

Star of Space 2701

Chapter 2701 We have to fight hard

She reluctantly spread her hands towards the little guy and said honestly. 6

"We have to find another way to cross this river. How about, little guy, you think of a way for us, okay?"

brat:"....."

Who is it following two people? Seeing such a bloody mouth just now, you actually want it to find a solution for them?

Is this bullying it as a baby, or something else?

But it is obviously older than them, many years older, so why is it still being bullied?

"Squeak, squeak, squeak."

It gestured towards Lin Caisang with its two front paws.

Although I don't know if she understood it, it still felt that since it was already following them, it had to let them get through this level, right?

So, the little guy jumped up from Sui Zimo's shoulders, and his small body suddenly landed on the river bank.

"well!"

Lin Caisang saw the little guy jumping out and wanted to reach out to catch it, but it still couldn't come as fast as it did.

"Zimo, it..."

"It's okay."

Sui Zimo stretched out his hand, half-circled her into his arms, and let her look at the river bank.

She took a closer look and saw that the little guy, who had originally thought he would be eaten by a huge mouthful of blood, was standing peacefully at the moment. The monster in the river also made no movement and had no intention of coming out.

"Could it be that the guy in the river is afraid of this little guy?"

Raising her hand, she touched her chin and asked doubtfully, also asking herself.

"The little guy comes from the Frost Forest. The monsters in the river should be able to smell it and not attack." Sui Zimo explained.

Just now, the little guy was so anxious to let them go over to pick it up. He must have been there before, so he thought it was a very simple matter. He never thought that they would not be able to get through.

"Then can we go around the river and go to the other side?" Lin Caisang looked at him sideways and asked.

Hearing this, Sui Zimo was silent for a moment, but soon he shook his head.

"If I guessed correctly, this should be a dividing line. No matter which angle we come from, it is impossible to reach the other side of the river directly. We can only pass through this river and confront the monsters in the river."

"In that case, we have to fight hard." Lin Caisang sighed lightly.

However, fighting is not a big deal to them, it is a common occurrence, and it is also a good opportunity to practice.

"right."

Sui Zimo responded.

If you want to get to the other side of the river, you have to fight an uphill battle.

"Sonny, I'll hold it in a moment. You go over first and wait for me on the other side of the river."

After pondering for a while, he explained to his wife.

"good."

Lin Caisang didn't show any pretense and nodded immediately.

She still knew her own situation, and it was impossible for her to really confront the guy in the river.

"Be careful, I'll pick you up on the other side."

After saying that, she followed Sui Zimo and walked towards the river bank.

Before they could get closer, the feeling of the earth shaking came again, but this time it was different from the previous time when the white goose was seen.

That time, the monster from the bottom of the river came very quickly. It suddenly jumped out and killed the big white goose directly.

But this time, the shaking feeling lasted for a long time, and none of the monsters from the bottom of the river came out. Instead, they walked directly to the little purple-eyed monster, and Sui Zimo even fished the little guy up.

Chapter 2702 Shivering from the Cold

Then he held his wife's hand with the other hand.

"Has something to do with it?"

Lin Caisang glanced sideways at the little guy in his arms.

No need to think about it, it must have something to do with the little guy, otherwise how could they be so safe? The monster was just at the bottom of the river, trying to scare them with a sense of vibration, and nothing else.

"Um."

Sui Zimo responded softly, then hugged her waist.

"Let's go there."

After saying that, he took her and jumped to the other side of the river.

"Roar!"

Just as they were hanging in the air, the big guy from the bottom of the river suddenly jumped out, and its bloody mouth was heading straight towards them, trying to swallow them whole.

But suddenly, a huge stone fell towards the big guy's mouth, knocking him directly into the water.

"Let's go!"

Seeing this, Sui Zimo took her to the other side safely.

"Fortunately, I collected a lot of boulders in the sea forest. Otherwise, I would have really had to take a trip into the belly of the monster."

After his feet landed on the ground, Lin Caisang breathed a sigh of relief and said.

In her golden bead space, many large stones were collected in the previous stone formation, and they almost hit them. Unexpectedly, they would come in handy now.

She also had a flash of inspiration just now, and directly moved a big stone from the golden bead space and smashed it down.

However, the monster was only thrown into the river for a while. Soon, it got up again and attacked them. This time, it ignored even the little purple-eyed monster and attacked them the same way.

