

## Star of Space 2641

Chapter 2641 But I don't know yet

What's more, their captain is extremely selfish and has nothing in mind except his own interests.

He thought that no one would be stupid enough to choose such a person as his alliance partner.

"Master, what should we do now, how can we follow them?" The subordinate looked at Lu Tianfeng and asked.

Since Lin Caisang has chosen Yuan Jue and the others, he will naturally not ally with them again. Then when Lin Caisang and Yuan Jue's two teams leave tomorrow morning, they will probably not be able to follow them, right?

"How to follow them, someone will figure it out." Lu Tianfeng was not worried at all.

With the temperament of their captain, as long as they knew that Lin Caisang and the others were going to find something good, could they not follow him?

As for the solution, Captain Liu couldn't think of any solution, and he still needed to think of any solution. All he had to do was follow Captain Liu and the others.

Thinking about it, this is not bad. At least by following Captain Liu, he can save a lot of things. This can be regarded as his great mercy and did not kill Captain Liu and the others as the reward they deserved.

"Just any of this..."

Every team that enters Haikuo Forest has a mission. Although he doesn't care about the mission or not, is there any guarantee that other people in the team will care?

After all, if the task cannot be completed, a lot of things will have to be paid. (audience)

"Speaking of anything, Master, there is something that I find very strange." Lu Tianfeng's subordinates remembered Lin Changhong's last words to Yuan Jue and frowned.

"What's the matter?"

Lu Tianfeng asked.

"That Lin Changhong just told Yuan Jue that the mission can be left to his father and that he will try his best to arrange the missions of the two teams together. Master, do you also think this is strange?"

Lu Tianfeng's subordinate asked.

Hearing this, Lu Tianfeng was stunned for a moment.

Arrange the two tasks together, and only one person can do it.

He thought it would be him before, but since Lin Baizhong came back, this matter has been handed over to Lin Baizhong. Therefore, only Lin Baizhong can arrange the tasks of the two teams together.

"Lin Baizhong's surname is Lin, and Lin Caisang is also surnamed Lin. Could it be..."

Thinking of that possibility, his pupils shrank violently, and he was almost shocked by his own thoughts.

But I think it's very possible.

"Could it be that those two siblings are still related to Lin Baizhong?"

He did not directly think of the father-daughter relationship because he thought Lin Baizhong only had one daughter.

After all, when Lin Baizhong came to Sky City, he had amnesia, and he only remembered his daughter. Let me ask, if there is a son and a daughter, how could a father only remember the daughter but not the son?

In any era, sons are the most important.

But now he also believes that Lin Baizhong and Lin Caisang are definitely related, but he doesn't know the specific relationship yet.

"You just said that Lin Changhong said that his father would arrange the tasks of their two teams together?"

Finally, Lu Tianfeng noticed what his subordinate said. Wouldn't that mean he directly told Yuan Jueming that Lin Baizhong was Lin Changhong's father?

And Lin Caisang looks exactly the same as Lin Changhong, so Lin Caisang is also Lin Baizhong's daughter?

"Yes, Master."

The subordinate hadn't fully thought about it yet, so he just responded.

Chapter 2642 Waiting for departure tomorrow

After a while, he also figured it out. Of course he gasped and looked up at his master.

"Master, are those brothers and sisters actually Lin Baizhong's biological children?"

How could this happen? Those two people, who they thought were just in their way, are the brothers they will kill when they get the chance next time. Are they actually the sons and daughters of Lin Baizhong, the commander?

So, does the city lord Lu Tianlan know about this matter?

"Whether it is true or not, in short, they must be related, and the relationship is not shallow!" Lu Tianfeng took a deep breath and said.

"Perhaps, they didn't learn about Kusi Lou themselves at all, but Lin Baizhong told them. Or, more likely, it was Lu Tianlan who told Lin Baizhong to go into Haikuo Forest to find out the truth!"

Thinking of this possibility, Lu Tianfeng sneered.

Before, when he mentioned Kusilou in front of Lu Tianlan, Lu Tianlan pretended not to know anything and didn't show it at all.

He really didn't notice anything, thinking that Lu Tianlan really didn't know.

But it turned out that he had already secretly arranged for Lin Baizhong to come in. Was this the idea of thinking about the things in the building?

