

Star of Space 2711

Chapter 2711 He's not dead yet

"scare!"

Captain Liu was startled and looked at the man with a bad expression.

"Just come, just come."

It's useless to think so much now. Let's wait until Lin Caisang and Yuan Jue come out.

Maybe then, he can ask Lin Caisang and Sui Zimo to help him get rid of these two scourges. That is also possible, but I don't know if Lin Caisang and the others will be willing?

Or forget it. What if Lin Caisang and the others don't want to, and he scares the snake again?

Let's follow Lin Caisang and the others and leave the Sea-Kuo Forest first, and then talk about other things.

He took a deep breath and exhaled heavily. Then, he secretly glanced at Zhefeng, who was no longer paying attention to him, and beckoned the others to start roasting the monster meat.

As for Zhe Feng, he really didn't have the time to pay attention to Captain Liu, a little guy.

All his thoughts were in the cave, secretly praying in his heart that his master could pass all the obstacles before others and get the best things.

...

Time, I don't know how long has passed.

At the twenty-seventh level, someone finally got through. Naturally, it was Lin Caisang and Sui Zimo.

And beside them, there was another person, an old man whose whole body was dark as if he had been poisoned. No one had ever seen him before.

Even Old Man was a little surprised when he saw this man.

"You're not dead yet?"

He didn't even remember when this person came in. Anyway, he wasn't from Qianhuan Continent.

He had been trapped in Level 27 and couldn't get out. He thought this person was gone, but he didn't expect that he could still be seen today, and he didn't even look like a human being.

"Uh, heh, uhhh."

The old man must have stayed in the twenty-seventh level for too long, and he was alone. He couldn't even speak for so long and could only pronounce a single word.

Of course, no one could understand what he wanted to express, not even Sui Zimo.

"Why."

The old man sighed softly.

"You're not dead. You can be considered a blessed person, and it's thanks to the two dolls. From now on, you might as well be a servant to the two dolls, and you should repay them for saving your life."

His eyes looked back and forth between Sui Zimo and the old man, and he suggested.

"Ah, ah ha."

The old man listened to his words and nodded desperately.

He has nowhere to go now, and he doesn't know how many years have passed outside and whether his family still exists.

The two dolls in front of him were indeed very kind to him. If it weren't for them, he would have died in this place for the rest of his life. His life was equivalent to being given to him by the two dolls.

Therefore, the old man knelt down towards the two of them and bowed down.

"I can't do it, I can't do it."

Lin Caisang quickly wanted to take him up, but Sui Zimo was one step ahead of her.

"The old man can't help it. Get up quickly."

Sui Zimo helped the old man, whose legs and feet were trembling, to stand up, then looked at the old man, wanting to ask something.

Without waiting for him to speak, Old Man took the initiative to tell him and Lin Caisang about the old man.

"He comes from Yuntian Continent, which is a level higher than Qianhuan Continent. He came to Skull Residence five thousand years ago to break through the levels, but he never thought that he could not get out of the twenty-seventh level. Hey, he can be regarded as God. Play tricks on him."

Lin Caisang and Sui Zimo: "!!!"

Chapter 2712 Get it now?

Five thousand years ago!

People from five thousand years ago are still alive today, but they just look older?

In the Desolate Continent, the average lifespan of a person is only eighty years at most, while in a spiritual cultivation continent like Qianhuan Continent, the lifespan of a person is only a few hundred years at most.

Could it be that the lifespan of a higher-level continent is so much longer?

Then why doesn't anyone rush to a higher continent, but just stay in Qianhuan Continent?

"Can a person really live five years?"

She was speechless.

"Outside, of course not."

The old man shook his head. Outside, even he would not live to be five thousand years old.

"But in the Kusi Tower, or more precisely, in the Skull House, it is possible. As long as anyone who fails to break through the barrier successfully, the Skull House will automatically increase the person's lifespan until it can no longer be added. "

He thought that this old man's lifespan had reached the point where he could no longer extend his life, but he didn't expect that he was really doing quite well and was still alive today.

"He is also a poor man."

As he spoke, he shook his head.

Hearing his words, Lin Caisang and Sui Zimo fell silent at the same time.

He is not a poor man. He has lived in this place for five thousand years, and the time here is different from the time outside.

I don't know how many years it has been here among the five thousand years outside. Anyway, they can't calculate it now.

