

Star of Space 2631

Chapter 2631 That is their honor!

"Commander Lin, don't listen to Miss Lingxue'er's nonsense.

Yuan Jue was really speechless at Lingxueer's weird thoughts. At the same time, he really wanted to ask, what was going on with Lingxueer? Why did Captain Lin dislike her?

If it was because Lin Caisang blinded one of her eyes, it was not true. Ling Xueer had disliked Lin Caisang before.

"Our team encountered a monster in the forest, and we were all injured. It was Captain Lin and her husband who showed up and saved us. The people in my team and I have nothing but gratitude to Captain Lin and her husband. There is absolutely no other thought."

Hearing this, Lin Baizhong's face suddenly darkened.

In this way, the woman in front of her did it herself. It was obviously his precious daughter who saved her, and he didn't even think about repaying her kindness. She actually wanted to repay a favor with evil and slander his precious daughter's innocence!

It is simply unbearable!

"This girl, even though Captain Lin was kind enough to save you, how could you be so ungrateful and still accuse someone of innocence?" He asked coldly.

"snort."

Lingxueer snorted coldly, not feeling that she had done anything wrong at all.

"I didn't ask her to come to save me. Besides, did she call for help? She wrapped her whip around my waist and almost threw me to death. I think she simply couldn't see that I was prettier than her and deliberately wanted to harm her. I'm the.

Lin Baizhong: "!!!"

How big is this girl's face? Where did she get the confidence to think that she is prettier than his precious daughter?

You really dare to say anything!

"In that situation, Lingxue'er, do you want a woman with a big belly to run to the feet of a monster, then protect you in her arms, and take you to a safe place?"

Yuan Jue really couldn't help it anymore and roared at Lingxue'er.

"Are you sick? Do you really think that the entire Qianhuan Continent is your servant of the Ling family? You should always come first in everything?"

"I...I was originally the eldest lady of the Ling family. They thought something happened to me first. That's their honor!" Ling Xueer twisted her neck and said to Yuan Jue.

Yuan Jue: "..."

He has never seen such a shameless person, especially a woman!

Why didn't he realize before that Lingxue'er was actually such a person? He really regarded them as the Ling family. How amazing it was. Was he the number one family in Qianhuan Continent?

"Miss Lingxue'er, right?"

Lin Baizhong was not as easy to talk to as Yuan Jue. He narrowed his cold eyes and stared at Ling Xueer with bloodthirsty eyes.

"I didn't hear what you just said clearly. Can you say it again?"

"Commander Lin..."

Yuan Jue was frightened by Lin Baizhong's cold voice.

He opened his mouth to speak, but was interrupted by the unconscious Lingxue'er.

"Commander Lin, I am the eldest daughter of the Ling family. My father sent me to Haikuo Forest to gain experience. The woman I mentioned just now used to hit and scold me.

Moreover, there are men around her, yet she dares to seduce my brother Jue, who is so fascinated that he ignores me, my childhood sweetheart, and only focuses on her. Commander Lin, you make the decision for me.

Such a woman is just a flirt. If she continues to be in the vast forest, she will probably seduce other men. Commander Lin, you cannot be merciful to such a woman. You will make her life worse than death!

Chapter 2632 The face of the Ling family

No, life would be worse than death for her. Everyone should be summoned immediately, and then the woman should be executed in front of everyone as a warning to others! "

With every word Lingxue'er said, Lin Baizhong's expression became even colder. Finally, when he looked at Lingxue'er, his eyes could not be colder.

If he hadn't had good control, he would have killed the woman in front of him with one slap!

"Lingxue'er, shut up!"

Yuan Jing looked at Ling Xue'er and shouted coldly.

He could feel Lin Baizhong's anger at this moment. Although he didn't know why, he was afraid in his heart because of Lin Baizhong's anger.

But Lingxueer had no self-awareness, and felt that her words were not harsh enough, so she wanted to continue to say something more.

"Yuan Jue, do you still want to intercede for that woman? Don't even look at where this place is. This is Commander Lin's territory." Ling Xueer glanced at Yuan Jue proudly.

She believed that Lin Baizhong would definitely take action against Lin Caisang for her father's sake!

"That woman must die, she...ugh!"

Unfortunately, before her pride could last long, a hand was pinched around her neck.

"Lin... Commander Lin, you... what are you going to do? I am... the eldest daughter of the Ling family, you..."

