

Star of Space 2591

Chapter 2591 It's all her fault!

The trio of wallflowers were now very practical, and one of them immediately spoke.

Why are they anxious? There will be a lot of Warcraft to fight them in the future, and it is not just Warcraft. It can be expected that there will be many other things waiting for them to get.

A bit of snake scales and bones are not rare to them at all.

Yes, it's a look that's not strange.

Everyone: "..."

Why don't you be so willful? You're just following a big boss!

The trio of wallflowers said that even if you want to follow the big boss, you still can't, huh!

All the things on the Hanluohui Snake were quickly divided. Except for the snake tendons, the rest of the things were divided into half for each team, which was just right.

Of course, everyone in Yuan Jue's team is still much more divided than Captain Liu and his team, because... Lingxue'er is still excluded from them and can't get anything.

When Lingxue'er woke up from the coma, she found out that she had been swept by the snake's tail until she vomited blood and fell into a coma. She still couldn't get anything. She almost fainted again from anger.

Why, these people are really going too far.

She glared at Yuan Jue hatefully, feeling that this man was too merciless. No matter what, she would be Yuan Jue's wife in the future!

"Before you realize your mistake, don't think about anything. Yuan Jue glanced at Lingxue'er and threw a word directly.

Ling Xueer: "..."

What did she do wrong? Why does everyone have to talk to the woman with the big belly?

What kind of ecstasy soup did that woman pour into them to make them become like this? When everyone talks about Lin Caisang, they look like they admire her!

They were all that person. If it weren't for her, she would be the delicate girl in the team. Not only would she be protected by Yuan Jue, but also everyone else would fawn over her.

But now, everything from her has been taken away by Lin Caisang.

She really wanted to rush over immediately and bite off a piece of meat from Lin Caisang's body!

"Miss Ling, please stop being unconvinced. You should change your temper. This is a vast forest with dangers everywhere. It's too late for everyone to avoid dangers. How can we have the time to follow your wishes?" , coaxing you!"

Another woman in Yuan Jue's team really couldn't bear to see Ling Xueer acting so arrogantly, so she persuaded her with serious words.

However, her kindness only got a cold glare from Lingxueer, and nothing else could be exchanged for it.

Lingxue'er has always felt that she was not wrong. Moreover, if it weren't for Lin Caisang and the people in her team had obtained so many alchemy materials, how could she be excluded?

Originally, she should have gotten a lot of alchemy materials, and even Yuan Jue's share should have been handed over to her for safekeeping!

But now everything is just a fantasy, those people treat her as an enemy, all this is because of Lin Caisang, she is the fault!

"call!"

On the other side, Lin Caisang drank a bowl of broth and let out a sigh of relief.

"Zimo, am I really too talkative?" She looked up at Sui Zimo beside her and asked doubtfully.

If she wasn't so talkative, why would the woman in Yuan Jue's team provoke her every time?

Is it because he felt that after glaring at her a few times and not saying anything, she could openly say this to vent her anger?

Chapter 2592 Spirit Binding Rope

"Sangsang, do you still know that you are too talkative?"

When Lin Changhong heard his sister's words, he looked up at her in surprise and asked.

Lin Caisang: "..."

She was just asking a casual question, was there any need to block her with words?

What's wrong with her being so talkative? Didn't you see that Lingxue'er had been treated so badly? No one in the entire team spoke to her, and they were speechless and their hands were tied.

But having said that, being able to do what Ling Xue'er does as a human being is really amazing!

"Do you like staring at me so much?"

She glanced sideways and looked in the direction of Lingxue'er, and in her hand, from the teacup that her husband had just handed over, a drop of water splashed out and shot directly towards Lingxue'er.

next moment.....

"ah!"

An earth-shattering voice reached everyone's ears from Lingxue'er's mouth.

Yuan Jue, who was talking to another team member, paused and turned to look in the direction of Ling Xue'er. He saw that she was covering her left eye at the moment, with blood flowing out from between her fingers.

"hiss!"

Others were also frightened by this scene.

Yuan Jue didn't understand even more. He had clearly poisoned Lingxue'er. Without his antidote, it would have been impossible for her to speak. Why could she make a sound now?

And the rope in her hand is no ordinary rope, it is a spirit-binding rope that the spiritual cultivator can't break free of no matter what.

How could such a rope be broken as soon as it was broken?