"Okay, now that he has recognized you as his master, you will be able to take him out. And here... why don't you get your rewards first?" Old Man looked at Lin Caisang, and then looked at him again. Sui Zimo suggested.

"Get it now?"

Lin Caisang raised an eyebrow.

Before, they all waited for others to come together before receiving the rewards together. In this way, everyone knew what they were getting, and they would not feel bad because they didn't see what others got.

Of course, they had excluded Lu Tianfeng a long time ago, and he didn't know how far he was going.

As expected, it is difficult to use one person as two people.

Lu Tianfeng is a vivid example.

"Isn't it better to take it now?" Old Man asked.

"Yeah, that's okay."

Lin Caisang nodded, then looked at Sui Zimo.

"Zimo, let's go and get it."

"good."

Sui Zimo naturally relied on Lin Caisang in everything, so he helped her go over to receive the reward.

But when the reward that belonged to them appeared in front of them, the two of them were stunned and turned their heads to look at the old man who came with them.

"Lao Guan, Guan Ju is so poor that...are two of us receiving the same reward?"

Lin Caisang twitched the corners of his mouth and asked.

Because she only saw a brocade box and nothing else, the answer was obvious. There was only one reward for the two of them.

"What are you thinking about?"

The old man chuckled at her.

There are a lot of things in his thinking building. Those are the good things he accumulated little by little. How could he only have so little?

"This reward belongs to you, baby girl. As for your husband, I still have to think about his reward."

Lin Caisang: "..."

What does it mean to have to think about it? What kind of reward is it?

"Old man..."

"Master Sui, there is still the twenty-eighth level in my residence. Do you want to try it? Huh?" Before Lin Caisang could ask anything, Mr. Sui looked at Sui Zimo and spoke in a deep voice.

Chapter 2713 How about you try it?

"Want to break in again?"

Lin Caisang was shocked. Didn't they already pass through it? When did the twenty-eighth level reach the 28th level?

Why didn't she know that Brother Yu Jing never mentioned it to her?

"Yeah, do you want to break in?"

The old man nodded to Lin Caisang, then looked at Sui Zimo and asked seriously.

Listening to the old man's words, Lin Caisang felt something was wrong. It took a while before she realized what he meant.

"That's not right, Old Man. We didn't do it. Did my husband do it alone?" Can't she follow Sui Zimo to pass the twenty-eighth level?

"you....."

The old man looked at Lin Caisang again.

This female doll is also very talented, so he naturally likes it, but...

The female doll already has a treasure in her hands. This thing is dispensable to her, so she should give it to her husband.

"Whether you break in or not, it doesn't mean anything."

Lin Caisang: "!!!"

Why does it mean that it doesn't matter whether she breaks in or not? Do you look down on her that much?

After all, she is also the one who has passed the previous twenty-seven levels, right? And if she doesn't take a lot of credit, then she is the first one.

"Zimo, do you want to break in?"

Turning her head, she looked at Sui Zimo and asked.

She had a feeling that it would not be that simple to pass the twenty-eighth level, and there might be some danger waiting for him, which was unknown.

"I....."

Sui Zimo naturally felt this way, and he didn't feel at ease leaving his son here alone.

"Master Sui, I suggest you not to deny it in a hurry."

Looking at the expression on his face, Old Man knew what he was thinking and quickly said something.

"This twenty-eighth level is very dangerous, but you can still handle it with your ability. Moreover, if you pass the twenty-eighth level, there will be additional surprises. How about it? Do you want to give it a try? I promise you. You won't suffer."

Looking at Mr. Gou and listening to Mr. Gou's words, Sui Zimo was speechless in his heart.

Why does he feel that the old man at this moment looks like a villain who tricks children into running away from home and following him to do bad things... Where is the evil person?

"Zimo, how about you try it?"

Lin Caisang also suggested Sui Zimo.

She also knew that Sui Zimo could pass the twenty-eighth level alone, although it would be more dangerous.

Because even though they had passed every level before, her husband still had to protect her, so he seemed a little constrained.

But it would be different if he went through it alone.

"you....."

Sui Zimo was still a little hesitant. He was worried about the danger she would face if she were here alone.

You know, none of them know where Lu Tianfeng is now.

"You don't have to worry about me here. I can protect myself. What's more, my brother and Chu Shui should be able to get through soon. With them protecting me, what else do you have to worry about?"