She was soon pinched by Lin Baizhong until her whole face turned red. She kept breaking Lin Baizhong's fingers around her neck with both hands and spoke intermittently.

"Commander Lin!"

Yuan Jue also screamed in shock.

Even if he hated Lingxue'er to death, he still took into account that Lingxue'er was the eldest lady of the Ling family and didn't really attack her.

But why did Commander Lin suddenly attack Ling Xueer? He hurried forward, trying to persuade Lin Baizhong to be merciful, even if it was for the sake of the head of the Ling family, he couldn't really kill Ling Xueer.

But before he could say his plea for mercy, he was stunned after hearing Lin Baizhong's words.

"So? Because you are the eldest lady of the Ling family, should I, the commander, kill the precious daughter I hold in my hand for you, a lowly outsider?"

Lin Baizhong pinched Ling Xueer's hand and tightened it again.

"Your Ling family is quite prestigious!"

"Well!"

Lingxueer was choked by Lin Baizhong until she couldn't say a word. The air in her chest was getting less and less, and she was in great pain.

But no matter how painful he was, he was not shocked when he heard Lin Baizhong's words.

What did she hear? The woman she thought had no trace of her back was actually Commander Lin's biological daughter? Is she the biological daughter of Commander Lin who even accepted the eldest daughter of the Ding family and became a servant next to her?

If this is really the case, then she is really not far away from death, and even their Ling family can no longer hope to occupy a place in Qianhuan Continent.

You know, Commander Lin is someone who even wants to give up three points to the Lord of the City!

How could this happen? How could this happen?

That woman is obviously a nobody, how could she be the biological daughter of the superior Commander Lin?

"Commander Lin, please spare my life."

Feeling that she was about to be strangled to death, she struggled with her face flushed and begged Lin Baizhong for mercy.

She didn't want to die, even if she offended Commander Lin, she didn't want to die. As her father said, it didn't matter even if the sky fell. Her father and mother would clean up all the mess for her.

Chapter 2633 Let him figure it out

As long as she is still alive, there is still hope. She will be the female head of the Ling family in the future.

"Spare your life?"

Lin Baizhong looked at Ling Xue'er as if he was watching a joke.

In front of him, he insulted his daughter so wildly, even if the woman didn't know about it beforehand, she deserved to die.

What's more, this woman still wanted his daughter's life, and she came to him so funny, wanting him to deal with his precious daughter. Is there anything funnier than this in the world?

"This commander can spare your life, but I'm afraid someone won't spare your Ling family lightly!"

While speaking, he threw Lingxue'er out, and Lingxue'er's body was smashed into the corner like a sack.

"Somebody come!"

He shook his sleeves and called two guards.

"Commander, what are your orders?"

After the two guards entered the door, they just glanced sideways at Lingxue'er, who was gasping for air and already injured in the corner.

There is no sympathy for this kind of woman who offends their leader.

"You two will take her out of Haikuo Forest and deliver her to City Lord Lu personally. Tell him... that she wants to kill my commander's daughter, the Ling family... and let him take care of it."

Lin Baizhong ordered the guards.

"Yes, Commander.

The two guards took the order and wanted to pull Lingxue'er out.

Unexpectedly, after hearing Lin Baizhong's words, Ling Xueer screamed and rushed towards Lin Baizhong.

"Commander Lin, you can't do this. The Ling family is innocent. All this is my fault... No, it's not my fault, it's your daughter. She didn't explain it to me. I don't know her at all. It's your daughter!"

Yes, everything is Lin Caisang's fault. Since she is Commander Lin's daughter, why didn't she tell her earlier?

If she had already revealed her identity, how could she have offended her so blindly? I'm afraid it's too late to avoid her or flatter her.

But now, it's too late to say anything. She has already offended Lin Caisang, and she has also offended Lin Baizhong, the leader of Sky City. At this moment, she really wants to die.

But she doesn't want to die, she wants to live well and live better than anyone else!

"If she told us her identity early in the morning, how could I possibly provoke her? Commander Lin, you have a lot of people, please let me go, let our Ling family go.

Look at my eyes. They were injured by your daughter. I will never see them again. Seeing that I have been seriously injured, please spare me. I beg you for help. "

"laugh."

Lin Baizhong sneered.

He wanted to kill his precious daughter, but he still wanted to live?

