

## Star of Space 2571

Chapter 2571 Fragrant hot porridge

But he also saw that the other three people all focused on their captains and would never cause them any trouble. This was something that his team could not match.

After a while, Yuan Jue and the others saw Yue Chushui coming back with some washed vegetables and a pheasant in his hand.

"Are there pheasants in this place?"

Everyone's eyes lit up when they looked at the pheasant in Yue Chu's hand.

This is a good thing. Although what they have in their hands is all monster meat and the essence of the meat, the monsters have survived for too long. Where can the meat of pheasant be so tender?

"Captain, why don't I go take a look around? It's good to have pheasants. If not, we can also pick some wild vegetables." Someone in Yuan Jue's team suggested.

"Okay, you two go together, don't go too far." Yuan Jue responded.

They couldn't eat barbecue all the time, and they had to adjust. Yue Chushui's appearance reminded him.

Next to her, Lingxueer snorted softly after listening to their words.

There are also wild vegetables. People have pots to cook them in. Do they have them? They have nothing, so they have picked wild vegetables and want them to eat them raw?

Regardless of others, she would never eat it.

...

Soon, Sui Zimo went to the kitchen, picked out the meat from the pheasant, chopped it into minced meat, and put it into the wild vegetable porridge. Suddenly, the smell of meat and rice lingered on everyone's noses.

"Smells, it smells so good!"

Everyone lamented, why is there no one in their team who is so good at cooking?

And that man was Captain Lin's husband-in-law. He had a husband who was good at cooking. How could Lin Caisang be so lucky?

At this moment, not only women, but also men are jealous!

But what's the use of jealousy? Everyone could only watch Sui Zimo deliver a bowl of the best and most fragrant porridge to Lin Caisang, and then everyone in their team Everyone gets a bowl.

Lingxue'er stared at Lin Caisang and the others with fierce eyes, almost wanting to bite off a piece of meat from their bodies.

If she hadn't been chased by the big-eyed beast, she would have been able to eat the delicious meat of the little big-eyed beast.

But now, she is here munching hard dry food, while those who robbed her of the scales and bones of the Bi-Eyed Beast are drinking fragrant hot porridge!

How could she be balanced in her heart?

"Lingxue'er, put away your vicious eyes. If you don't stop, I don't mind making you blind for a while!" Yuan Jue glanced at Lingxue'er and warned coldly.

He shouldn't have brought a woman out who liked to cause trouble!

This was already the first time he had regretted it.

After hearing the warning, Lingxue'er withdrew her gaze, but instead stared at Yuan Jue.

But Yuan Jue didn't care about this, he just stood up and walked towards Lin Caisang and the others.

"Hello."

Arriving next to Lin Caisang and the others, Yuan Jue spoke to them politely.

"What's the matter?"

Sui Zimo raised his eyes, looked at him, and asked.

"Well!"

Yuan Jue was rendered speechless by his glance. He couldn't help but raise his hand and touched his nose.

Indeed, Lingxue'er had been quite unfriendly to them before, so it was understandable that they would question her like this.

Chapter 2572 Eat something light

"Sorry, I just wanted to come over and thank you for your life-saving grace. Without your help, our team would probably not survive." He said quickly.

"Also, the members of my team were not very friendly to you before. I apologize to you on his behalf. She has been spoiled by her family since she was a child. She will be punished accordingly when she leaves Haikuo Forest."

Hearing this, Lin Caisang and the others did not react much, but Yue Chushui glanced sideways at Lingxue'er, who was still glaring at others with her pig eyes.

"How can you, like you, leave the vast forest?" he asked.

"Well!"

Yuan Jue was choked again.

Yes, with Lingxue'er's temperament, can they leave Haikuo Forest safely?

Let alone others, not even he can guarantee this!

Of course, it would still be possible if he resorted to some extraordinary means, forcing Lingxueer to obey his orders.

But before, he did this.

But along the way, he couldn't always do this, so he still had to find a way to stop Lingxueer from being so troublesome, causing trouble for him and making enemies everywhere.

"I will handle Lingxue'er's matter and won't let her cause anything else." He said seriously to Lin Changhong.

"I hope so."

Lin Changhong's thin lips curled up slightly and he replied with a faint smile.

But when he looked at Ling Xueer, he saw that she was a particularly unreliable woman.