Sui Zimo pushed Lin Caisang behind him and began to follow the moves of the monster.

"Sang'er, I'll stand in the way while you pick the ice heart grass."

While resisting, he said something to the person behind him.

"good."

Lin Caisang nodded in response, first threw up a stream of spiritual energy and hit the monster that was attacking Sui Zimo, suppressing it temporarily.

"Zimo, don't worry about me, I will set up a barrier."

She said something to the man, fearing that he would take the attack and at the same time prevent the monsters from attacking her. If she was doing two things at once, she would be at a disadvantage.

"knew."

Sui Zimo didn't look back, he just responded.

Over there, the monsters were already attacking him again, not giving him a chance to breathe.

On the other side, Lin Caisang set a barrier for himself, and then squatted down to pick the ice heart grass. Then, why is it so easy to pick ice heart grass?

As soon as she touched the tip of the ice grass leaf, she felt a chill that hit her limbs, prompting her to immediately retract her hand.

"It's so cold."

It was so cold that she couldn't help but shiver.

In such a big frost forest, she and her husband walked together for so long without feeling much cold. But as soon as they touched the ice heart grass, they shivered from the cold.

"No, we still have to pick it."

Turning his head, he glanced at Sui Zimo. Although he was resisting the monster, he was only resisting.

The magical beast at the bottom of the river is indeed powerful. If they really care about it, the two of them combined will probably not be its opponent.

And now that they are in the Skull Residence, they cannot be released from the Golden Pearl Space and asked to help. They can only do it by themselves, which is even more difficult to deal with.

"call!"

She exhaled heavily and took out a pair of thick gloves from the golden bead space.

Chapter 2703 I won't touch it, you continue

She puts on gloves, that's it, right?

These gloves were made from the skin of a fire beast that I killed before. They are warm enough.

But.....

As soon as her gloved hand touched the ice heart grass, she felt a heart-wrenching coldness coming towards her again, forcing her to take back her hand again.

In normal times, in order to complete the task, she would just endure it for a while and pull out the ice heart grass.

But now, she can't take risks.

Her little baby couldn't tolerate the slightest mistake from her, otherwise, she herself wouldn't be able to forgive her.

"Little guy, is there anything you can do?"

Turning her head, she looked at the little purple-eyed monster that had been running to her since she first set up the barrier, but still refused to let her touch it.

"Zhizhi."

When the little guy heard her words, his eyes blinked and turned into dark green.

Then, Lin Caisang watched it walk slowly.

"Hurry up."

Seeing it walking step by step, Lin Caisang urged.

Wasn't she running very fast before? Why is she so slow now? Didn't she see her husband still dealing with such a powerful monster alone?

"If you can pick ice grass, I will give you ten bowls of noodles later, and then add ten fried eggs and ten chicken drumsticks to them!"

Seeing that it was still lazy, she pursed her lower lip and said to it.

When he heard about ten bowls of noodles, the little guy's eyes suddenly lit up. When he heard about fried eggs and chicken drumsticks, the little guy rushed over, then opened his mouth, said "Aww", and bit down on a piece of ice heart grass. Pulled it up.

Then carefully put it aside.

Seeing this, Lin Caisang reached out and wanted to pick up the ice heart grass and take a look, but unexpectedly...

As soon as she heard a small paw coming across the sky, she waved her hand away.

Then, Lin Caisang saw the little guy's dark green eyes staring at her with disapproval.

Lin Caisang: "..."

This little guy doesn't like her so much. Could it be that her husband can only keep the ice grass that it plucked?

But it doesn't matter, as long as the ice heart grass can be pulled out and collected together, then her husband will collect it when the time comes, and their mission will be completed.

"Okay, I won't touch it, you continue, continue."

She raised her hands in a gesture of surrender, and then said to the little guy.

The little guy muttered his little mouth, pointed his little paws at the ice heart grass, and then pointed at Lin Caisang's belly. It couldn't be more obvious. Unfortunately, Lin Caisang has never understood the gesture language of animals.

So, she just rolled her eyes.

If you don't want to touch her, then she can just say no. It's such a simple thing.

"Okay, I won't touch it, I won't touch it. Go and pull it out quickly. Don't delay. I don't see the master you like. Isn't it very tiring and dangerous?"

brat:"!!!"

If it could speak at this moment, it would definitely scold the woman in front of it.