Is he the kind of person who keeps a disaster by his side, waiting for this disaster to strike at him at any time?

What's more, what this woman wants to deal with is his precious daughter, and what's more, his precious daughter is carrying the grandson of the city lord, Lu Tianlan!

I believe that Lu Tianlan will handle the Ling family's affairs well.

"Hold it down and tell the city lord that I don't want to hear any news about the Ling family after leaving Haikuo Forest!"

He kicked Lingxue'er away and then gave instructions to the guards.

"Yes, Commander."

Upon hearing this, the two guards immediately dragged Lingxue'er out.

"Commander Lin..."

Lin Baizhong and Yuan Jue were the only two people left in the camp.

Chapter 2634 So what if I saw it?

No matter how much he guessed, Yuan Jue could not imagine that Lin Caisang would be Lin Baizhong's daughter.

Ever since Lin Caisang arrived at Hongye Tower, everything seemed so normal, and she was a little targeted by other alchemists and alchemists, and some women directly came to her door to take advantage of her husband.

How could he imagine that this woman would be Lin Baizhong's biological daughter?

"Master Yuan, there is one less person in your team now, is there a problem?" When Lin Baizhong turned to look at him, the expression on his face had already cleared up, as if everything had never happened.

"Well."

Yuan Jue was choked by his words.

"No, no problem."

How could there be a problem? In their team, Lingxue'er was just a burden that didn't do anything and only caused trouble.

I don't know how happy everyone will be if such a burden is thrown away.

"Even if there is no problem, then you all need to rest for a night. Tomorrow morning, you will be assigned tasks." Lin Baizhong ordered.

"Yes, Commander Lin."

Yuan Jue responded, thinking that if Lin Baizhong didn't talk about Lin Caisang's affairs, he would just pretend that he didn't know.

"Commander Lin, I will resign first."

"Um."

Lin Baizhong nodded and responded softly.

It just so happens that he also wants to visit his precious daughter. Along the way, he must offend many people, right?

Thinking about it, I really want to sigh. His precious daughter and son-in-law both have bad luck, and they often attract some unknown hostility, which is really confusing.

After Yuan Jue left, Lin Baizhong immediately left his tent and went to another tent.

On the other side, Sui Zi Mo Zheng prepared the meal and brought it to his wife.

"Eat something first, and I'll fry two more of your favorite dishes."

"Zimo, Sangsang."

Lin Baizhong stepped in and saw a table of delicacies.

"Father-in-law, you are here."

"Dad, why are you here? No one will see you, right?" Lin Caisang raised his head, looked at his own father, and asked.

You know, Lu Tianfeng and his subordinates also came with them. The eyes of these two people are as bright as thieves. Who knows when they will be able to see something?

It would also be bad if they saw it, or heard something instead of seeing it.

"So what if I saw it?"

Lin Baizhong didn't care at all and curled his lips.

Just see it when you see it, and it would be a good idea to make Lu Tianfeng anxious and guess their relationship!

"What's the situation with Lingxue'er? I've already sent her to the City Lord's Mansion and asked your father to handle it himself." He looked at Sui Zimo and asked.

"Um."

Sui Zimo responded lightly and said nothing else.

However, Lin Changhong listened to his own father's questions and told them everything that happened on the way here.

As for the Lingxue'er incident, of course it was described in more detail and vividly, and there was another one, the woman who was blinded by Sui Zimo.

"That woman!"

Lin Baizhong had some impression of the woman who was blind in both eyes. It happened yesterday.

Of course, when the woman came, she also wanted to file a complaint against him, but maybe she didn't know the name of his precious daughter, or maybe she was blocked by the people around her and did not come to him.

Chapter 2635 I forgot to tell you

But he knew that these two women were the same. They were both selfish women who could not tolerate everyone in their eyes.

In order to survive, Lingxueer can put all the blame on others, even the family behind her will betray her without hesitation.

And the other woman, who was obviously blind, still had the nerve to object when their captain proposed that she leave the sea forest first, and even threatened her captain with her own life at all costs.

In the end, there was no choice but to take the mission with the captain and leave.

But when I think about it, how can I complete the task with such a burden? There are only two ways for them, either the mission fails; or the woman never comes back.

He thought it would be the latter, right?

"Lu Tianfeng, you guys actually met Lu Tianfeng so early?"

There was nothing else, only the news about Lu Tianfeng really aroused Lin Baizhong's interest.

