

Star of Space 2561

Chapter 2561 Using flying monsters

What they got from the mission might not be as good as the money they got from following Lin Caisang's team and taking advantage of them.

Therefore, no matter what the people in his team say, he will never leave Lin Caisang's team.

When he heard Captain Liu's words, Lu Tianfeng, who had been paying attention and even secretly ordered his subordinates to stir up resentment among several team members, his eyes flashed.

He naturally hoped that their team could leave those two teams, so that he would have a chance to take action.

But Captain Liu refused! It can be seen that this person's luck is really good. Between life and death, he chose life without knowing anything.

He took a deep breath and could only grit his teeth secretly.

"Captain, can we really not leave first?"

Seeing that Lu Tianfeng was so angry that he couldn't say a word, his subordinates spoke up again and looked at Captain Liu.

"Look at those people, they are walking with a limp and their bodies are covered with injuries. How long will it take for us to walk with them? And Captain Lin, they obviously have flying monsters.

Such a big flying monster is enough for three teams, let alone one of their teams, to sit on it.

But she didn't use it and insisted on letting us walk like this. What does this mean? "

He glanced slightly sideways and glanced at Lin Caisang's team who were preparing to light a fire for cooking. With an angry look on his face, he said to Captain Liu.

"this....."

Captain Liu was choked by his words.

Yes, Lin Caisang has two flying monsters, and they have seen how huge they are before.

Not to mention seating twenty-one people, even twice as many people can be seated.

But Lin Caisang and the others refused to let their mounts come out, and walked slowly towards the assembly area.

How long will this last?

"Captain, why don't you ask Captain Lin if they can use flying monsters to carry us all to the assembly area?" the subordinate suggested.

"Yes, Captain, why don't we go talk to Captain Lin and use the flying magic beast to assemble quickly?"

"Maybe when we get to the assembly area, none of the other teams will arrive."

When several other people heard what their subordinates said, their eyes lit up and they thought this was a very good idea.

Captain Liu: "..."

Is it so easy for strangers to get on a flying monster?

Warcraft have more backbone than humans. Even if they are commanded by their masters, they can only be ridden on the backs of familiar people. As for strangers, that is simply impossible!

He didn't have the nerve to tell Lin Caisang about this.

"You don't need to say anything. How big do you think you are? Do you know them? Let them use their own flying monsters to carry you?" Captain Liu rolled his eyes at them.

"That's a flying monster!"

"What should we do?"

After listening to his words, several people turned into bitter faces again.

"How about we leave first?" Someone suggested again.

"OK."

Captain Liu looked at the person who made the suggestion with a smile on his face.

"If any of you want to leave, just leave. I'll just follow their group."

Anyway, he had already made up his mind. When a group of people were picking mulberry trees and killing monsters in the next forest, he would definitely go forward to help and get what he deserved.

Chapter 2562 Just forgive me

As for the others, if they wanted to leave, they could just leave. He was happy that no one would bother him.

"team leader!"

After hearing his words, several people were speechless.

They left the captain and couldn't even find a gathering place, okay?

How can we go on like this? Didn't I tell them on purpose to leave them speechless?

"Okay, let's all listen to the captain."

After arguing for a long time, Lu Tianfeng finally spoke and sighed softly.

He also figured out that instead of having to deal with these people on the way to the assembly area, it would be better to deal with these people after receiving the mission.

At that time, the City Lord's Token was already in his hand, and no one else could stop him from doing anything he wanted to do.

He will have to deal with these people sooner or later, but he is not in a hurry.

...

On the other side, as soon as the team came to a rest, Lingxueer fell to the ground and never wanted to get up again.

"Brother Jue, are you really angry with Xue'er?"

She looked at Captain Yuan Jue pitifully and asked cautiously.

Captain Yuan Jue, on the other hand, just glanced at him coldly, and then ordered the two of them to prepare dinner while he started to build a simple sleeping place.

Lingxueer: "..."

Is this really ignoring her?

What did she do wrong? She really doesn't understand, she is obviously doing it for everyone's benefit!

Was it right for that woman to throw them on the ground like this?

They are not big sacks, inanimate, and can be thrown away wherever they want. They are living people!

"It's all because of her!"

Turning her head, she looked in the direction of Lin Caisang bitterly.