Could it be that Lu Tianlan had already suspected him, but was just afraid that he would sink the boat, so he kept his troops stationary and wanted to take him down in one go?

"No, Lu Tianlan is not that capable yet!"

He murmured, denying his thoughts, feeling that it was impossible for Lu Tianlan to discover him, and that he had not acted in vain in front of Lu Tianlan all these years.

How could Lu Tianlan know those things about him? impossible.

"Master, what are you talking about?"

The subordinate kept looking at him, but couldn't hear clearly what he was talking about, so he couldn't help but ask.

"nothing."

Lu Tianfeng raised his head and glanced at him coldly.

"Go directly to Captain Liu and tell him about this. He will know what to do." He ordered his subordinates.

"Yes, Master."

The subordinate responded, turned around and left the camp to find Captain Liu.

...

Over there, Captain Liu was leading several other team members, preparing food. They were also preparing to leave the assembly area after receiving the mission early tomorrow morning.

But it has to be said that he really has not thought about whether to follow Lin Caisang and his team.

Although I have always wanted to follow them and get some benefits, I have to say that there are really not many benefits that can be obtained from Lin Caisang and the others.

In the past few days, when I rushed to the assembly area, I didn't kill many monsters along the way. And since I rescued the five people who were almost killed by falling rocks, I haven't killed any monsters or gotten any good things.

If this continues, he feels that it doesn't matter whether he follows Lin Caisang or the others.

It's just that he is conflicted. After all, Lin Caisang and the others still have strength. If they encounter danger, it is more than enough to protect them.

He was struggling like this while preparing food.

Originally, he wanted to hear the opinions of other team members, but the other team members also knew the character of their captain.

It was good to follow Lin Caisang and the others, but if something really happened, and if they were the ones who suggested it, Captain Liu would definitely blame all the mistakes on them.

Therefore, they don't want to raise their own opinions. When they set off tomorrow, they will go wherever they need to go. There is nothing to say.

Chapter 2643: Support her

"Captain Liu, you are here, making it easy for me to find you.

The subordinate hurried over, came to Captain Liu's side, and said with a smile.

Hearing the sound, Captain Liu raised his head with a cold face, glanced at Lu Tianfeng's subordinates, and then lowered his head again to look at the food in his hand.

"What's there to find? I'm not as comfortable as you, captain. I don't have to do anything. I just wait to eat."

Haha, he is preparing food here, but these two people have been in his tent. He doesn't know what they are doing. He estimates that they must be resting.

But he is the captain, shouldn't these things be done by the team members?

When did it become his captain's turn to do these chores?

When the subordinate heard what he said, he raised his eyebrows, suppressed the urge in his heart to slap Captain Liu to death, and smiled.

"Captain, look what you said. Didn't I go to get some news?"

He sat down next to Captain Liu, then approached him mysteriously, lowered his voice and spoke.

"Captain, I heard that Captain Lin and the others found a Kusi Tower in the vast sea forest. They have already made an appointment with Captain Yuan Jue and his team to explore the Kusi Tower and take a look inside. What kind of treasure is there?"

"What?!"

When Captain Liu heard this, he was so shocked that he couldn't even care about the food in his hands and turned to look at his subordinates.

"What you said is true. Captain Lin and the others really discovered something good? Kusi Tower? Where is that place?" he asked.

He has never heard of a Kusi Tower in Haikuo Forest. Is this true? Kusilou was found by Lin Caisang and the others, and they also made an appointment with Yuan Jue's team to go on an adventure with them?

Why?

Obviously they were the first to get to know Lin Caisang and the others, and they were the first to form an alliance with Lin Caisang's team.

Why was it that at the end, when there was something good, Lin Caisang was thinking about Yuan Jue and the others without even mentioning it to him? What does this mean?

"Captain Lin, his strength is so abominable. He doesn't even think about me, but Yuan Jue and the others. Doesn't she know that there is one person in Yuan Jue's group who has been against her? Where's Lingxue'er!"

"I heard that Lingxue'er has been sent out of Haikuo Forest by the guards and returned to Hongye Tower."

"gone back?"

Captain Liu was surprised.

He had gone to look for food nearby and didn't pay attention to whether Lingxue'er was still there.

Moreover, Yuan Jue's camp was far away from his own. Even if he wanted to know, he had nowhere to go.