He had been waiting here for Lu Tianfeng's arrival, but he never did. However, he did not expect that the first people to meet Lu Tianfeng and the others would be his precious daughter and son-in-law.

It seems that there is really a lot of fate!

"What did he do all the way here?"

"he?"

Lin Changhong sneered coldly.

"Is there any time for this person to move? If we hadn't been watching closely along the way, there wouldn't be anyone left in his team except him and his subordinates, right?"

He saw Lu Tianfeng and his subordinates several times and wanted to kill them.

"Killing people? That's not true, is it? Killing all of your team members will not do them any good." Lin Baizhong shook his head, feeling that this was unlikely.

After all, if there are two people left in a team, they will definitely be integrated into other teams, or sent out of the sea and forest.

Since Lu Tianfeng and the others had to come to the vast forest, they would definitely not want to leave so early.

"Sang'er and I's guess is that Lu Tianfeng, like Sang'er, may also have a magical weapon that can hide people." Sui Zimo said to Lin Baizhong while cooking next to him.

"hiss!"

After hearing his words, Lin Baizhong frowned.

If this is really the case, then it is not impossible for Lu Tianfeng to want to kill someone.

It's just that they still can't figure out why Lu Tianfeng came to Haikuo Forest? Is there something here that can attract the microphone to come here?

"That being the case, what are your plans? Are you prepared to follow Lu Tianfeng and the others?" he asked.

"Natural."

Lin Caisang nodded when he mentioned this.

In this situation, what could they have done if they hadn't been keeping an eye on Lu Tianfeng?

"But...there's something else I forgot to tell you."

She remembered the monster that she had taken into the Golden Pearl Space before and had been beaten by them. From that guy's mouth, she had pried out a lot of secrets of the vast sea forest.

"I captured a monster before and learned from it that there is a Kusi Tower in the vast sea forest. There are many ancient books in it. Many of those ancient books have been lost in the Qianhuan Continent."

"So, do you think Lu Tianfeng came to Haikuo Forest for the Kusi Tower?" Lin Baizhong raised his eyebrows and asked.

"I won't say 100%, but it is one of the possibilities." Lin Caisang said.

Chapter 2636 News from Kusi Lou

"It seems that Lu Tianfeng really needs to keep up with him." Lin Baizhong thought for a while and then said.

They always thought that Lu Tianfeng came to Haikuo Forest to collect some special medicinal materials. It seemed that he had other purposes, and those purposes were unknown to them.

"Why should you follow?"

Lin Caisang raised his eyebrows and asked with slightly raised red lips.

"Um?"

Not only Lin Baizhong, but also Lin Changhong and Yue Chushui were confused after hearing Lin Caisang's words.

Didn't you say before that you would follow Lu Tianfeng? Why don't you follow now?

"Now that we all know about Kusi Lou, let's see if Lu Tianfeng is not interested in Kusi Lou anymore, right, Zimo?" Lin Caisang turned around and looked at Sui Zimo. direction, asked.

"right."

Sui Zimo didn't look back, he just responded softly.

He thought that Lu Tianfeng would definitely be interested in Kusi Tower. Of course, this would require Lu Tianfeng to know the existence of Kusi Tower. In this case, the initiative would be in their own hands, not theirs. Follow Lu Tianfeng all the way.

"Sang Sang, what do you mean, you want to spread the news about Kusi Lou after we catch that monster?" Lin Changhong looked at his sister and asked.

"uh-huh."

Lin Caisang raised his eyebrows again.

"What's wrong?"

"hiss!"

Lin Changhong took a breath of air and frowned.

"It's not that it's not possible, it's just..."

Raising his eyes, he glanced at Sui Zimo's back, and then looked at his sister.

"There are so many people at the assembly area. If this news really spreads, there will probably be a lot of people who want to follow us, right? Then it won't be as simple as us and Lu Tianfeng and the others."

They and Lu Tianfeng are destined to have a battle in the vast forest, but there are too many people watching this battle, so it will definitely not work.

"Isn't that simple?"

Lin Caisang chuckled lightly and looked at his biological father.

"Dad, haven't you already asked Lingxue'er to see you off? Since we are going to Kusi Tower, we can't do it with just one team. Zimo and I looked at the conduct of Yuan Jue and his team. Not bad.