If she had been gentler and not left them on the ground like this, she wouldn't have said anything to that woman, but would have been very grateful to her.

But that woman just...

The voice that cursed Lin Caisang viciously in his heart was suddenly blocked in Sui Zimo's cold and gloomy eyes.

He looked back with a guilty conscience and looked in the direction of Captain Yuan Jue.

Why are there so many differences between people? That woman was so well protected by her man that she couldn't even be scolded or glared at.

As for her, Yuan Jue actually ignored her and let her lamely follow them all the way!

When she was at home before, she had never been so angry.

And all of this was because of that woman, and it was all that woman's fault that made her like this.

If it weren't for Lin Caisang and she was injured, Yuan Jue would definitely carry her away. How could he be like this now, ignoring her and wishing he had to know her?

She really wants to kill someone now!

But that woman was so well protected by her man that even if she wanted to vent her anger, she couldn't even stare at her.

How could this be?

She took a deep breath, had to stand up, and dragged her residual leg to Yuan Jue's side.

"Brother Jue, I know I was wrong, so don't be angry. I won't talk nonsense in front of you next time. Just forgive me."

When she first admitted her mistake, Yuan Jue's eyes flashed for a moment, but when he heard her last two words, he was really angered by Lingxue'er again.

Did Lingxue'er know that she was wrong when she said this?

Chapter 2563 I would rather care about a stranger

hehe.

If you don't talk nonsense in front of him, can you offend everyone without him?

not bad!

Yuan Jue secretly breathed a sigh of relief in his heart. When the Ling family came to be a matchmaker and matched Ling Xueer to him, his mother refused to say anything and said directly in front of her father that if her son married Ling Xueer, Xueer, she will die!

At that time, he still felt that his mother was making a fuss. Even though Lingxue'er was a little more arrogant, which daughter of the family was not like that?

But now, he feels that the decision his mother made is really the right one!

If he really marries Ling Xueer in the future, his life will probably be ruined in her hands.

"Even if you know you're wrong, just be more at ease."

He glanced at Lingxue'er coldly, and then went about his business.

Lingxueer: "..."

Are you still angry with her, or are you no longer angry?

She was really unsure of Yuan Jue's current temper. He was such a gentle person to her before. Before today, she couldn't believe that Yuan Jue was so cold to her.

"Brother Jue, let me help you. I can do this...ah!"

"ah!"

Wanting to please Yuan Jue and restore some of the bad impression left in front of him, she rushed to do things.

Unexpectedly, nothing happened, because one of them failed to stand firm and fell directly to the side. By coincidence, he actually crushed the male team member who was working with Yuan Jue.

The other party didn't expect that Lingxue'er would come over. He was caught off guard and fell directly on the stone. His chest was so painful that he gritted his teeth.

"Ah, ah!"

Lingxueer screamed in fright. She did not expect to have physical contact with other men in front of Yuan Jue.

Immediately, she tried to support herself, but she couldn't get up. She twisted randomly on the male team member's body and screamed, attracting more attention.

Yuan Jue took a deep breath, couldn't help but raise his hand, and directly picked up Ling Xueer.

Seeing Yuan Jue reaching out to help her, Lingxueer felt happy, "Brother Jue, thank you...ah!"

Before she could say the word 'you', she felt the big hand holding her arm loosen, and she was thrown aside.

Then, she saw Yuan Jue helping the male team member up. Compared with the way he treated her, he was much simpler and gentler. He also asked questions with concern.

"Are you OK?"

"No, it's okay."

The male team member glanced at Ling Xueer, then turned back to Yuan Jue with some embarrassment.

Why the hell is he so unlucky to have that woman Lingxueer rubbing against him? In fact, he really doesn't like this woman Lingxueer at all.

She is a completely spoiled eldest lady by her family. She has such a bad temper. If Yuan Jue wasn't there to protect her, who would be willing to talk to her!

"Captain Yuan, there's nothing wrong with me. It's just that my chest was pressed just now. Compared to the previous injuries, it's nothing."

As he spoke, he raised his hand honestly, patted the dust on his chest, and then chuckled a few times.

"It's okay. Let's continue to finish these things." Yuan Jue said with relief.

"Brother Jue..."