But even so, that was not the reason why Lin Caisang abandoned their alliance and formed an alliance with Yuan Jue, so this time, he had to ask Lin Caisang for an explanation.

"No, let's go find Captain Lin and ask her what she means. Why didn't she tell me about such a big thing?"

With that said, he wanted to stand up and ask Lin Caisang for questioning.

But before he could really stand up, Lu Tianfeng's subordinates had already grabbed him.

"Captain, don't go. Just now I heard that Captain Lin's brother called Commander Lin his father." The subordinate reminded.

"What?!"

Captain Liu almost choked to death at the words of Lu Tianfeng's subordinate.

Are Captain Lin and Commander Lin still related as father and daughter? No wonder she, a pregnant woman, was able to enter the vast forest. It turned out that she had such a big backer to support her.

Chapter 2644 What's the suspicion?

If that was really the case, then he couldn't do it so openly and had to think of a better way.

"It seems that I still have to think about it."

He took a deep breath and said.

"Captain, what should we do now?" the subordinate asked.

"Captain Lin obviously wants to destroy the alliance with us. Should we just forget it? If we really forget it, wouldn't we get nothing?"

Moreover, what I heard Lin Changhong and Yuan Jue talking about just now means that there are a lot of good things in the Kusi Building they mentioned. Captain Yuan Jue and his team can't be so cheap, right? "

"Of course not!"

Captain Liu was grinding his teeth at this moment.

How could he easily let Yuan Jue and the others get such huge benefits?

But he himself can only watch from the sidelines and has nothing to do with it. He is not such a person!

"Wait, we will follow Lin Caisang and the others early tomorrow morning. We will go wherever they go. I don't believe it. They can let us go another way!"

As the saying goes, the road faces the sky, everyone goes to one side.

Even if they were walking the same path, what could Lin Caisang and the others say?

Can we still tell them that this road belongs to their family and we can't let their group go?

Therefore, he decided that after leaving the assembly area, he would lead his team to follow Lin Caisang and the others. Unless Lin Caisang and Yuan Jue's two teams did not go to the place called Kusi Tower, otherwise, he would I decided to follow suit!

"What does the captain mean, don't question Captain Lin and the others, and just follow them?" The subordinate looked at Captain Liu and asked.

This is a pretty good idea. Everyone comes to Haikuo Forest to collect medicinal materials. Can Lin Caisang prevent them from taking the same path as him?

"This is the only way to go first." Captain Liu gritted his teeth and said.

Since Lin Caisang didn't send anyone to tell them, even if he asked in person, Lin Caisang wouldn't tell them.

Then instead of everyone exposing the matter, it would be better not to say anything and just follow them so that they can't say anything else, so that he feels better.

He decided, let's do it.

"Captain, do we need to prepare some more things? I don't know where the Kusi Tower is. What if there is danger? It's better to prepare more things for self-defense, right?"

Lu Tianfeng's subordinate reminded.

"Well, go and tell everyone, remember, don't let them spill the beans in front of Lin Caisang and the others!" Captain Liu nodded and ordered.

"Okay, Captain."

The subordinate responded and left.

...

"It's done."

Lin Changhong and Yue Chushui returned to their tents and made a gesture to Lin Caisang, indicating that they had settled the matter properly.

"Are they not suspicious?" Lin Caisang looked at them and asked.

"What's the suspicion?"

Lin Changhong looked at his sister in confusion and asked.

Why was he suspicious? He watched Lu Tianfeng's subordinate running here and there eagerly without stopping.

Does this still make you suspicious?

To put it another way, even if Lu Tianfeng is really suspicious, so what?

If he really had to go to Kusi Tower, and the news about Kusi Tower was in their hands, then even if he became suspicious again, even if he knew their identity and purpose, wouldn't he still have to follow them?

Chapter 2645 Be careful

So, there's really nothing to say about not being suspicious or anything like that. Anyway, the result is the same.

"Sang Sang, you are too worried. Even if Lu Tianfeng becomes suspicious, he will still have to follow us all the way." He said.

Hearing this, Lin Caisang raised his eyebrows.

"That's true."

They just didn't expect that they would get the news about Kusi Tower so easily, and Lu Tianfeng happened to be going to Kusi Tower.

"Sister Sangsang, when we came back, we saw that Captain Liu and the others had already taken action. They seemed to be preparing a lot of things." Yue Chushui said.