She said directly without giving him a chance to speak.

"That's right."

The old man echoed from the side.

"If you are not worried about the seventh place, then I just need to throw a few more retrograde tips to him. I guarantee that he will not be able to reach the twenty-seventh level in five thousand years."

That thief was muttering and scolding him secretly all the way through, don't think he didn't hear anything.

It's good that he didn't have any interest in throwing a hundred or so retrograde tips at him.

Chapter 2714 I still can't find the mission!

Moreover, that guy can't get to the twenty-seventh level so quickly. After all, he is still at the twenty-first level.

"Then, I..."

"Young Master Sui, just go and have a look. The rewards for these twenty-eight levels are really good. You are right to believe me. If you don't trust your wife, I will protect her by her side." With her, you can rest assured, right?"

Seeing that Sui Zimo was still hesitant, Gu Lao gritted his teeth and suggested.

He didn't believe it anymore. He was by this girl's side. Who could hurt this girl under his nose?

Therefore, at this moment, he has finally played his most critical role.

"Ah, uh, oh oh."

The old man listened to their words, and also looked at Sui Zimo's random strokes.

Although none of the three people understood what he wanted to express, they still understood his actions of patting his chest and blocking Lin Caisang's face.

Meaning, he will also protect her.

"Zimo, feel free to go through the barrier. I'll be waiting for you here." Lin Caisang said to him again.

After hearing her words, Sui Zimo took a deep breath before nodding.

"good."

On the twenty-seventh floor, Lin Caisang personally sent Sui Zimo to the twenty-eighth level, and then sat down with the old man.

As for Mr. Gu, who promised to protect Lin Caisang after the New Year, he naturally did not leave again. He was probably waiting for Lin Changhong and the others to break out.

...

At level 21, Lu Tianfeng was still spinning around, not seeing his mission at all. What exactly was it?

On a very high solitary peak, there was just such a small area. It didn't take long to walk around the entire solitary peak. He had even seen the grass.

But the task is not there, just not there!

Moreover, the lonely peak is surrounded by cliffs, and there is not even a rope that can let him go down.

"Where is the mission? Is it in the sky?"

He was so angry, really so angry that he felt that he came to this abode just to suffer.

I don't know which level Lin Caisang and the others have reached, but he has been wandering around in this 21st level, and he doesn't even know what to do?

Is it going to heaven or going to the earth?

As for him at this moment, going to heaven or earth is impossible.

Even if he wanted to climb down the lonely peak with bare hands, it would be impossible, because there were no raised rocks around, and it was almost as smooth as a mirror!

How are you going to get him down?

"Damn it, damn it, damn it!"

He cursed at the sky a few more times, then took a deep breath.

Although he was cursing people, he still knew very well in his heart that there must be somewhere else in this place that he had not looked for.

Since he was trying to break through a level, no matter how much the old man disliked him or wanted to embarrass him, he couldn't even tell him what the mission was. There must be a tip, but he hadn't found it yet.

"I can't believe it, I can't find the mission!"

He gritted his teeth, said something bitterly, then turned around, ready to continue looking for the kit.

But.....

When he turned around, he couldn't even find the kit. Suddenly, he could see the kit with his naked eyes.

"Tips!"

His eyes lit up and he wanted to run over and pick up the kit.

Chapter 2715 There are so many tips.

Just as he moved his feet, he felt something stepped on. When he lowered his head, he saw that there was also a bag under his feet.

He raised his head and looked into the distance, his face suddenly darkened.

Because the two kits really look exactly the same, and... wherever you look, there is not just one kit, but many, many.

"hiss!"

He took a deep breath, feeling completely helpless.

What does this old man want? It's not him who offends him, but Zhe Feng!

If you have the ability, then go and catch Zhe Feng and give him a good beating. Why do you want to embarrass someone here who has not offended him?

Lu Tianfeng never thought that all the curses he had muttered secretly before were heard by Mr. Gou. How could he not offend others?

He simply offended Mr. Calvary to death.

Facing so many tips, Lu Tianfeng was really confused at the moment. He had no idea which one he should pick up and open.

After all, he had been tricked several times before. What if he was unlucky and got those vulgar tips that would only knock him down from Level 21?

He gritted his teeth, and in his heart, he had really scolded Mr. Gou a million times!

