

## Star of Space 2671

Chapter 2671 Let's continue

You haven't come out yet. Could it be that something happened?

Thinking that something might happen to his master inside, his face suddenly turned green, and he wished he could rescue his master right now.

But this place is so strange. Even if he wants to save it, he doesn't know where the entrance is.

How can he save him?

"Just wait, if you let me know what you did to him, I will never let you go!"

Everyone: "???"

Lin Changhong looked at himself, then at his sister, brother-in-law, and Yue Chushui, and then at Yuan Jue and the others.

With so many of them, are they really afraid of Lu Tianfeng and his subordinates?

Even if Lu Tianfeng really takes out all the people he has in his hands, they won't be afraid, okay?

Could it be that only Lu Tianfeng had someone, and they were gone?

There are many people in his sister's golden bead space, but they haven't called out yet. Believe it or not, they all called out and beat these two guys down!

It's really annoying!

Yuan Jue also found it funny. This man was so funny. Could it be that if something happened to his master, it was all their fault?

"Young master, if you don't have real ability, you shouldn't have entered Calvary before. Instead, you should have lived in poverty or thought about it. However, now that you have arrived at Calvary, you can't just suffer a little setback and think it's wrong. Someone else's fault.

He stood up and spoke to Zhe Feng.

"This is a breakthrough mission, and it's still in hell mode. We are lucky to be able to get out so quickly, but that doesn't mean that everyone will be so lucky.

Your companion may have encountered some difficulties, but as his companion, shouldn't you believe that he can successfully overcome it? "

Listening to his words, Zhe Feng gritted his teeth.

He naturally hopes that his master can successfully break through the barrier, but he has been waiting for so long, but he has not waited for his master at all.

"you....."

"Tsk, Sangsang, what do we care what he does? There are so many levels and we have to rush through them. How about we see first what the next level is?" Lin Changhong didn't give Zhe Feng anything to say. When he got the chance, he turned to look at his girl.

"good."

Lin Caisang didn't want to waste time anymore, so he nodded.

Originally, she wanted to wait and see when Lu Tianfeng would come out and see how strong his reflexes were.

But now...

She felt there was no need to wait. Even if Lu Tianfeng really wanted to get something back from this place, as long as the first few people didn't belong to him, he probably wouldn't get the good stuff.

"Zimo, let's continue." She looked at Sui Zimo.

"Um."

Sui Zimo responded.

So, none of the six people paid any attention to Zhe Feng, but walked to the monument and began to study how to open the second level.

Because in this place, except for this monument and the flowers and plants in the first level that can make people have illusions, there is nothing else.

When they walked to the monument, a large stone wall emerged from the ground next to the monument. There were many holes on the wall, and among eight of them, there were boxes of different sizes. .

On the other side, Zhefeng, who was waiting anxiously, rushed over when he saw the stone wall, wanting to take one of the boxes for himself.

Who knew...

Chapter 2672 Don't even think about it!

He just rushed over, and before his hand touched the box, his whole body was ejected by a powerful spiritual force, and finally fell far away with a 'bang'.

"Well!"

He groaned in pain, feeling that all his internal organs had been thrown out.

He stood up slowly, trying to stand up, but at the next moment, he couldn't help spitting out a mouthful of blood, and with a 'pop', it all sprayed on the ground.

Others also looked at the stone wall with their mouths open, and then at Zhe Feng.

Is this the so-called self-destruction? So why are they rushing forward in such a hurry? They don't even know how to get these things in their hands.

Anyway, let's take a look at the situation first.

Lin Caisang and her husband looked at each other, and then they both looked at the brocade box that Zhe Feng wanted to grab.

The brocade box was sealed, and it was impossible to see clearly what was inside. It was just that it was placed at the highest and most conspicuous place. Zhefeng was so sure that this was what his master wanted?

"Deserve it!"

Even the female team members beside Yuan Jue said two words to Zhe Feng calmly.

The moment she saw Stone Wall appear, although she was also moved, she still knew in her heart that even if these were really what they deserved, they would have to be given on a first-come, first-served basis.