Hearing his words, Lin Caisang raised his eyebrows.

"It seems that Captain Liu has really decided to fight us to the death, but this also satisfies our wishes." She said.

"We also have to prepare some things."

Sui Zimo glanced sideways at Lin Changhong and Yue Chushui.

Even if they have the golden bead space, they still have to do what they should do, otherwise Lu Tianfeng and the others will definitely be suspicious.

"We will prepare the things. If things don't work, dad is still here. If you need anything, you can get it from him." Lin Changhong didn't care at all and curled his lips and said.

Lin Baizhong, who had just stepped in: "..."

With such a cheating son, what can he say?

"I've prepared things for you." He sighed lightly, walked in directly, and said.

Now that everyone in the three teams knows about his relationship with Sang Sang and Chang Hong, there is no need for him to hide it, he just walked in openly.

"It's just that no one knows what's in the Kusi Building. You'd better be extremely careful and don't be careless." He warned.

"I got it, Dad."

Lin Caisang responded and looked at Lin Baizhong.

"Dad, you have to be careful here. Lu Tianfeng probably has someone else in his hands. He also has something he wants from you. I'm afraid he will still attack you."

"Ah."

Lin Baizhong chuckled.

Lu Tianfeng wanted to attack him, but did he have the ability?

"I will be careful."

...

Early the next morning, two captains, Yuan Jue and Lin Caisang, went to Lin Baizhong's camp to lead the mission. Captain Liu, who had not been notified by them, also squeezed in.

When arranging tasks, Lin Baizhong focused on his daughter and Yuan Jue, and received similar tasks.

But there was Captain Liu again. He asked to do the same task as Lin Caisang and the others. He had no way to refuse. Of course, he had prepared this in advance. After a few casual evasions, Captain Liu agreed. requirements.

"Since you three teams are going to set off together, you have to complete the mission properly and don't be reckless. It's understandable." He didn't look at Lin Caisang or Yuan Jue, but focused on Captain Liu. , said seriously.

Captain Liu: "..."

He just wanted to follow Lin Caisang and the others and get some benefits. Is that so?

Moreover, it's not like he just said nothing, he also prepared a lot of things, and he definitely won't hold others back. Maybe, their team will be even more powerful than Yuan Jue and the others.

"Don't worry, Commander Lin, we will definitely complete the mission and come back."

He had no choice but to pretend that he didn't understand what Lin Baizhong said, and assured Lin Baizhong with a smile.

Chapter 2646 Aren't you tired?

Isn't it because he wants to listen to his daughter and not cause trouble? It's not certain who will cause trouble to whom after departure.

"Um."

Lin Baizhong glanced at him solemnly again, then turned to look at his daughter.

"Be careful along the way, listen to Zimo, and don't act recklessly."

"Know."

Lin Caisang only replied with two words.

Of course she will listen to her husband. As long as there is any important matter, she and her husband will always discuss it.

Moreover, her husband obviously has more opinions than she does, so it is right to listen to him.

After a few more words, the three teams, a total of twenty people, set off.

This time, Captain Liu and the others also couldn't get on Lin Caisang's flying monster. They still had to walk on their own feet and rushed to Kusi Tower, which they had no idea where it was.

But this time, Captain Liu did not dare to say a word, and the other team members following Captain Liu also did not dare to speak.

Because they already know that Lin Caisang is the precious daughter of Lin Baizhong, the commander-in-chief of Sky City. How can they afford to offend such a person?

What's more, Lin Caisang's strength itself is pretty good.

If they made her angry, even if she killed them, Commander Lin Baizhong could resolve the matter after returning to Hongye Tower.

Captain Liu and the others did not dare to say anything, but Yuan Jue looked at Lin Caisang with some worry, and then looked at Sui Zimo.

"Mr. Sui, Mrs. Sui... you travel every day, aren't you tired?" he asked.

Before arriving at the assembly area, Lin Caisang was always on the road. Sometimes, Sui Zimo would hold her and walk, but this time was not much.

What's more, they are still fighting World of Warcraft a lot of the time, which is even more dangerous.

And when he looked at Lin Caisang's belly, which was already very big, as if she was about to give birth, he couldn't help but wonder, is this really okay?

"nothing."

Sui Zi Mo glanced at him and uttered two words lightly.

