

Star of Space 2721

Chapter 2721 Isn't that the case?

"Yes, Master.

The secret guard responded, turned around and went out.

As soon as he arrived outside, he saw Mrs. Yuan coming over with her maid.

"lady."

"Um."

Mrs. Yuan nodded towards him.

"Does the head of the family have something important to do?"

"Madam, no." the secret guard said.

"good."

Mrs. Yuan took a deep breath and turned to look at the maid beside her.

"You stay outside.

After saying that, she raised her feet, pushed open the study door and went in.

"What else... Madam, why are you here?" The head of the Yuan family originally thought that the secret guard was back. When he looked up and saw that it was his wife, he immediately stood up and asked.

"It's not about the Ling family."

Mrs. Yuan glared at her husband-in-law angrily, and then sighed softly.

"What does the Ling family's affairs have to do with us? Madam, you are worrying too much."

The head of the Yuan family walked to Mrs. Yuan and helped her sit on a chair nearby. He also found a chair nearby and sat down.

"How could you be worrying too much?"

After hearing what the head of the Yuan family said, Mrs. Yuan was speechless. She was really worried about her husband's IQ.

"Master, why don't you think about where Lingxue'er went? Who did she go with?"

How could the head of the Yuan family not know this?

Lingxueer followed their son to the Haikuo Forest. Before leaving, as a father, he told his son to take more care of Lingxueer in the Haikuo Forest.

Thinking of this, he secretly regretted it in his heart. Why couldn't he think about it for a while and still thought about bringing his son and Lingxue'er together?

It's not bad, his son's vision is as vicious as his mother's, and he has never liked Lingxue'er.

"This... I certainly know."

"Even if you know that, you should have thought that Lingxueer could not have offended the Lord of the City in Sky City, but in the Haikuo Forest, she had offended someone, or she had taken something that

should not have been taken from the Haikuo Forest. That's why I completely offended the Lord of the City."

Mrs. Yuan continued.

"this....."

Speaking of this, he had thought of it before.

But so what, Ling Xueer and the Ling family wanted to commit suicide, but he couldn't stop them.

"It's nothing, right? It has nothing to do with our Yuan family."

"Jue'er is the leader, and Lingxue'er is a member of Jue'er's team." Seeing that he hadn't thought about going up to that level yet, Mrs. Yuan reminded him.

"And our Yuan family has a good relationship with the Ling family on weekdays. How can we guarantee that the city lord will not blame our Yuan family for the Ling family's affairs?!"

"This...isn't it?"

Lu Tianlan, the city lord, has always made a distinction between public and private matters.

He wouldn't take it out on the Yuan family just because he was angry with the Ling family, right? If word of this gets out, how will everyone view the City Lord's Mansion?

"Although it's not that serious, as long as the city lord's palace does things on weekdays and avoids our Yuan family, it will be enough for our Yuan family to eat a pot." Mrs. Yuan said.

"Besides, we don't even know how the Ling family offended the City Lord's Mansion."

"Then... how about I send someone to investigate?" The head of the Yuan family suggested.

Mrs. Yuan: "..."

Does the head of her family want to commit suicide?

At this most critical moment, even those who are close to the Ling family would not dare to inquire casually, right?

Chapter 2722 Deeply implicated

And the head of her family actually wants to send someone to investigate?

"Master, do you think the City Master's attention has not fallen on our Yuan family yet, so you want to send someone to remind us?" She raised her eyebrows and asked.

The smartest people nowadays just pretend that nothing has happened, stay in their own homes, and ignore what is going on outside the window.

"I....."

Hearing Mrs. Yuan's words, the head of the Yuan family was also stunned.

"I think too much."

"Master, you'd better not do anything now. Also, no matter whether people from the Ling family come to our door or people from other families come to our door, you'd better not see them. Our Yuan family is closed and closed. When it comes to things outside, we don't know anything.

Mrs. Yuan reminded again.

"People from other families...I know."

After her reminder, the head of the Yuan family immediately understood that the relationship between the families in Sky City was intricate.

The Ling family is not only on good terms with the Yuan family, other families, including Bao Buqi, have already met with the Yuan family leader and want to jointly go to the city lord's mansion to plead for the Ling family. It is best for them not to get involved in such a thing.

"Everything, wait until Jue'er comes out of the sea forest, and then ask him what's going on." He said solemnly.

"good.