Brother, you and Chu Shui should go and ask Yuan Jue if he would like to go with us. As for how to ask this question, you should know in your mind, right? "

"Ahem, um."

Lin Changhong coughed slightly and nodded.

Couldn't they be clearer? They were just looking for an opportunity to let Lu Tianfeng overhear something when he was by their side.

I am the best at doing this, and I guarantee it will be done properly.

"But can Yuan Jue agree?"

He had some doubts about this. After all, everyone had missions. Maybe Yuan never wanted to give up his mission and go on this trip with them?

"Yuan Jue will agree."

But as soon as his question was raised, his own father answered him.

"Yuan Jue already knows that Sangsang is my daughter. He is a discerning person and will know what kind of person he should follow to have a future."

Everyone: "..."

Is it really okay for him to leak the news about his daughter so quickly?

"Brother, by the way, you should also mention to Yuan Jue that this is what our father meant." Lin Caisang added at the end.

Chapter 2637 Commander Lin's precious daughter

Lin Changhong: "!!!"

His sister was trying to let Lu Tianfeng know that she was the daughter of Lin Baizhong, the commander-in-chief?

"That's fine, maybe Lu Tianfeng will think that we got some news in the City Lord's Mansion and know that there is something good in Haikuo Forest and we want to find it.

He must also want to get these things, otherwise, he went through all the hard work to come to Haikuo Forest, and it wouldn't be in vain. "

He nodded in agreement.

"It's just that we have to be careful along the way."

"Aren't we always very careful?" Yue Chushui curled her lips and said.

It's not like Lu Tianfeng has never attacked them before. Even he has to admit that Lu Tianfeng's hands are really very long!

"Sister Sang Sang, Brother Changhong and I will take care of this matter. You have a good night's rest here. We have to set off tomorrow morning.

"Um."

Lin Caisang responded.

"Hey, it's a pity that I can't go with you, otherwise..."

Lin Baizhong sighed softly when he heard that they were about to leave as soon as they arrived.

There is still a team that has not arrived yet. As the leader of the team entering the vast sea forest this time, he still has to stay here and wait.

"Dad, just sit here and leave Lu Tianfeng to us. [6] [9] [s] [h] [u] [x] [.] [c] [o] [m]" Lin Changhong patted his chest and said.

Hearing this, Lin Baizhong glanced sideways and rolled his eyes at his son.

If you can point to him, he should point to Sangsang and Zimo. The daughter and son-in-law are the most reliable!

Lin Changhong: "..."

Looking at the look his biological father gave him, he knew there was nothing to look forward to.

But is he really that bad?

...

After a while, Lin Baizhong had left, and Lin Changhong and Yue Chushui, who had eaten and drank enough, also turned around and left the camp to find Yuan Jue and his team.

In the tent next to Lin Caisang and the others, the trio of wallflowers were planning to go out to find some food, but they saw Lin Baizhong walking out of their captain's tent...

Then the three people quickly shrank back and couldn't come out.

"What's amazing is that it turns out that the captain and Commander Lin have known each other for a long time!"

One of them exclaimed, otherwise, how could Commander Lin come out of the captain's camp? The captains of other teams went to Commander Lin's camp to increase their presence.

No wonder the captain didn't come out after the guards arranged a tent for their captain, nor did he go to see Commander Lin.

It turned out that he was waiting for Commander Lin to come to his door.

"It seems that we have really found the right person. This captain and the captain's husband are so speechless!" Another person also said.

"Hey, tell me, Captain Lin's surname is Lin, and Commander Lin's surname is also Lin. Could it be that they... are basically a family. I heard that Commander Lin has a daughter who is extremely precious! "

The last person thought for a moment and spoke hesitantly.

Commander Lin has a precious daughter, but the entire Qianhuan Continent knows about it.

Because even though Commander Lin has lost his memory, he only remembers that he has a precious daughter. Therefore, as a man with a family, he will never look for other women outside to cause trouble for his precious daughter.

So, is their Captain Lin the precious daughter of Commander Lin?

"hiss!"

After hearing his words, the other two people gasped. Commander Lin and Captain Lin are father and daughter. Is this true?

Chapter 2638 It makes them easy to find

Maybe this is really possible. I never thought about it before, but now that I think about it, why do they feel that Captain Lin and Commander Lin are 67% similar?

"Isn't it true that he has a father-daughter relationship?"

