

Star of Space 2651

Chapter 2651 It's really scary

"Captain Lin is joking. Since this white fox belongs to you, I won't dare to have any ideas about it from now on. However, Captain Lin should still keep your white fox safe in case it gets bumped into it one day." , Captain Lin should feel distressed by then.

Lu Tianfeng's subordinates also looked at Lin Caisang with smiles and said word by word.

He had also just seen the white fox. When he saw it, he had already guessed that the white fox had an owner. However, before he thought it was Yuan Jue and his team, he did not think of Lin Caisang.

Little did he know that it was just a dagger that could not force the owner of the white fox out.

And Lin Caisang, this woman, was so upright that she directly came to him to ask for an explanation?

Whatever he wanted to say, he couldn't help but suspect that the white fox had already heard what he had said to his master before, and told Lin Caisang word for word.

If that's the case, then it would make sense that Lin Caisang and the others in his team would meet them by chance from time to time, and every time they would successfully interrupt the good deeds of him and his master against Captain Liu and the others.

"Yeah?"

Lin Caisang's red lips curled up slightly. After glancing at him for the last time, she turned her gaze back and looked down at Dabai in her arms.

"Whoever dares to hurt my Dabai hair, I will kill him or her!"

The words were loud and clear, and everyone heard them very clearly.

For a moment, the surroundings were quiet, as if the only sound heard was the sound of the wind, and Dabai made a few 'squeaking' sounds in Lin Caisang's arms.

"Sonny, come here."

After a long time, a light voice came from behind Lin Caisang.

The person who heard the voice raised his head, turned around and walked quickly towards the man, then handed over the Dabai in his arms.

"Zimo, just hold it, it's too heavy."

Lin Changhong \u0026 Yue Chushui: "..."

Sister \u0026 Sister Sangsang, you were saying just now that Dabai doesn't have a lot of meat on it. How come in the blink of an eye, it's so heavy that you can't even hold it?

But Lin Caisang didn't care about this and sat down next to Sui Zimo.

"Tsk, tsk, Dabai was almost killed today. He was really frightened. I need to give it something good to eat later to calm down the shock. Zimo, don't you think so?"

"yes."

Sui Zimo smiled and nodded, responding to his wife's words.

Then, his sharp eyes glanced at Lu Tianfeng's subordinate vaguely.

With just such a vague glance, the man couldn't help but tremble all over, and his face quickly began to turn pale.

"This man..."

He turned around and whispered softly.

This man is indeed scary. From his perspective, Sui Zimo's strength is about the same as him, at most he is only a little stronger.

However, he couldn't bear Sui Zimo's flirtatious glance, and he was really embarrassed.

After taking a deep breath, he raised his feet and returned to his seat.

"Master, he..."

"Do not talk!"

Lu Tianfeng had a cold face and lowered his voice to remind his subordinates.

He didn't even know how many of his words had been listened to by those hateful white foxes. Along the way, he didn't even notice that there was such a beast following him!

And just now, when he discovered the white fox, if his subordinates hadn't been one step faster than him, he can guarantee that he would have killed it directly instead of letting it run away!

Chapter 2652 Fold yourself in

"Those two people are simply disgusting!"

"Yes.

Lu Tianfeng's subordinates could only respond in a low voice.

Indeed, they had never noticed before that there was actually a white fox next to Lin Caisang.

"Master, have they discovered our secret? How about..." He lowered his voice again, looked at his master with a deep look, and asked.

"You are not their opponent yet." Lu Tianfeng continued to speak with a cold face.

It's not that he dislikes his subordinates. In fact, he is already the most powerful person around him and the subordinate who knows his thoughts best.

But this does not mean that he can deal with Sui Zimo and Lin Caisang.

Even he couldn't figure out these two people. When he heard the names of these two people from the people around him, he didn't pay much attention to them. But since he came to the sea forest, he spent a few days with these two people. .

Even if they had no chance to talk at all, he could tell that these two people were definitely not simple.

"Zhefeng, I know that you are loyal to me and eager to get rid of those who are unfavorable to me, but you must also weigh whether you can deal with those people. Don't let others fail to deal with them. On the contrary, you will I folded it in myself.

