

Star of Space 2681

Chapter 2681 Conserving physical strength

Therefore, the ice wind is not just a gust of cold wind, but a strong wind that blows the blade-like ice flakes on the ice trees in the same direction.

Such icy wind is like a rain of knives, which will hit people's bodies and embed directly into their flesh.

They have spiritual power around them and can use their spiritual power umbrella to protect themselves, which is fine.

However, such ice winds are not fixed, and now they can only confirm that there will be ice winds about every half an hour.

"careful!"

Just as they were thinking about the ice wind, many ice leaves flew towards them.

Lin Caisang reacted quickly and put up a spiritual shield in front of the two of them to keep out the ice leaves and prevent them from hurting himself and Sui Zimo.

‘Bang, bang bang bang.’

The ice leaves hit the spiritual power shield, making a stinging sound.

"I come."

Sui Zimo raised his hand and took the spiritual shield set up by his wife, then supported her with his other free hand, and the two of them walked forward with difficulty.

...

On the other side, on the Flame Cliff.

"Chu Shui, be careful, don't really fall."

Lin Changhong clung to the red-hot cliff with both hands and gave instructions to Yue Chushui beside him.

Although on weekdays, he seems a little unreliable when he is around Sui Zimo and Lin Caisang, he is not a child after all. When he should take responsibility and take responsibility, he is still very trustworthy. reliable.

Seeing Yue Chushui holding a loose rock with one hand and almost sliding down, he immediately gave Yue Chushui a hand.

"Know."

Yue Chushui gritted his teeth and nodded.

This place is indeed dangerous, and you will fall if you are not careful.

Maybe with their spiritual power, they might not fall to pieces, but they wouldn't be any better.

"Brother Changhong, you should be more careful. We are already halfway up, right?"

He raised his head and looked at the top of the Fire Cliff, then lowered his head to see how far they were from the bottom of the cliff.

"Don't look down, only look up."

Before he could look down, Lin Changhong's voice rang in his ears.

He was stunned and looked at Lin Changhong beside him in confusion. He was also gritting his teeth. He just wanted to take a look below. There should be no problem, right?

But then he thought of something.

When he was at the bottom of Huoyan Cliff before, he seemed to have seen a stone tablet with four words written on it - there is no return.

It seems that Huoyan Cliff is really not simple. Do those four words still have this meaning? Fortunately, Lin Changhong reminded him, otherwise, would he have committed a foul?

Even if it was just Lin Changhong's random guess, he still had to be on guard.

"Don't think we are far from the top of the cliff. In fact, we are still far away."

Just as he was thinking about those four words at the foot of the cliff, Lin Changhong's voice rang in his ears again.

"I know, I will save my strength." Yue Chushui gritted his teeth and nodded.

Their mission was to pick a fire flower and tinder root from the fire cliff. It was a mission that they each received, and they also found it after searching at the bottom of the cliff for a long time.

Therefore, it is necessary to climb this flaming cliff. You must climb it.

Moreover, this Huoyan Cliff is also very strange. They used various auxiliary tools, but to no avail. They were all destroyed by the heat of Huoyan Cliff.

Chapter 2682 Dive into the water

However, their hands were able to climb directly onto the hot rocks without any injuries.

"Brother Changhong, I feel that the higher I climb, the hotter my heart feels and wants to come out." He said to Lin Changhong.

"This should be a way to practice." Lin Changhong thought for a while and answered him.

"I have read in Sangsang's ancient books that there are many ways to practice, which are not necessarily meditation and killing monsters. Although other methods are rarely used by people, they can get twice the result with half the effort."

He was not locked up in the Golden Pearl Dimension for so long by his own sister, but it was not for nothing.

He has read a lot of ancient books, and naturally he knows a lot about it. There are really too many methods of cultivation. Some have been discovered by others, and some have not been discovered by humans at all.

Therefore, the way they are now, completing the task tiredly and painfully, is also a method of cultivation, nothing more.

"Work hard and climb up. The higher you climb, the closer you will be to the top of the cliff." He said.

"Um."

Yue Chushui responded softly, then stopped talking and tried to climb up.

Yuan Jue and his female team members were no better off either. Instead of roasting on the fire or walking in the ice and snow, they were swimming in the water!

There was water as far as the eye could see, and they almost didn't even know where to get the mission.