Why does it like the man who can only carry it and stuff it into a small bag? It is obvious that this woman is carrying a baby in her belly, but it does not dare to let her get close.

It's body is full of coldness. What if it's transmitted to the baby?

Although he was full of resentment, he was helpless because the little guy couldn't speak, so he turned around angrily and went to pull out the ice grass, leaving Lin Caisang with a butt.

Hum, let you tell me, my good intentions are not rewarded, it is angry!

Chapter 2704 Give me ice heart grass

Soon, the slightly larger ice heart grass was pulled out by the little purple-eyed monster. Under Lin Caisang's guidance, many of them were dug up with its two front paws.

Because Lin Caisang needs to plant all the ice heart grass in his own golden bead space, and the little guy thinks this is a good idea.

...

After a long time.

Lin Caisang finally stepped forward to help Sui Zimo deal with the monster under the water, and she was relieved that there was a little purple-eyed monster here.

After the ice heart grass was almost collected, Sui Zimo went to get the ice heart grass, and the two of them jumped to the other side and went back.

When they left the river bank, the scenery around them changed. It was no longer a frost forest.

"We're back?"

Looking at the surrounding environment, which turned into a lush forest, Lin Caisang raised his eyebrows.

"Zimo, give me Bingxincao...to drink!"

Turning around, she was just about to take the ice heart grass in Sui Zimo's hand and put it in the golden bead space. How could she know...

A small claw appeared and stopped her movement.

"I forgot about you."

She looked at the small satchel on Sui Zimo. The little guy was sticking his head out, guarding her as if guarding against thieves.

"Even if you picked it, it's the result of the three of us working together, right? You can't have the final say, right?"

She can't just touch this ice heart grass, right? She still wants to plant the ice heart grass into the golden bead space. If she can't touch it, how can she plant it?

After thinking about it, she suddenly turned her head and glared at her husband, and then looked down at the little purple-eyed monster again.

"Zimo, how could it... follow us out?"

Isn't this the monster in the tenth level? It came out with them. What should people who want to break through the level do in the future?

Without it, it would be difficult to cross the river bank, even for a group of two people.

"It's okay to follow him, we'll take care of him from now on."

Sui Zimo touched the little guy's head and said to his wife.

Lin Caisang: "..."

She really wants to raise him, the little guy looks quite cute.

But the key point is that the little guy doesn't want to see her. Haven't you seen that since he saw her, the little guy's little paws have been wanting to greet her?

With such a posture, how can you maintain it?

"It doesn't want to see me."

brat:"....."

Girl, how did you know that I don't want to see you? It's obviously because you don't think about yourself. What does it have to do with me?

"Squeak, squeak, squeak."

It stretched out its claws, scratched Sui Zimo's clothes a few times, and complained.

"Okay, I get it."

Sui Zimo had no choice but to touch its head, and then continued to stuff it back into the small satchel very roughly.

brat:"!!!"

So, why does it think these two humans are pretty good?

Do you stuff it into your bag so rudely, thinking it's just a stone? Even if it's a stone, you have to handle it with care, right?

"Sonny, the little one and the ice heart grass are both cold. It means that you are carrying our baby now, so it is best not to touch them, as it will cause damage."

Sui Zimo looked at Lin Caisang seriously and explained.

"is that so?"

Lin Caisang blinked and asked.

After listening to his words, she seemed to have come to her senses. The little guy seemed to mean this.

Chapter 2705 The ever-changing devil-eyed mink

"Okay then, I'll try not to touch these Ice Heart Grasses, but I still have to put them into the Golden Pearl Space, otherwise there will really be no use in picking so many of them.

"Wait a minute, take the little guy in with Bingxincao, Ziyou and the others will take care of it." Sui Zimo said.

"good."

Lin Caisang responded.

As for now, they have more important things to do, because they haven't handed in the mission yet.

"Old man..."

"Haha, hahaha."

Just as they were about to look for Old Man, they heard a burst of laughter. They turned around and saw Old Man walking towards them with a smile on his face.

"Very few people can pass this tenth level so quickly. It's amazing, it's amazing."

Judging from his expression, it was as if they had done something extraordinary to get out of the tenth level so quickly.

Lin Caisang and Sui Zimo: "..."

They don't know how many days they have been in there, okay, but you still think they passed the customs quickly?

