

Star of Space 2731

Chapter 2731 Want to kill Captain Liu

Even Captain Liu was very obedient to Zhe Feng's words before, and he would do it just by coaxing him.

But looking at it now, why do they get tired of each other?

"Master Lin, where are Captain Lin and the others? Why haven't they come out yet?" The trio ran over and asked Lin Changhong.

Among their entire team, Lin Changhong was the only one who came out of the Skull House. They could only come over and ask him, but they would not ask questions like Zhe Feng did in angering others to death.

"Still breaking through." Lin Changhong only answered in four words.

It seems that Sang Sang is still in the Skull Residence, so he must have entered the Golden Pearl Dimension, right?

He was anxious just now. Why did he come out immediately? He didn't expect that there was still a golden bead space.

But he also felt strange in his heart. He was clearly talking to Sang Sang just now, and Sang Sang was also listening. Why did he suddenly enter the Jinzhu space?

Or could it be said that Jinzhu Space directly took Sangsang in?

If this is the case, then there must be something important, right? Don't know what it is?

"Still breaking through the barrier?"

The trio of wallflowers were shocked when they heard his words.

Even Lin Changhong came out, as the captain and the captain's husband, he was still trying to break through?

This is unlikely, right?

Is it particularly difficult for them to break through?

This is possible, after all, everyone's talents are different.

Fortunately, they didn't express their innermost thoughts, otherwise, Lin Changhong would probably be pissed to death by them.

That actually means that he doesn't have that talent, right?

...

On Yuan Jue's side, all six people sat down, and he looked at his team members.

"What's going on? Why is Captain Liu's attitude towards his team members so different? What did that person do to anger Captain Liu?" he asked.

"Why else? You're committing suicide!"

One of the team members shrugged and said that Zhe Feng really wanted to die on his own.

"Captain, you don't know, that guy is really hopeless and he almost killed Captain Liu. The murderous aura was coming out like a whoosh. At that time, Captain Liu was so scared that his face turned blue. Come on, hurry up and get in the crowd of us."

Another team member turned his eyes and glanced secretly in the direction where Zhe Feng was meditating, then turned back to look at Yuan Jue and said.

At that time, they had nothing to do, so naturally they saw it really, just to avoid unnecessary trouble, so they pretended not to see anything.

After all, it is already very dangerous in this vast forest. They can't let their meddlesomeness bring any more danger to themselves, right?

"Want to kill Captain Liu?"

Hearing their words, Yuan Jue just raised his eyebrows.

He believed that Zhe Feng had really thought about doing this, but he also believed that Zhe Feng didn't have the courage to do it in front of so many people.

So, Captain Liu must have said something at that time that angered Zhe Feng, right?

But no matter what, the current situation is that every time Captain Liu looks at Zhe Feng, he grits his teeth, wishing he could gnaw a piece of meat from Zhe Feng's body.

Naturally, he would be happy to see this happen.

After all, both Zhe Feng and Lu Tianfeng were not good people. As long as they could be tough on the road, he would be relieved.

"Probably not."

The team member glanced at Zhe Feng again, and then spoke.

Chapter 2732 Ended in failure

"But Captain Liu is quite innocent. He just asked if that person had successfully broken through the barrier, and he was almost beaten by his own team members. He was really almost beaten."

Yuan Jue: "..."

Female team member: "..."

Isn't Captain Liu looking for a fight? You know, Zhe Feng was kicked out by Mr. Gu, and he just passed the first level.

Moreover, he was kicked out before he even had time to receive the reward for successfully completing the first level.

Captain Liu, this is a pot that I don't want to pick up. Can Zhe Feng not be angry?

If he had such an experience, he would probably want to kill the person who brought up this old score to embarrass him, right?

However, he just wanted to say that he would not sympathize with Zhe Feng at all. With his attitude just pointing at Lin Changhong and questioning him, no one would look good on him, let alone answer his questions. σmj

"Well...he just made it through the first level, and he angered the owner of Kusi Tower and kicked him out. Didn't he tell you?"

The female team member hesitated for a moment, but decided to speak out and have fun with everyone.

Of course, she was sure that Zhe Feng would not tell anyone about her terrible scandal. After all, everyone wanted to save face.

"What?"

Several people listened to her words and their eyes widened.