...

Twenty-seventh floor.

Lin Changhong and Yue Chushui have already come out. Judging from the situation of the two of them at this moment, it is not very good.

Yue Chushui's whole body was as if he had been fished out of the water. Every step was a watermark, and the other, the clothes on Lin Changhong... well, it couldn't be called clothes anymore, but strips of cloth.

Fortunately, the parts of his body that should be covered could still be covered, otherwise, he wouldn't know how to face his sister.

Seeing the two embarrassed people, Lin Caisang was also confused and didn't know what to say.

"What happened to you two?"

She quickly took out two sets of clothes from the golden bead space, and then took out two tents so that the two of them could change into their own clothes.

When the two of them heard his words, they also took a deep breath.

I wanted to explain, but considering how embarrassed I was, I decided to change my clothes first and then come out to explain.

"Really, what happened?"

Seeing the two of them getting into the tent at the same time, Lin Caisang muttered again outside.

"These two unlucky children must have encountered the compatibility of water and fire. It's not difficult. It's just that for these two children, the water zodiac is in the fire zodiac, while the fire zodiac has chosen the water zodiac. That's it."

The old man was beside her, shrugged his shoulders and explained,

The fusion of water and fire is indeed not difficult to pass, but it requires the right time, place and people to pass it smoothly.

Moreover, it is not that simple to open this level. It requires two people with water and fire attributes to open it. As it is now, even Lin Caisang and Sui Zimo cannot open it. Water and fire are related.

But I have to say that the fusion of water and fire is really conducive to cultivation.

It's just...

Why didn't I choose the right one for these two dolls? What a waste of money!

Wasted, wasted.

He couldn't help shaking his head, looking at the two tents, and almost rushed to question them.

I have never seen someone so stupid. The water attribute chose the fire pass, but the fire attribute chose the water pass. This is deliberately trying to piss him off!

Chapter 2716 Obtaining a contract beast?

After a while, the two people in the tent slowly walked out.

When he saw them coming out, the old man said nothing and left. Although he had a high regard for Lin Caisang and Sui Zimo, he still didn't want to talk too much to the others.

Yue Chushui was okay, at least he was only washed away by the water, but Lin Changhong was different. At the moment, his body looked pretty good, but the hair on that end...

It's not an exaggeration to describe it with four words: "horrific."

"Brother, Chu Shui..."

"Sang Sang, you don't know what kind of life your brother is living these days, it's terrible!"

Before Lin Caisang could ask anything, Lin Changhong sat down next to his sister and began to complain about how he had been tortured in the Water and Fire Relationship. He had suffered all his life.

After talking like this for more than an hour, he finally felt that there was one more person and one less person around him.

"Hey, Sangsang, who is he? Where's Zimo? Why isn't he by your side watching over you?"

He looked at the old man and then elsewhere to make sure he didn't see Sui Zimo, so he asked his sister.

Yue Chushui on the side: "..."

He had long since discovered that brother-in-law Zimo was no longer here, and originally wanted to ask.

But Lin Changhong is really good at talking. He can't get a word in at all. What can be done? I had to wait for him to finish speaking before speaking again.

But fortunately, this guy finally saw the person next to him.

"This old man was brought out of the 27th level by Zimo and I, and Zimo is... still trying to pass the level." Lin Caisang glanced at the old man, and then explained to his eldest brother.

"Still breaking through the barrier?"

When Lin Changhong and Yue Chushui heard this, they both raised their eyebrows in surprise.

But thinking that maybe because one more person was brought out, one person had to go through the twenty-seventh level again, they didn't say anything else.

"Then we probably have to wait."

They were at Level 27, and they stayed there for who knows how long.

But Sui Zimo made it through twice in a row, so practice makes perfect the second time, right? It should be faster.

"Brother, you go and get the reward first." Lin Caisang raised his eyebrows at them and said.

After listening to her eldest brother talking for so long, she was a little tired. It was better to let her ears rest first.

"Reward, okay."

Hearing the word reward, Lin Changhong immediately became interested.

I don't know if the reward this time will be very good, but this time he only got fourth place, and the third place went to Yue Chushui.

He doesn't know why. Maybe it's because his body is not as clean and tidy as Yue Chushui?

...

In the 21st level, Lu Tianfeng gritted his teeth and hesitated for a while before deciding to pick up the tip bag.

