

Star of Space 2691

Chapter 2691 Little purple-eyed monster

There was only daytime and no night in this place, so they didn't know how long it had been.

But they still felt hungry, and their spiritual energy was constantly being consumed. Even if it wasn't long between the last meal and this one, they still felt very hungry.

Soon, Lin Caisang drank up the bowl of noodles and soup.

"belch."

After burping loudly, she turned her head and looked at Sui Zimo.

"Zimo, you...hey, what is that?"

Wherever she looked, there was a snow-white monster. If it hadn't been for its glaring purple eyes, she really wouldn't have been able to spot it.

Hearing her voice, Sui Zimo also followed her gaze and looked over.

"That is....."

He couldn't tell what kind of beast it was because he had never seen it before.

arctic fox? no.

Other monsters? Even less so.

In this ice and snow, such a monster appeared, and it stared at them hard.

He lowered his head and glanced at the noodle bowl in his hand. There was still some noodles in it, which he hadn't finished yet. Originally, he was planning to give his wife some more noodles if she didn't have enough.

but now.....

He felt that maybe the monster was staring at the bowl of noodles in his hand, or else...

However, before he could make a move, Lin Caisang took out a bowl of noodles from the Golden Pearl Space, placed it not far in front of him, and then waved to the snow-white little guy.

"Little guy, come here and eat."

The little purple-eyed monster moved its nose in the distance, as if smelling a scent.

Then, as if it only took a blink of an eye, its eyes turned white, and its entire body seemed to blend into the vast whiteness, making Lin Caisang and Sui Zimo invisible.

"Zimo, it..."

"Shh!"

Sui Zimo made a silent gesture toward his wife, and then pointed in the direction of where the purple-eyed little monster disappeared.

Lin Caisang raised his eyebrows and understood immediately.

Did the little monster not run away, but become invisible, and then sneak over to eat the bowl of noodles she put on the ground?

So soon, she felt the bowl of noodles she placed move, and then a noodle seemed to be pulled out by something.

"Ah."

She lowered her voice and chuckled.

...

In the golden bead space.

Jiang Zuo had been busy all day and was about to eat a bowl of noodles made by Sui Ziyu himself. He felt that such a day was beautiful.

But.....

Who will tell him why the noodles suddenly disappeared when they were already at his mouth and he just needed a chopstick to pick them up?

That is why ah?

"Ziyu..."

Turning his head, he looked at the group of people eating noodles, and then looked at his family Ziyu with an aggrieved face.

Why is he so unlucky? Why does the mistress take his noodles instead of others?

Sui Ziyu hadn't noticed it yet. After hearing the painful sound, he raised his head and watched him raise his head funnyly with one hand, the palm of his hand turned upwards, and the chopstick in the other hand almost hit him. The palm of his hand went up.

"puff!"

She couldn't help but laugh.

Others also raised their heads and looked at Jiang Zuo.

"Jiang Zuo, what are you doing? I don't have any hands to eat noodles. Go to the kitchen to serve them."

"That's right, why are you calling Ziyou? She has been busy all day and even made us noodles. Do you like her or do you want to abuse her?"

Chapter 2692 What's going on?

"Young men, you have to love your wife like a master, do you understand?"

Several people told Jiang Er that they thought Jiang Zuo should go find something to eat by himself when he was hungry.

Jiang Zuo: "..."

Oh my conscience, he really put two bowls of noodles for himself and Ziyou in the kitchen before they came out. Ziyou can vouch for him.

However, when he turned his head and looked at Sui Ziyou who was grinning at him...

"Forget it, I'll go get another bowl."

He stood up, turned around and walked towards the kitchen again.

...

In the forest, the large bowl of noodles in front of Lin Caisang disappeared quickly, and then the bowl of juice was quickly drank up by the little purple-eyed monster. It was almost like eating noodles with her. A fight.

"belch."

In the air, there was a relatively delicate sound of burping.

"puff!"

Lin Caisang couldn't help laughing.

Although she couldn't see the little guy, she thought that the little guy's hiccups must be very cute, right?

"Little guy, you've already eaten my noodles, do you want me to meet you? Don't worry, I won't try to get your idea, eh?" She said to the air in a negotiating tone.

After she finished speaking, she waited for the little guy's reaction.

But after a while, she didn't see the little guy appear in front of her, and she was a little disappointed. She probably left.