Mrs. Yuan responded, knowing that this was the safest way.

She had already warned her husband-in-law, and she felt relieved knowing that he would not do anything detrimental to the Yuan family just because of the favor of those outside.

After all, it is not possible for a simple Ling Xueer to do such a thing, directly destroying a family, or even several families, to survive and never be reincarnated.

This must be deeply involved.

It's just that they don't know what's going on. They want to inquire about it, but who dares?

...

Skull Residence, Level 28.

It's not that easy to get the Kusi Tower, and breaking through the levels is not as fierce as the previous break into the Skull Residence. It's all straight forward and tough.

This time, Sui Zimo was teleported directly to a small town.

In this town, people come and go, and there are all kinds of people, people selling goods, people buying goods, adults talking to each other, children playing among themselves, and people busy doing things and on their way.

And Sui Zimo also became one of them.

It's just that he is different from the others. After observing for a long time, those who talked and played around were just doing this one thing.

In other words, several groups of people took turns doing such a thing. After a cycle, it started over again. This was an illusory town, completely devoid of the human atmosphere.

"Doing a mission?"

In Sui Zimo's hand, there was a task paper, which said, go to a certain place to find someone and receive the task.

He didn't hesitate and went straight to find someone.

...

On the other side, level 21.

No one knows how many monsters Lu Tianfeng has defeated now. He only knows that now he really can't use up any more.

Finally, he killed a monster and watched its body disappear before his eyes.

He gritted his teeth and looked at the dozen or even dozens of kits still scattered on the ground. He almost stopped cursing again, but he still held back and did not dare to curse.

Because he has tried it before. As long as he curses me, or curses in my heart, there will be an extra tip bag on the ground!

Chapter 2723 Let's continue!

This is so cruel. No wonder there are so many tips. It turns out that it was because he was unconvinced and scolded others, so he had so many tips!

But think about it, how could he have thought of it before?

Moreover, Calvary is so unfair. Why is it only done to him?

The task of Guanju is inherently difficult. Who wouldn't curse a few times in their heart? I believe Lin Caisang and the others will be no exception, right?

However, he has so many Warcraft cards here.

He guessed that among so many tips, there was probably only one mission tip, and the others were all World of Warcraft cards, right?

The thought of this possibility made him sick to death.

How could he accidentally offend Calvary?

No, it was not him who offended Old Man, but Zhe Feng. It was all because of Zhe Feng that he was tortured into what he is now!

"call!"

Exhaling heavily, he looked down at his clothes.

Can this still be considered clothing?

The strips of cloth are pretty much the same, but fortunately, he also came in with some things, so he just needs to take them out.

And there is enough food and drink to prevent him from starving to death in this place.

"continue!"

No matter what, find the mission cards in these tips first. Even if you are really angry, you have to wait until you get out to settle the account!

What he didn't know was that just as he was muttering to himself about settling accounts, there was another tip bag on the ground.

If he knew, he would probably be pissed to death.

...

City Lord's Mansion, backyard.

"how's it going?"

The city lord's wife looked at the maid who had just come in from the door and asked.

"Go back to Madam, everything goes well."

The maid leaned towards the city lord's wife, and then started to mention Lu Tiankuo's affairs.

In fact, what the city lord's wife has to do is quite simple, which is to make Lu Tiankuo believe that the woman beside him who he favors recently likes Lu Tianfeng and dreams about Lu Tianfeng.

Of course, with the medicine Liu Yuyang gave her, things would be easier to handle. Even the woman herself felt that she was almost crazy about Lu Tianfeng.

After all, she had previously longed to serve Lu Tianfeng.

"Master Tiankuo got angry in the house and almost beat the concubine to death, but in the end he still breathed a sigh of relief," the maid replied.

"It's still breathing."

Regarding this, the city lord's wife said that it was a pity that he didn't die.

"However, it's good that you're not dead. When Lu Tiankuo is about to attack Lu Tianfeng's people, let the concubine plead for Lu Tianfeng. Do you understand how to plead specifically?"

She looked at the maid and said meaningfully.

"My slave understands." The maid responded immediately.

Isn't it just to make the concubine seem to be invisible, not to plead so obviously, so that Lu Tiankuo can have unlimited daydreams.

In this way, the anger in Lu Tiankuo's heart would become even more intense, and he would want Lu Tianfeng to die immediately.