Fortunately, the female team members on both sides of Yuan Jue were swimming in the water. Suddenly they saw something floating in front of them. The two of them swam over and took a look. It turned out that their mission was floating on the water.

"This mission..."

The two people were still on the water. Yuan Jue opened his mouth, not knowing what to say. After being silent for a while, he looked at his team members.

"It's a good thing you have sharp eyesight. Otherwise, we would have to prepare to swim in this water for the rest of our lives."

He sighed softly and said.

"Captain, stop talking so much and go look for something. I believe it must be in the water or at the bottom of the water. I'm good at water. I'll go down and take a look first." The woman said to Yuan Jue and prepared. Dive under the water.

However, Yuan Jue was one step ahead of her and stopped her.

"team leader....."

She looked at Yuan Jue in confusion, wondering why he wanted to stop her.

Could it be that he wanted to go down and take a look first and let her watch on the water? But if she guessed correctly, Yuan Jue's water quality was not as good as hers.

She grew up by the water!

"I want to go down, but the two of us will go down together." Yuan Jue looked at her and said.

"On this water, no one knows what will happen. If you go down and come back up, the two of us will be separated. By then we can't even find each other. That would be bad."

"Yep."

The woman listened to his words and nodded repeatedly.

Yuan Jue's worries are justified. They encountered rapids just now.

If Yuan Jue hadn't reacted quickly, the two of them would have been rushed away and couldn't find each other, let alone complete the task.

Sure enough, this hell mode is not as simple as they thought.

"Then let's go down together. If you can't hold it in any longer, just tell me and we'll come up together." She thought for a while and then told Yuan Jue.

"good."

Yuan Jue nodded, and the two of them dived into the water.

...

Yuan Jue also found their mission, but Lu Tianfeng...

Chapter 2683 Give to useful people

At this moment, Lu Tianfeng really didn't even have tears to cry.

Looking around, they were all shiny silver iron plates, as smooth as a mirror, and his figure could be seen in them.

"The maze is actually a maze!"

Lu Tianfeng looked at the sky speechlessly, but even if he raised his head, he could not see the sky.

And just now, he wanted to take a shortcut and fly up to take a look, but how could he know...

He raised his hand and touched his head. There was a big swelling on it. It was knocked out by the spiritual power from above. Therefore, it was impossible to walk on it.

We can only walk out of this maze below.

However, the most important thing is that there are iron thorns everywhere in this maze. If he is not careful, he will be hooked and there will be an extra wound on his body.

And because the iron plate was shining silver, the same color as the iron thorns, it was difficult to tell with his naked eyes. He really... had suffered several injuries.

If this continued, he felt that he would bleed to death before he could get out of this maze.

"Damn it, how on earth did they get out of this place?"

At this moment, he could only curse secretly in his heart. Lin Caisang and the others could not get out of this place, and they were injured like him!

However, no matter how cursed he was, he still had to grit his teeth and walk out of this hellish place step by step.

What's more, after he got here, he didn't even know what his mission was. He had to find out what his mission was before he could complete it. Otherwise, he would really be killed by the iron thorns here.

"Just wait, I will definitely defeat you and get the last treasure!"

He said something harshly to the air, and then walked down carefully step by step.

"hehe."

Behind him, Calvary was already standing there. After hearing his words, Calvary couldn't help but chuckle.

"I still want to get the last treasure. It seems that the person who came here is really evil."

The person who can know the last treasure of Kusi Tower is definitely not from Qianhuan Continent. There must be another person behind this person. Is that person who wants the things in Kusi Tower?

However, that person doesn't seem to know that he is still in Kusi Tower, right?

In Kusi Tower, it is naturally up to him, the master, to have the final say. He can give the last treasure to whomever he wants, and those other people... Haha!

"Looking at that little lady is nice, but it's a pity..."

He shook his head. From the first moment he saw Lin Caisang, he knew that the little girl already had a better treasure in her body.

Therefore, even if he gave the things in the Kusi Building to the little girl, they would not be of much use. It would be better to give them to useful people, such as...

"Let's do it this way. Anyone who wants to cause trouble in my Kusi Tower is not a good person, huh!"

With that said, he turned around and left this maze that could trap people to death.

...

In the Kusi Tower, everyone was working hard on their tasks, but from the Lord's Mansion of Sky City, Lingxue'er had been taken out and thrown directly in front of the Lord.