As for those two people, it won't be too late to deal with them after they take us to Kusi Tower. I will find a way to deal with them. "

"Yes, master, this subordinate understands." Zhe Feng lowered his head and responded.

He wanted to deal with those two people. Thinking of being stared at by those two people before, he felt extremely uncomfortable. He wanted to rush over immediately and hack those two people to death.

However, from Sui Zimo's pressure on him just now, he could feel that he was definitely no match for that man.

Maybe he wasn't even a match for the other two people, Lin Changhong and Yue Chushui.

These people obviously still retain their own strength. Even in several battles with monsters, they have not fully used their true abilities.

"Then go down and get ready. We will probably arrive at Kusi Tower soon."

"Um."

Lu Tianfeng responded softly.

...

On the other side, although Sui Zimo and the others did not pay attention to Lu Tianfeng and the others, they saw them making preparations.

"They are quite clever and know that Kusi Tower is coming soon."

Lin Caisang curled her red lips disdainfully and looked at their retreating figures faintly.

She must avenge the revenge that almost killed her family Dabai just now. As for how to avenge it...

Wouldn't it be nice to let them watch helplessly as all the things they wanted to get were taken away by her?

Well, she thinks this method is quite good.

"Brother, Chu Shui, Kusi Tower is coming soon. We should make some preparations and inform Yuan Jue and the others." She turned her eyes, looked at her eldest brother and Chu Shui, and gave instructions.

"Okay, we'll go there later." Lin Changhong responded and looked at Yuan Jue and the others.

In fact, Yuan Jue and the others have been making preparations along the way, and the medicinal materials they collected will be refined into usable elixirs during their rest time.

And in this place, when encountering danger, the most useful thing is these pills.

"Sang Sang, what do you think will be in this Kusi Building?"

he asks.

Hearing this, Lin Caisang was stunned for a moment, then shook his head.

"have no idea."

Chapter 2653 When She Was Reincarnated as a Bird

These three words were the best she could say, because she really didn't know.

Even if a monster was captured before and knew about Kusi Tower, that monster only knew the basics of Kusi Tower, and might not have even entered the real Kusi Tower.

Therefore, there is no reason why the monster came to be. It just knows the name of Kusi Lou.

Then I found out that I had picked up a book about mechanism skills, and I started learning it.

But just picking up a leak can make them almost suffer in its hands. It can be seen that the things in this Kusi Building are really good.

"Brother, if you want to know, why don't you go in and take a look?"

Lin Changhong: "..."

Of course he wanted to go in, but before going in, he was also curious about what good things would be inside, right?

Just like those people other than them, who doesn't have strong curiosity towards Kusi Lou... No, it shouldn't be said to be curiosity, to be precise, it should be expectation.

Everyone is looking forward to getting the best things in the Kusi Tower, so that their trip into the vast forest will not be in vain.

"I still won't ask. In fact... it's useless to ask. You don't know either." He said quietly.

Lin Caisang: "!!!"

If this person wasn't her eldest brother, she would definitely slap him in the face!

Since she already knew that she didn't know what was in Kusi Building, why did she still ask? Just close his mouth, right?

"Then don't talk!"

You want to piss her off, right?

After all, she is still pregnant with his nephew. Is there anyone who bullies her like this?

"Okay, okay, I didn't speak, it was my fault.

Lin Changhong saw his sister glaring at him angrily, and quickly took all the blame on himself.

It was all because of his sudden curiosity and rudeness that he made his girl angry.

"Sang Sang, don't be angry. If you want to know what's in Kusi Tower, let's go and have a look. Haha, Zimo and Brother will take you all the way up there."

Lin Caisang: "!!!"

Are you still flying straight up, thinking she was reincarnated as a bird?

She rolled her eyes at her eldest brother angrily, and then continued to look at those people who were busy, always preparing to enter the Kusi Building.

...

Kusilou.

Three big characters were displayed on a huge rock wall in front of you.

But at this moment, all the twenty people in the three teams had confused faces, including Lin Caisang and Sui Zimo.

Because when they looked around, they didn't see anything else except the rock wall with the name "Kusi Tower" written on it. There were many trees on a plain.

Others, they really didn't see it!

"Zimo, did you...see anything?" Lin Caisang raised his head, looked at his husband, and asked.