Ling Xueer's eyes turned red with anger when she saw that Yuan Jue would rather care about a stranger than care about her.

Chapter 2564 I can't save you either!

How could this be?

Before going out, her father told Yuan Jueqian to take good care of her, and Yuan Jue also promised well at that time.

But now, how does Yuan Jue treat her? He didn't even look at him!

"Why are you still here?"

Yuan Jue heard her voice, glanced at her displeasedly, and said.

Ling Xueer: "..."

She has been here all along, and she was pushed by Yuan Jue just now. Doesn't he even remember it?

"I....."

"Even if you're injured and can't be of much help, then just find a place to sit down and recuperate. Don't wait until tomorrow and hold everyone back again." Before she could open her mouth to say anything, Yuan Jue spoke again.

Although there was no disdain in the tone, it could not be more obvious, so Lingxue'er should not cause trouble here.

"Brother Jue, how can you say that? It's not because of that that I got hurt..."

"Lingxue'er!"

Yuan Jue interrupted her sharply, and his eyes suddenly turned cold when he looked at her.

"If you keep talking nonsense, I can't save you!"

Why was she injured again? Wasn't it because she couldn't control her thoughts? She was obviously the benefactor who saved them, but she just glared at him and filled her with vicious thoughts.

From another perspective, if he met such a person, he would not be merciful!

"I....."

Lingxue'er opened her mouth, feeling really wronged to death.

"Brother Jue, you promised my father that you would take good care of me!"

She could only carry her father out, thinking of using her father to suppress Yuan Jue.

"I promised Uncle Ling, but Uncle Ling also told me at that time that after you enter the Haikuo Forest, you will listen to me in everything and you will not cause trouble."

Yuan Jue didn't take Lingxue'er's words seriously at all, and instead questioned her coldly.

"But how did you do it? Have you ever heard a word from me?"

"Why didn't I?"

After listening to Yuan Jue's words, Lingxue'er was really unconvinced.

What did she do wrong, and why was she treated like this? Could it be that she wanted to gain some benefits for her team, was it wrong?

"do you have?"

Yuan Jue sneered and asked her.

"I asked you to kill the little Jade-Eyed Beast earlier. Did I ask you to provoke the fourth-level Jade-Eyed Beast?"

"I....."

When the Bi-Eyed Beast was mentioned, a hint of guilt flashed across Lingxue'er's face, but it quickly disappeared.

"I killed the little beady-eyed beast to improve the food for our team. Everyone gets the benefits, so why should we all bear the responsibility?"

That is, there is absolutely nothing wrong with what she did. Could it be that after she killed the little bead-eyed beast, could she eat all the meat by herself? I must share the food with everyone.

So since everyone can eat it, why is the fault hers alone?

"you....."

Hearing her words, Yuan Jue almost died of anger from her.

"Lingxue'er, Lingxue'er, I didn't expect that up to now, you still don't know your mistake, and you still think you did the right thing?"

He took a deep breath and really felt that Lingxue'er was hopeless. With this kind of thinking, the head of the Ling family actually felt that his daughter was so considerate and that whoever married her would be blessed in his previous life?

hehe!

Why does he think that whoever marries Lingxue'er will probably need ten lifetimes of blessings to be able to cover up the things this woman will do to harm her husband's family in the future?

Chapter 2565 Reluctant to Repent

"I have done nothing wrong!" Lingxue'er said loudly.

Next to them, when they heard Ling Xue'er's voice, several teams turned to look at her with contempt on their faces.

After causing so many things, which almost caused the whole team to be destroyed in the vast sea forest, they can still say that they are not wrong so confidently?

This is so shameless, it really makes people speechless.

"Captain, don't talk to her anymore. No matter how much you talk, it won't make sense." A team member came over and advised Yuan Jue.

What is there to advise? Lingxueer feels that whatever she does is right, and others are always wrong. In the world, she is the most powerful one and must be held high by everyone.

"For the rest of the time, everyone in our team just needs to take turns keeping an eye on her. As long as she stops messing around, we will be able to get out of the sea forest safely."

Another team member also came over and said to Yuan Jue.

After hearing their words, Yuan Juecai took a deep breath and glared at Lingxueer fiercely.

"Go and sit for me. You are not allowed to go anywhere without my instructions!"