Looking at her now, even though she had been taken care of, she was still glaring at them with eyes filled with hatred, as if all the suffering she had suffered was because of them.

"Brother, please lend our pot to Captain Yuan temporarily. His team is full of injured people and they should eat something light." Lin Caisang raised his head and gave instructions to his elder brother.

Lin Changhong: "..."

After working on it for a long time, this person didn't really come to apologize to them, but to borrow their pots and pans to cook!

Fortunately, he still wanted to mention a few words to this person. It seems that there is no need for it, right?

"Thank you so much Captain Lin."

Yuan Jue felt a little embarrassed himself, and said his thanks with a blushing face.

"Thank you, no need, but the pot hasn't been washed yet. If you want to use it, you have to wash it yourself." Lin Changhong handed the pot on the side to Yuan Jue and said.

"Remember to return a clean pot. As for the bowl... there are so many big trees. I believe that with Captain Yuan's ability, he can still make a few wooden bowls, right?"

"Yes Yes."

Yuan Jue responded repeatedly, then took the pot and left.

On the other side, Captain Liu gritted his teeth in anger as he watched Yuan Jue take away the pot from Lin Caisang's team.

He was thinking before that Yuan Jue and the others didn't bring anything with them, so what's the use of picking wild vegetables? Do they want to eat them raw?

It turned out that Yuan Jue was so awesome that he had the audacity to go to Lin Caisang and his team to borrow the pot!

It's okay to be thick-skinned, but this person... Borrowing and returning, borrowing and returning again, it is inevitable that the two teams will start to become familiar with each other.

Lin Caisang and his team were obviously the first to meet him, and he was the first to propose an alliance. They must not let Yuan Jue and his team take the lead and fall in love with Lin Caisang and his team!

No, he will also borrow the pot later.

"You two, go check nearby and see if you can find some wild vegetables." He gritted his teeth and ordered the team members around him.

Chapter 2573 Exploded into darkness!

The two team members looked at me and I looked at you, but in the end they said nothing, got up and went to look for wild vegetables.

This is in the Haikuo Forest, even wild vegetables are very spiritual. It will not be a loss to them if they eat them. Just pick them as they come. It just so happens that Yuan Jue has already grown up.

You can still borrow the pot.

"call!"

Lu Tianfeng looked at those people and really exhaled heavily.

What kind of thing is this? He came to Haikuo Forest for serious business, and he didn't just come to watch them enjoy life?

Originally, they should have been traveling all night, but because Yuan Jue and his team were injured, they were delayed all the way. At this speed, when would they be able to reach the assembly point?

"Master..."

The subordinates looked at their master Yin Linlin's face and knew that he was angry again.

However, there are so many people, but they can't kill them, and they can't leave them, so what else can they do? We can only spend so much time with them!

"Shut up!"

Without waiting for his subordinate to say anything, Lu Tianfeng glanced at him coldly and shouted coldly.

Now that he can't deal with those people, he can only vent his anger on his subordinates. He can't let him hold it in, right?

If possible, he would also like to kill these people directly.

However, it is easy to kill these people, just use a colorless and odorless poison.

But it is not that simple to disguise so many people and become his people. The key is that he does not have that many people in his hands.

"call."

He exhaled heavily again, and then looked at his subordinates seriously.

"You go and collect some medicinal materials, and I will refine the medicine to help their wounds heal as quickly as possible. We can quickly set off to the assembly area." He ordered.

"Yes, sir."

The subordinates responded and got up to collect herbs from all around.

...

"Roar--"

'boom--'

There were two loud noises. When Lu Tianfeng, who was refining medicine, heard the roar of a monster, he was so frightened that all the good medicine in his hand was scrapped.

Moreover, he also blew himself up completely!

"What's the situation? What's the situation?"

"Warcraft, where is the Warcraft?"

"What's going on? Is there a monster attack?"

When everyone heard the two loud noises, they instinctively ignored the sound of the explosion of Lu Tianfeng's refining medicine, and directly asked about the situation of the Warcraft.

The roar just now was definitely the sound of a Warcraft, and it was not an ordinary Warcraft, but a very high-level one.

"Roar--"

"Roar--"

There were two more roars of monsters.

This time, everyone could tell that the two roars of monsters did not come from the same monster at all, or even the same kind of monster.