Lin Caisang was the first to come out. Even if she was asked to be the first to choose the reward, she would not choose the top and most conspicuous one shamelessly.

But Zhefeng didn't even think about it, didn't even say hello to everyone, and quickly tried to snatch away the topmost brocade box!

So, now that he was vomiting blood due to the rebound of spiritual power, she didn't have the slightest sympathy.

"This action is really fast."

Lin Changhong also sneered and looked at Zhe Feng's pale face.

As the last person to come out, he still wants to choose something first, or get the best one?

When he looks good, is his face big enough?

"you....."

As for Zhe Feng, he still hasn't reacted yet and thought he was bounced back by Sui Zimo or Lin Caisang.

"You dare to attack me? That box must be mine, you...don't even think about it!"

Everyone: "..."

This is already the second time, have they been so slandered by Zhe Feng?

"I really want to... beat you up!"

Yue Chushui didn't speak much along the way, but at this time, he really gritted his teeth and glared at Zhe Feng and said something.

This man is like Lu Tianfeng, he really needs a beating, his fists are itching all the time!

But he also knew that this was the Kusi Tower and the Skull Residence, and it was not a place where he could do anything casually, so he had to endure it. Besides, they didn't just have to break through the Skull Residence.

"Ah."

After listening to his words, Zhe Feng raised his hand, wiped the blood from the corner of his mouth with his sleeve, and then looked up at the few people with disdain.

"you....."

"I have been guarding this Kusi Tower for so many years. This is the first time I have seen such a shameless person. I have seen it today."

Before he could speak, everyone heard an old and majestic unfamiliar voice reaching their ears. The next moment, a figure was already standing on the stone wall, looking down at everyone.

"Who are you?"

Seeing people other than them, Zhe Feng took a step back.

Chapter 2673 Divine consciousness is still there

Didn't he say that there were no other people in the Kusi Tower? This is what he heard from the master.

Although the master didn't know about other things, he was still clear about this point. According to the master, there had been no one guarding the Kusi Tower for tens of thousands of years.

But now, why would such an old man come out here?

Doesn't that mean that when the master wants to deal with these people, it is impossible because this old man will always be watching them?

"Who am I?"

The old man just raised his eyebrows when he heard his question, and then chuckled.

"Before you found the Kusi Tower, didn't you hear a name?"

"Old Lou? Elder, are you Old Lou?" Lin Caisang asked in surprise with his eyes full of surprise.

According to the jade mirror, the Kusi Tower was once a training space opened up by a powerful man with strong spiritual power, but later the elder passed away.

So the Kusi Tower was later moved to the Haikuo Forest and became a training place that only destined people can encounter and open.

Who would have thought that Elder Lou was still here... No, it should be said that Elder Lou's consciousness was still here.

"Haha, I didn't expect that in this desolate Thousand Illusion Continent, there are still people who remember the existence of this seat." When Lou heard her words, he was also stunned, but soon laughed.

Elder Lou...

He had never heard anyone call him so respectfully before.

This little girl, looking at how old she is, was able to know his existence.

He thought that in this Thousand Illusion Continent, there were probably very few people who knew about Kusi Tower, not to mention his name. So many years have passed, and he should have been forgotten by the world.

"Junior Lin Caisang, meet Elder Lou." Lin Caisang saluted Elder Lou respectfully.

Seeing this, Sui Zimo also saluted Elder Lou with his wife. He had seen the word Elder Lou in the jade mirror before.

But he really didn't expect that the person who appeared in the Lou Residence would be Elder Lou's consciousness.

Seeing this, others also saluted Elder Lou.

But there is such a person who thinks that the so-called Skull Old Man is just a bluff. Maybe it is a wisp of spiritual consciousness that Lin Caisang and the others have already controlled, and they deliberately let him come out to shock them.

This is not impossible.

"What Skull Old Man, I have never heard of it!"

He covered his chest with one hand, and waved the other hand in the air, as if to shake off the so-called Skull Old Man.

"Don't think that you can make me retreat by making such a thing. I tell you, the things in that box must be mine. Don't try to snatch them from me, otherwise, I will let you come in alive but leave dead!"