"But, who can know this matter clearly if they don't tell them, but even if it's not a father-daughter relationship, they still have other relationships. The first person to speak raised his hand and touched his chin and said.

"Yes, that's the truth. Otherwise, why would Commander Lin come to see our captain?" Another person nodded.

Then he looked at this, then that, and finally asked.

"Then we still have to go look for something to eat?"

The other two people: "..."

At this time, he actually still cares about whether he eats or not?

"Looking for it, of course I have to look for it!"

But at this time, they need to eat and drink enough to be able to cope with tomorrow's tasks. omj

Thinking about their mission, they should be the best. Who gives them the innate advantage? Haha, Commander Lin actually has such a big relationship with their Captain Lin.

"Go find more. If you can't finish everything, you can prepare food for later. What if it's too late to prepare food?"

Maybe they will follow Captain Lin to do something big next, so they must have some extra food with them, just in case.

"Okay, let's go find it together.

The other two people nodded, and then the three of them went out together.

...

On the other side, Lin Changhong and Yue Chushui searched a large circle in the camp. After asking many people, they finally found Yuan Jue's camp. After Yuan Jue's consent, the two of them walked in.

And they also felt that there was a tail behind them, following them.

Naturally, this is what they are happy to see happen.

"Captain Yuan, why did you come to such a corner?"

Lin Changhong looked at Yuan Jue's camp and couldn't help complaining that it was too remote, making it difficult for them to find it.

Yuan Jue opened his mouth, but did not reply.

What could he say?

When he chose this tent, Lingxue'er had not been sent away yet. In order to prevent Lingxue'er from causing trouble again, he naturally had to choose a more remote tent.

In this way, in this place, he can also like Ling Xue'er and prevent him from messing with other people.

After all, with a temperament like Lingxue'er's, she wouldn't just provoke Lin Caisang. As long as she felt a little unhappy, she would dare to provoke anyone.

But he really didn't expect that Lingxue'er would be sent away so quickly.

After the people were gone, it was impossible for him to change the tent again. He couldn't bother the guards of the city lord's palace anymore, right?

I thought I would only stay for one night and would leave tomorrow morning after receiving the mission, so I didn't want to bother myself anymore.

"It's quieter here."

After a while, he opened his mouth to explain.

"I don't know if Mr. Lin came here to see me specially. Is there something wrong?" he asked.

"Um."

Lin Changhong nodded.

"There is one thing."

Then, he glanced at the other people in the camp.

"Oh, I was busy looking at the guests, but I forgot that we still have to find some prey to come back. Mr. Lin, you and our captain can chat slowly." Several team members were very discerning and said to Lin Changhong. After a few words, he left.

Chapter 2639 Feeling unsure

Soon, only Lin Changhong, Yue Chushui and Yuan Jue were left in the camp.

"Master Lin, please tell me." Yuan Jue said.

"It's like this. We have a Kusi Tower in the vast sea forest. We want to go there and take a look. I wonder if Captain Yuan is interested in going together?"

Lin Changhong asked directly without being verbose.

"Kusilou?"

Yuan Jue glanced sideways and his eyes flashed slightly.

No one has entered the vast sea forest for many years, so why is there any Kusi Tower?

He didn't even know where Kusi Tower was. How to get there?

"Master Lin, why did you think of traveling with us?" he asked.

"Of course it's because you guys are easy to talk to." Lin Changhong said with a smile.

This can be considered one of the reasons, because Yuan Jue and his team, except for Ling Xueer who has already left, everyone else knows how to position themselves, what they should do, and what they should not do. What to do.

"We originally planned to go there as a group, but we thought that the treasures in Kusi Tower were not something that our group could handle, so we thought about taking an extra group of people there.

As for your team, without Lingxue'er, both you as the captain and the rest of the team members are very easy-going and have good strength, which is exactly what my brother-in-law wants.

Naturally, I thought of you. "

He spoke a few more words and explained.

"If I want to go to Kusi Tower, do I need to prepare anything?" Yuan Jue asked.

He thought that it was okay to follow Lin Caisang's group. The young master Lin in front of him was from the same mother as Lin Caisang, so he was also the biological son of Commander Lin.

It's not that he's trying to curry favor, but he feels that whether it's Lin Caisang or Sui Zimo, their strength is definitely above them. By following them, his team can go a long way in the vast forest. Some.