Seeing that she was really thrown in front of Lu Tianlan, the city lord of Sky City, especially feeling the pressure of Lu Tianlan's unruffled self-power, Lingxue'er collapsed on the ground, unable to get up at all.

Chapter 2684 Willing to bear the burden

"City... City Lord..."

She was trembling, not even daring to look at Lu Tianlan, the city lord.

"The eldest lady of the Ling family?"

Lu Tianlan glanced at Ling Xue'er with cold eyes, and then looked at the two guards who sent her back.

"Yes, City Lord, this is the eldest lady of the Ling family. She insulted Mrs. Sui many times in the vast forest, and also wanted to slander Mrs. Sui in front of Commander Lin, hoping to kill Mrs. Sui."

The guards reported all the things Ling Xue'er did in the sea forest to Lu Tianlan.

Lu Tianlan: "..."

Let that daughter slave Lin Baizhong kill his precious daughter?

This eldest lady of the Ling family was truly unparalleled, and he couldn't help but admire her.

"Even if that's the case, the Ling Family doesn't need to exist anymore. If anyone comes, go and deal with it immediately. This city lord doesn't want to hear any more news about the existence of the Ling Family before the sun rises tomorrow."

He ordered the guards beside him.

"Yes, City Lord."

The guard responded, raised his feet and prepared to go out.

However, when he passed by Lingxueer, Lingxueer hugged his feet.

Along with Lingxue'er's movements, there were also her miserable screams.

"No, Lord City Lord, please forgive me. I didn't mean to go against Mrs. Sui. I... I got mad. Yes, I got mad, so I said arrogant things to Mrs. Sui. This It has nothing to do with our Ling family.

I beg the Lord of the City not to deal with the Ling family. I am willing to take on all matters. "

She was really scared now. She never expected that Lu Tianlan would just let the Ling family disappear from the Qianhuan Continent after listening to the guard's words without even asking her.

She thought that even if that person was Lin Baizhong, the city lord Lu Tianlan would ask her first what happened because her father was the head of the Ling family.

That way, she could put all the faults on Lin Caisang and Sui Zimo.

That way, even if Lin Caisang and the others came out of the sea forest and exposed her words, it would still give her a chance to prepare. She could get some more gold and silver jewelry from the Ling family, and then find a place to hide.

That way, even if the Ling family falls or is destroyed, she will still be safe. She can guard her treasure for the rest of her life.

But now, Lu Tianlan wants to deal with her without even asking her, and the Ling family will also be dealt with. She knows that if she doesn't take the matter on herself, it will definitely be over!

Only if she takes all the things in the sea forest into her own hands and does not involve the Ling family, will her father find ways to save her.

But how could Lu Tianlan give her this chance?

Not to mention Lu Tianlan, even the guard who was preparing to deal with the Ling family under Lu Tianlan's orders felt a chill when Ling Xue'er hugged his thigh.

"Get away!"

He raised his foot and kicked the woman out.

How could the Ling family have such an eldest lady? No wonder it is getting worse and worse. It is not unreasonable.

A big girl actually swooped over and hugged him, a big man's thigh. If word got out, would his reputation be ruined?

You must know that he has not married yet. If people outside know that he has been hugged by this vicious eldest lady of the Ling family, he will be in trouble!

Chapter 2685 A hundred Ling families can't afford the compensation

"Ah!"

Ling Xue'er lost her balance and fell directly to the ground.

Because her back of the head hit the ground first, she was in so much pain that her teeth were gnashing, but she had no time to relax. She struggled to get up and crawled towards Lu Tianlan.

"City Lord, City Lord, Xue'er did something wrong. It really has nothing to do with the Ling family. Please forgive Xue'er's father and others."

"What happened?"

Suddenly, a soft voice came from outside the door, and then the city lord's wife walked in with the help of the maid.

When she saw Ling Xue'er crying, she frowned first, and then looked at her husband.

"Isn't this the eldest daughter of the Ling family, City Lord? I remember that she signed up to enter the Haikuo Forest. Why... is she out now? Did something happen in the Haikuo Forest?"

She asked.

"Madam, the city lord's wife, you are so kind and compassionate. Please ask the city lord for mercy. The things I did in the Haikuo Forest really have nothing to do with the Ling family. Please don't destroy the entire Ling family for me. Many people in the Ling family are innocent. They have never done anything to harm anyone."