There is nothing he can do about his wife. She has to walk alone. What can he do?

But even though he was complaining like this in his heart, he still carefully supported his wife with his hands to prevent her from falling or something on the uneven road. He was staring at his wife like his own eyes.

"Be careful. We still have plenty of time. We can make it in time." He warned her in a low voice.

"I know."

Lin Caisang nodded and responded.

Along the way, they walked for several days, stopping and walking, collecting various medicinal materials along the way.

On Lu Tianfeng's side, his subordinates had secretly coaxed Captain Liu several times, hoping that he could find out where Kusi Tower was.

The road they took was the road they came here before. Now there were falling rocks under their feet. It was the good deeds of the monster before, which made him feel that Kusi Tower must be related to that monster.

"How's it going? Captain Liu, are you willing to inquire?"

Seeing his subordinates approaching, Lu Tianfeng asked immediately.

However, his subordinates shook their heads solemnly.

"It's impossible for Captain Liu to go there. He doesn't want to make Lin Caisang unhappy now. He feels that if this happens, Lin Caisang and the others will definitely drive us away. That will not be worth the gain."

Chapter 2647 Beimingju

He had already suggested many times that Captain Liu should ask Lin Caisang or the emperor to make some innuendo.

But Captain Liu had his own plans in mind, so why was he willing to inquire about it? He also felt that as long as they kept following him, they would definitely be able to go to Kusi Tower together.

Although this is certain, after all, you still have to look at Lin Caisang's faces and act accordingly.

"Master, how about we go and inquire about it ourselves? Maybe we can get some useful information from those people," he suggested.

"no!"

Lu Tianfeng rejected his subordinate's proposal without even thinking about it.

"We can't come forward rashly, otherwise, not only Lin Caisang and the others will be suspicious, but even Captain Liu will have a grudge against us. This will be more gain than loss for us.

Hearing this, his subordinates gritted their teeth silently.

"But, Master, we don't just go to Kusi Tower, there is also Beiming Residence? We can't keep spending time with these people, right?" He asked.

Along the way, he heard Sui Zimo beside Lin Caisang more than once, saying that he was not in a hurry. They had plenty of time.

They do have time, but the master and he don't have much time, and they really can't afford it.

They only have one month in this place, and they have already spent almost ten days. There are still twenty days left. They haven't found Kusi Tower alone, not to mention that they still have to find Beiming. Residence.

That is also a place that is very easy to find. I don't know if I can find it yet.

"Take your time, I believe Kusi Tower will be there soon." Lu Tianfeng took a deep breath and said.

In fact, he was also anxious, but what could be done if he was anxious? He still had to go to Kusi Tower first to find what he needed before he could leave these people behind and go to Beiming Residence to find things.

"I hope so."

Lu Tianfeng's subordinates curled their lips, not quite believing what their master said.

...

"Beimingju?"

On the other side, Lin Caisang, who was sitting on a big rock with Dabai in his arms, uttered three words.

"What Beimingju, Sangsang, what did you find out again?" Lin Changhong immediately became energetic when he heard his sister's words.

"Dabai said that Lu Tianfeng not only wants to go to Kusi Tower, but also wants to find a place called Beimingju. It seems that there are really many mysterious places in this vast forest."

Lin Caisang looked at them and said.

"It's just that I don't know if Lu Tianfeng has ever thought about it. If you want to enter these places, you need the city lord's order." She asked.

Everyone: "..."

Everyone was a little speechless, because since Lu Tianfeng knew that they knew the whereabouts of Kusi Tower, he could no longer think of grabbing the City Lord's Order from Lin Baizhong.

So until now, they were also wondering whether Lu Tianfeng had remembered that he couldn't go to those places without the City Lord's Order in his hand?

"He doesn't need the city lord's order."

Sui Zimo said lightly, then raised his eyes to look at his wife.

When Lin Caisang received her husband's gaze, she didn't know what to say for a moment. Then she raised her hand and pointed to her nose.

"Zimo, are you saying that he thought my father gave me the token?"

"What do you think?"

Sui Zimo gave her an expression that everyone could understand.

"What a beautiful idea he has!" Lin Caisang sneered.

Chapter 2648 Lost in it

If you want to snatch something from her hand, Lu Tianfeng is really capable. Why doesn't he go to heaven?