In the end, they all laughed in unison, with expressions of sudden realization on their faces.

No wonder Zhe Feng wanted to kill someone when Captain Liu mentioned this. It turned out he was kicked out. No wonder.

However, Zhe Feng's tone of voice, as if everyone owed him, or that everyone was his subordinates and had to listen to him and bow to him, really It's very unbearable.

He deserved to offend the owner of Kusi Tower!

...

Level 28.

Sui Zimo's guess was not wrong. Those snakes in the water were not meant for him to kill.

But if it's not for killing, what is it for?

He pondered for a long time, and finally he figured out that these snakes could communicate with people's minds.

In other words, this is a kind of contract law in disguise, which allows the human soul and the snake's soul to communicate with each other so that they can calm down and no longer stick out their teeth and stick out their tongues at the people on the bridge to eat. human purpose.

After knowing this purpose, Sui Zimo calmed down, and then began to meditate on the spot, slowly using his soul to communicate with the snakes on the river.

This is a very long process and a very spiritually demanding process.

For the first time, his spiritual power was slowly exhausted, cold sweat broke out on his forehead, and he almost died.

It ended in failure.

Then, after resting for a while, his spiritual power slowly returned, and he started communicating for the second time.

...

On the twenty-seventh floor, Lin Caisang and Yue Chushui sat on the ground, opened the drawings in their hands, and began to study the moves and mechanisms in the two drawings.

They first studied the map of Haikuo Forest and found the location of Kusi Tower, and then determined the location of Beiming's residence.

Combining the two phases, we finally decided on a specific way to reach Beimingju as quickly as possible.

"From here, go here, and then pass this place, you can reach Beimingju, but..."

Lin Caisang pointed his finger at the map and muttered. In the end, he hesitated.

Chapter 2733 Destroy them directly

"This is a swamp, and it's a poisonous swamp, Sister Sangsang.

Yue Chushui also noticed it, so he reminded Lin Caisang that it was really difficult to walk through the poisonous swamp. Even a very powerful alchemist did not dare to walk through it lightly.

Moreover, it is not the poisonous swamp in the vast sea forest.

In the vast sea forest, after tens of thousands, even tens or millions of years of precipitation and condensation, the poisonous gas swamp will become even more poisonous and even more difficult to walk through.

"The poisonous swamp..."

What Lin Caisang hesitated just now was also the poisonous gas in this swamp.

If it was just an ordinary swamp and they had flying monsters, it would have been very simple in the past.

But poisonous gas is different. Poisonous gas is pervasive. Even if they are flying above, the poisonous gas in the air can kill them.

"We can still think of a way. We will talk about this later. We can also collect more medicinal materials in the vast forest to see if there are any antidotes that are mutually reinforcing."

She thought for a moment and spoke.

Beimingju must go. Even if they don't go, Lu Tianfeng and Zhefeng will find a way to go.

Will the contents inside be taken away by Lu Tianfeng and the others?

Nothing will work, so she will definitely find a way, or make an antidote to the swamp, so that everyone can get through it together.

And when I went to Beiming Residence, I didn't get nothing except that thing. After all, it was helpful to everyone's cultivation. And since few people set foot inside, the medicinal materials must be extremely precious. of.

She is in great need of medicinal materials. Soon, when her precious baby is born, she will still have to return to her old job and continue to do the tasks in Jinzhu Space.

"We'll see then."

"good."

Yue Chushui also nodded.

Since it is a mission given by Jinzhu Space, there must be a way to get in, right? It's just that they haven't thought of that method yet.

"But Sister Sang Sang, what are we going to do with Lu Tianfeng and his subordinate?"

he asks.

According to his wishes, these two people don't have to leave the Sea-wide Forest at all. They can just stay here permanently and sleep in the Sea-wide Forest.

And this, they should still be able to do.

As long as they can kill Lu Tianfeng by surprise, they can attack directly before they can react.

"Destroy them directly?"

Lin Caisang raised his eyebrows, his thoughts wandering a little far away, and his voice became even longer.

It's not like she hasn't thought about destroying Lu Tianfeng's scourge, but there are too many secrets about Lu Tianfeng. If he is really killed directly, he might cause some trouble in the future, and even find someone Can't even ask.