When Ling Xue'er saw the city lord's wife, she was like seeing the last straw and rushed over to hug her thigh.

"Ah!"

When the city lord's wife saw her flying figure, she screamed in fear.

Fortunately, the maids around her reacted quickly and were not pounced on by Ling Xue'er. The two maids hurriedly protected their wives behind them and looked at Ling Xue'er with a vigilant face.

"Miss Ling, please respect yourself. If you hurt the city lord's wife because of your pounce, even a hundred Ling families can't afford to pay!"

One of the maids took a deep breath and warned Ling Xueer.

"I..."

Ling Xueer failed to hug the city lord's wife's thigh and was speechless for a while, not knowing what to say.

At this time, Lu Tianlan saw this and turned around from behind the desk and came to his wife.

"Are you okay?"

"No, nothing."

The city lord's wife looked up at her husband and breathed a sigh of relief.

Although it would not be a big deal if Ling Xueer pounced on her, she had never experienced such a thing. She was a woman and was not as well dressed as a man. If she was really pounced on by Ling Xueer, what if...

What exactly does Ling Xueer want to do?

However, Ling Xueer just said that her husband wanted to destroy the Ling family. What's going on?

"City lord, why do you want to destroy the Ling family?"

She lowered her voice and asked Lu Tianlan. If the Ling family did nothing wrong, they would be criticized for destroying the Ling family directly.

It's better not to do such things.

"She wants to kill you... Lin Caisang."

Lu Tianlan originally wanted to say that Ling Xue'er wanted to kill her daughter-in-law, but when he saw that there were still so many people in the study, he changed his words.

"What?!"

Hearing his words, the city lord's wife was horrified!

Then she turned around and looked at Ling Xue'er, who was still crying and didn't know what she had done wrong.

"You--"

"Madam, you can't do it, let them come, let them come."

She was just about to rush over and beat up this vicious woman, who actually wanted to harm her daughter-in-law, who was her dearest, and now she was closer to her than her own son.

Chapter 2686 You deserve it!

How dare she do harm, how dare she!

If it weren't for her husband-in-law, she would definitely not be polite to Lingxue'er.

"No, City Lord, you have to investigate. This woman dared to harm...Lin Caisang. It must not be that simple. Maybe she was instigated by someone in her family. Maybe it was premeditated. We must find out!

He dares to do such an outrageous thing, as long as the lives of his Ling family are too easy for them, they have to destroy all five of their clans! "

She took a deep breath, looked at Lingxueer fiercely, and said.

He wants to harm her daughter-in-law, but he still has the nerve to come to her to plead for mercy. Is he crazy?

"Wha...what?!"

Lingxueer was stunned when she heard the words of the city lord's wife.

She felt that the city lord's wife was a woman after all and had a soft heart, so she cried and begged her for mercy.

But who would have known that this city lord's wife would be so hateful and cruel, not counting the Ling family, but she would also destroy the five other clans!

You must know that there are other families within their five clans, and there are also some branches that branched off from their Ling family, and they will be affected by her. If this is the case, even if she is alive, she will definitely be able to live in the future. Very miserable.

"No, no, Madam City Lord, I... I didn't mean it. I didn't know that she... Miss Lin has something to do with you. If I knew, even if you gave me a hundred courages, I wouldn't dare to go against her. !"

She shook her head in panic and explained.

Yes, if she had known she would have endured it, such a thing would not have happened.

"Look at me. One of my eyes was blinded by Miss Lin. It's already very miserable. Madam City Lord, you..."

"You deserve it!"

Before she could finish speaking, the city lord's wife interrupted her.

"My Sangsang is such a gentle and kind-hearted person. If you hadn't made her have to fight back, how could she have lost one of your eyes? I really can't believe it. A good daughter trained by the Ling family has grown up at such a young age. Such evil thoughts!

You even said you didn't know Sangsang was related to us?

how? Is it true that any girl who has nothing to do with the City Lord's Mansion can be bullied by your eldest daughter, the Ling Family, and deserve to die? I can't believe that the Ling family is full of people like you! "

"I....."

Lingxueer was speechless by her words.

She really wanted to say that this was how she came here before. Why should she look down on people with lower status than her?

Not to mention those people outside, even the Ling family, those concubines are just like cows and horses in front of her. Isn't this what everyone in the Qianhuan Continent does?

Why is it different when it comes to her?