"He wants to snatch the token from my hand. Does he have the ability?"

Not to mention her own strength, could Lu Tianfeng be able to defeat the man next to her?

What's more, there are two people like her eldest brother and Yue Chushui. Lu Tianfeng is really capable and dares to think of anything.

"He should think that he is quite capable." Yue Chushui said.

"hehe."

Several people laughed when they heard what he said.

When they were still in Huanglu, they felt that Yinluqing was very powerful, but after coming to Qianhuan Continent, they no longer felt that way.

Before, they also thought that Lu Tianfeng, who could make Yinlu Qingfeng spin around, must be very powerful and a guy who could stand up to them, but now...

If they thought Lu Tianfeng was the ultimate BOSS before, now, Lu Tianfeng is really nothing in their hearts.

"I really want to know who is behind Lu Tianfeng."

She muttered.

"Always know."

Sui Zimo held a water bag in his hand and handed it to her.

"Take a sip first, fish soup."

This was the fish soup that he had warmed before, and he kept it just waiting for his wife to take a sip when she got thirsty.

"Oh well."

Lin Caisang responded and took the water bag into his hand.

"I wonder if the person behind Lu Tianfeng is also like Lu Tianfeng, with gold and jade on the outside but ruin on the inside?"

"Sang Sang, Lu Tianfeng can't be called a gold and jade, but a loser, right?" Lin Changhong tilted his head, looked at his sister, and asked.

In his opinion, Lu Tianfeng was a great person, but compared with his sister and brother-in-law... there was no way to compare them together.

Of course, this is from the perspective of one's own strength, not other places.

Lu Tianfeng's financial and material resources are still sufficient. Even the city lord of Sky City must be careful to deal with the character Lu Tianfeng manages in Sky City.

As for his sister and brother-in-law, they still don't have any strength other than themselves. After all, they just came to Sky City not long ago.

"Sang Sang, do you think Lu Tianfeng shouldn't come to Haikuo Forest by himself?"

After all, with someone like Lu Tianfeng, whatever he wants to do can be done with just one word.

And this kind of Lu Tianfeng, because of some things, had to come to the sea forest in person, maybe it really makes people think that Lu Tianfeng is actually nothing.

But Lu Tianfeng's entry into Haikuo Forest can only mean that the things in Haikuo Forest are too important to Lu Tianfeng.

In other words, for the person behind Lu Tianfeng, these things are very important, so important that unless Lu Tianfeng takes action, he will not trust anyone else.

"I have no idea."

Lin Caisang raised his eyebrows and denied.

She really didn't have this idea in her mind, and she would not underestimate Lu Tianfeng's power in Sky City.

However, following Lu Tianfeng this time, watching in secret that he had been trying to get Captain Liu and the others to attack, but had been unable to do so, she really felt that Lu Tianfeng did not have such a powerful mind.

Otherwise, how could Captain Liu and the others still be alive and well now?

Chapter 2649 Delaying things

"It's useless to talk about this now. Let's wait until we get to Kusi Tower first." Suizi Mo said.

"Uh-huh."

Lin Caisang nodded.

"Starting today, let's travel day and night, Zimo."

"good."

Sui Zimo had no other opinions and just nodded.

...

From that day on, everyone started to travel day and night for another three days and three nights.

Along the way, Yuan Jue and the others didn't say anything. They were all cultivators and it was common for them not to rest for several days.

But some people on Captain Liu's side complained that walking like this was a waste of time.

While everyone paused to cook, several team members came to Captain Liu and complained directly to him.

"Captain, is this not an option for us to keep going like this?"

One of them glanced at Lin Caisang's group not far away with a grimace, and then looked at Captain Liu.

"I don't even understand. Captain Lin and the others obviously have flying monsters, why do they have to choose to walk? Others are fine, but Captain Lin is a woman with a big belly. If she doesn't find the good things, she will be tired first. What should I do if something happens?"

At first, no one said anything. After all, when they went to the assembly area before, they were able to defeat Warcraft and get something, so they thought it was not a bad idea to go this way.

But now, I have been walking for several days in a row, and I am still traveling day and night.

But I didn't even see a single monster hair. I only saw the prey, and I could only peel off a layer of skin and roast it for meat!

In other words, all their efforts in the past few days have been wasted. If they could fly the Warcraft, they would only need one day to get here.