"I....."

Lingxueer was so angry that she really wanted to just lift her feet and leave this hellish place.

It's a pity that she doesn't have the courage. It's too dangerous in the vast forest. If she really leaves, she might be eaten by a monster soon.

She didn't want to take this risk. If she died, someone else would die. Why should she die? It's hard for her, and neither can anyone else.

"Just sit and sit, I'm so happy and relaxed."

After saying something disdainfully, she limped to the side and sat down.

"Huh, what's the big deal? I didn't do anything wrong. Yuan Jue, if you don't apologize to me, don't let me pay attention to you anymore!"

"Why!"

Yuan Jue looked at her unrepentant look and sighed softly.

"Captain, don't be angry. I will pay more attention to Lingxue'er in the future and will not let her act alone again." Another woman in Yuan Jue's team said to him.

What Lingxue'er did this time was indeed too much. Not only did she attract the adult Bieye Beast, but she also provoked the group of people who rescued them.

This is because she thinks that others can save her, the eldest lady of the Ling family, a blessing that others have only cultivated in three lifetimes, right?

It's really ridiculous to think about it.

The key point is that Lingxue'er really has no self-awareness at all.

Not only did she offend the people in other teams, but even the people in her own team didn't want to take another look at her!

She didn't even know it, she thought others should bow to her first, and she actually wanted Yuan Jue to apologize to her. This was really whimsical.

"Pay more attention to her in the future."

Yuan Jue had no other choice but to give the woman a warning.

Lingxue'er was already in the sea forest, and now it was impossible for her to leave his team. He could only try to prevent Lingxue'er from causing bigger troubles.

"Okay, I know." The woman responded.

After this incident, everyone in the team knew one thing, that is, Lingxueer could not be allowed to move around, otherwise, their death would definitely be not far away.

...

On the other side, Lin Caisang was sitting on a large stone covered with a blanket. Sui Zimo and the others had already started to light a fire and barbecue, and the aroma soon wafted through the forest.

"Sister Sangsang, what are you looking at?"

Chapter 2566 You must keep your eyes open when looking for a wife

Yue Chushui looked at Lin Caisang's eyes, which were always on Yuan Jue's team, and couldn't help but ask.

"Didn't see anything."

Lin Caisang withdrew his gaze, and then glanced at his eldest brother and younger brother.

"I'm just thinking, brother, Chu Shui, when you are looking for a wife in the future, you must keep your eyes open. Don't just look at the appearance. The glamorous appearance is really of no use."

Listening to the conversation between those people just now, she wanted to laugh.

She has never seen someone who is so ignorant and refuses to admit his mistakes. Even if the entire team does not tolerate her, she still feels that she is great and everyone should let her go.

Such a woman was raised by her mother's family and married to her enemy to harm other people's families.

Lin Changhong: "..."

Her girl really thought too far. He didn't want to get married so early. Besides, he didn't even have a woman by his side, so he still got married?

That is simply impossible!

Yue Chushui: "..."

How old is he? He's not even fifteen yet, but his sister Sangsang is already thinking about important events in his life?

Could he just ignore these words and pretend he didn't hear anything?

It should be possible.

"Just watch, their team is still going to make trouble."

After a while, Lin Changhong glanced at Yuan Jue's team.

Although there is no woman by his side, he still understands the vicious nature of someone like Lingxue'er.

This kind of person is a typical person who won't let others have a hard time if they don't feel good about themselves. Now everyone in the team dislikes Lingxue'er. If she doesn't make some noise, they will feel sorry for herself. !

Therefore, Yuan Jue and his team will never be so peaceful along the way.

"I think that person is Lu Tianfeng. There can be no mistake."

Suddenly, the topic of Lin Caisang's Ling Xue'er jumped directly to Lu Tianfeng.

"is it him?"

Lin Changhong immediately returned to normal. Although he did not glance at Captain Liu and the others, he still knew which one his sister was talking about.

"There should be no doubt about it."

Yue Chushui also nodded his head and said.

They just didn't expect that it would be such a coincidence that on the first day they entered Haikuo Forest, they would meet Lu Tianfeng, the person they wanted to find.

"Then do we have to follow them all the time?" Lin Changhong asked.