"Old man, this is ice heart grass."

Sui Zimo respectfully handed the bit of ice heart grass in his hand to the old man with both hands.

"Bingxincao."

The old man glanced sideways and glanced at the Ice Heart Grass on Sui Zimo's hand.

He was just a wisp of spiritual consciousness. What was the use of this Ice Heart Grass? So, he shook his head.

"Since you picked it, it belongs to you. Keep it. This ice heart grass is a good thing. If you don't keep it, you can use it in the future."

After hearing his words, Sui Zimo was not polite and directly put away the ice heart grass.

Although I still don't know what the use of Ice Heart Grass is, I will definitely need it in the future. Therefore, when the old man said it, he naturally put it away without ceremony.

"It's just that this Ice Heart Grass is good, but the girl... you are pregnant now, so it's best not to touch it. It will be bad if it hurts the baby."

As he said this, Old Man looked at Lin Caisang's belly again and warned her.

Ice Heart Grass is a taboo for pregnant women, and it is absolutely forbidden to touch it. Fortunately, there is a Variety of Magic Eyed Marten guarding it along the way. Otherwise, it is really hard to say whether the baby in the belly of the girl doll will be affected. Still there.

"Well."

Lin Caisang was really choked by Gou Lao's words.

Because before thinking about it, she had wanted to get the ice heart grass several times. If the little guy hadn't threatened her with his claws, she might really have...

It seems that the little guy is really thinking about her, or her Zimo understands the little guy's gestures.

"The Variety-Changing Demon-Eyed Marten is also pretty good. I can barely make you a pet beast."

"The ever-changing devil-eyed ferret?"

Sui Zimo lowered his eyes and looked at the small satchel on his body, then reached out and took the little guy out of it.

"Is this the little guy that Old Man is talking about?"

"Yes, this little guy is the Variety-Changing Demon-Eyed Marten. I'm afraid there's only one in the entire Qianhuan Continent. If you want to keep it, it's okay. This little guy is very understanding of human nature. When encountering danger, When the time comes, it will give you a warning. As for the skills...

You can discover it by yourselves in the future, I won't say it anymore, I won't say it anymore. "

Lin Caisang: "..."

Why don't you tell me something? It's very uncomfortable to have such an appetite.

However, Old Man never wanted to mention the Ever-Changing Demon-Eyed Marten again. Instead, he started talking about his past intentions and the continent where he lived.

Chapter 2706 You are so fast too

After the two chatted with him for a few words, he left.

"Are we going to wait here?"

Lin Caisang looked at her husband and asked.

They have the city lord's order on them, and they don't have to go out with everyone at that time when they leave the sea forest.

"Hold on."

Sui Zimo said something, then spread some grass aside, put a cushion on it, and helped Lin Caisang sit down.

"Sit down first, I guess you'll be waiting for a long time."

"Um."

Lin Caisang also responded.

The time inside is different from that outside. She thought, they shouldn't have to wait too long, right?

besides.....

"Zimo, what level do you think Lu Tianfeng is trying to achieve now?" She raised an eyebrow at her husband and asked.

Sui Zimo: "..."

He didn't care which level Lu Tianfeng was going through. It was best to stay in Calvary forever and never get out. Then there would be one less evil person in the world, and they would not have to try every means to get rid of him. .

But even though he thought so in his heart, he also knew that Lu Tianfeng would not die so easily because of the scourge that would last for thousands of years.

No matter how hard it is for him to stay in Kusi Tower, he will definitely find a way to get out.

"Perhaps he has already come up. After all, he has already passed the first three levels." He said quietly.

"Then didn't he get three rewards in vain?" Lin Caisang then remembered that there was such a thing.

If Lu Tianfeng breaks through the level again, won't he get rewards again?

"Those rewards..."

Hearing her words, Sui Zimo's mouth twitched.

I'm afraid Lu Tianfeng himself despises those rewards. He came to Kusilou not for the small rewards, but for the big head.

And now, he doesn't know why Lu Tianfeng came here. I'm afraid, even Lu Tianfeng himself doesn't know.

"Lu Tianfeng won't appreciate those rewards."

"Regardless of whether there are rewards or not, he will definitely not pass the tenth level earlier than us. That's right." Lin Caisang raised his eyebrows and said.

"Um."

Sui Zimo raised his hand and patted Ren'er's head.

