she still had the opportunity to use her hands a few more times.

"Let's see, maybe there is a chance for me to take action here... Don't worry, I won't be reckless. A smart person like me will of course be able to take advantage of every opportunity and act accordingly."

Before Sui Zimo could open his mouth to stop her, she started to stop his words.

Even if her hands and feet were rusty, she would not risk her and Zimo's child. Unless absolutely necessary, she would be happy to let her husband stand in front of her.

...

On the other side, Lu Tianfeng finally withdrew his gaze.

"Sir, what were you looking at just now?"

The subordinate couldn't help but ask. Even he felt that his master's gaze on the couple was too hot.

There was no reason why the couple couldn't feel it, maybe they just didn't want to pay attention to others.

"I always feel that there is something wrong with these two people!" Lu Tianfeng lowered his voice and said coldly.

He has always been a very cautious person, so if these two people can attract his attention, it is destined to be extraordinary. Moreover, when he stared at these two people just now, they didn't react at all.

It was obvious that they simply ignored his attention on purpose.

Chapter 2560 Can't get a piece of the cake

But what is the problem between these two people?

For a moment, he really couldn't think of it.

But he always felt that these two people seemed to be related to him, and they were closely related, but he had never seen these two people before!

"Those two people?"

The subordinates also glanced at Sui Zimo and Lin Caisang.

With his blind eyes, he didn't see anything wrong with the couple. At most, they were just a little stronger.

But so what, there are so many powerful people in Qianhuan Continent, and those who finally wanted to go against his master have already died in his hands.

"Master, do you need your subordinates to deal with this person?" he asked.

Since the master thinks these two people are suspicious, let them die. In the vast forest, it is the easiest thing to deal with two people.

However, when Lu Tianfeng heard his words, he glanced at him coldly.

"Just you?"

Not qualified yet!

He didn't say the remaining four words, but the meaning in those words and the obvious mockery in his eyes could represent everything.

The subordinate didn't expect his master to say that, and his face suddenly turned red!

What happened to him?

No matter how capable those two people are, as the saying goes, it is easy to hide from an open gun, but difficult to guard against a hidden arrow.

He can't beat it clearly, so why can't he use the dark one?

"That young master means..."

Although he thought so in his heart, he did not dare to refute his master's words and asked cautiously.

"Keep watching. If you are really suspicious, kill!"

Lu Tianfeng glanced at the two people again with cold eyes, then turned around and left.

Everyone is looking for medicinal materials, so he must pretend to find some medicinal materials, otherwise, he will definitely be suspected.

...

The sky slowly darkened.

The original two teams, after passing the Bi-Eyed Beast, became three teams and continued to advance towards the assembly area.

Among the team, many of the people led by Captain Yuan were injured. Even with the use of elixir, they couldn't be cured in a short while, but they could still manage to travel.

However, the process has been delayed a lot.

Although Captain Liu and his team were not happy to waste time like this, after all, Sui Zimo and the others didn't say anything, so it was hard for them to say anything.

No, it's not completely dark yet, and twenty-one people have already found a place, ready to rest here for the night and start their journey again tomorrow morning.

"Captain, if we keep walking so slowly, when will we reach the assembly area?"

Someone in Captain Liu's team was unhappy and asked.

"That's right, captain, why don't we leave first? Based on this situation, everyone will be already there when we get to the assembly area, and no good tasks will be assigned to us!"

Another person also said.

They need to go to the assembly area to know what tasks they will be assigned.

But in tasks, the team that arrives first gets the best one. If they are the last to arrive, they won't get any good things, right?

"Shut up!"

Captain Liu lowered his voice and shouted at the two people who spoke.

"What good tasks do you think our team can be assigned?"

He didn't know whether the mission was good or not, but he knew that the team led by Lin Caisang got a lot of good things from the team he led by killing a piercing-eyed beast before!

And along the way to the assembly area, they will definitely encounter better monsters. If they leave first, won't they lose a piece of the pie?