"My eyes, my eyes!"

Lingxue'er continued to scream and cover her eyes. Except for the blood stains, the rest of her face was pale.

At this moment, her eyes were really hurting so much that she was about to faint, but there was a voice in her head reminding her that her left eye was blind and she would never see again!

"Who, who dares to hurt me, stand up if you have the ability, stand up, I will kill you! I will kill you!"

She stood up, enduring the pain in her eyes, and roared around her.

Which bitch dares to attack her? Isn't it because he sees her being bullied by Yuan Jue and feels that she has no backer?

So what if Yuan Jue is not there? She is still the eldest daughter of the Ling family. From now on, the entire Yuan family will be hers alone. Who is this bitch who dares to hurt her?

When the others heard Lingxue'er's words, they all took a step back, trying to stay away from her.

Although they have been watching Lingxueer trying to die in the past two days, and they have ridiculed and despised her, but no one here dares to harm Lingxueer openly and in a life-long way like blinding her eyes. That's what it does.

After all, there is another Ling family behind Ling Xueer, and they don't dare to go against the Ling family.

So at this moment, no one dared to say anything.

"Kill me? Haha."

Lin Caisang chuckled and looked down at the cup in his hand.

"Didn't Miss Ling always want to kill me? Otherwise, why would she keep staring at me with such disgusting human eyes? Huh?"

Hearing the voice, almost everyone's eyes turned to Lin Caisang who made the noise. Even Lu Tianfeng couldn't help but glance at this woman because he also didn't see how this woman took action. of.

It was not just the matter of destroying Lingxue'er's eyes, but also the rope in her hand and the poison on her body.

It's not that easy to untie.

But Lin Caisang did it all in one thought.

Chapter 2593 Two eyes are completely blind

Isn't this woman really young? Then is it impossible to realize what he wants to do?

He wanted to kill one or two people before, but because Lin Caisang kept saving people, he simply couldn't kill anyone in his team.

He was still thinking of a way just now, but now that he sees Lin Caisang showing off such a trick, it seems that things are a little difficult to handle!

"It's you! It's you bitch. I have no grudge against you. Why do you want to harm me?!"

Lingxue'er heard Lin Caisang's voice, raised her other hand, pointed directly at Lin Caisang, and asked sternly.

"Well!"

Hearing her words, he was as calm as a forest picking mulberry trees, but he also choked hard.

Then she turned her eyes and glanced at her husband innocently. Her innocent eyes seemed to ask, did I hear something wrong?

Still have no grudges or grudges?

How did that woman say the words "no grudges and no grudges" with a bitter and resentful expression?

Is it because she hasn't done anything to herself yet?

That wasn't because she was restrained by Yuan Jue and couldn't do anything. She felt that if Yuan Jue hadn't attacked her directly, Lingxue'er would have attacked her long ago, right?

Of this, she was very sure.

"good."

Sui Zimo looked at his wife lovingly and raised his hand to gently stroke her earlobe.

"Yes, you have no grudges against me."

Lin Caisang raised her hand and touched her nose. She turned her head and continued to look at Lingxue'er.

"It's just that I really don't like the way you stare at me. It makes me feel inexplicably that you are someone who needs to be dealt with. Moreover, in fact, I have been very merciful. At least, I have left you an eye. Isn't it?"

She looked at Lingxue'er with a heavy look and said.

You know, the person who offended her before was already blind in both eyes.

"you--"

After listening to her words, Lingxue'er felt a breath of bad breath stuck in her throat, and she almost died of anger.

Just as she was about to yell at Lin Caisang, she heard Lin Caisang continue to speak. This time, she was not hurt to death by her eye injury, but was so angry that she vomited a mouthful of blood.

"After all, the person who stared at me before had both eyes gone," Lin Caisang said.

But after a pause, she handed the teacup in her hand to her husband, then slightly curled her red lips and spoke again.

"But it doesn't matter. Before, I heard that completely blind woman say that she could dig out a pair of other people's eyes and put them in for herself. How about I introduce you to her and let her put one in for you too?" How about looking up to other people's eyes?"

"You...poof!"

Lingxue'er was really so angry that she spit out a mouthful of blood.

With one eye attached, she is also an alchemist. Do you think she is a child who knows nothing?

"Brother Jue, do you just watch your fiancée being bullied by outsiders?"