Hearing this, Sui Zimo lowered his head, looked at his wife, shook his head, and said nothing.

What could he see? What he saw was the same as what everyone saw. There were many trees on a plain, and nothing else.

"Is there any secret passage on this rock wall?"

Lin Changhong raised his hand and touched his chin, guessed, then raised his eyebrows and looked at his sister and brother-in-law.

Chapter 2654 Really not found

"How about you go over and take a look?" he asked.

"Zimo."

Lin Caisang looked at Lin Changhong, then looked at Sui Zimo again.

"I'll accompany you there."

Sui Zimo immediately glanced at Lin Changhong, and then looked at Yue Chushui.

Without him saying anything, Yue Chushui strode over and stood next to Lin Caisang, taking a stance to protect her.

"Brother-in-law, don't worry, you and Brother Changhong will go there. I will protect Sister Sang Sang's place." He said to the two of them.

Lin Caisang: "..."

She looked at Yue Chushui who was standing next to her with black lines on her head, and she really wanted to ask how weak she was.

She can obviously protect herself, okay?

"Well, Chu Shui will protect me, you go ahead."

Although she was complaining crazily in her heart, she still didn't show her husband's concern for her on her face and responded.

"Be more careful."

Sui Zimo raised his hand and patted her face gently. After giving her another warning, he led Lin Changhong towards the huge rock wall.

He was naturally relieved about the others, but at this moment, Lu Tianfeng was too close to them.

With such a distance, it's normal for him to feel uneasy.

It's a pity that Lin Caisang was well protected on Yuechushui's side, but over there, no matter Lin Changhong looked left, right, up or down, he could barely turn over the rock wall with his own strength. No mechanism could be found.

After a full hour, the two people finally came back.

"Sang Sang, I really didn't find any mechanism. How about you follow Zimo and look for it?" Lin Changhong suggested with his head drooped and looking at his sister a little pitifully.

Lin Caisang looked at his eldest brother and then at Sui Zimo.

"Indeed, we didn't find it." Sui Zimo also spoke to his wife.

They have searched everywhere they can. If there is nothing, there is nothing. This is really a very pure rock wall without any mechanism at all.

Hearing this, Lin Caisang gritted his teeth, then let Dabai go and let him look for it again.

But after a while, Dabai also came back, shook his little head at her, and finally buried his little head directly into his master's arms, saying that there was nothing he could do.

Seeing this situation, Lin Caisang took a deep breath.

Even her Dabai couldn't find the mechanism, which shows that there is no mechanism at all.

"Captain Lin, is this the Kusi Building you are looking for?"

Captain Liu finally came back to his senses from the disappointment, looked at Lin Caisang with ridicule, and asked.

Fortunately, they followed Lin Caisang and the others so excitedly all the way. Even if his team members had doubts, he dismissed them, thinking that they would definitely find something good.

But what about now?

After wasting so many days, look what they saw?

There was such a big rock wall with the three characters "Kusi Tower" written on it, but they really didn't see anything else.

How could he, who always thought there would be a lot of treasures, be willing to do this?

"What? Captain Liu also came to find Kusilou?"

Lin Caisang didn't need to say anything. Over there, Lin Changhong just said a word and blocked Captain Liu.

They didn't invite these people, they just came with them themselves, okay?

Now there are only these three big characters in Kusi Building, and nothing else has been seen by everyone. The hope of getting the treasure is gone.

Chapter 2655 Gaining the initiative

So, Captain Liu, who is greedy for money, wants to put all the blame on his sister?

If you have the original intention, don't follow along!

"Well!"

Sure enough, Captain Liu was choked by his words.

Yes, they overheard the news about Kusi Lou, so they followed him shamelessly, but so what?

"We were originally going to do the mission together, but you had to come to this place, so we had to follow. Now it seems that it is really a waste of time. Captain Lin, you..."

"Captain Liu, Captain Lin didn't ask you to go with her, right?" Before Captain Liu could finish speaking, Yuan Jue came over and spoke to Captain Liu.

Yes, Lin Caisang never said a word to Captain Liu from the beginning to the end, asking them to follow her team.

And he didn't believe that their group had deviated from the course of their destination. Captain Liu didn't know at all, but he knew it clearly, but he didn't say anything.