"he....."

"Why are you here?"

Suddenly, a familiar voice sounded behind them and behind them.

The two of them turned to look at each other. Who could the person behind them be if it wasn't Lu Tianfeng? He has already passed three levels so quickly?

This speed is a bit too fast, right?

"You...have you passed the tenth level?"

Seeing Lin Caisang and Sui Zimo, Lu Tianfeng's expression was obviously very ugly.

He hurried and hurried slowly, just hoping that the gap between himself and Lin Caisang and the others would not be too big, but he did not expect that he had just come up from the ninth level, and the two of them had already passed the tenth level and could go there. The eleventh level!

"Yes, we have already passed the tenth level, are you so fast?" Lin Caisang nodded to him, pretending not to know that he had gotten a retrograde card, and asked innocently.

Hearing this, Lu Tianfeng felt a bad breath stuck in his throat and almost spit out a mouthful of old blood.

But at this moment, he didn't have the time to argue with these two people. He went directly to the place where he originally entered the tenth level and entered the tenth level.

When he passed by, he secretly prayed in his heart that he would never be allowed to enter that maze again. He really couldn't bear it.

After passing the first three levels, he knew the fact that the same level did not necessarily have the same environment.

Chapter 2707 Taken away by Mr. Calvary

Therefore, when he was breaking through the maze, Lin Caisang and the others might not be in the maze at all, but in other places. Maybe the environment for breaking through would be much easier than his.

He was already too far behind. He could no longer fall behind and could only catch up as soon as possible.

This time, he must make careful calculations on how to quickly pass the tenth level. Judging from the appearance of Lin Caisang and the others, they should have to wait for Lin Changhong and the others.

In that case, he still has a chance.

However, when he entered the mission and saw the scene, he was stunned.

How was he going to find the mission in such a land of ice and snow, surrounded by vast whiteness? and.....

Just as he was about to lift his feet to do the mission, he felt a strong gust of wind blowing in his direction. The next moment, the leaves on the ice tree were directed towards him.

"Damn it!"

He cursed in a low voice and quickly formed a spiritual shield to protect himself.

"What kind of places are these? No, let's find a mission quickly!"

Even if those ice leaves are very lethal, so what? He was still able to find the mission and enter the eleventh level before Lin Caisang and the others.

Who told Lin Changhong and the others not to come out yet?

...

Outside, Lin Changhong and Yue Chushui did not let Lin Caisang and the others wait too long. They came out after having a meal.

Yuan Jue and the other two also came out quickly.

But there was no shortcut for them. Instead, they risked their lives to get what they needed for the mission. Unlike Lin Caisang and the others, Gu always took away their things before letting them go from.

And all the things they got were taken away by Elder Calvary.

"Brother, Chu Shui, where are your things? Give them to me. I'll put them away for you first." Lin Caisang looked at them and suggested.

She had collected all the things they had obtained in Guanju before. Now that they were going to do the tenth level mission, she was asked to collect even Yuan Jue's things.

So, this time is no exception.

"Something? What?"

Lin Changhong was a little confused by what his sister said, and asked in confusion.

"I haven't received the reward yet. Shouldn't we wait until we prepare the things we need next time before we go and receive the reward?"

Lin Caisang: "..."

She didn't say the reward was good?

"Where are the things you got from the tenth level mission? Medicinal materials or something?" she asked.

"It's medicinal materials." Yue Chushui said.

"You're talking about those things, don't mention them, they'll tire us out."

Lin Changhong shook his head. When it came to the mission, they were almost exhausted. They had been on the cliff all the time and had a hard time finding a place to stay. It was a trap.

"But it was given to Calvary. How can we stay? It was all taken away by Calvary."

"Yes, Captain Lin, those are all going to be handed over to Old Man."

On the other side, the woman from Yuan Jue's team changed into clean clothes and came over.

They were soaked in water, and when they came out of the mission, they were all wet. They still borrowed new clothes that Lin Caisang and Sui Zimo had not worn before.

After hearing their words, Lin Caisang fell silent.

Could it be that they only had the ice heart grass and the skullcap was useless, so they gave it all to them?

"Really? Maybe I remembered it wrong. I thought I could hold those things by myself."

Chapter 2708 Someone... eh!

She twitched the corners of her mouth and muttered.

Everyone: "..."

Can you remember this wrong? Did she forget whether she handed in the task or not?