But it was impossible for Lu Tianfeng to die immediately, because he was in the vast forest, and he couldn't find him even if he tried to look for him. Therefore, Lu Tiankuo, who was filled with anger, naturally could only move towards Lu Tianfeng. Those forces are taking action everywhere.

"I will make arrangements now. Madam, do you need to inform the city lord?" she asked.

"Go and inform. In addition, ask the city lord to send someone to inform Mrs. Lin."

Chapter 2724 Everyone was shocked

After thinking about it, the city lord's wife added another sentence. Mrs. Lin, like Lin Baizhong, is a smart person. Maybe if she knows, she can add something more and have an unexpected surprise.

"Yes, ma'am."

The maid responded and went out.

...

On the twenty-seventh floor.

Several people had already come out. After eating and drinking, all that was left was to wait for Sui Zimo to successfully break through.

But except for Lin Caisang, no one else knew what level Sui Zimo was trying to break through. They only thought that it was because they brought the old man out that they needed to break through the level again.

"Sang Sang, Zimo..."

Lin Changhong also wanted to talk to his sister about when Sui Zimo would come out.

However, before he could say anything, he saw his sister disappear in front of his eyes.

"Sangsang? Sangsang?"

He screamed a few times. Yue Chushui, Yuan Jue and the others were also in trouble.

Why did he disappear suddenly? Could it be that he went out? But if he wanted to go out, didn't they go out together? Why was only Lin Caisang out?

"Sister Sangsang?"

Yue Chushui also shouted, but there was no response either.

"Isn't he going out?" Yuan Jue guessed.

"Could it be that Captain Lin stayed on the 27th floor for too long and went out first? Will we be invited out soon?" the woman also guessed. x°"~~~"°x

"What?!"

Lin Changhong was shocked when he heard her words.

If you are invited out, won't you have to meet people outside?

You know, Lu Tianfeng's subordinate Zhe Feng is also outside. What if that person has any evil intentions and comes to harm his sister?

"No, no, no, Chu Shui, we have to get out."

He looked at Yue Chushui and said with a pale face.

Yue Chushui nodded when she heard what he said. I don't know what the situation is outside. What if there are only two people, Sister Sang Sang and Zhe Feng? Too dangerous.

"You want to go out?"

The woman looked at them and asked.

But I don't think there is anything wrong with their words. Anyway, they have passed the assessment. It doesn't make any difference whether they can go out or not. They can go out and wait outside.

However, what if Lin Caisang did not leave Calvary Ju at all, but was somewhere in Calvary Ju?

Then if they go out, wouldn't it be of no use?

"Is there no one left here?" she asked.

"this....."

After her reminder, Yue Chushui was stunned for a moment.

He just saw that Sister Sangsang was missing. He was so anxious at the moment that he didn't expect it.

What if Sister Sangsang is not outside?

"Brother Changhong, you take this old man out first. I'll wait here. If Sister Sang Sang is still inside, maybe she will come out later. Then we will wait until Brother Zimo's husband arrives before going out."

Turning his head, he looked at Lin Changhong and suggested.

"If Sister Sangsang is outside, remember to protect her."

"good."

Lin Changhong responded.

"Then let's go out too."

Yuan Jue also glanced at the woman beside him and suggested.

There was nothing else for them to do if they stayed here, and he also wanted to see if any of their team members had come out of their hardships and homesickness.

They also have to prevent them from being harmed by Lu Tianfeng's subordinates. Once this person has evil intentions, he can do anything, so he has to be careful.

The woman glanced sideways at him and nodded.

Chapter 2725 Suddenly disappeared

They are outside, and there are other team members, and I don't know if there are many other places for them to come out.

...

Soon, the people in the center were divided into two groups, Yue Chushui was left alone, and the others left.

And Old Man, who had just sensed that someone was missing from the residence, and rushed over from other places, was speechless as he watched the others leave.

Can he say that even he didn't feel where Lin Caisang went?

But he could still guess in his heart that there was a treasure on that girl's body. It should have gone inside, right?

The old man did not guess that Lin Caisang entered the Golden Pearl Space, and she did not enter voluntarily. She was directly sucked into the Golden Pearl Space. As soon as she entered, she was already standing in front of the Jade Mirror.

And on the jade mirror, there are five big characters written on it.

‘Beimingju has opened.’

"Beimingju."

Lin Caisang narrowed her beautiful eyes and looked at the five big characters on the jade mirror.