Therefore, it was hard for her to say whether Lu Tianfeng should die in the vast forest or not!

"It would be great if he could stay in Kusilou all the time."

She couldn't help but mutter.

Yes, it would be really good if Lu Tianfeng stayed in the Kusi Tower all the time, and his subordinate would also wait in the Haikuo Forest.

Like the old man, he has been in the Kusi Tower for five thousand years and has not died. In the future, if they want to ask Lu Tianfeng anything, they just need to come and ask the old man, and the old man will let them ask. How wonderful It's a matter of fact.

"Sister Sangsang..."

Chapter 2734 This place is confusing

Yue Chushui looked at Lin Caisang dumbfounded.

It is unrealistic for Lu Tianfeng to stay in the Kusi Tower. Lu Tianfeng must have some treasures on his body. Even if he really can't break through the level successfully, he can still get out.

Therefore, it is impossible for Lu Tianfeng to stay in Kusilou all the time.

However, Lu Tianfeng had an ulterior motive when he came to Kusi Tower. It doesn't seem that easy for him to leave Kusi Tower so easily, right?

"I don't know how brother-in-law Zimo is doing. If he can come out earlier, then we can leave for Beimingju early. Let Lu Tianfeng wait alone in Kusi Tower."

he said.

"this....."

Lin Caisang hesitated for a moment. She couldn't answer this question.

Because she didn't know how difficult it would be for Sui Zimo to enter the 28th floor, but it would definitely not be easy.

But she roughly estimated the time, and it should have been more than ten days since Sui Zimo entered the twenty-eighth level, because it had been a long time since she and Zimo broke through the twenty-seventh level.

"Your brother-in-law is so powerful. It's okay. He will come out soon." She spoke to Yue Chushui, cheering herself up in her heart.

"puff!"

Yue Chushui couldn't help but laugh after hearing her words.

He has never heard anyone boasting so much. Although he was praising his husband, he was not so...

"why are you laughing?"

Seeing Yue Chushui smiling, Lin Caisang still didn't understand what was going on.

"No, it's nothing."

Yue Chushui quickly shook his head, saying that he was not laughing at anything.

"Sister Sang Sang, when going to Beimingju, in addition to passing through the poisonous swamp, there is also this confusing bend. I have seen this kind of confusing bend on the Qianhuan Continent. Even flying monsters are like this. It's possible to get lost."

And the maze on Qianhuan Continent should pale in comparison to the one in the vast sea forest, right?

In such a situation, it would be very difficult for them to pass through Miwan and reach Beimingju. It can be said that Miwan and Poison Swamp have similar characteristics.

That place in Beimingju is much more difficult to enter than Kusi Tower!

"Being lost is also a problem."

Lin Caisang nodded in agreement, feeling that his words made sense.

"Don't worry, when the time comes to block the troops and cover up the water and the earth, we will definitely be able to find a way. Otherwise, Beimingju will not be able to appear. Since Beimingju has appeared, it must have been for people to enter. Since there is a mystery, , then there will definitely be a way to overcome the confusion."

she said.

But even though she said that, she still felt uncertain in her heart.

Neither of these levels were familiar to her, and she had never even seen them before, so she would definitely not be able to think of a solution for a while.

Only after seeing Poison Swamp and Lost Bend can we think of a solution, right?

"Actually...uh!"

She wanted to say something else, but suddenly felt a shaking.

"Sister Sangsang!"

Yue Chushui's expression changed, and he wanted to grab Lin Caisang's wrist, but before he could grab it, his whole body was sucked away by a suction force.

And Lin Caisang didn't fare much better.

He only had time to grab the map lying on the ground, but it was also sucked away by the suction force.

When they opened their eyes again, they looked at Lin Changhong and his group. When they saw the two people coming out, Lin Changhong stood up and rushed to Lin Caisang.

Chapter 2735 Don't be too impatient

"Sangsang, you are finally out.

"How...how did I get out?"

Lin Caisang was still confused. She had been discussing the confusing matter with Yue Chushui before. Why did she come out all of a sudden?

Fortunately, she still remembered the map she redeemed and grabbed it. Otherwise, she would really have to redeem points for another map.

She flipped her hand and put the map directly into the golden bead space without letting anyone else see it.

"Where is the young master? Where is my young master? Why didn't he come out?"