Moreover, since this Kusi Tower found in the vast forest, it must not be an ordinary place, he thought, he should go there.

"What should I prepare?"

This time, Lin Changhong was stopped.

How did he know what to bring? He had only heard about Kusi Tower, and he didn't know whether it was dangerous or not.

"You still need to bring everything you need. We don't know exactly what we need at the moment." Seeing that Lin Changhong had nothing to say, Yue Chushui immediately spoke for him.

"Since the two teams have formed an alliance, everything in the team can be shared by everyone, and the things we have prepared here can also be used by the people in Captain Yuan's team.

But Captain Yuan, naturally prepares as much as he can to defend against dangerous things, don't you think? "

"This is natural." Yuan Jue responded.

He also had no idea what kind of place the so-called Kusi Tower was, so he asked this question.

Use local materials and find more things around here that can be prepared. Naturally, he will prepare a lot of things, but he still needs to ask, and he cannot prepare anything that should be prepared by the time. He has not prepared anything, so that he can The people in the team suffered a big loss, but it was not good.

"In that case, we have decided to leave early tomorrow morning and rush to Kusi Tower." Lin Changhong said immediately.

After thinking about it, he felt that what his sister had explained was not completely resolved yet, so he continued to speak to Yuan Jue.

Chapter 2640 What news?

"Besides, you don't have to worry about the mission. I will ask my father to arrange the missions of our two teams together as much as possible. After we go to Kusi Building, we can do the mission together.

he mentioned in passing.

"good."

Yuan Jue responded.

After seeing him respond, Lin Changhong and Yue Chushui left directly.

It was only after they left that Yuan Jue narrowed his eyes slightly and glanced in the other direction of his tent. If he didn't feel wrong, from the time Lin Changhong and Yue Chushui entered the tent, they had been secretly hiding there. There is a person standing on the ground.

Maybe that person feels that his ability to hide is enough to make it impossible for everyone to discover him.

He didn't know if Lin Changhong and Yue Chushui knew it, but he felt it, and he thought, with the abilities of these two people, it was impossible not to know that there was someone hiding outside the camp, right?

What's more, the last sentence didn't need to be said, but Lin Changhong said it. He felt that this sentence seemed not to be said to him, but to someone.

"What do these people want to do?"

As the future heir of the Yuan family and the current young master, he is naturally not as simple as he seems on the surface.

However, compared to these people, he really felt that he was too small. Whether it was Lin Caisang or the other two people who had been looking for trouble, he couldn't see through what they wanted. What to do.

But he was smart enough not to point out this fact. After all, he was just an outsider.

...

On the other side, Lu Tianfeng's subordinates immediately returned to their master after receiving the news about Kusi Tower.

"Master, there is news from Kusi Tower."

After entering the camp, he immediately said to Lu Tianfeng.

"what news?"

Lu Tianfeng's eyes suddenly brightened when he heard the words "Kusilou".

One of his purposes when he came to Haikuo Forest was to go to Kusi Tower and take out what he needed.

But Haikuo Forest is so big, and Kusi Tower is not a real building. How could he possibly know where Kusi Tower is? Moreover, when he asked Lu Tianlan before, Lu Tianlan seemed to have never heard of it. I passed the name Kusilou.

Even Lu Tianlan didn't know that he thought he would spend a lot of time looking for Kusi Tower in the vast forest.

But I didn't expect that there would be news so soon?

"My subordinates heard the news about Kusi Lou from Lin Changhong. It seemed that they had captured a monster before. That monster knew the whereabouts of Kusi Lou. Captain Lin wanted to ask Captain Yuan Jue to go there with him tomorrow morning. Then set off."

"It's actually them!"

Lu Tianfeng couldn't believe it. It was Lin Caisang and the others who knew the whereabouts of Kusi Lou first?

"Hmph, they are indeed a bunch of ungrateful guys. The one who is allied with them is our team. She is good at selecting people and directly selected Yuan Jue and his team!"

Although he said this, he knew in his heart that even if he was given a choice, he would choose Yuan Jue and his team.

First of all, along the way, Yuan Jue and his team members, except Ling Xue'er, the other team members are all very talkative, not prone to losing their temper, and their strength is pretty good.

The most important thing is that Lingxue'er has left Haikuo Forest.

As for their team, they are afraid that Lin Caisang and the others have discovered him and his subordinates and want to attack others, right?