"Forget it, just think of it as doing one good deed every day."

"Sonny."

Suddenly, Sui Zimo called her.

"What's wrong?"

Lin Caisang turned back and looked at him.

Did he see ice heart grass? That's simply impossible, because neither of them knows what Ice Heart Grass looks like.

"Zimo, you...hey, what's going on?"

She was about to say a few words to him and discuss how to find Bingxincao next, but she saw that the corner of his clothes seemed to be pulled. She rubbed her eyes and took a closer look again.

It's not an illusion, it's real. Her husband's clothes are really being pulled by something, and it looks like he's being pressed down by something.

"Zimo..."

She twitched the corner of her mouth and watched as Sui Zimo reached out, took the invisible little guy on her leg, and handed it to her.

"Squeak, squeak."

The little guy struggled a few times in Sui Zimo's hand, as if he didn't want to be too close to Lin Caisang.

Then it couldn't struggle to get out of Sui Zimo's hand, so it stopped its invisibility skill, and its small snow-white body was completely exposed in front of Sui Zimo and Lin Caisang.

At this moment, the little guy's right paw was clenched into a fist, and he was punching Sui Zimo in warning.

"Tsk, so cute."

Lin Caisang couldn't help but reached out and wanted to touch the little guy's head, but he avoided it.

But she was not discouraged and wanted to reach out again.

"Squeak, squeak, squeak, squeak."

The little guy gave a warning cry towards Lin Caisang. His little paws clung to Sui Zimo's sleeves, trying to crawl into his arms.

"Little guy, I treated you to some noodles just now, why don't you want to see me so much?" Lin Caisang was amused by its small appearance and asked with a smile.

She didn't have to touch the little guy. She just saw how the little guy didn't want to be touched by her, so she wanted to tease it some more. Unexpectedly, this little guy was really stingy.

Just don't let her touch it.

Chapter 2693 Being hugged by something

She didn't want to offend this unknown monster. Although it was cute, her two big whites were cute enough, and they were still two big whites that would burrow into her arms.

Although her husband recently prohibited Dabai from getting too close to her, she was pregnant after all.

But Dabai will still belong to her from now on.

Unlike this one, she is not even allowed to touch her, which is really annoying!

Sui Zimo saw that his wife's attention was no longer on the little monster, so he casually put the little guy into the snow and put away all three bowls.

The little guy raised his head, looked at Sui Zimo, and then at Lin Caisang. Seeing that they didn't pay attention to him, he turned around and wanted to leave.

But after walking a few steps, I looked back.

These two people haven't come to catch it yet. Do they really think it is an ordinary monster?

"Squeak... sneeze!"

It sneezed loudly, then it turned back three times, walked out a few steps, and then turned back again.

Well, these two humans really didn't know what kind of monster it was, and they didn't come to catch it.

Then it...

Just go back by yourself. After so many years, you finally met two humans who didn't catch it. If you don't follow it, are you still waiting for others to catch it, kill it, eat its flesh and drink its blood?

It's not stupid.

So, a while later, not long after he stood up, Sui Zimo felt something hugging his calf again.

Looking down, he saw that the little purple-eyed monster was exerting all its strength at the same time, clinging tightly to his calf, as if it never wanted to let go.

Sui Zimo: "..."

Was he entangled by this little monster?

But it was obviously not him who fed it noodles, but his wife.

So, he bent down and picked up the little guy, and was about to hand it to his wife.

Unexpectedly, it was still the same as before. As soon as the little guy got close to Lin Caisang, he struggled desperately towards him. He really wanted to throw it away again.

"Zimo, just hold it. I don't know what kind of monster it is. It might be useful." Lin Caisang said when he saw this.

After hearing her words, Sui Zimo didn't throw the little guy out again.

"Take it to the Golden Pearl Space?" Sui Zimo asked her.

"No more."

Lin Caisang shook his head and refused.

It wasn't that she didn't like this little monster, but she felt that there must be a reason why the little guy wouldn't let her get close to him.

And the Golden Pearl Space is hers, so there's no guarantee that the little one won't like it.

I don't know what kind of monster it is. What if it gets into the Golden Pearl Space and causes chaos in the space?

Let it stay outside.

"When you meet Old Man again, ask him what kind of monster this is," she said.

"good."