You obviously came here willingly, but now that you have nothing to gain, you want to blame someone?

"From the beginning to the end, you were the one who followed us here, Captain Liu."

"I....."

Captain Liu opened his mouth, but for a moment he didn't know what to say.

An argument broke out here, while on the other side, Lu Tianfeng and his subordinate Zhe Feng also turned pale.

They believed what they had seen before. Lin Caisang, Sui Zimo and the others really did not see any mechanism, and here were all plains and trees. Except for the rock wall, there were no other high hills. .

Such a place really has no resemblance to the Kusi Tower they thought of.

"Master, what should we do now?"

Zhe Feng had no idea at all now and looked at his master blankly.

Hearing this, Lu Tianfeng took a deep breath.

What could he do? He could only stare at the three words on the rock wall, but he had no idea where the Kusi Tower was.

"Let everyone find it together!"

After thinking again and again, he finally could only say one thing feebly.

"good."

Zhe Feng responded, turned his head and walked towards Captain Liu.

"Captain, why don't we look for it together? Maybe Kusi Tower is nearby, but it's just a little far away. We can find it soon."

His words were like a stone, hammering into Captain Liu's heart.

Captain Liu glared at Lin Caisang and Yuan Jue fiercely, then turned and left, preparing to instruct his team to search further afield.

He secretly thought that if he were allowed to find Kusi Tower first, he would definitely not leave any of the things there to the people in Lin Caisang and Yuan Jue's team.

Not at all!

"Go and search far away to see if there is a mechanism somewhere. We must find Kusi Tower before the other two teams!"

He gathered his team members together, and the seven of them murmured together for a while. To sum up, they could find the Kusi Building first, and then they would be able to take the initiative.

Several team members also agreed with what their captain said.

After all, in their hearts, they still hope to find Kusi Tower and find the many good things in Kusi Tower.

"Zimo, what should we do now?"

Seeing that Captain Liu and the others had already taken action, Lin Caisang raised her eyes and looked at her husband.

Chapter 2656 What kind of person do I need?

"What do you think?"

Sui Zimo looked at the others and asked their opinions.

"Sister Sangsang, brother-in-law, I think if you want to open this Kusi Tower, you should start from this rock wall." Yue Chushui said.

"If, I mean if."

Yuan Jue looked at the rock wall, and then looked at Sui Zimo and the others.

"If your information is correct and there really is such a building as the Kusi Building, Mr. Yue and I have the same idea. We should start from this rock wall."

"Yes, I also think there is something wrong with this rock wall."

"That's right, such a big rock wall just stands here, with nothing around it at first glance, it looks very weird.

"Maybe there are things on this rock wall that we can't see or touch. There aren't any weird things in Qianhuan Continent. It must be that we haven't discovered the weirdness of this rock wall yet."

Everyone in Yuan Jue's team, including the trio, all felt that the problem still lay on the rock wall.

"I think so too." Lin Caisang also nodded.

After all, the monster had said before that it had picked up the book on mechanism in front of this huge rock wall.

But at that time, she really didn't expect that the so-called Kusi Tower was just such a huge rock wall, and she didn't think of asking the monster what Kusi Tower looked like.

"Sang Sang, do you think we need someone who is destined to open this rock wall?" Lin Changhong looked up at the huge rock wall and touched his chin.

Lin Caisang: "..."

Is there a destined person? What can I say about this thing? She said it was really possible.

"What the hell is a destined person? It can't really be like this, right?"

"Then what should we do if no one is destined to be here? Can't we get in?"

"No way?"

Several team members talked about it one after another, and some of them had disappointment on their faces.

They finally found the Kusi Tower, but they had to be destined to get in. So wouldn't they get nothing?

Thinking about it, they all wanted to shout, "Oh my god, why are they so unlucky?"

However, looking back and thinking about it, Haikuo Forest is a very mysterious existence. Isn't the even more mysterious Kusi Tower inside this place a more advanced existence?

They would also be able to understand if it requires someone with a predestined relationship or finding something else specific before they can enter.

Even if in the end, none of them can get in, they will be very disappointed at most and will not blame anyone. After all, they themselves are too useless.

"Captain Yuan, go look for it too, maybe you can actually find something."