The first time she heard about Beimingju was at Dabai's place, when Lu Tianfeng and his subordinates mentioned it.

It seems that her mission this time also includes the mission of Beiming Residence, otherwise the Jinzhu Space would not directly suck her in and remind her that Beiming Residence has been opened.

"Brother Yujing, do you have any specific news about Beimingju?" She held her chin and asked Yujing.

‘Dear master, there is a map of Beimingju in Lian Xinmai, you can exchange it. There are two types of maps: one is the map of Haikuo Forest, which has Beimingju marked; the other is the map inside Beimingju.’

In the jade mirror, dense fonts appeared, explaining how to get to Beimingju and how to break into it.

Soon, Lin Caisang went to Lian Xinmai and exchanged two maps.

Of course, she was so angry that she almost wanted to smash Lian Xinmai, because these two maps were so damn expensive. Is it easy for her to earn some points?

But looking at the two maps in her hands and thinking about what Lu Tianfeng wanted to get in Beiming Center, she stopped being angry and walked out of Jinzhu Space with the map.

Just being outside...

"Chu Shui, where are the others?"

Seeing that Yue Chushui was alone outside, Lin Caisang twitched the corner of his mouth and asked.

At this moment, Yue Chushui looked at Lin Caisang with a slight twitch in his mouth.

"Everyone...is out."

"out?"

Lin Caisang was stunned for a moment.

"Um."

Yue Chushui nodded.

"You disappeared suddenly. We were afraid that if you went outside alone, you would offend Lu Tianfeng's subordinate. Therefore, Brother Chang Hong and the others went out, leaving me alone to wait here. Brother-in-law Zimo, check again to see if you have gone out."

he explained.

"So this is ah."

Lin Caisang understood and nodded.

"I was taken in by the Jinzhu Space just now, and I did some things at Lian Xinmai. Since they have all gone out, let's wait here for the two of us."

"good."

Yue Chushui responded.

"Sister Sangsang, what were you doing just now? You suddenly disappeared."

Mainly because he disappeared while talking, it was so sudden.

They really thought that she had been thrown out of the abode directly, so they rushed out in a hurry, just in case something happened.

But it doesn't matter. They can just go out when they go out. He and Sister Sangsang can just wait here for Brother Zimo's husband. When Brother Zimo comes out, they can go out together.

Chapter 2726 The spiritual power of the changeling beast

"Beiming Residence is open. I went to Lian Xinmai to redeem two maps. Once the incident at Kusi Tower is settled, we will set off to Beiming Residence.

Lin Caisang said.

"Beimingju, is it the Beimingju that Lu Tianfeng and the others mentioned before?"

Hearing the words 'Beimingju', Yue Chushui was stunned for a moment. She didn't expect that Sister Sang Sang's mission would include someone from Beimingju.

What a coincidence.

"Yes, that's it. We have to go to Beimingju before." Lin Caisang nodded.

Moreover, it was not just a simple trip to Beiming Residence. Even in Kusi Tower, she still had unfinished tasks and had to wait until her husband came out.

...

Twenty-eighth floor.

At this moment, Sui Zimo is meditating and practicing, and his first task is to practice.

Within a certain period of time, you can reach a certain level of cultivation, so that you can pass the first level. This is Kusi Tower's affirmation of its master's talent, and it must be experienced.

This is not a difficult problem for Sui Zimo. His cultivation talent is already very high.

Moreover, the method of cultivation was different from that of others. It came from the Lianxin Meridian in the Golden Pearl Space, so he passed the test quickly.

Next, is the showdown with Warcraft.

This monster is different from the monsters they have encountered before.

This is the transformed beast from Kusi Tower. Although it is a young beast, it is already very difficult for Sui Zimo to deal with now.

Therefore, within a few moves of the duel, he was slapped by the changeling beast and almost spit out a mouthful of blood.

But he didn't care, stood up again, and attacked the changeling beast.

The spiritual power fell on the body of the changeling beast like raindrops, and pierced into its body like a knife.

"Ho ho ho!"

The changeling beast roared several times as if it was in pain.

But because it was a phantom, no blood came out. What came out of the phantom beast's body was all spiritual power.

Full of spiritual power, it emerged from the body of the changeling beast, dripped on the ground, and disappeared into the soil. Young shoots soon appeared on the ground, and then grew leaves, which slowly bloomed. Colorful little flowers.