Therefore, there were monsters fighting near them, which woke them up.

"Are there monsters fighting?" someone asked speculating.

"probably."

Captain Liu was also woken up, listening to the roar of the monster, and then nodded.

"It's just a fight between Warcraft. It's nothing serious. Let's continue sleeping..." When several team members heard that it was a fight between Warcraft, they all lowered their guard and prepared to have their sweet dreams.

but.....

"Why sleep?"

Before they could finish speaking, Captain Liu punched each of them, telling them to wake up quickly!

Still sleeping, these people really didn't have any precautions at all. He was really disappointed.

Chapter 2574 Let them go

They are like this, and they still want to make a fortune with them in the vast forest, and then become famous for a while on the Qianhuan Continent?

"The sound is not far away, and there are two very powerful monsters. There are so many of us here together, and there are not enough people to be stepped on by them. How dare you sleep?"

Stare, stare, and continue to stare at these idiots.

"Aren't you afraid that once you fall asleep you won't be able to get up again? Pack your things quickly and let's go!"

As the saying goes, if the city gate is on fire, it will affect the fish in the pond. They still have time to leave now. If they leave too late, they will probably become pulp.

"Yes, yes, pack your things quickly and leave!" After hearing his words, the others suddenly woke up and nodded quickly, and then prepared to pack their belongings and leave. m

Previously, it was okay for Lin Caisang and his team to kill a Warcraft, but that was two Warcraft fighting.

Moreover, the spiritual power fluctuations in the air are felt to be no weaker than the previous piercing-eyed beast, or even stronger. Can they still survive such a situation?

On the other side, when Lin Caisang stood up in confusion and wanted to ask what was going on, he saw Captain Liu's team, who had already started to pack up their own things and prepare to run away.

"What is this scenario?"

She was originally going to ask about the situation of the Warcraft, but she directly changed it to asking about the situation of those people.

What kind of situation is this? When I heard the roar of the monster, I became afraid like this. Everyone was anxiously preparing to escape. Are they afraid of being eaten by the monster?

"Let's go, let's go, let them go." Lin Changhong looked at their busy surroundings and couldn't help but curl his lips.

It's good to have gone clean. When we see them again, it is estimated that the entire team has been replaced by Lu Tianfeng's people. If this is the case, it will save them a lot of trouble. They can just follow Lu Tianfeng and his group. .

"Where's Zimo?"

Lin Caisang looked left and right but didn't see her husband, then turned to ask her eldest brother.

"He took Chu Shui to see the situation and should be back soon." Lin Changhong replied.

"oh."

Lin Caisang nodded.

"Then why didn't you go?" she asked.

Lin Changhong: "..."

There are only four of them in total. Shouldn't one of them be left behind to protect their key protection target?

"I was left to watch you. You know, not everyone here is so kind. There are many people with evil intentions."

He was talking about Lu Tianfeng and the others, of course, and the one named Ling Xueer, who had been glaring at them before, but now was just awakened by the monster, hiding behind Yuan Jue, and looking at them with calculating eyes.

"It's you I'm talking about. What are you looking at? How can you plot against us?"

He yelled at Lingxue'er.

Since this woman has no self-awareness and doesn't know how to hide it at all, then he has nothing to hesitate about. Can't he just attack her directly?

Hearing Lin Changhong's voice, Yuan Jue, who was protecting Lingxue'er behind him, turned cold and turned around to take Lingxue'er out.

"You still want to die?"

He asked her coldly, really wondering if this woman's head was filled with grass?

Lingxue'er gritted her teeth and held her neck tightly without speaking. Of course, she couldn't speak either.

She just wanted to kill the people in that team, especially that woman, so what?

Chapter 2575 There is a more beautiful one

If it weren't for that woman, how could she be so disliked by the people in her team? She had cooked porridge in the evening, but when she saw that she was choked and didn't serve it, no one was willing to serve her a bowl or comfort her.

She was so miserable here and was treated so unfairly by the team members, but over there, Lin Caisang was held up by her team members like stars over the moon.

How could this balance her mind? She was ready to kill Lin Caisang!

Her resentful eyes glanced at Lin Caisang again, just wait, as long as that woman didn't kill her, she would definitely make that woman look good, and she would make sure that Lin Caisang could not leave Haikuo Forest.

'Snapped! '

A clear voice sounded.