Sure enough, the memory of pregnant women is somewhat poor, and all their wisdom is given to the baby in their belly.

"Now that everyone has come out, let's eat something quickly and continue to pass the level." Sui Zimo looked at them and said.

"Yes, yes, get ready quickly and enter the next level."

Lin Caisang quite agreed with this. After all, she and Sui Zimo had witnessed Lu Tianfeng enter the tenth level before.

No one knew where he had entered. What if it was a simple one?

"You all have these dry food, and I've distributed some medicines for you.

As she spoke, she took out four bundles from the Golden Pearl Space and placed them in front of them.

"this....."

When Yuan Jue saw that even their share was included, he felt a little embarrassed.

Along the way, they had already taken advantage of Lin Caisang and the others. How could he still want these things?

"We still have some dry food and medicines. As for these..."

"I tell you to take it, so you take it. What are you talking about?"

Lin Changhong directly picked up the two bags on the ground and threw them into the arms of Yuan Jue and his team members.

"Even if it's enough, you still have to keep it, just in case. You know, these things are nothing to my girls. If you really feel sorry for it, wait until you get out of the sea and forest before returning them. That's it, double it."

He stretched out two fingers and said to Yuan Jue.

Yuan Jue: "..."

These things are nothing outside, but in the vast forest, especially in Calvary, they are not ordinary things.

Let alone double it, he felt that ten times or a hundred times would not be enough!

"Okay, I would like to thank Mr. Sui and Mrs. Sui first. When we get out of Haikuo Forest, if you need anything from me, I will never say anything." He put the baggage on his shoulders and faced Lin Caisang. Hold fists with Sui Zimo.

"Me too."

The woman didn't show any pretense, she put the baggage away and clasped her fists at the two of them.

As the saying goes, a friend in need is a friend indeed, and friends can only be shown to be valuable in times of difficulty.

...

Soon, several people packed up their things, went to receive the rewards, and continued to the eleventh level.

On this side, Lu Tianfeng was still in the frost forest, braving the flakes of ice leaves and continuing to walk forward, and his teeth were almost bleeding from the bite.

"What a bad place. I must be the only one who was thrown into such a difficult place, right?"

He couldn't help but wonder if Zhe Feng had offended Old Man before, so that was why he was being made so difficult. Otherwise, why would every step of his life in the Home be so difficult?

He has been walking in this frost forest for several days, and he still doesn't even know what the specific mission is.

"Where is the mission?"

He asked himself, and also asked about this frost forest.

I could still find the tips bag before, but now I don't even have the tips bag. There is a vast expanse of white everywhere.

"Someone...uh!"

Just as he was about to say something, his sharp eyes suddenly saw a very red flash of light in a certain white spot.

"Tips?"

His eyes lit up and he ran towards that place... well, he walked over slowly and steadily.

Chapter 2709: Got through so quickly?

There was no other way. In this frost forest, ice leaves were still falling. Even if he wanted to fly over, it was impossible. He could only move slowly.

After a while, he moved to where the kit was, bent down and picked it up.

"It can't be a retrograde tip this time, right?"

Although he wanted to open the bag directly, his hands couldn't help but tremble, and he really didn't dare to open it.

He was afraid that it was another retrograde tip, or some other tip to bully him. It was not impossible. He felt that this skeleton was full of malice towards him!

But there was no way. He already had the kit in his hand. If he didn't open it, he wouldn't know anything. He could only open it and give it a try.

Therefore, he could only slowly open the bag with trembling hands.

Then he took a deep breath, reached into the brocade bag with trembling hands again, took out the card, swallowed again, and looked at the words on the card.

"Mission, luckily it's a mission!"

He let out a heavy breath, but when he saw the medicinal materials he needed to collect under the task, his face suddenly turned green.

"Edelweiss?"

He did know what an edelweiss flower was, he had heard of it and had seen it.

However, when he turned to look at the surrounding environment, he couldn't help cursing in his heart. There was ice and snow all around, where was he going to find edelweiss flowers?

You know, edelweiss flowers are from tinder trees, and tinder trees can only grow and bloom in hot places. In such a world of ice and snow, even if there are tinder trees, it is impossible for them to bloom!

Doesn't this cost his life? Where is he going to find it?

But unfortunately, that's what it says on the mission card. Unless Karmaju makes a mistake, there will really be edelweiss flowers in this frost forest.