In fact, he really didn't want to be with Captain Liu and the others at all.

When they were killing the Bi-Eyed Beast before, everyone was standing there, unwilling to do anything. When a group of them were carving up the scales and bones of the Bi-Eyed Beast, those people's eyes were full of greed. It's just a matter of grabbing it directly.

Being with such a team would really make him lose his appetite for food.

"If we weren't together, I'm afraid there would be no one left in that team." Sui Zimo said.

"Um?"

Lin Caisang raised her eyebrows and looked at her husband.

"Zimo, you mean that Lu Tianfeng wants to attack people in his team?"

She thinks it's impossible. She hasn't even obtained the City Lord's Order. Isn't it too early to attack the people in the team?

"What is he trying to do so early?" she asked.

"have no idea."

Lin Changhong shrugged and replied.

"I didn't ask you."

Lin Caisang glanced at his eldest brother angrily.

Chapter 2567 I pity those people

Did she ask her eldest brother? Do you need to answer so quickly? She was asking her husband, is he okay?

"Perhaps he feels that the people around him are not worthy of being in his group." Yue Chushui said.

"Or is it....."

"Or maybe there are people around him who can form a team with him, just enough for seven people."

Sui Zimo took over his words.

Lin Caisang: "..."

is this real? Lu Tianfeng actually has such ability to bring people in?

"He doesn't have a space like me, does he?" She whispered softly.

Hearing this, Sui Zimo looked at her and raised his eyebrows.

"Is this really going to be like this?" Lin Caisang suddenly felt that he seemed to have guessed it right.

It may not be as advanced as her Golden Pearl Space, but Lu Tianfeng may have a space that can hide people, but not too many people.

"Follow them and you'll know everything." She said with a slight curl of her red lips.

"Uh-huh."

Lin Changhong nodded vigorously, but stopped halfway.

"That's not right, Sangsang, there are so many of us following them, what else will he do?" Don't be unable to find out anything by then, right?

"Have you never heard of a saying called a dog jumping over the wall in a hurry?" Lin Caisang said.

If Lu Tianfeng really brought someone in, they would definitely be exchanged with Captain Liu and the others.

But if they were watching too closely and didn't give Lu Tianfeng a chance to make a move, but he had to take action, wouldn't that force Lu Tianfeng to take risks?

Perhaps, then they will have a chance to know what kind of trump card Lu Tianfeng has.

"It's just a pity for those people."

"laugh!"

After hearing her words, Lin Changhong sneered.

"Sister, do you feel sorry for them? Don't you see how vicious those people are at heart?"

If they hadn't seen that their strength was not so much stronger than their own, those people would have long been planning to snatch the Bi-Eyed Beast products from them, right?

And now, the reason why those people follow them is not because they really want to form an alliance with them, but because they want to benefit from them.

"I would not feel it a pity if 11,000 people like this died."

"If you can save it, you still have to save it."

Yue Chushui said seriously. Of course, he didn't like the way those people stared at him, as if they were staring at prey.

"However, Sister Sangsang and brother-in-law, everything is just speculation now. Is it really useful for us to follow Lu Tianfeng like this?" He looked at Lin Caisang and Sui Zimo and asked.

"Won't you alert the enemy?"

"So what?"

Lin Caisang asked him with a smile on her red lips.

They and Lu Tianfeng will face each other one day, and this day will be when they leave Haikuo Forest.

So now it doesn't matter if it's just a warning.

"If it scares the snake, what he wants to do in the vast forest can be eliminated. Then I would rather scare the snake."

Lu Tianfeng must have tried every possible means to enter the sea forest, not just for the son of the devil, but for something else. She thought, no matter how many people stared at him, it would be useless.

Whatever he wants to do, he will do it no matter what, even if he exposes himself.

"How about following him secretly?" Lin Changhong suggested.

Chapter 2568 Send us a signal

Hearing this, the three people's eyes were fixed on him, and then he turned his head and looked at the three people on the wall who were happily roasting Warcraft meat by the fire on the other side.

Well, he was wrong. It's unrealistic to follow him secretly.

At least right now, it's unrealistic.

"Although it is unrealistic to follow him secretly, we can follow him openly!" Lin Caisang reminded him with a calm smile.