Sui Zimo responded.

"You take a rest, and we'll set off to find Ice Heart Grass again."

"Um."

Lin Caisang responded.

...

On the other side, in the Yanhuo Cliff, Lin Changhong and Yue Chushui were eating and drinking on the cliff.

Fortunately, after a few days, they got used to it. If they wanted to rest, they would crawl to a place where they could stand and rest. They felt like they were almost like savages.

"This cliff is high enough!"

The two of them stepped on the protruding cliff with all four feet, holding dry food in one hand and holding on to the stone in the other.

"It feels like I've been crawling for several days." Yue Chushui also said.

Looking up, it's really not high at all. I feel like I can climb to the top very quickly.

Chapter 2694 It's really hell!

But for some unknown reason, they all felt like they had been climbing for a long time, but they couldn't reach the top of the cliff. They didn't know if the old man was teasing them.

"No, keep climbing, I don't believe he can be higher than the sky!"

Lin Changhong took a deep breath, looked up at the high cliff, and as he spoke, his hands began to move.

After putting away the dry food, he started to climb up. Yue Chushui watched him continue to climb up, put away his things himself, and followed him up.

...

"Puff puff."

Above the aimless sea, two heads emerged from the water and spit out some water.

Raising her hand to wipe the water stains on her face, the woman turned to look at the man next to her, a speechless look on her face.

"Captain, I am very doubtful now. Is what we are looking for really under the water? Or is there an island here and we have to go to the island to find it?"

They had been soaking in the water for several days. Anyway, she didn't know how many days had passed.

I feel like my whole body has been soaked and put on weight. I guess even my brain will be filled with water soon, right?

"Won't."

Yuan Jue didn't even have the strength to shake his head, so he just whispered two words.

Of this, he was absolutely sure. If they were able to appear in the water, they must not be allowed to swim to find the island.

"Gold, Wood, Water, Fire, and Earth. Since we received the mission on the water, we must be looking for things in the water. It is impossible to go to land."

"But if we are like this, when are we going to go?" the woman asked.

Such a large area of sea is simply boundless. How to find it? And finding things in the water is completely different from finding things on land.

They have to hold their breath for a while, and then they can't stand it anymore, and then come up to breathe again, and then go down again.

To be honest, every time they come up and go down, the things below have completely changed. They are not the same as before. How can they find it?

"Keep looking, there must be somewhere we haven't thought of, or there may be some shortcut," Yuan Jue said.

It's such a huge area of sea. If they really want the two of them to search for it, when will they find it?

There must be some shortcut, but this shortcut can be discovered so easily by them, so they have to continue to work hard and look for it.

"call!"

The woman exhaled heavily and gritted her teeth.

"This hell training mode is really hellish!"

She didn't know what to say now. They were already in the water anyway, and if they didn't want to look for her, it would be impossible because they couldn't get out.

Therefore, they can only take one step at a time and watch one step at a time... No, they are just taking one step at a time and taking one step at a time.

"Okay, let's keep looking."

With that said, the two got into the water again and continued to look for what they needed for their mission.

...

Frost forest.

Sui Zimo held the purple-eyed little monster in his hand, and the two of them walked and searched carefully.

Soon, they discovered a problem, because they had been walking for a long time, and they were hungry again, but there was no strong wind anymore, and they were not attacked by ice leaf knives again.

"Isn't this little guy a treasure that can help us avoid that murderous weapon?"

Lin Caisang looked at the little guy in his husband's hand, then looked at Sui Zimo, raising his eyebrows and asking.

Chapter 2695 Very rude gesture

Hearing this, Sui Zimo also lowered his eyes and glanced at the little guy.

At this moment, the little guy was being carried by him and his little head was twitching, as if everyone in the world was bullying it.

Feeling Sui Zimo looking at it, it flapped its two front paws a few times, trying to pounce on his body, but no matter how hard it pounced, its short short claws just couldn't pounce.

So it became even more frustrated, its paws drooped down, and it was very unhappy.

"Is the little guy angry?"

Lin Caisang reached out and wanted to poke it and tease it.

But it felt Lin Caisang wanted to get closer, and immediately bared its teeth at her, as if it would bite her if she tried to get closer.

Lin Caisang: "..."

Is this little guy born with a grudge against her?

Did it forget who gave it a bowl of noodles before?