No matter how entangled he is, no matter how much he wants to curse, he still has to open the bag of tips that he should open, otherwise, he will always be stuck here, unable to get out.

After taking a deep breath and balancing his mind, he bent down and picked up the kit closest to him, and then opened it.

"Warcraft card."

There was a World of Warcraft card inside, and what was depicted on it was a Warcraft that he had never seen before.

"Is it possible to get contracted beasts here?"

Is this Warcraft card a contract for him? He was so lucky that he got a magical beast that he could contract with, and it was a magical beast that he didn't even recognize.

Chapter 2717 Tortured to pieces

That level must be very high, right?

If he contracts this monster, will he be able to easily deal with the two teams of Lin Caisang and Yuan Jue?

Thinking of this possibility, Lu Tianfeng suddenly felt happy and almost jumped with joy.

However, when a monster appeared in front of him out of thin air and swiped its claws at him, the old man said, kid, you are thinking too much.

This is an extremely ordinary Warcraft card. The person who gets the task can only kill the Warcraft, otherwise, you will die under the claws of the Warcraft.

"drink!"

Lu Tianfeng was really frightened. He moved and dodged aside.

Fortunately, he dodged quickly. When he looked back at the place where he was standing before, he only saw a big dusty hole there, which the monster had clawed out directly with his claws!

"hiss!"

He couldn't help but gasp.

"hateful!"

This is the first time he has cursed.

This Kusi Lou is really full of malice towards him. With so many tips, wouldn't only one of them be a mission card, and the others are all World of Warcraft cards?

Then wouldn't he be in danger? You know, he can't even feel what level this monster is!

But, so what if it was dangerous, he had to keep fighting.

Otherwise, it would not be as simple as being dangerous, but someone would die here. This is simply not a place where people should be.

I don't know what level Sui Zimo and the others have reached. Have they already reached the twenty-seventh level?

No, no, if it's so difficult here, it must be difficult elsewhere. How could he pass it so easily? He's overthinking, overthinking...

"Uh... poof!"

While fighting the monster, he was thinking about other things. The result was that he was slapped by the monster and fell to the ground, spitting out a mouthful of blood.

"Roar!"

The claws of the monster came right after him and slapped his entire body.

If he was photographed this time, he would probably be beaten to the ground. Lu Tianfeng was so frightened that he broke into a cold sweat. Fortunately, his survival instinct allowed him to roll to the side.

There was a 'bang' sound.

Beside him, mud splashed all over the ground, and a giant palm turned to one side and swept towards him again.

"drink!"

Lu Tianfeng took a deep breath and rolled towards the other side again, trying to avoid the blow.

But no matter how fast he was, he was still not as fast as the claws of the monster. His whole body was swept up, flew high into the air, and then hit a tree pole heavily, before falling heavily again.

"puff!"

Lu Tianfeng spat out a mouthful of blood again, feeling that his whole bones were about to fall apart from the torture.

But at this moment, he had no time to care about how much pain he was feeling. He only knew that if he didn't get up, he would die.

So, he endured the severe pain and flew up, turned around and ran away.

It's a pity that a monster of that size already occupies less than half of this large area on the cliff. No matter how much he runs, it's just one step ahead of the monster.

Therefore, he, who was already seriously injured, was slapped on the paw again.

Lu Tianfeng: "..."

If I had known earlier, he wouldn't have chosen this damn home. Wouldn't it be better to choose something else?

But now it's too late to say anything. We've already entered Calvary. There's no use regretting. We can only fight!

Chapter 2718: Cheated in

...

Level 28.

Before breaking through the levels, Sui Zimo didn't know what he would get after passing the twenty-eight levels.

But after entering the twenty-eighth level, he knew.

Because he was directly transported to a token that was taller than him, and on this token were engraved with three big characters, Kusi Lou!

"Kusilou?"

Therefore, this is not the twenty-eighth level. He was tricked into it by the old man.

In fact, in this level, only those who want to get the space of Kusi Tower are qualified to enter and pass the level. If you successfully break through the level, you can get the artifact that everyone wants to get, Kusi Tower?

"Haha, Old Man is really generous.

He chuckled and murmured.

No wonder the old man said that Sonny couldn't come in to break through the barrier. He knew that Sonny had gold beads in his body, so there was no need for this Kusi Tower, right?