Everyone: "..."

This is not what they made, okay?

Why did they think that although this person had ulterior motives, he was at least a normal person?

Now it seems that it is too abnormal. Does he have to let them punch and kick him before he will be willing?

Skull Old Man: "..."

What is such a thing?

How do young people talk nowadays? Can't they learn from this little girl...er, little lady, and speak nicely and respectfully to him?

He really couldn't stand this person, but this place...

Chapter 2674 Can it be thrown out?

"Forget it, since you don't even believe me, then my territory cannot tolerate you. You... get out!"

After saying that, Old Man shook his sleeves at Zhe Feng, and then everyone watched as Zhe Feng was blown out by a gust of wind formed by spiritual power, and quickly disappeared.

"he....."

Yuan Jue opened his mouth and looked at Old Man.

"Old Man, he...where did he go?"

The woman beside Yuan Jue also looked at Old Man and asked him softly.

This old man wouldn't kill that Zhe Feng, would he? Is it that simple to kill someone? Just flick your sleeves.

How many years of practice would it take for her to achieve such an ability...

Uh-huh!

She shouldn't think like this. Even if she has cultivated to such an extent, her spiritual power is not used to kill people, but to stay close to her.

"Well, this little girl is pretty good too."

The old man's eyes were focused on the woman beside Yuan Jue.

"No matter how powerful the spiritual power is, it is not used to kill people. Yes, yes, you can rest assured. Since that person dislikes me so much, then there must be something about me that he doesn't like. I just sent him away. Just out."

He explained to everyone with a smile.

Everyone: "!!!"

Doesn't it mean that if you enter the Kusi Tower and you don't complete every level, you can't get out?

Then why can Zhe Feng still be thrown out?

But everyone was smart enough not to think about the problem of Zhe Feng. Instead, they were thinking about how to breakthrough the level, how to get better things, or, in other words, how to establish friendship with the old man in front of them.

Well.

Although there is really no friendship between them.

However, Old Man can introduce them to the situation in Kusi Tower, for example, how to open the level? How to receive gifts? How can I pass these levels quickly?

"Yeah, my monster almost beat me to pieces. I really don't know how my girl can stay so neat and tidy when she fights so many monsters by herself."

While everyone was talking about how they were fighting Warcraft, Lin Changhong was also complaining. He was almost chased by that Warcraft!

"Did this little lady fight against World of Warcraft? She just slapped dozens of white rabbits to death with one palm, and she still had time to dig a hole for them to bury. Well, she is very kind and merciful."

The old man praised Lin Caisang while watching them eat.

If you ignore the surprise in everyone's eyes, Lin Caisang feels that it will definitely be more satisfactory!

"You guys, you should learn from this little lady. Even after killing monsters, you don't even know how to bury them. Don't you know that the dead are great? No wonder you can get such a small reward. Oh, what a failure!"

The old man sighed and shook his head.

Everyone: "..."

Especially Lin Changhong, his head is full of black lines. His monster is as high as a hill. If he really digs a hole...

How long does he have to dig? Isn't it terrible?

And speaking of...

Turning his head, he looked at his sister.

"Sang Sang, you just shot dozens of white rabbits, the ones with their mouths wide open?"

He is still in the situation. Is the white rabbit here different from what they see outside? Is it also a kind of monster?

Hearing this, Lin Caisang raised his hand and wiped his face, not knowing what to say.

Chapter 2675 People dirtier than beggars

But finally, she spoke.

"It's a white rabbit, just like the ones you and Zimo hunted in the mountains before," she said.

Everyone: "..."

Each of them was exhausted from dealing with the monsters, but they killed so many of them with just one palm strike, and then dug a hole to bury them, and then they could get the best reward?

In this world, why is there such a big difference between lucky people and unlucky people like them?

And Sui Zimo finally understood why his wife refused to say what she had encountered. It turned out to be a group of white rabbits.

"Hey, but this big white rabbit is not good either."

Just when everyone was having different thoughts, they heard Old Man speak again.

"After passing this level, everyone has made progress in their cultivation, but this little lady...hey!"