Listening to everyone whispering there, Lin Caisang raised his eyes to look at Yuan Jue and reminded him.

"Okay, I'll tell everyone to look for it."

Yuan Jue responded and turned to look at the others. Without him saying anything else, the others spontaneously went to find some secret passage nearby.

After all, Captain Liu and the others have already gone to find him, so they can't fall behind Captain Liu and the others, right?

"Captain Lin, Mr. Sui, then I will also go and have a look around, you guys... are free to do as you like."

Yuan Jue glanced at Lin Caisang and the others and left. He couldn't just watch his team members go looking for them while he did nothing, right?

Chapter 2657 Living in hardship, living in longing, living in skulls

"Captain, let's go look for it too, shall we?"

Seeing that everyone was looking for him, the three people on the wall also raised their heads and tentatively asked Lin Caisang.

"Go ahead and remember to be careful."

Lin Caisang gave the three people a hint.

"Yeah, we know, captain." The trio of wallflowers responded immediately.

They had quarreled with Captain Liu's team several times before, and they had already seen it. Captain Liu looked like a very generous person on the surface, but in fact he showed a small belly!

What if such a person takes advantage of others and kills them?

Of course they have to be careful and careful.

"Sonny..."

After everyone else left, Sui Zimo looked at his wife.

His wife drove everyone away. She must have her own motives. Could it be that she discovered something?

"Brother, Chu Shui, you guys are guarding outside." Lin Caisang looked at the two of them, and after giving them instructions, he took Sui Zimo and flashed directly into the Jinzhu space.

But in the golden bead space, in the jade mirror at this moment, only three characters were displayed - Kusi Tower.

"Brother Yujing, tell me quickly, how to open the Kusi Tower?" Lin Caisang walked up to Yujing and asked.

Now that her husband can see the words on the jade mirror, they can work together to think of a way to open the Kusi Tower and see what kind of things are inside that can attract Lu Tianfeng so much. And the person behind him!

'Kusi Tower: It is divided into three residences: Kusi, Siju, and Guju. The three residences are collectively called Kusi Tower. Kusi has 18 floors. It is a level-breaking training mode. Every time you pass a level, you can get rewards. ;

There are nine levels in Siju, which is a meditation practice mode. You can also get rewards for each successful level of practice;

There are twenty-seven floors in the Skull House, which is a training mode of hell. If you don't pass the twenty-seven levels, you can't rest, let alone leave. You can only linger in the Skull House forever, but this residence is the best in the Kusi Pavilion. '

Lin Caisang: "..."

Sui Zimo: "..."

Looking at the dense fonts in the jade mirror, neither of them knew what to say.

The so-called Kusi Tower is actually a place for cultivation, isn't it?

Then why was the previous Warcraft able to obtain a book on the mechanism formation outside the Kusi Building? Could it be that someone who came to break through the level before accidentally dropped it?

Was it picked up by that monster?

"A place to practice? Brother Yujing, my mission this time is not to practice, right?" Lin Caisang asked Yujing.

'Dear master, you enter the Kusi Tower to practice and to obtain the treasures in the Kusi Tower. Jade Mirror has already planned your itinerary. You must go through the hell cultivation mode before you can come out of the Kusi Tower. . '

A few more lines of words appeared in the jade mirror.

Lin Caisang: "???"

Even the mode she will break into has been decided, should she be so ruthless?

"Brother Yujing, although you can't see it, you should be able to feel the obvious changes in my body. Brother Yujing, I'm pregnant, okay!"

She gritted her teeth and spoke the last sentence to Brother Yu Jing.

It is already embarrassing for her to let a pregnant woman go to the Kusi Tower, but he has also decided what kind of mode she will try. This is just trying to catch a duck, it is really cruel!

Chapter 2658 plummeting

'Dear master, please rest assured that your baby is protected by the Golden Pearl Order. Even if you scrape off a layer of skin from yourself, the baby will be fine. In the jade mirror, several lines of ruthless fonts were displayed.

Lin Caisang: "!!!"

Believe it or not, she will find someone. Is there anyone who bullies people like this?

"What do you mean I scraped off a layer of skin from myself? What do I do when I'm full and stuffed enough to have nothing to do?"

She was so angry that she was jumping up and down. Could anyone curse her like this?