Moreover, there must not be two people who can get the Kusi Tower, so he can only break into it alone.

"call."

He exhaled slowly, looked at the token in front of him, stretched out his hand, and pressed his palm print on it.

...

Twenty-seventh floor.

Yuan Jue and his team members had also come out. They were very surprised when they did not see Sui Zimo.

When they heard Lin Changhong mention that Sui Zimo actually went to break through the barrier again, the two of them were even more surprised, especially when they heard that the old man next to Lin Caisang was actually on the twenty-seventh floor and had been there for five thousand years.

Five thousand years, not five thousand hours, nor five thousand days.

But five thousand years, and he is still alive.

What does this mean? This Kusi Tower is really a very special existence.

"I don't know when Mr. Sui will come out. By the way, do you know which floor that person is on?" the woman asked Lin Caisang and the others.

Everyone here has a bad impression of Lu Tianfeng, because that person deserves a beating and came to this place with other purposes, so they all have to be on guard against him.

"Probably...still on the twenty-first floor."

When she heard that person, Lin Caisang knew that she was talking about Lu Tianfeng. After thinking about it, she spoke.

I heard that the old man wanted to throw a few more World of Warcraft cards to Lu Tianfeng, but I don't know how many. Did Lu Tianfeng pass level 21?

However, regardless of whether Lu Tianfeng has passed the 21st level or not, he won't be able to get here so quickly anyway, that's right.

"Twenty-one level? Isn't this too slow?"

When Yuan Jue heard Lin Caisang's words, his tone was full of disgust.

I heard Lu Tianfeng talk about how to surpass them before, but I didn't expect that now, he hasn't even passed level 21.

This really impressed him. He had never seen a man who was so arrogant but had no ability.

Hearing this, Lin Caisang's eyes flashed slightly.

I muttered to myself, why don't you be slow? If you offend the owner of Kusi Tower, your life will be worse than death in every minute!

However, Lu Tianfeng should stay away from them, otherwise, who knows what evil ideas that person will come up with. Maybe none of them can be a match for Lu Tianfeng alone.

After all, if he dared to bring just such a few people to Haikuo Forest, he must be well prepared.

Before, her husband was going to break through the border. She did not dare to mention such speculation to him, but she was still wary of Lu Tianfeng in her heart.

Chapter 2719 Drive him away!

"Wouldn't it be better if he went slower?"

Lin Changhong's lips curled up slightly. As for Lu Tianfeng, he wished that this person would die immediately.

It's a pity that Lu Tianfeng and the others can't move for the time being. This is what his sister said.

"Don't worry about that person, hurry up and get the reward."

"Yes, reward."

After hearing Lin Changhong's reminder, Yuan Jue and the others remembered that they still needed to receive rewards.

Such an important thing cannot be forgotten.

...

Sky City, Yuan Family.

The news that the Ling family had offended the City Lord's Mansion spread throughout Sky City overnight.

Many people in the Ling family were arrested directly, and some of them were found to have done many evil things and were killed directly.

The city lord, Lu Tianlan, was not polite to the Ling family at all.

And among the Ling family, everyone also knows who offended the City Lord's Mansion. It was the eldest lady of the Ling family who wanted to go to the sea forest and offended the City Lord's Mansion.

I just don't know which person in the City Lord's Mansion she offended?

Why were people thrown out after entering the Haikuo Forest, and City Lord Lao personally ordered that almost the entire Ling family be compensated.

"Why did he come to the head of the family?"

The guards of the Yuan family who came to report in a hurry were caught by Mrs. Yuan.

When she heard that it was the head of the Ling family who came to ask for help, Mrs. Yuan frowned and became displeased.

She had never liked Ling Xueer, the eldest daughter of the Ling family. She thought that if she hadn't strongly opposed and even threatened her husband, she would have died if she dared to marry her son to the Ling family.

I'm afraid that the Yuan Ling family will really become in-laws, and now they will be even more implicated, right?

"Back to Madam, it seems that the head of the Ling family is here to beg the family master and ask him to go to the city lord's mansion to intercede for the Ling family." The guard also replied honestly to his mistress.

Of course, in the guard's mind, the actions of the Ling family leader simply put the Yuan family in a dilemma!

The Lord of the City personally gave an order, who dares to disobey it?

Who dares to ask for mercy?

"laugh!"