As he spoke, he sighed heavily again.

"It doesn't matter. Sonny's safety is the most important thing." Sui Zimo said directly without caring about anything else.

What he was most concerned about was not whether his son-in-law had made great progress in cultivation, but her safety. He hoped that his wife would be safe in Guanju.

As for his cultivation, as long as he is here, the safety of his wife can be left to him.

"That's right, my sister's safety is the most important thing. It doesn't matter what I am doing." Lin Changhong also hurriedly agreed. perform

His girl's talent is so high, it is very easy to improve her cultivation level, not to mention that there is a cheating artifact like Jinzhu Space, so what are you afraid of?

In the vast forest, the most important thing is safety.

"You guys, you guys."

After listening to their words, Mr. Gou really felt that iron could not be transformed into steel.

You know, cultivating in the Kusi Tower is something that even the people on the continent with higher levels cannot ask for, but these people in front of them are treated so casually!

He didn't even know what to say.

...

In the end, Lin Caisang and the others learned about the things in Kusi Tower, got the gifts they deserved, and the old man left, and then they were ready to pass the second level.

Just as they were getting ready, Lin Caisang turned around and took a look.

In the distance, a man who was dirtier than a beggar happened to appear there. It was Lu Tianfeng who had suffered so much in the first level and had spent several days in the level.

"Why is he like this?"

She muttered, and then everyone noticed the sudden appearance.

Everyone: "..."

Is this beggar the same person that Zhe Feng wronged them and said he was tricked by them?

This is simply worse than being tricked by them!

However, everyone paid no attention to him anymore, because a beam of spiritual light was reflected, and their figures disappeared in front of Lu Tianfeng.

"you....."

Lu Tianfeng opened his mouth slightly and breathed heavily.

He also saw the light of spiritual power, and he also wanted to run over and leave with them.

But helplessly, he had no strength at all at the moment. Over the past few days, he had been exhausted and he no longer had the strength to even take a step.

Seeing everyone else leaving, he still wanted to find his subordinate Zhe Feng in the environment he was in.

But the result was that nothing could be found.

"hateful!"

He could only curse with a grimace on his face.

Those Lin Caisang and Sui Zimo really came to defeat him. After meeting them, nothing he did was satisfactory!

Chapter 2676 Just find a way!

Now that they are all gone, he is left alone. He has no idea how to open the second level!

But Zhe Feng was not there, and he didn't know whether Zhe Feng had passed the level early in the morning and was already on the second level, or if he had encountered the same problem and was stuck.

So he couldn't wait. He could only walk to the place where he saw Lin Caisang and the others before, and then fumble to see if he could find a way to open the next level.

...

On the other side, Zhe Feng was ejected directly from Kusi Tower, and his whole body was lying on the mud.

When he stood up and saw the familiar environment, he was stunned.

"How did it come out? How did I come out..."

Before he finished speaking, he remembered that the old man called himself Gu Lao. Could it be that he was really the owner of Kusi Tower?

"It's impossible, right? How many years has Kusi Tower been there? How could its owner still be here?"

He shook his head, thinking this was really ridiculous.

But after shaking his head, he felt that this was not impossible. Otherwise, how could he be dumped by the old man like this? , was thrown out?

"No, the master is still inside, I have to go in.

As he spoke, he gritted his teeth and raised his hand to apply a palm of spiritual power towards the skull, waiting for the phantom of spiritual power to cover him and then send him into the skull.

But after waiting for a long time, there was no response to the word 'skull', as if his spiritual power was wasted.

He didn't believe in this evil spirit, so he struck out again, and then again.

Until he was almost exhausted from fighting and his spiritual power was almost exhausted, the word "Skull" did not change in any way.

"It's impossible, it's impossible, why can't I get in? The master is still inside, he..."

He couldn't believe that in order to fight against Lin Caisang and the others, he left his master alone in the Skull Residence, and he didn't know what his master was like now.

What's more, they had previously thought about getting rid of Lin Caisang and the others in Guanju.

Originally, with the master and him, it would be a bit risky for the two of them to deal with Lin Caisang and the others, but now the master is the only one in the residence. How can this be allowed?