Lingxue'er felt a sharp pain on her face. She raised her hand to cover her face and looked at Yuan Jue in disbelief, who was still in the posture of hitting someone.

He actually hit her?

Even if she was poisoned and made unable to speak, she never thought that Yuan Jue would beat her without giving her any face in front of so many people!

"Woo!"

She couldn't live up to expectations and her tears fell straight down. She raised her feet and was about to run away.

However, how could Yuan Jue give her this chance? He stretched out his hand, grabbed her arm, and then threw her towards another team member.

"Watch her. If she dares to mess around, knock her out!" he ordered.

There are two powerful monsters fighting now, and it is very likely that Chi Yu will be harmed, and he saw the figures of Sui Zimo and Yue Chushui leaving quickly just now.

Judging from their appearance, they wanted to fight with those two monsters.

In this case, there is no reason for them to escape first. They should also fight with those monsters. For no other reason than to increase their own strength, he should do that.

"Woo!"

Lingxueer stared at Yuan Jue with tearful eyes.

Should this man be so awesome? The kindness she treated him in the past was really a waste of time!

She finally understood that no man is good, and it all depends on his face.

I used to treat her well when I saw her good-looking, but now there is a more beautiful one next to me, so I can treat her like a piece of useless grass, right?

Thinking about it, she turned her head again and glared at Lin Caisang!

Lin Caisang, who was just about to go with his eldest brother to see what was going on there, felt speechless.

What is going on? Lingxueer, this woman, must be going crazy. Why do you glare at her from time to time?

Does she really look that easy to bully?

With his backhand, a ray of spiritual power turned into a long whip and hit Lingxue'er directly. With a 'snap', a large piece of her hair was cut off.

"Well!"

Lingxueer was extremely frightened and immediately wanted to hide behind Yuan Jue.

But the team member next to her grabbed her and refused to let her leave. Then, he looked at Yuan Jue.

"Captain, Miss Ling suddenly had an idea. I am really helpless. Can I tie her up with a rope?" he asked.

How could he see this woman with all her tricks and a pair of eyes? If the captain allowed it, he could just take a rope and tie her hands.

The other end of the rope was in his hand.

In this case, Lingxueer would not be allowed to leave his side and do those disgusting things, and he would not be able to look down on others.

Chapter 2576 Beaten hard

"Uh-huh!"

Lingxueer shook her head fiercely. She didn't want to be tied up. If she was tied up, where would she put her face?

She dared to conclude that she would be ashamed of this for the rest of her life.

Yuan could never treat her like this!

However, Yuan Jue disappointed her again. He nodded towards the team member.

"Tie her up so she doesn't harm others again!" he said.

Looking at Ling Xueer's sinister eyes, she kept staring at others, either this or that, as if everyone in the three teams had a grudge against her.

Maybe the next moment, she will harm other people. This is something Lingxueer can do.

When a person loses his mind, he can really do anything.

"Well!"

Hearing his words, Lingxueer was almost so angry that she spit out a mouthful of blood.

Stretching out his arms, his claws wanted to greet Yuan Jue's face, scratching his face directly.

But the team member next to her also didn't give her a chance to do that. He caught her directly, then took out the rope and tied her wrists tightly in a few strokes.

"If you still want to become a monster, you have to see if I give you the chance!"

Lingxueer was so angry that she really wanted to curse people, beat them and kill them!

But now she couldn't speak, and her hands were tied, so she could only kick people with her feet. But as soon as she raised her feet, the team member also raised his feet and kicked her back.

In the end, it was just the excruciating pain in her calf.

On this side, Yuan Jue finally became cruel to Ling Xueer, but on the other side, Sui Zimo did not come back, but Yue Chushui did.

"how's it going?"

Without waiting for his sister to speak, Lin Changhong asked Yue Chushui.

"They are two level six monsters. One of them is also a piercing-eyed beast, and the other is a flame beast. They fought hard." Yue Chushui said to them.

"Brother-in-law is watching over there, let me call you over."

"good!"

Lin Caisang nodded.

The calculation in my mind has already started. If there are six-level monsters, with their current strength, it is still possible to defeat one, but to defeat two... it is basically killing them.

Therefore, you can't fight directly. You have to wait until the two monsters are both injured before reaping the benefits.