'Master, the jade mirror is just a metaphor, don't be angry. ' A line of words appeared in the jade mirror.

Lin Caisang felt even more angry when he looked at those words.

"Sonny, don't be angry, leave everything to me."

Sui Zimo raised his hand, pinched Ren'er's face and comforted him.

As long as he is around, no matter what mode he is in, he will never let his wife suffer the slightest harm.

After listening to Sui Zimo's words, Lin Caisang finally stopped being angry. He took a deep breath and stared at the jade mirror.

"Then tell me, how to open the Kusi Tower? We haven't even touched the door of the Kusi Tower now, let alone the hell mode, even the meditation mode, we can't do it."

'Kusilou is three words.'

Only three words were displayed in the jade mirror. As for the rest, Lin Caisang had to think about it himself.

"Kusilou, three words?"

Repeating the words on the jade mirror, Lin Caisang raised her head and looked at her husband.

Is there anything strange about those three words? If she remembered correctly, her husband and her eldest brother had wandered around those three words several times before, but they didn't see anything wrong.

What it means now is, do they want to read the three words "Kusilou" again?

"Brother Yujing, please make it clearer. How do you get those three words "Kusilou"?" Lin Caisang grinned and looked at Yujing with a smile.

However, there are no words on the jade mirror, and even the three words "Kusilou" have disappeared.

Lin Caisang: "."

She raised her hand, wiped her face, and then looked at her husband.

"Let's go and have a look."

Sui Zimo didn't have much idea, and was going to go out with his wife to see what was weird about the three words "Kusilou".

Since Yu Jing said so, he must have a reason.

"All right."

Looking at Brother Yujing who no longer said anything to her, Lin Caisang could only nod and went out with her husband.

...

"These three words?"

When Lin Changhong and Yue Chushui heard Lin Caisang's words, they both aimed their gazes at the three big characters on the rock wall.

Is there anything strange about these three words? Aren't they just ordinary characters? They had seen characters carved on stone walls outside before, and they were all similar.

"Sang Sang, I still don't see what's different about this." Lin Changhong said.

Beside him, Yue Chushui also shook his head, saying that he was powerless because he didn't see any way.

"Zimo."

Lin Caisang didn't have much hope for the two of them, but instead looked at her husband.

Of course, she didn't have high hopes for herself. Ever since she became pregnant with her baby, she had doubted her intelligence, which had been completely absorbed by the baby in her belly.

Plummeting, right?

Chapter 2659 Kusi Tower is opened

"Sang'er, please step aside. I'll try to type it with spiritual power to see if I can get some inspiration from these three characters. Sui Zimo looked up at the three characters and said to the three of them. .

"Oh, alright."

After hearing his words, Lin Caisang nodded quickly, holding one hand with each other, pulling Lin Changhong and Yue Chushui farther away.

Then he turned around and looked at his husband.

Sui Zimo waited for Lin Caisang and the others to stand still in the distance and made sure they were in a safe range, before he concentrated his spiritual power on his hand and typed towards the three words.

However, after the powerful spiritual power was hit on the three words "Kusilou", it was like a stone sinking into the sea. No, it was even more disappointing than a stone sinking into the sea, because there was not even a trace of fluctuation in spiritual power.

"Brother-in-law..."

"Isn't it done with spiritual power?"

The voices of Lin Changhong and Yue Chushui sounded, looking at that place in confusion.

"No, if it wasn't for spiritual power, how could there be no spiritual power fluctuation at all." Lin Caisang denied what they said.

The spiritual power that her husband hit just now was so powerful. If there were three trees on the opposite side, they would have been turned into powder, right?

But after the spiritual power was hit to the rock wall, there was nothing, and even the spiritual power disappeared. Therefore, she was almost certain that opening the Kusi Tower was related to spiritual power.

"Zimo, don't try them all together, try them one by one."

She shouted towards Sui Zimo.

Hearing this, Sui Zimo turned around, nodded towards her, and then continued to look back at the rock wall.

He gathered another spiritual power in his hand, aimed at the word 'lou', and typed it without hesitation. The next moment, the four of them heard a 'boom', and a powerful phantom of spiritual power directly hit Sui Zi. The place where Mo is located is taken care of.

"Zimo!"