After hearing her words, Lin Changhong chuckled.

Yes, aren't they going to the assembly area with Lu Tianfeng and the others openly?

"So, next we need to fight a few more monsters and let those people benefit a little bit more?" In this way, Captain Liu will keep following them and think about getting benefits from them.

"That's pretty much it." Lin Caisang nodded.

"That being the case, let them follow. There shouldn't be too many people, just two groups of us." Yue Chushui also said.

"Just two groups of us?"

Lin Changhong glanced sideways at Yuan Jue and his group.

Judging from this situation, Yuan Jue and the others should be with them until the assembly point, right?

If things go wrong again, and if he sees their ability to kill monsters, maybe Yuan Jue will join Captain Liu and ask for an alliance with them?

This was also something unknown, and he didn't know if he would encounter another team along the way. He doubted that there would be many people in their team when they arrived at the assembly point.

"Ignore the rest, I'm hungry." Lin Caisang said.

"The barbecue will be ready soon, Changhong. Take out the pastries from your bag and give Sonny some to eat first."

When he heard his wife say she was hungry, Sui Zimo immediately said to Lin Changhong.

"good."

Lin Changhong didn't hesitate, and immediately took out the cake and handed it to Lin Caisang.

"Sang Sang, eat some first, but don't eat too much. The barbecue will be ready soon."

"It's not good to eat barbecue all the time. Sister Sangsang, brother-in-law, how about I go to the side and see if I can pick some wild vegetables and cook some porridge." Yue Chushui suggested.

"good."

Sui Zimo responded.

With so many people following, it is naturally not allowed to take things out of the Golden Pearl Space.

But when they entered the Haikuo Forest, they brought pots and pans with them. They could build a simple stove and cook some wild vegetable porridge.

"Be careful yourself. If you encounter a monster, send us a signal." He said.

"Um."

Yue Chushui responded, stood up, and walked away.

"It's already dark, what is he doing alone?"

The three people on the wall watched Yue Chushui leave and expressed doubts, but they only asked the three people on their side. They didn't have the guts to ask where Sui Zimo and the others were.

"Who knows, just wait, he should be back soon." Another person curled his lips and said.

On the other side, Lingxueer also saw Yue Chushui leaving the team, and she was immediately unconvinced.

Why can he leave the team, but she can't?

"Brother Jue, why can't you stop him from leaving the team? What if he also goes to fight a little monster and causes trouble for us?"

She turned her head, looked at Yuan Jue, and asked.

A member of Yuan Jue's first team: "..."

It turns out that this woman knew what kind of trouble she had caused to the team before?

It's quite a bit self-aware.

Chapter 2569 What trouble does others cause?

However, they also knew that it was not that this woman was self-aware, but that she felt that Lin Caisang and others in the team would cause trouble to her if they left, and she was not happy about it.

As for the trouble she caused herself, she would never think that she had done anything wrong.

This is Lingxue'er, that's what she definitely thinks in her heart!

"How about you stop it?" Yuan Jue glanced sideways, glanced at her lightly, and asked.

"I....."

Lingxue'er choked at his words.

She really didn't expect that Yuan Jue would choke her with his words!

"Brother Jue, I am also thinking about our team. How can you say that? If you tell me to go over and say it, then I will go over and say it. It's okay. I am also willing to pass this message to brother Jue.

Everyone in this team was unkind to her, so she had nothing to be polite to these people about.

Since he wants to block her with words, wouldn't she say some harsh words?

However, as soon as she said this, before Yuan Jue could say anything, someone immediately glared at her with contempt.

"Hey, Lingxue'er, you still know that you have to think about our team? Why didn't you think of that when you killed the little Jade-Eyed Beast before?"

"you--"

Lingxueer choked again on the words of the people in her team.

"I still say what I said, I did it for everyone's benefit, and I did nothing wrong! If you think I did something wrong, then why didn't anyone stop me before? Since you didn't stop me, you are acquiescing to what I did.

Since you have all acquiesced, why should I bear the responsibility alone if something happens? "

After listening to her words, everyone chose to remain silent.

Why do they bother arguing with them when they clearly know that the other person is an idiot?

Wouldn't it be better to save your energy and collect more medicinal materials?