She knew that with her words, she would definitely not be able to win over Lin Caisang, so she set her sights on Yuan Jue.

I believe that as long as she uses the name of Yuan Jue's fiancée, even if it is for her own face, Yuan Jue will avenge her blindness, right?

It's a pity that Yuan Jue has been completely disappointed with her based on what she has done these days.

At this moment, Yuan Jue wanted to cut off all ties with Lingxue'er. How could he possibly admit the relationship between an unmarried couple? What's more, there is no relationship between an unmarried couple at all.

Chapter 2594 What are you going to do?

"Lingxue'er, what are you talking about? My Yuan family and your Ling family are just family friends, and we have never had a marriage contract. Do you want to impose your will on my Yuan family? "

He asked Lingxue'er sharply.

Not to mention that his mother had strongly opposed it in the past, but the marriage between Yuan Ling and his family had never been successful. Even if his mother did not object, he now sees clearly what Ling Xue'er is like. How could he allow the Yuan Ling family to marry? ?

"Don't say that I, a man, need reputation, but you, a girl, should pay more attention to your own reputation. How could you say something like this so casually that it has never happened before?

As the eldest lady of the Ling family, your words and deeds represent the entire Ling family. How can you talk such nonsense? "

"I....."

Lingxue'er had a bad breath stuck in her throat, and her mouth was filled with the taste of blood.

What did she hear? Yuan Jue didn't admit his relationship with her. It was clear that Yuan Jue treated her very well before.

Oh, she had forgotten that everything had changed since arriving in Haikuo Forest. Yuan Jue started to look at Lin Caisang, the pregnant woman.

"Brother Jue, have you also fallen in love with that woman? Doesn't she just have a pretty face? What else is there? Didn't you see that she is pregnant with another man's child?"

She pointed in the direction of Lin Caisang and shouted sharply at Yuan Jue.

Yuan Jue: "!!!"

When did he fall in love with Lin Caisang? Could it be that he fell in love with someone else just because he cut off the relationship with Ling Xueer?

Everyone: "..."

There is something wrong with this woman's brain. Does everyone in the world have to revolve around her?

Also, can you stop targeting Captain Lin? Captain Lin really didn't do anything. He just blinded one of Lingxueer's eyes, but Lingxueer asked for it.

If you stare at people every day, everyone will fight back.

Do you really think that she is the eldest lady of the Ling family, and others deserve to be stared at by her and let her go?

This time it was just a kick to the iron plate, one eye, just take it as a lesson. However, the eldest lady of the Ling family seems not to want to take this lesson!

When Lin Caisang heard Ling Xueer's words, she really... didn't know what to say.

But the other people around her didn't look so good. Yue Chushui stood up directly and walked towards Lingxue'er.

"You...what are you going to do?"

Seeing Yue Chushui walking straight towards her, Lingxue'er felt frightened and took a step back while covering her injured eyes.

Yue Chushui didn't say anything, just picked up Lingxue'er's collar, raised her hand and slapped her four times, "slap, slap, slap", so that the pale color on Lingxue'er's face was gone.

"If you dare to speak rudely to my sister again, I will let you stay in the sea forest with your life!"

He threatened Lingxue'er in a cold voice, and then threw her out unceremoniously.

Lingxue'er, who was already blinded and in terrible pain, could not stand at this moment and fell to the ground unable to get up.

It's a pity that after she committed suicide, no one reached out to help her!

"You... you... you are bullying people too much!" She trembled and looked at Yue Chushui's retreating back.

Everyone: "..."

Who is bullying others too much?

It was Lin Caisang and his team who rescued them from the eyes of the beast. They were benefactors, not their enemies.

Chapter 2595 What's the future?

Why should Ling Xue'er treat her like this? She just didn't use nice words to coax her. She also tried every means to find out about Lin Caimulberry's character. Now she even wanted to catch up with Yuan Jue's reputation.

Do other people deserve to be owed this woman?

"Brother Jue, are you just watching helplessly and not avenging me?"

Not getting a response from other people, Lingxueer could only yell at Yuan Jue. If Yuan Jue continued to do this, after she went back, she must tell her father all the things she discovered in the Haikuo Forest. , asking her father to get it back from the Yuan family for her!

Yuan Jue: "..."

She was like this, and she still wanted him to avenge her?