It is said that a drop of kindness is repaid by a gushing spring. She gave the little guy such a big bowl of noodles, but in exchange for it, he only grinned at her and wanted to bite?

"Huh, I won't feed you anymore!"

She snorted coldly and said something harshly to the little guy.

When the little guy heard her words, he was stunned for a moment. His milky white eyes blinked and turned into purple eyes in a moment.

Then, it raised its head and looked at Sui Zimo who was carrying it. It raised its little paws and hooked the man's hand a few times. It looked as if he was complaining.

Lin Caisang: "!!!"

Little guy, the person you are complaining to is my husband!

But she wouldn't really compete with a young man, so she took off her small satchel and handed it to Sui Zimo.

"Zimo, just keep it here, it looks very pitiful just carrying it like this."

She felt uncomfortable seeing the little guy being carried like this and kept being carried. Who could bear to have a layer of skin on his body being pulled all the time?

"good."

Sui Zimo responded and took the small satchel.

Then, he directly used his very rude gestures to roll the little guy into a ball, finally stuffed it into a small satchel, and then carried it on his body.

Lin Caisang: "!!!"

Although the little guy didn't like her, she really felt that the little guy was too pitiful.

"Keep looking forward."

Sui Zimo ignored the little guy and took his wife's hand.

"Um."

Lin Caisang responded.

Ice Heart Grass, where is it? After searching aimlessly like this, when will it be found?

I don't know how the others are finding it?

...

In the maze, Lu Tianfeng really couldn't figure out how he could carry it like that?

I don't know how long it's been, but the injuries on his body have gotten better, worse, better, and better again, I don't know how many times.

However, he still doesn't know what the task is, he doesn't know!

"What's going on? Can someone tell me?" He yelled at the maze to vent his anger, but also because he sincerely wanted to ask if anyone could help him.

It's a pity that even if there is a reply, there is no one.

"No, there must be a way. There must be a way. There must be something that I didn't notice!"

Although he felt like he was at the end of his rope, he still cheered himself up in his heart, telling himself that he couldn't just be defeated, and that he would definitely be able to get out of this hellish place.

He looked around, and suddenly, a special bright light caught his attention.

Chapter 2696 What a perfect match

"what is that?"

He excitedly walked towards that thing and picked up the kit he saw with trembling hands.

Two hands quickly opened the kit.

"Mission, mission, I finally saw the mission, Emperor Tian has paid off, I finally..."

Before he finished speaking, Lu Tianfeng's face froze when he saw the words "一和" written on the card he pulled out, and his face was as dark as the bottom of a pot.

"Rewinding the skill bag allows the owner who picks it up to quickly go back three levels..."

Before he finished speaking, he only felt a flash of spiritual power in front of his eyes. He was no longer in the original place, but in another place, a place he was familiar with.

He actually retreated to the seventh level again!

"Damn it, who came up with this!"

He finally made it to the tenth level, and after suffering so much pain and injuries, he got a tip that allowed him to return to the seventh level all of a sudden!

Is this poor place specially designed to defeat him?

Fortunately, no one else would know about this, otherwise, he would have been laughed to death by Lin Caisang and the others!

No, he has to rush through the levels. Fortunately, he is already familiar with these levels. He will be able to return to the tenth level soon, and it shouldn't delay things too much.

However, before he could break through, he heard a voice coming from mid-air.

'Congratulations to the seventh person who has passed the level. He has got the retrograde tip. If he successfully retreated to the seventh level, he can get three different rewards: the seventh level, the eighth level, and the ninth level. Please finish the seventh level as soon as possible. Try to compete with them.

"Well!"

Lu Tianfeng choked hard at the sound.

He was thinking just now that it was a good thing that others didn't know that he had retreated to the seventh level. In this wretched place, he actually shouted it out so carelessly!

I'm so angry with him, so angry with him!

...

Lin Caisang and Sui Zimo looked at each other when they heard the sound in the frost forest.

They all know who the seventh place is. Isn't it Lu Tianfeng? This guy is really unlucky. He picked up a tip and was able to retreat to the seventh level.

"The seventh place matches the seventh level. It's a perfect match." Lin Caisang raised his eyebrows and said.

"Um."

Sui Zimo responded, then took her hand and continued walking forward.

...

On the cliff, Lin Changhong heard the sound and almost grabbed him and fell down.