Mrs. Yuan couldn't help but sneer.

He has spoiled his daughter to such a degree that he dared to poke a hole in the sky. How dare he come to the Yuan family to find someone to intercede on his behalf?

"Drive him away!"

"This... madam, if the head of the family knew about it, I'm afraid it would be hard to explain." The guard also wanted to drive the person away.

But thinking about the friendship between the head of his family and the head of Ling family, if he drives people away like this, how will he explain to the head of the family? He will definitely be punished by then.

However, if he wanted to inform the head of the family, he certainly didn't want to.

What if the head of the family was really kind-hearted and went to plead for the Ling family, and ended up getting burned?

Although he is just a guard, he is the gatekeeper. He has to protect the Yuan family and cannot let the Yuan family fall for someone who is not worthy of being associated with.

And this will also implicate himself!

"What are you talking about? Just go and chase them away. I'll go and talk to the master of the house." Mrs. Yuan glared at the guard and said.

The Yuan family will be handed over to her son in the future. As a mother, she must protect Ruoda's family property for her son no matter what, and cannot let outsiders mess with it.

What's more, before she married into the Yuan family, the Yuan family was not that powerful. Here, she also has a share of credit and hard work.

She couldn't just let her hard work go up in flames, could she?

Chapter 2720 Extremely Skillful

"Yes, ma'am.

The guard responded, turned and left.

"laugh."

Mrs. Yuan looked at the guard's back and sneered.

"After harming his own family, he still wants to harm our Yuan family. He doesn't even look at it. How big a face does he have?"

As she spoke, she looked at the maid behind her.

"Is the master in the study?" she asked.

"Back to Madam, the master of the house will be in the study all day today." The maid replied immediately.

"Um.

Mrs. Yuan nodded lightly, and then walked towards the study.

Since the head of the Ling family came to the door, she couldn't just drive him away and forget about it.

In this matter, she must wake up her husband and not let him do something that will make her regret and make the entire Yuan family suffer, otherwise, she will not rely on him!

...

In the study room of the Yuan family.

At this moment, the head of the Yuan family had also heard his own secret guard coming to report that the head of the Ling family had come to the door, but his wife sent someone to send him away.

"It's better to send him away."

He looked up, sighed quietly, and shook his head.

This Ling family is becoming more and more depraved. A daughter should have been raised at home and not allowed to mess around outside, but look at what Ling Xueer has done?

Thinking about it, he was really scared. Fortunately, his wife didn't let him decide on the marriage between Yuan Ling and his family.

Otherwise, such a woman, even if this incident fails to bring an end to the Ling family, will be implicated in the future, and will bring down the entire Yuan family.

Although he had a friendship with the head of the Ling family before, no matter how good the friendship was, it was not worth his own interests.

What's more, this is the benefit of the entire family, how can it be paid out like this?

"Now that I think about it, Madam had the foresight back then." He sighed again.

When the secret guard heard his words, he couldn't help but twitch his lips.

The eldest lady of the Ling family used to want to gain favor in front of the head of the family so that she could marry into the Yuan family, so she would pretend to be well-behaved and sensible.

But behind the scenes, even the servants of the Yuan family were beaten or scolded.

Naturally, the head of the family didn't know about these things, but as the mistress of the family who controlled the entire inner courtyard of the Yuan family, Mrs. Yuan naturally knew about it.

Mrs. Yuan has always been very smart and has a unique vision. And she herself, even if she is the mistress of the Yuan family, will not beat or scold her servants wantonly.

Of course, how could Mrs. Yuan like this like the arrogant and vicious eldest daughter of the Ling family?

"The head of the family is right."

He didn't dare to say anything else and could only respond.

"Even if Madam drives people away, I will tell you that no one from the Yuan family will have anything to do with the Ling family in the future. If the head of the family finds out, he will be expelled from the Yuan family immediately!"

The head of the Yuan family thought for a while, but still felt uneasy, and directly gave instructions to the secret guard.

Since the Lord of the City can issue such an order, it can be seen that Lingxueer has completely offended the City Lord's Mansion to death, and it is definitely not Lingxueer's problem alone.

There must be other reasons for this. The Yuan family does not want to get involved in this matter.

"You should also keep an eye on me, the head of the family."

He worriedly explained to the secret guard again that he felt that Sky City had been a little strange recently, but he couldn't tell what was strange.