"Lingxue'er, didn't you just say that I, Yuan Jue, have fallen in love with Captain Lin's beauty? Even so, according to your understanding, I have kicked you out of my mind, so why should I Want to avenge you? "

He took a deep breath and asked Lingxue'er according to her thoughts.

Lingxueer: "..."

For the first time, she choked on herself.

That's right, what Yuan Jue just said to her was completely based on her inner thoughts.

She thought that Yuan Jue liked the new and disliked the old. He fell in love with Lin Caisang's face and wanted to abandon her, but she also felt that she should be the most important in Yuan Jue's heart.

Therefore, Yuan Jue should avenge her.

"me....."

Just when she couldn't reply a word, Yuan Jue spoke coldly to her again.

"Lingxue'er, don't say that I, Yuan Jue, have nothing to do with you. Even if I do, it's not your responsibility to care about who I, Yuan Jue, like or dislike. To use a phrase you often use, who do you think you are? thing?"

"Brother Jue, you..."

After hearing Yuan Jue's last words, Lingxue'er was really frightened.

The reason why she is still fearless is because Yuan Jue will definitely not do anything to her.

But now, Yuan Jue's attitude towards her really made her feel a little scared. With someone to support her, she really never thought that Yuan Jue would talk to her like this.

She thought that Yuan Jue would not dare to go against their Ling family!

"If you want to die, then die quickly, but don't drag our Yuan family with you. After all, our Yuan family has nothing to do with you!" Yuan Jue didn't give her a chance to speak at all, and faced her again she spoke.

In the past, he still had the heart to maintain a superficial friendship with the Ling family, but now it seems that there is no need for it.

The Ling family has such an ill eldest daughter. What future will there be in the future? He feels that the Yuan family should have less involvement with the Ling family, so as not to cause the Yuan family to be destroyed together with the Ling family.

Finally, under Yuan Jue's cold violence, which showed no face at all, Lingxue'er finally calmed down.

With the help of another female member of their team, the injury on her eye was treated, but unfortunately, it was a little late for her to settle down because her left eye could no longer see. It's time for business.

...

"We won't rest tonight and continue to the assembly area."

Killing the Hanluo Ground-covering Snake all day long, the trip was completely delayed. Therefore, Sui Zimo gave an order and everyone prepared to travel at night.

However, some people just don't want to.

Lingxue'er, who had just rested for a short while, felt uncomfortable anywhere on her body.

Especially since one eye was injured and it was dark, she couldn't see her surroundings clearly. Where could she go?

Chapter 2596 The Era of Fighting for Dad

What's more, in order not to attract monsters, they couldn't hold up torches for lighting and had to march in darkness.

"Keep walking? How can this be done? We are all injured. Can't we just rest here for the night?" she asked sharply, almost jumping up.

She has no strength at all now. She was angry with Yuan Jue before and didn't eat well at all. Now, she has lost one of her eyes.

Even if he took painkillers, he still lost too much blood.

"You men, why are you so ignorant of the beauty of beauty? Didn't you see that I was so seriously injured? Besides, who made my eyes look like this? You are responsible. I don't ask you to compensate me now. , that's pretty good!

Anyway, I don't care. I'm not leaving. I'm going to rest here today. If you want to leave, then you can go by yourself! "

She looked like she wouldn't leave anyway, and she planned to sit down aside.

"Ah."

Lin Caisang chuckled.

"Miss Lingxue'er, the poison your Captain Yuan gave you before could only make you lose your voice temporarily, but the poisons I have here can make you lose something forever. Do you want to try it? "

She slowly approached Lingxue'er, then actually took out a few porcelain bottles from her arms and handed them over.

"you--"

When Lingxue'er saw those porcelain bottles, she originally wanted to sit down on the ground but didn't dare to move.

He looked at Lin Caisang with fearful eyes. He was not as arrogant as before.

"What do you want to do? Let me tell you...I am the eldest lady of the Ling family...you...if you dare to do anything to me...my father...my father will not let you go."

She trembled, feeling the pressure from Lin Caisang, which made her breathless.

"Ling family..."

Lin Caisang smiled slightly and looked at her coldly.

"The Ling family is really useful. This is really an era where we are fighting for our fathers. They always bring troubles against their own family. But, Miss Lingxueer, do you think I will be afraid of you?" A mere Ling family? "

"you you....."

Hearing her unscrupulous words, Lingxueer took a step back.