Is it just because of Lin Caisang, the woman who seems to have no backing, but allows others to bully her, but has the city lord's palace supporting her behind her back?

I know the city lord and his wife. She is Commander Lin's precious daughter. She should have told her earlier!

If she had known this inside story earlier, even if she had ten thousand courages, she would not have dared to provoke Lin Caisang and the others.

She promised that when she met Lin Caisang, she would take a detour, okay?

But now it's too late to say anything. Everyone has been offended and her family has been implicated. What can she do? She is also desperate!

It was impossible to expect anyone in the family to save her.

Chapter 2687 Is it a coincidence or intentional?

People in the family are afraid that they will hate her to death by then, so how can they come to save her?

"No, no, I...I just...I was just frightened in the vast forest, that's why...I really didn't mean it, not on purpose.

If she knew that Lin Caisang favored both the city lord and his wife, how could she possibly mess with her?

"Frightened?"

The city lord's wife sneered coldly, then raised her head and looked at the two guards who sent Lingxue'er back.

Of course, she doesn't think that a person can do whatever he wants if he is frightened. If he can escape the blame, then all the prisoners should be frightened.

"Reporting to Madam, Miss Ling's team was indeed attacked by monsters in the sea forest." The guard immediately replied after seeing the city lord's wife looking at him.

However, he glanced at Lingxue'er with disdain, and the contempt in his eyes became even more obvious.

"But when Miss Ling's team was attacked by monsters and was about to die and was wiped out, it was Mr. Sui and Mrs. Sui who rescued them. Mr. Yuan and the other team members under him all attacked Mr. Sui and Mrs. Sui. Very grateful.

Only this Miss Ling still criticized Madam Sui, thinking that when Madam Sui was rescuing her, she should have gone under the feet of the monster, personally helped her down, and then helped her to a safe place. "

These were all said by other people at the assembly area. When he heard these, he really felt that the eldest lady of the Ling family was outrageous.

When life and death are at stake, do you actually want others to risk your life to find comfort for you?

"No, that's not the case!"

After hearing what the guard said, Lingxueer instinctively retorted.

"It was obviously Lin Caisang who wrapped the whip around my waist and threw me directly to the ground next to her. She..."

"Then what else do you want?"

Before she could finish her retort, the city lord's wife roared at her.

Her daughter-in-law is pregnant with her precious little grandson. Being able to save people is enough to make her feel distressed. What else does Lingxueer want?

"I have never seen such a shameless person. He is ungrateful for being saved and is opposed to repaying kindness with evil. Are all of you in the Ling family as virtuous as you?"

She was really angry. She thought it was a dispute between two girls before, but now it seems that this Lingxueer is really too ungrateful.

She was obviously saved by Sangsang, but she still wanted Sangsang's life. Why didn't she go to heaven?

"People like you shouldn't stay in the world to cause harm to others, and your Ling family won't be a good person either!" She cursed at Ling Xueer.

"I....."

Lingxueer opened her mouth, wanting to explain something else.

But it was obvious that Lu Tianlan no longer gave her a chance and winked directly at the guard.

When the guards saw this, they dragged Lingxueer out directly. No matter how much she cried out for injustice and felt that she was innocent, no one would pay attention to her.

"Madam, why should you be angry with such a person? It's not worth it."

After everyone else in the study had gone out, Lu Tianlan smiled and said to his wife.

"Why!"

The city lord's wife sighed softly.

She was really angry. Why did these people have to mess with her Sangsang family?

"City Lord, do you think it's a coincidence that Lingxue'er is in tit-for-tat with Sangsang, or is it... intentional?"

she asked.

Chapter 2688: An unclear relationship

"This is really hard to say.

Lu Tianlan hesitated for a moment, then frowned slightly and replied to her.

It's too early to say anything now. We still have to wait for the news from the Ling family. Maybe it's just Ling Xueer's evil intentions, or maybe the Ling family really has a relationship with Lu Tianfeng?

"I will immediately order someone to go to Cha Ling's house..."

"No need."

Before Lu Tianlan could finish speaking, a familiar voice reached the ears of the couple.

Looking at the woman who suddenly came to his study, Lu Tianlan was speechless for a while.

"Mrs. Lin, why are you here at this time?"

This is the city lord's palace. Not to mention the sentry every ten steps, but his guards also boast that they can't even let a sparrow in.