Hearing Lin Caisang's voice and seeing her coming out, Zhe Feng stopped meditating and rushed towards Lin Caisang, almost grabbing Lin Caisang's shoulders and asking questions.

But Yue Chushui's reaction was faster than his.

He directly drew out his long sword, swung it at him, and then pointed the tip of the sword directly at Zhe Feng's throat.

"If you dare to take another step closer, try it!"

With a cold voice, he warned Zhe Feng who took a step back.

"you....."

Zhe Feng was extremely angry, thinking that he just wanted to get news about his master, and he didn't do anything excessive?

Could it be that the master offended all these people in the abode? So when these people got outside, they had this attitude towards him, and it was so difficult to even ask him?

"Don't be impulsive. I just want to ask my father-in-law...where is my companion? Why hasn't he come out yet when you all have come out?"

He lowered his head and gritted his teeth, endured it, and then raised his head again. No strangeness or murderous intent could be seen anymore, and he asked in a gentle tone.

"Your companion? Who knows?"

Yue Chushui glanced sideways and glanced at Lin Changhong. Didn't the eldest brother tell Zhe Feng about Lu Tianfeng?

"You...you don't know?"

Zhe Feng was dumbfounded. Before, he thought Lin Changhong didn't tell him on purpose. He had also seen Lin Changhong's bad nature.

But Yue Chushui was different. This person didn't like to talk, but what he said was basically true.

He didn't know, did it mean that they really didn't know where his master was?

"Didn't you all go through this together? How could you not know?"

"Sir, we broke through the level together, but then we were all in teams of two. Originally, your companion was supposed to be in your team, but you... offended Mr. Gou."

The women in Yuan Jue's team couldn't stand Zhe Feng's stupidity anymore, so they came over and spoke.

"After you come out, you can only work hard for your companions and go through the levels by yourself that only two people should be able to pass. Therefore, he will always be a little slower. Just wait a little longer. Don't be too impatient. "

She advised.

In fact, she didn't even want to talk to someone like Zhe Feng, but he was just too noisy!

"What?!"

After hearing her words, Zhe Feng was shocked.

Was it because of him that the master didn't come out of the abode so quickly?

At this moment, he really felt very regretful. If he had known that this would be like this, he would not have offended the old man at all.

But at that time, who knew that person was the old man? You can't blame him, can you?

"How could this happen? How could this happen?"

Although he excused himself in his heart, he still could not accept that because of his own fault, his master suffered in the abode. It was still his fault.

He was too reckless!

Chapter 2736: Everything is full of tips

How could he accept this? He really wished that the person in the abode at this moment was him instead of his master Lu Tianfeng.

However, Lin Caisang and the others didn't pay attention to his mood at all. Instead, they walked directly past him and walked to a quiet place.

"Sister Sangsang, did something happen when we came out like this?"

Yue Chushui looked a little worried. He didn't know what happened in Kusi Building. Moreover, they came out, but Lu Tianfeng hadn't come out yet. He didn't know what was going on?

"Did Lu Tianfeng do something else? Or did he pick up some tips?"

"have no idea.

Lin Caisang also frowned and shook his head.

If she knew, she wouldn't be so worried, and she wouldn't know what the so-called twenty-eight levels Zimo went to were.

Old Man had clearly told her that as long as they didn't want to leave, they could stay in the Kusi Building waiting for Sui Zimo to come out, but now she came out, and she didn't want to come out.

"Let's wait and see. Maybe it has something to do with the twenty-eighth level Zimo is trying to pass, right?"

Now, she could only guess this way, because she didn't know what the reason was.

But one thing she can be sure of is that Lu Tianfeng is not that capable yet. Even if he picked up the tips, those tips were all thrown there by the old man himself.

Since Old Man had promised Zimo to protect her, he would not let Lu Tianfeng act like a monster inside.

Therefore, she guessed that this matter could only be related to the twenty-eighth level that Sui Zimo was entering. For other things, she really couldn't figure out what was going on.

"Sister Sangsang, don't worry, brother-in-law Zimo is so powerful, he will definitely be fine." Yue Chushui comforted Lin Caisang when she saw the worry on her face.

However, he didn't notice that his own face was full of worry.

His comfort really had no effect on Lin Caisang.