Her intuition told her that the woman in front of her was really not afraid of their Ling family, and she didn't take them seriously.

But she had already said her words, and it was impossible to take them back. She could only bite the bullet, look into Lin Caisang's eyes, and want to continue to intimidate her with words and make her afraid.

But how could Lin Caisang give her another chance? He stretched out his hand and picked up Ling Xueer's collar.

"From the fact that I dared to blind one of your eyes, it can be seen that your so-called spiritual family is nothing in my eyes."

She sneered, her eyes full of ridicule, which was clearly seen by Lingxue'er, who had been lifted in front of her.

"So, Miss Lingxue'er, please don't mention your Ling family in front of me in the future. Otherwise, if your Ling family disappears in Qianhuan Continent in a month, no one else will be blamed. .

Do you think this is what it means? Um? "

"You and I....."

Lingxueer was frightened by her words.

I secretly thought to myself, is this woman in front of me really capable of making their Ling family disappear?

Chapter 2597 Madness is contagious

She gritted her teeth, not daring to say a word.

She originally wanted to reply with more flamboyance, but who dares to make fun of her own family? In the future, she will have to rely on her family to gain a foothold in Qianhuan Continent.

"You what? Huh?"

Lin Caisang looked at her look and sneered coldly.

She is really a bully and fears the strong. She ignored her before, but she thought she was afraid of her and kept trying to provoke her.

Now that she has shown a little bit of temper, is this woman so scared?

"If you don't want to rush on your way, then just stay here. No one will care. Of course, if your captain is willing to stay here for you, then of course we have nothing to say, right?"

You might as well ask your captain if you want to stay...this place.

As she spoke, she glanced around, then spoke to Lingxue'er with meaning, and turned her head to glance at Yuan Jue and the other team members with a half-smile.

When Yuan Jue heard her words, his expression suddenly turned bad.

How could he stay here just for Ling Xue'er?

He had already felt it just now. There were a lot of monsters in this place. He was afraid that at night, there would be many monsters resting near this place. In other words, there was a nest of monsters near this place.

What the hell, who dares to stay one night near the lair of Warcraft?

Don't wake up the next day, already in the belly of the monster... No, they can't wake up the next morning, and they will become dinner in the mouth of the monster as soon as they fall asleep!

However, after hearing Lin Caisang's words, Ling Xueer turned her hopeful eyes to Yuan Jue.

After her eyes were destroyed last time and she was threatened by Lin Caisang this time, she no longer wanted to go with Lin Caisang and the others. It was best to stay away from Lin Caisang and the others and go their separate ways.

And after arriving at the assembly area, she had plenty of ways to get Commander Lin to avenge her eye-gouging for her father's sake.

"Brother Jue, we..."

She turned her head and looked at Yuan Jue, about to ask him to rest here for the night.

Unexpectedly, before he finished speaking, Yuan Jue turned his head, looked at the other team members, and whispered instructions to start.

"Pack your things and drive all night."

"Brother Jue!"

Lingxueer looked at Yuan Jue in disbelief, feeling that the painkiller pill she had just taken had no effect at all, and the wound on her eye started to hurt again.

How could Yuan Jue do this? She was so injured, but he still didn't let her have a good night's rest?

"Lingxue'er, if you don't want to leave, just stay here by yourself."

Yuan Jue didn't even bother to talk to Ling Xue'er in a friendly manner. After leaving a cold word, he went to pack his things.

"Brother Jue..."

Seeing Yuan Jue turn around and leave, Lingxue'er felt overwhelming despair approaching her.

Turning her head, she looked at Lin Caisang who was looking at her with contempt, grinding his teeth and glaring at her fiercely with his only eyeball.

"It's all because of you that brother Jue is so ruthless to me. You must be very proud now, right?"

Lin Caisang: "..."

It's really hard to explain to people with mental illness.

"Sonny, come here."

Sui Zimo came over, took his wife into his arms, and then the two of them turned and left.

"Madness is contagious. Don't get so close to a mad woman."

Chapter 2598 Nestled in the arms of a man

While walking, he also whispered to his wife that there should be no madness, but Lingxue'er was also an alchemist, so if this woman came up with some poison again, it would be impossible to prevent it, right?

"You... you..."

Lingxue'er stared at the two people's retreating figures, her eyes red with anger.