"Captain, do you want to fight World of Warcraft again?"

The trio of wallflowers heard their voices and hurried over. One of them asked.

Since they killed a Jing-Eyed Beast before, they have become more and more confident in their own strength. Of course, the most important thing is that they are confident in the strength of Lin Caisang and Sui Zimo.

If these two people say they can fight, they must be able to fight.

After hearing his words, Lin Caisang turned to look at them and gave instructions.

"You go over there and ask to see if other teams want to help us."

"Okay, let's go right away."

The trio of wallflowers responded and turned to look to the other side.

Unexpectedly, I happened to see Captain Liu and his party having packed all their luggage and were about to leave.

They couldn't help but twitch the corners of their mouths, feeling that Captain Liu was really not suitable to be a captain. How could they get alchemy materials like this?

That all has to be fought out from the monsters!

On Yuan Jue's side, Lingxue'er, who was staring like a rooster, has been tied up and should be ready for a good fight.

Chapter 2577 Let's say goodbye

"You go to Captain Yuan's side, and we'll go find Captain Liu.

The three of them arranged their errands and walked over. One person at Yuan Jue's place was enough, and it was just a matter of saying a word.

But Captain Liu, haha, since they are going to run away, they will naturally not have a share in the alchemy materials they finally obtained. There is no need to say anything else, but this must be made clear in advance.

...

"What?!"

Hearing the words of one of the trio, Captain Liu seemed to have heard a fantasy.

"You are going to kill the monsters? Those are... very strong monsters, and there are two more of them!"

He didn't know how strong those two monsters were, because he couldn't feel it. However, since he couldn't even feel the level, they must be very strong monsters!

Therefore, he would never mess with such a monster.

"so what?"

One of the three people on the wall raised an eyebrow at Captain Liu and asked.

"Can't go, can't go, absolutely can't go!"

Captain Liu immediately shook his head, feeling that the idea of killing a monster was really terrifying.

He wanted to get some benefits from Lin Caisang and his team, but he didn't say that he could risk his own life!

That was a very powerful monster, and there were more than one. How could they kill it? How could they defeat it?

There are twenty-one people in the three teams here. I'm afraid that's not enough to fill the stomachs of those two monsters, right? How can he kill him? Even if he is willing to go, the team members behind him are unlikely to be willing.

"Captain Liu, you don't want to go?" the trio asked.

"Since you don't want to go, our captain will naturally not force Captain Liu. But when the time comes...if the monster is killed, Captain Liu shouldn't be greedy for the things on the monster."

Captain Liu: "..."

Why did he feel that these two people were not here to invite him to kill the monsters together, but to warn him not to snatch the two monsters from them?

But to be honest, there must be a lot of treasures in the two monsters. There are only a few people here, and everyone must be able to get a lot. How could he be willing to give up like this?

"I....."

He opened his mouth, not knowing what to say.

What he was thinking at this moment was that he didn't want to risk killing the Warcraft, but he wanted to get some things from the Warcraft.

But he himself also knew that that was impossible. How could Lin Caisang and the others be so easy to talk to.

"Since Captain Liu is not willing to kill the monsters with us, we will take our leave." The two of them clasped their fists at Captain Liu and turned around to leave without giving him a chance to speak.

As long as you say what you need to say clearly, that's it. They don't want to worry about the rest.

Huh, I'm not willing to pay for anything, I just want to share a piece of the pie with the people like them who are fighting desperately at the front. How can there be such a good thing in the world?

What a beautiful thought!

"wait wait wait....."

"Captain, let them kill. We will not participate this time. If they can even kill such a powerful monster, then we will go with them next time."

Before Captain Liu could say anything to save the two of them, the team members next to him spoke to him.

Of course, the so-called going with them was just for fun. The ones who really killed the Warcraft should be Sui Zimo and his team.

Chapter 2578 So awesome!

After hearing what the team members said, Captain Liu took a deep breath and nodded.

You're right, he has to see the true strength of that team first, right? As long as they can kill those two monsters, he will definitely help them kill the monsters next time.

"Let's do it this way, we'll just wait for them here." He said to his team members.

Anyway, before he saw the true abilities of Sui Zimo and his team, he would never go on an adventure with them.

There was only a fourth-level monster before, but now it is no longer a fourth-level monster, and there are still two of them. How can he accept this?