None of this needs to be said, but if they keep going like this, what if Captain Lin is really exhausted and comes out anyway?

They were looking for the treasure, so they couldn't stop just for Captain Lin, right?

"Captain, if Captain Lin is really up to something, then should we look for something good then, or should we stay here and spend time here with Mr. Sui and the others? Isn't this a delay?"

"Shut up!"

Captain Liu's face was dark, and he stopped the two of them.

Although he also thought so in his heart, he only thought about it to himself and did not dare to say it out loud.

Isn't this a direct curse that will cause trouble to others? If Sui Zimo hears it, will they still get good results from them? I'm afraid that a sword will sweep over and beat them to a disability, right?

"You two, if you say things like this again, I can't protect you?"

"Captain, as for you, we are just talking casually." One of the team members curled his lips and said.

They didn't say it in front of Sui Zimo and Lin Caisang. They just complained to their captain. What's the point? Isn't that what everyone thinks in their hearts?

"Just talking casually?"

Captain Liu took a deep breath and stared at them coldly.

"The woman in Captain Yuan's team didn't say anything casually before. She just glared at Captain Lin a few times. Do you think where has she gone now?"

"Well!"

The two of them choked at the words of their captain.

Thinking of Lingxue'er who had been sent out of the sea forest, they didn't know what to say. What could they say?

Chapter 2650 It's a white fox

After all, that woman was thrown out of the sea forest so directly because she offended Lin Caisang. If she had offended someone else, perhaps Commander Lin would not do such a cruel thing for the sake of the Ling family leader. Woolen cloth.

Thinking of the fate of Lingxue'er being sent directly out of the sea forest, the two people's expressions suddenly turned bad.

"No more, no more, we..."

"Zhizhi."

The two shook their heads, thinking that they would never speak ill of Lin Caisang again.

But before they finished speaking, they heard a roar of small animals coming from nearby. Captain Liu and the two team members turned around and saw a dagger inserted between the cracks of the rocks.

On the other side, a white shadow quickly ran away. Upon closer inspection, it turned out to be a white fox.

Everyone looked in the direction of the white fox's escape and saw the white fox escaping directly into Lin Caisang's arms. After calling out "Zhi Zhi" twice, it lay motionless.

"hiss!"

Seeing this scene, even Captain Liu couldn't help it and took a breath of air.

It is said that the white fox is the most spiritual animal, and its memory is much better than that of ordinary monsters. It can help its owner to explore other people's privacy, and any words can be passed to the ears of its owner.

There was such an animal beside Lin Caisang, and they had not noticed it before!

Then Lin Caisang heard what they said before?

"Captain Lin, you..."

Captain Liu took two steps forward, wanting to explain what the two team members had just said, and why they wanted to go with Lin Caisang and the others on a similar mission.

But when the words came to his lips, Lin Caisang spoke first.

"Captain Liu, I wonder how my Dabai offended the people in your team and let him be so cruel to Dabai?"

At this moment, Lin Caisang's face was cold.

Although Dabai had been inquiring about what other teams said and did before.

But this time, it really didn't happen. Dabai was very close to her, and he was playing with something alone, just like a child playing a game, and he didn't provoke anyone else at all.

"Well!"

Captain Liu choked at her words and turned to look at the dagger still stuck on the ground.

The owner of the dagger was Lu Tianfeng's subordinate. At this moment, he was walking in front of the dagger, bent down and pulled it out, rubbed it on his body twice, and put it back in the sheath.

Then, he turned to look at Lin Caisang with a smile on his face.

"I'm really sorry. It turns out that this white fox is raised by Captain Lin. I thought it was a prey in this vast forest. I really liked the color of its coat and wanted to kill it to make one. Wear a scarf and eat some meat."

Hearing this, Lin Caisang's expression turned even colder.

There are so many people here, and white foxes are extremely sensitive animals. How could a wild one stay here?

It seems that Lu Tianfeng wants his subordinates to take the lead and cause some trouble, right? He also expected that Kusi Tower was coming soon, and thought that he would cause some trouble now, and then when he got to Kusi Tower, he could confront them openly?

Haha, that's a good idea!

"Eat some meat? Then you were really starved by Captain Liu all the way. My Dabai, how much meat could be on your body would make you so cruel."