How could there be such a person? It was clearly his wife who bullied her, so why did it seem like it was all her fault in the end?

"Miss Ling, what are you still doing? Why don't you pack your things quickly? The captain has almost finished packing. He is angry now and will definitely not wait for you. You'd better pack your things quickly.

Another woman in Yuan Jue's team reminded Ling Xueer, who was still glaring at Lin Caisang and the others.

Of course, Yuan Jue would definitely wait for Lingxueer when packing her things, but he was afraid that if Lingxueer continued to stare at her like this, her other eye would not be able to be saved.

Among the three teams, she, Ling Xueer, and Lin Caisang were the only three women.

It was definitely impossible for Lin Caisang and Ling Xueer to get together, so she would be the only one left. She didn't want to spend her days in the vast forest taking care of a blind woman.

She came to Haikuo Forest for a purpose. Of course, it was to collect more medicinal materials, get more alchemy materials, and make money outside.

We can't let it be ruined by Lingxue'er, a woman who seeks her own death!

After hearing the woman's words, Lingxueer took a deep breath and glanced at Yuan Jue who was sorting her things with one eye. Then she could only grit her teeth and start packing her things.

Now she is in the Sea-wide Forest. The most important thing is not to deal with anyone, but to keep herself alive and leave the Sea-wide Forest alive.

As for the rest, it wouldn't be too late to wait until she arrived at the assembly area or left the sea and forest.

"Just wait, I won't let you go!"

She secretly swore in her heart that she would definitely avenge this revenge for herself!

But now, she can no longer act on impulse. Now Yuan Jue, a man, is no longer reliable at all. From now on, she must be extremely careful every step she takes in the vast forest.

Therefore, she had to endure it. No matter what she saw, heard, or how others looked at her, she had to endure it and not have an attack!

She secretly warned herself in her heart that she must hold back.

However, he had warned himself at the last moment and was preparing to follow everyone to the assembly area. The next moment, when he saw Lin Caisang and the others in the group, Sui Zimo had empty hands and directly hugged Lin Caisang, the captain. Getting up and preparing to move forward...

She really wants to kill someone!

Is this what they call moving on? Why can that woman be so comfortable, nestled in a man's arms, yet she is so tired from walking, like an ox?

Unfair, so unfair!

But what if it's unfair? No one cares about her feelings. In Yuan Jue's team, she has gone from being fawned over by everyone to being ignored now.

She gritted her teeth and could only look at Lin Caisang with jealousy, but she could do nothing.

...

After a night's journey, another wave of low-level monsters were killed.

It was getting slightly brighter, so everyone stopped and prepared to eat something before continuing on their way.

Chapter 2599 The promotion of Warcraft is going crazy!

Two people in each team started preparing barbecue, while the others went to look for medicinal materials nearby to see if there were any medicinal materials worth picking.

"Zimo, here you go."

Lin Caisang took out a few fruits from the Golden Pearl Space, handed one to her husband, and then handed it to Lin Changhong and Yue Chushui in turn.

"Here you go, eat a little to fill your belly first."

"good."

Lin Changhong and Yue Chushui took the fruit and started eating it immediately.

"Zimo, you can just make a little. We have to travel all day today." Lin Caisang said to her husband.

Food is available in Jinzhu Space, so I don't have to worry about not having anything to eat, but there are too many people and I just can't get it out, so I can only make the same three meals a day.

In fact, from Lin Caisang's point of view, it is also a troublesome matter.

"Steam a fish for you."

Sui Zimo turned his head, said something to her, and then went back to his work.

"Sang Sang, do you feel that there is something strange in the air today?" Seeing Sui Zimo busy there, Lin Changhong slowly moved to his sister's side and asked in a low voice.

Hearing this, Lin Caisang raised his head and nodded.

"The smell of monsters is very strong, so it's not a good place to stay for a long time," she said.

That's why she just asked her husband to get some food. She also felt that there was a dangerous atmosphere nearby, and she thought she should avoid it as much as possible.

"In addition to the breath of monsters, there are also very powerful spiritual energy fluctuations, Sister Sangsang." Yue Chushui also walked over and said to her.

"Um."

Lin Caisang nodded.

There is only the breath of Warcraft, which means that those Warcraft are not too scary, because Warcraft will not actively attack people.

However, the surrounding spiritual power fluctuates so much, which means that there is a magical beast nearby that is advancing, and the advancing magical beast may have a crazy nature.