Is it really okay for this Mrs. Lin to come to his study so quietly?

"I heard about the Ling family's affairs, so I ordered someone to investigate."

Liu Yuyang didn't say anything else, he directly made his intention clear and mentioned the Ling family's affairs.

"The Ling family has no direct relationship with Lu Tianfeng. If you, City Lord, go directly to check the Ling family, you probably won't find anything."

she said.

"Then what?"

Lu Tianlan asked Liu Yuyang, and his intuition told him that if Liu Yuyang could come over in person, things would definitely not be that simple.

Otherwise, wouldn't it be enough for him to deal with a Ling family directly?

"Then, of course, it is the old mistress of the Ling family. The old mistress of the Ling family is named Huan. Although the current mistress of the Ling family is not Huan, she is from the same family as the Huan family. Both families are from the same family. He has an inexplicable relationship with Lu Tianfeng.

and....."

"And what?"

The city lord's wife followed her words and asked.

Could it be that it is not only related to Lu Tianfeng, but also to other forces in Sky City?

"The head of the Huan family has a concubine, and her two daughters married into Lu Tiankuo's house and became Lu Tiankuo's concubines." Liu Yuyang said directly.

Lu Tianlan: "..."

He is actually related to Lu Tiankuo.

"Could it be..."

"That's right."

Liu Yuyang looked at him with dark eyes and knew what he was thinking.

"Lu Tiankuo and Lu Tianfeng have joined forces early in the morning. If we want to deal with these two people, we have to use some ruthless means."

If Ling Xueer hadn't asked her to check the Ling family, she wouldn't have found out that Lu Tianfeng and Lu Tiankuo had such a relationship. This was really hard to guard against.

"It's really like this!"

Lu Tianlan gritted his teeth. He had not thought of this level. He thought he could use Lu Tiankuo to suppress Lu Tianfeng's power.

It seems that this matter needs to be further pondered and thought about.

"I think, since these two people were brought together by women, it would be better to..."

"Just use women and let them bite you!" The city lord's wife's eyes lit up and she said to the two of them.

This is a good idea. Since it can be united by women, it can be broken apart by women. This matter can be solved.

"Um."

Lu Tianlan nodded, but his face was still a little gloomy.

"Although that's what he said, we still need to think about the matter carefully."

"What else do you need to think about?"

The city lord's wife disagreed and curled her lips at her husband.

If he continues to think about it like this, no matter how stupid Lu Tiankuo is, he should realize that he has fallen into someone else's trap and wanted him to deal with Lu Tianfeng.

Chapter 2689 Wouldn't it be better not to be there?

"Lu Tiankuo and Lu Tianfeng were originally dissatisfied with each other. When Lu Tiankuo was in the Sky City, he was inferior to one person and superior to tens of thousands of people. He never looked down upon Lu Tianfeng.

But now, Lu Tianfeng has to stand taller than him and step on his face. In Lu Tiankuo's eyes, Lu Tianfeng's current position should belong to him, right?

City Lord, Mrs. Lin, I feel that even if the two of them unite again, they will definitely not be happy in their hearts. As long as we make a little move, Lu Tiankuo will definitely take advantage of Lu Tianfeng's power. "

She said she didn't believe it. With Lu Tiankuo's little brains, could he still wait for Lu Tianfeng to come back and then discuss the matter of the two going their separate ways?

"This matter is easy to handle."

Liu Yuyang also nodded and looked at Lu Tianlan.

According to what the city lord's wife said, everyone has jealousy, and it's not just for women.

Lu Tiankuo has been suppressed for a long enough time, and he must be holding back a bad breath in his heart that he wants to let out. And if they want to vent Lu Tiankuo's bad breath on Lu Tianfeng, it is not impossible.

It depends on how they arrange it.

"Let me arrange this. I heard that one of Lu Tiankuo's favorite singers recently came from Wenhua Tower, right?"

As the city lord's wife spoke, she turned to look at her maid and asked.

"Madam, yes.

The maid immediately replied to her, then glanced at the city lord Lu Tianlan, and then looked at Liu Yuyang.

"Lu Tiankuo spent a lot of money from Wenhua House three months ago to buy the new oiran from Wenhua House. But I heard that this oiran had always been in love with Lu Tianfeng and felt that Lu Tianfeng was the best in the world. The most beautiful man.