However, Lin Caisang and the others ignored Captain Liu and the others, and walked directly in the direction where the two monsters were fighting.

...

At that time, the two monsters were already fighting fiercely, almost to the point of life and death.

When she arrived with people, Sui Zimo was hiding in a safe place, trying not to let his breath spread to the two monsters.

"Zimo, how's it going?"

Lin Caisang signaled the others to be silent, then looked at Sui Zimo and asked.

"They are still fighting, it seems they are fighting for a female beast." Sui Zimo lowered his voice and explained to his wife.

Lin Caisang: "..."

A bright-eyed beast and a flame beast, fighting for the same female, end up in a life-or-death situation?

Why does she sound so fantasy?

Could it be that in this vast forest, different types of monsters could still be together? Then aren't there many varieties of Warcraft in this place that they don't even know and can't even name?

"Where's the female?" she asked.

Of course, although she felt cold in her heart, her attention still fell on the female beast her husband had mentioned.

"I just saw the Bieye Beast and the Flame Beast fighting, and it followed a male Winged Lion Beast." Sui Zimo replied again.

Everyone: "..."

What the hell is this? Then who are these two powerful monsters fighting here for?

They were still thinking that the fishermen would benefit, but little did they know that they were actually one step behind the lion-winged lion beast, and he took the lead and used the glaring-eyed beast and the flaming beast together.

This is called the true fisherman's profit, it's so awesome!

If they remember correctly, the Winged Lion Beast is actually a very weak monster, and it can actually snatch the female away from the Bieye Beast and the Fire Flame Beast?

"Ignore the winged lion beasts for now, Zimo, look at those two monsters, do we have the strength to deal with them?" Lin Caisang looked at Sui Zimo seriously and asked.

Originally, she wanted to wait until these two were fighting to the death and both sides were hurt, then she would clean up the mess.

But things had gone beyond her imagination, because two more beasts appeared, and she naturally didn't want to let them go. It was best to deal with these two before continuing to deal with the other two.

"The Flame Beast has been seriously injured, and the Bieye Beast is at the end of its strength." Sui Zimo said directly.

"Shall we go then?"

Lin Caisang tilted his head and looked at the two monsters that were still biting each other without paying any attention to them.

"You fight the fire beast, and I fight the bead-eyed beast," she said.

"good."

Sui Zimo didn't object. If his wife wanted to be beaten, he would let her do it.

"Changhong, you and Chu Shui go with Sonner."

Turning his head, he explained to Lin Changhong and the others.

Chapter 2579 Beat yourself hard

"Um.

The two nodded vigorously and followed Lin Caisang.

"You three, follow Zimo. As for the others, Captain Yuan, you can arrange whatever you want."

Lin Caisang glanced at the three people on the wall, gave instructions, and then looked at Yuan Jue and his party.

Because Lingxueer was making such a fuss that one person came to watch her, so there were only five people in Yuan Jue's team, and the other two were still over there.

Yuan Jue said nothing, but nodded to Lin Caisang.

They were chased like that by the fourth-level dazzling-eyed beast before. To be honest, they are still frightened now.

If I could knock down all the six-level dazzling-eyed beasts right now, I would be able to get rid of the bad breath in my heart, but...

Looking at Lin Caisang's side, there were Lin Changhong and Yue Chushui. Obviously there was no need for so many people, so he decisively chose to let two people help Lin Caisang, while he took the other three people. , followed Sui Zimo to fight the fire beast.

"Ho ho ho!"

When a group of people rushed out, the Bieye Beast and the Flame Beast finally reacted and roared at them.

Then, the two magical beasts that were fighting fiercely separated suddenly and began to deal with the two groups. However, they were both injured. The spiritual power of the magical beasts was also limited and could not be exhausted. Stop consuming it.

But with level six strength, he won't be suppressed in a fight with a few humans.

The battle started again. This time, the two monsters who were originally fighting to the death began to cooperate, attacking each other's opponents who wanted to harm each other.

Facing the flame beast, Sui Zimo's aura was fully activated, and streaks of thunder spiritual power were directed towards the flame beast.

On the other side, Lin Caisang did not restrain his spiritual power, and hit the Bieye Beast's weakest belly with one spiritual whip after another.