...

People outside were constantly speculating whether something had happened to the people inside, but inside the Kusi Building...

Lu Tianfeng should be the unluckiest person, right?

Finally, I successfully passed the 21st level. After receiving the reward, I was about to go to the 22nd level. However, as soon as I stepped into the 22nd level, I felt that I was stepping on something.

He lowered his head and was stunned when he saw it.

Fortunately, the twenty-first level is that the kit is only in a large area, with only a few dozen animals.

But what about level 22?

Looking around, the ground is densely covered with kits, and not even a bit of soil is exposed.

And at his feet, there were also several tips.

Afraid of being stepped on, it would be considered open, so he quickly moved his feet and kicked all the kits aside, leaving a little space under his feet for him to step on the ground.

But this still didn't work. There were so many tips, no matter how he chose, he felt like he was about to cry.

"Old man, are you playing with me?"

he asked, looking up at the sky.

Ever since he knew that scolding the old man all the time would bring him trouble, he had already changed his bad habit.

On the twenty-first floor, he quickly completed what he needed to do for his mission and found a way to leave the cliff.

Chapter 2737 There are so many tips

Did he think he wouldn't face trouble again?

He didn't expect that it would be so difficult just after entering the 22nd floor. If he wasn't kidding, what was he doing?

The old man who has been living in his home said: "..."

This time, he really didn't mean to embarrass the bad boy Lu Tianfeng. He was wrongly accused.

Who would have thought that it would be so easy for that young man Sui Zimo to pass the twenty-eighth level. After practicing to a certain level, he would be able to pass this level so easily.

Even the last one resonated so quickly with so many Kusilou's natal python dragons.

Is it his fault?

I believe that Sui Zimo will soon be recognized by Kusi Lou, and he will also be able to have a successor.

And this person who always thought that he wanted to go against Sui Zimo and the others, and wanted to get rid of them quickly, might not be so lucky. Let him stay in Kusi Building for a few more years.

It just happened to be able to drive away too much anger in this person's heart.

The old man was thinking this, but on this side, Lu Tianfeng had no choice but to bend down, pick up a kit, and open it.

When he opened the kit, his eyes suddenly lit up.

"The forward card is actually a forward card!"

He had gotten a backward card before, which made him inexplicably go backward three levels, but now, he actually got a forward card. Does this mean that he can enter a higher level without having to wait in this second step? Twelve levels, tortured by so many tips?

Soon, there was a sound in the Skull Residence, and the system directly sent Lu Tianfeng to the twenty-fifth floor, advancing three levels.

"Haha, haha...uh!"

As soon as my feet landed, I didn't have time to be happy for a long time. After seeing the kits all over the floor, I was stunned again.

Why... there are still so many tips, and the edges can't be seen!

"Could it be that they are all advance cards? Does that mean that I don't have to go through any levels in the future? I can just go to the last level and be faster than them?" He thought beautifully.

Old Man: "..."

It was a beautiful thought. Everyone had already gone out, but he still wanted to be faster than anyone else!

I've seen people with big faces, but I've never seen people who thought my face was that big!

That's it!

However, no matter what Mr. Gou was thinking, it could not affect Lu Tianfeng. He was very happy at the moment. He happily picked up a kit and opened it, expecting another advance card inside.

only.....

When his eyes caught sight of the word 'pour' written on the card he pulled out, his face suddenly turned green.

Almost instinctively, he stuffed the card back in his hand and wanted to throw the bag of tips intact to the ground, hoping that this way, he would not have to be pushed back.

But is this possible?

Of course it's impossible. If you lose your tips, you don't have to go backwards. Wouldn't it be too easy to get into Guanju?

Therefore, when the mechanical sound came from the air, no matter how helpless Lu Tianfeng was, he could only be thrown into the twenty-second level again.

After that, Lu Tianfeng kept getting either backward cards or forward cards, being thrown back and forth like this.

He was originally very confident and expected that there would always be advance cards so that he could directly pass the level and succeed, but it was not that simple. Soon he discovered that he had reached the tenth level and then picked up four more advance cards. Card, returned to the 22nd floor.

Chapter 2738 The person you like at first sight

Then, he picked up the backward card again and continued walking down.

Lu Tianfeng: "..."