Fortunately, Yue Chushui helped him and nothing happened.

"The wind on this road is so unlucky!"

Lin Changhong grinned and said to Yue Chushui.

"Fortunately it's not us." Yue Chushui said carelessly.

"Um?"

Lin Changhong looked at him puzzled.

Why did they suddenly think of themselves? They wouldn't be as unlucky as Lu Tianfeng. The previous tips were also tasks, not some retrograde card.

"What do you mean?" he asked.

"Lu Tianfeng is in seventh place and has retreated to the seventh level. Maybe if we get a retrograde card..." Yue Chushui paused for a moment, and then stopped talking. Lin Changhong should be able to understand it. Right?

"uh-huh!"

Sure enough, Lin Changhong immediately widened his eyes and looked at him.

They are third and fourth, so if they get a retrograde card, will they be sent directly back to the third or fourth level?

He feels that this is not impossible, right?

Chapter 2697 Is it really a retrograde card?

"Okay, okay, it's not us.

He hurriedly said something, but he was thinking in his heart, they shouldn't be as heavy as Lu Tianfeng, right?

"Ignore him, keep going, keep going."

After thinking about it, I felt that they were still paying too much attention to Lu Tianfeng. Now they still had to climb to the top of the cliff quickly, so they couldn't talk anymore, definitely not anymore.

...

on the water.

"Cough, cough, cough!"

The woman kept coughing hard, finally coughing up the water in her lungs, and her whole face was already red from holding it in.

"I....."

She opened her mouth, wanting to say something to Yuan Jue.

"Don't talk yet, take a rest."

Yuan Jue naturally knew what she wanted to say and advised her.

It's no wonder she choked, even he almost choked, it was really okay.

They were originally at the bottom of the sea, and finally figured out some of the dynamics of the bottom of the sea. They also saw a tip bag that they wanted to check out, but they didn't know...

Suddenly, a voice rang in their ears. Lu Tianfeng was thrown back to the seventh level because he picked up the kit.

This time, he was so frightened that his hand, which was about to grab the kit, quickly retracted it.

If they accidentally get a retrograde tip bag, wouldn't they cry to death? Moreover, they have already obtained the task, so I believe they will be fine if they don't look at the tip bag.

But even though he retracted his hand, he still wanted to see what was in the bag.

However, his team member choked on the water, so he could only give up the tip bag and take her back to the water.

"I believe that the tips in that bag may not be stuck backwards." He said to the woman.

"Cough, cough."

The woman coughed a few more times, took a deep breath, and looked at him.

"That person got the retrograde card because he offended Calvary, right? We are different from him. Calvary will not do anything to us."

"Um."

Yuan Jue responded.

He felt the same way. Lu Tianfeng didn't look like a good person at first glance. What's more, he and his subordinates probably came in concealing their identities.

There must be some hidden secret.

"Take a rest. I want to go down there and have a look again. It would be even better if I could find that tip," he said.

The woman didn't speak anymore and just nodded.

...

Frost forest.

Speaking of the kit, Lin Caisang and Sui Zimo were staring at each other with big eyes at the moment, and there was a kit on the snow between them. It was different from the kit they had received the task from before. .

"Um...Zimo, I think we are not as bad as Lu Tianfeng, right?" Lin Caisang twitched the corner of his mouth and asked him.

Not long after they heard that Lu Tianfeng had been pushed to the seventh level, they saw a tips bag, which made them couldn't help but wonder, was it also filled with retrograde cards?

"probably not."

Sui Zimo replied to her with a serious expression.

"cough."

Lin Caisang faked a cough.

"In case it's really a backwards card, you and I are the first and second place, we won't..."

Just go back to the first or second level, right? I have to say that they all think this way, and the fact... is also the same!

"Won't."

Sui Zimo directly denied her words.

They are definitely not as unlucky as Lu Tianfeng, and Old Man... will not treat them like this.

Chapter 2698 Key Tips

After all, it seemed to him that the old man still liked his wife. When he appeared before, he almost always talked to his wife. When others said a few words to him, he would not necessarily reply a word.

"Open it and take a look. You may be surprised." He said.

"good."

Hearing his words, Lin Caisang made a quick decision and wanted to bend down and pick up the kit.

However, there was one hand that was faster than hers. Sui Zimo stretched out his hand and sucked the kit on the ground into his palm.