"No, I have to think of a way, think of a way!"

He took a deep breath and felt that he couldn't just sit back and die, he had to find a way to get in.

However, what solution could he come up with? Even the master, not to mention him, didn't understand Kusi Tower. He even had a vague idea of what they were looking for in Kusi Tower.

In such a situation, how could he enter the Kusi Tower again, which had already rejected him?

...

In the skeleton home, Lu Tianfeng finally found the doorway, took a small box reward of his own, and came to the second level.

But what he saw was Lin Caisang and the others sitting leisurely on the grass, eating the delicious food in their hands, and he didn't know if they were waiting for him.

He suddenly became furious.

But what can he do? He can only endure it. After all, it's not time to deal with them yet.

"Captain Lin, Captain Yuan, have you seen my companions?" After taking a deep breath, he walked towards Lin Caisang and the others and asked.

Chapter 2677 Are you waiting for me?

"That person?"

Hearing his words, Lin Caisang raised his head and blinked at Lu Tianfeng.

"I've seen it before."

"Really?"

Lu Tianfeng felt happy and thought to himself: It seems that Zhefeng has passed the second level and is on to the third level, right?

The reward that belongs to the first place must belong to them, and they can't escape.

"Then where is he now? Is he..."

"At the first level, we met the owner of Kusi Tower, Mr. Gou. Your companion offended Mr. Gou with his rude words and was swept out of Kusi Building with a single blow.

Before Lu Tianfeng could finish asking, Yue Chushui said coldly to him.

Lu Tianfeng: "..."

Before he could put away his surprised expression, his face suddenly froze.

What did he hear? Zhe Feng was kicked out because he offended Mr. Gou?

By the way, what kind of person is this old man? Does he have anything to do with Kusi Tower? Is he the person who manages this Kusi Tower?

No, just now Yue Chushui said, is Mr. Gu the owner of Kusi Tower?

That is to say, in this Kusi Tower, besides them, there is another person, and he is also a big shot who can completely control the Kusi Tower?

Why didn't that person mention it to him before? Could it be that you don't even know that person?

"You...you said...what happened to my companion?"

He didn't know how he asked the question, but he also knew that Zhe Feng's identity should be concealed so that no one here could know.

"Didn't you hear clearly? He has been kicked out of the Skull Residence. Maybe if the Skull Boss is generous and doesn't care about him, he might come in again." Lin Changhong also said to Lu Tianfeng.

However, who is not a person with a temper, let alone a person like Calvary? Who dares to talk back to him?

Moreover, if you don't seek death, you won't die. Zhefeng still pointed at the old man's nose and cursed him in front of so many of them. In this way, the old man would still be polite to him. That's not simple. It can be described in one generous sentence.

"How could it be? It's impossible, he..."

Hearing this, Lu Tianfeng was really furious. Even if Zhe Feng was stupid, there was no way he would go against the owner of Kusi Tower.

Unless, these people here couldn't stand Zhe Feng and deliberately played a trick on him.

Although he knew that this was a high possibility, Lu Tianfeng was a smart man. He certainly knew what to say and what not to say. He would never let himself be kicked out of Kusi Tower like Zhe Feng again.

"He is so unlucky. He said before that he wanted to win more treasures and go back to support his family. But now...hey, it's such a pity."

He pretended to be sorry and sighed.

But in fact, he had already cursed in his heart. Without Zhe Feng as a helper to help him do some things, how was he going to clean up these people in Calvary?

What a mistake!

Lin Caisang and the others looked at Lu Tianfeng who was pretending like this, but they also chuckled and said nothing.

No matter how much he pretends to look like, his surname is not Lu, nor is he pretending to have ulterior motives to come to Kusi Tower? Do you really think they know nothing?

If they really believed him, then it would be 'haha'.

"Captain Lin, Captain Yuan, are you waiting for me? You haven't passed the second level yet?" Lu Tianfeng looked at them and asked.

Chapter 2678: What a Big Face

Could it be that in this skull, as long as one person fails to successfully pass a level, no one else can open other levels?