Is this guy playing a trick on him?

For several days, he kept switching between forward and backward cards, and never opened other cards or mission cards in his bag.

While he was being thrown into confusion by the system, he still had to endure the danger of being attacked by monsters at any time.

He really wanted to stop immediately and stop picking up tips. Maybe after a wait, the skeleton would return to normal, right?

But in the end, he couldn't help but want to pick up the bag of tips to open, just thinking about giving it a try. Maybe in the next moment, his luck would be so good that he would pick up several advance cards in a row?

In fact, he really thought too much. How could a person like him have such good luck?

Therefore, in the next few days, he still spent his days being thrown around in various ways, until...

...

Twenty-eighth floor.

The snake on the river surface (in Sui Zimo's opinion, it was a snake) finally stopped emerging from the water and swam quietly in the water, never wanting to pop up and bite Sui Zimo. idea.

The bridge under Sui Zimo suddenly disappeared. He fell down and was about to fall into the water.

But the next moment, as if they felt something, many of the pythons gathered over and supported Sui Zimo with their bodies.

Sui Zimo just stepped on their backs and let them carry him forward. He spent several days on the water, until a small island appeared in front of him.

When he was very close to the island, he jumped up from the back of the python and jumped onto the island.

The soil on the island is not ordinary soil at first glance, it is golden yellow.

There are not even weeds on it, and no plants have been planted on it, but you can tell without looking that the soil here has been turned over frequently and can be planted with any plant at any time.

"Young man, you are indeed my favorite successor. This really impresses me."

Just as Sui Zimo was looking at everything on the island, the scene of the old man came from behind him. He turned around and looked at the old man.

"Is it true that the person you like first is me?" He curled his lower lip and asked the old man.

"Well."

The old man choked hard at his words.

After a long time, he found his voice and smiled coquettishly at Sui Zimo.

"You young man, what do you have to argue with your wife? You two are one and the same, and you can prosper together, right? Isn't yours hers? It's the same, the same."

"That's a good thing to say."

Sui Zimo raised his hand and touched his chin to express his agreement with Mr. Gou's words.

His things belong to his son, right?

Old Man: "..."

He has never seen someone so doting on his wife. Thinking back then, he...cough!

Well, thinking back then, there wasn't even a woman around him, so there was no need to compare with Sui Zimo. It was more important to talk about business.

"Stop talking about this, let me introduce you to the Kusi Tower. As you can see, this is the main part of the Kusi Tower, Kusi Island."

"Island of Kusi."

Sui Zimo followed the old man and read out these three words.

Can he say that he actually doesn't like the word "hard thinking" at all?

Chapter 2739 It doesn't matter if it's changed or not

Every time he mentioned these two words, he felt uncomfortable and wanted to change the name of Kusi Lou directly to something nicer.

And Old Man, as if he could hear what he was thinking, spoke directly to him with a smile.

"Of course, if you don't like this name, you can change it yourself in the future. Anyway, you will be the owner of this place from now on, and you can use it how you want.

Well, there is a monument erected there. When you have the ability, you can change the words on it. Whatever you want to change is up to you. "

His hand pointed not far away.

Sui Zimo looked in the direction he pointed, and sure enough, he saw a stone tablet.

"That's good."

He strode over without being polite. With a wave of his hand, the words "Kusi Island" disappeared and were replaced by the words "Sang Moyuan".

The old man who just came over said: "..."

He also wanted to remind Sui Zimo that without some skills, he couldn't change the words on the front of the stone tablet. It seemed that it was unnecessary.

However, is it really okay to change his name in front of his former master?

Do you still have any respect for your seniors?

"It's okay to change it, that's fine.

He sighed and shook his head. As long as it was changed, no one would be able to peep at Kusiju anymore, because in the future, the artifact of Kusiju would no longer exist.

...

Outside.

It was already dark, and each team was minding its own business by lighting a fire and preparing to cook.

Captain Liu and the others originally wanted to just leave Zhe Feng, but when he thought that Lin Caisang and Yuan Jue were also waiting for Sui Zimo inside, he didn't want to leave either.

Just wait, as long as you follow Lin Caisang and the others, you won't believe that Zhe Feng and the others dare to attack them.