Before, the oiran sent money to Lu Tianfeng's house, and wanted to be by Lu Tianfeng's side, so that she could become a maid and serve him for the rest of her life. "

Everyone: "..."

After hearing what the maid said, they were really ashamed.

A hypocritical person like Lu Tianfeng can actually attract so many women. Is this considered a skill?

However, this point just makes them start from this stall.

"I have a bottle of Yunhuan here. Since Madam City Lord is going to handle this matter, I'll trouble you."

Yunhuan is a very powerful hallucinogenic elixir that allows people to imagine anyone as the person they like after taking it.

If someone calls him Lu Tianfeng in front of Lu Tiankuo, then this would be wonderful.

"good."

The city lord's wife nodded, and then the maid beside her took the porcelain bottle into her hands.

"I can handle this matter, but Lu Tianfeng is not here."

"Wouldn't it be better not to be there?"

Lu Tianlan's lips curled up slightly and he looked at his wife.

It was precisely because Lu Tianfeng was not here that he could be caught off guard.

"I will ask someone to find out about Lu Tianfeng's apparent power. The rest depends on Lu Tiankuo's own abilities."

He believed that after these few days of management, the forces around Lu Tiankuo were not as simple as before. The people from Yunlan Water Village should be here soon, right?

"It's not enough to just have a big road. We have to take a two-pronged approach." Liu Yuyang said.

"It's natural."

Lu Tianlan nodded, he had already arranged it.

It's just that he really didn't expect that Lu Tianfeng and Lu Tiankuo would be on the same road.

Chapter 2690 It's impossible to break through

Even though he guessed that they had the same master, he never thought that the two of them would be on the same side. This was indeed an oversight on his part.

...

On this side, Lu Tianfeng's future path has been almost arranged.

On the other side, Lu Tianfeng was in the maze, cursing at the countless iron signs around him.

"What the hell are these!"

I thought that I might not have been able to get out of this hellish place for several days, and my body was already covered with old injuries mixed with new ones, and my whole body was completely bruised!

However, he didn't even know what the mission of this level was.

"Sure enough, the hell training mode deserves to be called hell. It seems that I really underestimated it before!"

He gritted his teeth and thought bitterly, but at this moment, he had no way to deal with this maze.

Before, he thought that he must surpass Lin Caisang and the others, but now, he couldn't help but wonder, Lin Caisang and the others had already passed several levels, right?

But she was still wandering around here, unable to get out, and couldn't find her own mission!

"What is going on? Can someone answer me?!"

He was sitting on the ground to rest, but his heart was suddenly filled with anger. After yelling at the maze, he stood up directly...

"Uh...hiss!"

And the consequence of standing up with such a big move was that he was injured by the iron stab again, and there was a new wound.

Lu Tianfeng: "..."

Why is he so unlucky? Why is there such a mission?

"Lin Caisang, Sui Zimo, you must not be able to break through, right?" He covered the new wound on his body and said to the air.

Now, he could only hope that Lin Caisang and the others were trapped in the maze and could not get out. In this way, he might still win. If not, then he would really have to give it a try!

...

On the other side, Lin Caisang and Sui Zimo were actually not doing much better.

Although the ice knife is blocked by a cover made of spiritual power, the spiritual power will eventually run out, right?

In fact, everything they do is relatively simple, they just collect one kind of medicinal materials, unlike Lin Changhong and Yuan Jue, who need to collect two medicinal materials.

But the key point is that they don't even know what the medicinal materials Lin Caisang and the others need to collect look like.

With so many ice leaf knives on their hands, they still had to find a medicinal ingredient that they didn't even know what it looked like. How could they find it?

"Sonny, sit down and rest for a while."

After walking for a long time, they didn't know how long they had been walking.

"Well, let's take a rest first."

Because the task was just the two of them, after Lin Caisang heard Sui Zimo's words, he directly took out two thick cushions from the Jinzhu space, and then the two of them sat down.

"Continuing to look for it like this is not the answer. We have to find other ways."

He took out two more bowls of hot noodles, handed one bowl to Sui Zimo, and then started eating it himself.

"If you think about it after eating, you will definitely be able to think of a solution."

"right."

Sui Zimo held the noodle bowl in one hand, raised his other hand, and patted Ren'er's head.

Seeing her wolfing down her food, he felt worried and warned her again.

"Eat slower."

"I'm hungry, really hungry."

Lin Caisang said something vaguely.