Seeing this, Sui Zimo finally knew how to deal with the changeling beast. He just had to tap out the spiritual power from it.

But he had other ideas.

Not only must the spiritual power of the Changeling Beast be driven out of its body, but all the spiritual power within the Changeling Beast must be used for one's own use. This should be the correct way to open this level.

"Now that it's here, it's mine."

He looked deeply at the changeling beast in front of him, leaped up, and the long sword in his hand transformed into countless spiritual powers, and attacked the changeling beast again.

...

Lu Tiankuo's mansion.

"I'm so mad, so mad at me."

In the garden, the sky was so vast that the top of my head was almost smoking, and I couldn't stand anywhere, walking back and forth.

"Lu Tianfeng, you are really bullying me. You dare to cuckold me, and you do it several times! Damn it! Damn it!!!"

After what happened to that woman that day, he was so angry that he asked someone to investigate. Who knew that this investigation would really allow him to find out a lot of things, especially the Huan family!

On the surface, she flattered him, and even sent her two most beautiful daughters over, saying they were dedicated to him, and so on.

But in reality? hehe!

Chapter 2727 Yes, that's it

The two daughters sent over were both used by Lu Tianfeng, and they were unwanted, so they were brought to his house!

It's a pity that he still thinks those two women are good, and the Huan family is also good.

So in these years, no matter how sad he was in Sky City, he always took more care of the Huan family.

Otherwise, with the power of the third-rate Huan family, how could they have gained a foothold in Sky City? They would have been bullied or driven out of Sky City.

No, or that's not the case yet.

The reason why the Huan family was able to gain a foothold in Sky City must be due to Lu Tianfeng's handiwork.

It must be that Lu Tianfeng deliberately asked the two women from the Huan family to come to his place to monitor his every move, right? And the Huan family can benefit from Lu Tianfeng!

He also thought that Lu Tianfeng was really considering that person's face and cooperated with him.

I didn't expect that he would cooperate with him so much. This stabbing thing in the back could only be done by Lu Tianfeng, right?

"Go and check for me! If you find out about Lu Tianfeng's lackeys, you won't be able to keep any of them!"

"Master, do we really want to do this?"

The subordinates trembled when they heard what he said.

With their current strength, it is far from enough to fight against Lu Tianfeng's men.

Unless there is someone who can take advantage of them, or in other words, they directly take Lu Tianfeng's power as their own.

But this is obviously unrealistic. Lu Tianfeng's power does not mean that he can surrender to them if he surrenders to them. After all, Lu Tianfeng is also a person who has been dormant in Sky City for many years.

"If you are told to go, just go. What are you talking about?"

Lu Tiankuo raised his eyes and glared at his subordinate fiercely. He had nothing to fear from Lu Tianfeng.

Although Lu Tianfeng has a lot of power, after working with Lu Tianfeng over the years, even if he doesn't understand 100%, he can still understand 70%.

After knowing 70% of what he knew, would Lu Tianfeng still be able to jump up and down?

Also...

Thinking of that person, his pupils shrank violently.

If what he said is true, then if he gets the things in Lu Tianfeng's hands, wouldn't he be able to do whatever he wants in Sky City?

Even if it is Lu Tianlan, there is no need for him to take it seriously. In the future, this Sky City may be his.

"Yes, let's do it!"

Thinking about it, he murmured, gritted his teeth and began to think about how to take advantage of Lu Tianfeng's absence to get rid of his minions.

When Lu Tianfeng entered Haikuo Forest, he knew that it was his handiwork.

Fortunately, he knew that Lu Tianfeng was not here. As the saying goes, taking advantage of your illness to kill you, now is the time for him to show off his skills and kill Lu Tianfeng completely. At that time, that person will only believe in him.

There will never be another Lu Tianfeng who can stand on an equal footing with him.

No, in that person's eyes, he had never been on an equal footing with Lu Tianfeng. He had always been inferior to Lu Tianfeng.

Haha, after this period of time, he will no longer have to look at Lu Tianfeng's face, everything will be fine.

"Hurry up and do it!"

No matter whether he could find those ghosts raised by Lu Tianfeng or not, he must eliminate those forces of Lu Tianfeng first.

He can't wait for Lu Tianfeng to come out of Haikuo Forest before giving him a chance to deal with him, can he?

Chapter 2728 Everyone is dumbfounded

"Yes, Master.