If they encountered the monster when it was in a frenzy, they would probably be seriously injured.

It's okay for them, they can hide in the Jinzhu space, but as for the others, she won't let others hide in her space. It's okay for her own people to know about this kind of artifact.

Outsiders, haha, what does death and immortality have to do with her?

However, she still thought wrong.

The fish that Sui Zimo had steamed for his wife hadn't even come out of the pot when everyone felt the earth slowly shaking.

"No, the Warcraft promotion is going crazy!"

Yuan Jue stood up first and shouted loudly.

"What?"

Others were shocked when they heard his words and stood up one after another.

"Quickly, pack your things and let's go!"

Captain Liu's expression also changed greatly, and he quickly ordered his team members to pack their things, and he also hurriedly started to pack his own things.

When Lu Tianfeng and his subordinates felt the craziness of the Warcraft promotion, their expressions changed slightly. Although they had the ability to deal with it, at this moment, it was possible for them to be involved in the promotion frenzy of the Warcraft!

"Packing up, tidy up."

Sui Zimo looked at Lin Changhong and Yue Chushui calmly and said something to them.

The two understood immediately and began to pack their things, while Sui Zimo was still looking at the fish in the pot in his hand.

"Zimo..."

Lin Caisang wanted to ask her husband to give up the fish. Anyway, she had the golden pearl space. If she wanted to eat as many fish as she wanted, why not just ask Sui Ziyu and the others to make one for her?

Chapter 2600 Just standing there waiting to die

But when it came to his mouth, he still didn't say it.

Since her husband was so calm, nothing would happen, so she just waited.

After a while, the ground shook more and more violently, and everyone else had packed up their things and prepared to set off.

But Sui Zimo, on his side, was still taking the freshly steamed fish out of the pot slowly and seemed to be in no hurry at all. This scene almost made the three people on the wall sick.

"Captain Lin..."

One of them wanted to remind Lin Caisang that the World of Warcraft promotion was approaching and they had to run away quickly!

The feeling of the earth shaking became more and more intense. Captain Liu and his team were already running away in fear, no longer wanting to wait for Lin Caisang and others who were looking for death.

"Run, run quickly!"

The only word on everyone's lips was 'run'.

Finally, when everyone was already panicking, Sui Zimo had packed up his things.

Then he and his wife looked at each other, and they both summoned the flying monster at the same time, and they both jumped on a flying monster at the same time.

"Changhong, Chu Shui."

He glanced at Lin Changhong and Yue Chushui.

"good.

Lin Changhong responded, summoned his flying monster, and then looked at the other people who stayed there waiting for them.

"What are you still waiting for? Get on the flying mount and let's go!"

Everyone: "..."

It turns out that running away can still be like this!

No wonder these people are not in a hurry at all. There are so many flying mounts to ride on. It would be easy to fly out of Warcraft and advance to the frenzy circle, right?

Not caring about anything else, the trio and Yuan Jue's group got on the flying mounts of Lin Changhong and Yue Chushui.

After everyone was seated, the flying monster flew directly in the direction Captain Liu and the others were going.

As Captain Liu and the others were running, they felt that their vision began to darken. At first, they thought they had run to the frantic monster and were caught by it.

They were so frightened that they stopped running and stood there without daring to move.

Even Lu Tianfeng nervously held the magic weapon in his hand tightly, hoping that if there was an emergency later, he could use the magic weapon to run away without having to die with these people.

Lin Changhong and others who were sitting on the flying monster were really speechless looking at these cowards.

Wouldn't they look up or run away quickly? Are you actually just standing there waiting to die?

"What are you still doing there? If you don't come up quickly, the frantic monsters are getting closer and closer to us!" Yue Chushui said to the man who was serving as a stake on the ground.

"Come up quickly!"

Others sitting on the flying monster also stretched out their hands towards them.

The three teams walked together. Although these people ran away first regardless of morality, at least they still cost a few lives, and they should be saved if possible.

"You... you..."

When Captain Liu heard their voices, he simply didn't know how to react.

Flying World of Warcraft, he had seen Captain Lin and others sitting on a Flying World of Warcraft before, but he didn't think of it because he was scared for a while.

Unexpectedly, they were not anxious at all. It was because they were fully confident that they could leave this crazy area. It wasn't that they didn't care about the lives of others, was it?