That would be great. He could also try his best to get first place and get more things, so that he could explain to that person when he goes back.

However, after hearing his words, others looked at him in surprise.

"What...what happened?"

After he found out, he couldn't help but murmured and asked.

Did he say something wrong? They have been sitting here, haven't they been waiting for him to pass the second level together?

"Tsk!"

Lin Changhong gave a loud 'tsk' sound and looked at Lu Tianfeng with mocking eyes.

"Master, your face is really big. How can you think that we are here waiting to pass the second level with you?"

They were obviously too tired to go through the level and were hungry, so they sat down and had something to eat, okay?

But then again, this man really didn't know what to say to them. Every time he passed a level, he felt very hungry, so hungry that he could eat a cow.

But it doesn't matter, anyway, there is too much food to eat in his girl's golden bead space.

However, this does not mean that they are here, waiting for Lu Tianfeng, a person with evil intentions, right?

"What's the meaning?"

Lu Tianfeng squinted and looked at them in confusion.

"it means....."

Yuan Jue raised his eyebrows at Lu Tianfeng, then turned his gaze to another place.

Lu Tianfeng's eyes followed him and looked at that place. After this look, he suddenly felt bad and almost vomited out a mouthful of blood.

Where he looked, there was a stone wall, which was exactly the same as the stone wall he saw in the first level.

On top, there are six brocade boxes of different sizes.

He watched helplessly as Sui Zimo caressed Lin Caisang over, and watched as Lin Caisang took down the largest brocade box, and then after a flash of light, the box disappeared in front of his eyes.

Then Sui Zimo also took one of the brocade boxes. Others came over and emptied all six brocade boxes.

Finally, with a roar, the stone wall disappeared underground.

"call!"

He really needs to take a deep breath to hold back from yelling at these people, really!

In other words, he has not yet started to pass the second level, but these people have already passed it, and are preparing to take the reward and go to the third level, right?

Then won't he get nothing good in the future, and even if he does get it, it will be these people who pick up the rest?

Thinking of this possibility, his face turned green.

These people are so disgusting. They didn't even wait for him. Obviously the three teams came together. Even if Captain Liu had a bad attitude towards them, at least he didn't say anything?

Along the way, he didn't say anything to these people!

But he knew that these were useless, even if he said it, they would not pay attention, so he could only endure it.

So, after taking a deep breath, he forced himself to smile to them, then walked towards those people and spoke.

"Captain Lin, Captain Yuan, have you already passed it? This is really amazing. Can you tell me how you passed this level?"

Chapter 2679 Sorry, sorry

"How did you get through?"

Lin Changhong chuckled and looked up at Lu Tianfeng.

"Yeah, how did you get through the second level?" Lu Tianfeng asked quickly when he saw Lin Changhong talking to him.

He had to get through the second level early, and then go to the third level to catch up with them. Otherwise, he would not be able to get good things in so many levels.

Although he had previously thought of dealing with all these people in Calvary, but now that Zhe Feng is no longer by his side, it would be a bit troublesome to deal with these people, and he didn't want to take the risk yet.

"Master, don't you know the rules of the Skull Residence? Or do you think that your own companions have been thrown out, and you want us to be thrown out too?" Yue Chushui's voice was ice-cold, and then a pair of His eyes just stared at Lu Tianfeng without blinking.

"Well!"

Lu Tianfeng almost vomited a mouthful of blood from being stared at by his eyes, and the hair on his body really stood on end.

This little young master who looks like he hasn't grown up yet has a real possibility of seeing through people.

Of course he remembered that because Lin Caisang and the others had guessed something about the first level, they lost their voices, so that they could no longer hear her voice.

It was precisely because he remembered it that he wanted to try it.

Maybe he could ask Lin Caisang and the others to tell him how to break through, and then these people might anger the old man.

Will Calvary throw them out? Is this possible?

But now, his plan was exposed by a half-grown child. Where should he put his face?

"No, no, Mr. Yue, you misunderstood. I didn't think of this at the moment. I'm sorry, I'm sorry." He apologized quickly, not wanting to anger these people.