Sensing Lu Tiankuo's impatience, his subordinates did not dare to say anything more that he did not want to hear. He hurriedly responded, turned around and went to assemble his troops.

It's Lu Tianfeng's own fault to blame.

He was away, and he offended their master because of the woman.

Therefore, his forces deserve to be destroyed. Maybe after Lu Tianfeng's strength in Sky City plummets, his master can stand up again?

This is also unknown. After all, there are only two younger brothers beside the Lord of the City. Can't one of them be reused?

He secretly told himself that there was nothing wrong with doing this. As long as he moved to Lu Tianfeng, his master's glorious days would come again!

...

Poor Lu Tianfeng didn't know that Lu Tiankuo was already biting the power he had cultivated bit by bit.

At this moment, he was finally at level 21. He took a deep breath and opened the bag of tips in his hand.

Suddenly, his eyes widened, and when he looked at the task on the card, a surge of joy directly entered his brain, making his hand holding the card tremble unconsciously.

"Mission, mission, finally found the mission!"

He was so excited that he almost despaired after fighting so many monsters.

After finally getting the task, he was finally able to let out a breath and collapsed to the ground.

"I'm so tired. I'm really tired. Let me take a rest first. Take a rest..."

He had fought too many monsters, and even though he had enough food to eat, his spiritual power and energy could not keep up, and he was really exhausted.

Moreover, he has been injured, a lot of injuries!

Now that he had received the mission, what he needed most was to rest. He needed to get some sleep before looking for what was written on the mission.

He believed that in such a big place, he would be able to find it quickly, it must be.

However, what he didn't expect was that what he thought he would be able to find soon, when he woke up two hours later after a nap and saw clearly the words on the mission card, he was completely stunned.

The task card did not tell him to find anything, but asked him to climb down from the cliff with his bare hands.

But he had already seen this cliff. Not to mention trees and vines, there was not even a protruding stone. It was as smooth as a mirror.

How could he climb down in a place like this, and with bare hands!

Why didn't you ask him to jump directly into this mission? !

But the reality is that he really can't just jump, because even if he doesn't die, he will lose his arms and legs. This is something he can only do if he has spiritual power with him.

But he had already consumed too much spiritual power in his previous fight with the monsters.

If you jump down like this, you will probably lose half your life, so you still have to think of other ways.

Since there is such a mission, there must be a way, or in other words, there can be a shortcut that can lead directly from the cliff to the bottom.

He will definitely be able to find it, he will definitely be able to!

Thinking about it, he started walking on the cliff to see if there was anything he had overlooked before.

Of course, no matter how much he pays attention, he will never notice those tips that are only used to trick him. There must be no good things for the mission in them!

Chapter 2729 The hatred between them

...

On the other side, Sui Zimo's men, the changeling beast that was originally as tall as a hill, had become as big as a small milk dog.

And the original roar turned into a 'woo-woo' cry.

"Ouch."

The little guy screamed cutely while waving his short limbs towards Sui Zimo's calf.

"brat!"

Sui Zimo picked up the little changeling beast from his feet, and without any gentleness at all, stuffed it directly into the small satchel that his wife had given him before.

"Squeak, squeak, squeak."

The little guy with deep purple eyes, who was sleeping soundly inside, suddenly felt the unfamiliar atmosphere and suddenly felt a little hairy.

I originally wanted to greet the little changeling beast with a paw.

But before the little paw had time to fall, there were three more paw prints on its face. It turned out that before it had time to make a move, the little changeling beast had already moved first and greeted it directly in the face.

"Squeak, squeak, squeak!"

It got even more hairy and wanted to fight back.

"Stop making noises. If you make any more noises, you will be thrown out!"

Sui Zimo threatened, and patted the small satchel with his big palm.

That palm slap almost drew a mouthful of blood from the two little guys. Was it too harsh?

"Zhizhizhi..."

"Oooh, ooh..."

The two little guys were threatened and fell silent for an instant.

If he was really thrown out, wouldn't he have to fend for himself in this twenty-eighth level?

They don't want it. They want to go out and cause mischief and break the sky outside. They don't want to be locked up here anymore and can only see this cold place!

Therefore, Master, you cannot mess with them. You can put aside the feud between them for the time being. After you get outside, you can find a more hidden place and resolve it in private!

That `s a deal!

But although I no longer move my paws, but...