As a result, except for Lingxueer, who had no self-awareness, and Yuan Jue, who was as cold as usual, everyone else went about their own business and treated Lingxueer like air.

"You... you..."

Seeing their attitude, Lingxueer's eyes turned red with anger.

"If you don't go, I'll go by myself. Why should we let him harm us? What should we do if he provokes the monster?"

After saying that, she stood up angrily and was about to walk towards Lin Caisang and the others. However, before she could even lift her feet, she was stared at by a pair of gloomy eyes.

"You can take a step and give it a try!" Yuan Juesen's cold voice sounded in her ears.

Hearing this, Ling Xueer paused as she was about to lift her steps and turned to look at Yuan Jue.

"Brother Jue, if you just watch them get into trouble, it will really hurt us!" She stamped her feet on the spot, extremely angry.

But she didn't dare to really anger Yuan Jue. After all, in the vast forest, she still had to rely on Yuan Jue to get out safely. It was not too late to make arguments after everything was outside. .

"When you caused trouble before, you didn't see how anxious you were. Does it have anything to do with you when others cause trouble? What's more, you caused the trouble yourself and forgot who cleaned up the mess for you?"

Yuan Jue stared at her coldly and asked.

"Well!"

Lingxueer was choked by his words again.

She admitted that it was the people in that team who saved them, so what?

It was obvious that the Bi-Eyed Beast was coming for them, so they would naturally get half of what they got, but those people left nothing for them.

Chapter 2570 What trouble does others cause?

Should she look down upon those who snatched her treasure?

"Even if they are very capable and capable, so what? The vast forest is so vast, who knows what kind of monsters they will provoke. If they can't deal with it, then we will have to bury them with them. !"

She gritted her teeth and said bitterly.

Anyway, she just couldn't stand the attitude of so many people saying something bad about her before, but when someone else left the team, Yuan Jue said nothing!

The eldest lady of her dignified Ling family is being criticized, so why should others be spared?

"Brother Jue, don't you think about our team?"

"hiss!"

Listening to her words, Yuan Jue took a deep breath.

Suddenly, he moved his right index finger, and a pill was directly injected into Lingxueer's mouth.

Lingxueer didn't check for a moment and actually swallowed it.

"You...what did you feed me?"

She suddenly raised her hands to strangle her throat and asked Yuan Jue with her eyes widened.

Didn't he just tell a few truths? What happened? Yuan Jue actually decided to poison her?

"You're too noisy. It's better to be quiet for a few days." Yuan Jue said lightly.

He didn't want to hear Lingxueer speak for the time being. To be honest, this day was the worst day in his life, and all of this was brought about by Lingxueer.

He didn't care about others, but he must tell his family about the things Lingxueer did, lest those people in his family would have any ideas about pairing him up with Lingxueer in the future.

Such a woman is really terrible, isn't there?

"You...Brother Jue, you can't be so right..." The word 'I' has successfully disappeared from Lingxue'er's mouth.

At this point, she could no longer make a sound, at least these days, when Yuan never wanted to hear her voice, it was impossible for her to speak again.

"Lingxue'er, I don't want to talk nonsense to you. Now that you have lost your voice, if you want to do anything, you can go wherever you want. But if something happens, it is impossible to call for help."

Yuan Jue looked at her coldly and reminded her.

Lingxueer: "..."

Yuan Jue was really so cruel that she had to stay with them all the time and didn't dare to leave for a moment.

If she leaves, if she really encounters some magical beast, she has lost her voice now, and it is really impossible for her to even cry out for help.

She gritted her teeth and sat down bitterly, thinking about how she would deal with Yuan Jue in the future. She would never let him go so easily if he bullied her like this, even if the Yuan family and their Ling family were family friends!

"Captain, where do you think that person will go?" When Lingxueer finally became quiet, the people in Yuan Jue's team asked him.

"Those people have their own sense of proportion. We cannot interfere in their affairs." Yuan Jue glanced at Lin Caisang and Sui Zimo and said lightly.

If nothing else, just because those few people effortlessly killed the bright-eyed beast that chased them almost to death, their group was not qualified to ask about that group of people. .

Moreover, there was no one in that team who was as ignorant as Ling Xueer in his team, but still wanted to cause trouble.

Although a group of people was divided into two small groups, each had his own food.