But where it would be, he could only find it step by step.

"call!"

Exhaling heavily again, he gritted his teeth.

I comforted myself that I finally got the mission this time. After all, I didn't get anything in the maze last time. It would have been much better to go back three levels, right?

"Looking for it, no matter what, we have to find it as soon as possible!"

After making up his mind, he raised his feet and continued walking in the direction where he had just found the kit.

He had to find Edelweiss as soon as possible and catch up with Lin Caisang and the others as soon as possible. The first place was his!

It can only be his!

However, he could never have imagined that the first place he wanted did not fall on him, but there was another first place, which was his, because, apart from being kicked out of Guzhe Feng, he was the most The worst one.

...

I don't know how long it took for the skull to be in the middle.

Zhefeng could only wait outside, not knowing how his master was doing in the cave.

On the other side, people who were living in hardship and those who were thinking about living came out one after another. Everyone was surprised when they saw Zhe Feng.

"You got through it so quickly? It seems like it's not that difficult to get into the Skull House." When Captain Liu saw Zhe Feng, he couldn't help feeling a little regretful. Why didn't he think about going to the Skull Residence at that time, but went to get into it? What about the others?

However, after hearing his words, Zhe Feng really wanted to hit someone.

He didn't come out yet. He only made it through one level before being beaten out by the old man.

But he couldn't say this in front of everyone. He also wanted to save face, so he could only keep a dark face and say nothing.

Chapter 2710 Looking so bad?

"Where are Captain Lin and Captain Yuan, haven't they come out yet? There is another person, he hasn't come out yet? It seems that among so many people, you are the most powerful. I really underestimated you before. you....."

Zhe Feng didn't want to talk, but that didn't mean Captain Liu didn't want to talk.

"roll!"

He glanced coldly at Captain Liu.

"Well!"

Captain Liu was shocked by his glance.

He couldn't help but take a step back, the color drained from his face, and he quickly walked away and plunged into the crowd.

Just now, he clearly saw murderous intent in Zhe Feng's eyes. That person really wanted to kill him, as if he would turn into a corpse if he said one more word. .

But he is obviously the captain of Zhe Feng, why should he be frightened like this by a team member.

"Isn't it him?"

He remembered that in Hongye Tower before, this person's aura was completely different from now. Moreover, the two people were not so friendly, but in the sea and forest, the two people were together all day long. .

He hadn't noticed it before, but after being so frightened just now, he suddenly realized it.

Could it be that these two people were replaced by others when they were in Hongye Building?

This is not impossible. A weaker person will be temporarily replaced by a scheming person, and he will come to the vast forest on his own. As long as he is not discovered by Commander Lin, nothing will happen.

"Captain, what are you doing, looking so bad?"

A member of his team saw him mumbling alone and came over to ask.

Captain Liu suddenly raised his head to look at him and quickly shook his head.

"No, it's nothing."

Even if he guessed that the person was replaced by someone in disguise, he couldn't tell it, for fear that if he did, his life would be in danger.

Perhaps before he could say anything, his life had already been taken away by those vicious people.

Suddenly he remembered that he had noticed that Zhe Feng was following him with a dagger in his hand. Later, Captain Lin and other members of his team spotted him and shouted.

When he turned around, he happened to see Zhe Feng putting away the knife.

At that time, he also asked what he was going to do. What he said at that time was that he was holding the dagger in case the monsters rushed out.

Now think about it... wouldn't Zhe Feng and the two of them want to kill the other five people in their team at that time?

"It's terrible, it's terrible."

He muttered to himself, feeling really terrible.

Fortunately, they followed Lin Caisang and the others all the way, and Yuan Jue and the others were in the same team. There were many people, so it was not easy for Zhe Feng and the others to kill them.

If they were the only team, would they really kill them?

"No, you must follow them, you must follow them!"

He couldn't just leave with his team members, he had to follow Lin Caisang and Yuan Jue, otherwise, he would die without even knowing it!

Therefore, he made up his mind that no matter whether they would get more things than Lin Caisang and the others, he could no longer offend Lin Caisang and the others. He must let everyone in his team follow Lin Caisang and the others.

"Yes, let's do it!"

"Captain, what are you doing here? Aren't you going to get something to eat first when you come out?"

Another team member came over and asked Captain Liu.