But she herself was standing on the head of the Bi-Eyed Beast, and the spiritual whip seemed to be able to turn. No matter how the Bi-Eyed Beast tried to dodge, it kept hitting the same spot on its belly.

"Ho ho ho!"

Bi Jing Beast was so heartbroken at this moment, why is this woman so scary.

Does the flesh on its belly really look so easy to bully?

But its limbs can't go up and slap towards my forehead, otherwise, it will definitely beat her into a pulp.

But it is not a vegetarian. Although it cannot flap its limbs, it does have a tail. Its tail is slightly raised and flaps directly towards the woman on its forehead.

"Sangsang!"

"Sister Sangsang, be careful!"

Lin Changhong and Yue Chushui reminded each other at the same time.

The next moment, there was only a loud bang, accompanied by a miserable scream of a monster.

When Suizi Mo heard the sound and turned his head to look at his wife, he saw Lin Caisang sitting on his mount and flying up, and the long tail of the Bieye Beast slapped him hard. on the forehead.

That scream was caused by the Bi-Eyed Beast beating itself hard.

Everyone: "..."

Is such an operation still possible?

What should I do? They all feel embarrassed for the Bi-Eyed Beast. Even if they want to hit someone, they can just swipe them sideways. Why should they slap them directly on the head?

Isn't this asking for his own death? Look at how beaten he was. He didn't even think about dealing with the enemy and just jumped on the spot.

Chapter 2580 Get Nothing

"Brother, Chu Shui, attack!"

Lin Caisang sat on his flying mount, and his spiritual whip transformed into spiritual power and hit the Bi-Eyed Beast directly.

Lin Changhong and Yue Chushui nodded at the same time, and then began to output spiritual power densely towards the Bi-Eyed Beast, hitting it all over the body, and the most hit was on its stomach.

On the other side, Sui Zimo looked away when he saw that there was nothing going on here, and continued to deal with the flame beast.

With Sui Zimo's full output, the injured flame beast was quickly defeated and was killed by Sui Zimo's thunder spiritual power, and Lin Caisang was not far behind.

Together with Lin Changhong and Yue Chushui, the three of them cooperated seamlessly, and the battle ended quickly.

The two huge monsters fell to the ground, and the two teams began to discuss how to divide them. Yuan Jue thought that they were in a group, and one of them was just a supplementary one. He didn't put in much effort, so he just took some.

Of course, Lin Caisang would not really just give Yuan Jue and the others a little help. The alchemy materials on the two Warcraft were worth 30-70.

This made Captain Liu and others who rushed over to check the situation after not hearing the roar of the monster, look so jealous!

"Captain, how about we..."

"Shut up!"

Listening to the team member who had previously advised him not to be troublesome, he continued to speak, staring at the two monsters with a pair of greedy eyes.

He really wanted to take a photo of this person thousands of miles away!

If he hadn't persuaded him in his ears not to do anything, he would have definitely come to help. Even if he didn't get three-tenths of Yuan Jue's team, he could still get some scraps. Bar?

But now, they can't get anything.

"Stop talking to me from now on!"

That team member: "..."

What does it have to do with him? Obviously the captain thought so in his heart, and he didn't want to deal with those two monsters, right?

Now that Warcraft has been beaten to death, they can't get anything done, so they just blame him?

This is not okay, it has nothing to do with him at all!

However, he didn't dare to say this. If he did, their captain wouldn't be able to give him small shoes to wear along the way?

He also saw that their captain, who looked so righteous and awe-inspiring, was actually a villain who loved to make small gains. He also saw it in his eyes just now. He wanted to kill two monsters. Take it all for yourself.

"Captain, you can't blame us. Who knew these people could be so heartless and crazy that they could even kill two level six monsters!"

He felt aggrieved for himself. How did he know those people could be so powerful?

"Hi, ho!"

After hearing his words, Captain Liu also took a deep breath and exhaled heavily.

It seems that these people still retained their strength when they fought the piercing-eyed beast before, but now... they have killed two level six monsters, which may not be their full strength.

He really underestimated them before, and he must follow them in the future. No matter what kind of monster they kill, he has to go up and help.

If he had helped this time, he would have received three-tenths like Yuan Jue and the others.

If so many scales and monster bones were sold outside, how much would they be worth? It would be a huge fortune.

Unfortunately, he was temporarily distracted and did not go up to help.

Now, I can only get nothing.