"Zhizhizhi!" (You idiot, you can't even beat a human, and you were beaten into a little puppy, a beast!)

"Aww, oww!" (You are stupid, your whole family is stupid, you didn't even need to be beaten, you just surrendered and became a lackey of mankind. Not only are you stupid, you are also a coward!)

The two little guys fought in their own way in the small satchel.

But Sui Zimo outside ignored them and continued to break through his third level, the mind level.

At this level, what is to be tested is how firm his character is.

So the surrounding environment suddenly changed, and Sui Zimo became standing on a wooden bridge, and under the bridge under his feet was a river. The river was full of snakes vying to stick their heads up.

"snake?"

Is this the third level?

Why did he feel that it was a bit ridiculous? Did these snakes want to kill him and bite his flesh?

But for him, these snakes could only be swept a few times with spiritual power. He thought, it couldn't be that simple, right?

...

the other side.

After coming out of Guju, Lin Changhong was not able to see his sister as he wished. Instead, he saw Zhe Feng and the others at a glance.

"What bad luck!"

He couldn't help but mutter.

He knew that nothing good would happen after leaving the Kusi Building. No, as soon as he came out, he saw the person he least wanted to see.

"Where is my young master? Why didn't they come out?"

When Zhefeng saw Lin Changhong and the others coming out, he didn't even ask how they were doing. He directly asked about Lu Tianfeng's situation, and his expression was indeed very bad.

Chapter 2730 Suddenly became so weak

He was worried to death these days. He didn't know what was going on inside or what happened to his master.

Lin Changhong: "..."

How shameless is this? You actually dare to ask them about Lu Tianfeng's situation?

"Who knows? Maybe he is still in some level and can't get out." He shrugged and said nonchalantly.

"you--"

Hearing Lin Changhong's words, Zhe Feng felt a bad breath stuck in his throat and almost died of anger.

Does anyone talk like that? He actually cursed his master like this!

If something happens to his master, he will definitely not let Lin Changhong go. He will definitely let them all be buried with his master!

"Believe it or not, I will kill you. Tell me quickly, my young master... ah!"

Before he could finish his words, a palm struck him, sending him flying and hitting the stone tablet with the words "Kusilou" engraved on it.

Then it hit the ground with a 'bang' sound.

"hiss!"

When everyone heard the sound, they couldn't help but gasp, feeling panicked for Zhe Feng's pain.

Are the bones broken?

Do you want to be so cruel? Turning around, everyone looked at the old man who was already standing in front of Lin Changhong in a protective posture and protecting Lin Changhong.

Lin Changhong: "..."

In fact, he really wanted to say that he didn't need to be protected like that, okay?

Why does he have the feeling that he has suddenly become so weak and useless? Is there any reason?

But what can he do? He can only endure it, right?

"You... you..."

Zhefeng endured the pain in his chest and slowly got up from the ground, gritted his teeth and looked at the old man.

"puff!"

He couldn't hold in his breath and spit out a mouthful of blood.

His body shook a few times and he almost fell down again.

But even though he was in such a miserable state, no one was willing to step forward and help him.

Because without him, just because the people in Yuan Jue's team don't like him, and he has offended all the members of his own team, and even to Captain Liu, he didn't hide the fullness of his body before. murderous.

So, I did it myself, what can I do?

Seeing that no one was facing him, he took a deep breath, took out a porcelain bottle from his arms, opened it, dropped a pill, and put it into his mouth.

Since he couldn't get the answer from Lin Changhong and the others, it didn't matter. He could just wait here.

Moreover, not only the master didn't come out, Lin Caisang, Sui Zimo, and Yue Chushui also didn't come out. It was estimated that these three people and his master would come out together.

Thinking about it, he no longer paid attention to Lin Changhong and the others, but sat down on the spot and began to heal himself.

He thought that he would not get any benefit from Lin Changhong and the others, because the old man was there, but the master was still in the palace, maybe he could deal with Lin Caisang and the others?

This is also unknown, maybe it can be achieved.

He meditated and had sweet dreams.

On the other side, Lin Changhong and the others no longer paid attention to him, but walked to another place to rest.

Yuan Jue saw that Lin Changhong was alright and that the old man was protecting him, so he would definitely be fine. He also went back to his team to ask about the situation. He also wanted to know why everyone's attitude towards Zhe Feng suddenly changed. So much has changed?