After all, he is only one person now. As the saying goes, it is difficult to sing alone.

"Then since you have all passed the second level, I won't disturb you anymore."

In the end, he could only watch helplessly as a group of six people disappeared before his eyes. No matter how much he hated them, he could only swallow the bitter water into his own stomach.

Thinking about Lu Tianfeng, when had he ever been so depressed?

He really couldn't understand why that person wanted him to come to Haikuo Forest and also to Kusilou?

Even if you want him to come over to pick up something, you must at least explain it clearly to him. Now he doesn't even know what exactly he wants to take out of the sea forest.

Thinking about it, I really want to curse!

At this moment, he really had the urge to let go of all the people around him.

But he knew that now was not the time, and he could only wait for the opportunity.

"call!"

He exhaled heavily.

"I have to catch up with them quickly!"

He can only hold on tight now to prevent himself from making mistakes again. I believe he will be able to catch up with Lin Caisang and the others soon.

...

Time passed bit by bit.

In the hell training mode, it is still easy to get through the first to ninth levels, just beat the monsters.

Therefore, no matter how hard Lu Tianfeng tried to catch up, he could not catch up with Lin Caisang and the others. Moreover, he was the one who looked the most embarrassed among them all.

When he finally passed the ninth level, he got a reward that even he despised, and when he was about to pass the tenth level...

Chapter 2680 Ice Heart Grass

The system told him that levels ten to nineteen require two people to work together to pass the level. If there is no other person to cooperate with him to pass the level, he will have to go through the level of two people alone.

Otherwise, if there are not enough points in each level, the only possibility is to fail the level.

Lu Tianfeng: "..."

In his heart, he scolded Zhe Feng thousands of times!

Why is this guy so reluctant to go against Calvary?

It would have been easy for him and Zhe Feng to pass the level together. No matter how difficult it was, at least it would be shared between the two of them.

But now, he has to pass the level of those two people alone and get the points of two people!

It would be fine if he could get two rewards, but the key point is that he can't get it. And, even if he gets it, so what?

Lin Caisang and the others were already ahead of him. Even if they got two rewards, they were still the rubbish rewards that were left behind after Lin Caisang and the others had chosen!

Just like those things he got before, although for other people, they will be very good things and extremely precious.

But to him, it is really of no use at all!

At this moment, he really wanted to kill someone, and the one he wanted to kill was his subordinate Zhe Feng!

Why can't he just endure it? After he comes out of the first level, it won't be too late for the two of them to deal with Lin Caisang and the others together.

It's okay now, Zhe Fengren can't get in from outside, and he's also put in a dilemma.

But what about the dilemma? What should be overcome must be overcome. Therefore, Lu Tianfeng could only take a deep breath and accept the real hell mode of going through the tenth level.

...

Level 10, Frozen Forest.

Yes, just like the name, it is real ice.

Although there are trees in the forest, they are all ice trees. When the wind blows, they will make a "creeping" sound.

The icicles hanging on the ice trees may fall down at any time and hit people walking below, giving people a chill.

At this moment, Lin Caisang and Sui Zimo's team had received their mission.

"Bingxincao, Zimo, what does Bingxincao look like?"

The two of them spent two hours looking for this mission. Of course, this should only be the time in the frozen forest, and it was not the same as outside.

She wasn't worried about the time issue, it was just...

As an alchemist, she had never heard of this ice heart grass, let alone seen it.

And even she had never heard of it, let alone her eldest brother and Chu Shui. It was even more impossible. Now she was really worried about her eldest brother and Chu Shui.

"Since it is a mission, it must have its own unique highlights. It is impossible not to find it." Sui Zimo thought for a while and said.

In his heart, he was also worried about Lin Changhong and Yue Chushui, but now was not the time to worry about them, but themselves, who needed to complete this task.

"Let's search in the frozen forest first. There will definitely be some clues."

"good."

Lin Caisang responded lightly.

The two people walked slowly forward in the frozen forest.

But the frozen forest is a frozen forest. No matter it is day or night, it is so cold that people shiver. What's even more terrifying is that every half an hour, there will be a strong ice wind.