Lin Caisang was startled and immediately strode forward in front of her husband.

"Sangsang!"

"Sister Sangsang!"

Lin Changhong and Yue Chushui didn't check for a moment, but Lin Caisang escaped. They immediately screamed and the two of them followed.

but.....

Until they stood next to Sui Zimo, there was nothing strange, except that there was an phantom of spiritual power around them.

"The Third Pavilion of Kusi, Skull Residence Hell Training Mode, are the trialists ready?"

The sound transformed from spiritual power not only hit the ears of the four people, but also shocked other people who were looking for traps around them. Captain Liu and his team rushed over as fast as possible.

"What voice? Whose voice was it just now?"

As soon as he reached Lin Caisang and the others, he asked anxiously.

"Is Kusi Tower open?" Lu Tianfeng and Zhefeng also rushed over and asked them.

"What's the sound? Is the Kusi Building opened? Can't you see for yourself?" Lin Changhong glanced sideways and glanced at Captain Liu and the others.

When several people heard his words, they all twitched their lips.

Naturally, they could see the phantom of spiritual power covering them all, and there were other words on the rock wall.

But they don't understand, what the hell is the hell cultivation mode? Aren't they here to find the treasure? Why did you start the hell training mode of Lao Zigu?

They are not here to practice!

"Captain Lin, Mr. Sui, what's going on? Have you opened the Kusi Tower?"

Chapter 2660 Are you crazy?

Soon, Yuan Jue and the others rushed over, and the trio of wallflowers also came back. When they saw the words on the rock wall, they asked at the same time.

"Yes, but it's in hell mode. Do you want to try it?" Lin Changhong looked at Yuan Jue and the others and asked with raised eyebrows.

Everyone: "..."

Hell mode...

They didn't know what to say.

Although cultivation is a good thing, the reason why they came to Haikuo Forest is that no matter how much medicinal materials they want to collect, they want to exchange them for the most spiritually powerful things to improve their spiritual power.

Of course, if practicing here can get twice the result with half the effort, it must be the same, right?

but--

When they saw the word hell, they knew it was not that easy!

"Captain Lin, are we going to enter hell mode?" one of the trio asked Lin Caisang.

Of course, they believed in Lin Caisang. When she said break through, they followed her. Anyway, if they followed them, they would be able to break through, right?

"us....."

"What? Hell mode? Are you crazy?"

Before Lin Caisang finished speaking, he was interrupted by the surprised voice of the person next to him.

"This hell mode is not that easy to break into at first glance. What if we are all trapped in it? Is there no other mode? There must be one, right?"

"That is, were there other modes before? Did you choose hell mode on purpose while all of us were away?"

"How come there are people like you? How much hardship have we endured following you along the way? I was almost killed by a monster. Now I finally have some hope. You actually want us to go out together? Hell mode?"

Everyone criticized Lin Caisang and Sui Zimo.

Of course, the people who spoke out were only the members of Captain Liu's team. None of the members of Yuan Jue's team spoke. They were still thinking about what mode they were entering.

Because they believe that no one will force them to choose the most difficult mode as long as they don't want to.

Sure enough, when Captain Liu's team members were restless and those in Yuan Jue's team were silent, Lin Changhong roared dissatisfiedly at those talkative people.

"Shut the hell up, all of you!"

"you....."

At this sound, not only the team members around Captain Liu, but also Captain Liu himself were stunned by the roar.

"Mr. Lin, they didn't...that's not what they meant. Don't be angry." He opened his mouth and quickly wanted to explain a few words.

But how could Lin Changhong give him this opportunity? He directly aimed his cold eyes at him.

"Isn't that what you meant? Now you're here to tell me that that's not what you meant? What's the matter? My girl put a knife on your neck and asked you to enter hell mode? If you don't want to enter, you can just wait for us to go in After that, find a way to open other modes on your own.

Humph, you got a big deal for nothing. You followed us to Kusi Building, and now you still want to point fingers in front of my girl?

Is it because my girl is so talkative that you are so happy that you can't even find the north, south, and east? "

"Well!"

Captain Liu was choked by Lin Changhong's words and didn't know what else to say.

The other people who had just criticized Lin Caisang also took a step back, fearing that Lin Changhong would slap them.