Seeing that he had already held the kit in his hand, Lin Caisang shrugged his shoulders.

"Well, you see, it's the same. You're in second place anyway."

Sui Zimo: "..."

He just didn't want her to have a big belly and bent down to pick up the kit. He really didn't think about it that much.

"Take it apart and take a look?"

He handed the brocade bag in front of her and proposed.

Hearing this, Lin Caisang looked at him, blinked, and then looked at the kit he handed over.

"OK."

Without hesitating for a moment, she nodded, reached out and took the brocade bag into her own hand, and opened it directly.

Inside was the same card that Lu Tianfeng had seen before, but she hadn't had time to see what words were on the card.

And in that compartment, the old voice in the air had already sounded.

"Congratulations to the first and second placers for passing the level. You will get the key points. Ask the questions you need to know the answer to the card. The old man will answer the answer for you personally.

Hearing this, Lin Caisang was stunned, and even Sui Zimo was stunned.

It seems that there are many kinds of tips. They are really lucky. They were worried about not being able to find Ice Heart Grass, so they got the Guanqiao Tips Kit.

The two looked at each other and thought of the same question. They needed to know what Ice Heart Grass looked like!

...

In the seventh level.

When he heard the sound coming from the air, Lu Tianfeng almost ran away.

What does this mean? Why did he get the retrograde kit, and get a retrograde card from it that he wanted to tear into pieces? And what Lin Caisang and the others got was the Guanqiao kit!

"Unfair, so unfair!"

But he knew in his heart, so what if it was unfair?

Once he got to this place, no matter how unfair it was, he could only continue to break through step by step. If he couldn't break through, he would probably never get out again.

"You guys, wait!"

He had no choice but to wait until he got out before arguing with those people.

Now, the only thing to do is to break through!

...

"Is there anything else like this?"

Lin Changhong climbed onto the cliff with one hand and looked at Yue Chushui with wide eyes.

"It seems that Sister Sang Sang and brother-in-law will soon be able to enter the eleventh level." Yue Chushui said.

"Yeah yeah."

Lin Changhong nodded, and suddenly, his eyes lit up.

"Chu Shui, next we have to be smarter. If we can get some tips, it will be much easier to pass this level."

Hearing this, Yue Chushui twitched the corners of her mouth.

He was thinking, what if they were given a tip bag similar to Lu Tianfeng's?

Then they should continue to live and climb like this.

...

"If I had known about the tips from before...hey!"

Above the water, Yuan Jue and the woman sighed softly at the same time.

At that time, they were really frightened by Lu Tianfeng's retrograde bag, so they came up without thinking.

It would be great if Yuan Jue could fish out the kit at that time.

Chapter 2699 I ate too much and felt suffocated.

But now, they couldn't catch it even if they wanted to, because when they rested above the water for a while, when they went down again, the kit had disappeared, leaving only some aquatic plants and fish.
(audience)

"If I didn't know earlier, we would definitely be able to find something." Yuan Jue took a deep breath and said.

It was good to be able to take shortcuts, but he believed that even if there were no shortcuts, they would still be able to pass the tenth level.

"Yes, we will definitely be able to find it."

When the woman heard what he said, she also said it seriously.

...

In the frost forest, Lin Caisang and the other two looked at the appearance of Ice Heart Grass in front of them and kept it firmly in their hearts.

Of course, one thing they were sure of was that they had walked and searched for so many days in the frost forest, but they had indeed not found the Ice Heart Grass.

As long as you haven't seen it, you won't regret anything.

"Zimo, if we go further, we won't find Ice Heart Grass." She said to Sui Zimo.

"good."

Sui Zimo nodded, and the two of them continued walking forward.

Suddenly, a small purple-eyed monster jumped out of the small satchel he was carrying and ran in one direction.

But after only running for a short distance, he turned around and saw that Sui Zimo and the others did not follow its footsteps. Then it flew towards them again, and its little paws pulled hard on Sui Zimo's robe.

"Squeak, squeak, squeak."

"Zimo, what's wrong with him? He ate too much and is feeling suffocated?" Lin Caisang asked.

It shouldn't be that bad. The little guy didn't eat much, just a bowl of noodles. Besides, wouldn't he be able to go if he was so suffocated?

unless.....

Her eyes lit up and she looked at Sui Zimo.