It's not as if they have taken advantage of the fact that there are so many people here, and they still dare to attack openly. I'm afraid that just the two of them are too vicious, and if they don't understand it, they will do it for them.

But now, although Captain Liu and the others are in a group together.

However, the other five people directly excluded Zhe Feng. They ate whatever they ate or grilled meat without Zhe Feng's share, and they would not say a word to him.

There was no way, who made the murderous aura revealed on Zhe Feng's body so terrifying?

Even if he is injured, for a sinister person, it is not necessary to use force. There are many ways to kill people invisible.

So they couldn't afford to offend him, so they could only say nothing and avoid him.

As for Zhe Feng, he was only thinking about when his master would come out. As for what Captain Liu and the others wanted to do, he naturally ignored them and didn't pay attention to these people at all.

'Kaka, kaka! '

Then, several loud noises came from the stone wall that Zhe Feng had been staring at.

He suddenly stood up and rushed towards the stone wall. After taking a look, his face suddenly turned pale.

"How could this happen? How could this happen? What happened? Why did it happen... This is Kusi Tower, how could this happen?"

He couldn't stand the stimulation for a moment, roared angrily, and almost rushed forward and punched the stone wall.

Fortunately, thinking about it, at least the stone wall is still there. If I hit it with a punch, what if the entire stone wall is destroyed, wouldn't it be even worse?

Chapter 2740 Vine-like cracks

That's why he didn't take action.

Aren't you saying that Kusi Tower is an artifact? How could it become like this? What happened here?

When everyone heard the sound and rushed over, they saw that the stone wall that originally had the three characters "Kusi Tower" written on it had cracked many gaps, and the stone wall was also crumbling.

"this....."

Lin Caisang also paled, thinking of Sui Zimo who was still in Kusi Tower.

The stone wall was cracked, which Lu Tianfeng probably couldn't break out. She thought of how before, Mr. Gu was so enthusiastic about her husband going to the twenty-eighth floor, but he couldn't take her with him.

"How could this happen? Sister Sangsang, brother-in-law, he..."

Yue Chushui was also in bad condition. It had been half a day since they were thrown out, but for those inside, it should have been many days, right?

I thought nothing would happen, but I didn't expect that the stone wall would crack.

Could it be said that Kusi Tower will no longer exist in the future?

This is an artifact. How can you say it doesn't exist if it doesn't exist? What's more, there are people inside, it should be more than just his brother-in-law and Lu Tianfeng, there are also people from other continents in Kusi Tower, right?

...

In the twenty-fifth level.

With great difficulty, Lu Tianfeng stopped here and told himself hard that he could no longer pick up tips casually.

Just wait here for Guanju to return to normal, and then he can go through the remaining levels.

However, just when he made up his mind not to touch those densely packed kits, he found that none of the kits on the ground were missing, followed by cracks everywhere.

Following waves of roaring sounds, cracks like vines spread towards his feet.

"What's going on? What's going on?"

He murmured as he stepped back, but found that the same thing happened behind him. The cracks were getting bigger and bigger, leaving him with no place to stay.

It's obvious that he's almost successful in breaking through the barrier, is he just going to waste all his efforts?

That person gave him a magic weapon that he could use when he was in the most dangerous situation to keep him away from danger.

However, that person also told him that he could only use that magic weapon in Beiming Residence. Otherwise, it would be very dangerous in Beiming Residence, so even if he was in Kusi Tower, He encountered so many things in life, and he never thought about using the magic weapon.

Is it really impossible to use it now?

But if it is really used, then in Beiming Residence, he can only rely on his own strength to get through, right?

Even that person felt that Beimingju was extremely dangerous and that everyone might be trapped in it, so he gave him a magic weapon so that he could leave that dangerous place at any time.

Does he really want to use the magic weapon here?

But if I don't use it now, I'm afraid my life will be lost, and I can't even go to Beiming Residence. What's the use of keeping the magic weapon?

Several thoughts kept flashing through his mind, and he hesitated not knowing what to choose.

But no matter how he hesitated, time would never give him a chance to hesitate.

So in the end, he could only grit his teeth, take out the magic weapon, and prepare to leave this ghost place of Kusiju first!

...

'Bang, bang.'

Two voices appeared in everyone's ears, and immediately after, two people were thrown out of the broken stone wall from different directions.