"Did it find something?"

"Probably." Sui Zimo nodded.

"Follow it and take a look, you might get something unexpected."

Perhaps the Ice Heart Grass is right in front of them. The little guy has been in this frost forest for a longer time than they have. He must have seen the Ice Heart Grass, right?

"Walk."

Lin Caisang only said one word and followed the little guy.

...

After walking for about another day, the two of them were led by the little guy to a small stream.

In this frost forest, they had walked for so long, and this was the first time they saw water, because everything they saw before was ice, ice, ice!

"There is a river."

The next moment, she wanted to run over and take a closer look, but a hand came over and pulled her back.

She paused and looked at the river seriously.

"No, this is not a river."

Shaking his head, he shook his head again. If it was really a river, why was the current flowing so fast but no sound was made at all.

So, it's not a river, but something else, or an illusion?

"Zimo, is this an illusion?" She turned her head and looked at Sui Zimo and asked.

"no."

Sui Zi Mo was looking at the river unblinkingly, but when he heard her question, he replied with two words.

If it's not an illusion, what could it be?

Lin Caisang turned his head and looked at the little guy who had led them all the way.

They saw the little guy pointing desperately to the other side of the river with his front paws, and the two of them took a closer look.

"Whoa, what is that?"

They saw something densely growing on the other side. Isn't that the Ice Heart Grass that they had been looking for for days but couldn't find?

It's such a large area, enough for them to complete many missions.

Chapter 2700 It's not free.

However, now they have encountered a problem, that is... they can't get over it!

There was something obviously weird about the river in front of her. If they forced their way across, she had a hunch that they would both suffer losses from the river.

Therefore, they still have to think of other ways.

"Zimo, we have to find a way to get there." She looked at Sui Zimo and said.

Sui Zimo glanced sideways at her, then let go of her little hand.

"You stand here while I go over and take a look."

"What?"

Hearing his words, Lin Caisang was startled and quickly reached out to catch him, fearing that he would run to the other side if he wasn't in time.

"No, it's too dangerous. Let's find other ways."

There's nothing she can do to let her husband take the risk. If she keeps so many animals in her golden bead space, are they raising them in vain?

"In this way, I will first get some animals out of the space and let them take the lead."

As she said that, she took out two geese directly from the golden bead space, and then used a stick to drive them over.

The two big white geese poked their heads toward the river, and then ran directly towards the river. However, before they reached the river, they felt something was wrong. They turned around and ran towards them. .

Lin Caisang and Sui Zimo also felt the shaking of the earth, as if something was burrowing from the ground.

The next moment, they saw the river moving. The water in the river became agitated, forming a thick water column, like a giant river, opening its bloody mouth towards the two big white geese.

"receive!"

Just when the bloody mouth was about to swallow the big white goose, Lin Caisang quickly took the two big white geese directly into the golden bead space.

The animals she raises are not free. They can't just be eaten by unknown things, right?

Seeing that the prey was gone, the big mouth did not pursue Lin Caisang and the others, but retreated back into the river. The river became calm again, as if it had never moved.

"It's a monster."

Sui Zimo said three words calmly.

Although he didn't see clearly what kind of Warcraft it was, he was sure that it was definitely a Warcraft and there was nothing wrong with it.

"I just don't know what kind of monster it is." Lin Caisang also answered.

She also didn't see clearly what kind of monster it was, she just saw a water shadow.

"Squeak, squeak, squeak, squeak."

After the monster returned to the water, the little purple-eyed monster crawled along Sui Zimo's trousers and onto his shoulders.

The two little paws were waving towards the river bank.

That way, it's like asking them, why don't they pick the ice grass even though it's right across the street?

Lin Caisang: "..."

They really want to pick it, and they really want to pick more Ice Heart Grass and plant it in the Golden Pearl Space.

She had a strong hunch that if the medicinal materials collected here were to be taken outside, they would definitely be treasures that everyone wanted to grab. Moreover, she had never heard of Bingxincao.

That must be something that can only be found on a higher level continent.

If they go to live on a higher continent in the future, with these things, they will definitely not be hungry and sleep on the street, right?

Well.

She really thinks too much. With Jinzhu Space, she can't live on the street no matter what, right?

"Little guy, I know you're anxious, but it's useless to be anxious. We can't get through it."
